VOL. XXXIII NO. 50 PETERBOROUGH, ONTARIO, MONDAY MARCH 7 1910 PRICE TWO CENTS

Hope Dawns for Millions of India's Child-Wives

The 25,000 American women organized to fight child marriages in India have won a first victory.

Prominent Hindu citizens of Calcutta, awakened by the dangers of a system that is depleting the vitality of the race, have held a mass meeting and declared against the marriage of girls under 16 and men under 25 years of age.

If the campaign begun is successful, 250,780 betrothed baby girls under four years of age, 2,201,404 baby wives between five and nine years of age, 8,165,750 wives whose ages range between 10 and 14 years—in all 10,297,163 wives under 14 years of age—will have American women to thank for their salvation.

The fight of American women against the Hindu practice was brought to the attention of the public last year when Mrs. Caroline P. Wallace of Calcutta, toured the country lecturing and enlisting women under the banner of the Indo-American Women's Restoration League.

The league aims to restore Hindu women to the safe and honored position they occupied before the invasion of the Mohammedans, in the sixth century, A.D. That invasion brought into the country the practice of child betrothals and marriage.

The marriages no longer have religious significance. A hundred superstitions hold the people in thrall and cause frightened mothers to give up their babies to the most revolting practices of licentiousness under the guise of marriage.

Millions of little girls, forced to become wives and mothers before they have passed their childhood, dumbly despairing and sometimes ending their own lives to escape their 40 or 50-year-old husbands, have touched the hearts of American women, who have organized to save the children.

The Restoration League had its origin in a visit made to India nine years ago by Miss M. J. Holmes, Miss Carrie A. Tennant and Mrs. Wallace, all of Los Angeles. In India they saw the most hopeless womanhood in the world. They investigated the revolting practices to which little girls are given over, and the terrible custom of child widowhood, which means that the baby whose husband chances to die is a widowed outcast for life.

The three women organized the league and since then Mrs. Wallace and Miss Tennant have been almost constantly in India. The action of the Calcutta mass meeting against child marriages was the first of the kind ever taken by leading Hindus.

Peary Fears that Civilization would Wipe Out Eskimos

Commander Peary, in a recent number of Hampton's Magazine, thus writes of the Eskimos: "I hope no efforts will be ever made to civilize them. Such efforts if successful, would destroy their primitive communism, which is necessary to preserve their existence. Once give them an idea of real estate interest and personal property rights in houses and food and they would become as selfish as civilized beings, whereas now any game larger than a seal is the common property of the tribe, and no man starves while his neighbors are gorging themselves. If a man has two sets of hunting implements, he gives one to the man who has none. It is this feeling of goodfellowship which alone preserve the race."

Naturally, the commander's remarks have aroused considerable protest. One of his critics says: "I hope that the Eskimos will be brought to the light and that the darkness and fear of evil spirits that now engulf them will soon be lefted. Commander Peary lost the opportunity of his life when he met those people and left them with no more than they had before his coming."

Speaking literally, Commander Peary is not guilty of the offence charged. Opportunity did not find him laggard, for with all his fine words, he left the Eskimos with less than they possessed before his advent. Doesn't his critic know that he carried off the two meteors constituting the iron mountain from which those children of that ideal uncivilization obtained the iron tips for their hunting implements.

WOMAN MISER LEAVES $100,000.

Fifty-Year-Old Bills Found in "Poor" New Jersey Home.

(Special to The Times.)

Burlington, N. J., March 7.—Professing abject poverty before the world and living less expensively than her poorest neighbors, Miss Elizabeth Hayes, 86 years old, died suddenly last night in the midst of a fortune in gold and currency estimated at more than $100,000, which for fifty years she had been secreting about her old farmhouse.

Bed and table linen yielded $10 and $20 bank bills by the score to-day; bed springs, old coffee pots, several old presses and other receptacles were found to contain hundreds of dollars.

An old family Bible was almost completely interleaved with $20 notes, some of them bearing dates of issue shortly after the civil war.

A GOOD CHANGE.

A Change of Food Works Wonders.

The wrong food and drink causes a lot of trouble in this world. To change the food is the first duty of every person that is ill, particularly from stomach and nervous troubles. As an illustration: A lady in Mo. has, with her husband, been brought around to health again by leaving off some articles of food that did not agree with them. They began using Postum and Grape-Nuts food. She says:

"For a number of years I suffered with stomach and bowel trouble which kept getting worse until I was very ill most of the time. About four years ago I left off coffee and began taking Postum. My stomach and bowels improved right along, but I was so reduced in flesh and so nervous that the least thing would overcome me.

"Then I changed my food and began using Grape-Nuts in addition to Postum. I lived on these two principally for about four months. Day by day I gained in flesh and strength until now the nervous trouble has entirely disappeared and I feel that I owe my life and health to Postum and Grape-Nuts.

"Husband is 73 years old and he was troubled for a long time, with occasional cramps, and short badly. Finally I prevailed upon him to leave off coffee and take Postum. He had stood out for a long time, but he found that he could sleep and that after he tried Postum for a few days he could sleep and that his cramps disappeared. He was satisfied and has never gone back to coffee.

"I have a brother in California who has been using Postum for several years; his whole family use it also because they have had such good results from it."

Look in pkgs. for the little book, "The Road to Wellville." "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

Do you know that croup can be prevented. Give Chamberlain's Cough Remedy as soon as the child becomes hoarse, or even after a croupy cough appears, and it will prevent the attack. It is also a certain cure for croup and has never been known to fail. Sold by all dealers.

WANT VERDICT SET ASIDE.

Boycott Verdict Bad Blow to Organized Labor.

(Special to The Times.)

Hartford, Conn., March 7.—In the United States circuit court to-day arguments were heard on a motion of the United Hatters of North America to set aside the verdict of $222,000 recently obtained against the organization in the suit of D. E. Loewe of Danbury. It is understood that leading labor organizations of America have contributed to a fund to aid the United Hatters in fighting the verdict and to carry the case to the Supreme Court of the United States if necessary. If the verdict is upheld by the highest tribunal it will be one of the hardest blows ever dealt to organized labor in this country as it will prevent them in future from resorting to the boycott as a means of fighting the so-called "unfair" merchants and manufacturers.

The suit against the United Hatters has been one of the longest ever tried in a district court. It grew out of the boycotting of the D. E. Loewe Company in 1902 by labor organizations, especially the United Hatters of North America, whose officers and members, originally to the number of about 2,500, were made parties defendant. It was begun six years ago, considerable time being taken up in disposing of various motions and in deciding whether jurisdiction should be taken by the State or Federal courts. Last fall the case was ready to be tried out on its merits, and the trial began on Oct. 13, and, as it progressed, it became evident that the struggle was virtually one between the labor organizations and the Anti Boycott Association, with able counsel on both sides. In his charge to the jury Judge Jas. P. Platt said that there was no doubt as to the existence of a boycott, and after this point was settled, there was left the question as to the amount of damages to be awarded. On Feb. 5 last the jury, after being out two hours, ordered actual damages of $74,000 to the plaintiff, but as the suit was brought under the Sherman anti-trust law triple damages can be recovered.

To Teach Ice Cream Making.

Columbus, O., March 4.—The making of ice cream has been recognized as a fine art by the Ohio State University, which announces that, beginning next Monday, a two weeks' course in ice cream making will be given in its agricultural school.

THE WEATHER.

High winds and colder.

Over Ten Thousand Strikers

March Around Independence Hall

In the City of Philadelphia

Accompanied by Platoons of Police Organized Labor Paraded Streets

Striking Carmen Appear with Union Jack and No Riot Followed

Eight Thousand Militia Throughout State Standing on Their Arms Awaiting Order of Governor.

Fifteen Hundred Police Maintain Order in the Streets of the City of Brotherly Love.

(Special to The Times.)

Philadelphia, Pa., March 5.—The monster strike mass meeting that had been called for 2.30 o'clock this afternoon in Independence Square was called off on obedience to the proclamation of Mayor Reyburn and instead it was decided to have a peaceful but unorganized parade of protest that was to march through the streets of the Quaker City in orderly procession.

In consequence 10,000 strikers, escorted by a platoon of mounted police parade around Independence Hall at three o'clock this afternoon. The marchers were followed by an immense crowd of sympathizers. After circling the buildings, the marchers saluted the Liberty Bell, and then proceeded out Chestnut street to their halls.

Only slight disorders attended the demonstration. Smypayhizers stoned two passing trolley cars, but no one was hurt, and no arrests were made.

HOT HEADS IN RANKS.

Hot heads in the ranks of the labor leaders were for defying the city authorities and pushing on to Independence Square. Conservative leaders pointed out that this could not be done without riot and bloodshed, as 1500 policemen were drawn up in a solid cordon about the square and 6000 militiamen throughout the State were standing on their arms waiting for the first riot call.

Far more effective, said the conservatively inclined leaders would be a vast parade of protest. The seventy thousand union toilers who had joined the ten thousand car strikers could marshal their forces in this parade and march peacefully through the streets past the "cradle of liberty," and then proceeded in the same quiet manner to Labor Hall, where the protest meeting could be held.

This plan was finally adopted by the committee of ten, which is conducting the sympathetic strike, and scores of delegates were assigned to the task of handling men into ranks for the parade. The director of public safety refused to take any chances on the calling off of the mass meeting, however, and shortly before two o'clock, a squad of 200 of the biggest men on the police force marched through Independence Square. Their short clubs had been replaced with yard-long heavy riot maces, which they swung from right to left as they swept through the dense throng of curious people massed about the square.

POWER OF A TRACTION TRUST

Philadelphia, March 5.—Here is an estimate of the power of a trust that has swallowed a city government:

To wrench from the people enough money to keep its watered securities afloat; to pay to guaranteed stockholders enormous profits; to resist the fair demands of labor, an American trust, as is shown by the action of the Philadelphia Rapid Transit Company, can ruthlessly violate solemn contracts, throw 3000 men out of employment, force 1,500,000 people to walk, put murderous weapons into the hands of every policeman, fireman and militiaman, with orders to "shoot to kill;" can bring into the streets, the cossacks of a trust-owned state, make puppets of the mayor, city judges and many newspapers, and convert a peaceable community into a bloody field of battle.

All the traction companies of Philadelphia were rolled into a merger with millions of watered stock.

The cost of living was going up.

It was a matter of common knowledge that the traction magnates were making huge profits, and that their greatest assets were the rich franchises they had secured from politicians.

The men struck for better hours and pay and treatment. They wanted their share of the prize.

The public sympathized with the strikers, and because elections were coming on, the company treated with its men and an agreement was made.

Election over, the company deliberately broke that agreement.

The officers of the company plainly say that they cannot keep the agreement and pay the millions of dividends they have guaranteed to the merged companies. Such failure means a receivership.

So this blood is shed for dollars. The question is: Shall the trust keep its word to the companies it fought, or to the men it hired? It says it can't do both. It chose to break its word to the men.

To Devote His Life to giving Away Father's Enormous Wealth

The father, John D. Rockefeller, piles up the greatest fortune in history, and incorporates the Rockefeller Foundation to give his vast fortune away for the advancement of civilization.

The Son, John D. Rockefeller, resigns from the directorate of the Standard Oil and Steel Trust to devote his life to giving away the father's enormous wealth for the advancement of civilization, education and the prevention and alleviation of suffering.

The situation is creditable and unique in the history of the world. It opens up unlimited possibilities for good, and is the outcome of ten years of careful study of charities and benefactions since the birth of Christianity.

Insurgents Against Deal Gathering Force

Edmonton, March 5.—As an expression of their approval of the brilliant fight which certain members of the legislature are putting up in the attempt to quash the Alberth and Great Waterways deal, believing that the province is not absolutely protected, nearly two hundred Liberals sat down to a banquet last evening, given in honor of the insurgents, or Independent Liberals, as they are now styled.

Several prominent Conservatives were present and spoke, urging that honesty should be the watchword in the administration.

E. H. Riley then hurled a bombshell at the government by stating that the fight had only just started, and that there were many things yet to be investigated. These men will be made to answer before every elector in the province if necessary, and in every school house in the country.

Mr. Cushing made only one reference to the waterways agreement, when he said that he believed the province had been swindled when the government guaranteed the Great Waterway bonds.

J. A. McDougall was not so outspoken, but showed hearty sympathy with the insurgent cause. Other members who spoke were: J. D. Hyndman, A. F. Ewing, Conservative candidates in the Dominion and Provincial elections respectively. J. Y. Macdonald and John Howe, editor of the Bulletin, owned by the minister of interior, but supporting the insurgents.

THIS DATE IN HISTORY

1004—De Monts set sail from Havre de Grace for Canada.
1770—Engagement between the British and Americans at Hutchinson's Island, Georgia.
1850—Daniel Webster delivered his last great speech in the United States Senate.
1865—The Dominion Confederation scheme rejected by New Brunswick.
1907—The Roblin Government sustained in the Provincial elections in Manitoba.

Hold Back Gathering Crowds

This grim squad of giant police men broke up into flying squadrons and little groups that kept forever on the move, throwing back the gathering throngs from the edges of the square. Meanwhile the fifteen hundred policemen who had preceded them to the square held solid rank at all the street approaches.

Fully five thousand people had gathered in the neighborhood of the park, while in front of the newspaper offices in the vicinity an immense jam stood and watched the bulletins that gave almost momentary information of the progress of the strike.

Crowd Carried the Union Jack

Shortly after two o'clock 200 carmen in uniform marched about the fringes of Independence square, carrying the Union Jack and singing patriotic songs. Thousands of watchers cheered them wildly, but no rioting was attempted, nor was any effort made to break the police lines.

While the parade was in progress the police were busy carrying away the benches from the square, saying that they feared the benches might be broken and used for weapons if any disorder started.

Only the most optimistic Philadelphians look for peace and quiet to night and tomorrow.

EIGHTY THOUSAND ON STRIKE

Given a pleasant day, 80,000 men on strike and all of them with their weekly pay in their pockets, and there is a combination bound to bring about trouble. The combination exists in Philadelphia this afternoon.

Note—The operator on the Philadelphia wire wired back for information of Union Jack incident, and he replied that the incident is correctly reported.

Where Sympathy Belongs

"To sympathize with a strike against the Philadelphia Rapid Transit Company seems to be the only form of moral indignation of which the civic consciousness of Philadelphia is capable." Such is the cold comment of the New York Tribune (Republican) upon the riots that for a time paralyzed the transit facilities of the "City of Brotherly Love," for the Tribune, in common with other papers of different political affiliation of Philadelphia by the Republications finds in the notorious misgovernment ring, the basic cause of the labor strife which has afflicted that city.

John Jacob Astor

Spends Huge Sum Celebrating on Eve of his Divorce

A Simple Matter of Expense for New York Millionaire—Costly Roses Decorated House—Favors for Guests

New York, March 5.—Col. John Jacob Astor gave a notable entertainment last night. It marked the eve of the granting of the final decree of divorce obtained by Mrs. Astor. It also celebrated the completion of the rebuilding of the famous Astor residence at Sixty-fifth street and Fifth avenue, by which the two Astor houses are made into one.

In the simple matter of expense—simple at least to Col. Astor—the night's entertainment challenged attention. There have been several more expensive affairs in New York. The Astor evening was made a matter of seeming simplicity. There was no flamboyant decorations. Nothing but 140 dozen roses and a few incidental palms and ferns. Simplicity also ruled in the matter of the favors and the fact that they cost $18,000, and the entire evening's pleasure probably cost more than $25,000 was a mere incident.

The generous hospitality extended by Col. Astor on the night before his divorce extended even to the coachmen, the footmen and the chauffeur, and each was provided with a ticket calling for a fifty-cent lunch from wagons that remained outside the house from midnight until 6 o'clock this morning.

DIVIDED INTO FOUR CHAPTERS

It was really an evening's entertainment divided into four parts. First came the dinner. From the conclusion of the dinner until a half hour after midnight there was dancing. Besides this more than one-half of the colonel's guests had their carriages and auto cars waiting and rushed to the Calico Ball at Sherry's where they let their presence be known, and then rushed back to the Astor mansion. Then came supper and as a climax the cotillion led by Harry Lehr and Mrs. M. Orme Wilson.

The entire house was at the disposal of the guests, who wandered at will through the conservatory, the art gallery, the broad hallways and corridors, where a buffet lunch was waiting at every hand, and in which three orchestras were keeping the feet of the guests tingling with a desire for the ball room.

There were 150 guests. Under the old regime, the two Astor houses, with a connection of one door between them, have often greeted more than 600 guests, but 150 appears to be the new number. There was much speculation among those present as to when Mrs. Astor will give her first entertainment, but there was no dispute that Col. Astor made a most delightful host and complications were cheerfully consigned to the future.

NEW CONNECTING HALL.

The union of the two Astor houses has been accomplished by tearing down the wall between the two and converting the intervening space into a magnificent hallway with an immense fireplace in the middle, facing visitors as they arrive. The new hallway is seperated from the entrance hall by grillwork that simply tends to lend an added charm to the beautifully decorated hall beyond.

In this great hallway nine large round tables were set last evening for the diner. Col. Astor presided at an oblong table in the main dining room to the left with two large round tables on either side. In the center of each of the round tables was a round plot five dozen bride's roses with a few ferns and lilies of the valley.

The most costly favors were the French parasols presented to the women. They had been made to order and were hand carved upon the finest of woods, with long handles and of silk of every color. Guests never estimate the cost of such trifles, but a few outsiders valued the parasols at not less than $50 each.

Both the men and women were provided with pompadour ribbon scarfs and sashes fringed with gold and silver, and as quickly as they were wound about the shoulders of the dancers the ball room became a kaleidoscope of colors at $15 per color.

Brass bells were one of the favors given the men and they were kept ringing merrily so that at times the orchestras had difficulty letting it be known that they were still at work. The Gardenia Foutonniedes given the men were artificial, but they were perfumed in a manner to put nature to the test to keep even.

The directoire mirrors that were among the favors for the ladies were two feet in length, the handles of satin wood, and with seventy-five of them flashing from every part of the ball room from all angles they provided a figure of dazzling brilliancy.

Chamberlain's Stomach and Liver Tablets invariably bring relief to women suffering from chronic constipation, headache, biliousness, dizziness, sallowness of the skin and dyspepsia. Sold by all dealers.

What U. S. Press Has to Say on Tariff War with Canada

New York, March 5.—The press of the United States are discussing the desirability of avoiding a tariff war with Canada. Some of the editorials are as follows:

WILL BE U. S. BLUNDER.

Boston Herald: "Why should there be warf It is within the power of the president to adjudge the Canadian policy non discriminating, even if a reciprocity treaty is in force with France. It is within the power of congress to grant an extension of time for the negotiations between the two countries. If a tariff war between the United States and Canada is precipitated, the authorities at Washington will have to bear the responsibility for a serious blunder."

JUDICAL BLINDNESS.

Philadelphia Record: "What boots it to have proclaimed the minimum tariff to a score or two of countries with which the American people have little trade and to clap the maximum of 25 per cent. on the imports from Canada, with whom our commercial relations are of the most extensive character? Should a tariff war be thus provoked, who would pay this maximum, the Canadian or American consumers of needed Canadian products? Are not the tariff burdens heavy enough already without this extortion? Statesmen and legislators on both sides of the St. Lawrence must be struck with the judical blindness if they fail to do what in them lies to prevent the disaster of a warfare of trade."

WOULD BE DEPLORABLE.

Buffalo Courier: "Unless an agreement is reached before the present close we shall have a tariff war with Canada. That would be deplorable, as all of us concede, but the standpatters have fixed upon us a tariff law which is hard and fast in its prescription of how other countries shall be served, leaving practically no discretion with the authorities. Canada must depart from its own systems of duties on imports and bow to ours, or else fight, with the sure thing of our getting the worst hurt."

EQUALITY IN TREATMENT.

New York Tribune "The United States cannot well afford to abandon the principle for which it now stands—that of equality in commercial treatment. We are ready to give every country the same advantages in trade with us that its rivals enjoy and exact only in return that we shall be treated by every other nation as fairly as our rivals are."

DISASTROUS RESULTS.

Washington Post: "A tariff war could have only disastrous results for both countries, but the belief expressed by Canadians that the United States would come off second best is not shared by our experts."

ANGER AT PARROT COSTS $30.

Gustave Allen Fails to Win Sympathy in Stern Justice Court.

Chicago, March 4.—"It's all right to have a crayon portrait of the first husband in the parlor and hearing boy he didn't get sore when the coffee got cold at breakfast, but that bird——"

Gustave Allen sighed a despairing sigh and paid the $30 and costs fine imposed by Judge Newcomer at Des plaines street yesterday. He was arrested at the instigation of his wife after he had attempted to kill her pet parrot.

It seems the parrot, quite a talkative bird, was fond of articulating "George," the first husband's name. The bird had been a present of the former spouse. Gustave heard "George" before he went to work and after he came home. Tuesday night he didn't come home on time. When he did his condition testified to the cause of his delay. The subject of the parrot and its pet monosyllable was on his mind. He entered the parlor of the Allen home at 1955 Western avenue. The parrot was there.

"Oh, you, George!" squawked the fowl.

Gustave grabbed a razor. The bird screeched. The police were called.

Nothing in the way of a Cough is quite so annoying as a tickling, teasing, wheezing, bronchial Cough. The quickest relief comes perhaps from a prescription known to Druggists everywhere as Dr. Shoop's Cough Remedy. And besides, it is so thoroughly harmless that mothers give it with perfect safety even to the youngest babes. The tender leaves of a simple mountain shrub, give to Dr. Shoop's Cough Remedy its remarkable curative effect. A few days' test will tell. Sold by all dealers.

The three moving pictures shows are all said to be equipped according to law.

LAME BACK.

Just the Sort of Thing That Proves to the World That the Best Liniment Ever Made is

NERVILINE.

When it comes to determining the real merit of a medicine, no weight of evidence is more convincing than the straightforward statement of some reliable and well-known person that has been cured. For this reason we print the verbatim statement of Juan Ef Powell, written from his home in Carleton. "I am a strong, powerful man, six feet tall, and weigh nearly two hundred. I have been accustomed all my LETTER life to lift great weight, but one day I overdid NO. it, and wrenched my back badly. Every tendon and 4769 muscle was sore. To stoop or bend was agony. I had a whole bottle of Nerviline rubbed on in one day, and by night I was well again. I know of no liniment possessing one-half the penetration and pain subduing properties of Nerviline. I urge its use strongly as an invaluable liniment and household cure for all minor ailments, such as strains, sprains, swellings, neuralgia, sciatica, lumbago, rheumatism, and muscular pain.

No better medicine for curing pain was ever put into a bottle than Nerviline—over one million bottles used every year—better try it yourself. 25c. of five for $1.00. At all dealers or The Catarrhozone Company, Kingston, Ont.

THE MORNING TIMES

The only morning daily newspaper published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $3. per year, strictly in advance.

Strangers visiting Peterborough are cordially invited to make their headquarters at the office of The Morning and Weekly Times, where they will be furnished with writing materials, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

LYNCHING AND RACE WAR.

Strict law abiding citizens of Ontario have learned to consider that there is something radically wrong when the citizens of any civilized community insist on taking the law into their own hands at frequent intervals, yet it occurs, and it seems to be a case for investigation as well as punishment. The State of Illinois is not a border state, on the contrary, it prides itself on its educational institutions, its thriving industries and its rich farm lands almost as much as it does on Chicago! Yet twice in the last few months, one of its old cities, Cairo, has been attacked by the lynching madness and only brought to its senses—and that temporarily—by the bullets of the militia.

The last spasms of commercial law lessness was brought about by the refusal of the sheriff to hand over a negro prisoner, accused of the heinous crime of "snatching purses" to a masked mob which tried to storm the county jail to secure their prospective victim. Among the deputies who had been sworn in were four negroes—white men had refused to serve—and in repulsing the mob's attacks these deputies and their white associates, killed one and wounded several white men who were leading the rioters!

PICKETING IS ILLEGAL.

The Plumbers' Union has lost once more in their final effort to set aside the judgments of the Canadian courts in the now famous strike case in which the master plumbers of Winnipeg attacked the right of striking employees to "picket" their places of business during the progress of the strike of two years ago. As a last resort, the unions appealed to the Privy Council on certain points. The master plumbers secured the services of a leading firm of London, Eng., barristers to present their arguments. No case in many years has created so much interest. The damages, about $6,000 awarded to the master plumbers against the unions, will stand, according to the decision of the Privy Council. The final is a heavy blow to unions at large, and especially in so far as their rights during a strike are concerned.

Catarrh Cannot be Cured.

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internal and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in the country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly upon the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

Take Hall's Family Pills for Constipation.

Sold by Druggists, price 75c.

Young Folks

GOLD AND SILVER MONEY.

How Uncle Sam Converts Bullion Into Beautiful Coin.

In a vault in the mint at Philadelphia are piles of bricks made of solid gold. Each brick is only as large as a cake of kitchen soap, but it weighs about forty pounds. In another vault the silver bullion is kept. These bricks are much larger and much heavier. Both of these metals are to be made into money for the United States. When the gold coins are to be made the precious metal is alloyed with copper and other metals to make it hard. Pure gold is so soft that it can be scratched with the finger nail, so is never used even for jewelry. After the gold has been hardened by adding the other metals to it it is made into ingots, which look like long gold wedges. They are about a foot long, as wide as a twenty dollar gold piece and two inches thick.

When the silver comes from the melting room it, too, is poured into strips or bars. The ingots of both metals are treated in the same way in the making of coins. One might think that our gold pieces and silver coins are made in molds, but a visit to the mint would show that to be untrue. The precious metals are rolled out into thin bands until they are of a certain width and thickness. These strips of gold or silver are then run under steel punches, which cut the metal into disks.

Each piece is then weighed by very exact scales, for each coin must contain so much gold or silver. After the weighing these blanks are shoveled into vats of acid, so that all the dirt may be eaten off of them. When dry the blanks are put into long tubes, through which they pass one by one between two dies. The upper die stamps the face of the coin, while the lower stamps the back. The great pressure of the two dies coming together has just force enough to make the impressions on the coins clear and distinct.

GRAY SQUIRREL'S LUCK.

How It Came About That He Secured a Nestful of Nuts.

Gray Squirrel had a nest up in a maple tree near the kitchen door, from which he could peep down to see when Mrs. Reed, who lived in the house, put out a crisp crust of bread or a couple of nuts for his breakfast. Every morning he would watch, and kind Mrs. Reed never forgot to throw out something nice for him.

One morning, when Gray Squirrel peeped down at the house, there on the porch stood the grocery boy with a small basket of nuts. The boy knocked at the door, but no one replied, so he finally placed the basket on the sill and went away.

Now, Gray Squirrel knew that never before had Mrs. Reed put so many nuts on the porch for him, but who else could she be buying nuts for? And, besides, that was where the nuts were always put. No sooner did the boy leave the yard than down the tree scampered Gray Squirrel in a hurry. He sat right there and ate one nut, holding it between his front paws, as squirrels always do. Then, taking them one at a time in his mouth, he carried them up to his nest till his nest was filled.

There were only a few nuts left in the basket when Mrs. Reed came out to see if it were there, and how surprised she was to see that they were almost all gone! She glanced up at the tree where Gray Squirrel sat chattering his thanks and said: "Gray Squirrel, you've been a little pilferer. Those nuts were not all for you."

But Gray Squirrel only chattered faster and looked straight at her with his bright eyes, as much as to say, "I thank you for leaving so many nice nuts for me."

A Coin and Card Trick.

Place on the forefinger of your left hand, held upright, a card; on the card place a fifty cent piece. You can remove this card without disturbing the

coin. To do this you must flip the card forcibly with the middle finger of the left hand. The pasteboard will be propelled across the room, and the coin will remain upon the finger.

A Trick With Money.

Place, for example, on a table three pieces of money in this manner:

O O O

and propose to any one to take away the middle one without touching it.

How to do it: Take the right hand piece and place it upon the left; consequently the middle one has become the first hand one and is no longer in the middle.

Questions and Answers.

What is born at the same time as the world, destined to live as long as the world and yet never five weeks old? The moon.

Why are clouds like a coachman? Because they hold the reins (rains).

Why should a hen be called Macduff? Because we wish her to lay on.

Why is the letter G like the sun? Because it is the center of light.

Should the Bell Telephone Company follow the example of some of the American companies it will quit having telephone girls who are less than five feet tall. Hereafter when the telephone girl give you a short answer you may at least be sure that it is not because she is built that way.

March Sale.

During this month we will reduce all games, toys; dolls, china, glassware and small wares. It will pay to visit The Times Bookstore for your wants in the above lines. Our stock is large and well assorted.

DAMES AND DAUGHTERS.

The only former mistresses of the White House living are Mrs. Grover Cleveland and Mrs. Theodore Roosevelt.

Mrs. Matthew T. Scott, president general of the Daughters of the American Revolution, has opened elaborate headquarters in the Arlington hotel in Washington.

Victoria Daniels, a nineteen-year-old Chicago girl, is the champion holly wreath maker of that city. She made 532 holly wreaths in one day of ten hours, exceeding by sixteen the record of 336 made by Emma Vogel a year ago.

Miss Helen Taft, daughter of the president, is a pretty girl, with blue eyes and fair hair. She is a fearless horsewoman, a tireless rider and the winner of a scholarship which, she is proud to think, would enable her to continue her studies if she were to be thrown upon her own resources.

Miss Alice Paul, the American girl who was sentenced to an English prison for taking part in the recent suffragette outbreaks, comes of an old Quaker family of Moorestown, N. J. She took honors at Swarthmore college, later had a postgraduate course at the University of Pennsylvania and then went to England, where she was studying when she became interested in the equal franchise question.

Things Theatrical.

Vera Michelena is to appear in "The Flirting Princess."

Frederick Lewis is to rejoin the Sothern-Marlowe company.

Nance O'Neil has made a big personal success in "The Lily."

Frank Daniels is playing an indefinite engagement at Daly's in New York in "The Belle of Brittany."

Dick Lee, to prove his versatility, undertook lately to play a different character in each of the four acts of "A Little Brother of the Rich" in New York.

Miss Mary Moore, the leading lady of Sir Charles Wyndham, who is accompanying him on his American tour, is also a partner with him in his London theater.

The place of George Arliss in "Septimus" has been taken by Claus Bogel, who was the star's understudy. Mr. Bogel played the role of the French soldier in the story.

Recent Inventions.

To a Philadelphian has been granted a patent on a machine to pass tobacco leaves in bundles under X rays to kill the small insects which infest them.

A patent has been granted on an electric rat trap which resembles a rather fat bell. When a rat climbs up on it to reach the bait it completes a viral circuit.

A piano stool that will accommodate but one person under ordinary circumstances, but which contains leaves which can be spread to hold two to play duets, has been invented by a Michigan.

By inventing a hairpin the prongs of which normally are close together, but which may be sprung open to insert, a Pennsylvania woman has designed a device more secure than pins of the usual form.

Sporting Notes.

Syracuse ice racing light harness clubs will unite.

The Boston Americans are after new grounds for 1912.

Cornell has won eastern cross country runs ten times in eleven years.

Alfred Shrubb has won ninety-five out of 101 races since coming to this country nearly three years ago.

James A. Murphy of New York has bought his old love, Star Pointer, 1:59½, and the first two minute pacer is certain of a good home as long as he lives.

Dan Patch, 1:55¼, has covered more than 70,000 miles since going into the exhibition business. What has been announced as his final appearance in public took place last Thanksgiving day at Los Angeles, where he scored over Minor Heir in 2:15¼.

Three Kings.

The German emperor is very popular with officers of the imperial army. His nickname among the German soldiers is Herr Lehmann.

King Edward was recently awarded four first prizes for his exhibits at the Smithfield cattle show. His majesty is a tenant farmer, not a landlord, and pays a large sum every year in rent and taxes for his holdings.

King Gustave of Sweden tried to find out the facts concerning the recent great strike in his country, but without complete success. Now he disguises himself and works among artisans of various sorts unknown that he may have knowledge of actual conditions at first hand. Recently he carried sacks of coal as a stevedore for several hours.

Short Stories.

There are over 7,000 beekeepers in this country, and product of their hives last year was enough to fill a train of cars over 400 miles long.

According to the Indian Spectator, a curious marriage is reported from Kathiawar, India, where a man of seventy has married a girl of nine.

Italy will commemorate this year the fiftieth anniversary of the proclamation of its kingdom by an international exposition at Turin from April till October.

Nothing in the way of a Cough is quite so annoying as a tickling, teasing, wheezing, bronchial Cough. The quickest relief comes perhaps from a prescription known to Druggists everywhere as Dr. Shoop's Cough Remedy. And besides, it is so thoroughly harmless that mothers give it with perfect safety even to the youngest babes. The tender leaves of a simple mountain shrub, give to Dr. Shoop's Cough Remedy its remarkable curative effect. A few days' test will tell. Sold by all dealers.

ADVERTISE IN THE TIMES.

CHRONIC CATARRH RELIEVED BY PE-RU-NA.

MRS. F. CARR.

MRS. F. CARR, Vineland, Ont. Can., writes:

"For several years I was afflicted with catarrh, which made life a burden. The *coughing and hacking* which accompanied the disease was terrible.

"The complaint finally extended to the stomach and I was in a wretched condition.

"I *tried different remedies* and the best professional treatment all *in vain*.

"Finally, as a last resort, I *tried* the *runs* upon the recommendation of my sister in Hamilton.

"I could see steady improvement and after using four bottles of that precious medicine I was *feeling well again*. The old trouble being completely a thing of the past.

"To-day I would not take one thousand dollars for what this *grand medicine* has done for me."

Peruna is a universally recognized catarrh remedy. It will relieve catarrh in the most obstinate form.

Ozonized Butter the Latest.

Sterilizing butter by the J. Howard Bridge ozonization system has worked out perfectly. The worst kinds of butter found on the market have been subjected to the ozonizing process with the result that all rancidity has been removed and the butter has been restored to its original fresh condition. The process is one of destroying bacteria in butter, oxizising the products of bacterial action and then adding to the sterilized butter only the beneficient bacteria which gives the butter its flavor. The ozonized butter, however rancid to begin with, has the delicate fragrance of clover, and in other respects is just like the fresh dairy butter. The process is being looked into now by New York capitalists, with a view to exploiting it on a large scale.

If troubled with indigestion, constipation, no appetite or feel bilious, give Chamberlain's Stomach and Liver Tablets a trial and you will be pleased with the result. These tablets invigorate the stomach and liver and strengthen the digestion. Sold by all dealers.

Cosgrave's Beer

Words of praise have ever prevailed in advertising "copy." That a producer should wax enthusiastic over his own wares is but human. But it's the praise of the consumer that counts—and it is to a discriminating and critical public that "Cosgrave's" refers you.

It is safe to say that no product of any kind enjoys a more enviable reputation than does this famed Cosgrave Beer of Toronto in markets where it is offered.

Its self-evident honesty of purpose, purity, brilliancy, body, and every other attribute that goes to make a perfect beer are ever in evidence.

Cultivate the "Cosgrave Habit"—Watch for the name—ask for any of these brands - Half-and-Half, Pale Ale, XXX Porter.

HOTELS

Montreal's Popular Hotel!

Favorite Stopping Place for the Travelling Public

The Grand Union Hotel is situated at 346-356 Notre-Dame street, west, in the heart of the business section of the city. Electric cars pass the doors to all points of interest, and convenient. Five minutes' walk from C.P.R. and G.T.R. stations. The bus meets all trains to convey guests free, to and from the stations.

During the month of April, last year, this hotel underwent a thorough renovation, which has made it the best up-to-date commercial hotel in the city for home comfort. The hotel is under the personal supervision of Mr. Murray, who gives his special attention to his guests.

Nice clean, comfortable rooms, and elevator service. American plan. Rates $2.00 per day, and upwards.

F. J. MURRAY,
Proprietor.

HOTEL CARSLAKE, MONTREAL
European plan—opposite Grand Trunk. Geo. Carslake, Proprietor.

Synopsis of Canadian Northwest Land Regulations.

ANY PERSON WHO IS THE sole head of a family, or any male over 18 years old, may homestead land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother, or sister of an intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, solely owned and occupied by him, or his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price $3.00 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price $3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth $300.00.

W. W. CORY,
Deputy of Minister of the Interior.

OLD TAVERN CHARGES.

Cost of Living at a Turnpike Inn 60 Years Ago Was Very Low.

Guarded as carefully as any of the guests' jewels that lay beside it in the big safe of a great and glittering Broadway hotel in New York city and treasured by the proprietor more than its weight in gold is an old cash book. The entries run from March to December, 1846. They record in quaint, descriptive phrases the comings and goings of the travelers who stopped at a wayside inn on a turnpike road less than 100 miles from New York. This tavern was kept by the Broadway hotel proprietor's grandfather. The building of the railroad, the passing of the stagecoach and the changes of more than half a century have obliterated this once famous inn at South Durham, and now all that remains of it is this ancient book, which served not only as a record of cash received, but took the place of the modern hotel register.

The prices charged by this innkeeper of long ago are as far removed from those exacted today as this ancient hostelry is from the georgous summer hotels of the countryside where it once stood. The regular price for a dinner was 19 cents, but even this appears to have been "out" to frequent travelers. For instance there is an entry of "Candy peddler from Albany, two meals and lodging 31 cents." Almost every entry is a description of the individual traveler and what he got—for example, "Freckled faced, eagle nosed boy, hay, supper, lodging and grease, 31 cents." Thos boy was probably driving a horse and wagon, which would account for the hay and grease. Another man who was described as a "fallow with tired colt," got hay lodging and breakfast for 44 cents.

Every few days there came along, according to this ancient register, a "Connecticuit man," He invariably spent just 6 cents for food, and that was for pie. On two occasions there is an additional charge for "greasing wagon, 6 cents." There were no theatrical companies touring this turnpike road half a century ago, but a phrenologist appears and vanishes. It being recorded that for hay 6 quarts of oats, lodging and breakfast, he gave up 56 cents. Once in a while a real speedthrift would come along like the "gent with three ladies and two children." They had six dinners. For these, the hay for the horses, the "meals for the dog" and the "segar" for the man $1.26 was charged! There was a wedding breakfast at this quaint tavern too. It is set down as "wedding, Radcliff's sister, 6 dinners, 12 quarts of oats, $1.00."

People "west west" by wagon in those days from the thickly settled east to seek their fortunes. Some did not find what they expected and came back again. One such group, an "emigrant family returning east seven of them" spent $2 at the inn. "Three cents' worth of candy" is a frequent entry. Probably the "candy peddler from Albany" paid for his food and lodgings in sweets. There are but two entries of anything stronger than lemonade, and those are for beer—four quarts for 9 cents. Oysters were cheap, too, for six plates of them increased the contents of the tavern keeper's money box by just 15 cents.

Among the journeyers along this turnpike road whose passage is recorded in this age yellowed volume is "Old Particklar." Doubless he was some cranky old codger who kicked about everything and whose goings the inn-keeper sped as much as possible. Then there was the "Whistling Man," the "Stiff Arm Man," the "Dispeptic Man," the had fourt quarts of tea! and the "Hen Man," who ate a piece of pie and traded roosters with the hotel keeper. Others travelers along the highway are thus described: "Abolition Man," "Mean Fellow," "Gent With Noble Horse," "Lady With Crying Baby," "Hank Day's Likeness" and "Cravat Peddler" (fool).

Occasionally an old acquaintance would pass by or some dignitary, for it is set down that a "friend from Lexington" had hay and lodging one day at the inn. Who knows but he might have been a son of one of the "embattled farmers" who kept the bridge that April morning of the ride of Paul Revere? The "Grand Juror and His Wife" tarried for a meal at the inn the same day as did the "Dominie's Wife and Child." On Nov. 3, so the careful chronicle says, the proprietor went to York," where he remained six days. He must have had a roaring, roistering time of it while in the metropolis, for the next entry in his handwriting is somewhat shaky and says, "Sundries while at York, 50 cents."—

While it is often impossible to prevent an accident, it is never impossible to be prepared—it is not beyond any one's purse. Invest 25 cents in a bottle of Chamberlain's Liniment, and you are prepared for sprains, bruises and like injuries. Sold by all dealers.

LABOR EXCHANGES.

The inauguration this month of a system of labor exchanges by the British Government will be watched with interest. The system has been started on a considerable scale and if found to work satisfactorily it is the intention to increase its scope and operations. The object of such a system is to equalize the supply of labor to the amount of available employment; to take the workman from a district where he can find no opportunity of employment, to another where such employment is available, but where there is not a sufficient supply of men. In Germany a similar scheme is stated to have been successfu, and to have yielded advantages to employer and employee. There is not the same need of such a scheme in Canada as is found in the United Kingdom, but it is an undertaking that has certain features which may be studied with advantage by those who are solicitous for the welfare of the masses in our country and who realize that the industrial approximate more closely than at present to that found in some of the older countries in the world.

Learn Dress Cutting and Making

Class to Commence in Y. W. C. A. Peterborough March 14

Wanted, ladies to learn dress cutting, dress-making and coat making. No accomplishment you can acquire will prove to you of such every day life long value as a practical knowledge of dress-making. We teach you everything from the plainest shirt-waist to the most elaborate toilet and guarantee perfect satisfaction. We stand prepared to forfeit $25 to any lady who after taking our course can show us an article in dress-making she cannot cut, fit and put together. Not only the lining but all the outer goods in Coats, Skirts, Waists, Sleeves, Wrappers, Girdles, Children's Clothes, etc.

Charge for full course is now only $12 to be paid when through if satisfied. This includes one of the most perfect systems in use.

Hours for day class, 9.30 to 12 and 2 to 4.30. An evening class will also be taught for the benefit of those who cannot come during the day, from 7 to 9.

All wishing to learn, or for full particulars be sure to meet me in the Young Women's Christian Association on Saturday, March 12th, between 10 a.m. and 5 p.m., or in the evening between 8 and 9, or write.

MISS VALENS,
Instructress
Dundas, Ont.
P. O. Box 91.

Tell Some Sick One

It Is Free If It Fails.

"Will you do me out of Humanity? Will you tell some sick friend of this remarkable offer?

Tell him or her, that you have learned of a positive or certain thing for under-par, ailing, the sick. It is absolutely and unconditionally free if it fails."

And you, no doubt, already know of Dr. Shoop's Restorative and its popularity.

For 20 years it has been the standard remedy for Stomach, Kidney and Heart ailments everywhere in America.

When the "inside" or controlling nerves of these vital organs begin to fail, it is Dr. Shoop's Restorative that has quickly vitalized, and strengthened, and brought them nerves and organs back to health again.

I do not dose the Stomach, nor stimulate the Heart or Kidneys—for that is all wrong.

Dr. Shoop's Restorative goes direct to the cause of these ailments—the failing, fatigued, inside or controlling nerves. And herein lies the keynote to my success.

When these nerves are again made well and strong, then that is the certain end of all such sickness.

Time it is a great satisfaction then I am the only physician able to say to the suffering sick, take my prescription for full 30 days, and if it fails to help you, the entire expense is mine—not yours.

Then why should the sick take any chance on any other medicine, when maker dare not back it just as I do by this remarkable offer?

I also have a Rheumatic Remedy—and that remedy is proved by the same identical "no help, no pay" protective plan.

Besides, you are free to consult me just as you would your home physician. My advice and the book below are yours—and without cost.

Perhaps a word or two from me will clear up some portion ailment. I have helped thousands upon thousands by my private prescription or personal advice plan. My best effort is surely worth your simple request.

So let me send you an order at once. Take the necessary to cause sick friend.

A postal will bring the opportunity.

I will have an honest and trustworthy friend to whom you can conveniently go for the 30 day test.

But first, ask me for the order, for all free gifts are not authorized so give the 30 day test.

So write me now and save all delays. Remember that tomorrow never comes. Address Dr. Shoop, Box 72, Racine, Wis.

Which Book Shall I Send You?

No. 1 On Dyspepsia	No. 4 For Women
No. 2 On the Heart	No. 5 For Men
No. 3 On the Kidneys	No. 6 On Rheumatism

PORCUPINE.
SALE OF LOTS IN TOWNSITE.

Sealed tenders will be received by the undersigned up to Wednesday, 16th March, 1910, at one o'clock, p.m., for the purchase of all the lots in the town plot of Porcupine, situated in the south half of lot nine, in the fourth concession of the township of Whitney, at the eastern end of Porcupine Lake, as shown by plan of survey by Mr. E. D. Bolton, O.L.S.

Tenderers are asked to state how much they are prepared to pay for each lot and must accompany their tenders with a marked cheque in favor of the Provincial Treasurer, for half the amount which shall be applied as the first instalment. Successful tenderers will be required to pay the balance within two months.

The highest or any tender not necessarily accepted.

Tenders to be marked "Tenders for lots in town plot of Porcupine," and to be addressed to the Honorable the Minister of Lands, Forests and Mines.

Plans of townsite may be had on application to the Department and to the office of the Mining Recorder at the following places: Porcupine, Haileybury, Cobalt, Sudbury, Elk Lake, Gowganda, Sault Ste. Marie, Parry Sound.

F. COCHRANE,
Minister of Lands, Forests & Mines.
Toronto, February 23, 1910.

SOCIETY

The Times will be pleased to receive notices of Weddings, Social Events, Personal Announcements, which will be published in this column free of charge.

Mrs. (Dr.) Frederick will receive on Monday and not again this season.

Miss Jean Harstone, who is attending St. Hilda's College, Toronto, is spending a few days with her parents, Mr. and Mrs. R. Harstone, Water street.

Mr. Frederick Wright, editor of the "Canadian Times," the new weekly publication at Montreal, is spending a few days in the city. He is an experienced journalist and believes the Times has a bright future.

Mr. Bruce Fisher, who has been connected with the local branch of the Bank of Commerce for some time, left yesterday for Ottawa, where he will enter the study of law. Mr. Fisher has a large number of friends in the city who will wish him every success.

The many friends of Rev. and Mrs. Pogue, will deeply sympathize with them in their anxiety over the illness of their little son, who was taken to Toronto a few days ago and part of a peanut shell removed from his windpipe. The little fellow stood the ordeal splendidly, the only danger, we believe, being from pneumonia.

The Morning Times

SUNKIST ORANGES

Get the Choice Oranges of Our 5,000 Groves

We pick, pack and ship 60% of the California Orange crop. These are of varying grades. The choicest selections are packed under the "Sunkist" label. To get the finest oranges you must insist on fruit that is wrapped in tissue paper with the word "Sunkist" printed thereon.

"Sunkist" Navel Oranges Are Seedless

They are delightfully sweet, juicy and fiberless. They are firm, thin skinned and deep tinted.

"Sunkist" oranges and lemons are picked by gloved hands, wrapped in "Sunkist" tissue paper, packed carefully so as to eliminate chances of becoming bruised or soft. No bruised fruit or fruit that falls to the ground is put in a "Sunkist" wrapper.

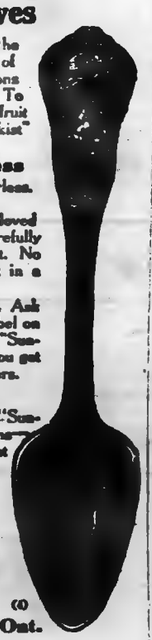
Look for "Sunkist" on the wrapper. Ask your dealer for oranges and lemons with "Sunkist" label on the tissue paper wrapper. Oranges and lemons without "Sunkist" wrappers are *not* "Sunkist" brand. Be sure you get oranges and lemons in their original "Sunkist" wrappers.

Free: Rogers' Orange Spoon

To make it doubly interesting for you to insist on "Sunkist" in the original wrappers—either oranges or lemons—we will give you a beautiful Rogers' Orange Spoon. Just send us twelve wrappers and six 2c stamps for postage, packing, etc., and we will send the spoon by return mail. Get a dozen "Sunkist" and send today for your first spoon. Address

California Fruit Growers' Exchange
32 Church St., Toronto, Ont.

SUNKIST LEMONS



Saturday's Market.

The market on Saturday was fairly well attended. Butter sold from 23 to 25 cents per pound, eggs from 24 to 26 cents per dozen, potatoes 45 to 50 cents per bag, chickens for 75c. to $1.25 per pair.

Expects Many Tourists.

Mr. W. E. Brooks, of the South Beach summer resort, was in town on Saturday and gave The Times a call. Mr. Brooks has already received a number of applications from tourists for accommodation for next season, and the outlook is very bright for a good summer's business.

Another Dog Poisoned.

A pretty little terrier was poisoned on Saturday night on the corner of Macdonnell and Water streets. The police put a bullet through its head and thus put an end to its sufferings The dog poisoner is certainly busy in Peterborough.

Little Local Lines

Harry Wall, the young English boy who sought refuge in the police station the other night, is to be sent back to Ottawa.

The "at home" in connection with the Normal School held on Friday evening, was a decided success. Principal Walker made an ideal chairman and the program was very much enjoyed.

Now that the hard spell has broken old-timers agree that the past winter has been one of the steadiest in many years. Since Christmas until the break-up of Saturday, there has been continual sleighing. More snow, too, has fallen than in many a year. Six weeks of hard winter is something to be remembered.

ST JOHN'S CHURCH NOTES.

Rev. Canon Davidson is confined to the house through sickness.

Prof. Macklem, provost of Trinity College, officiated at all services yesterday, which were largely attended.

Rev. Dr. Lloyd, Vice-Provost of Trinity College, Toronto, was unable to be present yesterday as arranged for he will, however, conduct the services next Sunday.

Rev. H. Montgomery will be the special preacher next Wednesday evening.

The annual meeting of the Women's Auxiliary will be held tomorrow afternoon at three o'clock when all members are urgently requested to be present.

SHOULD NOT EXIST.

Writer is Opposed to Granting Pool Licenses.

To the Editor of The Times.

Sir,—I see that Dr. Chown, Secretary of the Moral and Social Reform League, is in favor of prohibiting pool rooms. Now, Mr. Editor, I think our council would be doing a wise thing if they either refused to renew the licenses for pool rooms altogether or put them so high that none would be taken out.

Our local moral reformers have been devoting all their energies to the curtailment of the liquor traffic, and have overlooked what appears to me to be as great an evil.

The pool rooms are usually filled in the evening with young lads who spend their money in betting and on the game. I hope something will be done to save our boys and young men from this most pernicious evil.

Thanking you in advance, I am

Yours,
JAMES F. BROWN.

OBITUARY.

Mrs. John Gillespie.

The many friends of Mrs. John Gillespie, Sherbrooke street, will grieve to learn of her death which occurred yesterday afternoon. The late Mrs. Gillespie had been ailing in health for some time.

She leaves to mourn her loss besides a sorrowing husband, five children—Mrs. John H. Garbutt, Smith; Richard of Sault Ste. Marie, Miss Annie and Ada and Herbert residing at home. She also leaves two brothers and one sister, Messrs. Alex. and Jas. Rose, and Miss Mary Rose, Vancouver. The deceased lady was a life long resident of this city and was a faithful adherent of St. Paul's Presbyterian church. Funeral arrangements will be announced later.

WILL DINE TODAY.

Domestic Science Classes to Entertain Citizens.

The Domestic Science classes of the Collegiate Institute will entertain six members of the Board of Education and six of the citizens to-day, to-morrow and Wednesday to dinner. It was truly wonderful with what alacrity the Board of Education accepted the invitation, which came through Inspector Mowat. The only danger is that the favored guests may do themselves some injury by stowing away more of the good things to be provided than they will be able to digest.

ADVERTISE IN THE TIMES.

We offer 1000 shares for subscription at par, $10.00. The right of allotment is reserved.

The Canadian Poultry Farm Stock Co. Ltd.

(Charter Applied For).

CAPITAL $40.000.00

Divided into 4000 shares at $10.00 each, same being Common Stock.

Head Office and Farm—MONTREAL, QUE.

Incorporators: C. J. BELL, Manager. LOUIS P. RENE, A. W. SAGER

Room 53, Royal Trust Building.

The object of this Company is to operate a Poultry Stock Farm and to supply eggs, fowls, etc., etc., to the Montreal market. At the present time there is no such business being carried on in this part of the country, although in Western Canada and the United States many similar farms are being conducted with great success, and each and every one shows a handsome profit on the capital invested. By being the first to operate such a business in this part of Canada, where the output could be sold many times over, and with competent men to manage the farm, the success of the business is assured.

It is hoped to have the farm inoperation about the first of April, and we will gradually increase so as to meet the demand of the trade. The shareholders will have first option upon the output, which it is intended to deliver daily.

It is worthy of note that the freight charges paid to the different railway companies for transporting eggs, poultry, etc., into Montreal amount to thousands of dollars per year, said eggs, poultry, etc., being shipped from all parts of Ontario and Quebec, together with shipments from other provinces, all to be consumed in the City of Montreal, and in nearly every case these shipments are controlled by the Wholesale Produce Merchants, and re-sold to Retail Dealers, then sold by the latter to the consumers; therefore, it is easily perceived that in this way four profits must be divided from the price the farmer sells at to the price the consumer pays for the above-mentioned articles.

At the present moment fresh eggs are very scarce; so-called fresh eggs are being sold to the consumer at from 30 cents to 63 cents per dozen. We do not expect to be able to overcome this great problem, but we do expect to be in a position to furnish the Shareholders in this Company and other Retail Dealers with fresh eggs daily. Taking into consideration the number of eggs that are consumed in Montreal every day, the placing of the output is a foregone conclusion.

In P. E. I. the average profit per hen for eggs a year is $2.00; in York Co., Ont., $2.75; in New Jersey, $6.00. It is expected that the average profit in Montreal will be $3.00.

It is understood we are to start this business in the right way. In the first place, only first-class fowl, such as hens, turkeys, geese, ducks, etc., will be purchased, and by purchasing a farm within the suburbs we will in a few years save the entire price paid for same by the saving of the enormous freight charges on eggs, etc., from an outside point.

ESTIMATE OF EXPENDITURES.

Farm property		$10,000 00
Hens, Turkeys, Geese and Ducks, etc. including feed, and grain for same		5,000 00
Incubators and Implements, etc.		3,000 00
Building, Outhouses, etc.		5,000 00
Unforeseen expenses		2,000 00
Total expenditure		$25,000 00

EXPENSES FOR ONE YEAR.

Manager's salary	$2,000 00	
Wages for labor	2,000 00	
Sudries, etc.	1,000 00	
		$ 5,000 00
Reserve		$10,000 00

ESTIMATED PROFITS FOR FIRST YEAR.

2000 hens to commence will yield in eggs an average of $3.00 each	$6,000 00
Adding to our flock of egg producers within six months 10,000 hens, which will average profit by April, 1911, $1.50 each	15,000 00
Poultry for the market; 2,000 dozen of eggs will raise by incubators 18,000 chickens, which can be ready for the market in from seven to twelve weeks; sale price will easily average $1.10 per pair (this can be repeated during the year)	9,900 00
Turkeys, rough estimate	2,100 00
Ducks	3,000 00
Geese, etc.	4,000 00
Representing dollar for dollar profits	$40,000 00
Our debt for the second year will be reduced some	$20,000 00
Our profit for the second year will increase considerably. Rough estimate	15,000 00

COMPLETE THE FOLLOWING AND RETURN.

THE NEW BREAD LAW.

Proposed Uniform Loaf Will Be a Good Thing.

The proposal, as suggested by the Ontario Legislature, to regulate the size of the bread loaf, so as to make it uniform, is a move in the right direction. In conversation with a leading baker yesterday, The Times was assured that it would be favorably regarded by bakers generally. The bill provides for the reduction of a loaf from 1¼ to 1¼ pounds, and as the bakers will maintain the price at five cents a loaf, it means that the consumer suffers. The maximum penalty for selling or manufacturing adulterated bread or neglecting to comply with the provisions of the Act has been reduced to $5.

The new bill will also invest the inspector of the city with the right to at any time enter any bakeshop and weigh bread. The bill also provides that a person making or offering for sale bread of short weight shall not be liable to the penalties prescribed unless at least ten loaves are found in the bakeshop at the same time when weighed together are below the weight required by the Act. The Act shall, if passed, come into force on July 1.

CONVICT SPURNS PARDON.

Washington Man Serving 15 Years for Murder Remains "Trusty."

Washington, March 7.—Declining to take advantage of the pardon granted to him by President Taft, Thomas Taylor, sentenced in this city to fifteen years in the Atlanta penitentiary for the murder of his wife, will remain as one of the "trusties" of the institution. During his long incarceration Taylor has studied pharmacy and has been assigned to the custody of the prison drug stock. He will remain in this capacity.

Reports of the City Council Committees

Board of Works—Finance—Committee of the Whole—Grants to City Bands and Horticultural Society

The following committee reports passed muster at the city council's regular session last night:

REPORT OF BOARD OF WORKS.

Ald. Hicks submitted the following:—

Gentlemen,—Your Board of Works beg leave to report and recommend as follows:—

1.—That a cheque for $30.02 be issued to the collector of taxes for the taxes for 1902 on lot 10, north of Hunter street, east, occupied by the city.

2.—That the sidewalk authorized on the north side of Lansdowne st., from Lock st. to Haggart st., be built.

3.—That notice be given of the intention of the Council to construct granolithic sidewalks as local improvements on the following streets or parts of streets, the number of annual assessments to be twenty:

Aylmer street, east sidem from the Grand Trunk railway to Smith street.

Concession street, west side, from Hunter street to St. Luke's street.

Caddy street, north side, from Romaine street to Haggart street.

Douro street, south side, from Driscoll street to Rogers street.

Dublin street, north side, from Bethune street to Rubidge street.

Dublin street, south side, from Reid street half way to Downie street.

Edinburgh street, north side, from Stewart street to Bethune street.

Gilchrist street, west side, from McDonnell street to London street.

Hazlitt street, south side, from Concession street to Rogers street.

Lake street, south side, from the Grand Trunk railway to Park street.

Louis street, west side, from Charlotte street to King street.

Lafayette street, east and west sides, from Albert street to Chamberlen street.

Mark street, east side, from Sophia street to Maria street.

Mark street, west side, from Maria street to the lake front.

Mark street, west side, from James street to 33 feet north of James street.

Maria street, north side from Mark street to the Grand Trunk railway right of way.

McDonnell street, south side, from George street to Water street.

McDonnell street, south side, from Park street to Cross street.

Manning avenue, north side, from Benson avenue, to Aylmer street.

Park and Gilchrist streets, east side, from Brock street to the creek.

Park street, west side, from McDonnell street to Smith street.

Park street, east side, from Westcott street to Romaine street.

Rogers street, west side, from Hunter street to Douro street.

Rubidge street, east side, from London street to Edinburgh street.

Romaine street, north side, from Park street to George street.

Smith street, north side, from Bethune street to Reid street.

Smith street, south side, from Harvey street to the river.

Smith street, north side, from George street to Benson street.

Stewart street, west side, from Edinburgh street to Reid street, at Victoria street.

Stewart street, east and west sides, from Perry street to Park street.

Park street, west side, from Parnell street to Lake street.

Dublin street, south side, from the eastern limit of lot 17, west of George street to Reid street.

4.—That the walk in the Central Park leading southwest, be raised and improved.

5.—That the following petitions for granolithic sidewalks as local improvements, being sufficiently signed, be granted:

On Margaret avenue, west side, from Charlotte street to King street.

On Downie street, west side, from McDonnell street to London street.

On Dalhousie street, north side, from Park street to Reid street.

On Sherbrooke street, south side, from Reid street to Park street.

On London street, south side, from 118 feet, 9 inches west of Reid street to Downie street.

On Perry street, north side, from George street, to Crescent street.

On Stewart street, north side, from Park street to a point 66 feet east of Park street.

On Romaine street, east side, from Aylmer street to the southern line of lot No. 15, Plan No. 52.

5.—That the recommendation of the Local Board of Health that sewers be constructed as local improvements on Donegal street, from Brock street to the creek, and on Benson street, from Benson Avenue, northeast to the end of Benson street, for the purpose of draining those localities for sanitary purposes, be adopted.

7.—That the City Engineer be given a week's leave of absence and a second week if he requires it on consulting with the Chairman of this Board.

That the City Engineer be instructed to have railings placed on the sidewalks where he has reported they are needed.

7.—That the Chairman, City Engineer and City Solicitor be asked to formulate a plan for permitting property outside of the city limits to be connected with the city sewer system.

10.—That such stands for the fire Water and Light Committee designates be constructed by the City Engineer and that the expense be charged to the appropriation for fire protection purposes.

12.—That an account for $6.15 from W. T. Carruthers for work on a sewer connection, be paid.

13.—That a pipe drain be laid on the south side of Charlotte street, from Park street to Bethune street.

14.—That the expenses of the representatives of the council appointed by this Board to attend the annual meeting of the Good Roads Association, in Toronto, be paid, namely the Chairman, City Engineer and Street Commissioner.

All of which is respectfully submitted.

COMMITTEE OF THE WHOLE.

Gentlemen,—Your Committee of the Whole Council beg leave to report as follows:—

1. Your committee held a meeting with the Peterborough Water Commissioners, who had received reports from Wm. Kennedy, Jr., of Montreal in regard to the electric power development at the waterworks dam and street lighting, in which Mr. Kennedy estimated the cost of a building and machinery to generate electrical power at $67,100, and the cost of a street lighting plant, not including poles, at $14,100, after considering the reports and other information received from the commissioners we gave instructions that a by-law be prepared to provide for borrowing $70,000 to develop electrical power at the waterworks dam the debentures to be for twenty years and to bear 4½ per cent. interest with a sinking fund based on 4 per cent.

2. We also gave instructions to have a bylaw prepared to appoint W. M. Moore arbitrator on behalf of the city to ascertain the amount payable by the city to the county for administration of justice, etc.

3. We further instructed the city solicitor to prepare an agreement with the Peterborough Hydraulic Power Co., regarding the sale of Quaker street and the diversion of Hunter street, and a bylaw to carry the matter out.

This report was adopted.

FINANCE.

Ald. Bradburn submitted the following:—

Gentlemen,—Your Finance Committee beg leave to report as follows:

Continued on page four.

Two Hours' Busy Session at City Hall

City Fathers Rush Their Business Through in a Business-Like Manner ---$70,000 for City's Power House---People will Vote on the Measure April 19th

The city fathers met in regular monthly session last night.

There were present: His Worship Mayor Morrow, and Aldermen Hicks, Duffus, Duncan, Buller, Bradburn, Gillespie, Turner, Metheral, Batten and Phelan.

The legal notice re closing of Quaker street was read. There was no one present to object to this measure.

COMMUNICATIONS.

From Hall, Medd and Davidson, saying that according to the existing contract between Mr. Belleghem and this city, the agreement with the former for care and service of the Dan Spence ambulance runs from year to year, and cannot be terminated under six months' notice. In case of the contract for this service going to Mr. Comstock as decided by council, Mr. Belleghem could claim six months' recompense. Ald. Duncan reported that the city solicitor advised that the contract could be terminated any time. The communication was received.

From Ruddy & Burnham, claiming $52 damages for injury to the property of Mrs. Samuel Edwards, by reason of defective sewerage.—Received.

EXTENSION OF AYLMER ST.

A deputation waited upon the council and inquired if it was the intention to extend Aylmer street south. On being informed that the street would be opened as soon as possible, the deputation asked if sidewalk accommodation would be furnished. His worship answered that the ratepayers would have to petition for a walk in the usual way.

TOO MUCH SURFACE WATER.

Mr. McDonald was the spokesman for Albert street residents, and asked if the surface water on that street could not be drawn off. Some 15 inches of water has covered this roadway each spring and fall the past four or five years. At the present the north sidewalk is covered with four inches of water and people have to use the verandahs as a right of way.

His worship assured the deputation that the Board of Works would look into this matter as quickly as possible.

A GOOD MOVE.

Ald. Duffus moved, seconded by Ald. Duncan,—That the street inspector look into the "watery" condition of our streets in general, and report to the Board of Works.—Carried.

ISOLATION HOSPITAL.

Ald. Duncan submitted the following:—

Gentlemen,—Your Property Committee beg leave to report and recommend as follows:

1. That the date for the beginning of the agreement with A. Comstock for the care and services of the Dan M. Spence ambulance be April 1st next, and that it be given to D. Belleghem on April 1st, 1911.

2. That the chairman of this committee obtain plans for a building for an isolation hospital, the building to cost, complete, not more than $12,000 furnished.

3. That the matter of the band instruments be left in the hands of the chairman of this committee.

4. That the request of J. J. Turner & Sons, to be permitted to place a sign on the island north of the Canadian Pacific Railway bridge, be granted provided they at the same time put up and maintain a sign alongside of it advertising the city and agree to remove their sign at any time when notified by the council to do so.

5. That this committee be instructed to advertise for tenders for the market tolls and charges for the year beginning April 1st next, and that the present market clerk be notified to that effect and that this committee be given authority to let the contract and complete the necessary papers.

Clause 4 was referred back to the committee so that a plan of the proposed sign could be submitted to the chairman.

Regarding clause 5, Ald. Duffus inquired why it was proposed to return to the old system of advertising the market tolls for sale and dispense with a salared market clerk.

Ald. Duncan replied that investigation showed that a more satisfactory service has always been assured when the market tolls were let. Then the city makes more money out of the tolls by selling them.

Ald. Duffus contended that the welfare of the city has been better looked after under the existing plan. Then inquiry had elicted the fact that farmers claimed that the present scheme to have been more satisfactory than when the tolls were sold by auction. This has been particularly apparent in regard to the scales.

Ald. Turner thought it a move in the right direction to return to the system of advertising the market tolls for sale by tender. This would give the committee an idea of the value of the tolls, but they need not revert to the old system should further consideration justify them in adhering to the present method.

Ald. Phelan agreed with Ald. Duffus, and offered that he had made it his business to inquire into the condition of the market and found that during the past three years under Mr. Ball's clerkship a most satisfactory service has been given to all concerned. If we sell the tolls to the highest bidder, he will naturally get all he can out of them, irrespective of the requirements of market attenders.

Ald. Duffus moved in amendment, seconded by Ald. Phelan,—That this clause (5) in question be struck out.

The yeas and nays showed but the mover and seconder in favor of the amendment and the clause was left as read.

Ald. Turner objected to clause 1 of the foregoing report. He thought the contract for care and service of the Dan Spence memorial ambulance should terminate next April. He did not agree that this council should arrange for a second year's contract, either with Mr. Belleghem or any other person.

Chairman Duncan and Ald. Batten explained that the committee had agreed that it would be a fair proposition for the two men in question to have the contract turn and turn about, providing satisfactory service were given.

Ald. Duffus agreed that the contract should go round to as many as there were in the field for it, but satisfactory service must be guaranteed. He thought the date of service provided for in the report should terminate in April of next year.

Ald. Turner moved, seconded by Ald. Duffus,—That clause 1 be amended to have the agreement for care and service of the ambulance expire April first next.—Carried.

The report was then adopted as amended.

THE DOG SCARCE.

Ald. Duffus reported that the Legal Committee will report on a strinc measure under consideration for the proper restriction of dogs from running at large.

THE PROTESTANT HOME.

Ald. Batten reported that the government had been advised of the council's intention to aid in providing necessary improvements at the Protestant Home, in which event it is hoped the government will reconsider the withdrawal of their grant from this institution.

BYLAWS.

A bylaw authorizing a yearly grant to the Central Charity Board passed its several readings.

A bylaw authorizing grants to the Peterborough Industrial Exhibition and Salvation Army boards passed its several readings.

CITY'S NEW POWER HOUSE.

A bylaw to provide for borrowing $70,000 for the construction of a power house at the water works dam and the installation of the necessary machinery passed second.

Ald. Morgan offered that the date for voting on this measure be fixed on May 20th in order to give ratepayers time to be conversant with the bylaws. "There is no particular rush to give our city away."

Mayor Morrow replied that the commissioners are anxious to serve this power as soon as possible. And as it will take four months to build and equip this power house after the bylaw is endorsed by the people, it would consequently be wise to fix the date for voting thereon as early as possible.

On motion of Ald. Turner, seconded by Ald. Morgan, the foregoing bylaw will be voted on April 19th next.

To Ald. Hicks, Ald. Turner, chairman of the Power committee reported that the construction and equipment of this power house will be under the Water Commissioners' supervision.

RESOLUTION OF SYMPATHY.

Ald. Phalen moved, seconded by Ald. Batten,—That this council express the sincere sympathy with City Solicitor E. H. D. Heil in the loss of his wife by death, and that the council attend the funeral in a body from the C.P.R. station.—Carried.

PETERBORO' TELEPHONE CLUB.

Interesting Paper Read by Mr. A. T. Smith.

At the regular meeting of the Peterborough Telephony Club, held last month, Mr. A. T. Smith, Division Superintendent, gave a very interesting and instructive address on "A Successful Local Manager."

Mr. Smith said that he was appointed local manager at Peterborough in 1882. Port Hope and Lindsay exchanges were included in the Peterborough section. The pole construction of Peterborough a exchange at that time consisted of one pole, in front of the office. This pole was erected only because they could not get a satisfactory distributing point from the roof tops. The balance of the outside wiring was all roof work. In 1883 the first long distance line through Peterborough was built. From this small beginning we have the modern plant of to-day.

THE WEATHER.

Generally fair and a little colder.

Strike to Spread to Other Cities where Transit Co. Operates

New York, March 7.—Labor circles heard the statement today that Samuel Gompers of the American Federation of Labor, is in Chicago for the purpose of consulting labor leaders with the view of calling a strike of car men in Cleveland, Pittsburg, Omaha and San Francisco in sympathy with the Philadelphia car strike.

The Philadelphia Traction Co., is said to be a large holder of securities in the traction companies in those cities.

POLICE ESTIMATES ARE OUT.

Philadelphia, March 7.—Just how many men are out on strike here is still a matter of dispute, but it is certain the number is not below 50,000. The police still insist that but 15,000 men are out, but, like many other statements of the police chiefs, this is far from the truth. Radical leaders shout that 150,000 are out, but it can be stated on the authority of Charles A. Hope, chairman of the committee of ten that are handling the strike, the canvass carefully made shows the number out at noon today to be 48,000.

Few big plants are entirely closed by the strike. Many, however, admit they are running with crippled forces and they fear desertions, as the shops are being picketed and every effort is being made to get out the rest of the men.

St. Louis, March 7.—James Eads, the millionaire "hobo" who has organized the unemployed into the National Unemployed Association, has been requested to go to Philadelphia to take charge of the unemployed there, and prevent their being used to prevent the general strike of labor unions.

The request was made by Charles Ferguson, Jr., of Washington, D.C., president of the National Committee for the unemployed. He says the unemployed are affiliated with the labor unions, and that the two bodies are working togeRther. He says ther are working together. He says there were about 75,000 unemployed in Philadelphia before the strike was declared.

To Shorten the Duration of Parliament

London, March 7.—Premier Asquith announced in the House of Commons today that the resolutions concerning the House of Lords, which are to be submitted by the government on March 29th, would include a proposal for shortening the duration of parliament. It is presumed that the recommendation will be for parliamentary terms of five years instead of seven years as at present.

The Ceiling Dropped on the Worshippers

Niagara Falls, Ont., March 7.—The congregation of the Drummond Hill Presbyterian church was thrown into a panic during the anniversary services last evening when the edifice was struck by a bolt of lightning. The electric flash first struck the carriage shed, and then ran into the church along the electric light wires.

The interior of the building was plunged into darkness, and at the same moment a large section of the ceiling loosened by the shock, fell down among the worshippers, causing great excitement.

The Rev. Professor Robertson of Knox College, Toronto, who was conducting the services, was slightly affected by the shock, but later was able to continue in the direction of the meeting. No others were injured.

The finest "first aid" is Zam-Buk for many reasons. It is antiseptic—kills the poison in any wound. It cleanses any wound, or skin injury, or disease against poison-germs in the air which are always ready to enter a sore place and set up poisoning and putrefactive change. Immediately they enter Zam-Buk they are instantly killed.
While certain ingredients in Zam-Buk are thus protecting you against external dangers, the rich healing herbal essences in the balm penetrate the tissue, stimulate the cells, and bring about perfect healing. Nothing like it! Watch it work!
PROOF FROM THE HOMES.

Regular Troops are Under Orders---Men to be Arrested

If the Authorities Carry Out Their Threats and Arrest the Strike Leaders the Situation May be Beyond Description

Philadelphia, March 7.—With every prospect that the General Strike Committee will be arrested on charges of conspiracy at the behest of the city officials before the day is out, the third day of the tie-up of the city's business interests opened with both sides apparently prepared for anything. The city was quiet in the early morning hours, the violent rioting of Sunday, when five were shot, scores beaten, and over fifty arrested, apparently having taken the fighting temper out of the crowd. Estimates of men on strike vary from 65,000 to 150,000. The leaders say there will be many more who will be persuaded to quit today.

THEY WILL ACT SOON.

When Clay was asked about the conference last night, at which it is understood the city officials decided to demand the indictment of all of the strike leaders on warrants of "conspired to financially injure their common law provision and alleging that in quitting their work to aid the street car men, the strikers have "conspiredk to financially injure their employers," he said:

"We stick to our policy of making no threats. When the time comes to act we will act. Disturbances will have to stop."

The business men of Philadelphia are feeling the effects of the general strike. They declare that even though their plants have not been compelled to shut down in some instances, they are receiving cancellations of contracts for spring goods. Outside merchants, fearing that the general strike will paralyze the industries of the city, are ordering their goods from New York and other centers, rather than take a chance of not getting them from Philadelphia manufacturers. It is conservatively estimated that the loss already sustained by Philadelphia merchants and manufacturers will reach nearly $5,000,000 a day, while this sum will grow larger if the strike spreads.

MEN TO BE ARRESTED.

It is rumored today that the authorities intend to "railroad" to trial John J. Murphy, president of the Central Labor Union, and C. O. Pratt, national organizer of the carmen, the two men most responsible for the calling of the great industrial tie-up. They have been indicted on charges of inciting to riot and are out on bond.

The threatened arrest of the strike leaders on charges of conspiracy has created intense feeling among the strikers.

Last night's riots exceeded in fury any thus far. Five persons, one of them a woman, were shot. The chief rioting occurred in Kensington and in the north-western section of the city, where street cars had to be withdrawn at dark because of the fierceness of the attacks upon them. The mounted police under the personal direction of Assistant Superintendent of Police O'Leary, adopted new tactics to clear the streets, driving people into strange houses, and forcing them to stay there till the trouble had passed.

While trying to get out of a crowd of rioters on South Fifth street, Mrs. Bessie Weiner, aged 22, carrying her 8-weeks-old baby in her arms, was shot through the shoulder. She will recover. Statements differ as to who fired the first shot.

Beamsville Flock Locked Pastor Out

St. Catharines, Ont., March 7.—Prominent members and officials of the Church of Christ Disciples, of Beamsville, who objected to what they claimed were autocratic actions of their pastor, Rev. S. M. Jones, on Saturday, notified Mr. Jones that they would not allow him to use the church the following day, and to make sure their wishes would be carried out, they changed the locks on the church doors. Mr. Jones quietly hired the town hall, and held the service there. Rev. Mr. Abbott of Toronto, preached in the church. The Disciples have a pretty large following in Beamsville. There has been trouble brewing among the congregation for some time. It was because those opposed to Mr. Jones, declare, of their pastor's habit of running the church to suit himself. Remonstrances were of no avail, and to bring matters to an issue, the dissentars, who are in the majority, locked up the church. Mr. Jones had a fair audience at the town hall. It is said that his followers will build a new church. Mr. Jones has been in charge of the flock for about ten years.

No Agreement as to Tariff---Canada is Not Granting Concessions

Ottawa, March 7.—The representatives of the American tariff board of inquiry, Messrs. Emery and Pepper, were again in conference with Sir Wilfrid Laurier and Hon. W. S. Fielding today and will leave for Washington either on Tuesday night or on Wednesday.

On both sides strict reticence is being maintained, and it would appear that little is likely to be known as to the details of the negotiations, and their result until the American commissioners have made their report to Washington.

Mr. Fielding may, of course, be called upon to make a statement in the House, but such statement is likely to be guarded in its nature.

While the negotiations continue to be of the most friendly character it is doubtful if a basis of mutual concession has been arrived at, and the likelihood is that Messrs. Emery and Pepper will not take back with them to Washington and definite assurance that Canada will give the United States the benefit of the same tariff rates as have been extended to France, or the assurance that the United States is entitled to Canada's intermediate tariff, which is essentially a tariff designed for the purpose of making reciprocity arrangements.

The Canadian situation was fully canvassed at the meeting of the Cabinet held on Saturday, but it is understood that no definite decision was reached as to what Canada will take should the United States insist that our trade arrangements constitute a discrimination against that nation.

There seems to be little real apprehension here, however, that Uncle Sam will precipitate a tariff war by applying his maximum tariff to Canada on the last day of the present month.

DAINTY FOOD.

Turns Pale Cheeks to Pink.

Our best physicians of the present day seek to cure patients by the use of food, rather than heavy drugs, and this is the true method, for all physicians agree that only from food can the body be rebuilt.

Many people fail to give their physicians credit, too after living on poorly selected or badly cooked food for a long time, perhaps, and when their ailments become chronic, they expect the doctor, with some magic potency, to instantly rebuild them.

This is not possible. The only true method is to turn as quickly as can be, from poor food to good. A young lady over in Ohio says:

"I was variously treated for my nerves, muscles, lungs, etc., but none of the treatments gave me relief.

"About a year ago my appetite failed completely, and I began to have sinking spells similar to fainting, then I took all manner of tonics and stimulants, but they were of no effect. I had been brought to quit drinking coffee and taking Postum in its place, and gradually began to get a little better.

"Someone suggested that if I found Postum so beneficial I had better use Grape-Nuts food, as they were both the children of one brain. I commenced on Grape-Nuts food for breakfast, having Postum with it. I found the food so dainty, delicious, and appetizing that I always looked forward to breakfast with pleasure.

"Shortly after commencing this diet, the wretched pain in my side was greatly relieved, and now, a year later, it has gone entirely, also the sinking spells; in fact, my pale cheeks have been changed to pink. I have gained back more than the twenty pounds I lost, and am thoroughly well in every way."

Read the little book, "The Road to Wellville," in pkgs "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true and full of human interest.

We offer 1000 shares for subscription at par, $10.00. The right of allotment is reserved.

The Canadian Poultry Farm Stock Co. Ltd.

(Charter Applied For).

CAPITAL $40,000.00

Divided into 4000 shares at $10.00 each, same being Common Stock.

Head Office and Farm—MONTREAL, QUE.

Incorporators: C. J. BELL, Manager. LOUIS P. RENE, A. W. SAGER

Room 53, Royal Trust Building.

The object of this Company is to operate a Poultry Stock Farm and to supply eggs, fowls, etc., etc., to the Montreal market. At the present time there is no such business being carried on in this part of the country, although in Western Canada and the United States many similar farms are being conducted with great success, and each and every one shows a handsome profit on the capital invested. By being the first to operate such a business in this part of Canada, where the output could be sold many times over, and with competent men to manage the farm, the success of the business is assured.

It is hoped to have the farm inoperation about the first of April, and we will gradually increase so as to meet the demand of the trade. The shareholders will have first option upon the output, which it is intended to deliver daily.

It is worthy of note that the freight charges paid to the different railway companies for transporting eggs, poultry, etc., into Montreal amount to thousands of dollars per year, said eggs, poultry, etc., being shipped from all parts of Ontario and Quebec, together with shipments from other provinces, all to be consumed in the City of Montreal, and in nearly every case these shipments are controlled by the Wholesale Produce Merchants, and re-sold to Retail Dealers, then sold by the latter to the consumers; therefore, it is easily perceived that in this way four profits must be divided from the price the farmer sells at to the price the consumer pays for the above-mentioned articles.

At the present moment fresh eggs are very scarce; so-called fresh eggs are being sold to the consumer at from 30 cents to 63 cents per dozen. We do not expect to be able to overcome this great problem, but we do expect to be in a position to furnish the Shareholders in this Company and other Retail Dealers with fresh eggs daily. Taking into consideration the number of eggs that are consumed in Montreal every day, the placing of the output is a foregone conclusion.

In P. E. I. the average profit per hen for eggs a year is $2.00; in York Co., Ont., $2.75; in New Jersey, $6.00. It is expected that the average profit in Montreal will be $3.00.

It is understood we are to start this business in the right way. In the first place, only first-class fowl, such as hens, turkeys, geese, ducks, etc., will be purchased, and by purchasing a farm within the suburbs we will in a few years save the entire price paid for same by the saving of the enormous freight charges on eggs, etc., from an outside point.

ESTIMATE OF EXPENDITURES.

Farm property		$10,000 00
Hens, Turkeys, Geese and Ducks, etc. including feed and grain for same	5,000 00	
Incubators and Implements, etc.	3,000 00	
Building, Outhouses, etc.	5,000 00	
Unforeseen expenses	2,000 00	
Total expenditure		$25,000 00

EXPENSES FOR ONE YEAR.

Manager's salary	$2,000 00	
Wages for labor	2,000 00	
Sudries, etc.	1,000 00	
		$ 5,000 00
Reserve		$10,000 00

ESTIMATED PROFITS FOR FIRST YEAR.

2000 hens to commence will yield in eggs an average of $3.00 each	$6,000 00
Adding to our flock of egg producers within six months 10,000 hens, which will average profit by April, 1911, $1.50 each	15,000 00
Poultry for the market; 2,000 dozen of eggs will raise by incubators 18,000 chickens, which can be ready for the market in from seven to twelve weeks; sale price will easily average $1.10 per pair (this can be repeated during the year)	9,900 00
Turkeys, rough estimate	2,100 00
Ducks	3,000 00
Geese, etc.	4,000 00
Representing dollar for dollar profits	$40,000 00
Our debt for the second year will be reduced some	$20,000 00
Our profit for the second year will increase considerably. Rough estimate	15,000 00

TRENT CANAL.

Barrie Gazette: The Trent Canal is on its way north and will strike lake Simcoe somewhere in the south, but where it is to go after is the problem. Orillia favors the Severn river route, but the difficulties to be encountered in constructing it through the rocks of that neighborhood places it beyond the bounds of feasibility. The only other feasible solution is the Nottawasaga river route. The residence of that section have long suffered from the annual flooding of the waters at certain points on the river. The canal, by making a navigable course through Simcoe, with Kempenfeldt Bay as its base and Nottawasaga Bay as its outlet, would be of immense value to the people living along its course both from a commercial and educational standpoint. The advantage to Barrie would, of course, be inestimable.

The Barrie route may be slightly the longest of the two, but the difficulties of construction would be very greatly lessened, as the soil is almost entirely sandy loam, and as there is a natural fall, the expenditure involved would be considerably less.

Catarrh Cannot be Cured.

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internal and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in the country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly upon the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

ADVERTISE IN THE TIMES.

THE DESIRE TO BE AMUSED.

The offerings of theaters and music halls in the old land have been described recently by Henry Arthur Jones as "lags and tomfoolery." This concise, if somewhat crude, way of putting it sums up in three words a condition which is not confined to the British Isles. On this continent, also, theatergoers welcome buffoonery where they reject the serious drama, readers of books are demanding fiction and rejecting fact, while poetry is giving place to nonsense verse. Even in the lunch room the diner passes over that which is plain and substantial in order to gobble a cream puff and a soda.

These things are not true of everyone, but they seem to be true of an increasing number. Men and women, apart from their hours of employment, seek mental relaxation rather than mental stimulus. They say that they are too tired to think: they desire amusements that require no effort in order to be enjoyed. Many conditions contribute to this result. The emphasis now laid upon what might be called the more practical branches of education may be in part responsible. In the desire for a pupil-product to "do things" the importance of education as a taste cultivator has been somewhat overlooked. Dollarship has perhaps replaced scholarship as the aim of school training.

However that may be, there is something very natural in the modern craving for amusement, an out-of-doors hunger so intense that one pauses to wonder whether it is not the result of a certain form of starvation during business hours. Foreigners see in New Yorkers a type of men and women whom Manhattan has fashioned in its own grim process until their very faces have acquired a common evidence of their rush through life; their souls centered in their commercial affairs. It may be that all large centers—and the large centers predominate more and more—are destroyers of mental poise. It has occurred to some that they drive mankind too fast during his working hours that he hungers only for mental rest when playtime comes. Craze for business speed may be the cause of modern mental dyspepsia. Perhaps we bolt our business as our meals, too fast. At any rate, editors want verses that is not serious, and the theatrical magnates want plays that are what Henry Arthur Jones says they are. We may be altogether mistaken, but sometimes it occurs to us that if we stopped to enjoy the humors of the real life about us during the day, we might lose some of our craving for the artificial humors of the footlights and the ice-cream novel.

Fortify now against the Grip—for it comes every season sure! Preventics—the little CandyCold Cure Tablets—offer in this respect a most certain and dependable safeguard. Preventics, at the "sneeze stage" will, as well, also surely head off all common colds. But promptness is all-important. Keep Preventics in the pocket or purse, for instant use. Box of 48 for 25c. Sold by all dealers.

Price of Tea Will Advance.

An increase of 5c. per lb. in the retail price of standard brands of teas in packets, will soon be announced, it is stated. The cause is the increased wholesale price. At present the retail handlers are paying two to three cents per pound more for certain brands of teas selling at retail at from 30 to 60c. per lb. It is expected that a general increase will soon be made, and the prices will be so changed on the package. Tea market prices are now very high. "There will be no increase in the price of bulk teas," said a local dealer to The Times, in discussing the matter. "But the packet men can't sell so low as the bulk men. They were once able to sell for 25c., and get a margin, but it now costs about as much to put up a 25-cent package as it does a 50-cent package, and the margin has been wiped out. Thus you will soon have to pay 30c for a 25c tea."

COMET MAY CAUSE UPRISING.

Officials Seek to Prepare Minds of Chinese for Phenomenon.

Washington, March 4.—According to reports received here by missionary societies, Chinese officials and missionaries are preparing against the unheralded appearance of Halley's comet to the ignorant and superstitious millions in the celestial empire. Reports from the Christian Literature Society of China show that organization is distributing thousands of posters, containing descriptions and pictures of the comet. A member of the society writes that when he informed Chinese officials in interior provinces of the approach of the comet, they manifested the keenest interest mingled with apprehension for the possible effect it might have on the masses.

Posters that have recently been distributed contain the statement that the foreign powers are preparing to divide China and that an attacking force of French, numbering 60,000, is almost ready to begin hostilities. If Halley's comet should appear unannounced the missionaries and officials think uprisings will follow immediately.

HOTELS

Montreal's Popular Hotel!

Favorite Stopping Place for the Travelling Public

The Grand Union Hotel is situated at 346-350 Notre-Dame street, west, in the heart of the business section of the city. Electric cars pass the doors to all points of interest, and amusement. Five minutes' walk from C.P.R. and G.T.R. stations. The bus meets all trains to convey guests free, to and from the stations.

During the month of April, last year, this hotel underwent a thorough renovation, which has made it the best up-to-date commercial hotel in the city for home comfort. The hotel is under the personal supervision of Mr. Murray, who gives his special attention to his guests.

Nice clean, comfortable rooms, and elevator service. American plan. Rates $2.00 per day, and upwards.

F. J. MURRAY,
Proprietor.

HOTEL CARSLAKE, MONTREAL. European plan—opposite Grand Trunk, Geo. Carslake, Proprietor.

Synopsis of Canadian Northwest Land Regulations.

ANY PERSON WHO IS THE sole head of a family, or any male over 18 years old, may homestead land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother, or sister of an intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, solely owned and occupied by him, or his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price $3.00 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price $3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth $300.00.

CANADA'S PROBLEM.

Emerson Hough Discusses the Problem of Canadian Immigration.

Canada's greatest problem today is to get the people on to the land—the people of other countries and the right class of people too. Herein lies the foundation of her future prosperity, her future greatness. In "The Sowing," by Emerson Hough (Vanderhoof-Gunn Co., Winnipeg) we have a discussion of this problem from a "Yankee's" point of view.

The discussion is none the less valuable because it is by another than a Canadian. Emerson Hough is not a narrow-minded alien, he is scarcely an alien at all, for he has traveled far and wide through the newly settled lands of the West and faced the problem in all its phases. He recognizes too, that Canada's problem in England's problem and that it is also the problem of the United States—how to get the people back to the land, and to get them to make that land produce what it should.

SAVING THE POOR.

The march of civilization does not mean the perfection of all things At any rate it does not accomplish it. With the growth of riches comes the growth of poverty. "In the recent swift development of what we call civilization, we have," says the author, "come upon a transient time of utter selfishness and forgetfulness, a time of unbridled greed. Business triumphs, human kindness fails, the wolf-pack is set on again. And now we have, more than at any time in the world's history, the very poor. Now, indeed, civilization needs to correct itself." The Anglo-Saxon race has progressed wonderfully, yet: "No race has developed so strongly, or is now so threatened with decadence."

BACK TO THE LAND.

What is to be done to equalize the ill-balanced relation between—rich and poor. How are the starving masses of the city to be saved— By giving them the opportunity to fend for themselves. Mr. Hough says: "The answer to the cry of the poor to the cry of the city, to the cry of socialism and threatened anarchism is one; and it is as easy as it is complete. The answer is: more land, wider opportunities—in short colonization! The new lands of the world offer the only hope as we today are organized, mentally, governmentally, physically."

ENGLAND'S DANGER.

Stated thus, the matter seems quite simple. The people need the land. Canada needs the people. Let us have them. But anyone who has seen the evils of indiscriminate immigration of the past ten or fifteen years, will realize that the solution is not so easy as this. It may be quite true that: "The hope of England rots, dies, stifles, reeks in the alleys of her cities." The danger of the empire may be in this very dry rot. What shall be done with the town dwellers who rot and die, the hopeless poor, the submerged stratum which never can be saved?"

INTELLIGENT COLONIZATION.

But what is intelligent colonization No one knows yet. It is quite true that most people have views upon the subject. In this book the author gives us the viewpoint of a jurist, the viewpoint of a business man, that of a government official, that of a governor-general—these are theories but who knows? It is shown that manufactured work, temporary relief measures, etc., are of no avail in making any permanent impression on the problem of poverty and unemployment. It is argued that the solution lies in giving the man his opportunity, "the only difference between these hopelessly damned and yourself and myself is one of human opportunity."

THE SOLUTION.

Mr. Hough's proposed solution is in no way chimerical. It is simple and practical. He would have the British government, the Canadian government, the public and private charities and all persons anxious to help the world to betterment, expend money in planting men and women in the trellised fields and training them to farm, reserving small homesteads to be sold to the new comers after they have been trained to farm.

This looks to be the only feasible solution of the problem. Teach the people how to make use of the opportunity first. Even in a small way the problem has been solved by the "Vacant Lands' Gardening Associations" of various cities in the United States.

Mr. Hough handles his subject in a plain, fearless and convincing manner, with the broadness of mind and sense of logical values which is necessary to successful discussion. He is known as the writer of several novels of western pioneer life, notably, "The Mississippi Bubble" and "54-40 or Fight."

THE C.P.R. GRAIN LINE.

What An Orillia Paper Says is the Cause of Hesitancy.

Orillia Packet: It is said that the hesitancy of the C.P.R. in proceeding with the completion of the line from Victoria Harbor to Peterborough is due to uncertainty as to the effect that the deepening of the Welland canal would have on the grain trade. The company is, however, too far committed to turn back now. One of their elevators at Maple Island will be ready to receive grain during the coming summer, and it will not pay the company to run its trains round by Toronto even for a short time. It will take some years to build a new Welland canal, and long or still to deepen the St. Lawrence canals, it it should be decided to do this. Meantime, the rail route is sure to get the bulk of the trade, and it is possible that low grades heavy trains and a short haul may enable the railway to hold its own even against water competition. The sooner the C.P.R. is in the field the larger will be its share of the harvest.

Have you a pain—of any kind, anywhere? Stop just a minute and think It matters not whether it be womanly pains, head pains, or any kind of a pain, one of Dr. Shoop's little Pink Pain Tablets will surely stop it in 20 minutes. Formula plainly printed on the 25c. box. Sold by all dealers.

Learn Dress Cutting and Making

Class to Commence in Y. W. C. A. Peterborough March 14

Wanted, ladies to learn dress cutting, dress-making and coat making. No accomplishment you can acquire will prove to you of such every day life long value as a practical knowledge of dress-making. We teach you everything from the plainest shirt-waist to the most elaborate toilet and guarantee perfect satisfaction. We stand prepared to forfeit $25 to any lady who after taking our course can show us an article in dress-making she cannot cut, fit and put together. Not only the lining but all the outer goods in Coats, Skirts, Waists, Sleeves, Wrappers, Girdles, Children's Clothes, etc.

Charge for full course is now only $12 to be paid when through if satisfied. This includes one of the most perfect systems in use.

Hours for day class, 9.30 to 12 and 2 to 4.30. An evening class will also be taught for the benefit of those who cannot come during the day, from 7 to 9.

All wishing to learn, or for full particulars be sure to meet me in the Young Women's Christian Association on Saturday, March 12th, between 10 a.m. and 5 p.m., or in the evening between 8 and 9, or write.

MISS VALENS,
Instructress

PORCUPINE.

SALE OF LOTS IN TOWNSITE.

Sealed tenders will be received by the undersigned up to Wednesday, 16th March, 1910, at one o'clock, p.m., for the purchase of all the lots in the town plot of Porcupine, situated in the south half of lot nine, in the fourth concession of the township of Whitney, at the eastern end of Porcupine Lake, as shown by plan of survey by Mr. E. D. Bolton, O.L.S.

Tenderers are asked to state how much they are prepared to pay for each lot and must accompany their tenders with a marked cheque in favor of the Provincial Treasurer, for half the amount which shall be applied as the first instalment. Successful tenderers will be required to pay the balance within two months.

The highest or any tender not necessarily accepted.

Tenders to be marked "Tenders for lots in town plot of Porcupine," and to be addressed to the Honorable the Minister of Lands, Forests and Mines.

Plans of townsite may be had on application to the Department and to the office of the Mining Recorder at the following places: Porcupine, Haileybury, Cobalt, Sudbury, Elk Lake, Gowganda, Sault Ste. Marie, Parry Sound.

F. COCHRANE,
Minister of Lands, Forests & Mines.

COR. WATER & SMITH STS.

Wild Geese on the Wing.

A flock of 18 or 20 wild geese were seen yesterday by several citizens, as they passed over the city on their way north. This is one of the signs of a departing winter.

Children's Aid Society.

The Children's Aid Society beg to acknowledge the receipt of the following amounts:

Canadian General Electric Mutual Benefit Society, $10.

First Church of Christ (Scientist) Sunday School, $1.45.

Jacob White, Warsaw, 35.

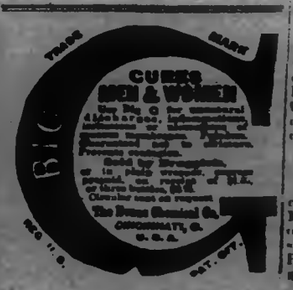
Croup positively stopped in 20 minutes, with Dr. Shoop's Croup Remedy. Our test alone will surely prove this truth. No vomiting, no distress. A safe and pleasing syrup—50c. Sold by all dealers.

Women's Mission Circle.

The annual meeting of the Women's Mission Circle of Murray street Baptist church will be held in the lecture room this afternoon at 3 o'clock. A cordial invitation is extended to all persons interested in mission work.

Struck by Lightning.

During the terrific thunderstorm on Sunday night the house of Edward Dunford, a farmer living near Lakefield in Douro, was struck by lightning and totally destroyed. A part of the contents were saved. The loss is partly covered by insurance.



Painful Accident.

On Saturday afternoon Mrs. Adam Hall, London street, had the misfortune to fall and break her arm. This is the second time this winter, and the accident occurred near the place of the former mishap, and the fracture was in the same place as in the former case.

Astronomical Society.

The regular meeting of the Peterborough Center of the Royal Astronomical Society will be held at the Collegiate institute this evening at eight o'clock, when Rev. Dr. Marsh will give an illustrated address on "A Night With the Planets."

Canadian Pacific.

Parlor Car Notice: Commencing on Monday, March 7th, parlor car will be attached to local trains leaving Peterborough at 7.55 a.m., and Toronto at 5 p.m. Seats in this splendid car only 25 cents extra. Seats reserved at city office.

Nothing in the way of a Cough is quite so annoying as a tickling, teasing, wheezing, bronchial Cough. The quickest relief comes perhaps from a prescription known to Druggists everywhere as Dr. Shoop's Cough Remedy. And besides, it is so thoroughly harmless that mothers give it with perfect safety even to the youngest babes. The tender leaves of a simple mountain shrub, give to Dr. Shoop's Cough Remedy its remarkable curative effect. A few days' test will tell. Sold by all dealers.

Hard on Lumbermen.

The recent mild spell has not been favorable to lumbering operations in the woods. Although there is plenty of snow, the woods over which the logs have to be drawn to get them to the water, are in bad shape. Some of the lumbering camps have been closed for the season.

The Canadian Club.

The third meeting of the Peterborough Canadian Club will be held on Monday evening, March 14th, at 8 o'clock at the Hotel National. The speaker will be Mr. J.P. Downey, M.P.P., of Guelph. Mr. Downey is regarded as a brilliant speaker, and the local club is to be congratulated on being able to secure him for an address.

Illustrated Lecture.

Tonight at the Y.W.C.A., Rev. E. A. Pearson, B.A., on "Florence, Venice, Milan and Rome."

A Great Fiction Series.

"The House Opposite," now appearing in the New York Sunday World, will be followed shortly by another great detective story. These stories are in booklet form and are given free every week with the Sunday World. Next Sunday's issue of the World will contain the words and music of "Her Name is Mary Donohue," as sung by Blanche Ring in her great musical hit, "The Yankee Girl," now appearing at the Herald Square Theater. Get this song. It's great.

OBITUARY.

Mrs. F. H. D. Hall.

The death occurred at Montreal on Saturday of the wife of Mr. F. H.D. Hall, city solicitor. Mrs. Hall was operated on at the Royal Victoria Hospital for appendicitis on Wednesday. Mr. Hall will have the sympathy of citizens generally in his bereavement.

The funeral will take place this afternoon on the arrival of the C.P.R. train from the east.

Edward Thompson.

At Nicholls Hospital on Saturday evening the death occurred of Edward Thompson, who had been confined in that institution for the past six weeks. The deceased had been a resident of Havelock, and was 75 years of age. He was a member of the Masonic fraternity.

The remains were taken to Havelock yesterday.

Frances Stone.

The death of Frances Stone, daughter of Mr. and Mrs. Giles Stone, which occurred on Saturday afternoon at 2.30 o'clock, has caused much regret among a wide circle of friends. She was sixteen years of age, and had been in poor health for the past year. She was a particularly bright young girl and was popular among a large number of young friends. To mourn her death are father and mother, one sister, Mrs. Dick of Winnipeg, and one brother, D'Eyncourt of Peterborough.

The funeral took place yesterday afternoon to St. John's church, where service was conducted, and thence to Little Lake cemetery.

Thos. E. Staunton.

There passed away at Orillia yesterday, Thomas E. Staunton, son of Mr. W. A. Staunton, Benson street. Funeral (private) from the Grand Trunk station at 11.45 to the Little Lake cemetery.

TOO HOARSE TO SPEAK

An American Doctor Tells of the Grand Results Achieved With "Nerviline."

"I had a patient with Quinsy that I found great difficulty in curing," states Dr. Wilson. "Every time he caught cold or got chilled he suffered intensely from sore throat, huskiness, throat and chest soreness. After every attack his throat and chest seemed more sensitive. This patient lived in the country, and couldn't come to the city for treatment. I concluded that the best remedy would be an honest liniment, and because of its enormous sale and well-known merit, I advised 'Nerviline.' Morning, noon and night Nerviline was rubbed over the neck and chest, and once a day diluted with water it was used as a gargle. In a day or two my patient reported an improvement, and by continuing the treatment with Nerviline he was cured. I can recommend Nerviline for breaking up colds, for chest tightness, throat inflammation, quinsy, tonsilitis and similar conditions."

Not a druggist or doctor who has examined the formula of Nerviline who won't tell you how good it is—why it contains the best medicaments known to science and for general family use has no equal.

editorial

A meeting of the Brotherhood in connection with St. Paul's Church, will take place this evening at 8 o'clock in the lecture room of the church.

SOCIETY

The Times will be pleased to receive notices of Weddings, Social Events, Personal Announcements, which will be published in this column free of charge.

Mr. R. Pinchin, manager of the Otonabee Navigation Company, was in Lindsay yesterday.

Mrf Andrew Sinnott of Peterborough, is visiting friends in the city.—Belleville Intelligencer.

Mr. W. Buntin, uptown ticket agent of the G.T.R., has returned to the city, after a visit to the Pacific Coast.

Miss Harvey of Manitoba, who has been the guest of Mr. and Mrs. D. W. Dumble, received a telegram yesterday morning notifying her of the death of her brother, Mr. John Harvey of Oak Lake, Manitoba. Miss Harvey left for her home yesterday.

Little Local Lines

Rev. E. A. Pearson gave a talk on "Rome" last night at All Saints'. The lecture was illustrated by interesting lantern slides.

On account of the rabies scare, Mr. Ike Eastwood, proprietor of the Palace Hotel, has sent his big black bear to Buckhorn.

A horse of Noble's delivery service was shot by P. C. Mehaffy yesterday. It had been suffering from a broken leg, which was caused by its being kicked by another horse at the stables.

Canadian Pacific Railway return of traffic earnings from Feb. 14 to 21, 1910, $1,414,000; 1909, $1,156,000 increase $258,000. Grand Trunk Railway traffic earnings from Feb. 15 to 21, 1910, $711,508, 1909 612,404, increase $99,104.

It is proposed to hold religious services in the fire hall on Sunday afternoons. As the members of the brigade are unable to attend church this will be a good move.

The skating and curling rinks have been closed for the season.

The Sons of Scotland held their regular meeting last night.

Market Clerk George Ball has been notified by City Clerk Armstrong that the market tolls are to be let by tender, and his services as salaried market clerk will be dispensed with.

Lost Seven Head Cattle.

Mr. Milford Northy, who resides in North Smith, a few miles above Lakefield, had the misfortune to lose seven head of cattle, valued at $300. The animals got into the barn and consumed a large quantity of buckwheat which was in a bin. They were watered at the usual time, the owner not being aware that they had consumed a large amount of grain, and the combination of water and buckwheat proved fatal.

Committee Reports

Continued from page one.

That the city treasurer write the Peterborough Radial Railway Company that if the arrears of taxes are not paid the land will be sold in due course of law.

2. That $1,000 be paid to the Central Charity Board to cover their overdraft and that they be paid their $2,800 for current expenses in monthly instalments.

3. That no action be taken on the account of Dr. Young for $400, for services as medical health officer during the time of the smallpox epidemic.

4. That a grant of $150 be made to the Salvation Army Band on the same terms as last year.

5. That the arrangements made with the Bank of Toronto in 1909 to carry the city's accounts the bank to allow the city on all credit balances 3½ per cent., and to charge the city 4½ per cent. on debit balances up to the amount of the combined credit balances and 5 per cent. on all debit balances in excess of the combined credit balances, be renewed for 1910.

6. That a grant of $550 be made to the Peterborough Horticultural Society on the same terms as last year.

7. That a grant of $400 be made to the Peterborough Industrial Exhibition.

A number of current accounts were here embodied.

The report was adopted as read.

VOL. XXXIII NO. 54 PETERBOROUGH, ONTARIO, WEDNESDAY MARCH 9 1910 PRICE TWO CENTS

Deadlock is Possible in Tariff Negotiations Canada Won't Budge

United States Says Its Impossible to Grant Minimum Tariff to Canada—No Signs of Either Yielding

Ottawa, March 8.—No agreements have yet been reached by the representatives of Canada and America, who have been conferring for the past four or five days with a view to solving the tariff problem between the two countries and avoiding a tariff war after the month of March is a thing of the past.

It is claimed by the representatives of the United States that preferential duties arranged between Canada and France under the Franco-Canadian treaty precludes the possibility of the United States granting to Canada their minimum tariff.

There is also the claim put forward by the American representatives that the fact that the thirteen foreign countries, which with Great Britain are entitled to the reduced tariff which Canada has given to France shows discrimination against the United States, though they admit that practically no goods are imported into Canada from these countries which might be said to compete with the products of the United States.

The argument put forward by Canada is that the arrangement between Canada and France is simply one for mutual benefit, and there is no desire to inimically affect the trade between the United States and Canada. This concession between France and Canada is bought and paid for and the United States should have no direct interest in the matter at all. As to the favored nations, it is pointed out that these are unimportant.

It is abundantly evident that the Canadian Government, while realizing the seriousness of a 25 per cent. surtax on Canadian products, that the United States may impose, is not at all disposed to give up its right to make tariff treaties with other countries independently of United States interference.

Model Schools Have Gone for Good

Chatham, March 8.—Honorable Dr. R. A. Pyne, Ontario's Minister of Education, who is visiting the Hotel Sanita in this city, taking baths for rheumatism, was seen by a newspaper man in reference to the present state of the educational affairs of the Province, more especially in regard to the scarcity of Public school teachers. Dr. Pyne, while admitting that just at the present time there was a considerable difficulty in securing teachers in some districts, maintained that it was by no means the fault of the government policy in regulating the schools, and he did not see that any possible action on the part of the legislature could have the effect of lessening the present difficulty, which was, in his opinion, one which would alleviate itself.

In Kent county just at the present time many vacancies have been caused through the resignations of teachers who have secured more lucrative teaching positions, orf else have deserted the profession for more remunerative walks of life. There has been considerable local censure of the government's policy of abolishing the Model schools, but the minister of education explains this through the fact that the people are not thoroughly conversant with the policy of the government, and their object in taking radical steps to increase the standard of the teaching profession.

MODEL SCHOOLS HAVE GONE.

When asked if the government would consider the re-establishment of the old Model schools for a time to relieve the present difficulty in securing teachers, Dr. Pyne said: "Not as long as I am the minister of education. The Model schools have gone for good, and it is not our intention to train teachers except through the medium of the Normal schools of the Province."

OBITUARY.

The oldest and one of the most widely known residents of Indian River, passed away Monday night at 7.30 o'clock in the person of Mr. William Walsh. He was ninety-five years of age, and had been in feeble health for some time.

The late William Walsh came to Canada from Tipperary County, Ireland, nearly 60 years ago, and settled at Indian River, where he has lived ever since. He has always followed the occupation of farming. He was a Roman Catholic in religion, and was a parishioner of St. Joseph's church, Douro.

Forty-two years ago he married Miss Margaret Meade, daughter of the late Michael Meade of Indian River, and his widow and two children, Mrs. Patrick O'Brien of Douro, and Mr. William Walsh of 547 Rogers street, Ashburnham, survive.

The funeral will be held this morning at nine o'clock.

Thaw's Creditors to Get $80,000.

Pittsburg, Pa., March 8.—A meeting of the creditors of Harry K. Thaw, now confined in the asylum for the criminal insane at Matteawan, N.Y., was held here to-day to discuss plans for a settlement of their claims. The report of Roger O'Mara, trustee in bankruptcy for Thaw, indicates that about $30,000 will be left for distribution among the numerous creditors after all items of expense are deducted.

Suffragists at Albany.

Albany, N. Y., March 8.—Advocates of woman suffrage are gathering here in force in anticipation of the joint hearing by the judiciary committees of the State senate and assembly to-morrow on the Hill-Toombs proposed constitutional amendment by which the suffragists hope to gain access to polling booths. Both the State Woman Suffrage Association, in which Mrs. O. H. P. Belmont is actively interested, and the Equal Franchise Society, of which Mrs. Clarence Mackay is president, will be represented at the hearing by large delegations.

THE SUN LIFE ASSURANCE CO.

Breaks Canadian Records for New and Total Business.

The record of expansion of such a company as the Sun Life Assurance Co. can be accepted as an unfailing sign of the development and prosperity of the whole country. The corporation has come to constitute so important a part of the business fabric and its statement showing over twenty-one millions of paid for business in one year, is the best possible evidence of the increase in individual wealth. It therefore means something more than a mere recital of an assurance company's striking success, to say that in its annuity department the Sun Life received no less than $648,000 in annuity premiums in 1909. It reflects the growing impulse to provide for the future among the public at large and the steady broadening of confidence in the corporation which, as a result, is making remarkable strides forward. The company's cash income from all sources last year reached the fine total of $7,778,132, an increase over 1908 of $828,530. The company's income as will be shown by this statement increased from $48,210 in 1872, to the figures for last year quoted above.

The assets, exclusive of uncalled capital, now amount to $32,904,490, while the life insurance in force reaches the enormous total of $129,913,869. It may also be pointed out that the company's striking increases from year to year are being obtained with a steady reduction in the ration of expense.

Mr. W. H. Hill, who has Central Ontario immediately under his control, reports a splendid year's business in his district. The company has enormously increased the number of its policy holders in Peterborough and district during the past number of years, its business having grown by leaps and bounds.

PETERBOROUGH BRANCH — George St. G. C. WAINWRIGHT, Mgr.

TRANSACTED Much Business

MEETING OF THE PRESBYTERY OF PETERBOROUGH.

Large Representation of the Clergy of Presbytery—Important Budget of Business Transacted.

The Presbytery of Peterborough opened yesterday morning at 9 p.m. in St. Andrew's church. The Rev. D. A. McKenzie, B.A., moderator, presided. There were present: Rev. D. A. Thompson, Hastings, clerk of Presbytery, and Rev. Messrs. Burns, Lakefield; Beattie, Cobourg; Brown, Campbellford; Carrie, Omemee; Brokenshire, Port Hope; Black, Harwood; Johnston, Millbrook; Keith, Peterborough; Dr. Marsh, Springville; McDonald, D.D., Keene; McLeod, A.R., Brighton; Pogue, Peterborough; Potter, Peterbotough; Skene Baltimore; Thornton, Colborne, ministers, and Messrs. Carruthers, McNaughton, Port Hope; R. Lees, M.A. Wm. Madill, J. C. Shook, R. Harrison, Peterborough; Albert Sanderson, Springville; Horsburg, Coldsprings; Gardiner, Millbrook;—Kennedy, Harwood, Spier, Cobourg.

The Rev. G. A. Brown of Campbellford, reported for the Committee appointed to visit Havelock in view of the illness of the pastor, Rev J. A. G. Sterling. Mr. Brown urged that the sympathy of the Presbytery be extending to Mr. Sterling in his serious, critical condition.

A committee consisting of the Rev J. G. Potter, Rev. H. J. Keith and Mr. J. C. Shook was appointed to consider the situation with power to make such arrangements as will relieve the afflicted minister.

The clerk reported that a call from the Norwood Presbytery church had been most heartily and unanimously proffered to Mr. M. Cree, B.A., member of the graduating class in Knox College, but inasmuch as he was not licensed to preach the Presbytery agreed to give the moderate authority to proceed with all necessary steps, and the day of the ordination and induction was set for April 14.

Rev. Messrs. Burns, McDonald and Marsh were appointed a committee to strike the standing committees.

A Presbyterian certificate was granted Mr. Harry Wilkie, which will enable him to resume his studies in McCormick Theological Seminary, Chicago.

The Rev. Jas. Skene, of Baltimore convenor of the Augmentation Committee reported that the Harwood congregation had renounced their annual grant, and would be hence forth self-sustaining. Grants were passed for Havelock and Mill Street Port Hope.

The very hearty thanks of the bytery was extended to the congregation of Harwood and Rosneath for the generous treatment of their minister in voluntarily and cheerfully abandoning aid from augmentation and deciding to pay the full minimum alone. The pastor Rev. J. R. Black has proved that a man of ripe experience and years of service in the ministry can be as active, forceful in preaching and faithful in pastoral work as the most active politician, or physician in their spheres of activity.

The following were then elected as commissioners to the General Assembly meeting at Halifax, N.S., in June:—

MINISTERS.

Rev. D. D. McDonald, Keene.
Rev. Dr. D. B. Marsh, Springville.
Rev. Mr. Beattie, Cobourg.
Rev. Mr. Johnston, Millbrook.

ELDERS.

R. Fairburn, Lakefield.
Wm. Madill, Peterborough.
A. Sanderson, Springville.
R. Lees, Peterborough.

The Presbytery adjourned at noon to resume at 1.30. The report of all-standing committees will be given as follows:—

Home Missions—Rev. S. S. Burns.
Foreign Missions—Rev. Wm. Johnston.
Aged and Infirm Ministers and Widows and Orphans—Rev. D. A. McKenzie.
Sabbath Schools—Rev. H. J. Keith
Systematic Giving—Rev. Dr. Marsh
Church Life and Work — Rev. P. Thornton.
Young People's Societies—Rev. D. D. McDonald.
Evangelistic Work—Rev. R. Pogue.
Social and Moral Reform—Rev. J. G. Potter.
French Evangelization — Rev. Mr. Stirling.
Statistics—Rev. D. A. Thompson.

The statistical report, as presented by Rev. D. A. Thompson, will show a very satisfactory year throughout the Presbytery.

Families added during 1909	218
Members, 1909	466
The Eldership has increased by ...	6
Sabbath School increased by ...	170

The financial aspect is very encouraging:—

Money received for mission purposes increased ... ...$	5,695
Money received for all purposes increased	26,568
Money received from W.F.M.S. and W.H.M.S. increased	2,248
Money received from Sunday School and Y.P.S. increased	874
Value of church property increased	13,700
Decrease in debt on church property	4,246

NIGHT WITH THE PLANETS.

Interesting and Instructive Address Last Night.

Rev. Dr. Marsh gave a very interesting and instructive address last night in the Collegiate Institute, under the auspices of the Royal Astronomical Society, on "A Night With the Planets." There was a good attendance, and at the conclusion of the address a hvote of thanks was unanimously tendered the speaker.

THE WEATHER.

Generally Fair and moderately cold.

Call Out Unions of the Whole State

Is Now the Proposition of the Leaders of the Quaker City Strike

Philadelphia, March 8.—The fourth day of Philadelphia's great general strike was ushered in with absolute quiet. Both sides, though claiming victory, have settled down to a waiting game.

Labor leaders claim they have shown their strength and that capital must recognize the demands they make. They declare that 145,000 men have voluntarily ceased their labors, throwing another hundred thousand men out of work.

Newspaper canvasses of the industrial plants of Philadelphia indicate that about 35,000 men are on strike.

TALK STATE STRIKE.

The eyes of the strikers and of the employers are turned today toward Newcastle, where the Pennsylvania State Federation of Labor is in annual convention. It is reported that labor leaders, especially from the western district of the State, will make a determined effort to put through a resolution calling for a State-wide strike to enforce recognition of unionism's demands in Philadelphia. The State Federation of Labor controls 300,000 strongly organized union men.

Philadelphia say they do not believe the affair will be allowed to go that length, but labor leaders profess to believe that they will get out all the Union men in the State if they fail to secure what they think in an equitable adjustment of their differences here.

Mayor Reyburn announced today that in his opinion the strike was over, and that if Philadelphians would stop talking "strike" he was sure the city would regain its normal condition within a day or two. He declares quiet has been restored to such a point that many of the special policemen sworn in within the past three weeks will be dismissed. Policemen have been withdrawn from a number of the car barns and fewer policemen are detailed toride upon the street cars.

Rise in Provisions was Manipulated

London, March 8.—It is stated that the rise in the price of provisions is due to the manipulation of markets in the colonies and Denmark, facilitated by the perfection of the refrigerating plant.

In the Commons Mr. Haldane announced that Sir. J. French goes to Canada in the summer to advise on the organization of the forces.

The Council of the National Fruit Growers' Association has received A W. McKinnon's letter welcoming the invitation given to Canadian fruit growers to visit Canada in the near future.

Lord Strathcona attended the luncheon to Sir G. Reid, Australia's high commissioner. The latter acknowledged many kindnesses from Strathcona and expressed his pleasure at serving "under such a fine senior commissioner."

THIS DATE IN HISTORY

1759—Russia and Sweden signed a treaty guaranteeing the neutrality of the of the Baltic.
1796—Napoleon Bonaparte married to Josephine Beauharnaise.
1814—Marshall Blucher defeated Napoleon at battle of Laon
1821—Sir Alexander Campbell, of Ontario, one of the "Fathers of the Confederation," born. Died May 24, 1892.

C. P. R'S Atlantic Line to Australian Ports

Montreal, March 8.—The C.P.R. announced this morning the inauguration of a new line of steamships to be operated by the New Zealand Steamship Company, between Montreal in summer and West St. John in winter and Australasian ports, first sailings from Montreal being the SS. Rakai on May 15th and Whakatani June 15th, and monthly hereafter. The steamers will load direct for Melbourne and Sydney in Australia, and Wellington, Auckland, Lyteltoa, and Dunedin in New Zealand. Cargoes will be accepted for all other Australasian ports. The steamers are equipped with cold storage. The service is subsidized by the Australian government, and likely the Canadian Government will be asked to make a grant.

Principal Gordon to Resign His Office?

Kingston, March 8.—The report is current that Rev. Drf Gordon, principal of Queen's is shortly to resign his office to enter into retired life. This morning it was announced that George T. Chown, registrar of Queen's, has withdrawn his resignation at the urgent request of the senate, and will continue to perform the duties of the office.

Majority in Favor of the Anti-Betting Bill

(Special to The Times.)

Ottawa, March 8.—The majority of the committee is in favor of Mr. H. H. Miller's anti-race track gambling bill, and it will be reported to the Commons.

The committee met in private this morning, and, while no decision was reached, it is understood this is the situation.

STONED DURING RIOT.

U.S. Legation at Bogota Has an Exciting Time.

Bogota, Colombia, March 8.—The United States legation here was stoned during a street riot last evening. The members of the legation are safe.

DO THE IRISH DIFFER?

Dillon and O'Connor Against Redmond and Devlin on the Budget.

London, March 8.—The "Cork Accent," O'Brien's paper, today says that there is violent and almost irreconcilable differences of opinion in the Irish party. Dillon and O'Connor being against Redmond and Devlin on the budget question.

Croup positively stopped in 20 minutes, with Dr. Shoop's Croup Remedy. Our test alone will surely prove this truth. No vomiting, no distress. A safe and pleasing syrup—50c. Sold by all dealers.

A drunk pleaded guilty at the police court yesterday morning, and on his own request will be put on the blacklist.

JUMPED TO DEATH.

Young Man Stole Ride, and Then Leaped off Train.

Brockville, March 8.—With a number of other young men out to spend Sunday afternoon, Stephen Tyo, a Kingston youth of 19, left that city on an eastbound freight train, intending to get off at Findlay station. The train did not stop as expected, and the boys jumped off at different points, where the opportunity afforded. Yesterday as Thos. Stark, section foreman, was patrolling the tracks between here and Mallorytown, he discovered the dismembered body of an unknown man, eleven miles west of her, having also been decapitated. Nothing was known of his identity until late in the afternoon, when E. H. Ryan, a member of the party, came from Kingston and positively recognized the remains as those of Tyo. An inquest is being held.

A New York judge has been convicted on a charge of having accepted a bribe amounting to $16.60. It must be mortifying for a judge to be found guilty of having been as cheap as that.

England Not Ripe for a Revolution

Scotland, Ireland and Wales May be Ready to Abolish the Lords—A Chance for Roseberry

London, March. 8—The declaration of Philip Snowden, the Socialist leader, that "the country is not ripe for the abolition of the Lords," indicates how little present chance there is for so radical a movement. The "country" here means England. For nobody suspects the rest of the United Kingdom—Wales, Scotland, and Ireland—to which the Unionists so often contemptuously refer as "the Celtic fringe," of any inordinate reverence for "our old nobility." Wales represents to the average peer the hotbed of Radicalism and dissent, only to be tolerated on account of the magnificent mountainous scenery of one part of it, and the prolific coal fields of another part. Scotland is for him merely a deer stalking paradise or a vast grouse moor to be visited at a season when other forms of sport are not feasible. And he has for Ireland little use save to draw his rents from it when he can get them, which, to do Mr. Redmond's compatriots justice, is not with clockwork regularity. But England is the peers' "happy hunting ground" in more than one sense. There he spends his money, there he keeps up his great establishment, there he endows churches and subscribes hospitals, there he is in many and many a village and hamlet, "monarch of all he surveys."

And so it is not abolition but reform. The government is working on one plan, Lord Roseberry on another, and Lord Lansdowne on a third. There are thousands of his countrymen who believe that Lord Roseberry has now the opportunity of his life. From the age of sixteen to sixty it has always been prophesied that he would "do great things." And it may be that in his scheme for reforming the constitution he will make good.

Asquith's proposal to accompany the reform of the Lords with a shortening of parliament is not likely to be popular with the commons. Members find elections come sufficiently frequently as it is.

Consignment of "Dry Goods" for Preacher in Northern Country

Toronto, March 8.—Of all the shocks which a Provincial constable ever got, probably the worse was that which greeted Constable Rowell of Matheson, the other day. Rowell's duty lately has been to search all trains on the T. and N. O. for illicit liquor which is being poured into the "dry" districts to the north. He goes through both freight and passenger trains. Some days ago a large box marked "dry goods" and consigned to a clergyman at Cochrane met his eye. The name of the reverend gentleman on the waybill should have disarmed all suspicion, but Rowell has lost a lot of faith in human nature, and opened the box. To his amazement it was found to contain no less toan three cases of Gooderham and Worts whiskey. The police department, to which Rowell made his report, is withholding the clergyman's name, but admits that the liquor has been seized, and the reverend consignee summoned.

Farther search by the constable resulted in the discovery and seizure of a box containing a 5-gallon keg of rum, another box labeled "drugs," with a quantity of Seagram's whiskey.

ENGINEER FELL FROM TRAIN.

Tilbury, March 8.—Michigan Central Railway Engineer Rickman, of St. Thomas, aged 45 years, died here today as a result of a fall from an east-bound special express at Buxton. He had gone on the coal tender to see about the water supply and was not missed until the train reached Fargo, eight miles further. A searching party found him and brought him here on a westbound express. He died an hour later. He leaves a widow and three children.

FOUND SENSELESS ON STREET.

Liquor Detective Seems to Have Taken Something That May Cost Him His Life.

Toronto, March 8.—Arthur Green, a dective for the Provincial License Department, was found unconscious on the sidewalk at the corner of Yonge street and Wilton avenue about 10.30 o'clock last night, and was taken to St. Michael's Hospital. He had not recovered consciousness this morning, and the doctors think he will die. There is a mystery surrounding Green's condition, but the theory of foul play is not entertained by Dr. Uren, who is attending him. There were two marks on Green's face near the nose, but they were not serious, and it is suggested that an overdose of something that might have been self-administered may have been responsible for his unconscious condition.

Dr. Uren accompanied the man to the hospital in an ambulance, and on the way the patient had a couple of convulsions. At the hospital the stomach was wiped out.

Green roomed at 172 Wilton avenue with two sisters. His home is in Belleville, but he has been in Toronto about four years. He had been a whiskey detective for a couple of years, and has been pretty well all over the Province. He is about 23 years of age, and his parents have been summoned from Belleville to his bedside.

BAD DREAMS CURED.

A Winnipeg Man Tells of a Simple Escape From Indigestion. Remedy That Cured.

"Though I am an active hard working man, somehow I fell into a condition of poor digestion and disordered stomach," writes Mr. Eb. P. Whiney. "In the morning I had a very unpleasant taste in my mouth. My tongue was whitish and nothing tasted good. An hour or so after eating I experienced pain in my right side, gas formed in the stomach and caused great distress. Even in warm weather my hands felt clammy, and still worse my system was seldom regular. Brooding and despondency would now and then get hold of me and completely unman me. When unfit for work I tried Dr. Hamilton's Pills. In my case their wonderful curative power was like magic. So mildly did they work upon my system I at first thought they wouldn't benefit. But a few bboxes proved how much they helped the stomach, how quickly they brace up digestion. Food tasted natural, my appetite improved, my face looked clear and bright, and day by day as I gained in health so I gained in spirits. Today I am as sound, vigorous and well as any man could be. Dr. Hamilton's Pills did it all."

Beware of the dealer that may try to sell you an inferior pill to Dr. Hamilton's, which are sure to help and cure. Sold in yellow boxes, 25c. per box. All dealers, or The Catarrhozone Co., Kingston, Ontf

PHIL KNOX, JR., MARRIED?

There Seems Doubt Yet About Secretary of State's Son.

Washington, March 8.—A battalion of newspaper men, accompanied by the camera squad, held up the Federal express on its arrival here today in the hope of finding Phil Knox Jr., aged 17, son of the secretary of state, and his reported bride. Neither was on board, and the conductor was not inclined to impart any information as to their whereabouts. Before leaving Providence, the young woman, who was Miss May Boler, a store girl, claimed that she and Knox were married last Saturday in Burlington, Vt.

A CRAZY MAN SURE.

Told Bell Telephone Operators to Clear Out of Building.

Hamilton, March 8.—At an early hour this morning Charles Winslow walked into the office of the Bell Telephone Co., and requested all the employes to leave, as he had come to take possession of the building, explaining to the surprised operators that he had bought out the company for $800,000. He also told them he was manager of the Cataract Power Co., and it was but a matter of time before he would take possession of that company's building. The man was locked up on a charge of insanity. Winslow did not have the appearance of a private monopolist.

Lost Seven Head Cattle.

Mr. Milford Northy, who resides in North Smith, a few miles above Lakefield, had the misfortune to lose seven head of cattle, valued at $300. The animals got into the barn and consumed a large quantity of buckwheat which was in a bin. They were watered at the usual time, the owner not being aware that they had consumed a large amount of grain, and the combination of water and buckwheat proved fatal.

PICKETING IS ILLEGAL.

The Plumbers' Union has lost once more in their final effort to set aside the judgments of the Canadian courts in the now famous strike case in which the master plumbers of Winnipeg attacked the right of striking employees to "picket" their places of business during the progress of the strike of two years ago. As a last resort, the unions appealed to the Privy Council on certain points. The master plumbers secured the services of a leading firm of London, Eng., barristers to present their arguments. No case in many years has excited so much interest. The damages, about $4,000 awarded to the master plumbers against the unions, will stand, according to the decision of the Privy Council. The final is a heavy blow to unions at large, and especially in so far as their rights during a strike are concerned.

A New York man is busy trying to breed a tailless cat. We suppose he is busy at it because he has nothing else to do.

SUN LIFE ASSURANCE COMPANY of Canada.

A Great Year

The splendid record of the Sun Life of Canada is typical of the advancement of Canada and its institutions.

For the first time a Canadian Company has secured more than Twenty Millions of Paid-for business in one year.

$684,000 Annuity premiums received last year—the strongest evidence of public favour.

The **increases** made by the Company each year are greater than the total figures of some excellent companies.

The exceedingly remunerative character of the Company's investments assures a continuance of a high basis of profits to policyholders.

Assurances issued in 1909 and paid for in Cash	$ 21,509,273.16
Increase over 1908	1,725 601 95
Cash Income from all sources	7,778,132.05
Increase over 1908	828,530.07
Assets as at 31st December, 1909	32,804.996 77
Increase over 1908	3,566,471.26
Profits earned in 1909	1,090,241.18
Profits paid policyholders entitled to participate in 1909	378,010.60
Added to Surplus for future profits and further protection of policyholders	712,230.58
Surplus, Company's valuation Standard (Hm 3½ and 3 p.c.)	3,308,534.53
Surplus, Government Standard	4,940,556.77
Payments to policyholders and beneficiaries in 1909	2,824,184.01
Total payments to policyholders since organization	23,243,167.45
Total Life assurances in force December 31st, 1909	129,913,669.52

The above splendid results were obtained with a reduction in the ratio of expense.

THE COMPANY'S GROWTH

	Income	Assets Exclusive of Uncalled Capital	Life Assurance in Force
1872	$ 48,210.93	$ 96 461.95	$ 1,064,350 00
1879	172,528 42	397,777 32	3,615,124,35
1889	563,140,52	2,233,322.72	13,337,983.08
1899	2,596,207 27	9,247,664 61	52 866 035 93
1909	**7,778,132.05**	**32,804,996 77**	**129,913,669.52**

HEAD OFFICE: - MONTREAL

ROBERTSON MACAULAY, President — S. H. EWING, Vice-President. — T. B. MACAULAY, F.I.A., F.A.S., Managing Director and Secretary.

W. H. HILL, Manager Central Ontario, - - - Peterborough, Ont.

We offer 1000 shares for subscription at par, $10.00. The right of allotment is reserved.

The Canadian Poultry Farm Stock Co. Ltd.

(Charter Applied For).

CAPITAL $40,000.00

Divided into 4000 shares at $10.00 each, same being Common Stock.

Head Office and Farm—MONTREAL, QUE.

Incorporators: C. J. BELL, Manager. LOUIS P. RENE, A. W. SAGER

Room 53, Royal Trust Building.

The object of this Company is to operate a Poultry Stock Farm and to supply eggs, fowls, etc., etc., to the Montreal market. At the present time there is no such business being carried on in this part of the country, although in Western Canada and the United States many similar farms are being conducted with great success, and each and every one shows a handsome profit on the capital invested. By being the first to operate such a business in this part of Canada, where the output could be sold many times over, and with competent men to manage the farm, the success of the business is assured.

It is hoped to have the farm inoperation about the first of April, and we will gradually increase so as to meet the demand of the trade. The shareholders will have first option upon the output, which it is intended to deliver daily.

It is worthy of note that the freight charges paid to the different railway companies for transporting eggs, poultry, etc., into Montreal amount to thousands of dollars per year, said eggs, poultry, etc., being shipped from all parts of Ontario and Quebec, together with shipments from other provinces, all to be consumed in the City of Montreal, and in nearly every case these shipments are controlled by the Wholesale Produce Merchants, and re-sold to Retail Dealers, then sold by the latter to the consumers; therefore, it is easily perceived that in this way four profits must be divided from the price the farmer sells at to the price the consumer pays for the above-mentioned articles.

At the present moment fresh eggs are very scarce; so-called fresh eggs are being sold to the consumer at from 30 cents to 63 cents per dozen. We do not expect to be able to overcome this great problem, but we do expect to be in a position to furnish the Shareholders in this Company and other Retail Dealers with fresh eggs daily. Taking into consideration the number of eggs that are consumed in Montreal every day, the placing of the output is a foregone conclusion.

In P. E. I. the average profit per hen for eggs a year is $2.00; in York Co., Ont., $2.75; in New Jersey, $6.00. It is expected that the average profit in Montreal will be $3.00.

It is understood we are to start this business in the right way. In the first place, only first-class fowl, such as hens, turkeys, geese, ducks, etc., will be purchased, and by purchasing a farm within the suburbs we will in a few years save the entire price paid for same by the saving of the enormous freight charges on eggs, etc., from an outside point.

ESTIMATE OF EXPENDITURES.

Farm property		$10,000 00
Hens, Turkeys, Geese and Ducks, etc. including feed, and grain for same	5,000 00	
Incubators and Implements, etc.	3,000 00	
Building, Outhouses, etc.	5,000 00	
Unforeseen expenses	2.000 00	
Total expenditure		$25,000 00

EXPENSES FOR ONE YEAR.

Manager's salary	$2,000 00	
Wages for labor	2,000 00	
Sndries, etc.	1,000 00	
		$ 5,000 00
Reserve		$10,000 00

ESTIMATED PROFITS FOR FIRST YEAR.

2000 hens to commence will yield in eggs an average of $3.00 each	$6,000 00
Adding to our flock of egg producers within six months 10,000 hens, which will average profit by April, 1911, $1.50 each	15,000 00
Poultry for the market; 2,000 dozen of eggs will raise by incubators 18,000 chickens, which can be ready for the market in from seven to twelve weeks; sale price will easily average $1.10 per pair (this can be repeated during the year)	9,900 00
Turkeys, rough estimate	2,100 00
Ducks	3,000 00
Geese, etc.	4,000 00
Representing dollar for dollar profits	$40,000 00
Our debt for the second year will be reduced some	$20,000 00
Our profit for the second year will increase considerably. Rough estimate	15,000 00

COMPLETE THE FOLLOWING AND RETURN.

Montreal, Que. 1910

I do hereby subscribe for ..... shares in the Canadian Poultry Farm Stock Company, at ten dollars per share.

All cheques to be made payable to The Canadian Poultry Farm Stock Company, C. J. Bell, Manager, in trust, and may be deposited in the Traders' Bank of Canada, Montreal.

Signed .....

To Subscribers:

The question has arisen that investors ask for assurances as to my ability and integrity. I beg to say I hold some of the highest recommendations in Canada as to my ability and character, among them is the Right Hon. Sir Wilfrid Laurier's best consideration. I can assure the subscribers of this Company that I will guarantee a dividend exceeding that of any other mercantile company in Canada. I will be satisfied with nothing but the best experienced help available.

C. J. BELL.

THE MORNING TIMES

WEDNESDAY, MARCH 9, 1910.

ROCKEFELLER'S JOY IN GIVING.

The Rockefeller Foundation is an instrument by means of which the greater part of Mr. Rockefeller's great fortune may be dedicated forever to the service of mankind. Its scope is very broad, as is indicated in the third section of the bill introduced in the United States Senate by Senator Gallinger, which reads:

"That the object of the said corporation shall be to promote the well-being and to advance the civilization of the people of the United States and its territories and possessions and of foreign lands in the acquisition and dissemination of knowledge, in the prevention and relief of suffering, and in the promotion of any and all of the elements of human progress."

All the necessary machinery and powers are provided, so that, as Starr J. Murphy, one of the incorporators, says, the bill makes it possible for Mr. Rockefeller to go into any form of philanthropy in the world. He and those associated with him and coming after him will run a colossal business organization, whose resources are drawn from many fields in the cause of humanity.

The purpose is a splendid one that appeals powerfully to the heart and the imagination, and it should be applauded without those qualifications and reservations that are so common when the gifts of Mr. Rockefeller to the public are discussed.

He is organizing this magnificent philanthropic work not merely because he is a very rich man who can afford munificence, but because he has a deep sense of the obligations of wealth, because he enters fully into the joy of giving, and because the spirit spirit that has made him such a conspicuous exemplar of the give-while-you-live idea urges him to so arrange his affairs that the giving shall continue after his death. If he were not possessed by this spirit he might do as many millionaires have done and bequeath all but a small part of his fortune to his family.

He has a son and three daughters among whom it might be divided. But his son, John D. Rockefeller, jr. retires from engrossing business occupations to become his active partner in philanthropy and to carry out his plans. And though the father will leave all his children abundantly provided for, he has an eager desire to dhelp thousands, to do as much good as possible with the vast property that he has accumulated, and the course that he is pursuing entitles him to the praise and gratitude of his fellow men.

EDITORIAL NOTES.

The Ontario Government having re-affirmed its position that no municipality can be permitted to grant exemption from school rates, those who have been ignoring this fact must govern themselves accordingly.

Some of the fashionable women of London are reported to have quit smoking cigarettes and taken to pipes. We fear this will increase the demand among Englishmen for American wives.

Now that a Dundas boy has died in the Hamilton hospital after terrible suffering from hydrophobia, due to the bite of a pet dog with which he had been playing, perhaps those who have been inclined to question the necessity for the Government's orders as to the muzzling and chaining up of dogs may view the subject in a different light. The agony of that ten-year-old boy and the grief of his parents and relatives furnish powerful arguments for the strictest possible enforcement of the regulations.

A measure which deserves more consideration than it is likely to receive, at least at this session, is the "Act Respecting Pure Food," introduced at Ottawa by Major Currie, the member for Simcoe. There is no subject of more importance to the health of the public, and anything that will prevent the adulteration now too widely prevalent ought to meet with general favor. The difficulty in the way of fixing a standard of purity Major Currie proposes to overcome by appointing a Pure Food Commission with plenary powers, a method that certainly appears feasible. Unfortunately the father of the bill is an active member of the Opposition, and in the slaughter of the innocents that is due to occur a few weeks hence Major Currie's Act is almost certain to figure.

Nothing in the way of a Cough is quite so annoying as a tickling, teasing, wheezing, bronchial Cough. The quickest relief comes perhaps from a prescription known to Druggists everywhere as Dr. Shoop's Cough Remedy. And besides, it is so thoroughly harmless that mothers give it with perfect safety even to the youngest babes. The tender leaves of a simple mountain shrub, give to Dr. Shoop's Cough Remedy its remarkable curative effect. A few days' test will tell. Sold by all dealers.

REAL ESTATE SALESROOM

There's Land in Sight

for you if you know where to look for it. It will save you time and money to come direct to us. Come today. We have on our books, records of THE BEST REAL ESTATE TO BE HAD. Cosgrave's Beer

Words of praise have ever prevailed in advertising "copy." That a producer should wax enthusiastic over his own wares is but human. But it's the praise of the consumer that counts—and it is to a discriminating and critical public that "Cosgrave's" refers you.

It is safe to say that no product of any kind enjoys a more enviable reputation than does this same Cosgrave Beer of Toronto in markets where it is offered.

Its self-evident honesty of purpose, purity, brilliancy, body, and every other attribute that goes to make a perfect beer are ever in evidence.

Cultivate the "Cosgrave Habit"—Watch for the name—ask for any of these brands—Half-and-Half, Pale Ale, XXX Porter.

HOTELS

Montreal's Popular Hotel!

Favorite Stopping Place for the Travelling Public

The Grand Union Hotel is situated at 340-356 Notre-Dame street, west, in the heart of the business section of the city. Electric cars pass the doors to all points of interest, and amusement. Five minutes' walk from C.P.R. and G.T.R. stations. The bus meets all trains to convey guests free, to and from the stations.

During the month of April, last year, this hotel underwent a thorough renovation, which has made it the best up-to-date commercial hotel in the city for home comfort. The hotel is under the personal supervision of Mr. Murray, who gives his special attention to his guests.

Nice clean, comfortable rooms, and elevator service. American plan. Rates $2.00 per day, and upwards.

F. J. MURRAY,
Proprietor.

HOTEL CARSLAKE, MONTREAL European plan—opposite Grand Trunk, Geo. Carslake, Proprietor.

Synopsis of Canadian Northwest Land Regulations.

ANY PERSON WHO IS THE sole head of a family, or any male over 18 years old, may homestead land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother, or sister of an intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, solely owned and occupied by him, or his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price $3.00 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price $3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth $300.00.

W. W. CORY,
Deputy of Minister of the Interior.

PLAYING PROVIDENCE.

Where Did This Vast Sum of Money Come From.

Mr. Rockefeller, having tried various ways of getting rid of his fortune, at last cuts the Gordian knot by proposing to devote the whole of it to the service of mankind. The Rockefeller Foundation is organized to promote the well-being and advance the civilization of the people of the United States and its possession in foreign lands, and for the acquisition and dissemination of knowledge; for the prevention and relief of suffering, and the promotion of any and all of the elements of human knowledge.

Giving every credit to Mr. Rockefeller for benevolent intentions one is still compelled to ask why he took so much pains to accumulate money only in order that he might take more pains to get rid of it. His method of procedure seems to indicate a lack of faith in human nature, and in Divine Providence. The United States of America are blessed with immense natural resources, and inhabited by an inventive, energetic and kindly people. Left to themselves, these forces would work for the ends specified in the Rockefeller foundation, civilization, knowledge and the relief of the suffering. Any pioneer community in the United States or Canada—and probably any people living under like conditions—would be kindly, enterprising, and helpful.

Therefore the better kind of men who are bent upon accumulating enormous fortunes—not the mere misers and grabbers—are giving themselves a vast amount of unnecessary trouble. They do not trust Divine Providence; they do not trust the working of economic laws; they do not trust human nature; and so they find themselves in the end, as Mr. Rockefeller now finds himself, usurping the functions of Providence.

Benevolent despots and paternal governments have been criticised because they imagined themselves wiser than all mankind, and tried to do for individuals by law what individuals could have done better for themselves by their own energy and enterprise. Wealth is simply a form of power, and should be sought and used under the same limitations as political power. A wise man will not desire more of any kind of power than he can wisely use. And when having accumulated an immense quantity of the power represented by wealth, the rich man finds himself at his wit's end how to use it, he surely demonstrates that he has accumulated power to excess.

A failing tiny nerve—no larger than the finest silken thread—takes from the Heart its impulse, its power, its regularity. The Stomach also has its hidden, or inside nerve. It was Dr. Shoop who first told us it was wrong to drug a weak or failing Stomach, Heart or Kidneys. His prescription— Dr. Shoop's Restorative—is directed straight for the cause of these ailments—these weak and faltering inside nerves. This, no doubt clearly explains why the Restorative has of late grown so rapidly in popularity. Druggists say that those who test the Restorative even for a few days soon become fully convinced of its wonderful merit. Anyway don't drug the organ. Treating the cause of sickness is the only sensible and successful way. Sold by all dealers.

BIG MINERS' STRIKE.

Operators and Miners May Fail to Agree on Scale.

Cincinnati, O., March 3.—The joint wage conference of the miners and operators of the central competitive field, which adjourned at Indianapolis two weeks ago after a futile effort to reach a satisfactory agreement on wages and conditions of labor for the year beginning April 1, resumed its deliberations here to-day with the prospects that an understanding may be reached and the threatened strike averted. The district involved in the dispute comprises Pennsylvania, Ohio and Indiana.

The main point in dispute is a demand by the miners for an increase in wages. President Lewis, of the United Mine Workers, is holding out for the basic rate of $1 a ton for the miner, who now gets 90 cents. This is a demand far more than a ten per cent. increase. The operators say that such an increase would be ruinous to their business. The chief contenders for the operators are the eastern Ohio men, who are fighting hard against an increase.

It now appears probable that the present conference may agree upon a compromise, which will give the miners a rate of 95 cents a ton. In addition to the demand for an increase in wages the miners also ask for a half holiday on Saturday. Whatever agreement is reached at the joint conference will be submitted for ratification to a special national convention of the United Mine Workers, which has been called to meet in this city next week.

Have you a pain—of any kind, anywhere? Stop just a minute and think *It matters not whether it be* womanly pains, head pains, or any kind of a pain, one of Dr. Shoop's little Pink Pain Tablets will surely stop it in 20 minutes. Formula plainly printed on the 25c. box. Sold by all dealers.

IF SICK--WHY PAY

Unless Health First Returns.

Here is what should and can be done!

Now you would not willingly pay for food that was worthless—would you?

Then why pay for medicine until that medicine first proves to you its actual worth?

Positively knowing what Dr. Shoop's Restorative can do for the sick, I say to all: Don't pay unless health first returns". And I have a representative with a signed and sealed 30 day guarantee. No pay" contract.

I positively pledge to the sick everywhere that "Dr. Shoop's Restorative is absolutely free if it fails". Let others do the same or else pass their prescriptions by.

If you need more strength, more vitality, more vigor or more vim, use my Restorative a few days and note the immediate improvement.

When the Stomach, Heart, or Kidneys are wrong, then test Dr. Shoop's Restorative. If it does the stomach nor stimulate the Heart or Kidneys, for that is wrong. Yet keep in mind that pain is no index in medicine. The books below will tell you how I am correct.

These books also tell of a tiny hidden "inside nerve," no larger than a silken thread. They tell how that nerve, until it fails, actually draws to the Heart its power, its force, its nerve-current motion or impulse.

These books will come my way and I gladly send to those who are sick. They tell of the Heart, the Stomach, and Kidneys—of nerve force, or nerve power nerves. They tell how the nerves are essentially made to regulate and control. How weak or failing inside nerves, All of these books tell why I am able to say, "It is free if it fails".

This is why I say "take no chances on a medicine whose maker dare not bank it just as I do by this remarkable offer".

So write me today for the order.

I have appointed honest and responsible druggists in nearly every community to handle my medicines to the sick.

But write me first for the order.

All druggists sell Dr. Shoop's Restorative, but all are not authorized to give the 30 day test. So drop me a line, please, and thus avoid disappointment and delays. Tell me also what book you need.

A postal will do.

Besides, you are free to consult me as you would your home physician. My advice and the book below are yours—mailed without cost.

Perhaps a word or two from me will clear up some serious illness. I have helped thousands upon thousands by my private prescription or personal advice plan. My best effort is at your service. Why suffer? Is not health worth your simple request. So write now, while you have it fresh in mind, for tomorrow never comes. Dr. Shoop, Box 12, Racine, Wis.

PORCUPINE.

SALE OF LOTS IN TOWNSITE.

Sealed tenders will be received by the undersigned up to Wednesday, 16th March, 1910, at one o'clock, p.m., for the purchase of all the lots in the town plot of Porcupine, situated in the south half of lot nine, in the fourth concession of the township of Whitney, at the eastern end of Porcupine Lake, as shown by plan of survey by Mr. E. D. Bolton, O.L.S.

Tenderers are asked to state how much they are prepared to pay for each lot and must accompany their tenders with a marked cheque in favor of the Provincial Treasurer, for half the amount which shall be applied as the first instalment. Successful tenderers will be required to pay the balance within two months.

The highest or any tender not necessarily accepted.

Tenders to be marked "Tenders for lots in town plot of Porcupine," and to be addressed to the Honorable the Minister of Lands, Forests and Mines.

Plans of townsite may be had on application to the Department and to the office of the Mining Recorder at the following places: Porcupine, Haileybury, Cobalt, Sudbury, Elk Lake, Gowganda, Sault Ste. Marie, Parry Sound.

F. COCHRANE,
Minister of Lands, Forests & Mines.

Who Said Huethers?

We All Did.

Society desire to thank Miss H. Davies for a roll of flannelette.

Many wild ducks are to be seen on the river between the city and Lake.

The New England Tea at Murray street church on Friday evening will commence at seven o'clock, and not at eight, as announced in advertisement on Saturday.

Lecture at Y.W.C.A.

The Rev. E. A. Pearson gave a very interesting illustrated lecture on "Florence, Venice, Milan and Rome." The lantern pictures shown were very clear and the evening was a very pleasant and profitable one. Rev. Mr. Webb moved a vote of thanks, seconded by Mr. Shortly, to the lecturer, for his interesting and entertaining lecture. Mrs. Hope Miller gave a violin selection, and Miss Howell rendered a vocal solo, and Miss Davies a piano solo, which added to the evening's entertainment. There was a large number present.

Had Rehearsal Last Night.

About 50 members of the Conservatory Madrigal Club were present at the Tuesday night rehearsal. The members are showing great interest and enthusiasm in the work. From now on until the contest in the week of April 4th, the rehearsals will be held on Tuesdays and Fridays. Every member is requested to be at next Friday's rehearsal.

Fortify now against the Grip—for it comes every season sure! Preventics—the little CandyCold Cure Tablets—offer in this respect a most certain and dependable safeguard. Preventics, at the "sneeze stage" will, as well, also surely head off all common colds. But promptness is all-important. Keep Preventics in the pocket or purse, for instant use. Box of 48 for 25c. Sold by all dealers.

BELL PHONE 737

COR. WATER & SMITH STS.

A Vicious Dog.

An information was laid yesterday at the police court against the owner of a vicious dog. The animal had bitten a child.

Medicines that aid nature are always most successful. Chamberlain's Cough Remedy acts on this plan. It loosens the tough, relieves the lungs, opens the secretions and aids nature in restoring the system to a healthy condition. Sold by all dealers.

R. T. of T.

The regular meeting of the Royal Templars of Temperance was held in the hall over the Crystal yesterday evening, when the officers were elected.

A Dog Bylaw.

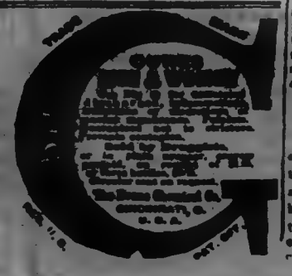
The council is preparing a bylaw to regulate the keeping of dogs. We understand the bylaw will provide for a higher dog tax as well as compel all dogs running at large to be muzzled.

A Runaway.

A horse attached to P. Connal & Son's delivery wagon, made a wild dash for liberty on George street north yesterday afternoon. Mr. Fred Parnell proved the hero and captured the beast.

Prices Not Increased.

The Times has been requested to state that there has been no advance in the prices charged by local barbers. There seems to be an impression abroad to the contrary, however, which it is desired to correct.



Canadian Pacific.

Parlor Car Notice: Commencing on Monday, March 7th, parlor car will be attached to local trains leaving Peterborough at 7.55 a.m., and Toronto at 5 p.m. Seats in this splendid car only 25 cents extra. Seats reserved at city office.

Bread Bill Passed.

By a vote of 21 to 4 the committee of the Ontario Legislature declared that there may be inspection not only in factories, but in stores and wagons. Penalties of $5 for shortweight bread and $25 for use of adulterants were also passed.

Fully nine out of every ten cases of rheumatism is simply rheumatism of the muscles, due to cold or damp, or chronic rheumatism, neither of which require any internal treatment. All that is needed to afford relief is the free application of Chamberlain's Liniment. Give it a trial. You are certain to be pleased with the quick relief which it affords. Sold by all dealers.

Appeal Entered.

An appeal has been entered against the judgment of Magistrate Dumble, who fined a liquor dealer on March 3rd, for selling liquor to a blacklisted man on Saturday, February 20. Mr. G. N. Gordon acting for the appellant, served notice on Chief Rossel yesterday morning.

Peterborough Garrison.

The attention of the members of the garrison is called to the fact that the large recreation room in the armories is now completely furnished and supplied with illustrated papers, magazines and games, and the officers desire that the men should take the advantage of the splendid rooms which are open every evening.

A Street Closed.

At the council meeting on Monday evening the formal notice regarding the close of Quaker street was read and there were no objections. The bylaw authorizing the closing of the street was passed later in the evening. The street is now legally closed.

New Methodist Church.

It is proposed to tear down the Charlotte street Methodist church to make room for a larger and better structure. A committee has been appointed to look into the matter and report to the congregation.

Moving Picture Shows.

Chief Rossel has expressed his intention of enforcing the regulations regarding moving picture shows, which provides that "all halls, passageways, stairways, or approaches shall be kept free and unobstructed by any campstool, chair, sofa or other obstruction, or by allowing the public to stand in the aisles."

Give Dogs Water.

With reference to the mad dog 'scare' is it generally known that thirst has a great deal to do with ferocity and madness in dogs during the winter? People say, "Oh, let them eat the snow," but snow does not alleviate thirst entirely, and many dogs suffer terribly for want of water—not milk, the latter only gives temporary relief, and too much is not good for them. Give the poor dogs all the water they require.

Chamberlain's Stomach and Liver Tablets are safe, sure and reliable, and have been praised by thousands of women who have been restored to health through their gentle aid and curative properties. Sold by all dealers.

Lakefield's New Industry.

The Lakefield Village Council passed the final reading of the Siemon Co. by-law authorizing the granting of a bonus to the company by way of a loan. All that remains now is for the company to carry out its contract to erect a building 60 feet by 300 feet and two stories high for the manufacture of hardwood flooring, furniture and other articles in this category. The company announces that it will begin operations with forty employes, and probably will probably increase the number to four times that, as the industry grows. The company have a manufactury in Wiarton and its headquarters are in Toronto.

SOCIETY

The Times will be pleased to receive notices of Weddings, Social Events, Personal Announcements, which will be published in this column free of charge.

Mr. W. A. Edwards of the Crystal, was in Toronto yesterday.

Mrs. E. A. Greene of Toronto, is visiting her mother, Mrs. W. H. Maldrum, "Fairview."

The many friends of Mr. T. E. Bradburn, M.P.P., will regret to learn that he is confined to his home through a severe cold.

Mr. Wm. Bunton, the genial city ticket agent of the G.T.R., has returned from an extended trip trough the Western States, looking hale and hearty.

Mr. John Mitchell and his bride, (nee Miss M. Renwick) of Keene, left yesterday for their home in Central Butte, Sask. Mr. Mitchell is a successful young farmer of Central Butte, where he located some three years ago.

Mrs. Flavelle of Toronto, and Miss Clara Flavalle are returning from England on account of the illness of Mrs. Flavelle's son, who has typhoid fever.

Little Local Lines

An occasional muzzled dog is to be seen on the streets.

The roads in the country are in bad shape.

Another sign of spring: The 57th Bugle Band have resumed practice.

We call the attention of our readers to the sale of lots in Porcupine by the Ontario Government.

The market tolls are to be sold by public auction this year, the present system of a salaried market clerk being abolished.

A dog was run over yesterday by a street car. It was so badly injured that the brute had to be shot.

The officers of the Children's Aid

PUBLISH MY LETTER THE WORLD OVER.

The Words of Harold P. Bushy, Who Was Permanently Cured of Chronic Lumbago by "Nerviline."

"Three years ago I discovered that a man subject to lumbago might just as well be dead as alive." These words open the sincere, straightforward letter of H. P. Bushy, a well-known man in the plumbing and tinsmithing business in Portland.

"One attack came after another, and lumbago got to be a chronic thing with me. I could scarcely get in a day's work before that killing, crue, pain would attack my back. I used a gallon of liniLETTER ments; not one of them NO. seemed penetrating enough to get at the core 4311 of the pain. I read in the Montreal Witness about Nerviline, and got five bottles. It is a wonderful medicine—I could feel its soothing pain-relieving action every time it was der control with Nerviline. I built applied. When I got the disease unup my strength and fortified my blood by taking Ferrozone at meals. This treatment cured me permanently, and I urge everyone to give up the thick, white, oily liniments they are using, and try an up-to-date, penetrating pain destroyer like Nerviline.

"Please publish my letter the world over. I want all to hear of Nerviline."

Don't be cajoled into receiving anything from your dealer but "Nerviline." Large bottles 25c.; five for $1.00. Sold everywhere or the Catarrhozone Co., Kingston, Ont.

VOL. XXXIII NO. 55 PETERBOROUGH, ONTARIO, THURSDAY MARCH 10 1910 PRICE TWO CENTS

Annual Meeting of Orange Grand Lodge at St. Catharines

Bi-Lingual Schools a Lively Topic for the Meeting—A Proposal to Adopt a Political Platform

St. Catharines, March 8.—Bi-lingual schools is the chief item on the menu at the annual convention of the Orange Grand Lodge of Ontario West which opened up here this morning. And it will be served hot. The subject will probably be introduced in the report of the Legislative Committee, which along with representatives from the Orange Grand Lodge of Ontario East waited on the Provincial Government one month ago to protest against what they termed the gradual domination of the French language in the Public schools of eastern counties, such as Prescott, Russell and Glengarry, and the sale of Public schools at low prices to Roman Catholics by co-religionists after they had obtained control. Following this a deputation from the French-Canadian Education al Congress waited on the cabinet and complained that the French language and French-Canadians were not sufficiently recognized in Ontario schools and urged the elevation of French to an equality with English under certain conditions. Strong protests, it is known, will be made against the demands of the latter deputation. Bi-lingualism in the school will pass through a scorching fire if the outspoken views of a number of delegates who were in hand this morning are given expression in the convention.

A POLITICAL PLATFORM.

A political Orange platform is also being advocated and may be adopted. It has been discovered that a resolution was passed in 1676 in favor of such a move, and this, as well as the recent action of the Grand Lodge at British Columbia along this line, and late developments, will be made the basis for a determined effort.

Farms were Flooded and Stock Drowned

Chatham, March 9.—The ice jam in the river at Prairie Siding is very much worse this morning. This jam, which has now lasted for 75 hours, is five miles long and extends thirty feet above the river banks. Yesterday it started to move and went down the river in a mass, a distance of a quarter of a mile, when it stopped again and there it remain yet, with no hope of it being removed. Thirty square miles of land are flooded with water and the torrent, three miles wide, is rushing to the lake at the rate of four miles an hour.

FARMERS SUFFER MUCH.

Farmers have been driven from their homes as a result of the flood, stock has perished, and crops are demolished. In many cases stock have been placed on the top of hay stacks to keep them from being drowned. Yesterday afternoon a special train arrived at Prairie Siding with a considerable amount of dynamite.

Superintendent Cunnigham of the G.T.R., directed the work of blasting the jam. Three terrific explosions took place, but these only had the effect of blowing three holes in the ice and the jam was immovable. The dynamiting has been abandoned as being useless. In the meantime the ice and water continue to come down the river, and the jam itself is constantly being increased in length. It is reported this morning that the water is still gradually rising.

There is now talk of bringing an ice-breaker from Detroit to try to break through the jam. This is the only feasible scheme left for the relief of the farmers whose lands are flooded.

SCHOOL REPORT.

The following is the school report for S. S. No. 9, Smith, for the month of February. The names appear in the order of merit:

Class V.—Lorne McKee.

Class IV., Sr.—Roger Blewett, 80 p.c.; Norman Davis, 75 p. c.; Ruby Elliott 72 p. c.; Reginal McConkey, 70 p.c.; Clarence Elliott, 61 p.c.; Verna Harris, 59 p.c.; Frieda Preston, 56 p. c.

Class IV., Jr.—Stella Nichols, Muriel Sweeting, Seymour Sweeting.

Class III.—Ruby Nichols, Wesley Davis, Melville Crapp, Minnie Weir, Clifton Isbister.

Class II.—Gordon Blewett, Mildred Crapp, John Davis, Kenneth Sweeting, Myrtle Mellmoyle.

Class I.—Dorothy Branch, Melville Fowler, James Bell, Irene Bell, Pearl Isbister, Melvolm Isbister, Reggie Bell, Emily Green.

Primary Class.—Clarence Bell, Ira Branch, Chalmer Sweeting, Stella Davis, Willy Tully.

Average attendance 26. M. L. McConnell, teacher.

Healthy Workhouses.

London, March 9.—There is an inmate in the Colchester Workhouse who is 90 years of age, one who is 92, 21 between 80 and 90, and 53 between 70 and 80.

The Royal-Victoria Life Insurance Co.
of Canada

ANNUAL MEETING
Montreal, March 3rd, 1910.

DIRECTOR'S REPORT
Submitted to the Shareholders, and unanimously approved.

Your Directors beg to submit their report of the business of the Company for the year ending December 31st, 1909, together with the Financial Statement and the Report of the Auditors.

INSURANCE ACCOUNT. The new business of the year amounted to $900,000.00 in applications, on which $802,000.00 of insurance was issued. While the issues were not as large as the previous year, the premiums collected on new policies were nearly of the same amount. The insurance outstanding amounts to $5,081,000.00.

INCOME ACCOUNT. The Premium and Interest Income during the year amounted to $189,969.94. The interest received amounted to $27,359.14, to which if added the increase in accrued interest at December 31st, will total $29,397.90 interest earned during the year. At the close of the year not one dollar of interest was overdue on any of the Company's investments.

CAPITAL AND ASSETS. The total assets of the Company (independent of the subscribed guarantee capital) now amount to $706,-598.08. Adding the subscribed guarantee capital of $800,000.00 as a legitimate security for policyholders, the amount available to the Company to meet its liabilities under Policy Reserves, Death claims and other liabilities to policyholders amounting to $694,-434.08, now reaches the total sum of $1,506,598.03.

EXPENSES. The expenses of management to premium income (excluding taxes, which cannot fairly be chargeable to management expenses) were 2 per cent. lower than the previous year.

DEATH CLAIMS. The Death Claims were favorable, numbering eighteen lives for $20,500.00.

INVESTMENTS. The investments have been materially changed during the year 1909. Loans on first-class mortgages on Real Estate increased $67,000, while bonds and debentures owned by the Company have been increased $50,520.00. Loans and Liens on policies at 6 per cent. have also increased in the sum of over $14,000.00. The investment of the Company's funds has been made with great care, as will be seen by referring to the Financial Statement, only the best securities obtainable being accepted by the Directors.

All of which is respectfully submitted.

DAVID BURKE, General Manager. JAMES CRATHERN, President.

The retiring Directors were unanimously re-elected for three years. Mr. James Crathern was re-elected President, and the Hon. L. J. Forget and Hon. [illegible] were re-elected Vice-Presidents, and Dr. T. [illegible] re-elected Director.

AT ST. JOHN'S LAST NIGHT.

Interesting Sermon on the Meaning of the Word "Salvation."

Rev. Mr. Montgomery of Port Hope, was the special preacher at St. John's church last night. He delivered a very instructive sermon on "Salvation," a word which is be-contended, much misinterpreted these days. We can only learn the true meaning of the word from the Bible, and not from the varied opinions of men. A great many people entertain the idea that salvation implies being safe from hell and sure of heaven, but there is nothing in the Scriptures to warrant one asserting that he or she is sure of being saved. Satan himself was once an archangel in Paradise, and the companion of God's holy ones, and yet he was cast out of heaven. Adam and Eve were placed in a paradise where no sin was known, and surely they could say they were perfectly safe; still the tempter came and they fell. Judas Iscariot, a companion of Christ for three years, became a traitor, and Peter also fell in deny ing his Master. These are examples of the uncertainty of man's condition even under the most advantageous circumstances. The reverend gentleman pointed out in conclusion that the correct interpretation of the Greek word for "Salvation," as given in the revised version of the Scriptures, is "being saved," hence the Church of England holds that no one can say with absolute surety that they are saved, although they may be in a state of salvation, which if continued until the end will lead by God's grace to safety. He denied the Cavalinistic theory that a man or woman can with truth claim to have been saved on a given date, the only and shortest way to heaven and safety is to turn to the right and keep straight on while life lasts.

BIG CEREAL MERGER.

Mr. J. D. Flavelle, of Lindsay, President.

The last issue of the Financial Post of Canada contains the following:

"The new cereal amalgamation will include the following cereal food and flour milling companies:

Tillsonburg Co., Tillsonburg.
Flavelle Milling Co., Lindsay.
P. McIntosh & Son, Toronto.
Jas. Wilson & Son, Fergus.
Walter Thompson & Son, London.
Woodstock Cereal Co., Woodstock.
D. R. Ross & Son, Embro.
Martin Bros., Mount Forest.

The capitalization of the company is expected to consist of a bond issue of one million dollars, 6 p.c. first mortgage bonds, $1,500,000 seven p. c. preferred stock, $1,500,000 common stock. Of the preferred and common stocks it is the intention of the company to issue only $1,000,000 each and leave $500,000 each in the treasury.

As a result of the economies affected by this consolidation the interests in charge expect to be able to reduce the price of oatmeal to the consumer considerably. Mr. J. D. Flavelle, of the Flavelle Milling Co., Lindsay, will doubtless be president of the company. The consolidation was brought about by Mr. J. A. Nesbitt, managing director of the Investment Trust Co., Montreal.

A BATTLE BETWEEN NATURAL FORCES.

A boy died recently from blood poisoning in a wound which had only been inflicted a few days. It is terrible to read of cases like this when timely use of Zam-Buk is a known preventive of blood-poisoning.

The microscopic germs which are able to cause blood-poisoning and death, cannot be seen by the human eye, but they are instantly killed by Zam-Buk. Zam-Buk is prepared from purely herbal extracts. In other words it is a natural healing force. By applying Zam-Buk to a sore or other poisoned place, you, therefore, put nature's healing power against nature's destructive power. What better line of action could be taken? And just as surely as nature's beneficent power is greater than its destructive power, in most cases Zam-Buk wins. Try it on that old wound, that ulcer, that bad leg, or that enormous patch. Only fifty cents a box, all druggists and stores, but don't have any imitation.

FARMERS' CLUB.

South Douro Organization Had a Successful Meeting.

The South Douro Farmers' Club held its regular meeting on March 3, in the school house, Sec. No. 7. The subject for discussion was a debate, "Resolved that it is more profitable to sell your grain than to feed it on the farm." Mr. Schdyler of Norwood, was present and acted as judge and critic, sustaining the affirmative by a very few points. He then gave an excellent address on corn and the silo, which was much appreciated and will go a long way toward making this crop more popular with the farmers of Douro.

The club will hold its next meeting on March 24th, at 7.30 p.m., in St. Patrick's Hall, when there will be a debate, subject, "Resolved that from a financial point of view dairy cattle are superior to the beef breeds."

A full attendance of members is requested, as there is important business to be transacted.

FIRE THIS MORNING.

At 1.15 this morning a couple of citizens noticed considerable smoke in Mr. Hooper's confectionery store on George street, north of the Crystal theater. An alarm was sounded and the brigade responded promptly. Upon investigation it was discovered that the smoke was coming from the cellar of the store adjoining, Mr. P. Carolnis' fruit store. An entrance was made and a couple of chemicals used, but this did not serve the purpose so a line of hose was laid to the cellar and the blaze extinguished. Considerable damage was done by the smoke and water.

ADVERTISE IN THE TIMES.

PRINCIPAL GORDON TO STAY AT QUEEN'S

Toronto, March 9.—That there is absolutely no truth in the report in the morning papers that Principal D. M. Gordon of Queen's University, is going to resign his position is the word which the friends of the principal in the legislature have received today. A wire was received this morning to the effect that Principal Gordon was not even contemplating such a step.

Hon. W. A. Buchanan and Sydney Woods Leave Government

Edmonton, March 9.— Hon. W. A. Buchanan, minister without portfolio, resigned today, joining Attorney General Cross.

It is expected that Duncan Marshall and Lessard will also resign before night.

Sydney R. Woods, deputy attorney general, has also resigned.

It is freely stated that Hon. Mr. Cushing of Calgary, who threw up his portfolio of public works at the beginning of the crisis over the Great Waterways' Railway, will probably be called upon to form a new ministry and the legislature will then adjourn until the election of new ministers has taken place.

There is also a fairly strong backing for Cross to form a new government, but the opposition say this will fall through.

Why Britain Should have Easier Divorce Laws---Cases Cited

London, March 9.—At today's session of the Royal Commission which is investigating the general subject of divorce, Robert Moore, a barrister, who is associated with the poor man's lawyer department of Cambridge University extension, said poor married people had consulted him in over a thousand cases in the Camberwell district of London. What struck him most was the frequency with which men and women of this class lived together without being married. They had, he said, no sense of wrong. They regarded it as a matter of necessity. The marriage tie was held by them in low esteem. It had no sanctity and very little importance was attached to it. This, in his opinion, was largely due to the difficulty of obtaining a divorce. Husbands and wives, finding divorce out of the question, separated and cohabited with someone else.

The First Regular Airship Service

Munich, Bavaria, March 9.— The first regular air navigation service in Europe will be inaugurated on May 15. Regular trips will be made from this city alternatively to Starnberg and Oberammergau. A dirigible balloon of the Parseval type, having a gas capacity of 6,700 cubic metres and driven by two motors of 100 horse power each, will be used. The aerial carriage will accommodate twelve passengers besides the crew. The fare for the round trip to Starnberg will be $35, and for the round trip to Oberammergau $175. The regular service will close for the season on September 1, An officer from the German aeronautic corps has been detailed to serve as captain of the dirigible.

Quaker City Trolley Men Realize They are Getting Poor Support

Philadelphia, March 9.—The pitched battle between a car filled with strike breakers and a crowd last night, in which six persons, one a young girl, were shot, has had the effect of accentuating the bitter feeling against the traction company and its officials, with the result that there are grave fears that the rioting may be renewed. Cool heads among the strikers and their sympathizers are trying to sway the crowd to lawful methods, but the fact that in nearly all the riots so far it has been the non-combatants who have suffered the most has inflamed the populace, who assert that the strike breakers and some of the people are really the ones who are stirring up the trouble.

There is no question that the general strike is not a success. To this there are two direct and many contributing causes. The attitude of conservative unions like the Typographical union, in insisting that their men live up to their contracts, and the fact that the biggest establishments, the Baldwin and Cramp plants, were non-union, and the labor forces could not tie them up, interfered with the strike at the outset. Then a number of the men who went on strike did so simply as a protest, and went back to work yesterday, satisfied that they had done all that could reasonably be asked of them as a protest against the attitude of the city administration on the labor question.

THE SUN LIFE ASSURANCE CO.

Breaks Canadian Records for New and Total Business.

The record of expansion of such a company as the Sun Life Assurance Co. can be accepted as an unfailing sign of the development and prosperity of the whole country. The corporation has come to constitute so important a part of the business fabric and its statement showing over twenty-one millions of paid for business in one year, is the best possible evidence of the increase in individual wealth. It therefore means something more than a mere recital of an assurance company's striking success, to say that in its annuity department the Sun Life received no less than $646,000 in annuity premiums in 1909. It reflects the growing impulse to provide for the future among the public at large and the steady broadening of confidence in the corporation which, as a result, is making remarkable strides forward. The company's cash income from all sources last year reached the fine total of $7,776,132, an increase over 1908 of $826,530. The company's income as will be shown by this statement increased from $46,210 in 1872, to the figures for last year quoted above.

The assets, exclusive of uncalled capital, now amount to $32,804,496, while the life insurance in force reaches the enormous total of $129,-913,669. It may also be pointed out that the company's striking increases from year to year are being obtained with a steady reduction in the ration of expense.

Mr. W. H. Hill, who has Central Ontario immediately under his control, reports a splendid year's business in his district. The company has enormously increased the number of its policy holders in Peterborough and district during the past number of years, its business having grown by leaps and bounds.

Good Time Now

to see what a good "staying" breakfast can be made without high-priced.

Meat

Try

A Little Fruit,
Saucer of Grape-Nuts and Cream,
A Soft-Boiled Egg,
Some Nice, Crisp Toast,
Cup of Well-made Postum.

That's enough, all very easy of digestion and full to the brim with nourishment and strength.

Repeat for Luncheon or Supper,

and have a meat and vegetable dinner either at noon or evening, as you prefer.

We predict for you an increase in physical and mental power.

"There's a Reason"

Read "The Road to Wellville," in pkgs., called by some "the little health classic."

Commander Robt. E. Peary was Put Into the Dr. Cook Class

Congressman Macon Says He Could Not Have Reached the Pole—Opposed to Recognition

Washington, March 9.—After listening today to a critical analysis of Commander Robert E. Peary's narrative of his North Polar expedition, by Rep. Macon (Dem., Ark.), the subcommittee of the House Naval Affairs Committee voted unanimously not to take action on any of the various measures introduced to reward the explorer until actual proofs of his alleged discovery of the North Pole are submitted.

Washington, March 9.—Commander Robert E. Peary was put into the Dr. Cook class today by Rep. Macon (Dem. Ark.).

In a critical survey of the explorer's narrative presented today to the sub-committees of the naval affairs committee of the House, of which Macon is a member, the Arkansas congressman declares that the mere record of miles traveled each day as given by Peary stamps his story as a stretch of imagination.

"In Peary's travels from Cape Columbia to the point where Captain Bartlett left him and returned," said Macon, "he traveled thirty-one days and made 281 miles. This was not as good an average of miles traveled as that made by Dr. Cook in the same latitude.

"The astonishing part of Peary's statement is, however, the number of miles he traveled every day after Bartlett left him, when no white man was with him as witness, his only companion being his valet of twenty years' service and four Eskimos; and his greatest marches singulary were all north of the Bartlett camp.

MADE 44 MILES PER DAY.

"From that time forward, going to the Pole and returning to Cape Columbia, he claims to have made an average of 26 miles per day, or to be accurate, 26.4 per day for five days, until he reached the Pole (132 miles), and 44 miles per day from the Pole back to Bartlett's camp (132 miles), three days, and 24.8 for sixteen days from the Pole back to Cape Columbia, the latter being almost three times as great an average as he made with his supporting ing party.

"The greatest increase commences singularly the very day they left and practically ends on indentically the same spot, Bartlett left Peary after making 281 miles in 31 days.

"After that Peary spent eight days, five going and three returning, in travel north of this point, and says he traveled 264 nautical miles, not counting detours, or nearly four times the speed made when Bartlett was with him. The last three days of this travel, 132 miles from the Bartlett camp he says he made 44 nautical miles a day or over fifty statute miles, not counting detours, and that was done at the end of a fatiguing journey of 545 miles. Could the dogs in their fatugured condition haul loaded sleds such a distance daily?"

QUOTES PEARY HIMSELF.

"His story on this subject," continued Macon, "seems very convincing that this was the extreme limit possible; but as soon as he was left alone with his Eskimos, with their own tracks to break, their own shelters to provide he says he averaged 26 miles per day thereafter until he reached Cape Columbia.

"The editor of the American Geographical Society says that four miles per day is considered a fair day's average over Polar ice, although Cagni made seven miles."

Macon cited records and statements of George Kennan, Gen. Greeley, and others along these lines, and to "rub it in," quoted a statement made by Peary himself to Greeley in 1904, in which he said that 7.4 miles a day would be a good average.

OPPOSES ANY RECOGNITION.

Macon expressed himself as opposed to any Congressional recognition of Peary's alleged achievement in the absence of positive proofs that he actually reached the Pole.

Canada Would Not Modify Her Tariff to Favor U.S.

Ottawa, March 9.— Although the conferences between Messrs. Emery and Pepper, the representatives of the American Tariff Board of Inquiry, and Sir Wilfrid Laurier and Hon. W. S. Fielding, representing the Canadian Government, came to a close on Tuesday afternoon, there was no definite announcement forthcoming as to what conclusions had been arrived at.

The statement was made on both sides that the negotiations to the end were conducted in a friendly and conciliatory spirit, and the hope was expressed that the outcome would be an era of tariff peace and not a trade war such as would result from the imposition of the maximum United States tariff on Canadian imports into that country.

Even in the absence of a definite statement on the part of the representatives of either country enough can be gleaned to make it fairly safe to assert that there is the best reason to believe that the prospects are good for a continuance of the present trade relations between Canada and the United States.

IT'S UP TO TAFT.

The American Commissioners who, as has been pointed out before, have no power to make a definite tariff agreement themselves, will report what they have learned in Ottawa to President Taft, and on him will rest the onus of deciding whether or not the maximum schedule of the Payne Aldrich tariff will be directed against this country. That President Taft will not take such action as will precipitate a tariff war is the confident expectation of the majority of the people who are in touch with the situation.

ACHES.

Why a Bad Liver Remedy is So Much Safer Than Headache Wafers.

Most headache wafers contain Phenacetine, Antipyrine, Acetanilid, and in many cases, analysis shows they contain destructive harmful opiates. They do incalculable injury to the system and should be looked up on with suspicion and distrust. When headache is due to the liver—don't try to "drug" the headache.

A well-known resident of Lebanon, Mr. J. F. Flemming, tells the following experience: "I think I must have the most sluggish sort of liver. In the morning my mouth was bitter and that foul soft feeling that tells you, 'no breakfast needed here this morning.' A cup of coffee would sort of brace me up, but in two hours I was disposed to quit work, all energy having oozed out of me. Supper was only my good meal, but I guess I didn't digest very well, for I dreamt to beat the band. A friend put me wise to Dr. Hamilton's Pills I think they must have taken hold on my liver, perhaps my stomach too, because from the very start they made things go right. Look at me now—not sleepy in the daytime but hustling for the mighty dollar and getting fun out of life every minute. That's what Dr. Hamilton's Pills have done for me—they have rebuilt and re-invenated my entire system."

To keep free from headaches, to feel young and bright, to enjoy your meals, to sleep sound and look your best, nothing can help like Dr. Hamilton's Pills. 25c per box, all dealers, or The Catarrhozone Co., Kingston, Ontario.

Rate-Aided Hockey.

London, March 9.—In order to encourage outdoor games among the boys attending the elementary schools at Tottenham, the local educational committee has decided to buy several hockey sets.

A TORONTO DEPUTATION.

City Clerk and Aldermen Interview Government.

Yesterday City Clerk Armstrong and Ald. Phales and Duffus, went to Toronto to look after the city's interests in the bill now before the legislature in regard to the administration of justice between cities and towns not united with counties. It is understood that Belleville is in a similar position with the county of Hastings as this city is with Peterborough county, and the two cities are taking united action.

Mourning Playing Cards.

Brussels, March 9.—A Belgian firm is issuing playing cards with a black border for use during the six months public mourning for the late King Leopold.

King Edward and Vaccination.

London, March 9.—Lord Knollys has informed the secretary of the Anti-Vaccination League that the King has not recently been vaccinated.

ENGLISH WOMEN DRINK MORE.

Lady Somerset, Temperance Advocate, Fears Habit is Growing.

London, March 9.—If it is not on the increase, drunkenness amongst women in England is certainly not on the mend, according to Lady Henry Somerset. Lady Somerset has been working for a quarter of a century for the cause of temperance, and she said the other day at a meeting in Bridgewater House, the London residence of the Countess of Ellesmere, that instead of any diminution of drunkenness among women she feared that drinking and drug taking were growing.

THE WEATHER.

Strong north-easterly winds, with snow.

ADVERTISE IN THE TIMES.

We offer 1,000 shares for subscription at par, $10.00. The right of allotment is reserved.

The Canadian Poultry Farm Stock Co. Ltd.

(Charter Applied For).

CAPITAL $40,000.00

Divided into 4000 shares at $10.00 each, same being Common Stock.

Head Office and Farm—MONTREAL, QUE.

Incorporators: C. J. BELL, Manager. LOUIS P. RENE, A. W. SAGER

Room 53, Royal Trust Building.

The object of this Company is to operate a Poultry Stock Farm and to supply eggs, fowls, etc., to the Montreal market. At the present time there is no such business being carried on in this part of the country, although in Western Canada and the United States many similar farms are being conducted with great success, and each and every one shows a handsome profit on the capital invested. By being the first to operate such a business in this part of Canada, where the output could be sold many times over, and with competent men to manage the farm, the success of the business is assured.

It is hoped to have the farm inoperation about the first of April, and we will gradually increase so as to meet the demand of the trade. The shareholders will have first option upon the output, which it is intended to deliver daily.

It is worthy of note that the freight charges paid to the different railway companies for transporting eggs, poultry, etc., into Montreal amount to thousands of dollars per year, said eggs, poultry, etc., being shipped from all parts of Ontario and Quebec, together with shipments from other provinces, all to be consumed in the City of Montreal, and in nearly every case these shipments are controlled by the Wholesale Produce Merchants, and re-sold to Retail Dealers, then sold by the latter to the consumers; therefore, it is easily perceived that in this way four profits must be divided from the price, the farmer sells at to the price the consumer pays for the above-mentioned articles.

At the present moment fresh eggs are very scarce; so-called fresh eggs are being sold to the consumer at from 30 cents to 63 cents per dozen. We do not expect to be able to overcome this great problem, but we do expect to be in a position to furnish the Shareholders in this Company and other Retail Dealers with fresh eggs daily. Taking into consideration the number of eggs that are consumed in Montreal every day, the placing of the output is a foregone conclusion.

In P. E. I. the average profit per hen for eggs a year is $2.00; in York Co., Ont., $2.75; in New Jersey, $6.00. It is expected that the average profit in Montreal will be $3.00.

It is understood we are to start this business in the right way. In the first place, only first-class fowl, such as hens, turkeys, geese, ducks, etc., will be purchased, and by purchasing a farm within the suburbs we will in a few years save the entire price paid for same by the saving of the enormous freight charges on eggs, etc., from an outside point.

ESTIMATE OF EXPENDITURES.

Farm property	$10,000 00
Hens, Turkeys, Geese and Ducks, etc. including feed, and grain for same	5,000 00
Incubators and Implements, etc.	3,000 00
Building, Outhouses, etc.	5,000 00
Unforeseen expenses	2,000 00
Total expenditure	$23,000 00

EXPENSES FOR ONE YEAR.

Manager's salary	$2,000 00
Wages for labor	2,000 00
Sudries, etc.	1,000 00
	$ 5,000 00
Reserve	$10,000 00

ESTIMATED PROFITS FOR FIRST YEAR.

2000 hens to commence will yield in eggs an average of $3.00 each	$6,000 00
Adding to our flock of egg producers within six months 10,000 hens, which will average profit by April, 1911, $1.50 each	15,000 00
Poultry for the market; 2,000 dozen of eggs will raise by incubators 18,000 chickens, which can be ready for the market in from seven to twelve weeks; sale price will easily average $1.10 per pair (this can be repeated during the year)	9,900 00
Turkeys, rough estimate	2,100 00
Ducks	3,000 00
Geese, etc.	4,000 00
Representing dollar for dollar profits	$40,000 00
Our debt for the second year will be reduced some	$20,000 00
Our profit for the second year will increase considerably. Rough estimate	15,000 00

COMPLETE THE FOLLOWING AND RETURN.

Montreal, Que.....1910

I do hereby subscribe for.....shares in the Canadian Poultry Farm Stock Company, at [ten] dollars per share.

All cheques to be made payable to The Canadian Poultry Farm Stock Company, C. J. Bell, Manager, in trust, and may be deposited in the Traders' Bank of Canada, Montreal.

Signed.....

To Subscribers:

The question has arisen that investors ask for assurances as to my ability and integrity. I beg to say I hold some of the highest recommendations in Canada as to my ability and character, among them is the Right Hon. Sir Wilfrid Laurier's best consideration. I can assure the subscribers of this Company that I will guarantee a dividend exceeding that of any other mercantile company in Canada. I will be satisfied with nothing but the best experienced help available.

C. J. BELL.

THE MORNING TIMES

The only morning daily newspaper published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $3 per year, strictly in advance.

Strangers visiting Peterborough are cordially invited to make their headquarters at the office of The Morning and Weekly Times, where they will be furnished with writing materials, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

THE PHILADELPHIA STRIKE.

Whatever one's view may be of the merits of the Philadelphia strike or of the expediency and propriety of general or limited "sympathetic" strikes, many of whom violate of solemn contracts, we do not conceive it possible that any right-minded citizen, will, at this late day, contend that such a spectactle as Philadelphia is presenting to the country reflects credit on our methods of dealing with disputes involving public utilities or public necessities.

Such struggles, such civil wars, with the violence, bloodshed, disorder, heavy cost they invariably entail vitally and profoundly affect the interests of the great public. The whole community is a "third party" with rights to enforce and protect. It is a disgrace to modern society, to our politicial and industrial organization, that differences over wages, hours, dismissals, particular ways of treating unions cannot be adjusted in a rational, sane, businesslike manner. Where, in such a situation as that at Phialdelphia, is the efficiency, the practical sagacity, the enterprise, the genuis for organization and administration which Americans claim to possess in a high degree!

ADULTERATED FOODS.

Lime juice as a summer drink has been growing in popularity for some years. The demand in Canada and other countries considerably removed from the zone where the fruit grows is filled by wholesaler who import the juice in casks from the West Indies and bottle it for market. It is a legitimate and profitable business. But unfortunately the practice of adulteration has become far too common.

Mr. A. McGill, chief analyst of the department of the interior, has just published a bulletin (No. 197) giving the results of an analysis of seventy-six samples of lime juice collected from all parts of Canada. Of these only forty-two were genuine. Twelve were plainly adulterated, thirteen were declared to be abnormal, and the rest were "low inacidity"— an indication, probably, that water had been added to the genuine juice.

All the samples bottled in Britain were genuine. Preservatives such as salicylic acid, were used in seventeen samples put up in Canada. The worst cases of adulteration occurred in Ontario. With respect to a bottle labelled "Lime Fruit Juice, Full Strength," the analyst says that it was strongly colored by a yellow aniline dye, contained tartaric arid, was "artificial and adulterated." The use of aniline dye was discovered in seven cases. "It is not certain" says Mr. McGill, "that the addition of a dye to true lime fruit juice can be held to constitute adulteration, but the addition of a dye to a solution of tartaric acid in water is evidently made for the purpose of concealing inferiority, and of enabling the product to be taken for a true lime juice. I find nothing on the labels which could inform the purchaser that he was being supplied with anything else than the genuine juice of the lime fruit." The analyiet also mentions that the wholesale trade generally recognises two qualities of lime juice, that secured by pressing of the fruit, and that which is the result of a second pressing after water has been added to the pulp. Of course the second is greatly inferior. He suggests that some of the samples collected may have been compounded with this "second pressing" as a basis.

Food adulteration is always the meanest kind of fraud, and it is all the worse when the goods are labelled "Pure." The laboratory of the Inland Revenue Department does good work by exposing the devices of unprincipled manufacturers and dealers.

"SICK MAN'S FRIEND."

That's the Name Given by Thousands to the Old Family Standby, "Nerviline."

No better known or more popular family remedy has ever been compounded than "Nerviline." During the past half century its success has been phenomenal—due to the fact that it always cures.

"No one could get me to go to bed at night unless I was sure we had Nerviline in the house," writes Mrs. R. R. Weightman, of Bolton P.O. "Six years ago my husband was taken badly with rheumatism, which affected his right arm and shoulder. It was so sore and stiff as to be almost helpless for four years. I read of the cure of James E. Everett, and felt sure that when Nerviline cured a case like his, it would cure my husband. I got a dollar's worth of Nerviline, five bottles, in Buffalo, and am pleased to write you that the fourth bottle cured. We have since used Nerviline for Lumbago, Neuralgia, Colds, Chest Tightness and other minor ailments in the family, and found 'Nerviline' to be the 'Sick Man's Friend.'

CURED 4 YEARS RHEUMATISM

No other remedy is so useful in the home, so universally employed to alleviate pain and curing the sick. Refuse anything offered you instead of Nerviline, which is sold: Large 25c. bottles or five for $1.00. By all dealers, or the Catarrhozone Company, Kingston, Ont.

LYNCHING AND RACE WAR.

Strict law abiding citizens of Ontario have learned to consider that there is something radically wrong when the citizens of any civilized community insist on taking the law into their own hands at frequent intervals, yet it occurs, and it seems to be a case for investigation as well as punishment. The State of Illinois is not a border state, on the contrary, it prides itself on its educational institutions, its thriving industries and its rich farm lands almost as much as it does on Chicago! Yet twice in the last few months, one of its old cities, Cairo, has been attacked by the lynching madness and only brought to its senses—and that remporarily—by the bullets of the militia.

The last spasms of commercial lawlessness was brought about by the refusal of the sheriff to hand over a negro prisoner, accused of the heinous crime of "snatching purses" to a masked mob which tried to storm the county jail to secure their prospective victim. Among the deputies who had been sworn in were four negroes—white men had refused to serve—and in repulsing the mob's attacks these deputies and their white associates, killed one and wounded several white men who were leading the rioters!

Nothing in the way of a Cough is quite so annoying as a tickling, teasing, wheezing, bronchial Cough. The quickest relief comes perhaps from a prescription known to Druggists everywhere as Dr. Shoop's Cough Remedy! And besides, it is so thoroughly harmless that mothers give it with perfect safety even to the youngest babes. The tender leaves of a simple mountain shrub, give to Dr. Shoop's Cough Remedy its remarkable curative effect. A few days' test will tell. Sold by all dealers.

BIG MINERS' STRIKE.

Operators and Miners May Fail to Agree on Scale.

Cincinnati, O., March 8.— The joint wage conference of the miners and operators of the central competitive field, which adjourned at Indianapolis two weeks ago after a futile effort to reach a satisfactory agreement on wages and conditions of labor for the year beginning April 1, resumed its deliberations here to-day with the prospects that an understanding may be reached and the threatened strike averted. The district involved in the dispute comprises Pennsylvania, Ohio and Indiana.

The main point in dispute is a demand by the miners for an increase in wages. President Lewis, of the United Mine Workers, is holding out for the basic rate of $1 a ton for the miner, who now gets 90 cents. This is a demand far more than a ten per cent. increase. The operators say that such an increase would be ruinous to their business. The chief contenders for the operators are the eastern Ohio men, who are fighting hard against an increase.

It now appears probable that the present conference may agree upon a compromise, which will give the miners a rate of 95 cents a ton. In addition to the demand for an increase in wages the miners also ask for a half holiday on Saturday. Whatever agreement is reached at the joint conference will be submitted for ratification to a special national convention of the United Mine Workers, which has been called to meet in this city next week.

Mattresses, pillows, etc., renovated. Phone 1301.

DAMES AND DAUGHTERS.

Marie Montessori, a lecturer in the university at Rome, is said to be the most intellectual woman in Europe.

Miss Helen Taft, the president's daughter, has the credit of being an excellent cook and of being able to make her own clothes.

Miss Anna Dreyfus of Chicago, a teacher of French, has been honored by the decoration of officer d'academie, conferred upon her by the French government.

Mrs. W. Eames Colburn, wife of the head of a Chicago banking firm, has built a modern seven room house for her thirty-five prize cats. The house is fitted up with brass beds, silk draperies and lace curtains.

Mrs. Harriot Stanton Blatch, president of the Equality League For Self Supporting Women, is not yet an American citizen, because she married an Englishman. She has determined, however, to be naturalized in due form, though she would prefer to have congress make her a citizen by special act, as was done in the case of Mrs. Nellie Grant Sartoris.

Lady Greville is one of the latest additions to England's long list of American bearers of titles. Only a year ago the new Lord Greville was a younger son, but his brother and father have died since, the brother suddenly. Lady Greville is a daughter of the late John W. Grace of New York and the widow of Hugh S. Kerr of New York, who died in 1907.

Progress and Labor.

A new system of telegraphing half tone photographs is said to be in successful operation between London and Manchester, England.

In the nineteenth century twenty feet a minute was regarded as a good standard rate of cutting for a planing machine. Today forty feet a minute may be considered the standard.

A steam dredge made in Holland for use at Nantes digs and carries off 500 cubic meters an hour. A swivel knife weighing tons and driven by a 200 horsepower machine cuts out clay as hard as iron, to be scooped up by the buckets, which hold two tons each.

In 1880 we stood at the bottom of the list of the four great manufacturing nations—namely, the United Kingdom, France, Germany and the United States. Forty-nine years later we stand at the head of the list, our manufactured product equaling that of the other great nations combined.

Cosgrave's Beer

Words of praise have ever prevailed in advertising "copy." That a producer should wax enthusiastic over his own wares is but human. But it's the praise of the consumer that counts—and it is to a discriminating and critical public that "Cosgrave's" refers you.

It is safe to say that no product of any kind enjoys a more enviable reputation than does this same Cosgrave Beer of Toronto in markets where it is offered.

Its self-evident beauty of purpose, purity, brilliancy, body, and every other attribute that goes to make a perfect beer are ever in evidence.

Cultivate the "Cosgrave Habit"—Watch for the name—ask for any of these brands - Half-and-Half, Pale Ale, XXX Porter.

HOTELS

Montreal's Popular Hotel!

Favorite Stopping Place for the Travelling Public

The Grand Union Hotel is situated at 340-350 Notre-Dame street, west, in the heart of the business section of the city. Electric cars pass the doors to all points of interest, and entertainment. Five minutes' walk from C.P.R. and G.T.R. stations. The bus meets all trains to convey guests free, to and from the stations.

During the month of April, last year, this hotel underwent a thorough renovation, which has made it the best up-to-date commercial hotel in the city for home comfort. The hotel is under the personal supervision of Mr. Murray, who gives his special attention to his guests.

Nice clean, comfortable rooms, and elevator service. American plan. Rates $2.00 per day, and upwards.

F. J. MURRAY,
Proprietor.

HOTEL CARSLAKE, MONTREAL
European plan—opposite Grand Trunk, Geo. Carslake, Proprietor.

Synopsis of Canadian Northwest Land Regulations.

ANY PERSON WHO IS THE sole head of a family, or any male over 18 years old, may homestead land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother, or sister of an intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, solely owned and occupied by him, or his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price $3.00 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price $3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth $300.00.

W. W. CORY,
Deputy of Minister of the Interior.

SYMPATHETIC STRIKES.

Tend to Prevent the Adjustment of the Trouble.

Philadelphia is struggling with a street car strike. Public sympathy generally is with the men, who it is believed, have been treated most unfairly. A dozen or more unions, for example, carpenters and waiters, have ordered sympathetic strikes, and there is reason to believe that the ugly situation of the past week may be still uglier. Blood has been shed. Sporadic rioting is common, and the police have been reinforced by armed men.

It is an interesting question how far sympathetic strikes may be justifiable. Of course it may be said that all strikes are unjustifiable. But that is an "aged contention which in these days has fallen into decrepitude. The workman has a right to decline to work as a protest against injustice or oppression. The difficulty is that neither men nor employers can keep their temper when in the midst of a dispute. This is the chief argument for arbitration.

But sympathetic strikes generally have their rise in an hysterical atmosphere. As a rule they do not have any marked effect in settling the point in dispute. They cause much public inconvenience and suffering, and, by reason of the assembly of a great number of men, rioting and bloodshed is made easy. A thousand strikers would hesitate about attacking the police, while twenty thousand would join battle with enthusiasm. In the main, labor troubles attended with violence are never properly settled. By the very fact of resistance to the forces of law and order strikers injure their cause, and put a new weapon into the hands of their opponents.

Sympathetic strikes are an approach to the general strike which the anarchists preach upon every possible occasion. There is no anti-law sentiment among the workmen of America. Even the gentler tenets of Socialism are not generally accepted by the trade unionists. In view of the fact that wage wars are intensified in rancor by the interference of outside unions, it would seem that the best way for laboring men a general to express their sympathy for brothers in trouble is to subscribe to the strike fund for the maintenance of the families of the idle men, and stay at their benches.

COL. SEELY ELECTED.

Under Secretary of State for Colonies Had Over 3,000 Majority.

London, March 8.—The bye-election in the Ilkeston division of Derbyshire today resulted in the return of Col. J. E. B. Seely, under-secretary of state for the colonies, by a majority of over three thousand. Col. Seely was opposed by Mr. H. Fitzherbert Wright, who contested the division unsuccessfully in 1900 The vote was as follows: — Seely (Lib.), 10,204; Wright (Unionist), 6,871. Col. Seely was defeated in Liverpool at the general election in January. Sir Walter Foster, who was elected in Ilkeston, retired to make way for him.

The House of Lords passed the bill authorizing the government to borrow sums sufficient to meet part of the national expenditure pending the passage of the budget.

Lord Lansdowne, the leader of the opposition, attacked the ministry for thus imposing upon the nation a system of temporary finance which will cost the ratepayers nearly $10,000 a day for interest charges. It was most unfair to the nation, he said, to withhold the budget. If it was wrong for the Lords to stop the budget he asked, why was it right for the government to do the same thing?

Lord Revelstoke, head of the great banking house of Baring Brothers, and other financial peers, joined in the criticism.

Earl Crewe speaking for the government, politely refused to consider any compromise. He said the offer of the Lords to help straighten out the national finances was like an olive branch shot from a catapult.

Lord Chancellor Loreburn severely lectured the opposition peers, contending that they were entirely responsible for what ever was amiss

Have you a pain—of any kind, anywhere? Stop just a minute and think It matters not whether it be womanly pains, head pains, or any kind of a pain, one of Dr. Shoop's little Pink Pain Tablets will surely stop it in 20 minutes. Formula plainly printed on the 25c. box. Sold by all dealers.

May Be Prosecuted.

A woman was recently found drunk in Lakefield, and it is likely that a charge will be laid against a citizen of that village for selling liquor without a license.

Canadian Pacific.

Parlor Car Notice: Commencing on Monday, March 7th, parlor car will be attached to local trains leaving Peterborough at 7.55 a.m., and Toronto at 5 p.m. Seats in this splendid car only 25 cents extra. Seats reserved at city office.

Were Disorderly.

At the police court yesterday two young men were charged with being disorderly and pleaded not guilty. It appears that on Saturday night, February 26th, these two men were going down George street, and one shoved the other through the window in a store door. They paid expense of putting in a new glass.

Croup positively stopped in 20 minutes, with Dr. Shoop's Croup Remedy. One test alone will surely prove this truth. No vomiting, no distress. A safe and pleasing syrup—50c. Sold by all dealers.

A Month in Jail.

At the police court yesterday Frank Lynch was charged with vagrancy. He was given one month in the county jail. Lynch is from Toronto, and only arrived on Tuesday. He said he was on his way to Montreal looking for work.

Giving Up Farming.

Mr. S. E. Ferguson of Cavan, has sold off his farm stock and implements, and will take up his residence in Cobourg, where he has been appointed to the position of deputy governor by the counties council. Mr. Ferguson and family will be greatly missed by the people of Cavan, where they were very popular.

Fortify now against the Grip—for it comes every season sure! Preventics—the little CandyCold Cure Tablets—offer in this respect a most certain and dependable safeguard. Preventics, at the "sneeze stage" will, as well, also surely head off all common colds. But promptness is all-important. Keep Preventics in the pocket or purse, for instant use. Box of 48 for 25c. Sold by all dealers.

Leaving for the West.

Mr. James Kenny, a well known resident of North Monaghan, will leave this morning for the West. They have secured 480 acres of choice farm land south of Oxbow, Sask., and are going in for farming on a large scale. They will be greatly missed in the neighborhood they are leaving, but they have the best wish es for future success from their many friends.

Y. M. C. A. NOTES.

The membership campaign in the Boys' Department of the Y.M.C.A., is becoming very active. Five new members were added to the list on Tuesday and several others have expressed their purpose to join before the campaign closes on Saturday, all of which indicates that a large increase will be gained in boy members.

During Easter holidays a five-team basketball league for junior school boys will be played off, and is attracting much attention in this class.

SUN LIFE ASSURANCE COMPANY of Canada.

A Great Year

The splendid record of the Sun Life of Canada is typical of the advancement of Canada and its institutions.

For the first time a Canadian Company has secured more than Twenty Millions of Paid-for business in one year.

$684,000 Annuity premiums received last year—the strongest evidence of public favour.

The **Increases** made by the Company each year are greater than the total figures of some excellent companies.

The exceedingly remunerative character of the Company's investments assures a continuance of a high basis of profits to policyholders.

Assurances issued in 1909 and paid for in Cash	$ 21,509,273.16
Increase over 1908	1,725,601.95
Cash Income from all sources	7,778,132.05
Increase over 1908	828,530.07
Assets as at 31st December, 1909	32,804,996.77
Increase over 1908	3,566,471.26
Profits earned in 1909	1,090,241.18
Profits paid policyholders entitled to participate in 1909	378,010.60
Added to Surplus for future profits and further protection of policyholders	712,230.58
Surplus, Company's valuation Standard (Hm 3½ and 3 p.c.)	3,308,534.53
Surplus, Government Standard	4,940,556.77
Payments to policyholders and beneficiaries in 1909	2,824,184.01
Total payments to policyholders since organization	23,243,167.45
Total Life assurances in force December 31st, 1909	129,913,669.52

The above splendid results were obtained with a reduction in the ratio of expense.

THE COMPANY'S GROWTH

	Income	Assets Exclusive of Uncalled Capital	Life Assurance in Force
1872	$ 48,210.93	$ 96,461.95	$ 1,064,350.00
1879	172,528.42	397,777.32	3,615,124.35
1889	563,140.52	2,233,322.72	13,337,983.08
1899	2,596,207.27	9,247,664.61	52.806 035.93
1909	7,778,132.05	32,804,996.77	129,913,669.52

SOCIETY

The Times will be pleased to receive notices of Weddings, Social Events, Personal Announcements, which will be published in this column free of charge.

Rev. Father Phelan of Lakefield, was in town yesterday.

Mrs. M. A. Morrison and Mrs. Thos. Barrie will not receive today.

Mrs. Mowat, 309 Brock street, will not receive until the fourth Thursday in March.

Mr. J. Brinton of London, Eng., head of the Brinton Carpet Works, is in the city on a visit to the local works.

The Misses Griffith, 163 Antrim [illegible] will not receive again until March 11th, and in future on the 2nd and 3rd Thursdays of each month.

Mr. George Wilson of the Lindsay Post was in town yesterday on business, and paid The Times a fraternal visit.

Rev. Canon Davidson is still confined to the house with an attack of la grippe. Mrs. Davidson is also suffering from a severe cold.

Mr. R. Pinchin, manager of the Otonabee Navigation Company, accompanied by Capt. White, marine superintendent, are in Toronto on business.

Mr. A. F. Calder of Smith, left on Tuesday on the 4.30 train for Edmonton, Alta., where he intends to engage in farming. He was accompanied by Mr. Thos McFadden. Their many friends wish them success.

Little Local Lines

Lakefield is afraid that the cement works may close permanently.

The work on the Richard Hall building, recently purchased by the T.A.S., will cost $3000.

Rev. F. J. Sawers conducted the Lenten services at St. Luke's last night, and preached a special sermon.

Tabernacle Meetings.

The religious meetings which are being held in the Tabernacle conducted by Dr. Zimmerman, are being well attended and very profitable. Dr. Zimmerman will speak again this evening, and each evening until Saturday when the Rev. E. J. Richards of Binghampton, New York, and the Rev. John Woodberry, of Shanghai, China, will speak. A four days convention will follow.

Catarrh Cannot be Cured.

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in the country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly upon the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

NOTICE TO CONTRACTORS.

Tenders For Machinery, Belting, Shafting, Cranes, Air Compressors, Etc.

SEALED TENDERS, addressed to the undersigned, and marked on the envelope "Tender for Machines and Tools," "Tender for Leather Belting," etc., etc., as the case may be, will be received at the office of the Commissioners of the Transcontinental Railway, at Ottawa, Ontario, until 12 o'clock noon—of the 12th day of April, 1910, for:

(1) Machines and tools;
(2) Leather belting;
(3) Shafting, hangers, steel frame work, etc.;
(4) Miscellaneous equipment, industrial track and lockers;
(5) Motors;
(6) Furnaces and forges;
(7) Cranes;
(8) Air compressors;
(9) Grey iron foundry equipment and brass foundry equipment;

required for the equipment of the locomotive and other shops of the Commissioners of the Transcontinental Railway at Springfield, east of Winnipeg, Manitoba.

Tenders will be received and considered for any or all of the items indicated above and numbered from 1 to 9, both inclusive.

Plans and specifications may be seen in the office of the Chief Engineer of the Commissioners at Ottawa, Mr. Gordon Grant, and in the office of the District Engineer of the Commissioners at St. Boniface, Man. Mr. S. R. Poulin.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied by the Commissioners, which may be had on application to the Chief Engineer at Ottawa, or to the District Engineer at St. Boniface, Man.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada, payable to the order of the Commissioners of the Transcontinental Railway for a sum equal to ten per cent. (10 per cent.) of the amount of the tender.

Any person whose tender is accepted shall within ten days after the acceptance thereof sign the contract, specifications and other documents required to be signed, and in any case of refusal or failure on the part of the party whose tender is accepted to complete and execute the contract with the Commissioners, the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure, and all contract rights acquired by the acceptance of the tender shall be forfeited.

The cheques deposited by parties whose tenders are accepted will be deposited to the credit of the Receiver General of Canada as security for the due and faithful performance of the contract according to its terms.

The cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

The right is reserved to reject any or all tenders.

By order,
P. E. RYAN.
Secretary, The Commissioners of The Transcontinental Railway.
Ottawa, 2nd March, 1910.

Newspapers inserting this advertisement without authority from the Commissioners will not be paid for it.

MR ADAM THOMPSON HONORED.

Presented With an Address and Gold Watch.

The residence of Mr. Robert Jackson, was the scene of a very pleasing time on Monday evening, when friends and neighbors to the number of about forty couples, gathered to say farewell to him on the eve of his departure for Indian Head, Sask, where he will reside in future. A delightful evening was spent in dancing, splendid music being furnished by Stewart's orchestra.

During the evening Mr. Thompson was presented with a gold watch and fob as a testimony of the esteem in which he is held by his friends and neighbors. The presentation was made by Mr. Edgar Ruth, while Mr. Fred Roan read the following address:

Dear Mr. Thompson,—On this evening of your departure from our midst, we, your relations and friends have gathered together to spend another few of the very pleasant hours we have often spent in your company.

Mr. Thompson, you are leaving Otonabee, carrying with you the admiration, love and good wishes of all those who have the privilege of knowing you. You are leaving behind you a host of friends who, while regretting much your departure, at the same time feel it inevitable, knowing that you are going to a country where opportunities unceasingly present themselves to a man of your capabilities.

Mr. Thompson, in your choosing a new home in the west, we wish you unlimited success and would have you in your lonesome hours there — if you have any—to think of your many friends here, who will be always interested in your welfare.

Especially in your social gatherings we will miss you, but we must console ourselves in this case as in many others, what is the loss of the east is unquestionably the gain of the west.

Now, Albert, if you will pardon us for using the name most familiar to us, we feel we cannot let you go from among us without taking some small token of remembrance, which although small, may remind you of the space you hold in our hearts. We therefore beg you to accept this watch and fob as a memento from your old associates.

Signed on behalf of your friends.

VOL. XXXIII NO. 66 PETERBOROUGH, ONTARIO. FRIDAY MARCH 11 1910 PRICE TWO CENTS

Halley's Comet will be Brilliant Sight

Will be at its Brightest in May, and Great Flashes of Light will Play Across the Heavens

Cambridge, Mass., March 10.—Halley's comet may now be seen on nights when conditions are favorable with the aid of an ordinary field glass. The most favorable time to look for it is between 6.30 and 7.30 p.m., with the glass elevated somewhere about where the sun sets. The Harvard observatory focussed the wanderer nightly on their big telescopes, and some interesting photographs of its developments are being made.

Professor C. E. Pickering, director of the Harvard observatory, says:

"The comet is at present in the twilight region. It is in the line of the sun and its brightness is dimmed by the lustre of the great center of the solar system. Besides, it has not yet attained its maximum brilliancy. That will be May 18th. It will be visible all through April, but at its brightest in May. At about that time, if clouds do not obscure it, it will be a dazzling sight. About a third of the heavens will be colored with a fiery gold. Its great flash es of light will play from one part of the heavens to another, and the sight will be remembered for generations. Halley's comet has been noted for its brilliant displays.

The Strikers Storm Big Ball Crounds

Philadelphia, March 10.— Several thousand strikers and their sympathisers gathered at noon in the vicinity of the National League ball park in pursuance to the call for a mass meeting there.

President Horace Fogel had all the gates to the park locked, and announced that no meeting could be held without a police permit, which was refused. A great cordon of police was on duty around the vicinity of the park, and declared that the meeting could not be held. There was talk of rushing the gates and taking possession by force.

At nearly one o'clock it was estimated that 10,000 strikers had gathered about the park and were clamoring the admission. The committee of ten announced that President Fogel had issued positive instructions that the park should not be opened. The committee then met in executive session, to decide upon some course of action. The police had up to that hour, had no trouble in holding the crowd in checks.

AFTER THE CRAMPS.

Enthusiastic over their success in getting out a large number of men at Baldwin's Locomotive Works, the strikers today turned their attention to Cramp:s shipyards, where 16,000 men work. The plant was picketed, and hundreds of strikers did "missionary work."

Several United States war vessels are building at Cramp's, and a strike would delay their completion.

Strike leaders claim that 1,000 more men quit at Baldwin's today, but these figures are denied by the management.

The leaders also declare they have gotten out all the bakers at Kolb's Baking Company, the largest in the city, where several hundred men are employed.

A WOMAN'S FRIEND.

Inspiring Testimony That Tells How a Sick Woman Can Quickly Regain Health and Strength.

"For years o was thin and delivate I losy color and was easily tired; a yellow pallor, pimples and blotches on my face were not only mortifyings to my feelings, but because I thought my skin would never look nice again I grew despondent. Then my appetite failed. I grew very weak. Various remedies, pills, tonics and tablets I tried without permanent benefit. A visit to my sister put into my hands a box of Dr. Hamilton's Pills. She placed reliance upon them, and now that they have made me a well woman I would not be without them whatever they cost. I found Dr. Hamilton's Pills by their mild yet searching action very suitable to the delicate character of a woman's nature. They never once griped me, yet they established regularity. My apoetite grew keen—my blood red and pure—heavy rings under my eyes disappeared and today my skin is as clear and unwrinkled as when I was a girl. Dr. Hamilton's Pills did it all."

The above straightforward letter from Mrs. J. Y. Todd, wife od a well known miller in Rogersville, is proof sufficient that Dr. Hamilton's Pills are a wonderful woman's medicine. Use no other pill but Dr. Hamilton's, 25c. per box. All dealers or The Catarrhozone Co., Kingston, On

CZARINA'S CASE HOPELESS.

St. Petersburg, March 10.—It is now understood that hope of the Czarina's complete recovery has been abandoned. The only possibility is that the rapid progress of her neurasthenia may be checked.

There are hours, and even days, when the Empress' mental state must be considered abnormal. She is haunted by an inexplicable fear bordering on the condition known as the mania of persecution.

The Royal-Victoria Life Insurance Co.
of Canada

ANNUAL MEETING
Montreal, March 3rd, 1910.

DIRECTOR'S REPORT

Submitted to the Shareholders, and unanimously approved.

Your Directors beg to submit their report of the business of the Company for the year ending December 31st, 1909, together with the Financial Statement and the Report of the Auditors:

INSURANCE ACCOUNT. The new business of the year amounted to $900,000.00 in applications, on which $902,000.00 of insurance was issued. While the issues were not as large as the previous year, the premiums collected on new policies were nearly of the same amount. The insurance outstanding amounts to $5,081,000.00.

INCOME ACCOUNT. The Premium and Interest Income during the year amounted to $189,969.94. The interest received amounted to $27,200.14, to which if added the increase in accrued interest at December 31st, will total $29,397.90 interest earned during the year. At the close of the year not one dollar of interest was overdue on any of the Company's investments.

CAPITAL AND ASSETS. The total assets of the Company (independent of the subscribed guarantee capital) now amount to $706,-566.66. Adding the subscribed guarantee capital of $800,000.00 as a legitimate security for policyholders, the amount available to the Company to meet its liabilities under Policy Reserves, Death claims and other liabilities to policyholders amounting to $604,-434.04, now reaches the total sum of $1,506,568.03.

EXPENSES. The expenses of management to premium income (excluding taxes, which cannot fairly be chargeable to management expenses) were 2 per cent. lower than the previous year.

DEATH CLAIMS. The Death Claims were favorable, numbering eighteen lives for $20,500.00.

INVESTMENTS. The investments have been materially changed during the year 1909. Loans on first-class mortgages on Real Estate increased $67,000, while bonds and debentures owned by the Company have been increased $50,520.00. Loans and Liens on policies at 6 per cent. have also increased in the sum of over $14,000.00. The investment of the Company's funds has been made with great care, as will be seen by referring to the Financial Statement, only the best securities obtainable being accepted by the Directors.

All of which is respectfully submitted.

DAVID BURKE, General Manager. JAMES CRATHERN, President.

The retiring Directors were unanimously re-elected for three years. James Crathern was re-elected President, and the Hon. L. J. [illegible] and Hon. Robt. Mackay re-elected Vice-Presidents, and Dr. T. [illegible] re-elected Medical Director.

THE SAYLLER MURDER TRIAL

INTENSE INTEREST AWAKENED OVER THIS CASE.

Sensational Trial to Begin on Monday Next—State Attorney is Sure to Be Able to Convict the Accused.

(Special to The Times.)

Watseka, Ill., March 11.—Public interest in the Sayler murder trial is growing more intense as the time for the opening of the trial approaches, which is set for next Monday. The case, undoubtedly the most sensational ever known in this section of the State, will be heard before the District Court and promises to be the "cause celebre" of Iriquois county. The intensity of the interest taken by the community in the case is due not only to the sensational details of the crime and of the conditions which led to it, but also to the fact that the murdered man and those accused flof being his slayers and their respective relatives are known to everybody throughout the county and even beyond its limits.

Immediately after the crime was committed, on July 11, 1909, popular feeling in the county was so strong, that it would have been practically impossible to obtain a jury of twelve unbiased men to try the three persons charged with the murder. But since then the excitement has cooled down considerably, and it is believed that the selection of the jury will not be exceedingly difficult. The accused, having wealthy family connections, will be represented by the ablest counsel that money could procure and no effort will be spared to save them from conviction, which would mean hanging or life imprisonment.

The persons to be tried for the murder of John Byron Sayler, the Crescent city banker and live stock broker, are Dr. William F. Miller Mrs. Lucy Sayler, the widow of the murdered man and her father, John Grunder, Ira Grunder, a brother of Mrs. Sayler is also under indictment but merely as an accessory after the fact. State Attorney John C. Pallissard will conduct the prosecution, and he rprofesses to feel sure of the conviction of the accused.

John Byron Sayler was killed in his own house by Dr. William [illegible]

LINDSAY TOWN CLERK IMPLICATED

A SERIOUS CHARGE AGAINST LINDSAY OFFICIAL.

Mr. J. D. Flavelle of the Citizen's League Tells Council That Clerk Allowed Voters Not Properly Qualified to Vote on Local Option Bylaw—Investigation Ordered.

Lindsay, March 10.—The aftermath of the "local option" election in January last threatens to be of the most exciting kind, so far as this town is concerned, for some time.

At the regular monthly meeting of the Town Council, a deputation of the Citizens' League, headed by Mr. J. D. Flavelle and Mr. A. D. Kitchener, waited on the Council and in unmistakable terms made grave charges against the Clerk and Treasurer of the town, Mr. Fred. Knowlson. The accusation was "that the clerk had allowed eighteen voters to vote on the income list who had not paid their taxes, and had also tampered with the voters' lists and allowed names on the list that were assessed from $160 to $265, while according to the act no names should be on the list assessed under $300."

Mr. J. D. Flavelle supported the charge by reading a list of names on the voters' list that should not be there. "One would naturally expect that there would at least be some of these voters on both sides in regard to the issues, but such is not the

BURNT AT THE STAKE.

Religious Fanatic's Awful Death Beneath a Cross.

Geneva, March 10.—Ogay, a Swiss wood-cutter, aged 60, and a religious fanatic, has revived the methods of the inquisition by burning himself to death at the stake yesterday evening at Lovattens, a village near Moudon, in the canton of Vaud.

On a hill above the village Ogay built his funeral pile under an impromptu cross, and set a light to the dried wood. When it was in flames Ogay deliberately lay down on the flaming pyre, and was burned to death. When the villagers, attracted by the fire, arrived on the scene they found the carbonised body of the woodcutter, and his death-bed a fiery furnace. The verdict will be probably religious insanity.

108 HOURS TALK ON NAVAL BILL

THE AGGREGATE PERIOD OF DEBATE ON THE QUESTION.

What Will Be the Effect—It is the General Opinion That Northrup's Motion for Hoist Will Change Vote Little.

Ottawa, March 10. — Eighty-one speeches were made in the course of the naval debate, which commenced on Feb. 3, and continued for five weeks. During that period there were a number of private members' days, and the House spent the Fridays in committee of supply. It is estimated that the average length of the speeches made was about one hour and twenty minutes. This would make 108 hours; or 6,480 minutes, of continuous talk. As it is estimated that it costs $22 for every minute that the House sits, the cost of debate to the country was $142,546 or thereabouts.

Liberals regard Mr. Northrup's proposal to move the six months' hoist this afternoon as poor politics for the Conservatives. It means that within twenty-four hours the Opposition will record itself in favor of three things:

1. A contribution of Dreadnoughts.
2. A reference to the country.
3. A policy of do nothing.

Liberals are asking how the opposition can square itself with the country on such a record. The object of the opposition, of course, is to get a solid party vote, and thereby reduce the government's majority of 55 on the Borden amendment, but while this may be pleasing to the members, it is not apt to carry much weight with ardent imperialist who want to see Canada do something as soon as possible to relieve the Motherland of the burden of defence of Canada.

TELLS PEOPLE TO RAISE DEER.

Federal Expert Has Plan to Cut High Cost of Meat.

Washington, March 10.—"The high cost of the meat problem will solve itself and the price will be reduced two-thirds if the people will raise deer on the farm and are permitted to kill them," declared Dr. C. Hart Merriam, chief of the biological survey, before a House committee today. He said that deer farming could be carried on profitably in any part of the United States.

Premier Rutherford will be Forced to Send in his Resignation

Only One Minister Left in His Cabinet—He Withholds His Statement—Railway Deal to Blame

Edmonton March 10.—The Rutherford Government is wrecked. The task of reforming it is hopeless, and it is believed the premier's resignation is in the hands of the lieutenant-governor. What the outcome will be nobody can predict. Either Hon. Mr. Cushing or Hon. Mr. Cross, former ministers in the Rutherford cabinet will probably be called upon to form a ministry, and as neither is in a position to conduct the government, it is probably an early election will take place, with the supporters of the two men bitterly opposing one another.

The political situation, as it has developed during the last few weeks, is almost unparalleled in Canadian history. It even rivals in dramatic interest the events leading to the downfall of Bowell and the chagrin of the "nest of traitors."

HOW TROUBLE CAME.

Premier Rutherford was elected to power by an overwhelming majority. The opposition in the house was absolutely helpless. Danger to the government could only come from party divisions, and it came with the Alberta and Great Waterways Railway bill. That measure proposed to guarantee the company's bonds to the extent of $20,000 per mile for a distance of 350 miles into the north country, connecting Edmonton with Athabasca Landing. The bonds bore 5 per cent. interest, and were sold at par to J. S. (not Pierpont) Morgan and Co., of New York, and later were floated in London at 110. The New Yorkers are said to have made half a million on the deal, and to have liberally shared up with the promoters in Alberta. Moreover, it was alleged, that the railway could be built for one-half of the bond guaranteed.

THE FIRST SHOCK.

The first bolt came when Hon. Mr. Cushing announced his resignation. Though minister of public works, a man of recognized integrity, he declared that he had not been consulted about the proposal. The southern members joined with him in condemning it, but last week by a vote of 23 to 15 the ministry was sustained. It was known, however, that other ministers were uneasy, and on Tuesday, Hon. Mr. Cross, the attorney-general resigned. He did so, although the premier informed him that he would take back Mr. Cushing, who had so vigorously attacked Mr. Cross. Hon. W. A. Buchanan and Mr. Syd. Woods, the deputy attorney-general, next resigned. Then Mr. Cushing announced that he could not possibly return to the cabinet, and the premier stood with one lone minister facing a hostile house.

CUSHING'S STATEMENT.

Contrary to the expectations of a big crowd that thronged the legislature yesterday, there was no formal announcement of the resignation of Attorney-General Cross and Hon. W. A. Buchanan, minister without portfolio. The subject was discussed only incidentally, having been brought up on the question of privilege by Hon. Mr. Cushing, who took exception to the statement in the Edmonton Journal, in which he was accused of having double-crossed the premier. The paper charged that he had first consented to return to the cabinet on condition that Mr. Cross resign, and later had refused to do so on the advice of those who opposed the railway bill.

Mr. Cushing made a brief statement as follows: "When I came up from the buildings yesterday, I found the premier waiting for me at the hotel. He intimated that he had something to say to me, and we went to my room. He then made the proposal that if I would enter his cabinet again, Mr. Cross would resign. I told him that whatever my feelings might be in regard to a matter of that kind, the matter had now gone too far for him and me to go into a room and settle it between ourselves. I told him that my opinion was that nothing would satisfy the men who had stood out against the Waterways Railway agreement but a clean-up. I intimated that, owing to my personal friendship for him, I would be willing to sacrifice myself in any way if that could save the situation, but I could not see how the course he proposed would help matters. I told him I would tell the other members who had been opposing the agreement what he had said; that I had not tried to influence them in any way, and was not going to try to do so now. He seemed to think that if I would go back that would settle the whole thing, but I told him I could not see it that way.

MEETS PREMIER AGAIN.

"I met the premier again in the evening in the office of the lieutenant governor, where we discussed the matter again with exactly the same result. I said then that, so far as I could see, there was only one solution. I said I would have a meeting

Continued on page four.

What Side Will John Bull Take

In the Much-Talked-of War

Between the Japs and Yankees?

In Any Case, Britain Has a Treaty With Japan That Might Hold 'Em.

The British Foreign Office is Now Reposing on a "Bed of Thorns."

London, March 10.—There are unmistakeable signs today that the British Foreign Office is reposing on a "bed of thorns" as a result of the prospect of a clash between America and Japan. This clash, which some believe will be merely commercial, but which many are convinced will be a titantic war, is daily growing more imminent in the opinion of English politicians.

While the great mass of the English people still believe that "Blood is thicker than water," English diplomacy has disregarded this bit of sentiment, and finds itself in a most embarrassing situation as a result. British diplomacy in its recent Far Eastern exercise has meant nothing more than British commercialism, and is responsible for the Anglo-Japanese pact, from the terms of which it will be difficult to escape in the event of war between Japan and America.

Public opinion in England, however, has never wholly sanctioned this Anglo-Japanese alliance and any administration that would cooperate with Japan in a struggle between the latter and the United States would undoubtedly be wrecked beyond all hope of repair.

The thought of a breach in the great Anglo-Saxon family, with England throwing her influence toward the Orientals, is repugnant to the mass of English people.

It is for this reason that the Foreign Office is hoping as it never hoped before that a struggle between Japan and America may be avoided. If it should come to the worst, it is probable that England would find some way of escaping the terms of her treaty with Japan, but this necessity would be as sever a blow at English statesmanship as an adherence to the terms would be to the sentiments of the English race.

There is authoritative, though unofficial information that England is bringing the strongest pressure to bear upon Japan to avoid trouble with the United States.

Nothing in the way of a Cough is quite so annoying as a tickling, teasing, wheezing, bronchial Cough. The quickest relief comes perhaps from a prescription known to Druggists everywhere as Dr. Shoop's Cough Remedy! And besides, it is so thoroughly harmless that mothers give it with perfect safety even to the youngest babes. The tender leaves of a simple mountain shrub, give to Dr. Shoop's Cough Remedy its remarkable curative effect. A few days' test will tell. Sold by all dealers.

THE WEATHER.

Stationary or a little higher temperature.

THIS DATE IN HISTORY

1732—Kouli Khan usurped Pope as Leo. X.
1513—John Medici usurped the Persian throne.
1764—British Parliament imposed new and heavy duties on merchandise imported by the American colonies.
1801—William Henry Draper, for many years Chief Justice of Upper Canada, born. Died Nov. 3, 1877.
1862—Gen. McClellan assumed command of the Army of the Potomac, Fremont that of the Mountain Department, and Halleck that of the Mississippi.

Anti-Gambling Bill goes to the House

Ottawa, March 10.—The committee dealing with Mr. Miller's bill which proposes to make race track betting illegal, decided today by a vote of five to two to report favorably the measure to the House without any amendment on principle. Some slight changes in phraseology to make the intent absolutely clear was agreed to. Messrs. Monk and McColl favored adopting the amendment suggested by the racing men which would allow book-making, but prohibit hand-books, advance tips, etc. The amendment, however, was defeated, and the bill carried. The division stood:

Yeas—Messrs. Miller, Stratton, Blain, Marlin and Sinclair.

Nays—Messrs. Monk and McColl.

The bill will now go to the House, and, while the government will consent to allowing a special time being fixed for its discussion, it will not become a government measure.

Roseberry's Plan to Reform the Lords

London, Eng., March 10.— When Lord Rosebery on Monday launches his plan for the reformation of the House of Lords, he will present a set of three resolutions, embodying in general terms the course which the peers propose to follow in modernizing themselves.

As Lord Rosebery has been in consultation with a majority of the members of the Upper House, there is little question that the resolution present the general views of the Lords on the subject of re-organization.

The first resolution will affirm the necessity for a strong and efficient second chamber for the well-being of the State.

The second bill sets forth that such a chamber will be best obtainable by the reform and reconstruction of the House of Lords.

The third will declare that a necessary preliminary to such reform and reconstitution is the acceptance of the principle that the possession of a peerage in itself should no longer afford the right to sit and vote in the House of Lords.

The navy estimates for 1910, which were issued by the Admiralty last night, provided for an expenditure of $203,018,500, an increase of $27,805,000 over 1909.

The new program provides for five large armored ships, five protected cruisers, 20 destroyers, and a considerable number of submarines.

By April 1 there will be under construction seven battleships, three armored, nine protected, and two unarmored cruisers, 37 destroyers and nine submarines.

The estimates further provide for an increase of 3,000 men in the personnel of the navy, and the completion during 1911 of two floating docks to accommodate the largest battleships. These will be stationed at Portsmouth and Medway.

Reginald McKenna, first lord of the admiralty, in an explanatory statement, announced the formation of a new naval mobilization department and a permanent navy war council, consisting of the first sea lord as present, the directors of the naval intelligence and naval mobilization departments and other officials to deal with all matters relating to preparation for war.

Four Out of Five Children are Dead from Scarlet Fever

London, Ont., March 10.—Four out of five of the small children of Mr. and Mrs. W. H. Giese, South London, are dead as the result of the scarlet fever outbreak here, Crawford, aged 6, died last night, and early this morning Edward, aged four, died. The first child died two weeks ago, and when the parents returned home from the funeral they found that the baby girl had been taken ill while they were away. She died in a few days. Another boy—the last of the family—is critically ill.

Mr. Giese is a jeweller by trade and both he and his wife are prostrated. Mrs. Giese is completely dazed with the blow which has swept her children from her. A double funeral was held from their home this morning.

Since January there have been more than 50 cases of scarlet fever in London, many of them of the most in London, many of them of the most maligant type. The epidemic, it is believed, is now checked, as no new cases have developed for several days.

THE POWERFUL GENERATORS

NOW UNDER CONTRACT BY THE GENERAL ELECTRIC CO.

Over 82,000 of Additional Horse Power to Be Installed at Niagara, Including the Three Greatest Power Generators in Existence.

There have been many signs of improvement in trade conditions during the past few months, and most manufacturers are experiencing the benefit of returning prosperity, but it is doubtful if the remarkable record of the Canadian General Electric Company can be duplicated, not only because of their largely increased volume of business, but more particularly on account of the fact that several contracts have recently been closed for electric generators which for size and importance have no counterpart in the world to-day.

Some of the recent contracts closed by the Canadian General Electric Company are with the Electrical Development Company of Ontario, who are duplicating their output at Niagara Falls, this order calling for three enormous generators of 15,000 horsepower each, which establishes a world's record for size of individual units. Another contract of equal importance has been closed with the Ontario Power Company, who are also largely increasing their output at Niagara Falls, and have placed their order for three generators of 12,500 horse-power each. Still another contract of record-breaking magnitude has been closed with the Western Canada Power Company of Vancouver for two generators of 10,000 horsepower each, making a total of over 100,000 in these three contracts alone, in addition to about as much again made up of a multitude of smaller contracts.

All of this has been accomplished so quietly that one hardly realizes its tremendous importance, not only to the manufacturing company but to Canada as a whole. The addition of 200,000 horsepower to the output of producing electrical companies means that they must see ahead a market for the use of that amount of power, which in turn means that millions of dollars will be spent in new mills, factories, and machinery, and additional employment given to thousands of workmen in our own country.

The lessons to be learned by those not directly interested in the company are as follows:—

(1) That Canada stands unrivalled in the number and magnitude of her water powers.

(2) That the rapid growth of the Dominion in population and enterprise has created an enormous demand for Hydro-electric power.

(3) That capital is being invested in vast sums in the development of hydro-electric power undertakings.

(4) That the largest generators in the world to-day are being built by a Canadian company, which has the necessary enterprise and manufacturing facilities to take such foremost rank.

Boxers' Case in Court.

Chicago, March 11.—The cases of Harry Gilmore, the veteran pugilist, and five others arrested several weeks ago on the charge of aiding and abetting a prize fight in which Aloise Wilkowski, one of the principals, was killed, were called for trial in the municipal court to-day.

Incorporators: C. J. BELL, Manager. LOUIS P. RENE, A. W. SAGER

Room 53, Royal Trust Building.

The object of this Company is to operate a Poultry Stock Farm and to supply eggs, fowls, etc., etc., to the Montreal market. At the present time there is no such business being carried on in this part of the country, although in Western Canada and the United States many similar farms are being conducted with great success, and each and every one shows a handsome profit on the capital invested. By being the first to operate such a business in this part of Canada, where the output could be sold many times over, and with competent men to manage the farm, the success of the business is assured.

It is hoped to have the farm in operation about the first of April, and we will gradually increase so as to meet the demand of the trade. The shareholders will have first option upon the output, which it is intended to deliver daily.

It is worthy of note that the freight charges paid to the different railway companies for transporting eggs, poultry, etc., into Montreal amount to thousands of dollars per year, said eggs, poultry, etc., being shipped from all parts of Ontario and Quebec, together with shipments from other provinces, all to be consumed in the City of Montreal, and in nearly every case these shipments are controlled by the Wholesale Produce Merchants, and re-sold to Retail Dealers, then sold by the latter to the consumers; therefore, it is easily perceived that in this way four profits must be divided from the price the farmer sells at to the price the consumer pays for the above-mentioned articles.

At the present moment fresh eggs are very scarce; so-called fresh eggs are being sold to the consumer at from 30 cents to 63 cents per dozen. We do not expect to be able to overcome this great problem, but we do expect to be in a position to furnish the Shareholders in this Company and other Retail Dealers with fresh eggs daily. Taking into consideration the number of eggs that are consumed in Montreal every day, the placing of the output is a foregone conclusion.

In P. E. I. the average profit per hen for eggs a year is $2.00; in York Co., Ont., $2.75; in New Jersey, $6.00. It is expected that the average profit in Montreal will be $3.00.

It is understood we are to start this business in the right way. In the first place, only first-class fowl, such as hens, turkeys, geese, ducks, etc., will be purchased, and by purchasing a farm within the suburbs we will in a few years save the entire price paid for same by the saving of the enormous freight charges on eggs, etc., from an outside point.

ESTIMATE OF EXPENDITURES.

Farm property	$10,000 00
Hens, Turkeys, Geese and Ducks, etc. including feed, and grain for same	5,000 00
Incubators and Implements, etc.	3,000 00
Building, Outhouses, etc.	5,000 00
Unforeseen expenses	2,000 00
Total expenditure	$25,000 00

EXPENSES FOR ONE YEAR.

Manager's salary	$2,000 00
Wages for labor	2,000 00
Sudries, etc.	1,000 00
	$ 5,000 00
Reserve	$10,000 00

ESTIMATED PROFITS FOR FIRST YEAR.

2000 hens to commence will yield in eggs an average of $3.00 each	$6,000 00
Adding to our flock of egg producers within six months 10,000 hens, which will average profit by April, 1911, $1.50 each	15,000 00
Poultry for the market; 2,000 dozen of eggs will raise by incubators 18,000 chickens, which can be ready for the market in from seven to twelve weeks; sale price will easily average $1.10 per pair (this can be repeated during the year)	9,900 00
Turkeys, rough estimate	2,100 00
Ducks	3,000 00
Geese, etc.	4,000 00
Representing dollar for dollar profits	$40,000 00
Our dept for the second year will be reduced some	$20,000 00
Our profit for the second year will increase considerably. Rough estimate	15,000 00

FRIDAY, MARCH 11, 1910.

WORK FOR THE BLIND.

A most remarkable example of successful philanthropical work is that of the New York Association for the Blind. Within a very few years this association has succeeded in making common knowledge of the fact, previously more or less hidden in medical circles, that most of the blindness in the country is unnecessary.

Blindness is a frightful waste of life as well as of wealth. Efforts to brighten the lives of the blind are praiseworthy, but accomplish comparitively little. But now we are witnessing a great and growing movement to put an end to the main causes of blindness. More than a hundred thousand leaflets have been distributed in four years to people who have sought for them, and the demand increases. Several other states, including Illinois, have organized societies, and international cooperation is developing.

There are numberless lines of activity for these societies. People interested in immediate practical work can turn to the provision of educational facilities, amusements and opportunities for employment. Those who are more attracted by preventive measures can work to spread knowledge of the proper care of new born children, to lead propagandas against the industrial carelessness that adds to the number of the blind and to eliminate the evils of bad lighting and of the various forms of eye strain.

It is a most exceptionally good field for endeavor, and the achievements of the New York society should produce ever greater emulation.

Chamberlain's Cough Remedy never disappoints those who use it for obstinate coughs, colds and irritations of the throat and lungs. It stands unrivalled as a remedy for all throat and lung disease. Sold by all dealers.

THE GROWTH OF CANADA.

Where there is a rapid growth in a country there is always a tendency to overestimate the population. This falls in with the plans of boomers and even gives pleasure to disinterested patriots. No doubt it is felt in this country just now, and the fever of it may have got into the blood of the Minister of Agriculture, who predicts that the census of 1911 will show that the Dominion has 8,000,000 inhabitants.

However this may be, there have been changes enough in the last ten years to make the development of Canada one of the most interesting studies of the time. During the latter part of the last century the growth of the country had been slow. The population, which was 4,324,810 in 1881, increased to 4,833,239 in 1891 and to 5,371,315 in 1901, making a small percentage for the twenty years.

But though complete figures are lacking, it is certain that there has been an astonishing change since the beginning of the present century. The Province of Manitoba, which had a population of 255,211 in 1901, had increased to 365,688 in 1906, and in the same period Alberta had advanced from 72,841 to 185,412 and Saskatchewan from 91,469 to 257,763.

1901 the number of people from the United States was placed at 127,000. The immigration from the United States alone in the year 1909 was more than 90,000, and the current has been strong for several years. It is to be noted also that the newcomers from across the American border bring capital with them, and the estimate of the Canadian immigration commissioner is that these immigrants added to the wealth of western Canada at least $99,000,000.

That the country will prove attractive from now on is highly probable, because it offers inviting farms to settlers, and its fame as a wheat field is constantly increasing. The crop of last year was valued at $120,000,000, and each year sees a large increase in the acreage devoted to wheat cultivation.

LAW AND ORDER IN THE UNITED STATES.

There seems to be no improvement in the United States in the manner in which the law is enforced and offenders against it brought to trial and punishment. Lynching of negroes goes on almost as a matter of course. This latest case reported of this nature is the attack on a gaol in Cairo, Illinois. While not successful in their object of lynching a negro confined there for highway robbery, the officials seem to be unable to bring those engaged in the riot to justice. Although the sheriff is stated to know the principals in the disturbance, it is declared that his life would be in danger were he to attempt to arrest them. This discloses a terrible state of things and it is only one of many instances showing the deplorable situation that exists in the country. Happily, it is impossible to believe that a similar condition of things could occur in Canada. Here the integrity of the courts is unquestioned and in doing their duty the officials of the law have public sentiment behind them.

NOTICE TO CONTRACTORS.

Tenders For Machinery, Belting, Shafting, Cranes, Air Compressors, Etc.

SEALED TENDERS, addressed to the undersigned, and marked on the envelope "Tender for Machines and Tools," "Tender for Leather Belting," etc., etc., as the case may be, will be received at the office of the Commissioners of the Transcontinental Railway, at Ottawa, Ontario, until 12 o'clock noon of the 12th day of April, 1910, for:

(1) Machines and tools;
(2) Leather belting;
(3) Shafting, hangers, steel frame work, etc.;
(4) Miscellaneous equipment, industrial track and lockers;
(5) Motors;
(6) Furnaces and forges;
(7) Cranes;
(8) Air compressors;
(9) Grey iron foundry equipment and brass foundry equipment;

required for the equipment of the locomotive and other shops of the Commissioners of the Transcontinental Railway at Springfield, east of Winnipeg, Manitoba.

Tenders will be received and considered for any or all of the items indicated above and numbered from 1 to 9, both inclusive.

Plans and specifications may be seen in the office of the Chief Engineer of the Commissioners at Ottawa, Mr. Gordon Grant, and in the office of the District Engineer of the Commissioners at St. Boniface, Man. Mr. S. R. Poulin.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied by the Commissioners, which may be had on application to the Chief Engineer at Ottawa, or to the District Engineer at St. Boniface, Man.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada, payable to the order of the Commissioners of the Transcontinental Railway for a sum equal to ten per cent. (10 per cent.) of the amount of the tender.

Any person whose tender is accepted shall within ten days after the acceptance thereof sign the contract, specifications and other documents required to be signed, and in any case of refusal or failure on the part of the party whose tender is accepted to complete and execute the contract with the Commissioners, the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure, and all contract rights acquired by the acceptance of the tender shall be forfeited.

The cheques deposited by parties whose tenders are accepted will be deposited to the credit of the Receiver General of Canada as security for the due and faithful performance of the contract according to its terms.

The cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

The right is reserved to reject any or all tenders.

By order,
P. E. RYAN,
Secretary. The Commissioners of The Transcontinental Railway.
Ottawa, 2nd March, 1910.

Newspapers inserting this advertisement without authority from the Commissioners will not be paid for it.

Phone [illegible].

Sayler Murder Trial

Continued from page one.

Miller about ten o'clock on the night of July 11, 1909. The defence will claim that the deed was an act of self-defence and that Dr. Miller did not fire the fatal shots until after Sayler had attacked him with a hatchet. The prosecution, however, will try to prove that the act was premeditated murder and was the result of a conspiracy between Dr. Miller, Mrs. Sayler and her father. It appears that for many years Dr. Miller and Mrs. Sayler entertained intimate relations which were the talk of the town and caused the community socially to ostracize both the doctor and his affinity. It is known that Sayler, the victim of the murder, had knowledge of the relations existing between his wife and Dr. Miller for many years, but that for the sake of his daughter he refrained from taking legal steps to obtain a divorce. Dr. Miller's wife, a lovable and highly respected woman, also knew of the scandalous relations of her husband, but would not seek separation, fearing that the scandal connected with a divorce suit would blight the life of her boy.

It is said that Dr. Miller and his affinity made several attempts to rid themselves of their respective legal partners and even tried to inveigle Sayler into the appearance of an entanglement with Mrs. Miller, but failed in every instance. It is believed and will be charged by the prosecution that becoming desperate the doctor and his affinity resorted to the extreme remedy of killing the man who stood in their way. What happened at the Sayler residence on the night of the murder only the persons charged with the murder know. They claim that Sayler came into the room in which Mrs. Sayler, her father and Dr. Miller were about to play a game of cards, that they urged him to join the game, but that he refused and, without further provocation attacked Dr. Miller with a hatchet. They insist that Dr. Miller merely acted in self defence when he shot Sayler. Witnesses who entered the room of the murder shortly after the shooting, assert that there was not hatchet in the room at that time, and if one was found there, it must have been placed there later in an attempt to manufacture evidence.

Croup positively stopped in 20 minutes, with Dr. Shoop's Croup Remedy. Our test alone will surely prove this truth. No vomiting, no distress. A safe and pleasing syrup—50c. Sold by all dealers.

Cosgrave's Beer

Words of praise have ever prevailed in advertising "copy." That a producer should wax enthusiastic over his own wares is but human. But it's the praise of the customer that counts—and it is to a discriminating and critical public that "Cosgrave's" refers you.

It is safe to say that no product of any kind enjoys a more enviable reputation than does this famed Cosgrave Beer of Toronto in markets where it is offered.

Its self-evident honesty of purpose, purity, brilliancy, body, and every other attribute that goes to make a perfect beer are ever in evidence.

Celebrate the "Cosgrave Habit"—Watch for the name—ask for any of these brands—Half-and-Half, Pale Ale, XXX Porter.

HOTELS

Montreal's Popular Hotel!

Favorite Stopping Place for the Travelling Public

The Grand Union Hotel is situated at 249-255 Notre-Dame street, west, in the heart of the business section of the city. Electric cars pass the doors to all points of interest, and amusement. Five minutes' walk from C.P.R. and G.T.R. stations. The bus meets all trains to convey guests free, to and from the stations.

During the month of April, last year, this hotel underwent a thorough renovation, which has made it the best up-to-date commercial hotel in the city for home comfort. The hotel is under the personal supervision of Mr. Murray, who gives his special attention to his guests.

Nice clean, comfortable rooms, and elevator service. American plan. Rates $2.00 per day, and upwards.

F. J. MURRAY,
Proprietor.

HOTEL CARSLAKE, MONTREAL. European plan—opposite Grand Trunk, Geo. Carslake, Proprietor.

Synopsis of Canadian Northwest Land Regulations.

ANY PERSON WHO IS THE sole head of a family, or any male over 18 years old, may homestead land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother, or sister of an intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, solely owned and occupied by him, or his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price $3.00 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price $3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth $300.00.

W. W. CORY,
Deputy of Minister of the Interior.

CROWN LANDS.

Cost of Administration Has Increased With Good Results.

Under Mr. Cochrane the cost of administering the Crown Lands, forests and mines of Ontario has increased materially, but the expansion in the outlay has been so necessary as to have been virtually imperative. This the intelligent student of departmental finance readily will admit. Had the minister held his hand in regard to any of his appropriations, he would have left himself and the government open to grave criticism. As it is, many think the minister has not spent money with sufficient freedom, but no administration can please everyone. In avoiding both extremes of parsimony and extravagance the government probably has moved along safe lines.

The expenditure on the outside service of the department is grouped mainly under five heads, agents' salaries, wood-ranging, fire-ranging, surveys and mining. In 1904 the agents' salaries amounted to $40,548. In 1909 they totalled $50,089. The officials thus classified are Crown lands' agents and homestead inspectors. The opening of new territory for settlement has rendered necessary the establishment of six new land offices at Englehart, Matheson, Cochrane, North Bay, Blezard Valley and Kinmount. The agents are paid from $300 to $500 a year, according to the volume of their work, and in a number of instances increases have been granted. There are thirty-four land agents now, as compared with twenty-eight five years ago.

The homestead inspectors are the intelligence corps of the Lands Department, and are better paid than the agents, as they give all their time to the work, which at times entails considerable hardship. When the department receives an application for the cancellation of a location, they must examine and report as to the manner in which the locator has carried out his obligations as to residence and improvements. On these reports the action of the department is based. The staff includes ten of these officials, as against three in 1904. They earn their salaries, and the Province reaps large benefits from the outlay.

A failing tiny nerve—no larger than the finest silken thread—takes from the Heart its impulse, its power, its regularity. The stomach also has its hidden, or inside nerve. It was Dr. Shoop who first told us it was wrong to drug a weak or failing Stomach, Heart or Kidneys. His prescription—Dr. Shoop's Restorative—is directed straight for the cause of these ailments—these weak and faltering inside nerves. This, no doubt clearly explains why the Restorative has of late grown so rapidly in popularity. Druggists say that those who test the Restorative even for a few days soon become convinced of its wonderful merit. Anyway don't drug the organ. Treating the cause of sickness is the only sensible and successful way. Sold by all dealers.

DOESN'T LIKE JOHNNY CANUCK.

And Prize of One Hundred Dollars Is Offered for a Canadian National Type.

The Canadian Century, which has opened an office in Montreal, is another Canadian edition which proposes to fill an alleged gap in the national life of Canada. In the current number the Century offers a prize of $100 for the drawing containing the best suggestion for a representation of a national type to be analogous to John Bull, Uncle Sam, John Chinaman, et al. In announcing the competition the publisher says that Johnny Canuck cannot truthfully be called a Canadian representative type, and declares that his prominence is not due to popular selection, but to an accident of phraseology. One significant clause in the conditions is to the effect that the Canadian type used not to be confined to the male sex as in the case of John Bull and Uncle Sam. The following gentlemen have consented to act as judges: Mr. Homer Watson, President Canadian Art Club; Mr. Brymner, President Royal Academy of Arts, and Mr. E. Wyly Grier, President Ontario Society of Artists.

A GOOD RECORD

Royal-Victoria Life Insurance Company Has Good Year.

Elsewhere in to-day's issue will be found the annual report of the Royal-Victoria Life Insurance Company, which speaks for itself. The company is in a splendid financial position. The new business for the year amounted to $900,000 in applications on which $802,000 of insurance was issued. The premium and interest income during the year amounted to $169,969.94.

Have you a pain—of any kind, anywhere? Stop just a minute and think. It matters not whether it be womanly pains, head pains, or any kind of a pain, one of Dr. Shoop's little Pink Pain Tablets will surely stop it in 20 minutes. Formula plainly printed on the 25c. box. Sold by all dealers.

PORCUPINE.
SALE OF LOTS IN TOWNSITE.

Sealed tenders will be received by the undersigned up to Wednesday, 16th March, 1910, at one o'clock, p. m., for the purchase of all the lots in the town plot of Porcupine, situated in the south half of lot nine, in the fourth concession of the township of Whitney, at the eastern end of Porcupine Lake, as shown by plan of survey by Mr. E. D. Bolton, O.L.S.

Tenderers are asked to state how much they are prepared to pay for each lot and must accompany their tenders with a marked cheque in favor of the Provincial Treasurer, for half the amount which shall be applied as the first instalment. Successful tenderers will be required to pay the balance within two months.

The highest or any tender not necessarily accepted.

Tenders to be marked "Tenders for lots in town plot of Porcupine," and to be addressed to the Honorable the Minister of Lands, Forests and Mines.

Plans of townsite may be had on application to the Department and to the office of the Mining Recorder at the following places: Porcupine, Haileybury, Cobalt, Sudbury, Elk Lake, Gowganda, Sault Ste. Marie, Parry Sound.

Back From Toronto.

The civic deputation, consisting of City Clerk Armstrong and Aldermen Phelan and Duffus, returned from Toronto last night.

St. Andrew's Lady Aid.

A special meeting of St. Andrew's Ladies' Aid Society, was held at the home of Mrs. R. McWilliams, 273 Park street, last night.

Steamer Monarch Ready.

As soon as the Otonabee river is clear of ice the Otonabee Navigation Company's steamer Monarch will begin her trips. This trim little craft is being put in first-class shape for the season's work.

$42 for Children's Aid.

The Children's Aid Society beg to acknowledge the receipt of the following amounts:

Quaker Oats	$25 00
Sentinel Lodge, L.O.B.A.	2 00
Court Chemong, 530, I.O.F.	5 00
Court Lakefield No. 43, C.O.F.	5 00
Golden Link Lodge, I.O.O.F.	5 00

Brought to the Hospital.

On Wednesday evening Lovell Richards, Garden Hill, was brought to Nicholls Hospital to undergo an operation, he having sustained a compound fracture of the right leg above the knee, while engaged in cutting down trees. Dr. Russell of Bailieboro, attended the injured man at Garden Hill, and on his being brought to the hospital here, Dr. Young removed several pieces of bone, and the setting necessitated wire stitches being used.

Bread Wagons to Carry Scales.

With the sponsor of the bill, Mr. W. McNaught, fighting every inch of the way, the Municipal Committee of the Legislature carried the new bread act, with amendments that will make many a baker sit up at nights, wondering where he is "at."

The most drastic amendment and one that Mr. McNaught and the bakers opposed bitterly, was one which will force every baker in the Province to equip his bread wagon with scales to weigh the bread.

The basiest and mightiest little thing that ever was made is Chamberlain's Stomach and Liver Tablets They do the work whenever you require their aid. These tablets change weakness into strength, listlessness into energy, gloominess in joyousness. Their action is so gentle one don't realize they have taken a purgative. Sold by all dealers.

An Honor Pupil.

Miss Florence Reid, daughter of Mr. G. A. Reid, has been notified that she has been successful in passing with honors, the mid-winter examinations of the Toronto College of Music. Miss Reid is a pupil of Mr. Gliddon's, at the Peterborough Conservatory of Music.

Canadian Pacific.

Parlor Car Notice: Commencing on Monday, March 7th, parlor car will be attached to local trains leaving Peterborough at 7.55 a.m., and Toronto at 5 p.m. Seats in this splendid car only 25 cents extra. Seats reserved at city office.

Large Order for Machinery.

The Wm. Hamilton Company have secured a large order from the Simcoe Railway and Power Company. It consists of the supplying of the penstocks, standpipes and five large hydraulic turbines for a large power house to be built at Big Chute, on the Severn River. The headquarters of the Simcoe Street Railway and Power Company are at Midland, and they will supply the power for an electric railway running out of Midland, and for several elevators in that district. The Hamilton Company will increase the number of their employes.

Little Local Lines

Both our local hospitals are filled just now.

Steamboat men are now making a move to prepare for the season's business.

Rev. Father Fitzpatrick of Enniscmore, will preach on St. Patrick at Vespers, at the Church of the Sacred Heart on Sunday evening. Father Fitzpatrick is an eloquent and impressive speaker, and there no doubt will be a large congregation to hear him.

Tonight's Mass Meeting.

The mass meeting in the opera house this evening at eight o'clock should attract a large gathering, as the Y.M.C.A., have been very fortunate in having such strong speakers present on this occasion. The address of the evening will be delivered by Mr. E. T. Colton of New York, on the subject, "The World Without a Foreign Land." To those who heard Mr. Colton last year no further reference is necessary regarding his ability as a strong and convincing speaker; those who were not so fortunate on his previous visit should not allow the opportunity to pass without making every effort to be present. The other speakers, Mr. G. S. Phelps and Mr. G. E. Truman, have both had experience in Y.M.C.A. missionary work in Japan, and will be able to present interesting particulars of this great foreign work movement of the Y.M.C.A. Miss Pringle will be present to render a vocal selection.

WELCOME TO PETERBOROUGH.

Mr. and Mrs. G. N. Sargent Honored by Neighbors in Cavan.

A gathering in the form of a surprise party, was held on Friday evening at the home of Mr. John M. Sargent, Fairmount, Cavan.

Between fifty and sixty were present and a very pleasant time was spent, the object of the gathering being the presentation to Mr. and Mrs. Sargent of the following address, and a beautiful mantle clock, on the eve of their departure from the neighborhood to take up residence in Peterborough:—

As the time is drawing near when you are about to leave this section of the community, we, your neighbors, have gathered here tonight, wishing to acknowledge the debt we owe you on account of your fidelity to the best interests of this neighborhood.

For a quarter of a century you have been among us, and we feel your influence and help have been far greater than any person suspects.

By your stirling good qualities and Christian character you have gained a place in our midst that few have ever held in any community.

You have been closely identified with the church work, as well as the secular interests of the neighborhood and we have learned to appreciate your honest efforts.

We cannot allow this opportunity to pass without expressing to you in some way the regard in which you are held, and we ask you to accept this token of our good will.

Our earnest wish is that you may be spared to each other for many years to enjoy the competence you have acquired, not through any chance game of fortune, but by close, diligent, honest labor.

Signed on behalf of the community
J. H. SANDERSON,
D. W. TULLY.

ROLLER RINK OPENS.

Brock Street Rink Will Be Ready Today.

The roller skating season will open at Brock street rink this evening, and it is expected that there will be a big crowd on hand to enjoy the opening turn on the rollers. The floor will be in great shape as it is being gone over with the sandpapering machine from the Parkdale roller rink, Toronto. It is in charge of Mr. A. Jacks, The manager this season will be Mr. L. E. Pitcher, who comes to Peterborough from the Parkdale rink. Mr. Meharry has been fortunate to secure such a good man. The skates have been completely renovated and will be found in first-class condition. A large section of the 57th Regiment Band will be present on the opening and every night.

The Brock street rink will be open every morning, afternoon and evening, the schedule being as follows:—
Morning—11 to 12.30 for beginners
Afternoon—2 to 5.
Evening—7 to 10.

Have you a weak throat? If so, you cannot be too careful. You cannot begin treatment too soon. Each cold makes you more liable to another, and the last is always the harder to cure. If you will take Chamberlain's Cough Remedy at the outset you will be saved much trouble. Sold by all dealers.

SOCIETY

The Times will be pleased to receive notices of Weddings, Social Events, Personal Announcements, which will be published in this column free of charge.

Rev. Father O'Sullivan of Victoria Road, is the guest of Rev. Dr. O'Brien.

Mrs. Thomas from Montreal, is visiting her friend, Mrs. (Dr.) Blanchard, 322 Water street.

Mr. Chas. W. Sturdy, Toronto, is visiting Dr. Blanchard, V.S., representing the Ontario Leather Co.

Mr. W. Barrett of Montreal, was in town yesterday on business, and called on The Times.

Mr. George B. Hilliard, Lakefield, was in the city yesterday, and paid The Times a friendly call.

Clerk Implicated

Continued from page one.

case, as they are all opposed to local option. It is largely for the purpose of protecting the town, and also the town clerk, that the charges are made. The clerk had the information as a practical collector and enfranchised men not entitled to vote. It is an exceedingly bad thing to have thirty-five men enfranchised who the clerk knew were not entitled to vote."

Mayor Begg regretted very much to hear the charges made. The charges could not be overlooked, and he appointed the entire council to act as a committee to investigate them.

It is but fair to Clerk Knowlson to say that he was entirely unaware of the charges. He thought the attack was unfair, and he denied the charges, claiming that the names went on the list without his knowledge and that but few of the voters were known to him. Mr. Knowlson is a gentleman of high repute in the town and has been clerk and treasurer for a very long period, managing the finances and the affairs of the town in a highly creditable manner. His many friends here strongly hope that when the matter is thoroughly sifted—as it certainly will be by the committee—he will be able to extricate himself from the unpleasant charges made against him.

May Resign

Continued from page one.

of the members opposing the Waterways agreement, and we would submit the matter to them. I did so, and they were unanimous in demanding that there be no compromise. My own advice to them was that there could be no compromise.

"I did not make any statement to the press last night, and did not allow other opposing gentlemen to make any, as I considered the matter and conversation between myself and the premier as private."

Premier Rutherford, in reply, said he had made no statement to the press, and any statement he would have to make would be on the floor of the House. He had nothing to say at present.

Later in the session, however, when asked by Mr. R. B. Bennett as to his reported resignation, the premier said he had no statement to make at present.

CROSS EXPLAINS IT.

Hon. Mr. Cross was not in the House yesterday, but to the press he made the following statement: "In view of the fact that the premier informed me that he had asked Hon. W. R. Cushing to again become a member of his cabinet, and that Mr. Cushing had accepted, I could not, under any circumstances, remain a member of the Alberta government."

Hon. W. A. Buchanan was not in his seat yesterday. He had, however, nothing to say beyond confirming his resignation.

Deputy Attorney-General Woods, who has also resigned, has been offered ten thousand a year as legal adviser for some corporation.

MR. CUSHING'S PARTY.

The legislature is split up into hopeless chaos. The following of Mr. Cushing, who are known as insurgents, are firm behind him, but have definitely said they will not have any flirtation with Premier Rutherford until everyone of his ministers has resigned. Bitterly opposed to them are the faction who have recognized the leadership of Mr. Cross, but it is believed these two would even have combined to defeat the premier had he dared to face a division in the House with the small following who have remained loyal to him in all the upheavals and reverses.

Mr. Cross' followers are very outspoken and determined in their opposition to Mr. Rutherford, and in condemnation of his course, in having invited Mr. Cushing to return, knowing that such would result in a rupture with Mr. Cross. Indeed, this was taken as tantamount to a dismissal of the attorney general.

The greatest animosity and bitterness marks the actions of all the factions in the hopeless and regrettable tangle into which things have drifted so unexpectedly.

The two rivals for the Alberta premiership are the late minister of public works, William Henry Cushing, and Mr. C. W. Cross.

The former was born Aug. 12, 1852. His father was of English and his mother of Irish extraction. Educated at Ontario Public schools. He married Feb. 26, 1877. A manufacturer, he was appointed minister of public works in the first Alberta government. Since he has been a Methodist, and a member for Calgary.

Attorney-General C. W. Cross, a Scottish nationality, was born Nov. 30, 1872, at Madoc, Ont. Educated at Upper Canada College, Toronto University, and Osgoode Hall, (B.A. and LL.B.). He married Jan. 3, 1900, Annie L. Lynde. He is a barrister, and in religion a Presbyterian. Appointed attorney-general in the first Alberta government, Sept. 4, 1905. He sits for Edmonton.

PUBLISH MY LETTER THE WORLD OVER.

The Words of Harold P. Busby, Who Was Permanently Cured of Chronic Lumbago by "Nerviline."

"Three years ago I discovered that a man subject to lumbago might just as well be dead as alive." These words open the sincere, straightforward letter of H. P. Busby, a well-known man in the plumbing and tinsmithing business in Portland.

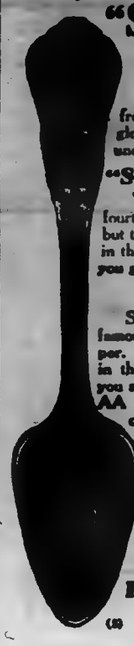
"One attack came after another, and lumbago got to be a chronic thing with me. I could scarcely get in a day's work before that killing, true, pain would attack my back. I used a gallon of liniments; not one of them seemed penetrating enough to get at the core of the pain. I read in the Montreal Witness about Nerviline, and got five bottles. It is a wonderful medicine—I could feel its soothing pain-relieving action every time it was der control with Nerviline, I built applied. When I got the disease up my strength and fortified my blood by taking Ferrozone at meals. This treatment cured me permanently, and I urge everyone to give up the thick, white, oily liniments they are using, and try an up-to-date, penetrating pain destroyer like Nerviline.

"Please publish my letter the world over. I want all to hear of Nerviline."

Don't be cajoled into receiving anything from your dealer but "Nerviline." Large bottles 25c.; five for $1.00. Sold everywhere or the Catarrhozone Co., Kingston, Ont.

LETTER NO. 4311

Only Gloved Hands Pick "Sunkist" Oranges



We use great care in picking the famous "SUNKIST" ORANGES. Each "SUNKIST" ORANGE is picked from the tree and packed in the box by a gloved hand. No orange that falls to the ground is packed under the "SUNKIST" label.

"Sunkist" Navel Oranges Are Seedless

We grow 60% of all the California oranges. Three-fourths of all the lemons. Most of them are sold in bulk, but the choicest selections of this great quantity are wrapped in the "SUNKIST" label, so that if you would be sure that you get the choicest pick, insist upon the "SUNKIST."

Beautiful Orange Spoon FREE

Some dealers may claim the oranges they sell are the famous "SUNKIST," but that they have removed the wrapper. Insist on your dealer giving you oranges and lemons in the "SUNKIST" wrapper. If you do this we will give you a beautiful orange spoon—one of Rogers' best standard AA quality. Just send us twelve "SUNKIST" orange or lemon wrappers, with six 2c stamps to pay postage, packing, etc., and receive one of these beautiful spoons by return mail.

The choicest quality of lemons also go under the "SUNKIST" label. You can easily secure a whole dozen of these beautiful orange spoons. Get a dozen "SUNKIST" oranges or lemons today.

—A TRIUMPH IN—
Sugar Refining

ST. LAWRENCE CRYSTAL DIAMONDS

Small tablets or blocks of brilliantly pure white crystal sugar, each tablet being of uniform shape and size.

A fancy table sugar, attractive and tempting, and a distinct addition to the tea table.

The St. Lawrence Sugar Refining Co. Ltd.
MONTREAL, QUEBEC.

A Single Cup Correctly Brewed

Proves the merit and satisfaction there is in Postum. But it is often only half brewed, and the result is often unjust condemnation.

There are no "grades" of Postum. Every package is the same. It is the steady boiling, for at least fifteen minutes after boiling begins, that gives a cup of Postum its fine, snappy flavor.

If your first cup of

POSTUM

Was not satisfactory, the fault was in the brewing—it must be boiled until it is dark and rich—don't attempt to make it as you would make coffee, but remember—

The longer Postum is boiled the better it is!

Well-made Postum served with good cream, has a flavor distinctly its own, and not unlike that of mild, high-grade Java coffee.

The best proof of the value of Postum is found in the clear brain and steady nerves which follow its use as the regular daily beverage in place of coffee or tea.

Postum—made of clean hard wheat (including the bran-coat with its "vital phosphates," grown in the grain)—quickly assists in rebuilding the worn out body cells, because it contains these valuable elements in liquid form; in fact, it is a very palatable liquid food.

After all arguments, 10 days' trial proves.

"There's a Reason" for Postum

Postum Cereal Co., Ltd., Battle Creek, Mich.

HAVE IT RIGHT.

Have Your Beverages Made Good Enough to Win You.

The rule about not boiling coffee leads many persons to prepare Postum in the same way.

This is a mistake and, of course, is unfair to Postum. Have it just right and it has much the same flavor as the mild and high-priced Java coffee, but never causes the troubles that coffee does.

An Illinois man found out how to make Postum so it tasted as good to him as his old-time coffee. He writes:

"For years I could not breakfast without my cup of coffee.

"During this time I was troubled with palpitation of the heart, with smothering and nervous spells. The doctor told me to quit coffee, but I did not.

"Finally, one time, while visiting, I was given Postum for breakfast. I can't say I enjoyed it at first—they only guessed how to make it. But when we followed the directions on the packe, we all agreed that 'Postum was fine.'

"Then I began to enjoy my meals. Could take plenty of substantial food besides the Postum and felt good afterwards. My headaches were gone, and gradually I forgot I ever had heart trouble.

"I have told persons we used Postum at our house and they remarked they did not know how we could 'use the stuff.' They did not get at its goodness because it was not made right.

"A lady tried to give Postum to a lot of hired men, but they would not take it. I tasted it as she made it and didn't wonder—it didn't taste like ours. Asked about it, she said she never had paid much attention to directions on the package.

"The next time I saw her she had learned how to make Postum right and said the men folks asked for the second cup. 'Follow directions and you'll have good Postum.' Have it right!

Catarrh Cannot be Cured.

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease and in order to cure it you must take internal remedies. VOL. XXXIII NO. 57 PETERBOROUGH, ONTARIO, SATURDAY MARCH 12 1910 PRICE TWO CENTS

THIS DATE IN HISTORY

1820—Sir Alexander Mackenzie, discoverer of the Mackenzie River, died in Scotland. Born in Scotland about 1755.
1839—United States Pension Office established.
1856—Railway train from Toronto to Hamilton plunged through drawbridge in Desbardins Canal, and seventy lives lost.
1877—George W. McCrary, of Iowa, became Secretary of War.

The C. P. R. To Build Two Large Steamers

London, March 11.—In the Commons Sir E. Grey stated that the emigration of army reverists could only be permitted to a limited extent. Respecting time-expired soldiers, the Army Council would be glad if employment with the overseas dominions' forces could be guaranteed for a limited period, say, two years.

MAY USE FISHGUARD.

London, March 11.—The rumor that the C.P.R. Empress steamers will use Fishguard, and another rumor that the company intend building two additional steamers of greater size and speed than the Empresses, are circulated.

Among the passengers on the Empress of Ireland, was H. D. Annable who for the past nine years has ably filled a very high position in the London offices of the C.P.R. A large number of personal friends assembled at Euston Station to wish him bon voyage.

IMMIGRANTS FOR ONTARIO.

London, March 11.—Four hundred Barnardo children sailed today on the Tunisian.

A large percentage of the emigrants sailing in March and April are going to Ontario.

BOY SCOUTS COMING.

S. B. Walker of Toronto, has been made a member of the Royal College of Surgeons.

Baden-Powell is raising two patrols of Boy Scouts for his trip to Canada.

Sharp Quake in California---Nearly Caused Panic in Some Places

San Francisco, Cal., March 11.—A sharp earthquake in some parts of the State, the severest shock since the big one of 1906, was experienced throughout the central part of California last night about 10.54 o'clock.

The vibrations were long and undulatory, but slow. The duration was from one and a half to four seconds.

The shake was felt as far south as San Luis Obispo, but did not extend far north of San Francisco. No damage was reported.

In San Francisco people were generally aroused. In the telegraph offices virtually every operator left his key. This caused a report to come from Portland that some of the San Francisco wires had been interrupted.

In two San Francisco theaters where the last act was closing, scores of spectators jumped to their feet.

In one house there was a decided movement from the galleries towards the exits, but it was promptly stopped by a policeman.

The shock was principally severe on a line running north from Monterey through Watsonville, Santa Cruz and San Jose, and it also was felt in Santa Rosa,

IS NOW A PRIEST

IMPRESSIVE ORDINATION CEREMONY YESTERDAY.

Rev. D. A. Casey, of Newport, County Tipperary, Ireland, Ordained Yesterday morning at St. Peter's Cathedral by His Lordship Bishop O'Connor.

Yesterday St. Peter's cathedral was the scene of a very interesting and impressive ceremony, when Rev. D. A. Casey of Newport Co., Tipperary, Ireland, was raised to the priesthood by his Lordship Right Reverend Bishop O'Connor. The church was filled by a large congregation, many of whom are already personally acquainted with Father Casey since his arrival in Peterborough. Many friends came from a distance, including Father Casey's brother, Mr. Thomas J. Casey of Montreal, the Hon. Senator Coffey, proprietor Catholic Record, London, Mr. Burns, Catholic Record, London, and Mr. J. Coffey, Westmount, Montreal.

His Lordship Bishop O'Connor was assisted by Rev. Father W. J. McColl, rector St. Peter's Cathedral, and Rev. Father Phelan, Lakefield. Father V. G. McFadden, Douro, was master of ceremonies. The other clergy present were Ven. Archdeacon Casey, Lindsay; Rev. Father Galvin, Galway; Rev. Father W. P. Meagher, and Rev. Father Toner, of the cathedral, Rev. Father O'Leary.

After the ceremony Father Casey imparted his blessing to the congregation individually.

Father Casey will say his first mass in St. Peter's Cathedral this morning at eight o'clock, and his first solemn high mass in St. Peter's on Sunday. Father Casey will be attached to the staff of St. Peter's cathedral.

A few minutes delay in treating some cases of croup, even the length of time it takes to go for a doctor, often proves dangerous. The safest way is to keep Chamberlain's Cough Remedy in the house, and at the first indication of croup give the child a dose. Pleasant to take and always cures. Sold by all dealers.

THAT POWER BYLAW.

A Correspondent Wants Domestic Lighting.

To The Editor of The Times.

Sir.—Mr. J. J. Turner's letter in one of your evening contemporaries does not appeal yto me in the least. I do not think the ratepayers are disposed to vote $78,000 for additional power, and take the chance of it being fritted away by the Council. If the people were asked for this money to be used exclusively for street and domestic lighting, I do not think there would be any appreciable opposition to the by-law. But I am much mistaken if the people will vote for this by-law in its present shape.

The Council should place a by-law before the ratepayers fairly and squarely for the above purpose, and for that purpose only. Such a scheme would be immensely popular, and would carry easily. It should provide for street and house lighting at cost price, and this would do more to bring Peterborough than the spoon-fed industries (?) that the Council pretend to covet.

Thanking you, Mr. Editor, for your valuable space, I am, etc.,

AN OLD RESIDENT.

DIED FROM HIS INJURIES.

Lovell M. Richard Passed Away at Nicholls Hospital Thursday.

Lovell M. Richard, who was injured by the falling of a tree on Wednesday last, and taken to Nicholls Hospital, passed away on Thursday evening. It appears he was working in the woods on the farm of Mr. Wilbur Sackville, in company with him, falling trees, and was caught unexpectedly. He was struck over the right eye and his right leg was badly broken four inches above the knee. Dr. Young of this city, attended him, and upon examination, found that he was suffering from a compound fracture of the leg. The limb was set and it was thought that he was progressing favorably, until towards evening he grew worse and gradually sank until the end came. His death is attributed to a clot of blood which formed as a consequence of the injury to his head.

Deceased was 40 years of age, and was a well-known and highly respected resident of Bewdley. He leaves a wife and one son, four brothers and two sisters to mourn his loss. The brothers are Messrs. Thomas of Michigan, Jack, in the Northwest Mounted Police, Stewart of Cobourg and Frank of Bewdley. The sisters are Mrs. Hawkins of Keene, and Mr are Mrs. Hawkins of Keene, and Mrs. Benson of Bewdley.

The remains were taken to Port Hope at noon yesterday, and were then conveyed to his home. The funeral will take place this afternoon at two o'clock to Bewdley cemetery.

A sad feature of the occurrence is the fact that only four weeks ago a son of the deceased passed away.

GAMBLING DEPLORED

The Orangemen Ask for Legislation Against Betting Evil

FAVOR CONTRIBUTION TO NAVY

NEXT MEETING WILL BE HELD IN BARRIE.

Passed Resolution Deploring Gambling in This Country—Printing Reports of Race Tracks and Advance Information was Condemned by the Orangemen—A Record Attendance.

St. Catharines, March 10.—The passing of a resolution deploring gambling in this country and commending those men who have courageously grappled with this vice in an endeavor to mitigate the evil, was passed at the session of the Grand Lodge of Ontario West here yesterday afternoon. The printing of reports of race tracks and advance information was condemned because the bookmakers and professional gamblers were thus aided, and resolution called for legislation prohibiting the publication and dissemination of this information and of book making and gambling in all its form be passed. Copies of this resolution will be forwarded to Sir Wilfrid Laurier, Mr. R. L. Borden, Mr. H. H. Miller, M.P., Rev. J. G. Shearer, and Rev. Dr. Chown. Mr. H. C. Hocken moved the resolution which Rev. Thomas White seconded.

FRENCH LANGUAGE ENCROACH THE FRENCH LANGUAGE.

Following the report of the Legislative Committee which dealt with the encroachment of the French language in Eastern Ontario in the Public schools, some animated discussion took place. A resolution was passed supporting Public schools and urging that English be the only language used in Ontario, and that French be employed where it is necessary to assist instruction in English.

Honorary life memberships were conferred on Bro. Thomas Bradley, P.C.M., West Bruce, who resides in Bernie, Ont., and W. Bro. S. H. Beasy, P.M., L.O.L., Grantham, Lincoln county.

A resolution was passed expressing regret that the Federal Government had not contributed at least one Dreadnought to the British navy.

ELECTING OFFICERS.

It was not until four o'clock this morning that the Grand Orange Lodge reached an adjournment. The election of officers resulted as follows:—Grand Master, H. Lovelock, Toronto; Deputy Grand Master F. Dane, Toronto; Junior D.G.M., Dr. J. C. Williams, Woodstock; Grand Secretary, Wm. Fitzgerald, Toronto; Dep. Grand Secretary, Wm. Cook, Maaford; Grand Treasurer, J. Hewitt, Toronto; Grand Chaplain, Rev. John Coburn, Toronto; Grand Lecturer, J. J. D. Banting, Cookstown, and G. D. of C., C. A. Jennings, North Toronto. Auditors, A. W. Wright, Niagara, and W. W. Taylor, Toronto.

Barrie was agreed upon as the next place of meeting with Listowel a close second choice. Chatham and Windsor were also contenders. The attendance of delegates was 384, the largest in the history of the order.

The new officers-elect were installed by Past Grand Master Parkhill of Midland, and the Grand Lodge was raised to the Scarlet Degree and closed.

Five Hundred Dollars from Peterborough for Y.M.C.A. Work Abroad

Is What Mr. Coulton Asked for at the Opera House Last Night—A Good Work which Should be Liberally Supported

The mass meeting at the Opera House last night under the auspices of the Foreign Works Committee of the local Y.M.C.A., was very slimly attended, not more than 100 being present. The proceedings, however, were exceedingly interesting and instructive and worthy of a full house. The object of the meeting was to create local interest in Y.M.C.A. work abroad, especially in Asia, where at least two of the speakers have and will be actively engaged. The three visitors touched on many sides of Japanese and Chinese character, but all showed the crying need of Y.M.C.A. workers to further the work of Christian missionaries in the Far East. Mr. E. T. Colton, contended that Ontario should at least financially support Mr. G. E. Truman, a graduate of Toronto University, in his mission to Japan, and he offered no apology in asking Peterborough to contribute $500 as its share toward so worthy an object.

The main speaker of the evening was Mr. E. T. Colton of New York, who is associated with Mr. John R. Mott, secretary of the Foreign Department of Y.M.C.A. work in North America. Mr. Colton was supported by Messrs. G. E. Truman and G. B. Phelps, both of whom have served in Japan. The local Y.M.C.A. enthusiasts present on the platform were Revs. Potter and Keith. Ald. J. J. Turner, Jr., and J. C. Shook.

Ald. J. J. Turner made a very efficient chairman, and introduced the several speakers. At the conclusion of the addresses he made a neat speech in endorsation of the Y.M.C.A. work abroad, and agreed with Mr. Colton that Peterborough might well contribute $500 towards Mr. Truman's mission in Japan.

Revs. Keith and Potter opened and closed the proceedings with appropriate prayers.

Miss Pringle, soloist of Charlotte street Methodist church, kindly followed with a sacred solo, delivered in her customary brilliant manner.

The chairman, Ald. Turner, then made a few remarks, regretting that in a city of 17,800 inhabitants there was not a larger attendance to hear the distinguished visitors.

MR. G. S. PHELPS.

Gave an interesting address on "Why I Like the Japanese." The speaker had lived six years in Japan during which time he had found that on a whole the things he liked about the Japanese far exceeded the things he disliked about them. They are essentially a kind-hearted people, who extend hospitality to strangers. Their attitude toward their enemies is in accord with Christ's exhortation to love our enemies as exemplified by the treatment of Russian prisoners at the hands of the Japanese. Then the Japanese are famous for their love of children. stamping them as a people we might not expect to be treacherous and attempting to overthrow the civilization of the world. The Japanese are a courageous people, who are sensitive and just and who stand for great ideals. They have the same ambitions that we had and are intensely enthusiastic over modern education. They can boast of two or three universities that rank with the best in the world, and their possibilities stand side by side with those of Canadians. The speaker expressed his strongest conviction that when the history of this world is recorded it will be found that the East ranks equally with the West in its contributions towards building up a great Catholic civilization.

MR. G. E. TRUMAN.

Was the next speaker, a comparatively young man, who has already spent two years in Japan, and who returns there shortly. His subject was "Why I Am Returning to Japan." The speaker was not as eulogistic of the Japanese character as his predecessor, and contended that the moral standard of the Japs is low and their social life full of impurity and intemperance. He qualified his estimation of eastern characteristics, however, with the assertion that the Japanese are anxious to avail themselves of resorts for clean recreation such as are being offered by the Y.M.C.A. in Japan. He gave many instances in which they have demonstrated their readiness to respond to Christianity's call and to accept the golden opportunities offered them by Y.M.C.A. workers for breaking away from their imported and inherent vices and evils. He made a strong appeal for sympathy and support in disseminating Christs teachings among eastern peoples. The speaker said he was returning to Japan because he believed it was the call of God for him to retake up his work in that distant land.

MR. E. T. COLTON.

Is a brilliant and convincing speaker, who has his subject well in hand. He reviewed the rapid expansion of foreign (especially eastern) railways and commerce, due to western influences. Unfortunately, however, associated with the spirit of commercialism planted in the east by western nations we find many deplorable vices that are burning up whatever ideals of chivalry and virtue were inhereted by the Chinese, Japanese and other Asiatic races. We have not only given them western vices, but have rendered their own vices more destructive, if possible, under civilized protection. In China one finds the American saloon, palatial gambling and opium smoking houses, the titles of which are probably held in Liverpool, and low dancing and concert halls. In Shanghai vice and sin knows no Sunday. I would be ashamed, he continued, to belong to a race that pours into Asia with commercialism vice and sin, and conditions that break dow nall moral restraint, unless along with these evils we offer a helping hand in giving them Christ's Church, the Y.M.C.A. and the living God. We western people are constrained to see to it that our civilization is not misrepresented, and if we are going to contribute to the east our evils let us give of our best as well.

The Y.M.C.A. has stationed in 16 centerns of Asia and South America 87 of the choicest spirits of our North American foreign movement. Not one of these have gone or will go unless a call has been or is given to them to locate there. Turning to the influence exerted upon Y.M.C.A. work abroad, by different bodies of people, the gifted speaker said perhaps no one knows the record that will go down to eternity of the great work done by such diplomats as Sir Claude MacDonald, Mr. R. S. Miller and Hon. John Barrett. These men have urged that if we don't consider the eastern young men let us at least protect our own young men from the corrupting influences of the east. Ninety-five per cent. of Canadians and Americans who go to Asia give themselves up to the grossest sins. Then the more enlightened officials of eastern races—even government leaders—have endorsed and supported Y.M.C.A. work in their midst. On the Corean budget appears an appropriation of $5000 a year for this cause. Another body of men, aside from these officials, who have given their support to this work is the merchants and citizens themselves. We sent to Calcutta $7,000 for the support of secretaries and the local board of directors raised $23,000. Again, the work is heartily endorsed by the natives in general, who respond to the Y.M.C.A.'s call in such numbers that it is difficult to accommodate them either with premises or instructors. America has sent east ten men a year, but the crying need is for at least twenty men. We have only one fourth of the world's associations, but can boast of having four-fifths of its officers. Canada and America has the money for this work, as exemplified during the year of financial panic, when so much was raised for Y.M.C.A. purposes. In conclusion, Mr. Colton said, I come to you tonight with no apology whatever in asking that Ontario undertakes the support of Mr. Truman, a graduate of Toronto University, in Japan, and that Peterborough assumes $500 of the cost of his maintenance while engaged there in so important a work as that of the Y.M.C.A.

Rutherford Has Not Stepped Out

Waterways Railway is Afraid of Expropriation ---Strenuous Attempts Made to Head It Off

Edmonton, March 11.—That President W. R. Clarke of the Alberta and Great Waterways Railway fears the expropriation of his road, owing to the disclosures made in the legislature, is believed to be the reason of his visit to Chicago early this week. At least that is the current rumor here.

Clarke is staying in Chicago at present and conducting his business from that point. On Wednesday he met Mr. Featherstone Aylesworth, son of the Federal Minister of Justice, and himself a member of a very prominent law firm in Toronto. The meeting was private, not to any secret, but it is believed the purpose of the conference was to engage the Aylesworth firm to contest any expropriation or other legal proceedings on constitutional grounds and to secure if possible the intervention of Dominion Government.

Premier Rutherford denied all knowledge of Mr. Clarke and his whereabouts or plans.

It is understood that the lieutenant-governor has requested Rutherford to resign.

Catarrh Cannot be Cured.

BUILT A MONUMENT

The Best Sort in the World.

"A monument built by and from Postum," is the way an Ill. man describes himself. He says:

"For years I was a coffee drinker until at last I became a terrible sufferer from dyspepsia, constipation headaches and indigestion, and was a physical wreck.

"The different kinds of medicines I tried did not cure me, but finally some one told me to leave off coffee and take up Postum. I was fortunate in having the Postum made strictly according to the directions on the pkg., so that from the start I liked it. It has a rich flavor and I made the change from coffee to Postum without any trouble.

"Gradually my condition changed The old troubles disappeared and I began to get well again. My appetite became good and I could digest food. Now I have been restored to strength and health. Can sleep sound all night and wake with a fresh and rested body. Everyone who meets me comments on my getting so plump and rosy.

"I am really a monument built by Postum, for I was a physical wreck distressed in body and mind, and am now a strong healthy man. I know exactly what made the change, it was leaving off coffee and using Postum."

Read the little book, "The Road to Wellville," in pkgs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true and full of human interest.

The C.P.R. to Extend in Eastern Ontario

Smith's Falls, March 11.—A railway rumor current in Smith's Falls is to the effect that the Chalk River division of the C.P.R. and the Smith's Falls and Montreal division are to be put under one superintendent, who will live at Smith's Falls. The superintendent named in the rumor is Mr. H. B. Spencer, with Mr. R. McCormack of Ottawa, as his assistant, the latter taking the place, it is said, of Mr. Collins, the present assistant, who will be given charge of some important construction work west of Smith's Falls. Another rumor has it that the C.P.R. will double-track the line from Smith's Falls to Bathurst, a distance of 14 miles, and will build a new line from Bathurst to Victoria Harbor. This would be the company's great grain route, and if this were done the benefit to Smith's Falls would be incalculable.

Color is lent to the rumor from the fact that an engineer with a large staff of assistants have been surveying in that locality for the past few weeks.

Lieut. Shackleton Coming.

London, March 12,—Lieutenant Sir Ernest Shackleton, the south Polar explorer, will sail from England Saturday for New York. After a lecture tour of the United States and Canada he will make an extended hunting trip in Northern Alaska.

WESTERN ASSURANCE CO.

Annual Statement Shows Splendid Year's Business.

Elsewhere will be found the financial statement of the above well-known company, which is represented in this district by Messrs. Davis, Thompson Co. The company has an enormous business throughout the country, and particularly in Peterborough, where it has long been regarded with favor.

The losses during the year amounted to little over 47 per cent., which is the lowest ratio of any year in this department since 1896. The profits amount to $383,596.27.

PROPOSED CABINET

Which Hon. W. H. Cushing Proposes to Form

TO GOVERN PROVINCE OF ALBERTA

BRIEF RECORD OF THE MEMBERS OF NEW CABINET.

Mr. Cushing Will be Premier and Public Works Minister of the Anti-Waterways Cabinet—He is the Leader of the Insurgents and Has Fought Premier Rutherford a Hard Fight in the Railway Deal.

The Anti-Waterway's Railway Cabinet, which Hon. W. H. Cushing proposes to form to govern Alberta will be made up of the following men whose prospective portfolios, with a brief review of their past are given below:

W. H. Cushing, Premier, and Public Works Minister. Born 58 years ago, with an English father, and a mother of Irish extraction. He was raised and educated in Ontario. A manufacturer, he was never a political candidate till 1905, when he became Minister of Public Works in the Rutherford Cabinet. He was not consulted about the Waterways Railway guarantee and fought it as being unfavorable to the Province.

J. H. Boyle, Attorney-General. He is only 39 years old and a Sarnia boy. He was educated in Ontario, married in 1902, and was first elected to Parliament in 1905. He is a barrister, and represents Sturgeon.

George P. Smith, Minister of Education. He now runs a newspaper in Camrose, but some years ago taught in Ryerson school, Toronto. He was in that city only a couple of months ago. He was elected to Parliament for the first time in the general elections a year ago.

Dr. Warnock, Minister of Agriculture. Member for Pincher Creek. He is also a new member in the Legislature, who was chosen for Cabinet rank largely because of his opposition to the Waterways Railway deal.

E. H. Riley, without portfolio. He is a member for Glochen and has been in the legislature less than a year.

J. A. McDougall. He is one of Edmonton's two members and is putting in his first term as a representative of the people.

The members without portfolio are not paid. The ministers with portfolios receive $5,000 a year and the premier $6,000.

The deputy heads under the Rutherford Cabinet, most of whom will probably be retained, are: Deputy Minister of Public Works, John Stocks, $3,500; Deputy Attorney-General, S. B. Woods (resigned), $3,500; Deputy Minister of Education, D. S. Mackenzie, $2,700; Deputy Minister of Agriculture, Geo. Harcourt, $2,700; Deputy Secretary H. W. Riley, $2,200; Deputy Treasurer, M. J. Macleod, $2,400; Provincial Auditor, $2,700; Clerk of Executive Council, M. J. MacLeod, $800.

A SPLENDID REPORT.

A Record Year for the British American Assurance Company.

The directors of the British American Assurance Company are to be congratulated on the excellent financial statement presented at the annual meeting of the shareholders, which took place at the head office of the company, Toronto, on Monday, Feb. 21st. The net fire losses for the year amounted to $839,004.26, being 50.50 per cent. on the premiums. This is the most favorable experience of the company since 1874. The net profits for the year amount to $213,111.50, being the highest in its history.

The Company is ably represented in Peterborough by Messrs. Davis, Thompson & Co., George street.

A VAST DIFFERENCE.

Try and Understand It.

Nothing except food is so essential to the maintenance of health as regularity of the system. Neglect this, and the certain result is pimples, boils, bad blood, dark rings under the eyes and sallow skin. Those who neglect regularity have headaches, languor, biliousness, despondency and live short, unhappy lives.

It is both a duty and a necessity to use medicine to make the system active. The old-time idea of salts, calomel and drastic purgatives has long since passed away. Nearly everyone now uses Dr. Hamilton's Pills—they are so mild—why, they cleanse—they are so mild—why, they cleanse out the bowels, tone the stomach, stimulate the liver in one night. While you sleep Dr. Hamilton's Pills rid the system of its waste and poisons—in the morning you arise bright and energetic, eager for breakfast and anxious for work.

There is no medicine so universally used in the family for biliousness, headache and stomach trouble as Dr. Hamilton's Pills. Refuse a substitute for Dr. Hamilton's Pills of Mandrake and Butternut; 25c. per box all dealers, or the Catarrhozone Co., Kingston, Canada.

THE WEATHER.

Sleet or rain.

THE MORNING TIMES

SATURDAY, MARCH 12, 1910.

PROTECT OUR SCHOOLS.

The efforts that are now being made by the French section of the Roman Catholic church to place the French language on an equality with the English in Ontario schools, is not likely to meet with success. It is a monstrous proposition, and no Government in this Province could afford to consider it for one moment. Sir James Whitney's answer to those people must be clear and unmistakable. No half way measures or mealy-mouthed words will be tolerated.

FREEDOM AND EQUALITY.

Some speculations made by Judge Longley of Nova Scotia, as to the future of Canada were brought to the notice of the Dominion Government by Senator Landry. Sir Richard Cartwright said that the government could not hold itself responsible for prophecies made by Judge Longley as to what may happen when Canada obtains a population of fifty millions; "a figure which, with all my zeal and all my hope for the future of Canada, I think is somewhat in the distant future."

That was a cool and sensible reply. What Canada will do when she has fifty millions of people will be determined by the fifty millions of Canadians. They will have the right and the power to say how they will be governed, by what sort of public institutions they will be served They will not be bound by any declarations, speculations, or prophecies we may make today.

Such declarations, speculations, and prophecies, however, are not treasonable, and it would be both foolish and tyrannical to attempt to suppress them. Let thought and speech be free. We can do nothing better for the present or any future generations of Canadians than to encourage them to discuss such questions freely. Governments exist for men, not men for governments. Governments and institutions are the servants of the people, not their masters. It is a poor kind of patriotism that depends upon the suppression of free speech. Light and fresh air are as good for the body politic as for the boy physical.

Now let us examine the particular prophecy that alarmed Senator Landry. Judge Longley said that we must secure some national status, and develop a pride in Canadianism. Canadians could not endure to be always called colonists. When their population had mounted to fifty million would England still send them a governor-general, and would they always be dependent on a smaller community? When Canada was stronger she must assume her places amongst the nations, if they must have union with England. let it be a union of equality. He hoped and expected that, even though he might not live to see it himself, his children might life to see the day when Canada would be recognized as a nation.

If this is reasonable we are afraid the Mail and Empire must be included in the indictment. The Mail and Empire says:

Instead of being a colony we are a sister kingdom, under the one sovereign and the one flag. Disruption in our case, would be about as sensible as the secession of Ontario from the Confederation, or of California from the United States.

Judge Longley says that we must eventually have a union with equality. The Mail and Empire says that we have such a union now, that our position is like that of California in the United States, or that of Ontario in Canada. The analogy is not perfect, for perfect political analogies are hard to find. The point is that the Mail and Empire, like Judge Longley, lays stress upon equality and self-government.

If those principles are applied logically, the Canadian Parliament must surely have the same control over a navy paid for by the taxpayers of Canada as the parliament at Westminster has over the navy paid for by the taxpayers of the United Kingdom. The Mail and Empire is led to an opposite conclusion by the fear of separation. At every step in the progress of self-government the same fear has been expressed. We enjoy free institutions because our predecessors cast this fear aside.

MAN AND HORSES PERISHED.

Mr. Arnold Toole Found Dead Near Omemee.

Omemee, March 11.—Mr. Arnold Toole was found dead yesterday in the road near his dfarm house. He had been to Mount Pleasant in the afternoon, and is supposed to have tried to break the road to his place on the highway, which had been drifted for some time. His horses were found a few rods away, both dead, having perished from exhaustion and exposure. Coroner Blanchard of Lindsay was notified. After viewing the remains and hearing a few statements he decided an inquest was unnecessary. Mr. Toole was a good musician and will be greatly missed.

SUFFERED FOR YEARS

Says Peruna Completely Restored Health.

MRS. CHAS. GROS LOUIS.

MRS. CHAS. GROS LOUIS, Indian Lorette, Quebec, Can., writes:

"For years I suffered from a disease that the doctors did not understand one day I read in the paper about your excellent remedy, Peruna. I procured a bottle of it and took it according to directions. It was not long until I observed a change for the better".

"I can say that Peruna has cured me I could not take any nourishment except milk.

"I will at all times say a good word for Peruna. I hold it in the highest esteem."

Not only women of rank and leisure praise Peruna, but the industrious, useful women engaged in manual toil would not be without Dr. Hartman's world-renowned remedy.

The doctor has prescribed it for many thousand women every year and he never fails to receive a multitude of letters like the above, thanking him for his advice, and especially for the wonderful benefits received from Peruna.

The Canadian Poultry Farm Stock Co. Ltd.

(Charter Applied For).

CAPITAL $40,000.00

Divided into 4000 shares at $10.00 each, same being Common Stock.

Head Office and Farm—MONTREAL, QUE.

Incorporators: C. J. BELL, Manager. LOUIS P. RENE, A. W. SAGER

Room 53, Royal Trust Building.

The object of this Company is to operate a Poultry Stock Farm and to supply eggs, fowls, etc., etc., to the Montreal market. At the present time there is no such business being carried on in this part of the country, although in Western Canada and the United States many similar farms are being conducted with great success, and each and every one shows a handsome profit on the capital invested. By being the first to operate such a business in this part of Canada, where the output could be sold many times over, and with competent men to manage the farm, the success of the business is assured.

It is hoped to have the farm inoperation about the first of April, and we will gradually increase so as to meet the demand of the trade. The shareholders will have first option upon the output, which it is intended to deliver daily.

It is worthy of note that the freight charges paid to the different railway companies for transporting eggs, poultry, etc., into Montreal amount to thousands of dollars per year, said eggs, poultry, etc., being shipped from all parts of Ontario and Quebec, together with shipments from other provinces, all to be consumed in the City of Montreal, and in nearly every case these shipments are controlled by the Wholesale Produce Merchants, and re-sold to Retail Dealers, then sold by the latter to the consumers; therefore, it is easily perceived that in this way four profits must be divided from the price the farmer sells at to the price the consumer pays for the above-mentioned articles.

At the present moment fresh eggs are very scarce; so-called fresh eggs are being sold to the consumer at from 30 cents to 63 cents per dozen. We do not expect to be able to overcome this great problem, but we do expect to be in a position to furnish the Shareholders in this Company and other Retail Dealers with fresh eggs daily. Taking into consideration the number of eggs that are consumed in Montreal every day, the placing of the output is a foregone conclusion.

In P. E. I. the average profit per hen for eggs a year is $2.00; in York Co., Ont., $2.75; in New Jersey, $6.00. It is expected that the average profit in Montreal will be $3.00.

It is understood we are to start this business in the right way. In the first place, only first-class fowl, such as hens, turkeys, geese, ducks, etc., will be purchased, and by purchasing a farm within the suburbs we will in a few years save the entire price paid for same by the saving of the enormous freight charges on eggs, etc., from an outside point.

ESTIMATE OF EXPENDITURES.

Farm property	$10,000 00
Hens, Turkeys, Geese and Ducks, etc. including feed, and grain for same	5,000 00
Incubators and Implements, etc.	3,000 00
Building, Outhouses, etc.	5,000 00
Unforeseen expenses	2,000 00
Total expenditure	$25,000 00

EXPENSES FOR ONE YEAR.

Manager's salary	$2,000 00
Wages for labor	2,000 00
Sundries, etc.	1,000 00
	$ 5,000 00
Reserve	$10,000 00

ESTIMATED PROFITS FOR FIRST YEAR.

2000 hens to commence will yield in eggs an average of $3.00 each	$6,000 00
Adding to our flock of egg producers within six months 10,000 hens, which will average profit by April, 1911, $1.50 each	15,000 00
Poultry for the market; 2,000 dozen of eggs will raise by incubators 18,000 chickens, which can be ready for the market in from seven to twelve weeks; sale price will easily average $1.10 per pair (this can be repeated during the year)	9,900 00
Turkeys, rough estimate	2,100 00
Ducks	3,000 00
Geese, etc.	4,000 00
Representing dollar for dollar profits	$40,000 00
Our debt for the second year will be reduced some	$20,000 00
Our profit for the second year will increase considerably. Rough estimate	15,000 00

COMPLETE THE FOLLOWING AND RETURN.

Cosgrave's Beer

Words of praise have ever prevailed in advertising "copy." That a producer should wax enthusiastic over his own wares is but human. But it's the praise of the consumer that counts—and it is to a discriminating and critical public that "Cosgrave's" refers you.

It is safe to say that no product of any kind enjoys a more enviable reputation than does that famed Cosgrave Beer of Toronto in markets where it is offered.

Its self-evident beauty of purpose, purity, truthfulness, body, and every other attribute that goes to make a perfect beer are ever in evidence.

Cultivate the "Cosgrave Habit"—Watch for the name—ask for any of these brands - [illegible] Pale Ale, XXX Porter.

HOTELS

Montreal's Popular Hotel!

Favorite Stopping Place for the Travelling Public

The Grand Union Hotel is situated at 248-250 Notre-Dame street, west, in the heart of the business section of the city. Electric cars pass the doors to all points of interest, and amusement. Five minutes' walk from C.P.R. and G.T.R. stations. The bus meets all trains to convey guests free, to and from the stations.

During the month of April, last year, this hotel underwent a thorough renovation, which has made it the best up-to-date commercial hotel in the city for home comfort. The hotel is under the personal supervision of Mr. Murray, who gives his special attention to his guests.

Nice clean, comfortable rooms, and elevator service. American plan. Rates $2.00 per day, and upwards.

P. J. MURRAY,
Proprietor.

HOTEL CARSLAKE, MONTREAL. European plan—opposite Grand Trunk, Geo. Carslake, Proprietor.

Synopsis of Canadian Northwest Land Regulations.

ANY PERSON WHO IS THE sole head of a family, or any male over 18 years old, may homestead land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother, or sister of an intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, solely owned and occupied by him, or his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price $3.00 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price $3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth $300.00.

ONLY CONFEDERATE COIN.

Silver Half Dollar Once Owned by President Davis.

New York, March 11.—A silver half dollar of the Confederate States, believed to be the only extant metallic coin of the lost cause, was offered for sale at public auction in this city to-day by its owner, Edgar Adams, of Brooklyn. The coin was struck at the New Orleans mint soon after the beginning of the war. For a time it was in the possession of President Jefferson Davis, from whom, it is said, to have been stolen at the time of his arrest. Subsequently it changed hands several times, and for the past twenty-eight years it has rested in a safety deposit vault in this city.

The design on the obverse of the coin is exactly like that of the United States half dollar of 1861, and as a matter of fact one of the regular obverse dies was used in making the coin. The reverse design is distinctly original and emblematic of the Confederacy. Numismatic experts estimate the present value of the coin at $5,000.

Have you a pain—of any kind, anywhere? Stop just a minute and think It matters not whether it be womanly pains, head pains, or any kind of a pain, one of Dr. Shoop's little Pink Pain Tablets will surely stop it in 20 minutes. Formula plainly printed on the 25c. box. Sold by all dealers.

WOMAN TO BE STRANGLED.

"Lowered Public Morality" by Posing as a Man.

Shanhai, March 10. — A woman who disguised herself as a man has been sentenced by the local authorities to death by strangulation for lowering the public mortality.

The National Review, a Chinese newspaper, which gives an account of the case, says that a "man" was arrested at Yuenwo and brought before the magistrate at Soochow for trial on a charge of kidnapping. The prisoner said "he" had been a soldier, and the magistrate order him to be beaten with bamboos.

It was found, however, that the prisoner was a woman, and the authorities condemned her to death after she had been severely flogged. The woman's defense was that she was unable to support herself after her husband's death, and consequently adopted male attire.

MILITARY DEFENCE.

Lord Kitchener Has Worked Out Australia's Military Defence.

Lord Kitchener has worked out the details of Australia's military defence scheme, they have been submitted to and approved by the Government of the Commonwealth and they will be put into effect as soon as the necessary clerical machinery can be got into smooth running order. With national service as the basis, it is proposed that the Australian Army, on a peace footing shall number eighty thousand men, half in garrison and half a mobile force, and be composed, as far as practicable, of men between the ages of eighteen and twenty-five and twenty-six will be the first added to the peace strength of the national army, bringing its personnel up to approximately one hundred tand ten thousand well-disciplined, vigorous and enthusiastic soldiers and forming a nucleus to which volunteer regiments may be added without much danger of their destroying its efficiency as a fighting force. The staff corps alone is to number three hundred and fifty, and the officers will be paid a fair living while on the *active list* and given a satisfactory pension when they retire.

It is estimated that seven years will be required before the scheme can be operated in full detail and that the annual cost at that time will be about nine and a half million dollars. Add two million and a half more as Australia's share of the cost and maintenance of the Naval Unit she is contributing to the Imperial navy and we find that, omitting capital expenditure for fortifications, wharfs and drydocks, her total annual expenditure on militia and defence in 1917 will be some twelve million dollars. At a normal rate of growth, Australia's population in seven years should be five and a half million people, which would make her per capita tax expenditure $2.26 for an army and navy of some practical value to herself and to the Empire.

A failing tiny nerve—no larger than the finest silken thread—takes from the Heart its impulse, its power, its regularity. The stomach also has its hidden, or inside nerve. It was Dr. Shoop who first told us it was wrong to drug a weak or failing Stomach, Heart or Kidneys. His prescription—Dr. Shoop's Restorative—is directed straight for the cause of these ailments—these weak and faltering inside nerves. This, no doubt clearly explains why the Restorative has of late grown so rapidly in popularity. Druggists say that those who test the Restorative even for a few days soon become convinced of its wonderful merit. Anyway don't drug the organ. Treating the cause of sickness is the only sensible and successful way Sold by all dealers.

PREPARE FOR LUMBAGO!

If You Have "Nerviline" Handy One Rubbing Will Cure the Pain.

Thousands Use "Nerviline."

The "strike" of lumbago is like a bolt of lightning—you never know when it is coming or where it is going to strike. Probably the one certain thing about Lumbago is the fact that it can be cured by Nerviline—the only liniment that penetrates deeply enough to reach the congested cords and muscles.

LETTER NO. 4875

"Years ago I strained my back and suffered considerably with weakness over the spine," writes Darius P. Millan, a well-known farmer, residing near Kingsville. "Then lumbago attacked the weak spot, for days at a time, I would have to lie up in bed bed, unable to move or turn. Liniments, poultices and hot applications failed to bring the desired relief, and I was in despair of ever getting really well again. I at last decided to test "Nerviline." I got five bottles from the drug store and had it rubbed on three times a day. The stiffness and pain left my back quickly, and by continuing Nerviline I was completely cured of Lumbago."

This is similar testimony to that of nearly five thousand Canadians who have written unstinted words of praise to the manufacturers of Nerviline. For the cure of lumbago, sciatica, neuralgia and rheumatism there is no liniment with quadrith the pain-relieving power of Nerviline!

Refuse any substitute. Large 25c. bottles of Nerviline, or five for $1.00 at all dealers, or the Catarrhozone Co., Kingston, Ont.

Tell Some Sick One

It Is Free If It Fails.

Will you do an act of Humanity?
Will you tell some sick friend of this, our remarkable offer?

Tell him or her, that you have learned of a medicine so certain that its maker dare say to the sick, "It is absolutely and unconditionally free if it fails."

And you, no doubt, already know of Dr. Shoop's Restorative and its popularity.

For years it has been the standard remedy for Stomach, Kidney and Heart ailments everywhere in America.

When the "nerves" or controlling nerves of these vital organs begin to fail, it is Dr. Shoop's Restorative that has quickly vitalized, and strengthened, and brought these nerves and organs back to health again.

I do not dose the Stomach, nor stimulate the Heart or Kidneys—for that is all wrong.

Dr. Shoop's Restorative goes direct to the cause of these ailments—the failing, faltering, weak or enervating nerves. And herein lies the keynote to my success.

When these nerves are again made well and strong, then that is the certain end of all such sickness.

To me it is a great satisfaction that I am the only physician able to say to the suffering sick, "Use my prescription for full 21 days, and if it fails to help you, the entire expense is mine—not yours."

I can only wonder why should the sick take any chance on any other medicine, whose maker dare not back it just as I do by this remarkable offer?

I have a Book on Kidney and Heart disease which I will send free by the same identical "no risk, no pay" prospective plan.

Better, you are free to consult me just as you would your home physician. My advice and the book is for you—and without cost.

Do not write a word or two from me will close the matter. I have helped thousands and will be glad to help you by my private prescription or personal advice plan. My best effort is surely worth your simple request.

Send me to-day your order as soon. Take the matter in hand.

A trial will bring the opportunity.

I will have an honest and trustworthy druggist where you can conveniently go for the medicine.

Just write me for the order, for all druggists are not entitled to give the 21-day test. So write me now and save all delays. Remember it costs you never cared. Address Dr. Shoop, Box 12, Racine, Wis.

Which Book Shall I Send You?

No. 1 On Dyspepsia	No. 4 For Women
No. 2 On Heart	No. 5 For Men
No. 3 On the Kidneys	No. 6 On Rheumatism

Pitfalls

We have issued a booklet explaining the principles of sound investment, showing how investors, either large or small, should place their funds to obtain safety for their principal as well as good interest return. It marks the Pitfalls which investors should avoid and in which so many are caught. A copy will be sent gratis upon request.

Advice or reports upon any investment gladly furnished without charge.

AMELIUS JARVIS & CO.
Jarvis Building, Toronto.

NOTICE TO CONTRACTORS.

Tenders For Machinery, Belting, Shafting, Cranes, Air Compressors, Etc.

SEALED TENDERS, addressed to the undersigned, and marked on the envelope "Tender for Machines and Tools," "Tender for Leather Belting," etc., etc., as the case may be, will be received at the office of the Commissioners of the Transcontinental Railway, at Ottawa, Ontario, until 12 o'clock noon of the 12th day of April, 1910, for:

(1) Machines and tools;
(2) Leather belting;
(3) Shafting, hangers, steel frame work, etc.;
(4) Miscellaneous equipment, industrial track and lockers;
(5) Motors;
(6) Furnaces and forges;
(7) Cranes;
(8) Air compressors;
(9) Grey iron foundry equipment and brass foundry equipment;

required for the equipment of the locomotive and other shops of the Commissioners of the Transcontinental Railway at Springfield, east of Winnipeg, Manitoba.

Tenders will be received and considered for any or all of the items indicated above and numbered from 1 to 9, both inclusive.

Plans and specifications may be seen in the office of the Chief Engineer of the Commissioners at Ottawa, Mr. Gordon Grant, and in the office of the District Engineer of the Commissioners at St. Boniface, Man. Mr. S. R. Poulin.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied by the Commissioners, which may be had on application to the Chief Engineer at Ottawa, or to the District Engineer at St. Boniface, Man.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada, payable to the order of the Commissioners of the Transcontinental Railway for a sum equal to ten per cent. (10 per cent.) of the amount of the tender.

Any person whose tender is accepted shall within ten days after the acceptance thereof sign the contract, specifications and other documents required to be signed, and in any case of refusal or failure on the part of the party whose tender is accepted to complete and execute the contract with the Commissioners, the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure, and all contract rights acquired by the acceptance of the tender shall be forfeited.

The cheques deposited by parties whose tenders are accepted will be deposited to the credit of the Receiver General of Canada as security for the due and faithful performance of the contract according to its terms.

The cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

The right is reserved to reject any or all tenders.

By order,
P. E. RYAN,
Secretary, The Commissioners of The Transcontinental Railway.
Ottawa, 2nd March, 1910.

Newspapers inserting this advertisement without authority from the Commissioners will not be paid for it.

GOOD HEALTH WEEK!

Make a Practice of Eating at Least Three Oranges a Day
They Are a Real Health Insurance

"Sunkist" Oranges at Special Prices

All Dealers Are Supplied

Good Health Week Sale Begins Monday, MARCH 28TH

Tone up your system—it needs it. Your physician will tell you to eat oranges—lots of them at this time of the year. This entire community—every man, woman and child—should participate in this health celebration. Oranges are the trademark of good health. "Sunkist" is the name of the choicest oranges in the world.

Remember the date. Because oranges are purveyors of good health we are going to make Good Health Week the occasion for the greatest sale of oranges in history.

"Sunkist" Navel Oranges Are Seedless

"Sunkist" oranges are so lusciously fresh, juicy and delicious that you enjoy their medicinal qualities. Morning, noon and night is orange eating time. A "Sunkist" orange or two is delicious dessert after each meal and at the same time your "spring fever" is vanishing under the general toning up process aided by the orange juices.

That "Sunkist" wrapper is the guarantee of the choicest oranges that California produces. It is the voucher of thousands of fruit farmers that "Sunkist" is absolutely the best that careful cultivation can produce.

Get the Orange Habit

Here is the height of orange perfection. You never tasted another orange like "Sunkist." Tree-ripened, seedless, thin-skinned, exquisitely rich in delicious orange juices—those are a few "Sunkist" orange qualities. All these are health aids and you should take advantage of them. Get the Orange Habit and note your improvement in health. You will put your stamp of approval on Good Health week and "Sunkist" oranges.

"Sunkist" Oranges for Health
All Next Week

"Sunkist" Lemons possess the same high merits that have made "Sunkist" oranges famous. They are firm, full of snappy lemon juice. They, too, are choicest of all the lemons in the 5,000 groves of the California Fruit Growers' Exchange. That is why they bear the "Sunkist" wrapper.

Rogers' Orange Spoon Free For "Sunkist" Wrappers

Insist that your dealer gives you none but "Sunkist" oranges and lemons—in "Sunkist" wrappers. 12 of these wrappers and six 2-cent stamps to cover mailing, etc., entitles you to a handsome Rogers' Orange Spoon Free.

The same number of stamps and wrappers for each additional spoon. These spoons are Rogers full standard plate. You can easily get a full table set in a short time. Send wrappers and stamps to

California Fruit Growers' Exchange
32 Church Street TORONTO, ONTARIO

PORCUPINE.

SALE OF LOTS IN TOWNSITE.

Sealed tenders will be received by the undersigned up to Wednesday, 16th March, 1910, at one o'clock, p. m., for the purchase of all the lots in the town plot of Porcupine, situated in the south half of lot nine, in the fourth concession of the township of Whitney, at the eastern end of Porcupine Lake, as shown by plan of survey by Mr. E. D. Bolton, O.L.S.

Tenderers are asked to state how much they are prepared to pay for each lot and must accompany their tenders with a marked cheque in favor of the Provincial Treasurer, for half the amount which shall be applied as the first instalment. Successful tenderers will be required to pay the balance within two months.

The highest or any tender not necessarily accepted.

Tenders to be marked "Tenders for lots in town plot of Porcupine," and to be addressed to the Honorable the Minister of Lands, Forests and Mines.

Plans of townsite may be had on application to the Department and to the office of the Mining Recorder at the following places: Porcupine, Haileybury, Cobalt, Sudbury, Elk Lake, Gowganda, Sault Ste. Marie, Parry Sound.

F. COCHRANE,
Minister of Lands, Forests & Mines.
Toronto, February 23, 1910.

OBITUARY.

Mrs. Geo. H. Taylor.

On Thursday evening Mrs. George Taylor passed away at her home in Chemong village, after a brief illness. Her maiden name was Harriet Maude Whetung, a daughter of Mr. Dan Whetung. She was only 36 years of age, and leaves to mourn her loss, a father, mother, husband, two children and two sisters. Funeral this afternoon at two o'clock to the Chemong village cemetery.

Croup positively stopped in 20 minutes, with Dr. Shoop's Croup Remedy. Our test alone will surely prove this truth. No vomiting, no distress. A safe and pleasing syrup—50c. Sold by all dealers.

Parlor Car Notice: Commencing on Monday, March 7th, parlor car will be attached to local trains leaving Peterborough at 7.55 a.m., and Toronto at 5 p.m. Seats in this splendid car only 25 cents extra. Seats reserved at city office.

If troubled with indigestion, constipation, no appetite or feel billious give Chamberlain's Stomach and Liver Tablets a trial and you will be pleased with the result. These tablets invigorate the stomach and liver, and strengthen the digestion. Sold by all dealers.

Otonabee Is Rising.

The river Otonabee is beginning to foam and splurge a little, as it always does at this season of the year.

Were Having a Time.

On Thursday evening the police dropped into the carters' shelter on Water street, where they found a party of men making things lively. They had a keg of beer and three of them were dancing to the music of a violin, played by a fourth individual. At the police court yesterday, three of them were fined $2 costs, ($5.75), and the old man who furnished the music was discharged.

MR. J. KINNIE HONORED.

Smith Resident Presented With a Purse of Gold.

A very pleasing event occurred on Monday evening at the residence of Mr. J. Kinnie, of Smith township, when his friends gathered at his residence, and presented him with a purse of gold. Mr. T. McIvor made the presentation and Mr. George McAgue read the address as follows:

Dear Mr. McKinnie,—It is with feelings of regret that we are gathered here this evening to say farewell to yourself and family on the eve of your departure for the great West. Although, comparatively speaking, a stranger in our midst, yet you have endeared yourself to us by your many acts of neighborly kindness and sociability, and we shall miss your cheerful greeting and hearty hand-clasp. We feel, however, that our loss will be your gain, and that the same qualities that attracted us will draw many friends around you in your new home. As a further token of our friendship we ask you to accept this purse of gold and with it our best wishes for the future prosperity and happiness of yourself and family. (Signed)

S. BAILEY.
T. McIVOR.

Supper was served at nine o'clock after which a sociable evening was spent in dancing and singing.

Mr. Kinnie left on Thursday night for his new home in Carlisle, Sask.

Oranges for Health.

For centuries physicians have recognized the medicinal value of oranges. The public is rapidly learning that the free use of this tasty fruit especially in the spring, has a tendency to purify the blood and give it renewed vitality. There will be a special sale of SUNKIST oranges all next week in every fruit and grocery store in this section.

MILLBROOK BOY BITTEN.

Dog Found to Have Rabies and Boy Sent to Toronto.

Word was received at Millbrook from Toronto to the effect that an examination of the head of the dog which on Thursday bit Reginald Given, the fourteen-year-old son of Mr. W. S. Given, proprietor of the Reporter, showed the dog to be suffering from rabies in an advanced stage. When young Given went home on Thursday he was followed by his chum's dog and a fight ensued between the dog and a strange one, which had been around the place for some hours. In trying to seperate them the boy was rather severely bitten on the wrist, but did not know by which dog. The health officer ordered the strange dog shot and its head forwarded to Toronto to Dr. Hodgette. The other dog was tied up until yesterday, when it was also killed. Reginald left for Toronto at once to take the Pasteur treatment.

SHE HAD THIS SORE FOR FOUR LONG YEARS!

Now Zam-Buk Has Healed It.

You can't equal Zam-Buk for sores of all kinds, whether recent or of long standing. That is the opinion of Mrs. Wilson of 110 Wickson Ave., Toronto. Mrs. Wilson says:

"About four years ago a sore spot appeared on the right side of my face, just about the angle of the jaw. This spot increased in size until it became about half an inch in diameter and very troublesome. I went to a doctor, from which at different times during fifteen years I had received treatment, but the ointment I got did not have any good effect on the sore. I had it cauterized, tried poultices and all kinds of salves, but it was no good, and this continued for four years. A sample of Zam-Buk was one day left at our house, and I used it.

"Although the quantity was so small, it seemed to do me good, so I purchased from Mr. Ramsd, Druggist, Scollard and Yonge streets, a supply of Zam-Buk. Each box did me more and more good, and to my delight, before I had been using Zam-Buk three weeks I saw that it was going to heal the sore. In less than a month it was healed! It has now been healed for almost a year, and at the present time the only trace of it is a small patch of skin a little whiter than the surrounding tissue. If Zam-Buk can heal a sore of this kind, which had defied all treatment for four years, I am sure it must be a thing needed in scores of homes."

Try Zam-Buk for eczema, ulcers, sores, bad legs, varicose ulcers, skin eruptions, face spots, baby's rashes, inflamed places, piles, blood-poisoning and all skin injuries and diseases. 50c. all druggists and stores, or post free from Zam-Buk Co., Toronto, for price. Refuse "just as goods" and imitations.

Dr. Llywd Speaks on Present Day Judgment

The Vice-Provost of Trinity University Delivered a Brilliant Sermon at St. John's Yesterday Morning

Rev. Dr. Llywd, Vice-Provost of Trinity University, Toronto, assisted the rector at St. John's church yesterday morning and evening. At the morning service the distinguished visitor preached an intensely powerful sermon that claimed the undivided attention of his hearers. To say that he was eloquent would be but poor qualification of a discourse that demonstrated a masterly understanding of theology in its application to present day needs, nationally and individually. His utterances rang with truth and a knowledge of human character that to say the least were thrillingly convincing. Seldom has St. John's congregation been privileged to listen to a sermon teeming with such ideals and original thought as that of yesterday morning, and a full measure of good effect should result from the Vice-Provost's first visit to this parish.

Dr. Llywd's text was Revelation 1 verse 7: "Behold He cometh with clouds and every eye should see Him; and they also which pierced Him." His subject was really "Present Day Judgment," A judgment from which no man can escape. In a brief review of the book entitled, "If Christ Came to Chicago," published some years ago, and which created quite a sensation, the reverend gentleman pictured everyday Chicago life under normal conditions—with its busy streets thronging with life and activity. The mechanic at his bench, the laborer at his daily toil; millionaires being hurried to their offices in modern machines, and society members engaged in social duties. The whole town is absorbed in its daily routine of industry, toil, pleasure, joy, sorrow, suffering, sin and vice, when with a crash and a rending of the heavens Christ descends from His unknown kingdom and stands in the midst of Chicago. The gifted preacher here went on to delineate the irresistible influence of Christ's personality that would compel men to recognize that they are exactly what they are in relation to Jesus Christ, and not what they appear to be to the world. It would urge them to line up in two forces, one for Christ and the other against Him. And what astounding revelations those two alignments would present! Here, in opposition to Christ would be found men who publicly paraded their Christianity, while there, within His own forces would be standing men who had been little suspected of Christian virtues.

Continuing, the speaker said judgment is not only necessarily a great assize at the end of the world, when all men shall be judged. There is a judgment of the present; a thing that exists now; a judgment that comes from our consciousness of knowing what we are ourselves. It is man's preferences and tastes that rank him in the scale of being and judgment. In science, art, literature, music, pleasures, according to man's judgment of what pleases him best, so will his individuality be moulded,—for high ideals, or degrading characteristics, as the case may be. In the field of religion also there is a present judgment, the result of which depends upon how we live and what our preferences are. It is a striving after the highest possibilities that ranks man in the state of being. "Progress" should be man's maxim, and "Excelsior" his everlasting cry. It is not "what I am," but "what I am to be," that gives real excellence of character.

Turning to St. John's church itself, the reverend gentleman contended that with its 75 years' association with Peterborough's history it should stand for a weight and influence in the community; and its congregation should examine themselves as to what extent St. John's parish is organized for the execution of the highest religious and moral ideals. In conclusion Dr. Llywd summarized the vast possibilities of the West with its abundant wealth of resources and its phenomenal growth in population. What are we churchmen of the Lower Provinces and Ontario going to put beneath this western wealth in the shape of national character? With what ideals are we going to stamp the personality of the future peoples of the West? The highest ideals of secular character can be wiped away by invading armies, and even a nation annihilated. But if with the development of Canada into a nation our people are educated up to striving after the highest religious and moral possibilities, it will be the first time in history's annals that the making of a nation has been crowned with purity of citizenship and the glory of christianity. Under such conditions the future of Canada will be safe and she need have no fear of aggression from the rest of the world.

Attorney-General Cross Back with Premier Rutherford

Edmonton, March 12.—The fight is thickening in the legislature. That the return of Attorney-General Cross to office, while it has given the government benches a brief spell of revived confidence, has not served to strengthen its position particularly is the general opinion.

The government members state that they are sure of their 20 votes and can hold the reins of power through the session, while the insurgents are confident of ultimately defeating the administration. The insurgents gained two yesterday, and they require but three more to defeat the administration. There is reported to be just that number of members on the government side who are doubtful. Members who have voted against the wishes of their constituents are yet likely to swing into line with the insurgents.

Divisions are expected to follow in quick succession next week on various resolutions that are now before the house. The resolution calling for the appointment of a judicial commission to investigate the entire Great Waterways Railway deal will be introduced in the House next week, and a division is expected on this.

OLDEST EUROPEAN RULER.

Prince Luitpold of Bavaria, Ninety Years Old.

(Special to The Times.)

Munich, March 12.—Prince Luitpold, regent of Bavaria, entered upon his ninetieth year to-day amid a brilliant gathering of the Bavarian nobility. The Prince received congratulatory messages from Emperor William and heads of the reigning houses of the empire, as well as felicitations from abroad.

Prince Luitpold has the distinction of being the oldest of European rulers. Monarchs in Europe do not usually reach a great age. Their average age of life is 65 years. Emperor Francis Joseph, who is now nearing his eightieth anniversary, is next in age to Prince Luitpold. In all Europe there never has been a centenarian monarch, or even prince.

The Bavarian people seem to have forgotten the existence of King Otto, the mad ruler of their country, who has been confined to his palace for nearly twenty-five years. In 1886 the Bavarian Parliament offered to make Prince Luitpold king in succession to Otto, but he declined to accept the post.

MUNICIPAL BAKERY.

London, Ont., Has a Move on Foot to Start One.

London, Ont., March 10.—A movement is on foot here to ask the government for an investigation into the bread question, on the ground that dealers are discriminating by giving different rates. Several instances have been reported where dealers are sending wagons long distances in the country and selling farmers two loaves more for a dollar than city patrons are getting. Then city patrons are getting. There is also considerable talk of establishing a municipal bakery unless the bakers deal more fairly. It is claimed that bread can be produced at five cents a loaf. The matter of investigation is being taken up with Hon. Mackenzie King, minister of labor at Ottawa.

NAVAL SCANDAL STIRS JAPAN.

Valuable Supplies Stolen and Seventeen Arrests are Made.

(Special to The Times.)

Yokohama, March 14.—A scandal has been unearthed at the Yokosuka naval arsenal. Quantities of platinum and other metals valued at 1,000,000 yen have been stolen by the clerks and workmen since 1902. The Yokohama water police sized a boat carrying stolen goods off Honmoku, near Yokohama, on March 4. Seventeen arrests have been made and more are expected.

Fortify now against the Grip—for it comes every season sure! Preventics—the little CandyCold Cure Tablets—offer in this respect a most certain and dependable safeguard. Preventics, at the "sneeze stage" will, as well also surely head off all common colds. But promptness is all-important. Keep Preventics in the pocket or purse, for instant use. Box of 48 for 25c. Sold by all dealers.

FRAUDS IN FRANCE.

Cause Big Sensation—Result of Taking Over Church Property.

Paris, March 10.—No further arrests have been made today in connection with the discovery of a short age of something like $5,000,000 in the accounts of M. Dunt, one of the liquidators of the church property taken over by the State.

The severe criticism of the judicial authorities for the laxity of the liquidators continues, however, and the prosecuting attorney's office especially is being attacked. According to reports be obtained a commission of $30,000 on the sale of the Stanislas College property, and gave a long lease of another property for $2,500, which lease was immediately sublet for $6,000.

Five People Have Seen Spirit of Departed--Four Have Heard His Voice

Trembling in Terror of Ghostly Visitor Many People in Cavan Township Believe They Have Been Divinely Warned to Lead Better Lives—Skeptical at First

A profound sensation has been created in the northern section of the township of Cavan, about seven miles from Peterborough, by the appearance on three different occasions of an apparition at the home of William Johnston, an aged farmer and a pioneer of the district.

The ghostly figure appeared each time in the stable and was seen by five members of Johnston's family, three of whom saw it on different nights. All of the persons to whom it appeared are full grown and are able to describe in detail the aspect of the spectre.

On each occasion the unearthly visitant appeared in different physical form, though erect like a man; the first time with a smiling face, about middle aged, the next time without a head, and the third time with long whiskers and long moustache heavily tinged with grey.

GHOST SPOKE.

On the last occasion the ghost talked with the Johnston boys who were only a few feet away, but its words were merely mutterings and only three words were heard distinctly. The first one was "Crawford," the next one "land" and the third word "and." The rising inflection in the voice when the word "and" was spoken just as the figure was fading from view made the auditors practically certain that the spectre had used the conjunction and was proceeding to say something more when it vanished. They were sure it had not repeated the word "land."

None of the members of the Johnston family ever saw a spirit before and they affirm that they never believed that there was such a thing as a ghost until the present.

DEATH OF RELATIVE.

A remarkable circumstance in connection with the appearance of the spectre, was the death of Thomas Crawford, a relative of the Johnston's, at the county poor house in Cobourg on the day the figure made its first appearance. In fact a comparison of dates reveals that the mysterious visitor appeared to Hannah Pigott of the Johnston household just about the time the breath was leaving the earthly form of Thomas Crawford in Cobourg.

Crawford was the husband of William Johnston's sister, Ann, who died ten years ago last month. He owned a house and a quarter of an acre of land at Port Hope, but for a number of years lived in the House of Shelter in Cobourg town.

It is worthy of note that Crawford was a firm believer in ghosts and had often declared that he had received visits from them. The physical appearance of Thomas Crawford, who was over 70 years of age, was very dissimilar from that of any of the ghostly visitors, but in the absence of any other reasonable hypothesis the Johnstons are associating the spectre with their dead relative. They feel sure that he had longed to consult with them regarding the disposal of his house, and passing away before any of them reached his bedside his spirit had returned to carry out the mission which the hand of death had stayed. His last illness was but of two days' duration, and although William Johnston had been summoned by long distance telephone when it was found that the illness was likely to be fatal, the old man died before the arrival of his relative. His remains were interred in Welcome cemetery near Port Hope on February 23rd, the day following his death.

MAY BE A WARNING.

The affair has completely unnerved Mrs. Johnston, who for several nights since the ghost appeared on February 22, has refused to remain in an unlighted room. Mr. Johnston, who has already crossed the allotted span of years and has always enjoyed good health, half entertains the view that the apparation brought warning that some person near to him is fast approaching the great divide.

The entire neighborhood is greatly agitated, and some of the cooler heads are talking of organizing a party to wait in the barn to see whether the spirit of Thomas Crawford or whosoever it may be, will make another effort to convey to the living the concerns which were agitating his mind at the close of his life.

The ghost appeared each time at about the hour of nine o'clock in the evening, and since its third appearance members of the Johnston family have carefully avoided visiting the barn at that hour. They have, however, been in the stable after dark, but saw nothing of the uncanny creature.

REPUTABLE FAMILY.

The Johnston family is one of the best known and respected in the township of Cavan. William Johnston, the head of the household, has lived for 75 years on the homestead, which his father took up in the pioneering days. He has five sons, all living, namely: William James, aged 30; Robert, 29; Albert 26; Charles, 24, and Fred, 20, and an adopted daughter, Hannah Pigott, aged about 20, who has lived with the Johnstons since she was 10 years old.

The farm is large and the building on the property were all erected in recent years. It is common report in the district that William Johnston is in easy financial circumstances.

When two newspapermen visited the Johnston home on Wednesday they found only Hannah Pigott at home. Mr. and Mrs. Johnston with three sons she said had gone to Peterborough seven miles away while Fred had taken his brother Robert to the station en route to Port Hope. Fred was however about due to return.

MISS PIGOTT'S STORY.

To the newspapermen's inquiries Miss Pigott said that that was the place, an apparition had appeared and that she would not mind telling all about what she had seen.

Hannah is a short plump girl distinctly Irish in facial appearance and speech. She has large inquiring eyes and talks with entire self-possession and confidence. After general remarks concerning the state in which the family had been thrown by what had taken place, she described what had appeared before her.

"I was in the cow stable milking about 9 o'clock," she continued, "when I heard the cow moan and looking up, I saw something white in the calf pen, which is just off the cow stable. I was not frightened then because I thought it was only my imagination and I went on milking. Pretty soon I looked up again and saw it quite plain, and held up the lantern to get a better view when it disappeared. While I was wondering whether I could be brave enough to go into the calf pen with the lantern and see what was there, the figure appeared right near the boards which divided the calf pen from the cow stable.

A SMILING GHOST.

"It was like a person with a lady's face, but I knew it was a man because it had short, black, curly hair. It was looking right at me and smiling as if it wanted to say something nice to me. It had on what looked like a long, white gown low-cut about the shoulders and its neck was bare down to the top of the gown. It was only a few feet away from me and I saw it as plainly as I see you now.

"I was so badly scared that I ran out of the stable as fast as I could. When I got to the house, I told them what I had seen, but they would not believe me.

"After a while, the boys went down to the stable to look but they did not see anything that night. The next night at the same time the boys were in the stable and the ghost appeared again, and the third night they saw it again. I did not go near the barnafter seeing the spirit the first time.

NO HUMAN BEING.

Replying to questions Miss Pigott said that no person could have entered the cow stable door while she was milking without attracting her attention. She did not believe that the figure was that of a human being because a live person could not disappear so quickly. "Some people claim that there are no spirits, and I never thought so before, but I do now," she said.

CLOCK STOPPED.

Miss Pigott then talked about the circumstances of Thomas Crawford's death, and imparted the startling information that the clock in the house had stopped on the night of his death which was also the date of the ghost's first appearance. They had tried several times to start the clock but without success until after he was buried when it was started and has since run without stopping. This fact was confirmed by Fred Johnston.

As Hannah Pigott was finishing story Fred Johnston returned from the station. He consented to take the newspapermen out to the barn and show them the general lay of the building and also to relate his experience with the apparition.

Fred is 20 years of age and a strapping youth with a bright, intelligent face. "We did not believe Hannah," he commenced, "when she rushed into the house that night and cried that she had seen a man dressed in white in the stable. I told her it was all a scheme of her own to get rid of the milking, but she seemed so worked up, that we decided to go out and look. Albert went with me and we looked all through the cow stable and calf pen, but saw nothing of any ghost. After completing the chores we went back to the house.

"The next night Hannah refused to go near the stable so Albert went out to milk the cows. While he was milking I attended to the horses. A passage way leads from the horse stable to the cow shed along the western wall and immediately behind the cows is the calf pen. As I was coming through the passage with a fork of hay I caught sight of a figure dressed in white standing some distance back from the opening into the calf pen and just behind the low partition which subdivides the pen.

"It seemed quite tall but had no head. I stopped still and called Charley, who was in the horse stable 'Come here I want to show you some thing.' Albert who was milking, also saw the figure. While we were looking at it the ghost disappeared."

Not Impossible to the Kaiser's Troops

Berlin, March 12.—Addressing officers of the Pioneer Guards at their centennial celebration, the kaiser said:

"From humble beginnings, the Pioneer battalion has gradually developed into an arm of the service which has won the esteem and love of its comrades and the respect and fear of its enemies.

"From Kluet, one of your former commanders, I once heard a truly soldierly word, when I was still a young man and had just come to the throne. We were discussing the transporting of heavy guns. Kluet said to me: 'In the lexicon of the Pioneer officer, there is no such word as impossible.' I believe the same can be said of the entire army."

SEA GERMANY'S BULWARK.

Speaking at a shipping banquet at Bremen on Friday, Herr Dernburg, the colonial secretary, said: "The saying of the poet that 'The Rhine is a German river, but not a German boundary,' is now given a new reading by merchants and shippers—"The sea is Germany's bulwark, but not Germany's boundary.'

"To have impregnated the nation with this idea is the imperishable story of our kaiser."

This Date in History

1569—Duke of Anjou defeated the Hugenots in battle of Jarnac.
1841—Steamer "President," from New York to Liverpool, wrecked and all on board lost.
1863—Unsuccessful attempt of Farragut's fleet to pass the Confederate batteries at Port Hudson.
1884—System of standard time adopted throughout America.

Will Ask President Taft to End Quaker City St. Car Strike

Philadelphia, March 12.—Although the business interests of the city are a unit in declaring that the present intolerable strike conditions must be ended, no feasible plan has as yet been suggested. The very fact that the street car company declares it has "nothing to arbitrate" places an insurmountable barrier in the way of those who seek peace.

Apparently the one real hope now lies in the intervention of the Federal Government. President Taft asked Taft, asked to take action, has referred the matter to Commissioner of Labor Nagel. He has also suggested that the commission for the foundation for industrial peace, founded by President Roosevelt, interfere.

It is reported here today that Secretary of Commerce and Labor Nagel will be in the city soon and will investigate the labor conditions. He will bring Commissioner Neill with him and the two will try to find a common basis on which the waring elements can agree.

The committee of ten in charge of the strike has made the situation more critical by declaring that unless the traction company agrees to arbitration within 48 hours, every union now on strike will be ordered to demand a new wage scale, commensurate with the present high cost of living, before returning to work. It was at first proposed that the sympathetic strikers should return under their old contracts as soon as the car strike was settled.

The strikers today claim that 145,000 men have obeyed the call for the general strike, though these figures are emphatically denied by the city officials.

Few, if any, of the striking car men have availed themselves of the offer of President Kruger, of the Transit Company, to return to work and thereby secure a loan from the company. This offer was made at the suggestion of Mayor Reyburn.

U. S. Trade with Canada

"The importance of maintaining friendly relations with Canada is apparent from the figures just issued from the bureau of statistics of the department of commerce and labor at Washington," says the New York Herald. "For the last calendar year the trade showing is:

"We sold to Canada $167,730,100.

"We bought from Canada $87,311,861.

"After the United Kingdom and Germany the Dominion is our best customer.

"A way to avert a conflict that would seriously injure both countries, can and must be found."

Says Tariff War Would Wreck Government Taft Would also Fall

Ttawa, March 12.—The tariff situation is causing the government an immense amount of worry. The fact that the two representatives of the United States Government who spent several days in Ottawa in negotiation with Sir Wilfrid Laurier and Hon. W. S. Fielding left for Washington without coming to any understanding is regarded as serious.

The Americans regard the Franco-Canadian treaty as discriminating against the United States, and in spite of the claim put forward by the Canadians that Canada was entitled to enter into an arrangement with any single country for a return benefit, the American commissioners assumed an uncompromising attitude on this point, and refused to depart from it.

The seriousness of the situation from the point of view of Canada is that a tariff war with the United States might wreck the Laurier Government quicker and more surely than any internal administration of which they might be capable.

The only hope for Canada is in the fact that while a tariff war would wreck Laurier, it would probably also wreck President Taft. Therefore, there is some ground for believing that extreme measures by the United States may be staved off.

GERMANY BEING POSTED BY SPY

IS WATCHING NAVAL DEBATE IN CANADIAN COMMONS.

Doings of Parliament for the Past Few Weeks are Cabled to Germany—Causes a Mild Sensation at Ottawa.

Ottawa, March 12.—The tariff situation leaked out here that a secret service agent in the employ of the German Government has been a constant listener to the debate on the naval bill from the galleries of the House of Commons during the past five weeks. He has been in daily communication with Berlin and not a move has been made on the parliamentary chessboard without being duly noted and flashed across the ocean in code form.

The fact that this agent is here watching the proceedings has brought home to many members of parliament the deep interest that Germany is taking in the creation of a Canadian navy and that she is keenly on the qui vive for information as to the views of the representatives of the Canadian people in parliament. Throughout the whole of the speeches on both sides the intentions of Germany in respect to naval predominance have been the subject of the supporters on the Government side have pooh-poohed any hostile aspirations towards England on the part of the German empire, the opposition have pointed out from the speeches of English statesmen that a crisis between the two nations is impending, a view held also by even such a staunch government supporter as Col. McLean, of Queens-Sunbury.

In any event, the doings of parliament for the past few weeks of the debate have reached the ear of the Kaiser daily through the medium of his agent in the public galley of the House of Commons.

A SUCCESSFUL SALE.

Mr. John Gray, Cavan, Retires From Farming.

Mr. J. H. Gardiner, Peterborough's progressive and successful auctioneer has conducted a large number of successful sales during the winter, but none more so than that of Mr. John Gray, South Cavan, which took place on Thursday last, 10th inst. The prices obtained were excellent.

An eight months' old colt brought $162.50, and all horses ranged from $200 up to $265 each. Cows, $40 to $58. The total proceeds of the sale exceeded $2,000.

Mr. Gray is retiring from farming and will live retired in Cavan.

JUST ESCAPED JAUNDICE.

Shows How Important It is to Keep Liver and Kidneys Active.

When you read of the growing yellowness of the skin extending to the whites of the eyeballs, as described by Mr. J. P. Nostrand, a well known grower in Manchester, you will realize that jaundice is nothing to be sniffed at. "Despite the best medical skill my face grew more yellow every day. It is no fun," he writes, "to be given a lemon and find its hue reflecting itself upon every part of the body. My physician informed me that a catarrhal condition had resulted in a plugging of the bile ducts and the absorption of the bile into the blood. I had some knowledge of the remarkable, stimulating and healing qualities of Dr. Hamilton's Pills, and started in using them. At first I felt better, had more appetite, and entire freedom from headaches. Then came an easier feeling in the region of my stomach and I saw an almost imperceptible fading away of the yellow tinge in my skin. I persevered; used Dr. Hamilton's Pills for twelve weeks. My reward was cure—today I am healthy, happy and well."

Nothing ever discovered has such an influence on liver diseases as Dr. Hamilton's Pills of Mandrake and Butternut. Refuse any substitute. Price 25c per box, all dealers, or the Catarrhozone Co., Kingston, Ont.

THE WEATHER.

Northerly winds and cold.

SALE OF TORPEDO BOATS A MYSTERY

GERMANY DISPOSES OF THEM TO THE TURKISH GOVERNMENT

Four First-Class Turbine Battleship Destroyers Ready for Delivery to Turkish Government — Surprise Expressed at Action of German Admiralty.

Berlin, March 12.— Considerable mystery surrounds the sale of four first class German turbine torpedo boats, S 165, S 166, S 167, S 168, to the Turkish Government. The boats are practically ready for delivery from the Schichau yard at Danzig, where they were laid down in 1908, supposedly as part of the German construction program of that year. S 166 recently executed a record run with a full compliment of men and ammunition at thirty-six knots.

The official announcement of the sale alleges that the boats are the property of the Schichau yard, and describes the transaction as "fresh gratifying evidence of the German shipbuilding industry's successful competition with foreign yards."

Surprise is expressed that the German admiralty should have consented to the sale of torpedo boats capable of thirty-six knots, especially as the quartette in question should actually have been placed in commission in the Imperial Navy by this time.

SERVIAN GOVT. CONTRACTS.

The Servian Government has given orders for 80,000 shells to the Rheinische Metallwaren und Machinen Fabrik, and contracts worth $1,000,000 for the reconstruction of old artillery. German firms are also to receive orders for 150 machine guns and 32,000 Mauser rifles as soon as the new Servian loan is issued in France and Germany, and are also to supply $2,500,000 worth of railway materials.

CANADIAN CLUB TONIGHT.

Mr. Downey to Be the Speaker This Evening.

Our readers are again reminded of the banquet of the Canadian Club at the National Hotel this evening, when Mr. Downey, M.P.P. of Guelph, will deliver an address. Those who have heard Mr. Downey on previous occasions, know what a treat is in store for those who propose to attend the banquet.

A SERIOUS CHARGE.

Italian Charged With Wounding With Knife.

In the police court on Saturday morning Bruno, an Italian, was charged with wounding Robert McIlwain. Mr. Tom Minnicola acting as interpreter. He pleaded not guilty and elected to be tried by a jury. He will have his preliminary hearing on Thursday, but will be tried at the spring assizes, which come on, the latter end of this month. Butcher and his wife pleaded not guilty to being the keepers of a disorderly house, where the row took place, and were remanded until Thursday next. Their three children were taken over by the Children's Aid Society.

MADE DIRE THREATS.

Former Peterborough Man Appeared in Toronto Police Court.

James Simpson and his wife, who are said to hail from Peterborough, figured in the Toronto police court on Saturday. Mrs. Simpson, a timid little woman, asked for an order of protection from her husband, who is a big fellow and dissipated.

"He threatened to cut our throats, said the wife, referring to herself and her two children, by a former husband.

"I didn't hurt you," growled the man from the dock. The magistrate finally remanded Simpson for a week, advising them to try and come to some agreement in the future.

ARE YOU USING AN OILY LINIMENT?

Beware of Any Thick, Greasy Liniment That Contains Acids, and Strong Ammonia.

No doctor would think of prescribing a greasy, thick, ammonia liniment—they can't penetrate and in consequence are unable to reach the source of pain. The best liniment for general household use is "Nerviline," which is sold under positive guarantee to cure pain.

Nerviline is sure to cure pain because it is immensely stronger than other liniments, because it is more penetrating, because it relieves the congested condition that excites pain because it restores circulation of the part. Now you understand why one person in three throughout the Dominion of Canada uses Nerviline. The Union of Canada used Nerviline. These people have tested it. They know how good it is, because in the hundred and one minior ailments that afflict us at odd times they found Nerviline always cured. Nerviline is an absolute antidote to pain, powerful, soothing, and certain in its action.

Nerviline is inestimably the finest remedy for pain found in the world. Not any ache or pain anywhere that Nerviline does not cure.

Try Nerviline for neuralgia, headache, sciatica, lumbago, stiffness, rheumatism—wherever there is soreness or pain rub on Nerviline and you'll be cured. Refuse anything offered you instead of Nerviline, large 25c. bottles, five for $1. All dealers, or the Catarrhozone Company, Kingston, Ont.

THE MORNING TIMES

The only morning daily newspaper published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $3 per year, strictly in advance.

Strangers visiting Peterborough are cordially invited to make their headquarters at the office of The Morning and Weekly Times, where they will be furnished with writing materials, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

POPULATION AND RELIGIONS.

Basing his calculation on the latest enumerations from every quarter of the globe, the director of the German Government statistical bureau, Dr. Zeller, estimates the population of the world at 1,514,510,000, and classifies them as follows: 534,940,000 Christians, 300,000,000 Confucians, 214,000,000 Brahmins, 175,, the remainder being scattered among 290,000 Buddhists, 10,000,000 Jews, other religious denominations and among pagans.

These figures, according to an eminent United States statistician, William Elcroy Curtis, have created some surprise, particularly as regards the Buddhists and the Mohammedans. The authorities have been accustomed to credit the Buddhists with the great majority of the inhabitants of China, considering Confucianism merely a moral philosophy rather than a religion. Mr. Curtis declares there is no contradiction between Buddhism and Confucianism any more than between Shintoism and Buddhism in Japan.

The Statesman's Year Book says that probably all Chinese who are not Mohammedans or Christians profess and practice all three religions—Tooism or demon worship; Confucianism, which is philosophy, and Buddhism. The same authority also gives the Buddhists nearly all the 45,000,000 of the population of Japan.

There must be a wide margin of allowance in all statistics regarding the crowded populations of the Orient. German travellers, however, have been numerous and observing, and the painstaking, methodical methods of German compilers are proverbial. It is probable that until something very definite and authoritative arises to discredit him. Dr. Zeller's computation of the world's population statistics will be accorded very general respect.

THE USE OF FINANCIAL POWER.

Other rich men besides Rockefeller have been perplexed with the problem of disposing of their great wealth, and newspapers have endeavored to assist in the solution, asking their readers such questions as "What would you do if you had a hundred million dollars?" It is contended on behalf of the multi-millionaire that he cannot eat nor wear much more than the man of moderate means. A pleasing picture is sometimes drawn of a capitalist regaling himself at lunch with a bowl of bread and milk.

All this serves to illustrate the truth that wealth is power, and that power is useless without wisdom. Wealthy men and women are sometimes scolded for spending their money in senseless luxury and ostentation. But here the offence is obvious. A more subtle difficulty arises when a man proceeds to accumulate money in order to "do good" with it, and especially when he is tempted to believe that the end may justify the means, and that some vast scheme of philanthrophy may atone for commercial piracy and the ruin of rivals in business and investors in stock.

The state of mind thus revealed is a curious one. It means that the man believes that while he cannot observe the ordinary standards of commercial morality, he is yet capable of directing the disposition of a colossal fortune, and guiding the lives of tens of thousands of his fellow-creatures, with something like superhuman goodness and wisdom.

If a man were to aspire to be prime minister of Great Britain or President of the United States without any clear idea of what he would do with the power thus obtained he would be regarded as lacking in the essentials of statesmanship. A much clearer view of the philosophy of getting and spending wealth would be attained if these processes were compared with the winning and the exercise of political power.

One of the accepted maxims of government is that the mass of private individuals are likely to be able to manage their own affairs better than any benevolent despot can do. The same rule applies to financial power. The energy and enterprise, the intellectual and moral force of a nation are likely to be best developed under conditions of financial independence. It is better to leave a man's money in his own pockets than to take it away and give it back to him in some philanthropic form. The collective wisdom of the community managing its own affairs is likely to be greater than that of any individaual, however capable and benevolent.

An attack of the grip is often followed by a peristant cough, which to many proves a great annoyance. Chamberlain's Cough Remedy has been extensively used and with good success for the relief and cure of this cough. Many cases have been cured after all other remedies had failed. Sold by all dealers.

EX- VICE PRES. FAIRBANKS.

Has Completed Tour of the World Today.

London, March 12.—Former Vice-President Fairbanks and his family were among the distinguished passengers sailing from Liverpool for New York to-day. The arrival in New York will mark the completion of a world tour which began over a year ago and which has included nearly all of the principle countries of the world. Many honors and official courtesies have been showered upon Mr. Fairbanks since his arrival in Europe and he has been received in audiences by the rulers of Italy, France, Germany and Great Britain.

Catarrh Cannot be Cured.

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internall and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in the country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly upon the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

Cosgrave's Beer

Words of praise have ever prevailed in advertising "copy." What a producer should wear enthusiastic over his own wares is but human. But it's the praise of the consumer that counts—and it is to a discriminating and critical public that "Cosgrave's" refers you.

It is safe to say that no product of any kind enjoys a more enviable reputation than does this famed Cosgrave Beer of Toronto in markets where it is offered.

Its self-evident honesty of purpose, purity, brilliancy, body, and every other attribute that goes to make a perfect beer are ever in evidence.

Celebrate the "Cosgrave Habit"—Watch for the name—ask for any of these brands - Half-and-Half, Pale Ale, XXX Porter.

The Canadian Poultry Farm Stock Co. Ltd.

(Charter Applied For).

CAPITAL $40,000.00

Divided into 4000 shares at $10.00 each, same being Common Stock.

Head Office and Farm—MONTREAL, QUE.

Incorporators: C. J. BELL, Manager. LOUIS P. RENE, A. W. SAGER

Room 53, Royal Trust Building.

The object of this Company is to operate a Poultry Stock Farm and to supply eggs, fowls, etc., etc., to the Montreal market. At the present time there is no such business being carried on in this part of the country, although in Western Canada and the United States many similar farms are being conducted with great success, and each and every one shows a handsome profit on the capital invested. By being the first to operate such a business in this part of Canada, where the output could be sold many times over, and with competent men to manage the farm, the success of the business is assured.

It is hoped to have the farm inoperation about the first of April, and we will gradually increase so as to meet the demand of the trade. The shareholders will have first option upon the output, which it is intended to deliver daily.

It is worthy of note that the freight charges paid to the different railway companies for transporting eggs, poultry, etc., into Montreal amount to thousands of dollars per year, said eggs, poultry, etc., being shipped from all parts of Ontario and Quebec, together with shipments from other provinces, all to be consumed in the City of Montreal, and in nearly every case these shipments are controlled by the Wholesale Produce Merchants, and re-sold to Retail Dealers, then sold by the latter to the consumers; therefore, it is easily perceived that in this way four profits must be divided from the price the farmer sells at to the price the consumer pays for the above-mentioned articles.

At the present moment fresh eggs are very scarce; so-called fresh eggs are being sold to the consumer at from 30 cents to 63 cents per dozen. We do not expect to be able to overcome this great problem, but we do expect to be in a position to furnish the Shareholders in this Company and other Retail Dealers with fresh eggs daily. Taking into consideration the number of eggs that are consumed in Montreal every day, the placing of the output is a foregone conclusion.

In P. E. I. the average profit per hen for eggs a year is $2.00; in York Co., Ont., $2.75; in New Jersey, $6.00. It is expected that the average profit in Montreal will be $3.00.

It is understood we are to start this business in the right way. In the first place, only first-class fowl, such as hens, turkeys, geese, ducks, etc., will be purchased, and by purchasing a farm within the suburbs we will in a few years save the entire price paid for same by the saving of the enormous freight charges on eggs, etc., from an outside point.

ESTIMATE OF EXPENDITURES.

Farm property	$10,000 00
Hens, Turkeys, Geese and Ducks, etc. including feed, and grain for same	5,000 00
Incubators and Implements, etc.	3,000 00
Building, Outhouses, etc.	5,000 00

Synopsis of Canadian Northwest Land Regulations.

ANY PERSON WHO IS THE sole head of a family, or any male over 18 years old, may homestead land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughters, brothers, or sister of an intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, solely owned and occupied by him, or his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price $3.00 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price $3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth $300.00.

A DIRECT SERVICE

New Zealand Steamship Company Starts Link to Link Antipodes With Canada.

Ships Will Bring Australian Produce to Canada and Carry Our Manufactured Goods to Antipodes.

It has just been announced by the Canadian Government that a new direct service between Canadian Atlantic ports and Australia and New Zealand will be put on this summer. This service is to be put on by the New Zealand Shipping Company, which is one of the big steamship companies of the world. It is expected that this new line will result in a large accretion of trade between Eastern Canada and the Antipodes, the boats bringing frozen meat, wool tallow, hides and other Australasian products to Canada, and taking back manufactured products, such as agricultural implements, flour, carriages, buggies, boots and shoes, sewing machines, and other Canadian manufactured articles, which have for long past been in strong demand in Australia.

The New Zealand Shipping Company, which is inaugurating this new venture, is one of the strong shipping companies of the world. It was inaugurated in New Zealand in 1873, with several sailing vessels, but speedily grew, until, with the advent of steam vessels, it took on a new phase, and became a concern with world-wide affiliations. At present its headquarters are at London, England, and at Christchurch, New Zealand, and the company owns 17 first class modern steamships, operating all over the world.

In its origin the company was formed by a number of New Zealand farmers, who felt the necessity for foreign outlet for their trade, but its success speedily caused it to outgrow this limited start.

The service will be operated by five steamships; Montreal being the summer port and West St. John the winter port. The names of the vessels are as follows:- "Itakaia," "Whakatane," "Waimate," "Papanui" and "Wakanui."

The vessels to be engaged in the service will be comparatively speedy and of large carrying capacity. This service is of more than ordinary importance to the manufacturers in Canada, particularly those in Ontario, Quebec, and the Maritime Provinces, for the reason that it will enable them to lay their commodities down in the Australasian markets with regularity and permit them to compete on an equal footing with their friends south of the boundary. Ie is the intention of the New Zealand Shipping Company to give the Canadian manufacturer now enjoys and which Canadians have felt for some time past they were not obtaining through the Port of New York owing to certain discrimination. A matter worthy of note is that although New Zealand granted to the Canadians a preferential tariff some years ago the same has been of little benefit as it is claimed by Canadian manufacturers that the steamship lines operating out of New York immediately advanced freight rates against the Canadians, so as to practically offset the advantage in the duty in order to place the American manufacturer on an equal footing with the Canadian. The New Zealand Shipping Pumpany and Canadian Government in establishing this service feel confident of the full and undivided support of the Canadian shipping public. There is undoubtedly sufficient traffic to warrant the success of the line.

These vessels are approximately 9,000 tons burden each, and are all equipped with the most modern cold storage facilities for the carriage of frozen meats from the Antipodes.

This service will undoubtedly promote a more friendly feeling between Australia, New Zealand and Canada and also increase the interchange of commodities between these great links of the Empire.

If troubled with indigestion, constipation, no appetite or feel bilious, give Chamberlain's Stomach and Liver Tablets a trial and you will be pleased with the result. These tablets invigorate the stomach and liver and strengthen the digestion. Sold by all dealers.

PORCUPINE.
SALE OF LOTS IN TOWNSITE.

Sealed tenders will be received by the undersigned up to Wednesday, 16th March, 1910, at one o'clock, p.m., for the purchase of all the lots in the town plot of Porcupine, situated in the south half of lot nine, in the fourth concession of the township of Whitney, at the eastern end of Porcupine Lake, as shown by plan of survey by Mr. E. D. Bolton, O.L.S.

Tenderers are asked to state how much they are prepared to pay for each lot and must accompany their tenders with a marked cheque in favor of the Provincial Treasurer, for half the amount which shall be applied as the first instalment. Successful tenderers will be required to pay the balance within two months.

The highest or any tender not necessarily accepted.

Tenders to be marked "Tenders for lots in town plot of Porcupine," and to be addressed to the Honorable the Minister of Lands, Forests and Mines.

Plans of townsite may be had on application to the Department and to the office of the Mining Recorder at the following places: Porcupine, Haileybury, Cobalt, Sudbury, Elk Lake, Gowganda, Sault Ste. Marie, Parry Sound.

F. COCHRANE,

Only One Deer.

The government has introduced a bill which provides that only one instead of two deer may be slaughtered by a hunter during a season.

Have you a pain—of any kind, anywhere? Stop just a minute and think It matters not whether it be womanly pains, head pains, or any kind of a pain, one of Dr. Shoop's little Pink Pain Tablets will surely stop it in 20 minutes. Formula plainly printed on the 25c. box. Sold by all dealers.

NOTICE TO CONTRACTORS.

Tenders For Machinery, Belting, Shafting, Cranes, Air Compressors, Etc.

SEALED TENDERS, addressed to the undersigned, and marked on the envelope "Tender for Machines and Tools," "Tender for Leather Belting," etc., etc., as the case may be, will be received at the office of the Commissioners of the Transcontinental Railway, at Ottawa, Ontario, until 12 o'clock noon of the 12th day of April, 1910, for:

(1) Machines and tools;
(2) Leather belting;
(3) Shafting, hangers, steel frame work, etc.;
(4) Miscellaneous equipment, industrial track and lockers;
(5) Motors;
(6) Furnaces and forges;
(7) Cranes;
(8) Air compressors;
(9) Grey iron foundry equipment and brass foundry equipment;

required for the equipment of the locomotive and other shops of the Commissioners of the Transcontinental Railway at Springfield, east of Winnipeg, Manitoba.

Tenders will be received and considered for any or all of the items indicated above and numbered from 1 to 9, both inclusive.

Plans and specifications may be seen in the office of the Chief Engineer of the Commissioners at Ottawa, Mr. Gordon Grant, and in the office of the District Engineer of the Commissioners at St. Boniface, Man. Mr. S. R. Poulin.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied by the Commissioners, which may be had on application to the Chief Engineer at Ottawa, or to the District Engineer at St. Boniface, Man.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada, payable to the order of the Commissioners of the Transcontinental Railway for a sum equal to ten per cent. (10 per cent.) of the amount of the tender.

Any person whose tender is accepted shall within ten days after the acceptance thereof sign the contract, specifications and other documents required to be signed, and in any case of refusal or failure on the part of the party whose tender is accepted to complete and execute the contract with the Commissioners, the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure, and all contract rights acquired by the acceptance of the tender shall be forfeited.

The cheques deposited by parties whose tenders are accepted will be deposited to the credit of the Receiver General of Canada as security for the due and faithful performance of the contract according to its terms.

The cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

The right is reserved to reject any or all tenders.

By order,
P. E. RYAN,
Secretary, The Commissioners of The Transcontinental Railway.
Ottawa, 2nd March, 1910.

Newspapers inserting this advertisement without authority from the Commissioners will not be paid for it.

Little Tots Lost.

A couple of young children were picked up on the street and taken to the police station on Saturday, having wandered from home.

Bell Did Not Ring.

On account of a serious case of sickness in the vicinity of St. Luke's church, the bell was not rung yesterday for Sunday services as usual.

Saturday's Market Prices.

Saturday's market was well attended considering the state of the country roads. Eggs brought from 23 to 25 cents, butter 28 to 30 cents. potatoes 50 cents per bag.

While it is often possible to prevent an accident, it is never impossible to be prepared—it is not beyond any one's purse. Invest 25 cents in a bottle of Chamberlain's Liniment and you are prepared for sprains, bruises and like injuries. Sold by all dealers.

Died in New York.

There passed away in New York on February 28th, Edward J., son of the late James W. Sheridan, a former resident of Peterborough. Mr. Sheridan carried on a stationery business in the store at present occupied by Mr. E. W. Wasson, George street.

Croup positivily stopped in 20 minutes, with Dr. Shoop's Croup Remedy. Our test alone will surely prove this truth. No vomiting, no distress. A safe and pleasing syrup—50c. Sold by all dealers.

A Dry Christmas.

Henceforth it will be unlawful to sell liquor on Chirstmas Day. The same provisions as apply to Sundays will also apply to Christmas There has been a constant and ever increasing demand by the temperance people for a closed bar on Christmas Day, and the government has finally decided to act.

The Fee Increased.

In future, non-residents of the province must pay a license of $10 before they will be allowed to trap fur-bearing animals. Dr. Reaume stated in the legislature that American trappers came into the province and killed fur-bearing animals promiscuously, and in order to prevent that a fee would be charged before any outsiders could get permission to trap fur-bearing animals.

Will Return Home.

Mrs. Sharpe, who it will be remembered, came from Hastings, with her three daughters, and entered Nicholls Hospital, suffering from typhoid fever, is able to return home with her daughters, who have all recovered, under the care of Dr. Leach. They expect to leave for Hastings this week.

Nothing in the way of a Cough is quite so annoying as a tickling, teasing, wheezing, bronchial Cough. The quickest relief comes perhaps from a prescription known to Druggists everywhere as Dr. Shoop's Cough Remedy! And besides, it is so thoroughly harmless that mothers give it with perfect safety even to the youngest babes. The tender leaves of a simple mountain shrub, give to Dr. Shoop's Cough Remedy its remarkable curative effect. A few days' test will tell. Sold by all dealers.

In Toronto Hospital.

The committee consisting of Rev. J. G. Potter, Rev. H. J. Keith and Mr. J. C. Skook, appointed by the presbytery to look after Rev. J. G. Sterling of Havelock, who is critical ly ill, has had him placed in the General Hospital, Toronto, with pro per medical attendance. It appears that some time ago Mr. Sterling was wounded in the chest. It has gradually grown worse until of late it has become quite serious and cancer is feared. Rev. Mr. Keith was in Toronto, and has made provision for Rev. Mr. Sterling's comfort. It is learned that cancer has developed.

ST. JOHN'S CHURCH NOTES.

Rev. Canon Davidson was able to resume his duties yesterday.

The annual meeting of the Girls' Auxiliary will be held this evening at eight o'clock.

The adjourned annual meeting of the Women's Auxiliary will be held tomorrow afternoon at three.

Rev. F. L. Barber will be the special preacher on Wednesday evening.

The rector announced that as this is the 75th year of St. John's history it had been suggested that a chime of bells be procured in memento of the occasion. He left this matter with the congregation.

Little Local Lines

A handsome new writing desk has been installed at the National Hotel.

Ira McNutt of Norwood, was fined $2 and costs by Police Magistrate Edmison, for abusing a horse.

Vacant houses are not so plentiful in the city as they were a few weeks ago.

Saturday's market was fairly well patronized notwithstanding the bad roads.

LAKEFIELD PUBLIC MEETING.

Hon. J. R. Stratton, M.P., Gets Good Reception.

A public meeting of the electors of Lakefield, Bonro and Smith, was held in the Town Hall, Lakefield, on Saturday evening, and was well attended.

Hon. J. R. Stratton, M.P., was enthusiastically received, and delivered a splendid address, dealing with the questions of the day now before the parliament at Ottawa.

Stirring addresses were also delivered by Mr. Clarke, M.P., Windsor, and Dr. Clarke, M.P., Red Deer, Alta. At the conclusion of the meeting cheers were given for the King.

Information.

"Even if the suffragettes had their way," said the philosophic person, "your wife would come to you for information before she went to vote."

"Yes," answered Mr. Meekton; "she would probably ask me if her hat was on straight."—Brooklyn Eagle.

Touching Verse.

At first she touches up her hair
To see if it's in place,
And then with manner debonair
She touches up her face.
A touch to curls behind her ear,
A touch to collars collar,
And then she's off to lobby, dear—
To touch him for a dollar.
—New Orleans Times-Democrat.

Caught.

Mrs. Jawback—John, you have a beautiful stenographer!

Mr. Jawback—Nonsense, dear! What makes you think—

Mrs. Jawback—John, this letter you dictated to her is full of misspelled words!—Cleveland Leader.

Ode to a Wife.

My roommate is a worthless chap
Who never does a stroke of work.
He never seems to have a cent,
And when he has it's quickly spent.

And yet, because he's kind and dear,
I do his lessons, buy his beer
And let him lead a genial life.
You see, he makes a model wife.
—Yale Record.

In the Realms of Flattery.

"His majesty seems inclined to believe everything he hears," said one courtier.

"Not exactly," answered the other. "He merely insists on not hearing anything he does not wish to believe."—Washington Star.

The Cost of Living.

A whitewood old party named Pyre
Raised a howl 'cause his bills were so hye.
To a barber he went,
To this speech giving vent:
"It costs more to live than to dye!"
—Spokane Spokesman-Review.

Winter in the Desert.

Abou Ben Adhem explained.

"I have the snow promptly shoveled from the sidewalk in front of my vacant property," he beamed.

Herewith the angel fell over himself to write the name first.—New York Sun.

AN HONEST POLITICIAN.

Sir Wilfrid Lawson Was an Honor to the British Commons.

"Laws should be adapted to those who have the heaviest stake in the country; for whom misgovernment means not mortified pride or stinted luxury, but want and pain and degradation and risk to their own lives and to their children's souls." Mr. George Russell has put these noble words in the forefront of his memoir of the late Sir Wilfrid Lawson, and they give the keynote of the life portrayed therein.

Sir Wilfrid Lawson is described by one who knew him as an "absolutely honest man." His life shows it. He entered politics in 1859, and left them in 1906. Yet he was the same man all through. The ideals he fought for at Carlisle in 1859 he fought for until his death. He never faltered; he never changed. Some of his ideals have been accomplished. Others remain ideals. But there is not one which was, or is, not noble and unselfish.

He was once described as a "gloomy fanatic." Probably a more gross misdescription was never penned. He came of a sturdy Border stock. The Wybergha of Clifton have been there since the days of the Third Edward. The Lawsons of Brayton were another ancient Border family, which had again and again represented Cumberland in Parliament. In 1859, Sir Wilfrid Lawson looked round about him for an heir, as he was childless, and he chose his nephew, Thomas Wybergh, who assumed the name of Lawson, and from him our hero was descended. Young Lawson's life was that of an ordinary country squire, save that the religious surroundings of his home were more marked. But withal there was little of stern sour puritanism about the house at Brayton. "My father enjoyed a long day's hunting or shooting almost to the end of his life, and in skating and playing hockey on the ice he often tired out younger men."

And the love of open-air life and field sports passed on to the son. Many thousands have asked the question, "D'ye ken John Peel?" Young Lawson "ken'd" him, and he bought the hounds that Peel had hunted, improved the pack, and became Master of the Cumberland Foxhounds. Incidentally Sir Wilfrid settles the right reading of the old song. "With his coat so gay" is the conjectural emendation of those who cannot conceive of a huntsman without a red coat. But Lawson says, "his gray coat is no more a myth than himself, for I well remember the long, gray garment."

This, then, is the type of man who sought to enter politics in 1857. A typical English gentleman, bearing an ancient name, heir to a large inheritance; and a thorough sportsman. And, with all this, there was a sturdy Radicalism which never changed and never faltered.

The first essay for Parliament was unsuccessful, but in 1859 young Lawson stood with his uncle, Sir James Graham, of Netherby, Canningite, Whig, Peelite and Liberal, a hard-hitting politician of the old school, whose favorite aversion was Disraeli. Lawson was roused out of bed in the middle of the night by a deputation of Carlisle Liberals, and—"in my robes of repose"—he furnished his election address there and then. He was returned after a stiff contest, and took part in the fights of Lord Palmerston's last administration. Here, perhaps, we may finish off Sir Wilfrid's electoral experiences. He was turned out of Carlisle in 1865, but won the seat back in 1868 and held it until 1885, when he stood for Cockermouth and was defeated by ten votes, the Irish vote going against him. In 1886 the Irish vote went for him, and he held the seat until 1900, when he had passed his seventieth. Cumberland re-elected him a fifth time in 1903, and he returned to Cockermouth in 1906.

SOCIETY

The Times will be pleased to receive notices of Weddings, Social Events, Personal Announcements, which will be published in this column free of charge.

Mr. J. C. Knapman of the Bell Telephone Company, spent Sunday in town with his family!

The friends of Mr. Harry Zealand will be pleased to know that he is recovering from the effects of his recent accident.

Lindsay Post: Mr. Frank Hurley and Miss Margaret Hurley of Peterborough, attended the funeral of their cousin, the late Thos. O'Reilly, Friday morning.

Mr. and Mrs. Giles Stones desire to express their sincere gratitude for the many acts of kindness to their dear daughter, Frances, during her illness, and for the many kind expressions of sympathy shown during their late bereavement.

The marriage of Miss Luella Thexton, daughter of Mr. and Mrs. William Thexton of Millbrook, to Mr. R. Watson F. Clarke of Roland, Man., eldest son of Mr. and Mrs. R. W. Clarke of Millbrooke, took place at the residence of the bride's parents on Thursday. The Rev. W. P. Rogers conducted the ceremony. The bride, who was given away by her father, wore her traveling dress of rose colored cloth and black picture hat with ostrich feather mounts and gold trimmings, and carried a shower bouquet of roses and carnations. The bride and groom were unattended. The house was prettily decorated for the occasion with palms and roses and carnations. The wedding march was played by Miss Florence Thexton, sister of the bride. After dejeuner, Mr. and Mrs. Clarke left for their new home in Roland, Man.

Every dog that bites someone may not be afflicted with rabies, but it is better to sacrifice a hundred or a thousand canines than to risk even one human life.

A SPLENDID REPORT.

A Record Year for the British American Assurance Company.

The directors of the British America Assurance Company are to be congratulated on the excellent financial statement presented at the annual meeting of the shareholders, which took place at the head office of the company, Toronto, on Monday, Feb. 21st. The net fire losses for the year amounted to $339,004.36, being 50.50 per cent. on the premiums. This is the most favorable experience of the company since 1874. The net profits for the year amount to $213,111.50, being the highest in its history.

The Company is ably represented in Peterborough by Messrs. Davis, Thompson & Co., George street.

Nice assortment of Easter postal and greeting cards at Times Bookstore.

Settlers One-Way Excursions.

To Western Canada, March 15, 29, April 5 and 12, via Grand Trunk Railway System, from stations in Ontario, Kingston and west, to certain points in Saskatchewan and Alberta. Particular attention is called to the fact that low rates apply to points on Grand Trunk Pacific Railway, a new territory full of "Golden Opportunities." Secure tickets and further information from Grand Trunk Agent or address J. D. McDonald, D.P.A., G. T. Ry., Toronto.

VOL. XXXIII NO. 59 PETERBOROUGH, ONTARIO. TUESDAY MARCH 15 1910 PRICE TWO CENTS

Are Hopeful of Breaking Tariff Deadlock

Washington, March 14.—The United States tariff officers are still hopeful of checking the tariff deadlock between this country and Canada, and of arriving at an understanding with the Canadian officials which will prevent a trade war between the two countries.

Charles M. Pepper, the tariff expert of the Bureau of Trade Relations and Prof. C. Henry Emory, chairman of the Tariff Board, held a long conference with President Taft on Saturday, reporting on their conferences in Ottawa, and Mr. Taft will take the subject up with them again on his return to Washington today.

KEEP PREFERENCE TO FRONT.

London, March 14.—The Times, in view of Canada's commercial agreements with France and Germany, and the possibility of one with the United States, urges the seriously immediate necessity for an imperial preference, and says that although the constitutional question must be in the forefront in the next election. Unionists must leave no stone unturned on the subject of tariff reform.

The Canadian Club Banquet Last Night

Eloquent Address by Mr. J. P. Downey, M.P.P. ---The National Hotel the Scene of Another Splendid Social Function

Once again the spacious dining room of the National Hotel, was filled with members of the Canadian Club and leading citizens on the occasion of the banquet given under the auspices of the club. The menu provided was all that could be desired, and did credit to Mine Host Denison.

After justice had been done to the delicious viands, provided by Mine Host Dennison, President H. R. H. Kenner, introduced the speaker in a few well delivered remarks.

Mr. Downey, M.P.P., on arising spoke on his misfortune of not being able to speak at a previous gathering of the Peterborough Club. The speaker was an Irishman, and in his opening remarks told a couple of stories in keeping with the Emerald Isle and the 17th. Mr. Downey then took up his subject, "Prison Reform," in a very able manner. He said that we, as citizens, should try to uplift the ones who had fallen from grace and place them on an equal footing with society at large.

The beginning of prison reforms was originated by one John Howard, in the 18th century; but it was not until the latter part of the 19th century that any practical effort was put forth in this interest. Mr. Downey spoke of the ball and chain, etc., still in use. He also said that under prison reform, the person was sent to penitentiary, but was taken in a different spirit than heretofore. The superintendent nowadays meets the convicted one and encourages him to live down the old wrong that he might be able at some time to again take his stand in society. The speaker said that when a convicted man enters prison now, the man in charge pointed out to him that it was their purpose to uplift him, teach him a trade, not put him lower.

Many men are cast into prison, who are physically or mentally weak, but as this is found out, are taken to hospitals where they are accorded kind treatment. After becoming strong they are placed in grades, all beginning in the second grade, and as they show good conduct or bad, are promoted to first grade, or are lowered to third as the case may be.

Mr. Downey is a firm believer of the indefinite sentence and said that whereas many people thought this idea tended to shorten terms, statistics showed the contrary, and took for example the prison at Elmira, N.Y., where 80 per cent. indefinite term convicts were never heard of again by the authorities, whereas only 20 per cent. again appeared before them.

In his closing remarks Mr. Downey spoke of the many men who were in prison who possibly should not be and vice versa, and touched on the old adage:—

"To thyself be true, etc."

In a few well chosen words Messrs. J. H. Burnham and D. W. Dumble moved and seconded a vote of thanks which was unanimously carried, and the singing of the National Anthem brought an exceedingly profitable and enjoyable evening to a close.

Would Unite Europe Against the States

Paris, March 14.—Jean E. Darbot, Radical Republican, during the tariff debate in the Senate today, made a bitter attack upon what he described as the "American invasion of Europe."

The senator declared the balance of trade in favor of the United States constitute a profit of $400,000,000 annually at the expense of Europe, and offered a resolution asking the government to undertake diplomatic negotiations with European powers for an economic understanding against the United States.

Up to Owners.

It is up to owners now to bestow a little more attention on their dogs in feeding and watering them. Many dogs have to rustle for their own rations in the swill barrels in the alleys, but with a muzzle on a dog can no longer board himself.

Drs. KENNEDY & KENNEDY
CURE DISEASES OF MEN
PATIENTS TREATED THROUGHOUT CANADA FOR 20 YEARS

Dr. Kennedy, Medical Director of Drs. K. & K.

Drs. K. & K. are favorably known throughout Canada where they have done business for over 20 years. Thousands of patients have been treated and cured by their great skill and through the virtue of their New Method Treatment. When you treat with them you know you are dealing with reputable physicians as they own and occupy their own office building in Detroit, valued at $100,000. When they operate your case is curable, all your worry is removed for you know they will not deceive you. They guarantee to cure all curable cases. No matter how many doctors have failed to benefit you; no matter how much money you have spent in vain; no matter how discouraged you may be, don't give up in despair until you get a free opinion from these master specialists. If you are at present within the clutches of any secret habit which is sapping your life by degrees; if you are suffering from the results of past indiscretions; if your blood has been tainted from any private disease and you dare not marry; if you are married and live in dread of sympathetic breaking out and exposing your past; if you are suffering as the result of a misspent life Drs. K. & K. are your Refuge. Lay your case before them confidentially and they will tell you honestly if you are curable.

CHARGED WITH THEFT.

May Have Stolen Jewelery from Oriental Hotel.

Yesterday morning at the police court, Larry Kelly, who was arrested on Saturday night, was charged with the theft of a quantity of jewelery from the sample room of the Oriental Hotel on the night of Wednesday, March 3. The jewelery stolen consisted of one hundred and twenty-six lockets and fourteen gold-filled watch cases, the property of A. Michaels, a traveler for the J. A. Knox Co., of Toronto. The prisoner did not plead or make any election, and the case was enlarged till next Monday, and Kelly was remanded to then.

Kelly for some time had been an employe at the hotel, but was not engaged there when the theft took place.

HARRY THEOBALD HONORED.

Member of Examiner Staff Gets Travelling Bag.

Mr. Harry Theobald, who left for Toronto yesterday, was presented with a handsome traveling bag by the business and editorial staffs of the Examiner. Mr. Theobald has been connected with the Examiner for the past two years, and was one of the most popular employes. He has accepted a good position on the Toronto News and has the best wishes of his many Peterborough friends. The presentation was made by Mr. J. D. Clark and Mr. F. D. Craig read an address of a suitable nature.

Mr. Theobald acknowledged the gift and good wishes of his late confreres in a few well chosen words.

HITS THE NAIL ON HEAD.

Letter in Contemporary Deals With Subject.

The following letter appeared in the Review of Saturday last, and it has been handed The Times with a request to publish it, so that it may have the fullest publicity possible. We accordingly give it a place in these columns without comment.

Sir,—The letter of Ald. Turner on power, shows that he does not understand the question. Peterborough is not supposed to be in the power-selling business nor in the loaning business, nor in the water-selling for profits business.

Municipal advantages and properties such as these are supposed to be handled for the direct advantage of the people and in the case of water that means cheaper power and in the case of power (for lighting, power, etc.), cheaper power, cheaper light, etc. The city is supposed to get the equivalent in greater general prosperity and until the city's representatives get any other idea out of their head they will remain behind all the other enterprising centers in Canada, as they are now. Mind you, Mr. Editor, it was not the city fathers of this day that got the C.G.E. here, and it was not the city fathers of any day that got the Quaker Oats. They tried hard to drive Q.O. away by driving hard bargains and until a man of capacity and understanding, Mr. Cox took hold of the matter, we were on the lost, strayed or stolen list. It is the same now. We have neither power nor the price of power to offer and I am beginning to think, Mr. Editor, that our council don't want us to get either. Have we the power already sold for the $70,000 investment? No, and it never will be sold at the prices our councillors are asking for it. Other places have too big a pull over us for that. If you don't believe it, look at other places. Industries actually going to man. Industries actually going to many towns by the cart load and Peterborough can't even beg one and they propose to continue the policy that has put us in this mess. If Purity Ware had been put to the people the way the Private Bills Committee amended it, viz.: by including all the machinery in the mortgage it would have passed, but our Smart Alecks raved like mad men about that, and look what they got for their pains. Such obstinacy I never saw before and some of them slyly pretend that when it came back it was the same bill that went to Parliament. Wouldn't that jar you? Now then, on top of that failure comes another. The Department of Health says filtration is not as good as ozone. It says that the mechanical purifying of water is not purifying at all in the strict sense. It's only straining. Now our water commissioners are determined to have *filtration* at a huge expense, but they'll have to back down. Ozone will cost very little and will be right. Now then, another failure. We turned down the C.P.R. all for a penny; all because we wouldn't give it a strip of land that is of no use to use. Can't anybody see that for a live, hustling burg, with new factories, cheap, fine water, cheap light and cheap power, and a big wage list we've got to give something and use a little common sense. Everything's bluff, but what "some men" are doing, of course. That's always the way; but that talk won't mend matters. Never mind the others. Get going. What would an industrial commissioner have to do? He has nothing to offer, and what use would it be for him to try to carry out such instructions as these. It would be the same old failure, the same old coming back with the finger in the mouth. Look at our schools. The expense is horrible. Look at the public library. Wait until that gets into the rate, too. The sewer system has got to be built over in parts. The tax rate is 22 mills, and we have reached nearly the limit of our right to borrow—thank goodness. The men who have been running this town are wonders, sure. It's not water power we want, Mr. Editor, it's brain power, and don't you forget it.

Yours, etc.,

ADVERTISE IN THE TIMES.

The Standard Oil Co's. Last Stand---A Case of Life or Death

For Sherman Anti-Trust or the Big Standard Oil—Great Array of Legal Talent —Story of Case—

Washington, March 14.—The government's biggest "trust busting" suit against the biggest corporation in the United States, the Standard Oil Company of New Jersey, is scheduled to be argued before the Supreme Court of the United States, beginning late this afternoon.

Upon the verdict depends the life or death of the Sherman anti-trust the Rockefeller combination and other similar alleged combinations.

The present litigation involves 37 distinct corporations, which the Standard Oil Company of New Jersey either owns outright or in part, and six individuals, John D. Rockefeller, William Rockefeller, Henry M. Flagler, John D. Archbold, Oliver H. Payne, and Chas. M. Pratt.

STORY OF THE CASE.

In November 1906, the government filed in the Federal court in Missouri, its bill of complaint, reciting an amazing story of high finance, market manipulation, price-cutting, railroad rebating, and other alleged violations of the law and asking for the dissolution of the trust.

Three years later, on Nov. 20, 1909, the circuit court sustained practically every contention of the government. An appeal was taken to the supreme court of the United States by the defendant company.

The monster brief filed by the government in the case recites a history of the combine, from its inception in 1870.

BATTERY OF LEGAL LIGHTS.

The foremost attorneys in the nation will appear in court this afternoon, including Attorney-General Wickersham, John G. Johnston, of Philadelphia; John G. Milburn of New York; Frank B. Kellogg, and possibly also D. T. Watson, of Pittsburg. The attorney-general and Attorney Kellogg will represent the government, the latter having been associated with the case since 1906.

HOPEFUL OF ANTI-BETTING MEASURE

THINKS BILL HAS A GOOD CHANCE TO GET THROUGH.

It Gets the Preference—Will Be Taken Up Right After Naval Bill—The Possible Amendments.

Ottawa, March 14.—An arrangement has been arrived at between Sir Wilfrid Laurier and Mr. H. H. Miller, whereby the Commons will be given an opportunity to discuss the anti-gambling bill as soon as the Naval bill has been put through the committee of the whole House.

This probably means that the fight over the bill in the House will commence just before or soon after the Easter adjournment.

It is doubtful if any lengthy recommendations will be made to the House either by the supporters of the bill or opponents in the committee.

In the House, however, the opponents of the measure will move amendments with the object of allowing bookmaking, but limiting the length of the race meetings, the advertising of the tips, etc.

Mr. Miller is quite optimistic as to the chances of the bill getting through both Houses. He says that if the House adopts the bill by a good majority the Senate will not decline to pass it, nor will it seriously alter the provisions of the bill.

MR. J. A. MACDONALD SEES PRES. TAFT

PRESIDENT CONFERS WITH HIM AND WITH ALDRICH.

Not Anxious For Fight—United States Won't Be Too Literal as to What is Discrimination.

Washington, D.C., March 14.—The tariff occupied the attention of President Taft to the exclusion of other business today. This morning he spent over an hour with Senators Aldrich and Crane going over the situation as it affects Canada. It is known that he is anxious to avoid a tariff war with his neighbors.

The matter will be taken up again this afternoon at conference between the President, J. A. Macdonald, editor of the Toronto Globe, Secretary of State Knox, the American Tariff Commissioners, Messrs. Emery, Reynolds and Sanders, and the State Department's tariff experts.

The question is whether the maximum tariff shall be put into effect against Canada on March 31 under the Aldrich-Payne tariff.

Mr. Macdonald had a lengthy interview with Senator Aldrich on Saturday. He said last night that he has reason to believe that the United States would not be any too literal in the definition to be made as to what constitutes discrimination against the United States by Canada in favor of France which is the rock on which the negotiations are in danger of splitting.

Short Session of The Manufacturers' Com.

The Manufacturers' Committee of the City Council met last evening. There were present, Chairman Ald. Gillespie, and Aldermen Bradburn, and J. J. Turner, Jr.

The Commissions of Conservation Ottawa, wrote re information regarding water power facilities developed and undeveloped. This was left in the hands of the chairman of the committee and the clerk.

A letter from the Export Bureau of the Department of Trades and Commerce read that the department is compiling an index of Canadian manufacturers in the export and produce trade generally, seeking and doing business abroad. The communication asked for local information in this regard. The committee will see to it that interested local manufacturers have a copy of the above.

ARITHMETIC AND FOOD.

School Children Must Be Fed Right.

A young girl in Ind. says no one has a better right to speak of Grape Nuts food than she.

"I was in school, but in poor health, until Mamma began to give me Grape-Nuts food. I began to improve at once, both mentally and physically, and I improved so in my work at school that I got 100 inarithmetic and during that time I gained 3 or 4 pounds in weight.

"There is no one has a right to recommend the food more highly than I. Mamma neglected to supply it for about three weeks, and I began to fail in health again, so I commenced the use of the food over, and now I don't intend to do without Grape-Nuts on the table."

It is well for parents to know that Grape-Nuts food contains selected elements from the grains, prepared and cooked in such a way as to present these food elements so that they can be quickly digested and assimilated; the phosphate of potash obtained from the field grains, and contained in Grape-Nuts unites with the albumen of food to quickly rebuild the gray matter in the nerve centers and brains.

It is of the greatest importance that growing children and students be given food that sustains both brain and nerves.

Read "The Road to Wellville," found in pkgs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true and full of human interest.

BRUTALLY ATTACKED AN OLD LADY

MRS. MARY TAYLOR IS IN A SERIOUS CONDITION.

Young Farm Laborer Has Been Arrested in a Shocking Case

London, Ont., March 14.—Miss Mary Taylor, aged 75, is in a very serious condition as the result of being criminally assaulted at her home late on Saturday night.

William Henry, a farm laborer, 24 years of age, employed near Mrs. Taylor's home, has been arrested in connection with the case and has been remanded for a week.

Mrs. Taylor lives alone just outside of the city, and, according to her story, a man came to her place about midnight and knocked at her door. When she opened it he put his foot in the door so that she could not shut it, and after forcing his way in, attacked her.

Leaving for the West.

A number of Peterborough people will leave for the West today, including Mr. Norman Allison and Mr. Elmer Sanderson, who go to Winnipeg, and Mr. Robert Howland, formerly connected with Grafton's clothing store, and family, who go to Lumsden, Sask. Mr. John Hart and family are also leaving for Alberta. Mr. Hart was formerly janitor of the Collegiate Institute.

An Avalanche Disaster

Seattle, Wash., March 14.—It is reported that an avalanche at Wellington, the scene of the Great Northern disaster, in which more than 100 lives were lost two weeks ago, has buried a rotary snow plow and two engines with their crews.

Quaker City Milk Drivers and Others Prevent Hunger Strike

Philadelphia, March 14.—The order of the Central Labor Union to milkmen, bakery wagons, drivers, iceman and others who deliver the necessities of life in this city, to quit work until the demands of the street car strikers are granted, was not obeyed generally today. Some men quit, but most of them stuck to their jobs and there was no general hunger strike.

Labor leaders are chagrined over their failure to cut off the food supply, but insist that they will keep the strike up until they win. Banks and saving institutions report no unusual withdrawls of deposits, and say this phase of the strike is abortive.

MAY RETURN TO WORK.

Many strikers returned to work today in the Baldwin plant and the Kensington textile establishments. The brewery workers, the Typographical union, and similar organizations declare they will stand by their contracts, and if the Central Labor Union expel them they will carry the matter to the Federation of Labor. Business men generally believe that the worst of the strike is over, and that from now on there will be a general resumption of business.

The city is quiet today, following last night's riots, in which cars were stoned, shots exhanged, between police and rioters, and many persons so badly clubbed that they required medical attention. Manufacturers and city officials insist that one-half of the men on strike in the various trades went back to work today. This is denied by the strikers, who claim that they received numerous additions to their ranks.

WILL NOT STRIKE.

A canvass of the city indicates most of the men who struck last week are still out and will probably remain. The Central Labor Union's mandate to all men to quit by tonight or no longer claim to be union men is not expected to greatly add to the number on strike. Most of the union men still working have been ordered not to strike by their international organizations, and will obey.

Whether the labor men will heed the order of the union and withdraw their savings from the banks because the bankers refused to help end the strike cannot be told until the close of business hours today.

A report that five policemen, injured in riots, have died during the last 24 hours, was denied at police headquarters today.

This Date In History

1744—Louis XV. of France, declared war against England.
1779—Lord Melbourne, British Premier during the early years of Queen Victoria's reign, born died Nov. 24, 1848.
1871—British repulsed the Americans at battle of Guilford, N.C.
1866—The great peace convention met in Boston.
1894—A provincial plebiscite in Nova Scotia showed an overwhelming sentiment in favor of prohibition.
1898—Sir Henry Bessemer, inventor of Bessemer steel, died. Born Jan. 19, 1813.

Shall 300,000 Miners Go Out on Strike?

Cincinnati, Ohio, March 14.—Members of the United Mine Workers of America are flocking to Cincinnati today for the special convention to-morrow which will decide whether more than 300,000 miners are to be plunged into an industrial warfare or to resume labor under improved conditions for the next two years.

Demands the miners have submitted to coal operators of Ohio, Indiana, and Pennsylvania have been refused and no terms have been reached after a two days' session of a joint scale committee. The questions at issue are now in the hands of a sub-scale committee of sixteen miners and operators.

The miners are asking $1 per ton for each ton of coal mined, an increase of ten cents a ton over what they have been receiving, an eight-hour day and Saturday half holiday.

CHILDREN'S AID CASE.

A Nine-Month's Old Baby Cared For.

Acting under instructions from the secretary of the Children's Aid Society, Mr. George Cochrane paid a visit to the home of James Anderson, Driscoll Terrace, Ashburnham, on Saturday night, and found that a nine-month's old baby in the house was not being properly taken care of. The mother had been taken to the hospital last Wednesday, and the father since that date had shown himself to be incompetent to look after the child. It is said that he uses liquor to excess, and Mr. Cochrane stated that on Saturday night he was to all appearances just recovering from the effects of having taken too much liquor. He refused to give the child over to its aunt and grandmother, but it is now under their care.

At the police court Anderson said that he had not had time to make any arrangements for the child, but was willing that it should be taken care of by others.

There was no evidence produced in court that Anderson used liquor to excess, and the case was enlarged for one week, and if sufficient evidence is forthcoming he will be placed on the prohibited list.

Quebec Legislature Meets.

Quebec, March 15.—The session of the Quebec Legislature, which convenes today and which is to be opened with the customary ceremonials, promises to be a busy and interesting one. Among the matters of international interest and importance is the expected ratification of the order prohibiting the exportation of pulp wood. The order is to become operative September 1.

Croup positively stopped in 20 minutes, with Dr. Shoop's Croup Remedy. One test alone will prove this truth. No vomiting, no distress. A safe and pleasing syrup—50c. Sold by all dealers.

Reduced One-Way Rates to California, Mexico, British Columbia, Oregon, Washington, Etc.

In effect via Grand Trunk Railway System daily until April 15th. Secure tickets and further information from Grand Trunk agents, or address J. D. McDonald, D.P.A., G. T. Ry., Toronto, Ont.

SLUGGISH LIVER RUINED BUSINESS MAN'S HEALTH.

Story of a Merchant Who Almost Lost His Business and His Health Through Neglecting Early Symptoms of Disease.

"My life for years has been of sedentary character," writes T. B. Tichfield, head of a well-known firm in Buckingham. "Nine hours every day I spent at office work and took exercise only on Sunday. I disregarded the symptoms of ill health which were all too apparent to my family. I grew thin, then pale, and before long I was jaundiced—eyes skin were yellow, my strength and nerve energy were lowered, and I was quite unfitted for business. In the morning a lightness in the head, particularly when I bent over, made me very worried about my health. Most of the laxative medicines I found weakening, and knowing that I had to be at my business every day I neglected myself rather than risk further weakness. Of course I grew worse, but by a happy chance I began to use Dr. Hamilton's Pills. I was forcibly struck by the fact that they neither caused griping nor nausea, and it seemed incredible that pills could tone, cleanse and regulate the system without causing any unpleasant after effects. Dr. Hamilton's Pills acted with me just as gently as nature—they gave new life to my liver, strengthened my stomach, and won me back to perfect good health. My skin is clear, dizziness has disappeared and my appetite, strength, spirits are perfect."

Refuse anything offered you instead of Dr. Hamilton's Pills which are sure to cure. Sold in 25c. boxes, all dealers, or The Catarrhozone Co., Kingston, Ontario.

Must Keep Sober.

Those who want to travel on railway trains must keep sober. The railway officials have issued a special circular to their train hands regarding the carrying of passengers while under the influence of liquor. The instruction in the circular concludes by informing the train hands that this rule must be observed or those violating it will be dismissed from the service.

The government has introduced a bill which provides that only one instead of two deer may be slaughtered by a hunter during a season.

J. HEYWOOD MACGREGOR.
F. H. OXLEY, F.C.A.,
Auditors.

DIRECTOR'S REPORT

Your Directors herewith submit their Ninth Annual Report, with statement of assets and liabilities, and abstract of profit and loss account, for the year ended December 31st, 1909.

The profits for the year amounted to $907,949.00, as compared with $734,761.53 for the year 1908. In view of the depressed condition of business during the greater part of the year, this result should be regarded with satisfaction by the shareholders.

The amount at the credit of profit and loss account on January 1, 1909, was $1,219,221.07, against which the stock dividend of $1,000,000.00, declared in December, 1909, was charged.

The various amounts transferred to the Reserve Fund and Fire Insurance Fund, and written off for improvements and betterments, are shown by the accounts.

A sum of $184,053.54 for Premium and Commission on redemption of old and issue of new bonds has been paid out of the profits for the year.

The balance carried forward to the credit of profit and loss account is $336,897.38.

The sum of $982,883.17 has been expended during the year on capital account in the development of the submarine iron ores at Wabana, and for improvements, plant, etc., elsewhere.

The volume of business transacted by the Company during the year shows a substantial increase, and is in excess of any previous year, and it is expected that there will be a still further increase in 1910.

The development of our submarine iron ore areas at Wabana was continued, the main slope being extended through these areas a further distance of 1,470 feet. The slope is now about 1,630 feet into our own areas from the southern boundary. The development work carried on has fully confirmed the estimates previously made as to the vast quantity of ore contained in, and the great value of these areas. The plant for the operation of these submarine mines is now being installed.

Considerable extensions and improvements have been made to the mills at New Glasgow, and further extensions and improvements will be made in 1910, with a view to increasing the output of finished steel.

The reorganization of the finances of the Company, authorized by the shareholders, has been carried out. A new issue of $6,000,000 5 per cent. First Mortgage Bonds, and an issue of $1,000,000 6 per cent. Debenture Stock were sold in Canada, and the two former issues of 6 per cent. Bonds were paid off and cancelled. The balance of $2,500,000.00 of the Bonds remain in the Treasury. No portion of the premium on the retirement of the old bonds nor the commission on the new issues has been charged to Property Account.

The regular dividend of 2 per cent. quarterly has been paid on the preferred shares, and on Jan. 15th a quarterly dividend of 1 per cent. was paid on the ordinary shares, and the Directors have declared forth or dividends of 1 per cent. on the ordinary shares, and 2 per cent. on the preferred shares, payable on April 15th to shareholders of record on March 31st, 1910.

All of which is respectfully submitted.

February 18th, 1910.

THE MORNING TIMES

Search for the Ghost

Continued from page three.

half an hour I looked into the cow stable, but could see nothing. Charley brought the lantern to the door and held it up so we could see in the cow stable and even through the opening in the calf pen, but there was nothing unusual there.

GHOST'S THIRD APPEARANCE.

"We went back into the horse stable and waited a few minutes longer and then we all went in together taking the lantern with us. Albert having by this time joined us. I was in the lead with my brothers right behind me and as I reached the end of the passage the thing appeared standing just within the opening to the calf pen. We all saw it, and all stopped still, except Bill, who ran back through the horse stable and out of the barn in fright.

PHYSICAL FORM DESCRIBED.

"The figure was about six feet tall and appeared in a white gown which extended down below the boards behind which it stood. Its head would have reached the top of the opening if it had been standing erect but it was considerably stooped. The apparition had long whiskers and long moustache quite grey and the face was creased like that of an old man.

"It was staring straight at us, and we could see it as plain as in day. The eyes were blue and the white about the eyes was very prominent. A cap which looked very much like a night cap that old women wore in the old times was pulled down nearly to the eye brows. The cap was flat on top and had a band near the edge. The whiskers were long and wavy. The neck seemed bare right down to the gown which was hung quite low across the breast and shoulders. The face was ghastly white.

SPOKE TO THE SPIRIT.

"Bill's wife told me to speak to it when it appeared again so I decided to do so. I said 'Hallo' just as if I were talking to any other person. 'What brought you here.' The spirit muttered something in reply which we could not understand. Then I said 'What do you want here?' The figure commenced talking at once, never taking its eyes off us all the time.

"The only words I understood were "Crawford," "land" and finally 'and.' We saw its lips moving and also saw its teeth. When it commenced talking it reached out one hand and rested it on the top board of the pen opening. The back of the hand was towards us. It looked like a human hand. I noticed the fingernails.

"When the spectre moved its arm I noticed the white folds about the arm move also. The sleeve seemed to be very big.

FORM VANISHED.

"Just as the figure uttered the word 'and,' it disappeared. It did not go down or up, back or to either side, but just seemed to fall to pieces.

"Charley was still beside me when the object disappeared. We immediately climbed into the pen with the lantern and thoroughly searched the pen but saw nothing again. I am sure it was no human being trying to frighten us, because there was no way a person could get out of the pen. The only other door from the pen led into the pig pen, but that was fastened, and anyway a man across th
would not have had time to get across the partition to the door before we were in the pen and could have seen him.

"We heard no noise at any ti e except the voice of the ghost. I have several times looked in the direction of the cattle pen since when in the stable, but have nevir seen anything."

The reporter cross-examined the young man at some length regarding the circumstances and he constantly stuck to his story. He was positive the figure was that of no living person, because no person could have escaped from the pen without being seen.

SPIRIT OF UNCLE.

Questioned regarding his candid opinion of the apparition Fred Johnston said he believed it was the spirit of his uncle Tom Crawford, which had come back to tell them what to do with the property. His only reason for thinking that was the words spoken by the ghost. He had not seen his uncle or a number of years and remembered his appearance quite distinctly. The ghost did not look like him at all.

Fred affirmed to the newspapermen that he was enjoying the best of health, as indeed his appearance showed, that he had never been in a trance, had never walked in his sleep, nor suffered from fits. His brothers and the girl Hannah, he said were enjoying similar health.

THE DEPARTED UNCLE.

Cobourg, March 12.—Thomas Crawford, died in February 22nd, in the county house of refuge, at the age of 71 years. He was in the institution less than a year. He was committed to the county home from Port Hope and remained about six months, when his health having somewhat improved, he was discharged. After three weeks' absence however, he returned and gradually failed until he died. Mr. Crawford was a frail old man and unable to work for a long time prior to his final illness. He was about five feet eleven inches tall. The interment took place in Welcome cemetery. The deceased for some years was a resident of Hope township, Durham county.

Catarrh Cannot be Cured.

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internall and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in the country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly upon the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

Proprietor.

HOTEL CARSLAKE, MONTREAL. European plan—opposite Grand Trunk. Geo. Carslake, Proprietor.

Synopsis of Canadian Northwest Land Regulations.

ANY PERSON WHO IS THE sole head of a family, or any male over 18 years old, may homestead land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brothers, or sister of an intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, solely owned and occupied by him, or his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price $3.00 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price $33.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth $300.00.

NOTICE TO CONTRACTORS.

Tenders For Machinery, Belting, Shafting, Cranes, Air Compressors, Etc.

SEALED TENDERS, addressed to the undersigned, and marked on the envelope "Tender for Machines and Tools," "Tender for Leather Belting," etc., etc., as the case may be, will be received at the office of the Commissioners of the Transcontinental Railway, at Ottawa, Ontario, until 12 o'clock noon of the 12th day of April, 1910, for:

(1) Machines and tools;
(2) Leather belting;
(3) Shafting, hangers, steel frame work, etc.;
(4) Miscellaneous equipment, industrial track and lockers;
(5) Motors;
(6) Furnaces and forges;
(7) Cranes;
(8) Air compressors;
(9) Grey iron foundry equipment and brass foundry equipment;

required for the equipment of the locomotive and other shops of the Commissioners of the Transcontinental Railway at Springfield, east of Winnipeg, Manitoba.

Tenders will be received and considered for any or all of the items indicated above and numbered from 1 to 9, both inclusive.

Plans and specifications may be seen in the office of the Chief Engineer of the Commissioners at Ottawa, Mr. Gordon Grant, and in the office of the District Engineer of the Commissioners at St. Boniface, Man. Mr. S. R. Poulin.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied by the Commissioners, which may be had on application to the Chief Engineer at Ottawa, or to the District Engineer at St. Boniface, Man.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada, payable to the order of the Commissioners of the Transcontinental Railway for a sum equal to ten per cent. (10 per cent.) of the amount of the tender.

Any person whose tender is accepted shall within ten days after the acceptance thereof sign the contract, specifications and other documents required to be signed, and in any case of refusal or failure on the part of the party whose tender is accepted to complete and execute the contract with the Commissioners, the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure, and all contract rights acquired by the acceptance of the tender shall be forfeited.

The cheques deposited by parties whose tenders are accepted will be deposited to the credit of the Receiver General of Canada as security for the due and faithful performance of the contract according to its terms.

The cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

The right is reserved to reject any or all tenders.

By order,
P. E. RYAN,
Secretary, The Commissioners of The Transcontinental Railway.
Ottawa, 2nd March, 1910.

Newspapers inserting this advertisement without authority from the Commissioners will not be paid for it.

Initial stationery is the correct thing to use. See the line we sell—25 sheets and twenty-five envelopes to match for 25 cents. Times Bookstore.

The Cavan Ghost

Mr. Fred Johnston relates story search for Cavan ghost.

"We decided all three to go in and search the pen, which we did. We looked in every hole and corner with the lantern and saw nothing. There is a small door in the north-east corner of the calf pen leading to the pig pen but this was fastened. The only other opening through which a person could escape was the one through which we have seen the apparition, a hole about four feet square. We were right at this opening all the time until we went in to search the pen. We saw nothing further that night.

A GLOOMY VIGIL.

"The next night I milked the cows with the lantern near me, and while I milked I looked into the pen several times but saw nothing. When I had finished we decided to stay in the barn a while to see whether any thing would happen, so Bill (Fred's eldest brother), and Charley and I sat down in the horse stable and waited.

"After we had been there about

Continued on page two.

A GOOD REPORT.

Ninth Annual Statement of the Nova Scotia Steel and Coal Co., Ltd.

Elsewhere in to-day's issue will be found the ninth annual statement of the Nova Scotia Steel and Coal Company, Limited. The profits of the year amount to $907,949, as compared with $734,701 for 1908. This is very satisfactory, in view of the depressed condition of business during a greater portion of the year. The balance of business for the year shows a substantial increase over the previous period.

The finances of the company are now in splendid shape, the reorganization authorized by the shareholders, having been carried out. A new issue of $6,000,000 five per cent. first mortgage bonds and an issue of $1,000,000 six per cent. debenture stocks were made. $3,500,000 of the bonds and $1,000,000 six per cent. debenture stock were sold in Canada and the two former issues of six per cent. bonds were paid off and cancelled. The balance of $2,500,000 of the bonds remain in the treasury. The usual dividends were paid. The directors and management are to be congratulated on the result of the year's operations.

A failing tiny nerve—no larger than the finest silken thread—takes from the Heart its impulse, its power, its regularity. The stomach also has its hidden, or inside nerve. It was Dr. Shoop who first told us it was wrong to drug a weak or failing Stomach, Heart or Kidneys. His prescription—Dr. Shoop's Restorative—is directed straight for the cause of these ailments—these weak and faltering inside nerves. This, no doubt clearly explains why the Restorative has of late grown so rapidly in popularity. Druggists say that those who test the Restorative even for a few days soon become convinced of its wonderful merit. Anyway don't drug the organ. Treating the cause of sickness is the only sensible and successful way. Sold by all dealers.

IF SICK--WHY PAY

Unless Health First Returns.

Here is what should and can be done:

Now you would not willingly pay the food that was worthless and vain?

Then why pay for medicine until that much-dose first proves to you its actual worth?

Positively knowing what Dr. Shoop's Restorative can do for the sick, I say to all such: "Don't pay unless health first returns." And I am so confident of this that I will gladly send a full-size bottle to any sufferer who writes me a request and enclosed 25 cents (stamps will do) to pay postage.

I positively pledge to the sick everywhere that "Dr. Shoop's Restorative is not to be found in the drug stores, let others do the same as they have been doing—take their prescriptions up.

You need more strength, more vitality, more energy, more vim, one way to obtain it is to find out the cause of your present lack of it.

When the Stomach, Heart, or Kidneys are failing, then and then only will you find that the Stomach nor organ is to blame. Dr. Shoop's Restorative is made to reach just that trouble and no other. That is why it is so successful in such cases. The books below will tell you how I am correct in this.

These books also tell of a new kidney remedy, no larger than a grain of wheat, that will show that nerve, until it fails, entirely at the Heart its power, its tone, its normal action or impulse.

These books will come to you by mail free. Address Dr. Shoop, Box 5, Racine, Wis. Write them to-day. Don't delay. Don't suffer another day when you can so easily find out how to get well. Don't drug the stomach, and Kidneys each have their own separate and distinct nerves. They fail you through their own nerves. They fail you through their own nerves only. Hence to restore any of these you must restore the nerve. All other drugging is folly. That is why I say "Take no chances on a medicine whose maker dare not brand it just as I do by this remarkable offer."

So write me to-day for the coupon.

I have appointed druggists in nearly every community to handle my Restorative on this plan. If there is no druggist in your town, write me and I will tell you who can supply you. But write me first for the coupon.

All druggists sell Dr. Shoop's Restorative, but all are not authorized to give the 30 day test. So drop me a line please and then avoid disappointment and delay. Tell me what kind of book you need.

A postal will do.

Besides, you are free to consult me as you would your home physician. My advice and the book belong to you, and cost you nothing.

Perhaps a word or two from me will clear up some serious ailment. I have [illegible] upon thousands by my [illegible] personal advice. My [illegible] worth your while to write me. Tell me how you have been ailing, and I will tell you frankly what I think. Address Dr. Shoop, Box 12, Racine, Wis.

PORCUPINE.

SALE OF LOTS IN TOWNSITE.

Sealed tenders will be received by the undersigned up to Wednesday, 16th March, 1910, at one o'clock, p.m., for the purchase of all the lots in the town plot of Porcupine, situated in the south half of lot nine, in the fourth concession of the township of Whitney, at the eastern end of Porcupine Lake, as shown by plan of survey by Mr. E. D. Bolton, O.L.S.

Tenderers are asked to state how much they are prepared to pay for each lot and must accompany their tenders with a marked cheque in favor of the Provincial Treasurer, for half the amount which shall be supplied as the first instalment. Successful tenderers will be required to pay the balance within two months.

The highest or any tender not necessarily accepted.

Tenders to be marked "Tenders for lots in town plot of Porcupine," and to be addressed to the Honorable the Minister of Lands, Forests and Mines.

Plans of townsite may be had on application to the Department and to the office of the Mining Recorder at the following places: Porcupine, Haileybury, Cobalt, Sudbury, Elk Lake, Gowganda, Sault Ste. Marie, Parry Sound.

F. COCHRANE,
Minister of Lands, Forests & Mines.

NOTICE

TAKE NOTICE that the Municipal Council of the Corporation of the City of Peterborough, intends after one month after the last publication of this notice, to undertake the construction of granolithic sidewalks on the following streets or parts of streets in the City of Peterborough, as local improvements, under Section 678 of the Consolidate Municipal Act, 1903, and the other provisions of the said Act, and the By-laws of the City relating to local improvements and applicable thereto:

Aylmer street, east side, from the Grand Trunk Railway to Smith street.

Concession street, west side, from Hunter street to St. Luke's avenue.

Caddy street, south side, from Concession street to Centre street.

Crescent street, south side, from Romaine street to Haggart street.

Douro street, south side, from Driscoll street to Rogers street.

Dublin street, north side, from Bethune street to Rubidge street.

Dublin street, south side, from Reid street half way to Downie st.

Edinburgh street, north side, from Stewart street to Bethune street.

Gilchrist street, west side, from McDonnell street to London street.

Hazlitt street, south side, from Concession street to Rogers street.

Lake street, south side, from the Grand Trunk Railway to Park street.

Louis street, west side, from Charlotte street to King street.

Lafayette street, east and west sides, from Albert street to Chamberlen street.

Mark street, east side, from Sophia street to Maria street.

Mark street, west side, from Maria street to the lake front.

Mark street, west side, from James street to 33 feet north of James street.

Maria street, north side, from Mark street to the Grand Trunk Railway right of way.

McDonnell street, south side, from George street to Water street.

McDonnell street, south side, from Park street to Cross street.

Manning avenue, north side, from Benson avenue to Aylmer street.

Park and Gilchrist streets, east side, from Brock street to the creek.

Park street, west side, from McDonnell street to Smith street.

Park street, east side, from Westcott street to Romaine street.

Rogers street, west side, from Hunter street to Douro street.

Rubidge street, east side, from London street, to Edinburgh street.

Romaine street, north side, from Park street to George street.

Smith street, north side, from Bethune street to Reid street.

Smith street, south side, from Harvey street to the River.

Smith street, north side, from George street to Benson street.

Stewart street, west side, from Edinburgh street to Reid street at Victoria avenue.

Stewart street, east and west sides from Perry street to Park street.

Park street, west side, from Parnell street to Lake street.

Dublin street, south side, from the eastern limit of lot 17 west of George street to Reid street.

And to assess the final cost thereof, less the cost of that part of the work which is incurred in respect of street inter-sections, and opposite exempted properties, and less forty per cent. of the remaining cost of the work, to be provided by the Municipality, under Section 678 of the Consolidated Municipal Act, 1903, upon the properties abutting thereon and to be benefitted thereby, and the number of annual special assessments therefor will be twenty.

Persons desiring to petition the said Council against undertaking any of the said proposed works must do so on or before the 29th day of April, 1910.

Dated the 12th day of March, 1910.

S. R. ARMSTRONG,
City Clerk.

NEWS OF THE CITY

To Rent.

The premises on George street, number 452, to rent. For full particulars apply at The Times Bookstore.

Canadian Pacific.

Parlor Car Notice: Commencing on Monday, March 7th, parlor car will be attached to local trains leaving Peterborough at 7.55 a.m., and Toronto at 5 p.m. Seats in this splendid car only 25 cents extra. Seats reserved at city office.

Did Not Appear.

Thomas Newhall of Norwood, failed to appear at the police court yesterday. He was charged with peddling without a license, and a warrant was made out for his arrest. He was in this city last week, and one of his sales was a lady's gold watch, which he sold for $2.

Have you a pain—of any kind, anywhere? Stop just a minute and think It matters not whether it be womanly pains, head pains, or any kind of a pain, one of Dr. Shoop's little Pink Pain Tablets will surely stop it in 20 minutes. Formula plainly printed on the 25c. box. Sold by all dealers.

Annual Meeting.

The Womanis Auxiliary of St. John's church, will hold an annual meeting this afternoon at three o'clock, and it is hoped that every member will attend. The meeting was postponed last week on account of illness.

Money for Children's Aid.

The Children's Aid Society beg to acknowledge receipt of the following amounts:—Y.P.S.C.E. of Keene Presbyterian church, $5; Friend, $3; Peterborough Orangemen, $10; Peterborough Lodge, A.F. & A.M., $5.

Nothing in the way of a Cough is quite so annoying as a tickling, teasing, wheezing, bronchial Cough. The quickest relief comes perhaps from a prescription known to Druggists everywhere as Dr. Shoop's Cough Remedy. And besides, it is so thoroughly harmless that mothers give it with perfect safety even to the youngest babes. The tender leaves of a simple mountain shrub, give to Dr. Shoop's Cough Remedy its remarkable curative effect. A few days' test will tell. Sold by all dealers.

Local Option Corruption.

Up to the present there have been no statutory provisions, to punish corruption in local option votes, such contests having been conducted under the same law applicable to votes on municipal bylaws other than money bylaws. A new bill before the legislature makes applicable to local option votes the provisions and penalties attached to corrupt acts committed in connected with votes on money bylaws.

SOCIETY

The Times will be pleased to receive notices of Weddings, Social Events, Personal Announcements, which will be published in this column free of charge.

Mrs. F. S. Schneider is in Toronto and will not receive this week.

Mr. Harry Theobald of the Examiner staff, left yesterday for Toronto where he has accepted a position on the reportorial staff of the News.

Mr. and Mrs. L. Ashley of North Dakota, are visiting Mr. Ashley's brother, Mr. Wm. Ashley, Mark Stf, fifth ward.

Mrs. F. Whatley has removed from Oshawa to this city and has taken up residence at 267 Charlotte St. Mrs. Whatley will be at home to her friends on Wednesday afternoon of this week and next.

Mrs. C. H. Sawle will receive at her home, 573 Gilmour street, on Tuesay afternoon (Today), for the last time before leaving for her new home in the West.

At the annual meeting of the Engineering Society, of the University of Toronto, held on Friday last, Mr. Ross L. Dobbin, son of Mr. F. H. Dobbin of the Review, was elected first vice president for the ensuing year.

Mrs. R. A. Dutton, who recently retired from the superintendency of the Mission Band of St. John's church, was presented with a handsome framed photograph of the church. Mrs. Dutton was a faithful superintendent and her resignation from the head of the organization is much regretted.

DIED.

BROWN—At 162 Smith street, Peterborough, 14th March, Mary Embury Patterson, beloved wife of J. Coyle Brown, ex Public school inspector, in the 75th year of her age. Funeral to Norwood, Wednesday noon.

Little Local Lines

Considerable grain is being brought town.

Crows are now quite plentiful in the tall trees in our parks.

A pane of glass was broken Saturday night in Mr. B. Shortly's store, George street.

Mr. T. W. Robinson has sold out his store on Juniper Island, Stony Lake.

Judge Huycke presided at Division Court at Havelock yesterday. Messrs J. H. Burnham and F. D. Kerr are in attendance.

Mr. Thos. Connally of Lindsay, spent the day in the city, the guest of Mr. John Kylie, the well known boot and shoe merchant, Hunter street. Mr. Connally resided in Peterborough about 35 years ago.

"SICK MAN'S FRIEND."

That's the Name Given by Thousands to the Old Family Standby, "Nerviline."

No better known or more popular family remedy has ever been compounded than "Nerviline." During the past half century its success has been phenomenal—due to the fact that it always cures.

"No one could get me to go to bed at night unless I was sure we had Nerviline in the house," writes Mrs. R. R. Weightman, of Bolton P.O. "Six years ago my husband was taken badly with rheumatism, which affected his right arm and shoulder. It was so sore and stiff as to be almost helpless for four years. I read of the cure of James E. Everett, and felt sure that when Nerviline cured a case like his, it would cure my husband. I got a dollar's worth of Nerviline, five bottles, in Buffalo, and am pleased to write you that the fourth bottle cured. We have since used Nerviline for Lumbago, Neuralgia, Colds, Chest Tightness and other minor ailments in the family, and found 'Nerviline' to be the 'Sick Man's Friend.'

CURED 4 YEARS RHEUMATISM

No other remedy is so useful in the home, so universally employed to alleviate pain and curing the sick. Refuse anything offered you instead of Nerviline, which is sold: Large 25c. bottles or five for $1.00. By all dealers, or the Catarrhozone Company, Kingston, Ont.

VOL. XXXIII NO. 60 PETERBOROUGH, ONTARIO, WEDNESDAY MARCH 16 1910 PRICE TWO CENTS

Geo. A. Gillespie Re-Elected President Board of Trade

Annual Meeting Last Night—Board May Raise Between $2,000 and $3,000 for an Industrial Commissioner

The Board of Trade met in annual session last night in the council chamber.

There were present: President Geo. A. Gillespie, Mayor Morrow, Messrs. F. H. Dobbin, Watson Griffin, editor of the Review; W. S. Dodds, W. H. Rudkins, J. H. Larmouth, W. H. Moore, Jas. Edgar, Robert Fair, D. O'Connell, R. F. McWilliams, T. F. Matthews, Ald. J. J. Turner, Frank Adams, R. N. Ruddy, Ald. Duffus, T. Barrie, E. F. Mason.

The meeting was called to order at 8.30.

Secretary T. Q. Quartermaine read the minutes of the last annual meeting which were confirmed.

RY. CROSSING PROTECTION.

A copy of a resolution re avoiding accidents at rural railway crossings was received from the Guelph Board of Trade. The resolution advocated petitioning the local legislature to enact a law to compel all people riding in conveyances to stop at a level crossing and examine if the track is clear for them to pass or not. Also to compel each municipality to erect signs within at least 100 feet of such crossing.

This matter was laid on the table for the present, it being plainly conceded that it is too late for the legislature to take up this question this session.

VOTE OF THANKS.

A vote of thanks was tendered Mayor Rush and the council of 1909, for the use of the council chamber in which to hold meetings last term.

AUDITORS.

Messrs. Crane and Wainwright were appointed auditors.

RETIRING PRESIDENT.

President Gillespie submitted the following:

Gentlemen,—In presenting you my annual report for the season of 1909, I wish to thank most sincerely the officers and members for their hearty co-operation during the time I have had the honor of being your president and I heartily congratulate the Board on their good work in propogating the commercial and general welfare of Peterborough.

I note with pleasure the growing interest taken in the meetings which were well attended, and the subjects every one of which were on large questions, relating to the welfare of our city, well discussed.

As the secretary has reported the board held eight meetings, and the questions discussed were:

1—Water Works Dam.
2—Power Question
3—Purity Ware Bylaw.
4—Reduction Freight Rates on Coal.
5—Smith Street Bridge.
6—Better Advertising the City.
7—Conserving the Waters in Trent Canal.
8—Our Vanishing Forests.

With the results that bylaws have been enacted in accordance with the Board of Trade resolutions on the Water Works Dam, Purity Ware and Smith street bridge, and that in reference to the better advertising of the city, the City Council has voted $2000, on condition that the Board of Trade raises a like amount. This question comes before you tonight.

In trade and commerce Peterborough has passed through a very successful year, despite the fact that in the early part of the season, business was, in other communities, at a standstill. The winter passed over being one of the best in the history of Peterborough. Work being plentiful there was practically no poverty.

One of the drawbacks in this city, in times passed, has been the lack of cheaper houses for the working class and though building operations increased 44 per cent. over that of 1908, this fault is not yet remedied, and I trust that landowners in the city of Peterborough will, this coming season, see their way clear to build houses at such rental that will make it possible to reduce the price of living to the mechanic and laborer.

As evidence of the extension of the city during the year 1909, I may state that the Board of Works have built 6365 feet of sewers and six miles of cement walks. The city has now in use twenty-five miles of sewers and 46½ miles of cement walks. The Water Commissioners have laid over three miles of water mains and placed 322 services to houses. They have now 33½ miles of mains in use. The new water works dam is almost finished and we hope to have power developed before the year is out.

In bringing my presidential year to a close, I would urge every member to do his best to keep up the traditions and standards of usefulness set us by our predecessors, by inducing every one who believes in Peterborough, to become members, by threshing out questions and by working up reforms that effect the city. In this way the Board of Trade will be a force to conjure with and be really effective. In this way our suggestions will have the greatest weight with the City Council in their making of bylaws touching the commercial interest of the city.

There is now coming over Canada a new era of prosperity. New capital is coming in and new industries are starting up everywhere, and surely with her splendid water powers and railway facilities Peterborough should boom up in the horizon and so have a share in the general success.

Such is my wish and confidence in the future of this city, and in the prosperity of the Board of Trade, which has been evident in the past, and which I know will be in the future.

Yours Respectfully,
G. A. GILLESPIE.

The above was received with pronounced approval.

SECRETARY'S REPORT.

Mr. T. Q. Quartermaine submitted the following:

To the President and Members of the Peterborough Board of Trade:

Gentlemen, I have the honor of presenting to you as secretary, the 21st annual report of this board.

This past year we have held eight meetings, viz.:—9th March, 16th May, 25th May, 20th July, 9th November, 16th November, 30th November, and 14th December, 1909. We have also held several committee meetings.

The following subjects have been discussed at these meetings:— The Water Works Dam, The Power Question, Purity Ware Bylaw, Reduction of Freight Rates on Coal, Smith Street Bridge, To Formulate a Plan for Better Advertising the City With a View of Securing More Manufacturing Industries, Appropriation for Conservation of Trent Canal Waters to Our North, Our Vanishing Forests, and Municipal Matters and Bylaws.

The average attendance was 29 members as against 14 members last year, showing an increase of five members on the average of each meeting.

The thanks of the Board of Trade are due to ex-Mayor Rush, His Worship Mayor Morrow and the members of the Board of Aldermen for the use of the City Council chamber during the past year.

Respectfully Submitted.
T. Q. QUARTERMAINE,
Secretary.

The above report was adopted as read.

TREASURER'S REPORT.

Treasurer P. Campbell's report showed the receipts for last year to have been $419.85, the expenditures $191.94, leaving a balance on hand of of $227.91.—Adopted.

INDUSTRIAL COMMISSIONER.

Mr. D. O'Connell reported the progress the Board of Trade's committee has made in the matter of raising by subscription $2,000 toward the cost of an industrial commissioner.

The city has voted $2,000 on condition that the Board of Trade succeeds in raising a like amount. Mr. O'Connell was very optimistic as to the ultimate result of the committee's efforts. The heads of a large number of important industries have been seen, and a great number have received the proposal with enthusiasm and promised substantial subscriptions. He opined that prospects were exceedingly bright for raising between $2,000 and $3,000. Today a campaign among individual manufacturers and merchants is to be begun. But if this project is to be brought to a successful issue and the city to derive benefit therefrom the committee must receive co-operation and financial support from the Board of Trade members themselves. In two weeks Mr. O'Connell said he hoped to report that the council's appropriation had been supplemented by between $2000 and $3,000, in the way of private subscriptions which would make a sum of between $4,000 and $5000 for the maintenance of an industrial commissioner.

OFFICERS ELECTED.

President—Geo. A. Gillespie, re-elected.

Vice-President—W. H. Bradburn, re-elected.

Treasurer — Peter Campbell, re-elected.

Secretary—T. F. Quartermaine, re-elected.

Mr. Gillespie wanted to retire, but the Board would not have it that way. Mr. Dan O'Connell in seconding his nomination remarked that Mr. Gillespie had infused a highly commendable spirit of progress into the Board of Trade and his splendid work last year clearly demonstrated that it was in the board's interests that he be re-elected. (Applause.)

Mr. Gillespie accepted the office for a second term in a few fitting words of thanks for the honor conferred upon him and his colleagues' appreciation of his efforts.

STANDING COMMITTEES.

Messrs. O'Connell, Larmouth and F. H. Dobbin were named a committee to strike the standing committees and council of the board.

The committee in charge of the industrial commissioner proposition was retained in office for the ensuing year.

A Big Settlement Proposition

160 Acre Farms and Buildings Given to Settlers By the Canadian Pacific Railway

Sir Thomas Shaughnessy
President of the Canadian Pacific Railway.

Sir Thomas Shaughnessy Tells of Unique Opportunity for British Emigrants

This Year to Beat All Records---The West a Wonderful Country

London, March 16.—When Sir Thomas Shaughnessy arrived from Paris some time ago he gave to the Imperial Review particulars of the new scheme whereby the British emigrant shall be housed, equipped with a ready-made home farm, barns, etc., and by the payment of eighty pounds rental annually, extending over a lease of ten years, become the possessor of a freehold farm, farm-house outbuildings, and one hundred and sixty acres of the richest land in the world.

This man of forethought and energy, whose portrait appears in this issue, revealed himself as thoughtful in the little things of life as he does in the larger things which appertain to the nation. With a few words of welcome he put us at ease, then courteously unfolded the scheme.

"It is this," he said. "We shall provide farms in the wheat-belt of 160 acres, and in the irrigated belt of Southern Alberta of smaller area, since the closer culture a man gives his land the less in area he requires. We shall fence, plough and sow part of the land, put up houses and barns, and when the suitable man arrives we shall require of him to develop the situation on a ready-made farm—thus valuable time shall be saved and the farmer will start out with a surplus of energy. He may come with only £100 in his pocket. He will get the equivalent of £800 just at once, and have ten years to repay the loan. Meanwhile by his labor he shall accumulate capital as well as pay off the debt, and at the end of the term he shall be possessor of the farm."

"Failure?" querried Sir Thomas Shaughnessy. "With personal application and industry and the small amount of capital I have named the settler is sure of success in Canada.

"Undoubtedly the great need of the country just now is the labor of reliable men. Canada possesses untold wealth in all branches and departments of industry. What it needs is man-power to exploit its wealth. Its record this year shows pretty clearly the sources of its wealth. We are doing our best to supply the need.

"With a sufficient supply of labor Canada is certainly the richest field in the British Empire.

"We must have men, and we are making it possible for large numbers of suitable men to come to the conviction that they must have Canada.

"Pluck and industry, these are the principal assets of the emigrant to Canada to-day. If the British emigrant would have his share of the the prizes he must exercise these assets.

"We are taking our share of the preparation for the British settler because we want him to get his share of our possession. Britain has helped us in the past, why should we not help her people to get their share? We can do it, and we mean to do it. The land is there waiting for the sons of the Mother Country to claim it. And Canada wants the British to people her land.

"If in England there are 35,000 applications for less than a twentieth of this number of small holdings, it would be well if they would turn their eyes westwards, where they can settle down on the best land for farming in the world."

Asked about the forecast of the boom in Canada, the President of the Canadian Pacific Railway replied: "Yes, great as the year 1909 has been we expect to beat all records in 1910. Everything points that way."

While he escorted us to the door he spoke in high praise of the facilities and improvements in Atlantic travelling, suggesting a further development in the shipping line.

Sir Thomas Shaughnessy's opinions on the Naval Defence scheme were given spontaneously. His idea is that the Mother Country should build a couple of Dreadnoughts at the Dominion's expense. Canada could then lease them to Britain and thus get over the vexed point of public money going without representation.

"In any case, Canada is ready to accept her responsibility regarding Naval Defence, whether it take the form of a Dominion navy or the more Imperial idea of tribute to the Mother Country."

Thinks Taft will Hesitate Before Starting Ruinous Tariff War

Ottawa, March 15.—There is no statement coming from the government today as to what course will be pursued in view of the somewhat hostile despatches in reference to the tariff coming from Washington.

Hon. W. S. Fielding, minister of finance, who has been reading the House all night, and is still at his post today, has not had time to give consideration to the Washington despatches.

There is little reason here, however to believe that Canada will be frightened by the display of the big stick at Washington.

There is a decided disposition to believe that although Uncle Sam is showing his teeth he is not really in earnest, and that in the end President Taft will hesitate to precipitate a tariff war which would disturn trade relations between Canada and the United States for a long time, and force Canada into closer trade relations with Great Britain to the disadvantage of the United States.

WOULD WELCOME TARIFF WAR.

Montreal, March 15.—Lumber interests here largely favor the idea of a probable prohibition of pulpwood exports to the United States. "Let the Quebec government do as Ontario has done, and the Americans will be forced to come here and build their mills for manufacture, they declare. The maximum tariff, if imposed by the United States, might have a depressing effect at first, but would work for the ultimate good of Canada they maintain.

Fish exporters smile at the idea of the imposition of the maximum tariff. The United States must have the fish despite the tariff barriers, they say.

MUST MAKE CONCESSIONS.

Washington, March 15.—The possibility of a bitter tariff war between Canada and the United States grew to alarming proportions at today's regular cabinet meeting.

President Taft laid before the Cabinet the critical situation which confronts the two countries in the negotiations now on to decide whether the maximum provision of the Payne tariff law shall be applied to Canada after March 31. No conclusion was reached, and the matter was left in the hands of President Taft, who, with Senator Aldrich and the Tariff Board, is conducting the United States' end of the negotiations.

A number of conferences on the subject have satisfied the President that under present conditions Canada is discriminating against American exporters, and she must grant some concessions if she would avoid the imposition of the 25 per cent. ad valorem duty on the entire dutiable list which would follow the operation of the maximum clause.

The impression is gaining ground that Canada is not over-anxious to avoid a tariff war, which would be disastrous to American exporters

Do you know that croup can be prevented? Give Chamberlain's Coug prevented. Give Chamberlain's Cough Remedy as soon as the child becomes hoarse, or even after the croupy cough appears and it will prevent the attack. It is also a certain cure for croup and has never been known to fail. Sold by all dealers.

Rutherford Moves for Commission to Investigate Railway Deal

Edmonton, Alta., March 15.— The Government is still in the saddle and may hold on for some time, though the majority in the House is now down to three.

Premier Rutherford yesterday introduced a resolution that a Royal Commission investigate if any officer of the government or member of the legislature was financially interested in the Alberta and Great Waterways bargain, or in the sale of bonds. It is thought the government will try to rush business and adjourn. It is probable that the House will stand for this as the report of the commission would then be available for a year. There is danger in delay, too as the company would begin work in the spring, and thus establish a claim on the proceeds of the bonds and further complicate the situation.

It was rumored yesterday the speaker would resign. He would then be free to vote with the opposition, and the government forces would be weakened by a new appointee.

A failing tiny nerve —no larger than the finest silken thread—takes from the Heart its impulse, its power, its regularity. The Stomach also has its hidden or inside nerve. It was Dr. Shoop who first told us it was wrong to drug a weak or failing Stomach, Heart or Kidneys. His prescription — Dr. Shoop's Restorative—is directed straight for the cause of these ailments—these weak and faltering inside nerves. This, no doubt clearly explains why the Restorative has of late grown so rapidly in popularity. Druggists say that those who test the Restorative even for a few days soon become convinced of its wonderful merit. Anyway don't drug the organ. Treating the cause of sickness is the only sensible and successful way. Sold by all dealers.

THE LATE MRS. T. G. CHOATE.

On Monday evening there passed away at the residence of her son, Mr. T. G. Choate, Woodville, a lady well know in Peterborough city and county, in the person of Mrs. Choate widow of the late T. G. Choate, J. P., for many years reeve of Dummer and a former resident of this city. The deceased lady was 77 years of age, and was greatly esteemed by her acquaintances, and greatly beloved by her many friends. She was born in Dummer, her maiden name being Christena Kidd. She is survived by two sons, Thos G., of Woodville, and A. P., of Toronto, and two daughters, Mrs. (Rev.) Mer. Knight, of Scinto, Man., and Mrs. W. K. Payne of Peterborough. Two sisters also survive, Mrs. George Forsythe of this city, and Mrs. Moore, of Manitoba.

The funeral will take place today on the arrival of the C.P.R. train at 11.45 a.m. from the station to Warsaw cemetery, where interment will take place. The service will be conducted by Rev. Dr. Marvin, Methodist minister at Warsaw.

Mr. W. H. Moore on Power By-Law and Public Utilities

Says Power House Would Net a Surplus of $5,000 or $6,000 a Year—Mr. T. F. Matthews Urges the Need of a Filteration System

"I believe it would be the better policy to foster what manufactories we have than to spend thousands of dollars in running after new ones."—T. F. Matthews.

Apart from the election of officers at the Board of Trade's annual meeting last night the power bylaw to be voted on on April 19th was the question of the evening.

Mr. W. H. Moore, senior Water Commissioner, opened the question in an exceedingly able address, which rivetted the attention of all present. He enumerated the public utilities of any city like Peterborough as follows:

1. Streets and bridges.
2. Water for domestic use and fire protection.
3. Sewers.
4. Police protection.
5. Gas for domestic use.
6. Power for public and factory use.
7. Public lighting.
8. Telephones.
9. Street Railways.
10. Disposal of sewage.

After reviewing Peterborough's salubrious atmosphere on account of its healthy location, its advantages from being built at the head of navigation and at the foot of a strong water fall from Lakefield, the speaker handled his first public utility of streets and bridges without gloves. After seeing the roadways of western cities he said he returned ashamed of Peterborough's streets. We have no pavement, but merely macadam roads that are far from being satisfactory. If any department of the City Council needs a commission to handle it, the Board of Works should be under such government. No committee of aldermen can be qualified as entirely independent. He then went on to enumerate glaring blunders of past councils, which had done very foolish things. For instance the Romaine street sewer, and the Farmers' sewer on Downie street where no water supply is available and probably never will be. Then he complained that the council does not appoint properly qualified superintendents over sewer construction, and contended that the records of past Boards of Works only go to show the need of a commission with full control over street and bridge matters.

Turning to the utility, "Water for domestic use and fire protection," Mr. Moore explair that the water works system cost the city $240,000 to acquire. The rates are now 40 per cent. lower than when the city was under private control, and had a new dam, at a cost of $120,000 not been imperative the rates would have been 50 per cent. lower.

All this had been accomplished without increased assessment in any way, and the surplus revenue is sufficent to meet expenses. He believed our water to be excellent in quality, and no one need fear to drink it.

Mr. Moore next turned his attention to the city's power house scheme, which he contended to be a move in the right direction. All the agaibs in the press in opposition to the bylaw are written by people who oppose any and all public measures for fear of making a mistake. It will take $70,000 to equip a perfect power system, and to provide for the repayment of this a sinking fund of $5000 a year would be needed. There are 116,000 cubit feet of water flowing down our river every minute at the present time, and this would produce 1700 horse power, nett. Reserving 600 horse power for pumping purposes, in round numbers we would have 1000 h.p., for power supply. After paying all expenses, Mr. Moore estimated that, on a basis of $10 a h.p., the city should net $5,000 or $6,000 surplus revenue. He also strongly emphasized the fact that the dam is not being paid for by excessive water rates, and that when the debentures are met in 20 or 25 years from now it will be the property of all citizens alike.

As to police protection the speaker pointed out that in all large British, American and Canadian cities, the police number one to each 500 inhabitants. In Peterborough we have one to every 3000 citizens, and it is up to the council to see that our commissioners give this matter their earnest attention.

We have a splendid fire protection department, asserted the speaker, with a good head and a capable staff They are doing good work, as evidenced in the considerably reduced insurance rates.

In public lighting the city is paying $50 a lamp per year, and it is a question for the council to consider whether it would be profitable to undertake municipal lighting or not. Local telephones Mr. Moore barely touched upon, and admitted that municipal ownership of the street railway was past consideration, the present company enjoying a 25 years charter. Sewage disposal arrangements will have to come in time.

T. F. MATTHEWS

Followed Mr. Moore. He knew of no town in which the streets are better taken care of than in Peterborough. 'Tis true we have no paved roads, but we must remember that where such are in evidence in Western towns their construction was imperative by reason of sandy soil. Such conditions do not prevail in this city He agreed with his fellow commissioner that our water is safe to drink, but contended that should a few cases of typhoid fever break out in Lakefield, Peterborough would be in a precarious situation. At Lakefield much refuse is thrown out and when spring thaws arrive, it is carried with melted snow and ice into the river and thence on to us. The sooner Peterborough has a filtration system the better. Mr. Matthews then went on to say that any surplus from the development of a power system, should be applied to improvements, and after the water rates are brought down to a fair basis all surplus revenue should be turned over to the city for the reduction of taxes. He contended that the power end should assume two-thirds the cost of the dam, and it is in this city's interests to develop power, the disposal of which is a matter for council's consideration. In conclusion, he believed the better policy would be for us to foster what manufactories we have here now rather than to spend thousands of dollars running after new industries.

DAN O'CONNELL.

Remarked that all reports submitted should be turned into practical application by the board. Two of such presented tonight can be dealt with in that way. Mr. Matthew's reference to Peterborough's situation should typhoid fever break out in Lakefield should be acted upon. Then the power scheme as dealt with by Mr. Moore must be taken into consideration. If, after expenses, power costs us $7 per h.p. to develop are we to sell it at that figure. If manufacturers are to be induced to come here, we must have more and cheaper power available, or bring it in from elsewhere. Therefore, in considering the cost of developing our own power, we must take into consideration the cost of bringing it here from outside places. Some say we could develop our power at $10, $11 or $12, but we must consider what it is worth to a manufacturer The value of power lies in what one can pay for it and make a profit. Mr. O'Connell in conclusion, agreed that if power is sold to manufacturers, two-thirds the cost of the water works dam should be met from the power house revenue. His suggestion that when the industrial commissioner is appointed the power question be taken up by him and reported upon, was approved off.

A hearty vote of thanks was tendered Mr. Moore for his very able address.

THE WEATHER.

Fair and a little milder.

If coffee tampers with your heart or nerves, suppose you break away for 10 days and see how much better you feel.

You can make the job easy and pleasant if you take on Postum in place of coffee.

Be sure to have it well boiled, according to directions on package to bring out the rich flavor and full food value.

The Canadian Poultry Farm Stock Co. Ltd.

(Charter Applied For).

CAPITAL $40,000.00

Divided into 4000 shares at $10.00 each, same being Common Stock.

Head Office and Farm—MONTREAL, QUE.

Incorporators: C. J. BELL, Manager. LOUIS P. RENE, A. W. SAGER

Room 53, Royal Trust Building.

The object of this Company is to operate a Poultry Stock Farm and to supply eggs, fowls, etc., etc., to the Montreal market. At the present time there is no such business being carried on in this part of the country, although in Western Canada and the United States many similar farms are being conducted with great success, and each and every one shows a handsome profit on the capital invested. By being the first to operate such a business in this part of Canada, where the output could be sold many times over, and with competent men to manage the farm, the success of the business is assured.

It is hoped to have the farm inoperation about the first of April, and we will gradually increase so as to meet the demand of the trade. The shareholders will have first option upon the output, which it is intended to deliver daily.

It is worthy of note that the freight charges paid to the different railway companies for transporting eggs, poultry, etc., into Montreal amount to thousands of dollars per year, as all eggs, poultry, etc., being shipped from all parts of Ontario and Quebec, together with shipments from other provinces, all to be consumed in the City of Montreal, and in nearly every case these shipments are controlled by the Wholesale Produce Merchants, and re-sold to Retail Dealers, then sold by the latter to the consumers; therefore, it is easily perceived that in this way four profits must be divided from the price the farmer sells at to the price the consumer pays for the above-mentioned articles.

At the present moment fresh eggs are very scarce; so-called fresh eggs are being sold to the consumer at from 50 cents to 63 cents per dozen. We do not expect to be able to overcome this great problem, but we do expect to be in a position to furnish the Shareholders in this Company and other Retail Dealers with fresh eggs daily. Taking into consideration the number of eggs that are consumed in Montreal every day, the placing of the output is a foregone conclusion.

In P. E. I. the average profit per hen for eggs a year is $2.00; in York Co., Ont., $2.75; in New Jersey, $3.00. It is expected that the average profit in Montreal will be $3.00.

It is understood we are to start this business in the right way. In the first place, only first-class fowl, such as hens, turkeys, geese, ducks, etc., will be purchased, and by purchasing a farm within the suburbs we will in a few years save the entire price paid for same by the saving of the enormous freight charges on eggs, etc., from an outside point.

ESTIMATE OF EXPENDITURES.

Farm property	$10,000 00
Hens, Turkeys, Geese and Ducks, etc. including feed, and grain for same	5,000 00
Incubators and Implements, etc.	3,000 00
Building, Outhouses, etc.	5,000 00
Unforeseen expenses	2,000 00
Total expenditure	$25,000 00

EXPENSES FOR ONE YEAR.

Manager's salary	$2,000 00
Wages for labor	2,000 00
Sundries, etc.	1,000 00
	$ 5,000 00
Reserve	$10,000 00

ESTIMATED PROFITS FOR FIRST YEAR.

2000 hens to commence will yield in eggs an average of $3.00 each	$6,000 00
Adding to our flock of egg producers within six months 10,000 hens, which will average profit by April, 1911, $1.50 each	15,000 00
Poultry for the market; 2,000 dozen of eggs will raise by incubators 18,000 chickens, which can be ready for the market in from seven to twelve weeks; sale price will easily average $1.10 per pair (this can be repeated during the year)	9,900 00
Turkeys, rough estimate	2,100 00
Ducks	3,000 00
Geese, etc.	4,000 00
Representing dollar for dollar profits	$40,000 00
Our debt for the second year will be reduced some	$20,000 00
Our profit for the second year will increase considerably. Rough estimate	15,000 00

COMPLETE THE FOLLOWING AND RETURN.

Montreal, Que.....1910

I do hereby subscribe for.....shares in the Canadian Poultry Farm Stock Company, at ten dollars per share.

All cheques to be made payable to The Canadian Poultry Farm Stock Company, C. J. Bell, Manager, in trust, and may be deposited in the Traders' Bank of Canada, Montreal.

Signed.....

To Subscribers:

The question has arisen that investors ask for assurances as to my ability and integrity. I beg to say I hold some of the highest recommendations in Canada as to my ability and character, among them is the Right Hon. Sir Wilfrid Laurier's best consideration. I can assure the subscribers of this Company that I will guarantee a dividend exceeding that of any other mercantile company in Canada. I will be satisfied with nothing but the best experienced help available.

WEDNESDAY, MARCH 16, 1910

THE BEEF TRUST.

A round dozen indictments against Beef Trust magnates, charging conspiracy in restraint of trade, is the result of the investigation into the increased cost in the necessaries of life which has been conducted in Jersey City, where the huge cold-storage plants which form New York's food reservoir, are located. A similar inquiry was inaugurated in New York proper. There is little fear that any suggestions as to subsequent action these two grand juries make will be pigeon-holed or sidetracked—so long, that is, as the public continue to watch the proceedings as intently as at present.

One of the striking features of the situation is that the price of meat continues to advance, as steadily and quite as rapidly, as it did before these inquiries were instituted. Right in the heat of the investigation, when it was a matter of common knowledge that the indictments were to be voted, the National Packing Company, which is the legal name of the corporation the public prefers to describe as the "Beef Trust," served notice on a flat increase of half a cent a pound on all beef carcasses, three cents on sheep, two cents on veal, and similar advances on other meat products. Just to show that the limit had not yet been reached, dealers were also informed that hams would cost them five cents a pound more after Easter than today. It was not explained what Easter had to do with it.

As a result of this state of affairs, and without assuming that the National Packing Company either is or is not responsible for it, a strong sentiment is being developed in the eastern and central sections of the United States in favor of reducing or abolishing at least temporarily, the tariff of one and a half cents a pound on beef. The argentine, it is pointed out, would thereby be made at once available as the source from which a regular and unfailing supply could be drawn. If the retailers would indicate. Western cattle growers would still be able to secure satisfactory prices for their cattle, and the expedient of keeping meat for a year in a cold storage warehouse in order to have a stock on hand against emergencies would cease to have any justification. Even the addition to the available beef supply which Canada could make under these conditions would be worth considering.

Have you a pain—of any kind, anywhere? Stop just a minute and think. It matters not whether it be womanly pains, head pains, or any kind of a pain, one of Dr. Shoop's little Pink Pain Tablets will surely stop it in 20 minutes. Formula plainly printed on the 25c. box. Sold by all dealers.

TREMENDOUS INCREASE IN BRITISH NAVAL EXPENDITURES.

The British naval estimates for the fiscal year 1910-11 are $203,018,500, or more than forty-one million pounds. In the five years from 1905 to 1909 the average was about thirty-three million pounds. The estimates in the budget for 1896-97 were less than twenty-three million pounds. The expenditures for the year ending March 31, 1894, were about fourteen million pounds.

These figures suggest a very interesting story if they do not tell it all. The estimates for 1910-11 are three times the expenditures for the year ending with March, 1894. The annual difference to the British ratepayer comes to more than $130,000,000. That sum in the present condition of the treasury is enormous. It has a most serious effect upon questions of taxation and social industrial reform.

And what is the increase for? It is charged to defense, but the defense of the British Empire should be even less difficult now than it was in 1894 because several great territorial disputes have been settled in the interval. This defense program can be explained only by the defense program of Germany and other nations. In a world that, according to their professions, must be without aggression they keep piling up the defenses. They are carrying a tremendous insurance when there is the slightest of chances that it will be needed.

It is a mad world sure enough when great nations can engage in such a contest. They are building ships for the junk pile, wasting money and energy that might far better be devoted to a more rational solution of this strange defense problem.

At the time of the announcement of the latest British estimates Chas. W. Fairbanks was entertained at a banquet in London, and it is reported that he referred to the preparations for war and expressed his regret that more strenuous efforts were not made to secure the peaceful arbitration of national differences. The opinion he holds is undoubtedly a common sense opinion, and it is becoming more widespread as the naval budgets jump by millions.

Are you frequently hoarse? Do you have that annoying tickling in your throat? Does your cough annoy you at night, and do you raise mucus in the morning? Do you want relief? If so, take Chamberlain's Cough Remedy and you will be pleased. Sold by all dealers.

SPECIALISTS

[illegible]

DRS. SOPER and WHITE
30 Toronto Street, Toronto, Ontario.

Mr. Fred Kidd was the guest of his uncle, Mr. J. H. Pallan, on Sunday.

Mr. William Fitzgerald says we are going to have some more weather, as he saw sundogs last week.

Mr. J. E. Devlin has shipped a car load of hogs from here and paid the handsome price of $9.75.

Mr. James Fitzgerald was the guest of Mr. William Sgefordson on Sunday last.

Nothing in the way of a cough is quite so annoying as a tickling, teasing, wheezing, bronchial cough. The quickest relief comes perhaps from a prescription known to Druggists everywhere as Dr. Shoop's Cough Remedy. And besides it is so thoroughly harmless that mothers give it with perfect safety even to the youngest babes. The tender leaves of a simple mountain shrub give to Dr. Shoop's Cough Remedy its remarkable curative effect. A few days' test will tell. Sold by all dealers.

SLOPEVILLE, DOURO.

Owing to the fine weather the farmers are preparing for the spring work.

Mr. P. G. Towns has predicted an early spring, as he saw a blue jay building her nest in the old apple tree, and on showing it to Patrick O'Brien, he said "It looks like spring to me."

Mr. M. McCann was badly frightened on Sunday night by a wild cat.

Mr. Edward Leahy trapped a large owl which had been taking his turkeys, and on showing it to Michael Gravey, he said it belonged to the Rocky Mountains and when it was plucked they had three bags of feathers.

Mr. Arthur Carveyth was seen going north with a turkey last week.

Mr. Maurice O'Brien has secured the services of Mr. B. Brambles for the summer.

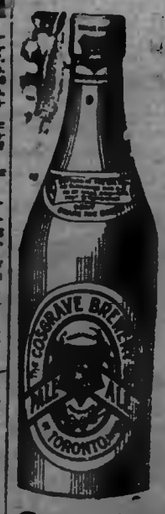
Mr. Edward Carlaw while out wheeling was severely hurt by his trouser leg catching in the chain. Mr. Carlaw says a man should always use a clip.

Mr. Daniel O'Brien has just returned from Africa with a carload of fishing poles.

Mr. Austin Allen is contemplating starting a sheep ranch and has secured the services of Mr. C. Kylie and William Condon as shepherds.

Fortify now against the grip—for it comes every season sure! Preventics—the little Candy Cold Cure Tablets—offer in this respect a most certain and dependable safeguard. Preventics, at the "sneeze stage" will, as well, also surely head off all common colds. But promptness is all important. Keep Preventics in the pocket or purse, for instant use. Box of 48 for 25c. Sold by all dealers.

Cosgrave's Beer



Words of praise have ever prevailed in advertising "copy." What a producer should want enthusiasm over his own wares is but human. But it's the praise of the consumer that counts—and it is to a discriminating and critical public that "Cosgrave's" relies upon.

It is safe to say that no product of any kind enjoys a more enviable reputation than does this same Cosgrave Beer of Toronto in markets where it is offered.

Its self-evident honesty of purpose, purity, brilliancy, body, and every other attribute that goes to make a perfect beer are ever in evidence.

Synopsis of Canadian Northwest Land Regulations.

ANY PERSON WHO IS THE sole head of a family, or any male over 18 years old, may homestead land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother, or sister of an intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, solely owned and occupied by him, or his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price $3.00 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price $3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth $300.00.

W. W. CORY,
Deputy of Minister of the Interior.

NOTICE TO CONTRACTORS.

Tenders For Machinery, Belting, Shafting, Cranes, Air Compressors, Etc.

SEALED TENDERS, addressed to the undersigned, and marked on the envelope "Tender for Machines and Tools," "Tender for Leather Belting," etc., etc., as the case may be, will be received at the office of the Commissioners of the Transcontinental Railway, at Ottawa, Ontario, until 12 o'clock noon of the 12th day of April, 1910, for:

(1) Machines and tools;
(2) Leather belting;
(3) Shafting, hangers, steel frame work, etc.;
(4) Miscellaneous equipment, industrial track and lockers;
(5) Motors;
(6) Furnaces and forges;
(7) Cranes;
(8) Air compressors;
(9) Grey iron foundry equipment and brass foundry equipment;

required for the equipment of the locomotive and other shops of the Commissioners of the Transcontinental Railway at Springfield, east of Winnipeg, Manitoba.

Tenders will be received and considered for any or all of the items indicated above and numbered from 1 to 9, both inclusive.

Plans and specifications may be seen in the office of the Chief Engineer of the Commissioners at Ottawa, Mr. Gordon Grant, and in the office of the District Engineer of the Commissioners at St. Boniface, Man. Mr. S. R. Poulin.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied by the Commissioners, which may be had on application to the Chief Engineer at Ottawa, or to the District Engineer at St. Boniface, Man.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada, payable to the order of the Commissioners of the Transcontinental Railway for a sum equal to ten per cent. (10 per cent.) of the amount of the tender.

Any person whose tender is accepted shall within ten days after the acceptance thereof sign the contract, specifications and other documents required to be signed, and in any case of refusal or failure on the part of the party whose tender is accepted to complete and execute the contract with the Commissioners, the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure, and all contract rights acquired by the acceptance of the tender shall be forfeited.

The cheques deposited by parties whose tenders are accepted will be deposited to the credit of the Receiver General of Canada as security for the due and faithful performance of the contract according to its terms.

The cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

The right is reserved to reject any or all tenders.

By order,
P. E. RYAN,
Secretary. The Commissioners of The Transcontinental Railway.
Ottawa, 2nd March, 1910.

Newspapers inserting this advertisement without authority from the Commissioners will not be paid for it.

NORTH MONAGHAN.

Regular Meeting of the Township Council.

The Council of the township of North Monaghan met in the county committee room in the city of Peterborough on Saturday, the 12th inst. at 2.30 p.m.

All the members were present, the Reeve, Mr. W. G. Howden, presiding. The minutes of the preceding meeting were not read. The clerk reported that the accounts as between the townships of North Monaghan and Cavan having been satisfactorily adjusted and that a cheque for the sum of $146.30 had been received from Cavan in payment of their share of expenditure upon the boundary road in 1909, and also that after investigation it being found that the demand made by the township of Cavan upon the township of North Monaghan for the sum of $153, the balance of levy for the Cavan long swamp drain, being correct, the sum had been forwarded and the receipt thereof acknowledged.

This report was received and approved.

Accounts were handed in as follows:

G. Collins, clearing drain, $1.60.
Thos. Henry, clearing drain, $1.60.
T. Monerief, clearing Park street drain, $2.75.
G. W. Bennett, refund expenses of deputation to Toronto, $26.70.
Peterborough Fuel and Cartage (Limited) wood, charity, $2.75.
T. M. Hunter, auditor, $5.
H. Sanderson, auditor, $5.

Moved by Messrs. Morrow and Robson that a committee consisting of the Reeve, Councillor May and the clerk are hereby appointed with authority, to arrange for the contract for the township printing for the year 1910.—Carried.

The auditors' statement as referred to the auditors at the last meeting, was again presented and the alterations therein being found satisfactory the statement as finally audited was adopted and the clerk was directed to have the same published in the usual form for distribution to those ratepayers who apply for a copy.

On motion of Messrs. Morrow and Foster, an order was directed to be issued for the sum of $5 each in payment of the auditors' salaries, 1909.

Moved by Messrs. MorroR and Robson, that Geo. Ward, be appointed road commissioner on road division No. 2, for 1910. This was carried.

Moved by Messrs. Robson and Morrow, that Robt. Sanderson be appointed road commissioner on road division No. 3, for 1910. This was carried.

Moved by Messrs. Foster and May, that John Armstrong be appointed road commissioner on road division No. 4, for 1910. This was carried.

Moved by Messrs. Robson and Foster, that Geo. Moncrief be appointed road commissioner for road division No. 6, for 1910. This was carried.

The clerk was then directed to prepare by-laws to confirm these appointments to be passed at the next regularly meeting.

Council adjourned to meet when called by the reeve, or if not called before to meet as a Court of Revision on the 30th of May next, in the town hall, at 1.30 p.m.

Croup positively stopped in 20 minutes, with Dr. Shoop's Croup Remedy. One test alone will prove this truth. No vomiting, no distress. A safe and pleasing syrup—35c. Sold by all dealers.

If Sick

Don't risk even one single penny!
And I will tell you why I say this.
In the meantime, every sufferer in Peterborough is absolutely free to obtain any of Dr. Shoop's medicines from my store.
You can read what this means to the sufferer.
Why purchase any medicine without another dime, not look it first as I do by this remarkable offer?
And besides, I can say more.
I have an agent in almost every community in all of Dr. Shoop's territory.
Besides, you can live to-morrow, pay for them as you should your home physician. Or my advice and the kind before are yours—and without cost. Perhaps a word or two from you will cause me to send a treatment. I have helped thousands upon thousands by my private prescription or personal advice plan.
Besides, the books will open up new and helpful ideas to you. They tell of Dr. Shoop's discoveries and methods. All plainly told and explained so you can understand them. They tell of the Dr. Shoop Family Remedies—the six which have their merits so firmly established that druggists everywhere sell them on a guarantee basis. Also others compounded in their own laboratories, but not sold by druggists. They tell of Dr. Shoop's Restorative, Dr. Shoop's Rheumatic Cure, Dr. Shoop's Kidney Pills, Dr. Shoop's Blood Purifier, and Dr. Shoop's Coffee for Health. Also Dr. Shoop's Night Cure, Dr. Shoop's Pain Tablets, and Dr. Shoop's Headache Tablets. Also Dr. Shoop's Tooth Powder, Dr. Shoop's Hair Grower, Dr. Shoop's Hair Tonic, Dr. Shoop's Hair Dressing, Dr. Shoop's Shaving Stick, Dr. Shoop's Liniment, Dr. Shoop's Lotion, Dr. Shoop's Cough Cure, Dr. Shoop's Croup Cure, Dr. Shoop's Catarrh Cure, Dr. Shoop's Eye Remedy, Dr. Shoop's Stomach Tablets, Dr. Shoop's Worm Tablets, Dr. Shoop's Blood Tablets, Dr. Shoop's Nerve Tablets, Dr. Shoop's Heart Tablets, Dr. Shoop's Kidney Tablets, Dr. Shoop's Liver Tablets, Dr. Shoop's Bowel Tablets, Dr. Shoop's Female Tablets, Dr. Shoop's Rheumatic Tablets, Dr. Shoop's Cold Tablets, Dr. Shoop's Grippe Tablets, Dr. Shoop's Fever Tablets, Dr. Shoop's Malaria Tablets, Dr. Shoop's Asthma Tablets, Dr. Shoop's Diabetes Tablets, Dr. Shoop's Dyspepsia Tablets, Dr. Shoop's Indigestion Tablets, Dr. Shoop's Constipation Tablets, Dr. Shoop's Diarrhoea Tablets, Dr. Shoop's Dysentery Tablets, Dr. Shoop's Cholera Tablets, Dr. Shoop's Typhoid Tablets, Dr. Shoop's Scarlet Fever Tablets, Dr. Shoop's Measles Tablets, Dr. Shoop's Whooping Cough Tablets, Dr. Shoop's Mumps Tablets, Dr. Shoop's Chicken Pox Tablets, Dr. Shoop's Smallpox Tablets, Dr. Shoop's Yellow Fever Tablets, Dr. Shoop's Black Death Tablets, Dr. Shoop's Bubonic Plague Tablets, Dr. Shoop's Leprosy Tablets, Dr. Shoop's Elephantiasis Tablets, Dr. Shoop's Sleeping Sickness Tablets, Dr. Shoop's Tsetse Fly Tablets, Dr. Shoop's Malaria Tablets, Dr. Shoop's Yellow Fever Tablets, Dr. Shoop's Black Death Tablets, Dr. Shoop's Bubonic Plague Tablets, Dr. Shoop's Leprosy Tablets, Dr. Shoop's Elephantiasis Tablets, Dr. Shoop's Sleeping Sickness Tablets, Dr. Shoop's Tsetse Fly Tablets.

PORCUPINE.

SALE OF LOTS IN TOWNSITE.

Sealed tenders will be received by the undersigned up to Wednesday, 16th March, 1910, at one o'clock, p.m., for the purchase of all the lots in the town plot of Porcupine, situated in the south half of lot nine, in the fourth concession of the township of Whitney, at the eastern end of Porcupine Lake, as shown by plan of survey by Mr. E. D. Bolton, O.L.S.

Tenderers are asked to state how much they are prepared to pay for each lot and must accompany their tenders with a marked cheque in favor of the Provincial Treasurer, for half the amount which shall be applied as the first instalment. Successful tenderers will be required to pay the balance within two months.

The highest or any tender not necessarily accepted.

Tenders to be marked "Tenders for lots in town plot of Porcupine," and to be addressed to the Honorable the Minister of Lands, Forests and Mines.

Plans of townsite may be had on application to the Department and to the office of the Mining Recorder at the following places: Porcupine, Haileybury, Cobalt, Sudbury, Elk Lake, Gowganda, Sault Ste. Marie, Parry Sound.

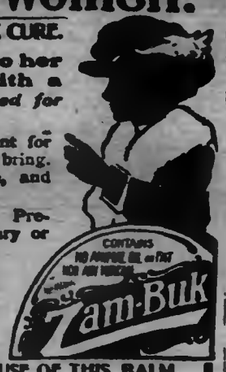
Plain Talks to Women.

INJURIES & SKIN SORES—QUICK CURE.

A little child ran crying to her mother the other day with a nasty flesh wound *and asked for Zam-Buk.*



There lies a more powerful argument for Zam-Buk than even the scientists can bring. The child had had Zam-Buk before, and *knew* it eased pain and healed.

Zam-Buk works in two directions. Prevents worse results from a skin injury or skin disease (such as festering and blood poisoning) while it repairs the damage already done. Zam-Buk is entirely herbal, is pure, contains no trace of animal fat or mineral coloring. Surest and quickest known healer.

FATHER AND SON BENEFIT FROM USE OF THIS BALM.

Mr. Walter Adams, 177 Railway Ave., Stratford, says:—"My son, William, while playing barefooted about the backyard, cut his left foot on the sharp edge of a piece of tin. The toe was cut at the first joint, and almost severed from the foot. My wife hurriedly bathed it with warm water, after-wards applying some lint thickly spread with Zam-Buk. The healing balm quickly checked the flow of blood, eased and soothed the pain, and prevented inflammation and more serious results. In a few weeks Zam-Buk healed the wound so nicely that my son was able once more to go about, and also to wear his shoes without the slightest inconvenience. Not only is Zam-Buk valuable for wounds and cuts, but, used as an embrocation, I have also found it effective for rheumatic pains."

Zam-Buk cures cuts, burns, eczema, ringworm, ulcers, cold sores, and all skin diseases. Druggists and stores, 50c box, or post free from Zam-Buk Co., Toronto, for price.

NEWS OF THE CITY

To Rent.

The premises on George street, number 462, to rent. For full particulars apply at The Times Book store.

An Apprentice Wanted.

We require an apprentice to learn the printing business. A good chance for a bright lad to learn a first-class trade. Apply at The Times office.

Officers of Regiment to Meet.

Lieut.-Col. T. H. Syer, officer commanding 3rd Dragoons, has called a meeting of the officers of his regiment for Friday afternoon next, at the armories.

Chamberlain's Stomach and Liver Tablets invariably bring relief to women suffering from chronic constipation, headache, biliousness, dizziness, sallowness of the skin and dyspepsia. Sold by all dealers.

Municipal bakery

Three Months in Jail.

Nelson Shaughnwhite was found guilty at the police court yesterday of stealing $6, and was sentenced to three months in jail at hard labor.

Shredded Wheat Banquet.

A shredded wheat banquet will be held at the Salvation Army temple on Wednesday, March 30th. An interest program of music will be given and some outside speakers will give addresses.

Sciatica

EXPECTED DEATH ANY DAY.

Another Case Where Life Was Saved and Health Restored By Nerviline.

We have all read and heard of the agonies of Sciatica, but only those who have been tortured by this dread malady can fully appreciate what it must mean to be cured after years of suffering.

It is because he feels it his solemn duty to tell to the world his faith in Nerviline that Victor P. Hires makes the following declaration: "For three years I was in the Royal Mail service and in all kinds of weather had to meet the night trains. Dampness, cold and exposure brought on sciatica that affected my left side. Sometimes an attack would come on that made me powerless to work. I was so nearly a cripple that I had to give up my job. I was in despair, completely cast down because the money I spent on trying to get well was completely wasted. I was speaking to my chemist one day, and he recommended Nerviline. I had this good liniment rubbed on several times a day and got relief. In order to build up my general health and improve my blood I used Ferrozone, one tablet with each meal. I continued this treatment four months and was cured. I have used all kinds of liniments, and can truthfully say that Nerviline is far stronger, more penetrating, and infinitely better than anything else for relieving pain. I urge everyone with lumbago, neuralgia, rheumatism or sciatica to use Nerviline. I know it will cure them."

CURED SIX YEARS.

There isn't a more highly esteemed citizen in Westchester than Mr. Hires. What he says can be relied upon. For six years since being cured he hasn't had a single relapse. Don't accept anything from your dealer but "Nerviline." 25 cents per bottle or five for $1. Sold everywhere or the Catarrhozone Co., Kingston, Ont.

Little Local Lines

The number of vacant houses in town are gradually diminishing.

Another case of dog poisoning occurred in the west end yesterday.

Police Magistrate Dumble sent two vags to jail for two weeks yesterday

The meetings being conducted at Bethany Tabernacle, are being largely attended and are being productive of much good.

There are eighteen prisoners in the county jail at the present time. Two of them are women.

Carloads of emigrants are passing through on the C.P.R. daily, on the through on the C.P.R. daily, on their way West.

About fifteen members of Marathon Lodge, Knights of Pythias, will go to Lindsay tonight to participate in a smoker being given by the Lindsay brethren.

A very satisfactory gain is being made in the membership of the Y. M.C.A. through the membership contest now under way, and which will close Saturday night.

About thirty persons from Peterborough and district left for the West yesterday on the C.P.R. It was regular Tuesday settlers' excursion to the Canadian West.

Thos. Newall of Norwood, who was charged at the police court with peddling without a license, returned the money which he received for the sale of a watch which was given back to him, and the case was dismissed.

MILLINERY OPENING.

Misses Ennis and Armstrong will hold their Spring opening on Thursday 17th, and following days, when all the new styles will be displayed. Over Payne's Drug Store, corner George and Simcoe streets.

SOCIETY

The Times will be pleased to receive notices of Weddings, Social Events, Personal Announcements, which will be published in this column free of charge.

Ald. Hicks left yesterday on a trip to the back country.

Mr. R. C. Braund was in Toronto on business yesterday.

Mrs. J. H. Miller, 350 Brock St., will receive this afternoon; and not again this season.

Mr. Archie Lang of Montreal, spent a couple of days with his parents, Mr. and Mrs. Robert Lang, Water street, this week.

Mrs. J. Stanger, 311 Stewart St., will receive this afternoon and not again this season.

Mr. Frederick Wright, editor of Canadian Life Resources, of Montreal, is in town and gave The Times a call.

The many friends of Mrs. James Whyte, who has been quite poorly for some time, will be pleased to learn that she is improving, and that she is now able to be out.

Bandsman Thomas, of the Salvation Army Band, and Mrs. Thomas and family have returned from an extended visit to Mr. and Mrs. Thomas' parents, Leeds, England.

57TH REGIMENT.

Annual Meeting and Committees Appointed.

At the annual meeting of the officers of the 57th Regiment, the following committees were appointed for the year:

Regiment Committee — Majors Clegg, Bennet and Capt. Walker.

Band Committee — Major Mills, Captains Cluxton and Walker.

Rifle Committee — Major Bennett, and officers commanding each company.

Mess Committee — Majors Clegg, Hay and Capt. McLean.

Trip Committee—Captains McPherson, and J. H. Eastwood, and Lieut. Higgins.

Nominating Committee—Major Davidson, Capt. McWilliams, and Lieut Cameron and Comstock.

Auditors— Capt. McWilliams and Lieut. Clarke.

Secretary of Meetings—Lieut. Rackham.

The commanding officer stated tha

The commanding officer stated that he had received a communication from Kingston, informing him that an officer would be sent here for the purpose of examining all rifle ranges with a view to equipping one at an early date. Col. Stevenson also read another communication from headquarters, applications to Lieuts. Higgins, Leech, Langford and Cameron, to proceed to Toronto for the purpose of taking a special course at the Royal School of instruction. The class will open on the 25th inst.

OTONABEE NAVIGATION CO.

Business Office Has Been Opened in Market Block.

The Otonabee Navigation Company has removed its general office from the Times Building to the premises in the Market Building, adjoining Mr. Might's real estate office, Mr. Pinchin, the new manager being in charge of the office. The company's fleet this year has been increased by the addition of another steamer, the boats now being five in number, thus requiring more office room to handle the ever increasing business.

ELECTION OF OFFICERS.

By the Girls' Auxiliary of St. Lukes Church.

The following officers were elected at the annual meeting of the above society:

President—Mrs. E. A. Langfeldt.
Vice-Pres.—Mrs. Wm. Lang.

VOL. XXXIII NO. 61 PETERBOROUGH, ONTARIO. THURSDAY MARCH 17 1910 PRICE TWO CENTS

Says Its Up to Canada to Avert Tariff War

Situation Hopeless Unless Canada Makes Some Concession—Taft Has No Option Unless Ottawa Yields

Washington, March 16.—"The tariff situation between the United States and Canada seems to be hopeless unless some concessions are made by the Dominion," said A. H. Sanders of the tariff board today.

The members of the board have made their final reports to President Taft, showing that American imports into Canada are being discriminated against through preferential arrangements with France and other countries on the same class of goods. On this showing there is no other course left to the President than to bar Canada from the list of nations entitled to the benefits of the minimum tariff.

The tariff board expects to take up the question again with the President on his return from a week's trip beginning today. In the meantime the negotiations with Canada will be continued in the hope that the threatened commercial war may be averted through concessions on the part of Canada.

Ottawa, March 16.—A Washington despatch says that nothing definite as to a tariff war with Canada will be decided until the President's return from his Western trip on March 23. In the meantime the tariff experts will be busy.

As far as can be learned from authoritative sources here, Canada has concluded the debate, and has nothing further to add to what was told the American tariff delegates here last week. In sporting parlance, it is now "up to President Taft."

If the American tariff law is so inelastic that a point cannot be strained to meet the American view that theoretically at least Canada is unduly discriminating against the United States by reason of the French treaty, and if the letter of the law must override the commercial and national interests of both countries, then it is felt that Canada at least is not to blame for the consequences.

It is understood that the Minister of finance will make a statement in the Commons relative to the comparative tariff rates now prevailing in Canada and the United States against the products mutually exchanged.

CANADA DISPUTES IT.

The government here disputes the correctness of the conclusion drawn from the statement handed out at Washington last week, that on the whole Canadian duties against American imports are higher than United States duties against Canadian exports. The argument as to the average duty on the ad valorem basis is fallacious, when analyzed in the light of actual conditions. On the basis of specific duties covering the whole range of exports of each country the figures will show the reverse of the conclusion drawn by the statement handed out at Washington. It is believed that the fairest way to state the case is to deal with the exports of each country which are practically prohibited from exchange by the respective tariff walls of the two countries.

School Children Ransomed.

Constantinople, March 17.—It is learned here that a band of Albanians recently surrounded the village school at Vashtun, in Macedonia, and carried off the twenty-two pupils, who were ransomed by their parents at the rate of about one dollar a head.

INSURGENTS ARE NOT SATISFIED

PREMIER'S PROPOSAL FOR ENQUIRY DOES NOT APPEAL.

A Motion of Censure Proposed by Mr. Boyle was Left Over—Government is Still Confident.

Edmonton, Alta., March 16.—Just what action will be taken today on Premier Rutherford's resolution to appoint a commission of judges to investigate whether any official of the government or member of the legislature is interested in the Great Waterways deal—is a matter of question here today.

Mr. Cushing and the other "insurgents," are plainly not satisfied with this, and they will continue their opposition.

MOTION OF CENSURE.

A motion of censure of the goderment in connection with documents alleged to be missing in the Alberta & Great Waterways Railway files was to have come up this afternoon, but, on the suggestion of the mover, Mr. Boyle, was left over until tomorrow.

The Attorney-General, Hon. Mr. Cross, said the investigation would cover every criticism that had been raised in the legislature.

Premier Rutherford stated emphatically to the member for Calgary (Mr. Bennett), that all the papers in connection with the railway contract had been brought down and none was missing. He hoped that would saturate into his mind.

Mr. Cross said there appeared to be another attempt of certain members of the House to reflect, by insinuations, on his character. He gave an emphatic denial to the statements attributed by Mr. Boyle to Mr. Weir, which he said, were untrue from start to finish. He had never been approached by Mr. Weir with a check, nor had he been told the officials of the department had endeavored to levy blackmail to prevent prosecution. The rest of the afternoon, as well as the evening session, was taken up in routine business, largely consideration of bills in committee.

DUTY OF L. O. L. TO GREAT BRITAIN

COL. SAM HUGHES TALKS TO THE BLACK KNIGHTS.

Why Should French-Canadians Want Their Language Taught Above Others?—The Pope's Message.

Ottawa, March 16.—At the banquet tendered at the Hotel Cecil by members of the Royal Black Preceptory of Ottawa, No. 227, to the delegates attending the Royal Black Chapter of Ontario East, Col. Sam Hughes, M.P., one of the principal speakers, made reference to the Provincial School question, saying that he did not object to French-Canadians learning their language at home, but thought they should hardly expect it to be taught in the Public schools.

Touching on the navy question, he gave the Orangemen a hint that they along with other Canadians, had not given Great Britian the assistance that should have been given.

The colonel touched on the navy question. He claimed Germany had become great and powerful and needed additional land for her people to settle on. Then he talked of Great Britain.

"What have the Orangemen of Canada done during the last year to help Britain?" asked the colonel, and he replied: "Not a thing. We talk and beat the drum on the 12th of July, but we have done nothing."

Col. Hughes referred to the efforts of some French-Canadians to have the French language taught in the schools. He referred to Scotch and German settlements there had been in certain parts of Ontario, and claimed they never clamored to have the German or Gaelic taught in Canadian schools. He could not see why French-Canadians should expect such a privilege. The colonel touched on what the Public schools meant, the fact that English was the official language, and contended that while he had the greatest respect for his French-Canadian fellow countrymen he could not see how they could expect the privileges which had been suggested at the recent French-Canadian congress held in Ottawa when the French question had been discussed. His ambition for his French-Canadian countrymen was that they should be taught the English language and properly fitted to earn their daily bread.

The colonel also recalled that when the congress had been held in Ottawa, a telegram had been received from the Pope in reference to the French language question. It appeared strange to him, that the Pope, an Italian, who probably did not understand much about French, should send a congratulatory message on such an occasion.

This Date in History

1765—Pennsylvania Assembly met in special session to arrange for cutting a road to Philadelphia for the use of Braddock's army.
1776—Evacuation of Boston by the British.
1800—British ship Queen Charlotte destroyed by an explosion off Leghorn.
1809—Queen Regent of Spain signed a treaty of peace with the United States.
1900—Dr. John William Jones, known as the "historian of the Confederacy," died at Columbus, Ga. Born in Virginia, Sept. 18, 1836.

Will Quebec Secede? Soon a Live Question

Sensational Acts of the Provincial Government Has Only One Meaning

When Dr. Edwards of Frontenac, in Parliament referred to the efforts of the French Nationalists and hierarchy to develop in Quebec a sentiment of seperation, he was met with denials by French members. He quoted the book written by M. Tardival, which the Provincial Government of Quebec, has distributed as prizes to the school children of the For the information of our readers we reprint a synopsis of the book from the columns of the Huntingdon Gleaner, as follows:

Province, to prove his contention.

"Pour la Patrie," by J. P. Tardival, is the title of a book published by Beromé & Cadieux, Montreal.

This is a political novel giving the author's views as to public affairs and the ends he considers will be attained. With him there are only two parties in Canada, on one side the Church of Rome; on the other, all who are opposed to it. The party in favor of the Church is very good—the party opposed to it is inconceivably bad. The latter party is represented to control the Dominion Government, and its aim is to overthrow the Catholic Church and the blotting out of the French race. Those working to do this are not all Protestants. It is represented there are worse beings than Protestants in Canada, namely Free Masons. In fact, the author has a contempt for Protestantism, which is a mere pretence of a religion, for it is only a step towards atheism. It has, it seems, sunk so low that it is now on its last legs, and is not worth the attention of the priesthood. Left alone it will soon dwindle away by natural decay. What the priests have to fear are the Free Masons. They are agnostics, unbelievers, who, if they worship anything, worship the devil. It is they who are the leaders in the movement to overthrow the papacy in Canada and blot out the French race. One chapter gives an account of a meeting in a Free Mason lodge.

How the author came to know of the doings he describes he does not tell us, but he sets them forth with elaborate detail. The subject considered by the members is the overthrow of everything French and Catholic. Reports are made of progress and then consultations as to what is next to be done. The work is not going on as quickly as they would wish and to secure help the

Continued on page four.

Chambers of Commerce were 41 to 12 for Tariff Reform

London, March 16.—The Association of Chambers of Commerce of the United Kingdom in session here marked the jubilee annual meeting by adopting today resolutions in favor of a system of tariff reform "in the interests of British trade, increased employment, and colonial preference."

There was an animated discussion of the resolutions which developed considerable opposition, but the vote by chambers showed the tariff reformers to be in the majority 41 to 12.

Forty-one chambers took a neutral attitude.

The association proposes to urge the government to take the necessary steps to carry out the purpose of the resolution.

Mayor Arrested on Charge of Fraud

Rainy River, Ont., March 16.—Last evening George Westcott, who only yesterday was a successful candidate for the mayoralty, was arrested by Provincial officers, and jailed at Fort Frances, together with T. Cathcart, of Barwick, charged with importing wolf skins from Minnesota, and coyotte skins from Manitoba, and collecting wolf bounty of $25 per head from the Province of Ontario.

Something like $4000 has been collected in wolf bounties by parties in Barwick this season, which aroused suspicion.

Last year Westcott was tax-collector.

German Firms to Make An Invasion of Canada

Avalanche of Catalogues to be Followed by Army of Travelers---Consult the Dominion

London, March 16.—A Berlin despatch dated yesterday, says the cessation of the surtax on German goods is one of the topics of the hour in commercial circles there. Great exporting firms are energetically seeking travelers and agents with intimate knowledge of Canadian conditions. Men familiar with trade practices in the Dominion and especially in the rapidly developing communities of the Middle and Far West are being engaged at fancy salaries, and will be despatched to the field of operations equipped to conduct one of the most active business campaigns Germany has ever waged on foreign soil. They will be preceded by an avalanche of catalogues and other advertising matter printed in the "Canadian language," offering unprecedented inducements to Canadian buyers to establish connections with German houses.

All branches of German trade expect to boom with Canadian orders.

The management of the aniline dye syndicate, Germany's most important chemical trade, says the new tariff conditions justify the hope of a heavy increase in the sale of the syndicate's products in Canada.

Herr Gruamonn, proprietor of an important millinery establishment, says the "settlement of the tariff war will certainly be of immense benefit to the entire German textile trade.

Levin, a leading manufacturer of overcoats and suits, says: "Our branch has for a long time been magnificently organized in Canada. Our travelers cover the entire Dominion. Our exports are sure to increase extraordinarily henceforth. The country's consuming power is enormous."

AN IMPERIAL COUNCIL.

London, March 16.—Lord Crewe, speaking at the dinner to Sir G. Reid, suggested a division of the Colonial secretaryship, the Crown colonies and prectorates being handed over to another secretary. He added that any arrangement for formal continuous co-operation between the home government and those crown dominions in the form of an imperial council would be difficult of achievement, but we could do much by inducing the dominions to take part in imperial diplomatic matters which concerned relations with the powers of the world.

When any question arose affecting any dominion, he believed on the Mother Country putting the greatest faith in the statesmen of the dominion affected. What we had to aim at was co-operation and common action For any question to be settled wholly, say at Melbourne, would be as bad as if it were settled wholly at Downing street.

C.N.R. LAND'S DIVIDEND.

London, March 16.—The Association of Chambers of Commerce has passed a resolution in favor of an Imperial Council of Commerce on the lines suggested by the Congress of Chambers at Sydney.

The Canadian Northern prairie lands' dividend is 10 per cent.

MACKENZIE AND THE NAVY.

London, March 16. William Mackenzie of Toronto, expects the Hudson Bay Railway will be running within three years. He says it remains to be seen whether the government or the company will build the railway from Sassatchewan to the bay.

With reference to defence, Mr. Mackenzie said that all warships Canada might contribute he should like to see built in the Dominion, but that would take too long. Wherever they were built they should be a unit of the Imperial navy.

Rev. McLeod Goldie sails on the first of April with 200 emigrants, representing some $200,000 for Nova Scotia.

Lord Strathcona has been appointed to the advisor committee on commercial intelligence whereof Mr. Buxton is president.

London, March 16.—The Morning Post announces that the arrangements have been practically completed for well known Canadians and Australians to conduct an Imperial preference campaign in Britain. The meetings are to be "educational," and the speakers under the auspices of no party.

London, March 16.—The reform debate in the House of Lords was continued yesterday. The Archbishop of Canterbury advocated internal reform, after due deliberation, and generally supported Lord Rosebery, while the Marquis of Salisbury and the Duke of Northumberland carried the war into the enemies' camp by alluding to the decadence of the Commons in recent years.

Lord Salisbury said the Lords should therefore fit themselves for the increased responsibilities thrown on them. He expressed the intention to vote for Lord Rosebery's resolution.

SANDY GRANT WAS ELECTED.

Made Grand Master of the Royal Black Preceptory.

Ottawa, Ont., March 16.—The Royal Black Preceptory of Ontario East before winding up their annual meeting at one o'clock this afternoon elected these officers for 1910.

Grand master, Sandy Grant, Tweed; deputy grand master, Jos. Batten, Peterborough; grand registrar, John Kelley, Lindsay; grand treasurer, T. C. McConnell, Spring Brook; grand chaplain, Ralph Fulcher, Marmora; deputy grand registrar, K. I. Grey, Kingston; deputy grand treasurer, T. H. Thompson, Madoc; grand lecturers, C. J. Smith, Madoc and E. A. Morrow, Sterling; junior deputy grand master, W. H. Sproule, Ottawa.

KILLED HIS FATHER.

Laurens, S.C., March 14.—John Irby Fuller, an 18-year old youth, who last November shot and killed father, Jesse V. Fuller, a prominent farmer, will be tried at the spring term of the general sessions court for Laurens county, which convens today with Judge Charles G. Dantzler of Orangeburg, presiding.

The shooting of Fuller by his son was the result, it is alleged, of frequent family quarrels, culminating on the morning of November 26, in what is said to have been a fatal attack upon Mrs. Fuller by her husband. The young man is said to have fired upon his father after warning the latter not to strike or shoot his mother again.

DROWNED LADY A YOUNG BRIDE?

MYSTERY OF THE IDENTITY OF MISSING WOMAN.

Her Husband is Arrested—Arthur J. Best of Comber Taken Into Custody on the Request of the Detroit Police.

Windsor, Ont., March 16.—Mrs. Arthur J. Best, formerly Miss Alice Frankfurth, of 291 Lawton avenue, Detroit, is believed to be the name of the woman who was found floating down the river after midnight on Saturday on a cake of ice, and heard shrieking loudly for help.

The Detroit police have ordered the arrest of her husband, a young man living in Comber, Ont., township, Tilbury West, 40 miles distant from Windsor. Best was arrested at noon, in Comber, and was brought into Windsor this afternoon in charge of Constable Lindsay.

The bride of a month was married on February 8 to Best. They did not live together, however. She stayed with her people, and he went to work as a tinsmith at Comber.

On Saturday he came to the city, crossed over to Detroit, and was to have spent Sunday at her brother's home, on Lawton avenue, with the bride, who, though only 23 years of age, was four years her husband's senior. He decided not to go to the house, and placed his wife on a Brush street car, to send her home, so he declares.

When Mrs. Best did not come home enquiries were made, and the family of the girl, after reading in the Sunday papers about the dramatic drowning of a mysterious woman in the river, telephoned to Best, at Comber, and asked where their daughter was.

"I haven't seen her," Best replied. Not satisfied with this explanation, the brothers notified the police, and today the arrest of the husband was ordered.

Dr. Charles Frankfurth, a dentist, of Detroit, is at the head of the investigation.

The meager description furnished by Walter Hulett, Windsor, the negro who jumped off the ferry boat in a futile effort to save the woman, tallies with that of the missing young bride.

EMINENT TORONTO PHYSICIANS

Failed to Cure Rheumatism.

Miss Flore Chapman Vividly Describes Her Sufferings and Ultimate Cure With "Nerviline."

"After being an enthusiastic user of Nerviline for years, I feel it my duty to tell you personally what your wonderful preparation has done for me.

"I suffered torture from rheumatism and heart troubled, tried scores of so-called remedies, consulted for weeks and months with Toronto's most eminent physicians, but derived only slight benefit.

"A friend insisted on my using Nerviline, and to my surprise a vigorous rubbing of this powerful liniment eased the pains and reduced the stiffness in my joints. I continued to use Nerviline and was permanently cured. I am now perfectly well, and for three years have had no rheumatism at all. I know many CURED families whom no other medicine but Nerviline is kept—it is so useful in 3 minor ailments like earYEARS ache, toothache, neuralgia, coughs, colds, lumbago and sciatica. I call Nerviline my "Life Guard," and urged all to try its merit."

Dec. 17th, 113 Palmerston Avenue, Toronto.

Refuse anything else offered instead of Nerviline, 25c. per bottle, five for $1.000. All dealers, or The Catarrhozone Co., Kingston, Ont.

Threatened Strike of 25,000 Railroad Firemen is Averted

Washington, D.C., March 16.—Mediation under the Erdman Act has been requested of the controversy that has arisen between the railway lines operating westward out of Chicago and their firemen and engineers The application for mediation was made by the railroads. The request will be granted.

Chicago, March 16.—Railroad officials in all parts of the country were stirred today over the announcement that the Brotherhood of Locomotive Firemen and Enginemen had ordered a strike of 25,000 firemen on principally all the roads between Chicago and the Pacific Coast, and that the exact hour at which the men were to quit probably would be sent out within 24 hours.

President W. S. Carter of the Brotherhood, at midnight last night announced that the strike order had 43 members of his committee, because the railroad general managers refused to submit all questions in dispute to arbitration under the Erdman Act. He said the committee today would decide upon the hour at which the men should go out and the officials of all local organizations of the Brotherhood would be informed by telegraph.

While depreciating the strike order and maintaining that trouble might still be averted, the railroads asserted they were determined not not to agree to submit anything except the wage dispute to arbitration They declared that the strike would temprarily tie up every freight and passenger train on 17 railroads and probably throw out of employment 150,000 men.

An appeal to the authorities at Washington to step in and prevent trouble would be made if necessary, according to a statement by W. G. Nixon, chairman of the Managers' Committee.

Went Through the Ice and Lost Fine Team

(Special to The Times.)

Fenelon Falls, March 16.—Yesterday afternoon Messrs. C. H. Davey and F. Alton, two young business men of Victoria Road, Ont., started to drive to this town across the ice of Cameron Lake, about 14 miles from Victoria Road. The ice gave way, and the whole party, including the two men, cutter and team of horses, were submerged. The men were successful in getting to land, but one horse was drowned. The other horse, while rescued, died shortly afterwards. The horses were a handsome pair of blacks, and their owner, Mr. Davey, valued them at four hundred and fifty dollars. The cutter and robe were saved.

Brockville, Kingston and Belleville will Get Cheap Power

Toronto, March 15.—In reply to a statement of Hon. Wm. Pugsley in the House of Commons yesterday, Hon. Adam Beck, chairman of the Hydro-Electric Commission, today, made an important announcement of the policy of the Commission in an entirely new territory.

Mr. Pugsley had declared that the only reason that the Hydro-Electric Commission had for opposing the plans of companies for water-power development along the St. Lawrence was that they wanted a monopoly and indeed had no intention of developing or supplying power to municipalities in Eastern Ontario.

"So far are we from having no intention of taking up the field in Eastern Ontario, that it is only a question of getting through the enormous amount of work that has arisen in connection with the supply of power to Toronto and Western Ontario, that has prevented us from doing so before," said Mr. Beck today.

"In three or six months at most we will take up and prosecute vigorously the question of a supply of cheap power east of Toronto. Ottawa, of course, has been arranged for. We have been dealing with ten or eleven municipalities down east, Brockville, Kingston, Belleville and others, and they have made their applications for over 12,000 horse power.

All the License Boards May be Swept Away

Toronto, March 15.—A referendum on the license policy of the Province will be taken by the members of the legislature during the ten months before the opening of the session of 1911, and on their reports, tempered by the opinion of the Cabinet, will be decided the fate of over one hundred license inspectors in Ontario, three hundred license commissioners, and the present local system

At a recent meeting of Conservative members the plan for a change of system in Ontario, it is understood, was unfolded to them by the premier. This consisted in a central board of well-paid commissioners and a number of inspectors who would devote their whole time to the work, keeping in close touch with the commission. A suggestion was made of a try-out of the commission in Northern Ontario, but, so far as can be learned, most of the Northern members objected to being singled out for an experiment.

The new system as explained to the members would mean the abolition of all local boards, and a considerable decrease in the number of inspectors.

THE WEATHER.

Fair, and moderate to

Minnesotan Plays Hoax.

Copenhagen, March 17.—The University of Copenhagen has received a typewritten letter, bearing a Minnesota postmark, purporting to come from Dr. Cook. The writer declared that his health had broken down, and added that he forgave Commander Peary for all his attacks. The university authorities consider the letter a hoax.

Laymen Meet in San Francisco.

San Francisco, Cal., March 17.—Many noted churchmen, missionaries, educators and other leaders of religious thought have assembled in this city for the convention of the Laymen's Missionary Movement. The gathering opens with a banquet at the Palace Hotel to-night. The regular sessions will begin to-morrow and continue until Sunday.

Boston Celebrated Evacuation Day.

Boston, March 17.—In accordance with time honored custom Boston today will hold its annual celebration of Evacuation Day, commemorating the withdrawal of the British troops from this city, and the entry of Washington's army 134 years ago. The day's exercises will enter upon the South Boston peninsula, upon which the British forces were encamped. The chief feature of the program will be a military and naval parade which will be reviewed by Governor Draper, Mayor Fitzgerald, General Sherwin, Congressman Hobson, of Alabama, and other notables.

Fights Scheduled for This Date.

Sam Langford vs. Jim Flynn, 45 rounds, at Los Angeles.

Freddie Welsh vs. Jem Driscoll, 20 rounds, at London.

The Annual General Meeting of the Members of the Peterborough Golf and Country Club will be held in the Bank of Montreal Chambers on Saturday evening, March 19th, 1910, immediately after the shareholders' meeting at eight o'clock. Prospective members are invited.

The Canadian Poultry Farm Stock Co. Ltd.

(Charter Applied For).

CAPITAL $40,000.00

Divided into 4000 shares at $10.00 each, same being Common Stock.

Head Office and Farm—MONTREAL, QUE.

Incorporators: C. J. BELL, Manager. LOUIS P. RENE, A. W. SAGER

Room 53, Royal Trust Building.

The object of this Company is to operate a Poultry Stock Farm and to supply eggs, fowls, etc., etc., to the Montreal market. At the present time there is no such business being carried on in this part of the country, although in Western Canada and the United States many similar farms are being conducted with great success, and each and every one shows a handsome profit on the capital invested. By being the first to operate such a business in this part of Canada, where the output could be sold many times over, and with competent men to manage the farm, the success of the business is assured.

It is hoped to have the farm inoperation about the first of April, and we will gradually increase so as to meet the demand of the trade. The shareholders will have first option upon the output, which it is intended to deliver daily.

It is worthy of note that the freight charges paid to the different railway companies for transporting eggs, poultry, etc., into Montreal amount to thousands of dollars per year, said eggs, poultry, etc., being shipped from all parts of Ontario and Quebec, together with shipments from other provinces, all to be consumed in the City of Montreal, and in nearly every case these shipments are controlled by the Wholesale Produce Merchants, and re-sold to Retail Dealers, then sold by the latter to the consumers; therefore, it is easily perceived that in this way four profits must be divided from the price the farmer sells at to the price the consumer pays for the above-mentioned articles.

At the present moment fresh eggs are very scarce; so-called fresh eggs are being sold to the consumer at from 30 cents to 63 cents per dozen. We do not expect to be able to overcome this great problem, but we do expect to be in a position to furnish the Shareholders in this Company and other Retail Dealers with fresh eggs daily. Taking into consideration the number of eggs that are consumed in Montreal every day, the placing of the output is a foregone conclusion.

In P. E. I. the average profit per hen for eggs a year is $2.00; in York Co., Ont., $2.75; in New Jersey, $6.00. It is expected that the average profit in Montreal will be $3.00.

It is understood we are to start this business in the right way. In the first place, only first-class fowl, such as hens, turkeys, geese, ducks, etc., will be purchased, and by purchasing a farm within the suburbs we will in a few years save the entire price paid for same by the saving of the enormous freight charges on eggs, etc., from an outside point.

ESTIMATE OF EXPENDITURES.

Farm property	$10,000 00
Hens, Turkeys, Geese and Ducks, etc. including feed, and grain for same	5,000 00
Incubators and Implements, etc.	3,000 00
Building, Outhouses, etc.	5,000 00
Unforeseen expenses	2,000 00
Total expenditure	$25,000 00

EXPENSES FOR ONE YEAR.

Manager's salary	$2,000 00
Wages for labor	2,000 00
Sundries, etc.	1,000 00
	$ 5,000 00
Reserve	$10,000 00

ESTIMATED PROFITS FOR FIRST YEAR.

2000 hens to commence will yield in eggs an average of $3.00 each	$6,000 00
Adding to our flock of egg producers within six months 10,000 hens, which will average profit by April, 1911, $1.50 each	15,000 00
Poultry for the market; 2,000 dozen of eggs will raise by incubators 18,000 chickens, which can be ready for the market in from seven to twelve weeks; sale price will easily average $1.10 per pair (this can be repeated during the year)	9,900 00
Turkeys, rough estimate	2,100 00
Ducks	3,000 00
Geese, etc.	4,000 00
Representing dollar for dollar profits	$40,000 00
Our debt for the second year will be reduced some	$20,000 00
Our profit for the second year will increase considerably.	
Rough estimate	15,000 00

COMPLETE THE FOLLOWING AND RETURN.

Synopsis of Canadian Northwest Land Regulations.

ANY PERSON WHO IS THE sole head of a family, or any male over 18 years old, may homestead land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother, or sister of an intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, solely owned and occupied by him, or his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price $3.00 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price $3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth $300.00.

NOTICE TO CONTRACTORS.

Tenders For Machinery, Belting, Shafting, Cranes, Air Compressors, Etc.

SEALED TENDERS, addressed to the undersigned, and marked on the envelope "Tender for Machines and Tools," "Tender for Leather Belting," etc., etc., as the case may be, will be received at the office of the Commissioners of the Transcontinental Railway, at Ottawa, Ontario, until 12 o'clock noon of the 12th day of April, 1910, for:

(1) Machines and tools;
(2) Leather belting;
(3) Shafting, hangers, steel frame work, etc.;
(4) Miscellaneous equipment, industrial track and lockers;
(5) Motors;
(6) Furnaces and forges;
(7) Cranes;
(8) Air compressors;
(9) Grey iron foundry equipment and brass foundry equipment;

required for the equipment of the locomotive and other shops of the Commissioners of the Transcontinental Railway at Springfield, east of Winnipeg, Manitoba.

Tenders will be received and considered for any or all of the items indicated above and numbered from 1 to 9, both inclusive.

Plans and specifications may be seen in the office of the Chief Engineer of the Commissioners at Ottawa, Mr. Gordon Grant, and in the office of the District Engineer of the Commissioners at St. Boniface, Man. Mr. S. R. Poulin.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied by the Commissioners, which may be had on application to the Chief Engineer at Ottawa, or to the District Engineer at St. Boniface, Man.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada, payable to the order of the Commissioners of the Transcontinental Railway for a sum equal to ten per cent. (10 per cent.) of the amount of the tender.

Any person whose tender is accepted shall within ten days after the acceptance thereof sign the contract, specifications and other documents required to be signed, and in any case of refusal or failure on the part of the party whose tender is accepted to complete and execute the contract with the Commissioners, the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure, and all contract rights acquired by the acceptance of the tender shall be forfeited.

The cheques deposited by parties whose tenders are accepted will be deposited to the credit of the Receiver General of Canada as security for the due and faithful performance of the contract according to its terms.

The cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

The right is reserved to reject any or all tenders.

By order,
P. E. RYAN,
Secretary, The Commissioners of The Transcontinental Railway.
Ottawa, 2nd March, 1910.

Newspapers inserting this advertisement without authority from the Commissioners will not be paid for it.

Smith Twp. Council.

The township council of Smith met pursuant to adjournment in the council chamber on Monday, March 7th. All the members were present with Reeve Graham in the chair.

It was moved and seconded that, acting upon the advice of the township solicitor, no action be taken with the accounts presented by Mr. George Cummings and Mr. R. J. Dever.

Moved and seconded that a by-law to divide the township of Smith into pound divisions for the impounding of animals running at large, to divide the roads into road divisions for the performance of statute labor thereon and the expenditure of commutation money paid in lieu thereof, and to appoint overseers of highways, poundkeepers and fence-viewers for the year 1910, be read a first time.

Moved and seconded that the by-law be read a second time with the council as a committee of the whole, with Councillor McKee in the chair. Council resumed. Chairman reported the by-law read without amendment.

Moved and seconded that the by-law be read a third time and passed.

The following were appointed road-masters for the year 1910: Thomas Armstrong, Peter Nichols, Cames Blewett, Tom Armstrong, Gordon Fitzgerald, John McFarlane, Thomas Bullock, Robt. Freeborn, Jos. P. Ayotte, Benjamine Nichols, Robert Kidd, Andrew Fairbairn, Jas. Kidd, J. J. Bickle, W. J. Stillman, John Northey, jr., Thos. J. Bell, Bruce Garbutt, Cas. Miller, Tom Rosborough, Alex. Trennum, Jas. A. Fowler, jr., David Kerr, Tom Brown, Jas. Stochard, Roland Stabler, Edward Preston, Jos. Nichols, Jonathan Sweeting, Sam McConkey, Jos. Harriss, G. W. Mann, George Milburn, P. Westlake, John Galvin, W. Scott, R. Hunter, Sam. Stinson, Percy Edmison, Robt. Darling, E. Mahood, jr., Jos. Tully, Ed. Mahood, sr., John H. Edminson, Thos. McMullen, W. W. Millburn, John Hampton, C. McIlmoyl, W. A. Boyce Alex. Elliott, T. E. McIlmoyl, Solomon Northcott, John Fairbairn, Samuel Rosborough, Alex. Morrison, Jas. A. Fife, Jas. Tindle, Robt. Telford, Isaac Sage, Stephen Harrison, Gordon Mann, Francis Pearson, T. Swinton, J. G. Armstrong, Avraham Northey, John Pearson, T. Lane, J. Stabler, Jas. D. Fowler, Geo. W. Nicholls, T. Nugent, R. G. Ivey, Hugh Bertram, T. Scott, Geo. Deyell Jacob H. Brumwell, F. Arthur, A. E. Kennedy, Jas. Tully, Thos. Edgar, T. Brown, Walter Young, Jos. Donaldson, Jas. Donaldson, Frank Ayotte, W. A. Payne, R. A. Garbutt, Fred Boyce, John Millage.

Moved and seconded that the following accounts be paid:

J. Head, cutting brush on road, $15; Dr. Young, bal. acc't, M.H.O., $7.50; Review Printing Co., per auditors' reports, $15; W. B. Kelly Lumber Co., for lumber, $10.40; R. A. Charlton, 60c.; C. A. Jobs, expenses for delegates to convention, $8.55; R. N. Scott, for work on road, 1909, $6.46; C. N. Brown, goods to F. Eagleton, $3; Fred Stabler, meat to F. Eagleton, $7; Matthew Bell, for moving crusher bins, $2.50; Tom Davis, error in mileage, 1909, $10.00.

The Council then adjourned to meet April 4th.

Get Well First

Don't risk even a penny—until health first returns.

And I mean just exactly that. I am the one physician who says to the sick, at cost of my own pocket, pay for your medicine if it fails to bring you help! And for 20 years Dr. Shoop's medicines have been used and recommended in every city and town in America. They are practically known in every community—nearly everywhere. Then why pay the sick, and at your risk, for other unrecommended and uncertain medicines? Thousands upon thousands have in this way used Dr. Shoop's Restorative. When the stomach nerves, or the liver or kidneys fail, these sick ones know that a few doses of Dr. Shoop's Restorative will bring them back to health again. But best of all, they realize by take no money risk whatever. They know that when health fails, Dr. Shoop will gladly pay the druggist for that trial 50 day treatment is freely gotten. Just write me first for an order. This will save delay and disappointment. All druggists sell Dr. Shoop's Restorative and Dr. Shoop's Rheumatic Remedy, but all are not supplied to give the 50 day test. So drug me a line—for I have appointed one honest and responsible druggist in every community to loan my medicine to the sick, and to those who are not well. Realizing you are perfectly free to consult me just as you would your home physician. My advice and the test have cost you—and without cost.

Perhaps a word or two from me will clear up some serious ailment I have helped thousands upon thousands by my advice and prescription of plan. My book of 160 pages is worth your simple request, so write now, while you have it fresh in mind. Address: Dr. Shoop, Box 12, Racine, Wis.

PORCUPINE.

SALE OF LOTS IN TOWNSITE.

Sealed tenders will be received by the undersigned up to Wednesday, 16th March, 1910, at one o'clock, p.m., for the purchase of all the lots in the town plot of Porcupine, situated in the south half of lot nine, in the fourth concession of the township of Whitney, at the eastern end of Porcupine Lake, as shown by plan of survey by Mr. E. D. Bolton, O.L.S.

Tenderers are asked to state how much they are prepared to pay for each lot and must accompany their tenders with a marked cheque in favor of the Provincial Treasurer, for half the amount which shall be applied as the first instalment. Successful tenderers will be required to pay the balance within two months.

The highest or any tender not necessarily accepted.

Tenders to be marked "Tenders for lots in town plot of Porcupine," and to be addressed to the Honorable the Minister of Lands, Forests and Mines.

Plans of townsite may be had on application to the Department and to the office of the Mining Recorder at the following places: Porcupine, Haileybury, Cobalt, Sudbury, Elk Lake, Gowganda, Sault Ste. Marie, Parry Sound.

NERVOUS, LIFELESS
DEBILITATED MEN

YOUNG MEN AND MIDDLE-AGED MEN, the victims of early indiscretions and later on excesses, who are failures in life—you are the ones we can restore to manhood and revive the spark of energy and vitality. Don't give up in despair because you have treated with other doctors, used electric belts and tried various drug store nostrums.

Our New Method Treatment has snatched hundreds from the brink of despair, has restored happiness to hundreds of homes and has made successful men of those who were "down and out." We prescribe specific remedies for each individual case according to the symptoms and complications—we have no patent medicines. This is one of the secrets of our wonderful success as our treatment cannot fail, for we prescribe remedies adapted to each individual case. Only curable cases accepted. We have done business throughout Canada for over 20 Years.

CURABLE CASES GUARANTEED OR NO PAY

READER Are you a victim? Have you lost hope? Are you intending to marry? Has your blood been diseased? Have you any weakness? Our New Method Treatment will cure you. What it has done for others it will do for you. Consultation Free. No matter who has treated you, write for an honest opinion Free of Charge. Books Free—"Boyhood, Manhood Fatherhood." (Illustrated) on Diseases of Men.

NO NAMES USED WITHOUT WRITTEN CONSENT. No names on boxes or envelopes. Everything Confidential. Question List and Cost of Treatment FREE FOR HOME TREATMENT.

PETERBOROUGH, ONT

THURSDAY, MARCH 17, 1910.

NEWS OF THE CITY

To Rent.

The premises on George street, number 452, to rent. For full particulars apply at The Times Bookstore.

An Apprentice Wanted.

We require an apprentice to learn the printing business. A good chance for a bright lad to learn a first-class trade. Apply at The Times office.

Mr. Harry Stock in Charge.

Mr. Harry Stock has succeeded Mr. T. W. Robinson as manager of the Juniper Island store at Stoney Lake this year. The Cottagers' Association intend to create many improvements at the island before the season begins.

Shredded Wheat Banquet.

A shredded wheat banquet will be held at the Salvation Army temple on Wednesday, March 30th. An interest program of music will be given and some outside speakers will give addresses.

Ald. Joseph Batten Honored.

Ald. Joseph Batten has been elected Deputy Grand Master of the Grand Black Chapter, at the conclusion of the session yesterday at Ottawa, of the Grand Lodge of Eastern Ontario. The Times extends Alderman Batten its congratulations.

Croup positively stopped in 20 minutes, with Dr. Shoop's Croup Remedy. One test alone will prove this truth. No vomiting, no distress. A safe and pleasing syrup—60c. Sold by all dealers.

To Be Soon Completed.

The topographical survey of the river Sougog from Lindsay to its mouth at Sturgeon Lake and the waters of Sturgeon Lake, which has been in progress for the past year, by the engineering department of the Trent Valley Canal, will be completed in about a week.

Have Issued Injunction.

It is understood that the Cavendish Lumber Company, has issued an injunction against the Lakefield Portland Cement Company to prevent the latter company resuming operations. The lumber company claims that the sediment which is created by the furnaces of the cement works is injuring the lumber, making it practically unfit for use.

Changes at G.T.R. Station.

Mr. R. S. Merryfield of Midland, is the new day operator at the Grand Trunk station, and Mr. A. St John, of the relieving department, takes the position of night operator. Mr. W. Williamson, late day operator, is spending a few days at his home in Millbrook, before leaving for the West.

Nothing in the way of a cough is quite so annoying as a tickling, teasing ,wheezing, bronchial cough. The quickest relief comes perhaps from a prescription known to Druggists everywhere as Dr. Shoop's Cough Remedy. And besides it is so thoroughly harmless that mothers give it with perfect safety even to the youngest babes. The tender leaves of a simple mountain shrub give to Dr. Shoop's Cough Remedy its remarkable curative effect. A few days' test will tell. Sold by all dealers.

An Anonymous Letter.

The Times is in receipt of an anonymous letter signed "Judgment," finding fault with the actions of the Water Commissioners in connection with the Canadian General Electric Company. It is against our rules to publish letters unless bearing the bona fide signature of the writer.

A Correction.

In our issue of yesterday an item appeared stating that Nelson Slaughnwhit had been sentenced to jail for theft. The name should have been Joseph O'Toole, our compositor having got the two names mixed. We hasten to make the correction, and offer our apologies to Mr. Slaughnwhit for the mistake.

Fortify now against the grip—for it comes every season sure! Preventics—the little Candy Cold Cure Tablets—offer in this respect a most certain and dependable safeguard. Preventics, at the "sneeze stage" will, as well, also surely head off all common colds. But promptness is all important. Keep Preventics in the pocket or purse, for instant use. Box of 48 for 25c. Sold by all dealers.

MILLINERY OPENING.

Misses Ennis and Armstrong will hold their Spring opening on Thursday 17th, and following days, when all the new styles will be displayed. Over Payne's Drug Store, corner George and Simcoe streets.

SOCIETY

The Times will be pleased to receive notices of Weddings, Social Events, Personal Announcements, which will be published in this column free of charge.

Miss Elizabeth Pollock is visiting friends in Toronto.

Mr. James Dickson, P.L.S., Fenelon Falls, is in the city.

Mr. Wesley Sharin, Lakefield, was in town yesterday on business.

Mrs. O. C. Bissell, Grand Central block, will not receive again this season.

Mayor Morrow, Mr. T. F. Mathews and City Clerk Armstrong were in Toronto yesterday.

Mr. and Mrs. G. N. Gordon, are spending a few days with Mr. and Mrs. J. W. Gordon, Markham St., Toronto.

Mr. George Adam, of the Bank of Commerce, Guelph, is in the city. He has been in an hospital at Guelph for several weeks, and purposes taking a holiday.

Mr. T. E. Bradburn, M.P.P., leaves this morning for Bermuda. He will return in about four or five weeks. He carries with him best wishes of his numerous friends in Peterborough, who trust that he will return in health and strength.

Little Local Lines

The 17th of "Auld Ireland." Many happy returns.

James Simmons was thtown from a delivery rig on Tuesday and had his nose broken.

F. A. McDiarmid, Lindsay's town solicitor, has accepted the position of city solicitor of Vancouver, B.C., and will leave for the West in the near future.

Rev. F. L. Barber, M.A., of Bobcaygeon, gave the special Lenten address at St. John's last night.

The steamer Monarch is due to arrive from Rice Lake as soon as the ice has disappeared from Rice Lake and river. This will probably be in the course of 10 or 12 days.

Our New Story.

The Times will begin the publication of a new and thrilling serial story in a few days. Watch for it.

ADDRESS AND PRESENTATION.

Mr. Chas. Crane of St. Luke's Church Honored.

On Tuesday evening a number of young people of St. Luke's church, gathered at the residence of Mr. J. Butcher, to honor Mr. Charles Crane who left for Toronto yesterday, where he intends to reside. A delightful evening was spent, refreshments being served.

Ald. Turner gave expression to the general regret occasioned by Mr. Crane's departure, and called upon Mr. S. Whittaker to read an address on behalf of the Bible class and A. Y.P.A. Mr. Crane was president of the A.Y.P.A., and an indefatigable worker of that society and was also a faithful member of the Bible class.

A presentation of a fine leather suit case was made to Mr. Crane by Miss Elsie Dawson; and the recipient made feeling acknowledgment of the address and handsome gift, saying he deeply appreciated the thoughtfulness of the donors. Rev. Dr. Langfeldt spoke in eulogy of Mr. Crane, whose departure was a source of much regret.

ELECTION OF OFFICERS.

Annual Meeting of Woman's Auxiliary, All Saints.'

The following officers were elected at the annual meeting of the above society:

Hon. President—Miss Chamberlain.
Hon. Vice-President—Mrs. Evans.
President—Mrs. Hooper.
Vice-President—Mrs. Hopkins.
2nd Vice-President—Mrs. Curry.
Rec.-Secretary—Mrs. Wilson.
Cor.-Secretary—Mrs. Latimer.
Dorcas Secretary—Mrs. Best.
Treasurer—Mrs. Gilbert.
Treasurer, P.M.C.—Mrs. Buller.
Organist—Miss Rush.
Representatives to Executive, appointed by the rector—Mrs. Soward, Mrs. Rouchey.
Superintendent Junior A. A.—Mrs. Blois.
Sec.-Treas. Baby's Branch—Mrs. Brewer.
Delegates to Toronto—Mrs. Gilbert Mrs. Dawson, Mrs. Brewer. Substitutes, Mrs. Buller, Mrs. Hopkins.

Mrs. Best read an interesting paper on missionary work, and Mrs. Hooper, the president, and Rev. H. R. Trumpour, spoke of the work of the society. Mrs. S. Dickson Hall contributed a solo that was much appreciated. Refreshments were served.

A RECORD SALE.

500 Women's Dresses Sold in Few Minutes.

Whoever says advertising doesn't pay is a back number. That it does pay to use printers' ink was amply demonstrated yesterday when 500 ladies' dresses which had been specially advertised in The Times at 99c each, were disposed of in fifteen minutes in Cressman's annex. The sale opened at 8.10 and at 8.25 the advertised lot of two hundred dresses and two hundred others, from the regular stock were sold.

When the first lot was sold out, Mr. Cressman decided rather than to disappoint customers who, while on time, were unable, on account of the large crowd in the store, to make a purchase, he would add another two hundred dresses from the regular stock. This was much appreciated, while the goods were sold at a loss, the fact that the patrons of the store receive due consideration is apparent.

"EVEN IN YOUTH NEVER STRONG"

Now the Rich, Happy Possessor of Good Health Which Was Restored By

Dr. Hamilton's Pills.

"Even when I was young I was not robust and healthy like other girls. I suffered from headaches and had sort of blue feelings that deprived me of the joyful spirits and pleasures other girls seemed to get. After I married I found I ebuld not throw worries of like other women, and those dull feelings of despondency and weariness made me very unhappy. There was no cause to feel so, and my doctor said my liver was sluggish and this accounted for my poor color, my tiredness, langour and despair. The pills the doctor gave me were too purgative, made me weaker because they were too active for my constitution. Dozens of my friends recommended Dr. Hamilton's Pills, and they were so mild and healthful. Well I never used a pill that acted so quietly as Dr. Hamilton's. They were so comfortable to use I was afraid they might not help. But in a week I knew they had been actively engaged in cleaning up my system. They did the work of a tonic and blood medicine combined. I improved to a marvelous degree with Dr. Hamilton's Pills and I now maintain the most perfect kind of health by using them just once or twice a week."

It is Mrs. E. V. Erlanger, the wife of Capt. Erlanger, well known at Gloucester, who relates the above experience. She proved what you and all others, men and women, can prove—that Dr. Hamilton's Pills are best for restoring health and best for keeping the system in perfect running order. Don't be misled into using anything but Dr. Hamilton's Pills, sold in yellow boxes. 25c. All dealers, or the Catarrhozone Company, Kingston, Ont.

WILL PROVINCE OF QUEBEC SECEDE!

Continued from page one.

lodge desires to call up the devil. On the floor of the lodge there is an altar; living fire is started on it, and the members gather around in worship of the evil one. While prostrate before the unholy light on the altar the devil comes forth, and enters freely into conversation. He is told what has been done and of the obstacles that still exist. The devil advises them how to accomplish their purpose, encourages perseverance and disappears. Just when the Free Masons are about to accomplish their plot, it is revealed. A French-Canadian, who in an evil hour, joined the Free Masons, repents, confesses the plot to his old priest and arranges to get copies of the Masonic documents. These the priest takes to the archbishop of Montreal, who realizing the danger, consults with the Jesuit fathers. When the Masons find that they have been betrayed, the commission a member to follow the traitor, which he does, and stabs him to the heart under the shadow of the Jesuit Church on Bleury street. Their plot discovered the archbishop, aided by the Jesuits, takes steps to defeat it, and the plot fails at every point, with the result that the Dominion Government consents to Quebec leaving the Confederation, which is forth with proclaimed as a French republic under the care and direction of the Church of Rome, and becomes the glory of America. This is the merest outline of the book, which abounds in episodes, involving many characters, both men and women. The Jesuits are ever present, and are depicted as the champions of the French nationality and as more than a match for the Free Masons and the devil. The author thus tells his purpose in writing the book:

"God has planted in the heart of every French-Canadian patriot a flower of hope, which is the aspiration for the establishment of New France upon the banks of the St. Lawrence, whose mission it will be to continue in this land the work of Christian civilization which Old France pursued with such glory through a long series of centuries."

The realization of the French Catholic republic is certain, but it can be hastened by work.

It is not to be achieved with folded arms, there must be steady effort. Laziness is no faith in God, and the book is written to cause those who believe in a free and regenerated Quebec to active exertion. The author says:

"To reach the rank which Providence has appointed us among the nations, it is necessary that we return to the spirit of our ancestors, giving religion the first place. It is necessary that love of the French-Canadian country be united strictly to with a zeal for the defence of his faith in the Lord Jesus Christ, and Church. The man whom God will use to constitute definitely a French-Canadian nation will be less a great organizer, an able politician, a fiery agitator, than a perfect Christian who labors, sacrifices himself and prays. Can we not see many expectations that the past has justified, aspirations realized towards the future which Providence reserves for us, the accomplishment of our national destiny. I ardently aspire to the triumph of the French race upon this corner of the land which Providence has allotted it."

The Sentinel, which published the above, says:—It is asked, why give space to notice of such a book? The reason is this, the legislature of Quebec has voted the money to buy five hundred copies of it for distribution as a prize among the schools. A book which is steeped in bigotry, which is a shameful libel on the Protestants, an absurd perversion of Free Masonry, and which teaches in every page that the duty of French-Canadians is to cut the tie that binds them to Britain and to the Confederation, and to set up a French Catholic republic on the bank of the St. Lawrence, is thus put in to the hands of innocent children who will believe every word, at the expense of the taxpayers. Is there not cause for protest? Ten thousand dollars to erect a statute to Mercier, 500 copies of a seditious and intolerant book bought with public money. Are these not indications which tell that the men at Quebec cherish in their hearts and what they are preparing to do when opportunity comes?

A failing tiny nerve—no larger than the finest silken thread—takes from the Heart its impulse, its power, its regularity. The Stomach also has its hidden or inside nerve. It was Dr. Shoop who first told us it was wrong to drug a weak or failing Stomach, Heart or Kidneys. His prescription — Dr. Shoop's Restorative—is directed straight for the cause of these ailments—these weak and faltering inside nerves. This, no doubt clearly explains why the Restorative has of late grown so rapidly in popularity. Druggists say that those who test the Restorative even for a few days soon become convinced of its wonderful merit. Anyway don't drug the organ. Treating the cause of sickness is the only sensible and successful way. Sold by all dealers.

9th Annual Statement of the
Nova Scotia Steel and Coal Company, Limited

HEAD OFFICE: NEW GLASGOW, NOVA SCOTIA

GENERAL STATEMENT

GENERAL STATEMENT, DECEMBER 31ST, 1909.

	Balance carried forward	236,997 38		
		$2,127,170 97		$2,127,170 97
			1910. Dec. 31. By balance	$ 226,997 38

We have examined the Vouchers and audited the Books of the Nova Scotia Steel and Coal Company, Limited, for the year ended December 31, 1909, and certify that the correct statement of their affairs at that annexed balance sheet contains a true and date.

J. HEYWOOD MACGREGOR,
F. H. OXLEY, F.C.A., Auditors.

DIRECTOR'S REPORT

Your Directors herewith submit their Ninth Annual Report, with statement of assets and liabilities, and abstract of profit and loss account, for the year ended December 31st, 1909.

The profits for the year amounted to $907,949.60, as compared with $734,761.53 for 1908. In view of the depressed condition of business during the greater part of the year, this result should be regarded with satisfaction by the shareholders.

The amount at the credit of profit and loss account on January 1, 1909, was $1,219,221.07, against which the stock dividend of $1,000,000.00, declared in December, 1909, was charged.

The various amounts transferred to the Reserve Fund and Fire Insurance Fund, and written off for improvements and betterments, are shown by the accounts.

A sum of $184,463.84 for Premium and Commission on redemption of old and issue of new bonds has been paid out of the profits for the year.

The balance carried forward to the credit of profit and loss account is $236,997.38.

The sum of $362,653.17 has been expended during the year on capital account in the development of the submarine iron ores at Wabana, and for improvements, plant, etc., elsewhere.

The volume of business transacted by the Company during the year shows a substantial increase, and is in excess of any previous year, and it is expected that there will be a still further increase in 1910.

The development of our submarine iron ore areas at Wabana was continued, the main slope being extended through these areas a further distance of 1,470 feet. This slope is now about 4,200 feet into our ore areas from the southern boundary. The development work carried on has fully confirmed the estimates previously made as to the vast quantity of ore contained in, and the great value of these areas. The plant for the operation of these submarine mines is now being installed.

Considerable extensions and improvements have been made to the mills at New Glasgow, and further extensions and improvements will be made in 1910, with a view to increasing the output of finished steel.

The reorganization of the finances of the Company, authorized by the shareholders, has been carried out. A new issue of $6,000,000 5 per cent. First Mortgage Bonds, and an issue of $1,000,000 6 per cent. Debenture Stocks, were made; $3,000,000 of the Bonds and $1,000,000.00 6 per cent. Debenture Stock were sold in Canada, and the two former issues of 5 per cent. Bonds were paid off and cancelled. The balance of $2,000,000.00 of the Bonds remain in the Treasury. No portion of the premium on the retirement of the old bonds nor the commissions on the new issue has been charged to Property Account.

The regular dividend of 1 per cent. quarterly has been paid on the preferred shares, and on Jan. 15th a quarterly dividend of 1 per cent. was paid on the ordinary shares, and the Directors have declared further dividends of 1 per cent. on the ordinary shares, and 2 per cent. on the preferred shares, payable on April 15th to shareholders of record on March 31st, 1910.

All of which is respectfully submitted.

February 19th, 1910.

ROBERT E. HARRIS,
President.

This Date in History

1778—Engagement between British and Americans at Quintan's Ridge New Jersey.
1805—Napoleon Bonaparte assumed the title of King of Italy.
1820—British ship "Ariel" wrecked in the Persian Gulf, with loss of 90 lives.
1857—Lord Napier, new British envoy to the United States, arrived in Washington.
1861—Annexation of Stf Domingo to Spain.
1865—The Confederate Congress at Richmond adjourned sine die.
1909—Russia and China reached a modus vivendi in the Harbin dispute.

Approve of Firm Attitude Towards U. S. on Tariff Question

Ottawa, March 17.—Mr. John Tolmie, presided at a Liberal caucus held this morning, at which matters affecting the general sessional program and the situation arising out of the probability of the United States imposing the maximum tariff against Canada was partially canvassed.

While the members are reticent as to actual proceedings, it is learned that a large number of them expressed themselves in favor of Canada maintaining her present firm attitude.

Mr. Fielding, it is understood, entered into a full explanation of the working of our trade arrangement with France and the members after hearing him were agreed that there was nothing in that trade arrangement which would constitute a reasonable excuse for the United States to declare that Canada had unduly discriminated against that country thereby precipitating a general tariff war which would lead to disastrous results in both countries.

It was made quite apparent that if Canada is forced into a tariff war the government will have the support of its complete following in the House and, from what can be learned in the corridors, the sympathy of Conservative members as well.

Senators will Try To Settle Big Strike

Philadelphia, Pa., March 17. — With the arrival here today of State Senator James S. McNichol, and William S. Vare, recorder of deeds of the county, the most potential leaders of the dominant political party in Philadelphia, it is expected additional force will be given to the movement to bring about peace between the Philadelphia Rapid Transit company and its striking employes. Senator Penrose will also take a hand in peace negotiations. Leading members of the Republican organization are closely allied with certain powerful interests in the rapid transit company, and the attitude Senator McNichol will assume in the trouble is awaited with interest. Senator McNichol is credited with having brought about the end of the carmen's strike last June.

Both branches of city councils will meet in regular session late this afternoon and more resolutions urging arbitration and other peace methods are expected to be presented.

The labor leaders are still at work trying to spread the general strike. President Greenwaite of the State Federation of Labor, said today that he had heard from several towns in the State that have voted to join the movement for a State-wide strike if the car men's strike is not soon settled.

PASSED PLATE ON SUNDAY LAST

FRIENDS OF BEST DID NOT KNOW HE HAD BEEN MARRIED.

Saw the Woman Drowning—Wasn't Aware It Was His Wife—Best is Well Liked By His Associates.

Comber, Ont., March 17.—Arthur J. Best, who was arrested here yesterday by Constable Keith on the advice of the detective department of Detroit, in connection with the supposed drowning of his wife in the Detroit river, was released to cross the river with the detectives.

Best left Comber Saturday evening for Detroit and was met by his wife at the depot. He was married on Ash Wednesday to Miss Alice Frankfurth in Detroit, and the young wife remained with her brother in Detroit while Best returned to Comber. No one outside of the Frankfurth family apparently knew of the marriage, so that his arrest yesterday on a charge of knowing something of the disappearance of his wife came as a great surprise to the people of Comber.

CAME FROM HARROW.

Best came here a couple of years ago from Harrow, where his people reside, and he engaged with H. M. Swegles, the local tinsmith. He is a tall, graceful young man, displaying to a marked degree his military training. Though only in his twentieth year, he held a minor office in the corps at Windsor. He was one of the number selected to attend the Quebec military demonstration a year ago last summer.

Best's movements from Saturday evening to the time of the tragedy and his return to Comber are being looked into by the detectives. He says he had been seen to see his wife in Detroit, and had put her on the car, and that he was on the ferry boat crossing the river and with the other passengers watched the colored man jump from the boat to rescue the drowning woman, who is supposed to be the wife of Best. He remained Saturday night in Windsor, and returned to Comber Sunday morning at 10.30, in time to attend one of the local churches. At the evening service he passed the collection plate, as he did on former occasions.

Best was well thought of by his associates, and was very faithful to his employers, who speaks in the highest terms of the young man.

GIRL WAS ONE OF TEN.

Mrs. Best was Mis Frankfurther She comes from one of the best families in the district. Her father died some years ago, leaving a widow, six sons and four daughters, the unfortunate woman being the second daughter. The widowed mother lives on the old homestead, about a mile north-west of Comber, with one of her sons. The deceased was the possessor of a kind and loveable disposition, and was universally respected by the people of this district, who have known her since her babyhood days.

WEEPING IN CELLS.

Windsor, Ont., March 17.—Arthur J. Best, the nineteen-year-old Comber youth, was questioned this morning at Detroit police headquarters. After seeing the drowning of the woman now supposed to be his wife, he went to the British American hotel in this city, but did not go to bed until four o'clock in the morning.

Best will be detained while the search for the body continues. He is all broken up over the affair, and in his cell has had weeping spells, during which he protests that he has done nothing to warrant his detention.

What will Population be Five Years from Now?

With Peterborough's Many Advantages the City Should Have a Population of 25,000 in 1915

There is no reason why Peterborough's population should not be at least 25,000 in five years. With the completion of the Trent Valley Canal should come a period of expansion such as we have never before experienced. The waterway will not only spell cheaper coal, but it will reduce freights from all directions during the summer months.

The Board of Trade propose to engage an Industrial Publicity Commissioner, whose duty it will be to induce manufacturers to locate in Peterborough. If success attends his efforts, and additions are made to the number of local industries, it will mean a great deal to the city. Then we should be prepared to deal liberally with the Canadian General Electric Company, with a view to having the entire plant located here. We already know the value of these works, and it is up to the Council to put the proposed deal through.

It would appear to us that the first business of the Commissioner would be to ascertain the classes of goods that are not manufactured in Canada, for while we have raw material, and then get in touch with the concerns that manufacture such goods with a view to having them locate a branch for their works in this country and in Peterborough. Of course, it is absurd to put a high salaried man at work unless we have something to offer in the way of cheap power and other considerations. We cannot do anything in the way of bonusing, even if we were so inclined or is it easy to get even a fixed assessment under the present municipal law. So that cheap power and good shipping facilities are the only inducements that any municipality can offer, or that is likely to appeal to manufacturers.

Canada's Trade Increases 100 Millions

Ottawa, March 17.—The total trade of Canada for February was $46,291,201, an increase of $8,202,374 over February of last year.

For the eleven months of the fiscal year the total trade has been $610,577,961, an increase of $104,113,397, or over 20 per cent, as compared with the corresponding eleven month with the corresponding eleven months of the last fiscal year, and constituting a new record for Canada.

Imports for the month totalled $30,341,462, an increase of $7,152,794 For the eleven months the imports totalled $332,791,669, an increase of $68,131,239.

Exports of domestic products for the month totalled $15,337,643, an increase of a little over a million. Exports o domestic products for the eleven months totalled $257,012,269, an increase of $32,905,660. Of this latter increase, about seventeen millions was in agricultural exports, about seven and a half millions was in exports of the forest, and about two millions in exports of manufactures.

Exports of foreign products for the eleven months totalled $21,174,050, an increase of a little over three millions.

The total customs revenue for the eleven months was $53,781,333, an increase of $11,380,685.

SING THE PRAISE OF ROOSEVELT

HIS PRAISE OF BRITISH RULE IN EGYPT PLEASES.

Gives Advice to Natives—Pleades With Young Men to Help Carry on the Good Work Under Way.

London, March 17.—England is singing the praises of Theodore Roosevelt today as never before, as a result of his speeches at Khartoum yesterday in which he praised without stint British rule in Egypt and pleaded with the young natives to carry on the work that has been so well begun.

In his brief visit to Khartoum, Englishmen are ready to admit, Colonel Roosevelt has done more good than armies and government officials could have done in a year. That his speeches will have a powerful effect in quieting the unrest of a large part of the native population is the firm belief of Englishmen generally.

It is conceded that no one else could have made the plea so effective as Roosevelt. Similar words coming from an Englishman could not possibly have had the same influence owing to the charge of self interest that could have been made against the speaker.

One effect of the speeches will be to intensify the enthusiasm of the people when Roosevelt comes to England. Always held in the highest esteem, Englishmen are now acclaiming Roosevelt as one of the "world's foremost citizens."

One of today's papers facetiously expresses the wish that Roosevelt might find it convenient to go to India to do a little missionary work for England there.

SAYS COLONIES ADMIRE LORDS

CURZON DECLARES WE PREFER A FIRST CHAMBER.

Cromer Backs Rosebery—But Salisbury Thinks the Upper House is Just About Perfect.

London, March 17.—Lord Curzon, continuing the debate on the reform of the House of Lords, in the Upper Chamber yesterday, said he hoped the House would commit itself to a serious scheme of reform. The House had justified the hereditary principle. Hereditary peers were entitled to share in the future composition of the House.

"The colonies," he said, "have always looked upon this house as containing a truer perception of imperial and colonial feeling than the House of Commons, as the House where their case is stated with experience, regarded with sympathy, and judged with authority. As one who has served the Empire in foreign parts I cannot exaggerate the importance of this consideration.

"It is quite a mistake to suppose because the colonies are liberal or democratic in sentiment that therfore they have an inherent dislike for an aristocratic second chamber. What they want in a second chamber is character, authority, and experience. If they found a second chamber composed exclusively of dukes who were more infected with the imperial spirit and viewed their standpoint with greater sympathy, they would vote for a second chamber of dukes. Anyhow they would sooner have a second chamber of dukes than a first chamber of demagogues." Their lordships had to consider the empire, and not bring about too violent a rupture.

Lord Cromar supported Lord Roseberry's proposals.

Lord Halsbury boldly described all plans for reform as mischievous. It would be an impossible to make an institution more consonant with the people's habits and more practically useful than the House of Lords at the present time.

The debate was again adjourned.

Brother and Sister Die One Hour Apart

Belleville, March 17. The death occurred here this morning of two prominent citizens, brother and sister, in the person of John R Brower and his sister, Miss Jane Brower. The former died at five o'clock this morning, and his sister an hour before. Mr. Brower was one of the best known residents of this district. He was for years treasurer of the township of Sydney, very wealthy at one time, owning three valuable farms in Sidney township, and the owner of five hundred head of cattle. Latterly he lived a retired life. He was the best known cheese exporter in the district.

Nothing in the way of a Cough is quite so annoying as a tickling, teasing, wheezing, bronchial Cough. The quickest relief comes perhaps from a prescription known to Druggists everywhere as Dr. Shoop's Cough Remedy! And besides, it is so thoroughly harmless that mothers give it with perfect safety even to the youngest babes. The tender leaves of a simple mountain shrub, give to Dr. Shoop's Cough Remedy its remarkable curative effect. A few days' test will tell. Sold by all dealers.

SHOULD NOT WAR ON CANADIANS

INFLUENTIAL PAPER URGES A SPECIAL ACT BY CONGRESS.

United States Had Better Back Up Should recognize the Give-and-Take Principle, Says Another Journal.

Nearly all the comments in American papers on the prospects of a tariff war between Canada and the United States are favorable to the Canadian view-point. The administration is frankly told that it would be wise to yield. If President Taft had no option but to enforce the maximum tariff, the Springfield Republican says congress should make haste and exempt this country by special legislation. Some of the comments appear below.

Springfield Republican: Our government is demanding of Canada as favorable treatment as is accorded France under a special reciprocity arrangement; and a further demand is that Canada cease to prohibit the exportation of wood pulp. These demands seem to be required by the maximum schedule of the new tariff law, and it is not clear how President Taft, under the commands of that law, can recede. But the Canadian government flatly refuses to make such concessions for reasons clearly given by our correspondent; and it is being upheld in this position by a strong protectionist sentiment which, under the influence of our own example and trade rebuffs, has been growing rapidly of late years in Canadian business circles.

As matters stand, therefore, President Taft will be forced to apply the special 25 per cent. additional tariff rates of the maximum schedule against imports from Canada after this month. The result of this will be to arouse and strengthen extreme protection sentiment in Canada and bring about tariff reprisals which will injure our trade in that direction, as our maximum duties are expected to injure their trade in this direction. The two countries will thus be forced further and further apart commercially with ultimate consequences to their welfare whose seriousness may not be easily measured.

It is a critical situation full charged with great possibilities of evil if allowed to drift on in the way now indicated. Shall it be allowed to drift? As our correspondent points out, we have it in our power, by making a few simple concessions, such as the removal of the tariff on lumber and wood pulp, which would be only for our own good, to gain large tariff and trade concessions from Canada, and turn Dominion business sentiment from its present high and higher tariff course toward larger and closer commercial relations with the States. The opportunity presented must be seized now or it may never in our time return. Shall we let it go by?

Buffalo Courier: Two weeks hence we are likely to be involved in a tariff war with Canada, to the supreme injury of trade, and straining the friendly relations between the two countries which have happily existed for years past. While in both lands business will suffer, the losses must be far greater in the United States, for we have been selling in British North America twice what we bought there, and the trade aggregates in value a quarter of a billion. It is stated that a single lumber dealer at a lake port will lose a million dollars on his present contracts if the high duties be imposed. Great trouble, great dissatisfaction and lasting harm to many American interests are absolutely certain unless some plan for averting the tariff war can be devised. The responsibility is on the administration.

Boston Herald: "Apparently," says a Washington correspondent of a New York paper, "there are only three courses open to the Taft administration (in the Canadian tariff matter) and two of these are pretty much the same thing. One is a flat declaration of war on April 1, with the imposition of our maximum. The next is the postponement of this imposition beyond that date in the hope of gaining concessions, with the prospect ultimately of having to back down with as good grace as is possible. The third is an immediate surrender with the reopening of negotiations on a basis more reasonable than our present demands."

HAS NO LOVE FOR MANUEL.

Duke of Connaught's Daughter is Said to Be Opposed to Match.

London, March 17.—English public opinion is overwhelmingly supporting Princess Patricia of Connaught, the King's niece, in her reported opposition to the King's plan to have her marry King Manuel of Portugal.

Ever since the King went to Biarritz, an announcement of the betrothal of the pair has been expected and feared for it is believed that one of the purposes of the King's trip was to meet in private the Marquis De Soveral, the Portuguese Minister to England, and the Dowager Queen Amelie, both of whom are at Biarritz, and arrange the details of the match.

And just as certain as the negotiations are successful King Edward will suffer a further loss of popularity. The King has never been fully forgiven for marrying Princess Victoria Eugenie, Patricia's cousin, to King Alfonso of Spain.

It is a question whether the Princess can withstand the pressure that will be brought to bear should Edward finally decided that "State reasons" require that she become the queen of the decadent nation. She is a spirited girl, and her friends declare she "will win out."

Two other lovers are favored ahead of Manuel, according to royal gossip. One is an English peer, who is believed ineligible because no kingly blood runs in his veins. The other is the Count of Turin, brother of the Duke of the Abruzzi, whose interrupted romance with Katherine Elkins interested two continents.

THE WEATHER.
A little higher temperature.

Cries of Floating Woman Rang Through His Head

Arthur J. Best, Whose Wife is Supposed to Have Been Drowned in Detroit River, Tells Detectives a Story that is Full of Discrepancies

Windsor, March 17.—Captain McDonnell, chief of detectives, declared this morning that there are a number of discrepancies in the story told by Arthur J. Best, the young Comber, Ont., tinsmith, whose bride of a month is believed to have been the woman who drowned off the cake of ice off the foot of Woodward avenue early Sunday morning.

The captain declares that Best, who is locked up at the central station, will be held at least today and probably longer. He says that today he will put all the facts in the case up to Prosecutor Van Zile for consideration.

The police have discovered that, although Best arrived in Windsor on the ferry at 12.40 o'clock Sunday morning, it was four o'clock in the morning before he went to the British American Hotel and engaged a room.

Where was he during the three hours and more elapsing between the time he engaged his room?

TRACING HIS MOVEMENTS.

That's the question which Captain McDonnell is trying to solve, and he has men at work trying to trace the youth's movements. When Best entered the British American Hotel at four a.m., Sunday, he told the clerk that, in crossing the river on the ferry, he saw a woman floating down the river on a cake of ice, and yelling for help. "Her cries were awful," he said, "they ring through my head yet. I will always hear them. I ran to the top deck of the steamer so that I couldn't hear the cries; they were so blood-curdling."

If he heard the cries he must have recognized his wife's voice, the police declare.

Captain McDonnell put this question to him. He denied that he recognized the voice.

"How do you know that it was my wife?" he queried of the captain.

"You know," said the captain significantly.

Best was thoroughly quized by the captain, and, as the captain reached the decision to lock him up as a suspicious person for further investigation the youth broke into tears, and protested his innocence. He reiterated time and again that he left his wife at the corner of Woodward and Atwater streets, where she waited for a car, while he went to the dock at the foot of Woodward avenue to catch a ferry for Detroit.

"Why didn't you go home with your wife as you had planned when you came here?" demanded Captain McDonnell.

CASE DON'T LOOK GOOD.

"I had a job home, and I wanted to get back as soon as I could," was the answer, which, however, does not satisfy the police.

"The case doesn't look good to me," was the way Captain McDonnell summed it up today. "I am certainly not going to release Best today, and I can't say how long he will be held. We are going into details thoroughly, as there is much to be explained. I am not satisfied with Best's explanation, and there are a number of discrepancies in his story that we will enquire into fully. He kept insisting that he had not been east of Woodward avenue on Saturday night. No one asked him whether he had or not. He had made the statement that he would never live with his wife. The marriage was a compulsory one. He returned to Canada Saturday night, instead of staying over, as he had planned. Lair, and in his cell has had weeping spells, meanwhile protesting his innocence.

WILL MAXIMUM TARIFF APPLY TO FREE LIST?

If Not, Canadian Exporters Affected by Imposition Will be Under $50,000,000.

Ottawa, March 17.—Advices received here quote Senator Aldrich as saying that it was never intended, that in the event of applying the maximum tariff against Canada, articles on the free list will also be affected. If this be correct Canadian exports to be affected by the imposition of the maximum tariff will be under fifty millions, over half of this amount being in lumber and wood products.

The tariff situation at the Ottawa end furnishes few new developments. The politicians are following very closely the report from Washington indicating as they do the probability of the application of the maximum, with its resultant hostilities. A tariff war is not invited and it is hoped strongly that it will be avoided, but should it develop, the responsibility, it is pointed out, will be upon the States and the greater measure of injury will be done to the commerce of that country. Whatever may be the unrest in commercial circles throughout the country, no one here appears to be worrying particularly. If retaliation is considered expedient, Canada has very potential powers in that direction, while the commerce shut out from the States will find a outlet in Imperial channels. As a matter of fact, now the United States admit only those commodities which it cannot supply itself. In other respects the tariff is practically prohibitive.

"Shaun Rhue" Creeted By a Capacity House

Probably the best effort of the T. A.S. amateurs since the society's practice of presenting yearly plays since the society was inaugurated was the presentation at the opera house last night of "Shaun Rhue" with Mr. George Lynch in the leading role. All the cast acted excellently and the play was handsomely staged.

Mr. Lynch showed exceptionally good judgment in choosing his cast as every member of the company was well suited for their respective character, and each played it with marked ability.

THE CAST OF CHARACTERS.

Morris Donovan—Larry's Father, Mr. T. J. Dineen.
Patrick Kavanaugh—Friend of the Donovans. Mr. W. J. O'Brien.

Kate Donovan—Morris' daughter. Miss Margaret Derocher.
Dora Kavanaugh—Patrick's daughter Miss Lavina Hallihan.
Larry Donovan———
Shaun Rhue—A ruffian. Mr. George Lynch.

Miss Maggie Doherty most capably presided as musical directress.

Mr. George Lynch, in the title role of "Shaun Rhue," which offered this most capable actor an opportunity to show his ability, never appeared to better advantage before a Peterborough audience, and he has truly stamped himself as an actor of great merit, and has become exceedingly popular with the play-going public as was demonstrated last night. He was ably supported by Miss Lavina Hallihan as Dora Kavanaugh, who is also worthy of consideration as a talented and exceptionally clever actress. Mr. Will O'Brien, as Patrick Kavanaugh, was a very strong character as was also Mr. James O'Brien and T. J. Dineen in fact every member of the cast performed and carried out their part as though they were right at home. There was nothing amateurish about the play, and there was not a dull moment from the raise of the curtain.

Special numbers were given during the play by Miss Hallihan, Mr. John King, Mr. Sam Houlihan, Mr. Geo. Lynch and Master Joe Clancy. Several bouquets were thrown on the stage as tributes to the young ladies of the cast.

The specialities were all new and the play was replete with good natured hits.

Little Joe Clancy proved to be a warm favorite with the audience and his solo "Dear Ireland," at the finale, was a very fitting climax to the play.

A WOMAN'S FRIEND.

Inspiring Testimony That Tells How a Sick Woman Can Quickly Regain Health and Strength.

"For years I was thin and delicate, I lost color and was easily tired; a yellow pallor, pimples and blotches on my face were not only mortifying to my feelings, but because I thought my skin would never look nice again I grew despondent. Then my appetite failed. I grew very weak. Various remedies, pills, tonics and tablets I tried without permanent benefit. A visit to my sister put into my hands a box of Dr. Hamilton's Pills. She placed reliance upon them and now that they have made me a well woman I would not be without them whatever they cost. I found Dr. Hamilton's Pills by their mild yet searching action very suitable to the delicate character of a woman's nature. They never once griped me, yet they established regularity. My appetite grew keen — my blood red and pure—heavy rings under my eyes disappeared and today my skin is as clear and unwrinkled as when I was a girl. Dr. Hamilton's Pills did it all."

The above straightforward letter from Mrs. J. V. Todd, wife of a well-known miller in Rogersville, is proof sufficient that Dr. Hamilton's Pills are a wonderful woman's medicine. Use no other pill but Dr. Hamilton's. 25c. per box. All dealers or The Catarrhozone Co., Kingston.

We offer 1000 shares for subscription at par, $10.00. The right of allotment is reserved.

The Canadian Poultry Farm Stock Co. Ltd.

(Charter Applied For).

CAPITAL $40,000.00

Divided into 4000 shares at $10.00 each, same being Common Stock.

Head Office and Farm—MONTREAL, QUE.

Incorporators: C. J. BELL, Manager. LOUIS P. RENE, A. W. SAGER

Room 53, Royal Trust Building.

The object of this Company is to operate a Poultry Stock Farm and to supply eggs, fowls, etc., etc., to the Montreal market. At the present time there is no such business being carried on in this part of the country, although in Western Canada and the United States many similar farms are being conducted with great success, and each and every one shows a handsome profit on the capital invested. By being the first to operate such a business in this part of Canada, where the output could be sold many times over, and with competent men to manage the farm, the success of the business is assured.

It is hoped to have the farm inoperation about the first of April, and we will gradually increase so as to meet the demand of the trade. The shareholders will have first option upon the output, which it is intended to deliver daily.

It is worthy of note that the freight charges paid to the different railway companies for transporting eggs, poultry, etc., into Montreal amount to thousands of dollars per year, said eggs, poultry, etc., being shipped from all parts of Ontario and Quebec, together with shipments from other provinces, all to be consumed in the City of Montreal, and in nearly every case these shipments are controlled by the Wholesale Produce Merchants, and re-sold to Retail Dealers, then sold by the latter to the consumers; therefore, it is easily perceived that in this way four profits must be divided from the price the farmer sells at to the price the consumer pays for the above-mentioned articles.

At the present moment fresh eggs are very scarce; so-called fresh eggs are being sold to the consumer at from 30 cents to 63 cents per dozen. We do not expect to be able to overcome this great problem, but we do expect to be in a position to furnish the Shareholders in this Company and other Retail Dealers with fresh eggs daily. Taking into consideration the number of eggs that are consumed in Montreal every day, the placing of the output is a foregone conclusion.

In P. E. I. the average profit per hen for eggs a year is $2.00; in York Co., Ont., $2.75; in New Jersey, $6.00. It is expected that the average profit in Montreal will be $3.00.

It is understood we are to start this business in the right way. In the first place, only first-class fowl, such as hens, turkeys, geese, ducks, etc., will be purchased, and by purchasing a farm within the suburbs we will in a few years save the entire price paid for same by the saving of the enormous freight charges on eggs, etc., from an outside point.

ESTIMATE OF EXPENDITURES.

Farm property		$10,000 00
Hens, Turkeys, Geese and Ducks, etc. including feed, and grain for same	5,000 00	
Incubators and Implements, etc.	3,000 00	
Building, Outhouses, etc.	5,000 00	
Unforeseen expenses	2,000 00	
Total expenditure		25,000 00

EXPENSES FOR ONE YEAR.

Manager's salary	$2,000 00	
Wages for labor	2,000 00	
Sundries, etc.	1,000 00	
	$ 5,000 00	
Reserve		10,000 00

ESTIMATED PROFITS FOR FIRST YEAR.

2000 hens to commence will yield in eggs an average of $3.00 each	$6,000 00
Adding to our flock of egg producers within six months 10,000 hens, which will average profit by April, 1911, $1.50 each	15,000 00
Poultry for the market; 2,000 dozen of eggs will raise by incubators 18,000 chickens, which can be ready for the market in from seven to twelve weeks; sale price will easily average $1.10 per pair (this can be repeated during the year)	9,900 00
Turkeys, rough estimate	2,100 00
Ducks	3,000 00
Geese, etc.	4,000 00
Representing dollar for dollar profits	$40,000 00
Our debt for the second year will be reduced some	$20,000 00
Our profit for the second year will increase considerably. Rough estimate	15,000 00

THE WALKING MANIA.

Offensive writers in various periodicals of a literary tinge occupy themselves at this time of the year by writing leading articles in praise of walking. Because Walter Pater had the diseased impression that it was a pleasure to walk from Cambridge to London. Because a famous master of Balliol had an unreasonable passion for the twenty-mile constitutional, our modern mentors cry aloud, "Go thou and do likewise."

They submit alleged arguments to prove that in walking all fulness dwells. They speak of the delight of personal contact with Nature, of the satisfaction of seeing a rabbit "scurry out of a hedge." Their very love for a word like "scurry" in place of "run" proves them to be unreliable guides. They tell of the exhilaration of the exercise of the blood bounding through the veins. They advise us to scorn the motor car, and conclude by the assertion that the sense of physical exhaustion which follows a prolonged walk quickens the mental activities of a man, and improves his moral sence.

If this is the law and the gospel of the Higher Literary Life, the observations of a heretic may not be unwelcome. The man who walks long distances for fun is unwell. He tries to stimulate his moral sense by public display of his lack of common sense. The whole history of the world has been a struggle to avoid walking. The man who first caught a wild horse and broke it for riding was regarded by his contemporaries as a demi-god. Coaches, post-chaises, steamers, railway trains, motor cars and aeroplanes were invented solely to rest human legs. The world has done well. The progress of the ages meets with out approval. Why should we set back the hand of time by walking to Newmarket—where the canal is—or to Whitby, the native lair of the ladies' college? We do not dream of making ourself conspicuous by adopting the costume of the cave dwellers or the manners of the early Saxons. Why, then, should we walk.

The superstition that only by leg action can be appreciated. Nature is fallacious. One can see Nature from a Limousine, and perhaps enjoy a couple of agricultural runaways in addition. The sense of physical exhaustion is minimized by our blind guides of the high brow. Do they know what it is to have a pair of aching hips or a two-inch blister on each heel? Spring has its responsibilities. Chief amongst them is that of inducing a form of dementa "walk iensis" in what the literary enthusiast calls his mind.

Have you a pain—of any kind, anywhere? Stop just a minute and think. It matters not whether it be womanly pains, head pains, or any kind of a pain, one of Dr. Shoop's little Pink Pain Tablets will surely stop it in 20 minutes. Formula plainly printed on the 25c. box. Sold by all dealers.

THE INSURGENTS.

When the Premier of the Province of Ontario rises in his might, pounds his fist on the desk and says in thunderous tones that such-and-such shall be and such-and-such shall not, the desk, atmosphere, and the premier's followers are all accustomed to tremble. For five long years they have been practicing self-effacement. It has become send nature for some of them to allow their opinions to evaporate as soon as the fires of their leader are lighted under them. If the prime minister declared that black was white, he has followers who would not only repeat it after him in the most parrot-like fashion, but who would actually believe and argue that it was true.

But Premier Whitney has now gone so far that now there is a nice little insurgent party in the House which still owns him king, but declines to subscribe to the theory that he is king by Divine right. It is made up of members—and the number is constantly increasing—upon whose political toes he has stepped as carelessly as though they were not entitled to that consideration which is surely due to toes which have been zealously used in kicking his enemies, he has gone so far as to question the rights of his followers to have any toes at all.

Just what the last straw was that broke the camel's back, it seems impossible to ascertain, but this session there are unmistakable murmurings. Several bills introduced by his followers have been squelched with scant respect. Retorts from the introducers have been followed by veiled hints in the Conservative press that it is time to cry a halt; and if these hints had seven veils at first, they are now, S alome like, being discarded one by one.

The Hamilton S pector on among the Conservative papers which have been saying things, and it is especially indignant because Sir James not only sat down hard upon the land tax proposals, but delivered himself thus:

ing his family than going around the country searching for a nostrum to cure all the ills of humanity and bring about the welfare of the world

On this the Spectator comments as follows:

This gratuitous insult to gentlemen who with no other object that the public welfare in view, have been instrumental in raising an interest in this matter in nearly three hundred Ontario municipalities may be further evidence of the "rugged honesty" and bluntness of the premier, but it is certainly not the treatment one expects when gentlemen are dealing with gentlemen. Premier Whitney is entitled to his opinions, and his opinions are entitled to respectful consideration. The rest of us too, are entitled to our opinions and they, too, are entitled to respectful consideration.

Medicines that aid nature are always most successful. Chamberlain's Cough Remedy acts on this plan. It loosens the tough, relieves the lungs, opens the secretions and aids nature in restoring the system to a healthy condition. Sold by all dealers.

Cosgrave's Beer

Words of praise have ever prevailed in advertising "copy." That a producer should wax enthusiastic over his own wares is but human. But it's the praise of the consumer that counts—and it is to a discriminating and critical public that "Cosgrave's" refers you.

It is safe to say that no product of any kind enjoys a more enviable reputation than does this famed Cosgrave Beer of Toronto in markets where it is offered.

Its self-evident honesty of purpose, purity, brilliancy, body, and every other attribute that goes to make a perfect beer are ever in evidence.

Cultivate the "Cosgrave Habit"—Watch for the name—ask for any of these brands - Half-and-Half, Pale Ale, XXX Porter.

Synopsis of Canadian Northwest Land Regulations.

ANY PERSON WHO IS THE sole head of a family, or any male over 18 years old, may homestead land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother, or sister of an intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, solely owned and occupied by him, or his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price $3.00 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price $3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth $300.00.

NOTICE TO CONTRACTORS.

Tenders For Machinery, Belting, Shafting, Cranes, Air Compressors, Etc.

SEALED TENDERS, addressed to the undersigned, and marked on the envelope "Tender for Machines and Tools," "Tender for Leather Belting," etc., etc., as the case may be, will be received at the office of the Commissioners of the Transcontinental Railway, at Ottawa, Ontario, until 12 o'clock noon of the 12th day of April, 1910, for:

(1) Machines and tools;
(2) Leather belting;
(3) Shafting, hangers, steel frame work, etc.;
(4) Miscellaneous equipment, industrial track and lockers;
(5) Motors;
(6) Furnaces and forges;
(7) Cranes;
(8) Air compressors;
(9) Grey iron foundry equipment and brass foundry equipment;

required for the equipment of the locomotive and other shops of the Commissioners of the Transcontinental Railway at Springfield, east of Winnipeg, Manitoba.

Tenders will be received and considered for any or all of the items indicated above and numbered from 1 to 9, both inclusive.

Plans and specifications may be seen in the office of the Chief Engineer of the Commissioners at Ottawa, Mr. Gordon Grant, and in the office of the District Engineer of the Commissioners at St. Boniface, Man. Mr. S. R. Poulin.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied by the Commissioners, which may be had on application to the Chief Engineer at Ottawa, or to the District Engineer at St. Boniface, Man.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada, payable to the order of the Commissioners of the Transcontinental Railway for a sum equal to ten per cent. (10 per cent.) of the amount of the tender.

Any person whose tender is accepted shall within ten days after the acceptance thereof sign the contract, specifications and other documents required to be signed, and in any case of refusal or failure on the part of the party whose tender is accepted to complete and execute the contract with the Commissioners, the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure, and all contract rights acquired by the acceptance of the tender shall be forfeited.

The cheques deposited by parties whose tenders are accepted will be deposited to the credit of the Receiver General of Canada as security for the due and faithful performance of the contract according to its terms.

The cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

The right is reserved to reject any or all tenders.

By order,
P. E. RYAN,
Secretary, The Commissioners of The Transcontinental Railway.
Ottawa, 2nd March, 1910.

Newspapers inserting this advertisement without authority from the Commissioners will not be paid for it.

DRUG ON MARKET.

Potatoes Glut The Market, But Quality is Good.

Toronto, March 16.—"With potatoes selling at five cents a pound, why is it that there is not a larger consumption in Toronto?"

That was the query which a dealer put to a newspaper representative on the floor of the Board of Trade today.

"There is a whole lot of talk," he continued—not waiting for an answer to his question—"about poverty in this city, not so much perhaps, this winter as in other winters, but you never hear of the poor people wanting to buy the least expensive things "It is a strange thing, but it is so nevertheless. If potatoes were selling at $1.50 a bushel today, there would be a greater demand for them. It is just because they are dirt cheap that they are neglected.

The potatoes now in process of sale are of the very best quality. Ontarios bring 45c and 47c delivered on the Toronto track, while those from the East command 44c and 46c. But both the Ontario and New Brunswick potatoes are equally good.

Last fall some of them were touched with the frost, but this is now a thing of the past. Those that have come through the winter are of excellent quality.

A year ago Canadians were exporting potatoes to the United States; now the Americans—with prices in Chicago as low as they are in Toronto, want to send consignments over here. But no chance. Canadian farmers thinking that there would be a repetition of last year's conditions grew immense quantities, many times more than the country required. And now potatoes are a drug on the market.

ANOTHER NEW LINE.

St. John, N.B., March 16.—It is reported, but no confirmed, that the C.P.R. is planning a new line of rail way from here to Montreal. It is the common belief that the C.P.R. now owns the Shore line from St. John to St. Stephen, N.B., just across the St. Croix River from from Calais, Maine. The rumored project is to straighten the shore line and build a new road from Calais to Mattawakeag, Maine, connecting then at Calais, and use this line to Montreal. It would be much shorter than the present route via McAdam. The story is that with the present road would be operated for local and Boston business.

A failing tiny nerve —no larger than the finest silken thread—takes from the Heart its impulse, its power, its regularity. The Stomach also has its hidden or inside nerve. It was Dr. Shoop who first told us it was wrong to drug a weak or failing Stomach, Heart or Kidneys. His prescription — Dr. Shoop's Restorative—is directed straight for the cause of these ailments—these weak and faltering inside nerves. This, no doubt clearly explains why the Restorative has of late grown so rapidly in popularity. Druggists say that those who test the Restorative even for a few days soon become convinced of its wonderful merit. Anyway don't drug the organ. Treating the cause of sickness is the only sensible and successful way. Sold by all dealers.

Tell Some Sick One
It Is Free If It Fails.

Why you do see sick friend of this our remarkable offer?

Tell him of her. Suppose here learned of a guarantee so certain that the maker dare not do it if he failed.

And yet, no doubt, already hosts of Dr. Shoop's Restorative and its remarkable.

For 20 years it has been the standard remedy for Stomach, Heart and Kidney ailments everywhere in America.

When the "inside" or controlling nerves of these vital organs begin to fail, Dr. Shoop's Restorative does just quickly what, and as we promise, and brought them nerves and organs back to health again.

I do not treat the stomach, nor disorders of the Heart or Kidneys—but those it all within.

Dr. Shoop's Restorative comes direct to the cause of these ailments—the failing, faltering inside or controlling nerves. And herein lies the key note to my success.

When these nerves are again made well and strong, then that is the certain end of all pain and sickness.

To me it is a great satisfaction, then, I am the only physician able to say to a sick, "Take my prescription for full 30 days, and if it fails to help you, the entire expense is mine—not yours.

Then why should the sick take any chance on any other medicine, when the maker dare not back it just as I do by this remarkable offer?

I also have a Rheumatic Remedy—one of your remedy is covered by the same identical "no help, no pay" protective plan.

Besides, you are free to consult me just as you would your home physician. My advice and the book below are yours—and without cost.

Perhaps a word or two from me will clear up some serious ailment. I have helped thousands upon thousands by my private prescription or personal advice plan. My best effort to merit worth your simple request.

So let me send you an order at once. Take the message to some sick friend.

A postal will bring the opportunity.

I will leave an honest and trust with my drug gist to whom you can conveniently go for the $1 day test.

But first, ask me for the order, for all drug gists are not authorized to give the 30 day test.

So write me now and save all delays. Be sure that tomorrow never comes. Address Dr. Shoop, Box 12, Racine, Wis.

Which Book Shall I Send You?

No. 1 On Dyspepsia	No. 4 For Women
No. 2 On the Heart	No. 5 For Men
No. 3 On the Kidneys	No. 6 On Rheumatism

TREATMENT OF RABIES.

New York, March 16.—A medical question of whether serum injected to prevented rabies may cause spinal meningitis has developed through the death of Virgina E. Vogelius, a thirteen-year-old girl. Several weeks ago a pet spaniel afflicted with rabies bit the girl and licked the hands of all the members of the family.

They were treated with serum and discharged as cured two weeks ago. Recently Miss Vogelius developed spinal meningitis and died last night Physicians at the institut? where the girl was treated do not believe that the serum could have caused meningitis, and stated that over 6,000 cases have been treated without meningitis resulting. The institute authorities are investigating.

Must Keep Sober.

Those who want to travel on railway trains must keep sober. The railway officials have issued a special circular to their train hands regarding the carrying of passengers while under the influence of liquor. The instruction in the circular concludes by informing the train hands that this rule must be observed or those violating it will be dismissed from the service.

Washington, Ind., March 17.—Mrs. Lucinda Fields will celebrate her one hundredth birthday with a family reunion at the home of her daughter in this city to-day. Mrs. Fields is a native of Washington county, Kentucky, but most of her life has been spent here.

● The finest "first aid" is Zam-Buk for many reasons. It is antiseptic—kills the poison in any wound. It conquers any wound, or skin injury, or disease against poison-germs in the air which are always ready to enter a cut place and set up poisoning and putrefactive change. Immediately they enter Zam-Buk they are instantly killed.

While certain ingredients in Zam-Buk are thus protecting you against external dangers, the rich healing herbal essences in the balm penetrate the tissues, stimulate the cells, and bring about perfect healing. Nothing like it! Watch it work! ●

PROOF FROM THE HOMES.

Mrs. Hall, [illegible], Ont., says:—"I have found Zam-Buk a most reliable household remedy. I have used it for cuts, sores, and various skin diseases, and have found it to relieve pain at once in every case. I would not be without a box of Zam-Buk in the house in cases of emergency, and I recommend all mothers to do likewise."

Mr. E. B. Levy, of Hantsport, Cape, N.S., says:—"Eczema broke out very badly behind my baby's ears, and despite treatment, got worse and worse. I was advised to try Zam-Buk. It gave relief from the first, and in a very short time it cured the eczema entirely. I highly recommend Zam-Buk to all."

Zam-Buk, 50c. box, all druggists and stores everywhere or Zam-Buk Co., Toronto.

The Morning Times.

FRIDAY, MARCH 18, 1910.

NEWS OF THE CITY

An Apprentice Wanted.

We require an apprentice to learn the printing business. A good chance for a bright lad to learn a first-class trade. Apply at The Times office.

Preached at Millbrook.

Rev. Dr. E. A. Langfeldt, M.A., rector of St. Luke's church, preached the Lenten service at St. Thomas' church, Millbrook last night.

Chamberlain's Stomach and Liver Tablets are safe, sure and reliable, and have been praised by thousands of women who have been restored to health through their gentle aid and curative properties. Sold by all dealers.

Token of Esteem.

A handsome scarf pin of Melesian design was presented to Mr. D. Hughes Charles, local manager of the Canadian Bank of Commerce, by certain members of the Canadian Club as a token of the esteem and reverence in which he is held by them.

Fortify now against the grip—for it comes every season sure! Preventics—the Little Candy Cold Cure Tablets—offer in this respect a most certain and dependable safeguard. Preventics, at the "sneeze stage" will, as well, also surely head off all common colds. But promptness is all important. Keep Preventics in the pocket or purse, for instant use. Box of 48 for 25c. Sold by all dealers.

Charged With Non-Support.

A case of non-support has been laid against a resident in the south end which will come up before Magistrate Dumble this morning.

Fined $10 and Costs.

At the police court yesterday Thomas Henry, a man who is on the Indian list, pleaded guilty to being found drunk. He was fined $10 and $2.60 costs.

The Annual General Meeting of the Members of the Peterborough Golf and Country Club will be held in the Bank of Montreal Chambers on Saturday evening, March 19th, 1910, immediately after the shareholders' meeting at eight o'clock. Prospective members are invited.

An Interesting Address.

Mr. J. H. Burnham, M.A., delivered an interesting address last night in St. Luke's school house on "The Average Man's View of Religion." Rev. Mr. Keith was to have been the speaker, but he was forced to fill another engagement, when Mr. Burnham in his usual kindly manner very acceptably filled his place.

Judgment on Monday.

On Monday next judgment will be given in the charge against Roland Butcher and his wife, that of being the keepers of a disorderly house, and in the meantime the defendants have been allowed their liberty, on their own recognizance. A large number of witnesses, the majority being Italians, gave evidence yesterday morning. Mr. G. N. Gordon conducted the case in the interests of the defendants.

Revision of Prize List.

A meeting of a special committee of the Peterborough Fair Society was held yesterday when revision in the cattle prizes was made, subject to the approval of the whole board of directors. The entire prize list will be revised by the committees in charge of the different departments.

Linday to Pave Streets.

According to Mr. John Carew, as reported in the Warder, Lindsay is to experiment with street paving. When our sister town comes to cover Kent street, it will wish that this street was 66 feet wide, instead of 100 feet. Very wide streets look nice but are an expensive luxury.

HIGH CLASS LADIES' TAILORING.

Opening on March 24th, at 453 George street, strictly high class tailoring and dressmaking establishment, under management of high class designer, Mr. J. Goldberg, Parisian Ladies' Tailoring Co.

THE STABBING CASE.

Ferro Bruno Was Committed to Stand Trial.

At the police court yesterday Ferro Bruno, the Italian, who it was charged, stabbed Robert Mellwain, last Friday night on Bethune street, was yesterday morning committed for trial by Magistrate Dumble. The prisoner was allowed to withdraw his previous election for a trial by jury.

Mr. G. N. Gordon conducted the case for the defence, and County Crown Attorney Wood prosecuted.

DOMESTIC AND STREET LIGHTS.

Only Purpose That Power Should be Developed.

To the Editor of The Times.

Sir,—I am informed that the Peterborough Light and Power Company are desirous of purchasing the Otonabee Company's plant, and this seems to me to be inevitable sooner or later. Then what may happen? Is it not easy to see that with all the available power in the hands of one company the rates will advance. Would it not be madness, therefore, to tie up or dispose of the city's power?

Let it be understood once and for all that this power must and shall be kept for no other purpose than to be developed for the lighting of our streets and our homes.

No one is afraid to trust Mr. Larmouth. We all believe he has the interests of the city at heart, but Mr. Larmouth may not always be in charge of the big power company.

I would say, Mr. Editor, keep the power which we have as it is, as a sort of insurance against high prices for domestic and street lights. It will pay to do this. When the present street lighting contract is near expiration, call for new tenders or develop our own power.

I am surprised that this view does not prevail with such men as Mr. Matthews, Mr. Moore and others. I can tell these gentlemen, however, the ratepayers will see that it does prevail when the time comes.

Thanking you, Mr. Editor, I am,

RATEPAYER.

No Meeting.

Owing to the absence of some members of the License Board, there was no meeting last night to consider the application of Frank Montgomery, for a license for the hotel, formerly known as the "Cavanagh House."

SOCIETY

The Times will be pleased to receive notices of Weddings, Social Events, Personal Announcements, which will be published in this column free of charge.

The many friends of Mr. Wilbert Yelland, who recently underwent an operation for appendicitis at Nicholls Hospital, will be pleased to learn that he has so far recovered that he was able to be taken to his home on Harvey street.

The late George Murray, associate of King's College, B.A., Oxon and F.R.S.C., the noted Canadian literateur, who died in Montreal on Sunday, was a first cousin of Mr. J. J. Pearson of Lindsay, father of Mr. R. B. Pearson of this city.

Little Local Lines

A first-class cafe is likely to be started in Peterborough soon.

Hugh Gibbs was assessed $2 for assault yesterday, at the police court He was also added to the Indian list.

It is learned that there will be quite an exodus of Peterborough people to the Western Provinces this spring.

ELECTION OF OFFICERS.

Annual Meeting of St. John's Woman's Auxiliary.

At the annual meeting of the above society, the following officers were elected:

Hon. President—Mrs. Vernon.
President—Mrs. P. Campbell.
1st Vice-President—Mrs. A. Stevenson.
Secretary—Miss Mencke.
Treasurer—Mrs. Boucher.
Dorcas Secretary—Mrs. Best.
Asst. Dorcas Secretary — Mrs. Gibbs.
P.M.C. Treas.—Mrs. Dean.
Literature Sec.—Mrs. Aylmer.
Leaflet Secretary—Miss Hall.
Supt. Mission Band—Mrs. Conway.
Asst. Superintendent — Mrs. Dutton.
Organist—Mrs. G. A. Smith.

The reports of the different branches of the work were read and adopted and showed good work done during the year.

Fully nine out of every ten cases of rheumatism is simply rheumatism of the muscles, due to cold or damp, or chronic rheumatism, neither of which require any internal treatment. All that is needed to afford relief is the free application of Chamberlain's Liniment. Give it a trial. You are certain to be pleased with the quick relief which it affords. Sold by all dealers.

POINTED GUN AT CONSTABLE.

While He Hid Behind a Tree and Threatened to Do Some Shooting.

London, Ont., March 17.—A constable hiding behind a tree, yelling "Put down that gun!" and at the same time reaching for his revolver, and a woman standing in her doorway with a double-barreled shotgun, were principals in an exciting scene at Pottersburg Tuesday evening.

County Constable Thomas C. Mills was the man behind the tree. He had gone out to Daniel Reynold's house to serve a summons for allowing dogs to run at large unmuzzled. The door was thrown open and the officer looked into the muzzle of a shotgun. The woman refused to lower it until, from behind the tree, the constable threatened to draw his own weapon. Before Squire Chittick yesterday, after paying his $2 and $3.80 costs in the dog case, Reynolds explained that he had only recently moved in from the townships, where his wife had been bothered by tramps.

NO LINIMENT LIKE "NERVILINE."

Fifty Years' Use Proves It the Strongest, Safest, Best.

1,000,000 Bottles Sold Annually.

The unexampled success of "Nerviline" is due to the fact that it is five times stronger, three times more penetrating, more pain-relieving than any other liniment.

One million bottles used every year—think what this means! Surely stronger proof is not possible that Nerviline is a trusty liniment, a household remedy upon which mothers can depend in case of accident or sudden sickness. Scarcely an ache or a pain that Nerviline won't cure—among the hundreds of ailments for which it is guaranteed are the following:—

Headache	Neuralgia
Sciatica	Rheumatism
Lumbago	Chest Colds
Sore Back	Toothache
Earache	Cramps
Diarrhoea	Bowel Disorders

Doctors will tell you that nothing but the purest and most healing antiseptic drugs are used in Nerviline—that's why it is so safe for general family use, for the baby as well as the parent. If you haven't tried Nerviline, do so now—your neighbors are almost sure to know of its manifold merits and uses.

Refuse any substitute for Nerviline sold the world over in large 25c bottles, five for $1.00, all dealers, or The Catarrhozone Co., Kingston, Ont.

ELECTRIC ENGINE.

Substitute Electric Engines for Steam Locomotives.

New York, March 14.—The plan to substitute electric engines for steam locomotives on all of the hundreds of trains that enter the Grand Central Station daily became an accomplished fact today when the new electric service on the Harlem Railroad between this city and White Plains was put into operation. The New Haben Road, which also uses the Grand Central Station for its New York terminal, has used electricity in running its trains into this city for several years.

The installation of electricity by the Harlem Railroad was signalized today by the running of an official train between New York and White Plains, carrying several hundred members of the Westchester County Chamber of Commerce, representatives of the New York Central lines, and a number of invited guests. The train was made up of heavy, new steel cars which the railway has had constructed especially for the service.

DIRECTOR'S REPORT

Your Directors herewith submit their Ninth Annual Report, with statement of assets and liabilities, and abstract of profit and loss account, for the year ended December 31st, 1909.

The profits for the year amounted to $907,949.60, as compared with $734,761.33 for 1908. In view of the depressed condition of business during the greater part of the year, this result should be regarded with satisfaction by the shareholders.

The amount at the credit of profit and loss account on January 1, 1909, was $1,319,221.67, against which the stock dividend of $1,000,000.00, declared in December, 1907, was charged.

The various amounts transferred to the Reserve Fund and Fire Insurance Fund, and written off for improvements and betterments, are shown by the accounts.

A sum of $256,663.84 for Premium and Commission on redemption of old and issue of new bonds has been paid out of the profits for the year.

The balance carried forward to the credit of profit and loss account is $256,577.38.

The sum of $263,673.17 has been expended during the year on capital account in the development of the submarine iron area at Wabana, and for improvements, plant, etc., elsewhere.

The volume of business transacted by the Company during the year shows a substantial increase, and is in excess of any previous year, and it is expected that there will be a still further increase in 1910.

The development of the submarine iron ore areas at Wabana was continued, the main slope being extended through these areas a further distance of 1,070 feet. The slope is now about 1,600 feet into our own areas from the southern boundary. The development work carried on has fully confirmed the estimates previously made as to the vast quantity of ore contained in, and the great value of these areas. The plant for the operation of these submarine mines is now being installed.

Considerable extensions and improvements have been made to the mills at New Glasgow, and further extensions and improvements will be made in 1910, with a view to increasing the capacity of finished product.

The conversion of the issue of bonds of the Company, authorized by the shareholders, has been carried out. A new issue of $1,000,000 5 per cent. First Mortgage Bonds, and an issue of $1,000,000 6 per cent. Debenture Stocks, were made; $2,000,000 of the Bonds and $1,000,000 6 per cent. Debenture Stock were sold in Canada, and the two former issues of 5 per cent. Bonds were paid off and cancelled. The balance of $2,000,000.00 of the Bonds remain in the Treasury. No portion of the premium on the retirement of the old bonds over the consideration on the new issue has been charged to Property Account.

The regular dividend of 2 per cent. quarterly has been paid on the preferred shares, and on Jan. 15th a quarterly dividend of 1 per cent. was paid on the ordinary shares, and the Directors have declared further dividends of 1 per cent. on the ordinary shares, and 2 per cent. on the preferred shares, payable on April 15th to shareholders of record on March 31st, 1910.

All of which is respectfully submitted.

February 28th, 1910.

ROBERT E. HARRIS, President.

LAW AND ORDER IN THE UNITED STATES.

There seems to be no improvement in the United States in the manner in which the law is enforced and offenders against it brought to trial and punishment. Lynching of negroes goes on almost as a matter of course. This latest case reported of this nature is the attack on a gaol in Cairo, Illinois. While not successful in their object of lynching a negro confined there for highway robbery, the officials seem to be unable to bring those engaged in the riot to justice. Although the sheriff is stated to know the principals in the disturbance, it is declared that his life would be in danger were he to attempt to arrest them. This discloses a terrible state of things and it is only one of many instances showing the deplorable situation that exists in the country. Happily, it is impossible to believe that a similar condition of things could occur in Canada. Here the integrity of the courts is unquestioned and in doing their duty the officials of the law have public sentiment behind them.

VOL. XXXIII NO. 63 PETERBOROUGH, ONTARIO SATURDAY MARCH 19 1910 PRICE TWO CENTS

A Tempest in a Teapot Is the Rabies Scare

So Dr. McNulty Led the Legal Committee to Infer Last Night—All Patients Sent to New York Recovered

The Legal Committee of the City Council last night handled dogs without gloves. The old-time friend of man, however, had one reasonable champion in Ald. Buller, who, while admitting that dogs should be controlled by some sort of a consistent bylaw, did not believe in murdering them on sight. He also contended that the poor man should have an equal opportunity with his more fortunate fellow citizen in keeping a dog should he feel so disposed.

Dr. McNulty was presented, and expressed his opinion that there is not much ground for the existing rabies scare. He had yet to learn of many deaths resulting from the bites of dogs; all the cases sent to New York had recovered. He strongly opposed the muzzling of dogs as being a measure calculated to drive any animal mad. The impression he left upon his audience was that the rabies scare is very much of a tempest in a tea pot. The doctor, however, opined that there are a certain class of dogs that might well be restricted from running at large.

THE NEW BYLAW.

Ald. J. J. Turner submitted the following bylaw for the council's consideration:

A bylaw for restraining and regulating the running at large of animals in the City of Peterborough.

Whereas by section 492 of the Consolidated Municipal Act, 1903, the council of every city is authorized to pass bylaws for the restraining and running at large of any animals and it is desirable to pass a bylaw for the purpose aforesaid in the City of Peterborough.

The Corporation of the City of Peterborough by the council thereof enact as follows:

Clause 1—No person shall suffer or permit any animal to run at large or trespass upon the property of any other person or body corporate in the City of Peterborough.

Clause 2—Any person violating the provisions of this bylaw shall on conviction thereof be subject to a fine not less than one dollar and not exceeding fifty dollars and costs to be levied in case of default of payment by distress and sale of the offenders' goods and in case of non-payment of the fine inflicted and there being no distress out of which such fine can be levied the offender shall be liable to imprisonment with or without hard labor in the county jail in the County of Peterborough, for any period not exceeding 21 days.

Clause 3—This bylaw shall not affect or diminish the right to impound animals running at large or trespassing under any bylaw of the said corporation nor any other law in force giving a right to obtain compensation for any damage done by animals running at large and doing damage or trespassing on or to the property of any other person.

Clause 4—This bylaw shall not apply to dogs accompanying the owners on the public streets when under control because of leash for the proper control of any dog or bitch provided such dog or bitch shall have and carry securely attached to a strap or collar about their neck a tag of the character hereinafter described.

Clause 5—Such tags shall be of the form and character decided upon from time to time by the city council or police committee thereof and shall be issued by the city clerk of the said city yearly on payment for the use of the said corporation of the fee of two dollars for each dog and five dollars for each bitch, and shall be valid until the thirteenth of April in the year following for which the same shall be issued.

Clause 6—The city clerk will keep a register of the issue of such tags, and the persons to whom the same were issued and the sum paid therefore, the number in each case corresponding to the number of tags issued and in making out the collectors' roll he shall credit as against the dog tax otherwise payable by any other person according to such roll the sum or sums paid by such person for tags pursuant to this bylaw.

Clause 7—Where the owner, possessor or harborer of any dog or bitch has paid the tax on such dog or bitch for any year no further tax or fee shall be payable for such dog or bitch by the same or any other person for the same year but nothing herein contained shall affect the right to kill any dog or bitch running at large with or without a tag.

Clause 8—Any dog or bitch owned, possessed or harbored on any premises which may be deemed a nuisance by the reason of the amount of barking crying or howling, must be removed or destroyed by the owner, possessor or harborer upon being adjudged guilty by the magistrate or justice of the peace. In the event of the owner or harborer not complying with the decision of the magistrate or justice of the peace in this respect within four hours he shall be liable to a fine of not less than one dollar for each twenty-four hours afterwards, and at the expiration of forty-eight hours after judgment has been given the police will destroy the dog or bitch and the owner, possessor, or harborer will remove the same at his own expense.

Clause 9—The police will be instructed by the commissioners to impound all dogs or bitches found running at large without muzzle and to keep the dog or bitch for twenty-four hours after being impounded to give the owner a chance to reclaim his property, pay the expenses incurred and take the dog or bitch away. If at the expiration of twenty-four hours the dog or bitch has not been claimed the police are authorized to destroy the same.

Ald. Buller objected to clause five. He contended that $1 and $2 would be quite sufficient a tax to impose, especially when the dog's owner was compelled to keep his pet within leash. He would not oppose the higher fee of $2 and $5 were the dogs allowed to run at large, and without a muzzle, but he contended that the poor man should have a chance to sport a dog as well as the rich man.

Ald. Phelan supported Ald. Buller, and the two stood by their guns with the result that council will be asked to fix the amount of dog tax.

Ald. Buller did not take much stock in the rabies scare. He contended that the Hamilton man's blood was probably in such a condition that the scratch of a nail on his lip would have resulted in blood poisoning.

Clause 8 also stirred up Ald. Buller. He objected to a man being compelled to murder his dog on sight simply because he yelled. He saw a good deal of injustice in this clause, and contended that the street cars might at times be deemed as much of a nuisance as a barking dog.

This is another clause that the council will have to deal with when the bylaw comes before them at an early date.

Mr. Griffin's contention that the committee's refusal to remit him the amount of his fine, imposed by the magistrate for encroaching on a neighbor's property, would not hold water with him, was laid on the table.

ST. PATRICK'S EVENING.

At the Y.W.C.A. Was a Very Enjoyable One.

The "St. Patrick's Evening," given at the Y. W. C. A. last night proved a very enjoyable and successful affair. The program given was a very delightful one, and every number was thoroughly enjoyed. There were about 125 present. After the program a social time was spent and refreshments were served. These sociable evenings given at the Y.W.C.A., have been very enjoyable as well as profitable, and the young ladies have met with much success in adding to their membership. The class lectures have also proved a strong drawing card and have been very instructive.

CAPT. W. H. WHITE,
Marine Superintendent of the Otonabee Navigation Company.

WOULD END THE WATERWAYS PACT

FEARS TARIFF WOULD KILL UNRATIFIED TREATY.

United States Officials Hopeless — Fear Canada Will Not Yield — Naval Men Anxious about Niebe.

Washington, March 18.—State Department officials have practically abandoned hope of adjustment of the tariff differences between the U. S. and Canada, and expect that the maximum rates of the Payne-Aldrich Act will automatically go into operation against that country on April 1.

When questioned as to whether any progress had been made in the negotiations, an official of the State department said today that there was absolutely no change in the situation and so far as the State department could see, there was no prospect of a satisfactory understanding being reached.

One of the probable results of a tariff war between the U.S. and Canada will be the defeat of the so-called Waterways treaty with Great Britain, a convention which is the result of long negotiations and designed to adjust numerous cases of friction between the U.S. and Canada.

HAD INTEREST IN A BREWERY

WHY ARCHDEACON SINCLAIR CHAMPIONED ALCOHOLICS.

He is Much Criticised—Even Church of England Members Find Fault With the Minister.

London, March 18.—Archdeacon William Sinclair of London, who, in a recent sermon in Manchester, cited Christ's words and example in support of his claim that the moderate use of alcoholics is harmless today has a big job of explanation on his hands.

In a letter to the News today, F. Norbury Williams throws significant light on the archdeacon's utterances by showing that he is financially interested in one of the big English breweries.

"May I be allowed to quote a line from the official list of shareholders in the great brewery of Barclay, Perkins, and Company?" writes Mr. Williams. "The following is the grim entry that has stood in the brewery's books since the formation of the company in 1696:

"Sinclair, Wm., chapter house, St. Paul's; 200 10-pound shares."

The disclosure of the archdeacon's financial interest in the brewery has caused a greater sensation than his pulpit approval of the moderate use of alcohol, which caused the bitterest non-conformist attack a clergyman of the English established church has had to face in generations.

Many Episcopalians even have joined the non-conformists in criticism of the archdeacon's position.

CANAL WORK RESUMED.

Work on Canal Started Again at Hastings Village.

The engineering staff of the Hastings section of the canal, who have been to Harwood during the winter, making a survey of Rice Lake, returned to town on Monday, having completed their work so far as this section of the canal is concerned.

The dredge crew for the small dredge went down from Peterborough on Monday and commenced fitting her up for work. It commenced to look almost like spring being at hand when the smoke appeared coming out of the stack in the dredges, as though they were getting up steam again. The new tug will be ready for launching in a few days, when she will have the balance of her outfit on board, the engine already being installed.

The gravel teams are at work again during the cold snap, adding to the dump, but of course are not making the headway they did during the good sleighing.

W. H. ROBERTSON,
President of The Otonabee Navigation Company.

LORDS VOTE FOR ROSEBERY'S REFORM

LIBERALS THINK NOTHING WILL COME OF HIS PLAN.

Earl of Crewe Very Biting—Says Upper House Wants to Do as Before But More Cleverly.

London, March 18.—In the House of Lords yesterday Lord Rosebery's resolution was carried without division. Lord Lansdowne accepted the principle of reform, but refused to surrender entirely the hereditary right of the peer to a seat. He challenged Mr. Asquith to let the country decide between the cabinet's plan of veto and reform later, and the Lords' plan of reform first. He disapproved the suggestion that there should be a great number of representatives of the dominions overseas.

"I do not think the colonies would part with their best men to attend regularly your Lordships' House," he said. "I do not think they would be grateful for the amount of representation which from force of circumstances, we should be able to give them."

The Earl of Crewe was bitingly ironical in reply. He declared that the government favored a bicameral system, and pointed out that as the Lords had always participated in the reform of the Commons, the latter would want a voice in the reform of the Lords. The object of the peers was to go on exactly as they had done with regard to Liberal measures, but with less exposure to criticism. They wanted their victory to be more creditable, but equally certain. He chided Lord Curzon for declaring the sympathy of the colonies was with the House of Lords. Speaking with authority, as secretary for the colonies, he had never heard that point of view before. He finally declared the proposed scheme of reform was a mockery.

The Liberal opinion is that nothing will come of the Rosebery proposals, which will be debated next week.

United States Congress Now in a Deadlock

Have Beaten Recent Feat of Canadian Commons for Stubborn Stay-With-Its —Warrants Issued for Absentee Members

Washington, March 18.—Streaks of dawn filtered through the windows of the capitol this morning lighted up 100 heavy eyed, careworn, but aggressive statesmen, wrangling in the chamber of the House of Representatives over a point that is supposed to test the power of Speaker Joe Cannon. A little later when old Sol peeped in he blinked with surprise when he observed that the House was still doing business after a continuous session of 18 hours.

CAUSE OF TROUBLE.

But one resource remained to save the regulars from complete rout, and that lay in the power of the speaker to block proceedings. He closed the throttles, and it became a test of endurance.

Ever since the insurgent movement started one of its chief objects has been to get a committee on rules elected by the members. An effort was made a year ago to bring this about, but failure was the result. This caused all the trouble.

The busiest and mightest little into energy, gloominess into joyousness thing that ever was made is Chamberlain's Stomach and Liver Tablets. They do the work whenever you require their aid. These tablets change weakness into strength, listlessness into energy, gloominess in joyousness. Their action is so gentle one don't realize they have taken a purgative. Sold by all dealers.

86,488 Came from U.S. in Eleven Months

Ottawa, March 18.—Immigration into Canada for February of this year was more than double the immigration for the corresponding month of last year. The total last month was 16,263, as compared with 4,791 for the preceding February, an increase of 112 per cent.

For the eleven months of the fiscal year the total number of immigrants has been 175,729, an increase of 45,285, or 35 per cent., compared with the corresponding eleven months of 1908-9.

From the United States for the eleven months the immigration increased by 71 per cent., the comparative figures being 86,488 and 50,650.

Retail Hardware and Stove Dealers' Convention

The Legal Committee of the City Council met last night when there were present Chairman Ald. Duffus, Aldermen Turner, Phelan and Buller.

The meeting was called mainly to consider ways and means of securing for Peterborough the sixth annual convention of the Retail Hardware and Stove Dealers' Association, to be held in February, 1911.

The association will need accommodation for at least 500 or 600 visitors, together with an exhibition hall and a convention chamber.

The committee is anxious to secure the use of the armories and the Collegiate Institute Assembly Hall for this event, the former project, however, was considered impossible, as the legislature is strongly opposed to allowing the use of the armories for any other purpose than those of a military nature.

Ald. Duffus asserted that by the appointment that the manufacturers had not responded to his invitation to be present at a meeting that materially affected their own interests.

Mr. Fortye of the Lock Works, was present, and contended that it would be a good thing for our manufacturing interests of Peterborough, could we secure the convention.

Mr. Harry Morgan of the Peterborough Hardware Company strongly supported Mr. Fortye, and felt that there would be no difficulty in meeting the requirements of the convention. The manufacturers, he contended, should unite with the city authorities in arranging to entertain the visitors.

Ald. Phelan thought that if Peterborough exerts itself there would be no difficulty in securing the convention.

Ald. Duffus asserted that by the date of the convention the new T. A. C. rooms might be secured, which in conjunction with the Market Hall would meet all requirements. It was generally conceded that this city would not be found wanting in providing sufficient accommodation, not only as to a convention and an exhibition hall but also regarding personal calls.

Ald. Turner moved that Chairman Duffus and his worship the mayor take all necessary steps for meeting the convention's requirements and send a representative to Toronto on Friday next, when the Hardware Association meets, to exert every effort to secure for Peterborough their next convention.—Carried.

Otonabee Navigation Co. Extending Its Operations

TRAIN CONNECTIONS AT PETERBOROUGH, BOBCAYGEON AND LINDSAY AND OTHER POINTS.

Complete Change of Time Table This Season. Arrangements perfected For A Thorough Connecting Line With Railways.

The Otonabee Navigation Company has completed arrangements for next season's operations, and a better service will be inaugurated than has heretofore existed. The company has acquired another steamer, making five in all. These boats are being overhauled and put in first-class shape for next season's business.

Under the new arrangement a steamer will leave Gore's Landing and other Rice Lake points every morning, arriving in Peterborough in time to connect with the mid-day trains from Toronto and western points. The boat will then proceed to Stoney Lake, arriving there early in the evening, and remaining until about 11.30 a.m., making close connecting ample time to make all necessary calls among the islands in both upper and lower Stoney Lake.

A boat will leave Stony Lake daily about 11.30 a.m., making close connections at Peterborough with C.P.R. and Grand Trunk, and reaching Rice Lake about 7 p.m., where it will remain until the following morning.

Another boat will leave Crowe's Landing and all intermediate points for Bobcaygeon, arriving there at 12 o'clock, connecting with the C.P.R. Leaving again at 1.15, she will arrive at Burleigh Falls at 4 p.m. and other points on upper and lower Stoney Lake a little later.

On the Lindsay division a splendid service has been arranged between Lindsay and Sturgeon Point, as well as Bobcaygeon, Fenelon Falls and Cobconk.

The splendid new twin screw excursion steamer Otonabee will handle the excursion business as heretofore, between Rice Lake and Lindsay, as well as intermediate points.

The company has engaged a permanent manager in the person of Mr. Robt. Pinchin, who will give the business his undivided attention. Mr. Pinchin intends moving his family to Peterborough in the near future and will become a permanent resident of this city.

The company has another steamer under construction, which will be put on the route between Lake Simcoe and Bobcaygeon. This boat will not be completed in time for work this season, but will be ready for next year. The following are the names of the company's steamers and their masters:

Otonabee, Capt. W. H. White.

Water Lily, Rice Lake and Burleigh Division. Capt. Geo. D Prewer.

Monarch, Rice Lake and Burleigh Division. Capt. Wilbur Harris.

Medivale, Burleigh and Bobcaygeon Division.

Manita, Lindsay, Fenelon Falls and Cobocook Division, Capt. S. R. Pearson.

Steamer Carmans, (under construction.)

The following are the officers of the company:

W. H. Robertson, President.
J. E. Henderson, Vice-President.
Robt. Pinchin, General Manager.

ROBERT PINCHIN,
General Manager Otonabee Navigation Company.

Rutherford's Majority of Three Wavering— Makes Concessions

Cabinet Makes Concessions to Insurgents With a View to Postponement.

A Majority of Three Is Rutherford's Position at the Present Time.

Edmonton, Alta., March 18.—The Alberta Government is now in the position of having to compromise with the insurgents on almost every question which comes up. Yesterday the government under heavy pressure conceded every point to the insurgents in their demand for a full investigation of the Great Waterways deal, chief amongst which concessions was that of allowing the right of insurgents to apply for counsel. The position of the government in these circumstances, hanging to office as they are by only three of a majority, is exceedingly precarious. It would be fatal to the government it is admitted on all hands, to allow any question to come to a vote in the House at this time. Consequently the government is making every effort to compromise with the hope of smoothing things over.

Last night there was a meeting in caucus to endeavor to meet the insurgents in their demands for an adjournment of the House until the Waterways enquiry is over. The government does not want this question to come to a vote in the House, for they would be sure to suffer defeat if they opposed the proposal openly in the legislature.

The question of a railway commission which shall handle the Great Waterways Railway is another question on which it is believed the government is trying to compromise. The premier has a resolution proposing himself with Railway Engineer Jones and Deputy Minister of Public Works Stocks as the board. G. P. Smith, one of the insurgents, has a resolution for an independent board, mentioning no one. McDougall of the insurgents, is believed to have another resolution, asking for the appointment of Stocks and Chalmers, Provincial Engineer, and Mr. Primrose, ex-Mounted Police Commissioner of McLeod, as the board.

Arthur Best Let Go on Habeas Corpus

Windsor, Ont., March 18.— Arthur J. Best, 19 years old, of Comber, Ont., the youth held by the Detroit police in connection with the drowning of a woman in Detroit river, supposed to be the month-old bride, was released from custody last night, and crossed over to Windsor, and went direct to his home in Comber.

The police were served with a writ of habeas corpus secured by Best's father yesterday afternoon, and after consultation with Detroit's prosecutor, the police department decided it was better to release him. Best had little to say regarding his illegal detention.

Every hope is being held out that the woman's body will be recovered. The Canadian youth does not believe that it was his wife that was drowned.

THE WEATHER.

Southerly winds; milder; fine at first, showery by night.

Nothing in the way of a Cough is quite so annoying as a tickling, teasing, wheezing, bronchial Cough. The quickest relief comes perhaps from a prescription known to Druggists everywhere as Dr. Shoop's Cough Remedy! And besides, it is so thoroughly harmless that mothers give it with perfect safety even to the youngest babes. The tender leaves of a simple mountain shrub, give to Dr. Shoop's Cough Remedy its remarkable curative effect. A few days' test will tell. Sold by all dealers.

CAKE, hot biscuit, hot breads, pastry, are lessened in cost and increased in quality and wholesomeness, by
ROYAL
Baking Powder
Bake the food at home and save money and health

It would be fatal to the government it is admitted on all hands, to allow any question to come to a vote in the House at this time. Consequently the government is making every effort to compromise with the hope of smoothing things over.

Last night there was a meeting in caucus to endeavor to meet the insurgents in their demands for an adjournment of the House until the Waterways enquiry is over. The government does not want this question to come to a vote in the House, for they would be sure to suffer defeat if they opposed the proposal openly in the legislature.

The question of a railway commission which shall handle the Great Waterways Railway is another question on which it is believed the government is trying to compromise. The premier has a resolution proposing himself with Railway Engineer Jones and Deputy Minister of Public Works Stocks as the board. G. P. Smith, one of the insurgents, has a resolution for an independent board, mentioning no one. McDougall of the insurgents, is believed to have another resolution, asking for the appointment of Stocks and Chalmers, Provincial Engineer, and Mr. Primrose, ex-Mounted Police Commissioner of McLeod, as the board.

Have you a weak throat? If so, you cannot be too careful. You cannot begin treatment too soon. Each cold makes you more liable to another, and the last is always the harder to cure. If you will take Chamberlain's Cough Remedy at the outset you will be saved much trouble. Sold by all dealers.

AN INSTRUCTIVE LECTURE.

By Prof. J. C. McClennan at Normal School on "The Physical Properties of Air."

Prof. J. C. McClennan of Toronto, University, delivered a lecture in the assembly room of the Normal School last night, on the subject of "The Physical Properties of Air." The lecture was illustrated and was very interesting and instructive. On account of the school closing for the Easter holidays, quite a number of the students were away. At the conclusion of the lecture a vote of thanks was tendered the lecturer for his able and instructive address.

"LOST 16 LBS. IN WEIGHT."

Was Kept Down By Bilious Indigestion, and When in Despair Dr. Hamilton's Pills Cured.

In the following interesting letter Mrs. H. R. Plunkett, well known in her home town of Hewtonville, tells how she conquered bilious indigestion. "I think it was drinking ice water on a very hot July day two years ago that caused an inflamed condition in my stomach, which gave me such repeated and weakening attacks of biliousness and stomach trouble. So severely did I suffer that my strength was impaired, and I lost sixteen pounds in weight. My whole body was weakened, both kidneys and bowels failing to keep the system in natural condition. Food fermented, skin was dry and yellow. I had flushes of heat, and prickling sensations in various parts of the body. In the winter I had cold feet and clammy hands, and not until I commenced to take Dr. Hamilton's Pills did I obtain relief. In a short time Dr. Hamilton's Pills cured the bilious dyspepsia, and in a month I gained almost four pounds. The pain over the liver disappeared, the bowels acted regularly, and I kept on improving so rapidly that in three months I was vigorous and well. I recommend Dr. Hamilton's Pills to every one in poor health."

To receive the same benefit as Mrs. Plunkett, commence Dr. Hamilton's Pills today, 25c per box. All dealers, or The Catarrhozone Co [illegible] ton, Ont.

We offer 1,000 shares for subscription at par, $10.00. The right of allotment is reserved.

The Canadian Poultry Farm Stock Co. Ltd.

(Charter Applied For).

CAPITAL $40,000.00

Divided into 4000 shares at $10.00 each, same being Common Stock.

Head Office and Farm—MONTREAL, QUE.

Incorporators: C. J. BELL, Manager. LOUIS P. RENE, A. W. SAGER

Room 53, Royal Trust Building.

The object of this Company is to operate a Poultry Stock Farm and to supply eggs, fowls, etc., etc., to the Montreal market. At the present time there is no such business being carried on in this part of the country, although in Western Canada and the United States many similar farms are being conducted with great success; and each and every one shows a handsome profit on the capital invested. By being the first to operate such a business in this part of Canada, where the output could be sold many times over, and with competent men to manage the farm, the success of the business is assured.

It is hoped to have the farm in operation about the first of April, and we will gradually increase so as to meet the demand of the trade. The shareholders will have first option upon the output, which it is intended to deliver daily.

It is worthy of note that the freight charges paid to the different railway companies for transporting eggs, poultry, etc., into Montreal amount to thousands of dollars per year, said eggs, poultry, etc., being shipped from all parts of Ontario and Quebec, together with shipments from other provinces, all to be consumed in the City of Montreal, and in nearly every case these shipments are controlled by the Wholesale Produce Merchants, and re-sold to Retail Dealers, then sold by the latter to the consumers; therefore, it is easily perceived that in this way four profits must be divided from the price the farmer calls at to the price the consumer pays for the above-mentioned articles.

At the present moment fresh eggs are very scarce; so-called fresh eggs are being sold to the consumer at from 30 cents to 63 cents per dozen. We do not expect to be able to overcome this great problem, but we do expect to be in a position to furnish the Shareholders in this Company and other Retail Dealers with fresh eggs daily. Taking into consideration the number of eggs that are consumed in Montreal every day, the placing of the output is a foregone conclusion.

In P. E. I. the average profit per hen for eggs a year is $2.00; in York Co., Ont., $2.75; in New Jersey, $6.00. It is expected that the average profit in Montreal will be $3.00.

It is understood we are to start this business in the right way. In the first place, only first-class fowl, such as hens, turkeys, geese, ducks, etc., will be purchased, and by purchasing a farm within the suburbs we will in a few years save the entire price paid for same by the saving of the enormous freight charges on eggs, etc., from an outside point.

ESTIMATE OF EXPENDITURES.

Farm property	$10,000 00
Hens, Turkeys, Geese and Ducks, etc. including feed, and grain for same	5,000 00
Incubators and Implements, etc.	3,000 00
Building, Outhouses, etc.	5,000 00
Unforeseen expenses	2,000 00
Total expenditure	$25,000 00

EXPENSES FOR ONE YEAR.

Manager's salary	$2,000 00
Wages for labor	2,000 00
Sundries, etc.	1,000 00
	$ 5,000 00
Reserve	$10,000 00

ESTIMATED PROFITS FOR FIRST YEAR.

2000 hens to commence will yield in eggs an average of $3.00 each	$6,000 00
Adding to our flock of egg producers within six months 10,000 hens, which will average profit by April, 1911, $1.50 each	15,000 00
Poultry for the market; 2,000 dozen of eggs will raise by incubators 18,000 chickens, which can be ready for the market in from seven to twelve weeks; sale price will easily average $1.10 per pair (this can be repeated during the year)	9,900 00
Turkeys, rough estimate	2,100 00
Ducks	3,000 00
Geese, etc.	4,000 00
Representing dollar for dollar profits	$40,000 00
Our debt for the second year will be reduced some	$30,000 00
Our profit for the second year will increase considerably. Rough estimate	15,000 00

ANOTHER BORDER INCIDENT.

A British army officer on his way to visit Chicago friends, was forbidden to enter the United States at Sault Ste. Marie the other day by an immigration officer. As it is evident that the newspaper protests on both sides of the line have had little effect in bringing the American border immigration officials to a more courteous and reasonable frame of mind, it would seem that the next logical step would be a courteous protest from the Canadian Department of State to the American secretary of state.

Incidents like the present one have been constantly occuring along the border, so far as the American officials are concerned. Canada has reason to congratulate itself that no serious case of discourtesy on the part of a Canadian border official has been reported for a long time, says the Ottawa Journal. The recent comments of American newspapers and the good sense to be attributed to the American government is assurance that the boorishness exhibited on the border will meet with both popular and official condemnation.

Were the present incident reversed and the result of a Canadian officials treatment of a decent American, it is fairly certain that the Canadian Government would make an example by dismissing the offending employe. And while Canada has no wish to dictate in any way to the American government, it would certainly seem from this side of the line that some such example was thoroughly necessary.

Croup positively stopped in 20 minutes, with Dr. Shoop's Croup Remedy. One test alone will prove this truth. No vomiting, no distress. A safe and pleasing syrup—50c. Sold by all dealers.

Catarrh Cannot be Cured.

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in the country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly upon the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials, free.

NOTICE

TAKE NOTICE that the Municipal Council of the Corporation of the City of Peterborough, intends after one month after the last publication of this notice, to undertake the construction of granolithic sidewalks on the following streets or parts of streets in the City of Peterborough, as local improvements, under Section 678 of the Consolidate Municipal Act, 1903, and the other provisions of the said Act, and the By-laws of the City relating to local improvements and applicable thereto:

Aylmer street, east side, from the Grand Trunk Railway to Smith street.

Concession street, west side, from Hunter street to St. Luke's avenue.

Caddy street, south side, from Concession street to Centre street.

Crescent street, south side, from Romaine street to Haggart street.

Douro street, south side, from Driscoll street to Rogers street.

Dublin street, north side, from Bethune street to Rubidge street.

Dublin street, south side, from Reid street half way to Downie st.

Edinburgh street, north side, from Stewart street to Bethune street.

Gilchrist street, west side, from McDonnell street to London street.

Hazlitt street, south side, from Concession street to Rogers street.

Lake street, south side, from the Grand Trunk Railway to Park street.

Louis street, west side, from Charlotte street to King street.

Lafayette street, east and west sides, from Albert street to Chamberlen street.

Mark street, east side, from Sophia street to Maria street.

Mark street, west side, from Maria street to the lake front.

Mark street, west side, from James street to 33 feet north of James street.

Maria street, north side, from Mark street to the Grand Trunk Railway right of way.

McDonnell street, south side, from George street to Water street.

McDonnell street, south side, from Park street to Cross street.

Manning avenue, north side, from Benson avenue to Aylmer street.

Park and Gilchrist streets, east side, from Brock street to the creek.

Park street, west side, from McDonnell street to Smith street.

Park street, east side, from Westcott street to Romaine street.

Rogers street, west side, from Hunter street to Douro street.

Rubidge street, east side, from London street, to Edinburgh street.

Romaine street, north side, from Park street to George street.

Smith street, north side, from Bethune street to Reid street.

Smith street, south side, from Harvey street to the River.

Smith street, north side, from George street to Benson street.

Stewart street, west side, from Edinburgh street to Reid street at Victoria avenue.

Stewart street, east and west sides from Perry street to Park street.

Park street, west side, from Parnell street to Lake street.

Dublin street, south side, from the eastern limit of lot 17 west of George street to Reid street.

And to assess the final cost thereof, less the cost of that part of the work which is incurred in respect of street inter-sections, and opposite exempted properties, and less forty per cent. of the remaining cost of the work, to be provided by the Municipality, under Section 678 of the Consolidated Municipal Act, 1903, upon the properties abutting thereon and to be benefitted thereby, and the number of annual special assessments therefor will be twenty.

Persons desiring to petition the said Council against undertaking any of the said proposed works must do so on or before the 29th day of April, 1910.

Dated the 12th day of March, 1910.

S. R. ARMSTRONG,
City Clerk.

Beware of Imitations Sold on the Merits of Minard's Liniment

CURZON DECLARES WE PREFER A FIRST CHAMBER.

London, March 17.—Lord Curzon, continuing the debate on the reform of the House of Lords, in the Upper Chamber yesterday, said he hoped the House would commit itself to a serious scheme of reform. The House had justified the hereditary principle. Hereditary peers were entitled to share in the future composition of the House.

"The colonies," he said, "have always looked upon this house as containing a truer perception of imperial and colonial feeling than the House of Commons, as the House where their case is stated with experience, regarded with sympathy, and judged with authority. As one who has served the Empire in foreign parts I cannot exaggerate the importance of this consideration.

"It is quite a mistake to suppose because the colonies are liberal or democratic in sentiment that therfore they have an inherent dislike for an aristocratic second chamber. What they want in a second chamber is character, authority, and experience. If they found a second chamber composed exclusively of dukes who were more infected with the imperial spirit and viewed their standpoint with greater sympathy, they would vote for a second chamber of dukes. Anyhow they would sooner have a second chamber of dukes than a first chamber of demagogues." Their lordships had to consider the empire, and not bring about too violent a rupture.

Lord Halsbury boldly described all plans for reform as mischievous. It would be an impossible to make an institution more consonant with the people's habits and more practically useful than the House of Lords at the present time.

The debate was again adjourned.

A failing tiny nerve—no larger than the finest silken thread—takes from the Heart its impulse, its power, its regularity. The Stomach also has its hidden or inside nerve. It was Dr. Shoop who first told us it was wrong to drug a weak or failing Stomach, Heart or Kidneys. His prescription — Dr. Shoop's Restorative—is directed straight for the cause of these ailments—these weak and faltering inside nerves. This, no doubt clearly explains why the Restorative has of late grown so rapidly in popularity. Druggists say that those who test the Restorative even for a few days soon become convinced of its wonderful merit. Anyway don't drug the organ. Treating the cause of sickness is the only sensible and successful way. Sold by all dealers.

Cosgrave's Beer

Words of praise have ever prevailed in advertising "copy." That a producer should wax enthusiastic over his own wares is but human. But it's the praise of the consumer that counts—and it is to a discriminating and critical public that "Cosgrave's" relies you.

It is safe to say that no product of any kind enjoys a more enviable reputation than does this famous Cosgrave Beer of Toronto in markets where it is offered.

Its self-evident honesty of purpose, purity, brilliancy, body, and every other attribute that goes to make a perfect beer are ever in evidence.

Proprietor.

HOTEL CARSLAKE, MONTREAL. European plan—opposite Grand Trunk. Geo. Carslake, Proprietor.

Synopsis of Canadian Northwest Land Regulations.

ANY PERSON WHO IS THE sole head of a family, or any male over 18 years old, may homestead land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother, or sister of an intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, solely owned and occupied by him, or his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price $3.00 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price $3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth $300.00.

W. W. CORY,
Deputy of Minister of the Interior.

18 Wood Street, Toronto.

NOTICE TO CONTRACTORS.

Tenders For Machinery, Belting, Shafting, Cranes, Air Compressors, Etc.

SEALED TENDERS, addressed to the undersigned, and marked on the envelope "Tender for Machines and Tools," "Tender for Leather Belting," etc., etc., as the case may be, will be received at the office of the Commissioners of the Transcontinental Railway, at Ottawa, Ontario, until 12 o'clock noon of the 12th day of April, 1910, for:

(1) Machines and tools;
(2) Leather belting;
(3) Shafting, hangers, steel frame work, etc.;
(4) Miscellaneous equipment, industrial track and lockers;
(5) Motors;
(6) Furnaces and forges;
(7) Cranes;
(8) Air compressors;
(9) Grey iron foundry equipment and brass foundry equipment;

required for the equipment of the locomotive and other shops of the Commissioners of the Transcontinental Railway at Springfield, east of Winnipeg, Manitoba.

Tenders will be received and considered for any or all of the items indicated above and numbered from 1 to 9, both inclusive.

Plans and specifications may be seen in the office of the Chief Engineer of the Commissioners at Ottawa, Mr. Gordon Grant, and in the office of the District Engineer of the Commissioners at St. Boniface, Man. Mr. S. R. Poulin.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied by the Commissioners, which may be had on application to the Chief Engineer at Ottawa, or to the District Engineer at St. Boniface, Man.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada, payable to the order of the Commissioners of the Transcontinental Railway for a sum equal to ten per cent. (10 per cent.) of the amount of the tender.

Any person whose tender is accepted shall within ten days after the acceptance thereof sign the contract, specifications and other documents required to be signed, and in any case of refusal or failure on the part of the party whose tender is accepted to complete and execute the contract with the Commissioners, the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure, and all contract rights acquired by the acceptance of the tender shall be forfeited.

The cheques deposited by parties whose tenders are accepted will be deposited to the credit of the Receiver General of Canada as security for the due and faithful performance of the contract according to its terms.

The cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

The right is reserved to reject any or all tenders.

By order,
P. E. RYAN,
Secretary, The Commissioners of The Transcontinental Railway.
Ottawa, 2nd March, 1910.

Newspapers inserting this advertisement without authority from the Commissioners will not be paid for it.

HIS PRAISE OF BRITISH RULE IN EGYPT PLEASES.

Gives Advice to Natives—Pleases With Young Men to Help Carry on the Good Work Under Way.

London, March 17.—England is singing the praises of Theodore Roosevelt today as never before, as a result of his speeches at Khartoum yesterday in which he praised without stint British rule in Egypt and pleaded with the young natives to carry on the work that has been so well begun.

In his brief visit to Khartoum, Englishmen are ready to admit, Colonel Roosevelt has done more good than armies and government officials could have done in a year. That his speeches will have a powerful effect in quieting the unrest of a large part of the native population is the firm belief of Englishmen generally.

It is conceded that no one else could have made the plea so effective as Roosevelt. Similar words coming from an Englishman could not possibly have had the same influence owing to the charge of self interest that could have been made against the speaker.

One effect of the speeches will be to intensify the enthusiasm of the people when Roosevelt comes to England. Always held in the highest esteem, Englishmen are now acclaiming Roosevelt as one of the "world's foremost citizens."

One of today's papers facetiously expresses the wish that Roosevelt might find it convenient to go to India to do a little missionary work for England there.

Threatened to Do Some Shooting.

London, Ont., March 17.—A constable hiding behind a tree, yelling "Put down that gun!" and at the same time reaching for his revolver, and a woman standing in her doorway with a double-barreled shotgun, were principals in an exciting scene at Pottersburg Tuesday evening.

County Constable Thomas C. Mills was the man behind the tree. He had gone out to Daniel Reynold's house to serve a summons for allowing dogs to run at large unmuzzled. The door was thrown open and the officer looked into the muzzle of a shotgun. The woman refused to lower it until, from behind the tree, the constable threatened to draw his own.

Get Health

Dr. Shoop's Restorative is now used and recommended in every city and hamlet in America. They are posted everywhere and in every community—and everywhere they tell why and how. Ask your neighbor. Those who are ailing and sick and suffering from the many forms of human ills, should learn from them why Dr. Shoop's Restorative.

When the kidneys fail, or the heart falters, the nerves fail, your body begins to decay. Dr. Shoop's Restorative quickly fortifies these basic tissues. Strengthens and feeds them back to health again. And best of all, they positively take no money risk whatever. They know that when health fails to return Dr. Shoop will himself gladly pay the druggist for your test. And for that test a bill or day means much to nearly ground.

Just write me first for an order. This will save delay and disappointment. All druggists sell Dr. Shoop's Restorative. Dr. Shoop's Restorative, Dr. Shoop's Rheumatic Remedy, Dr. Shoop's Blood and Nerve Tablets, Dr. Shoop's Kidney Remedy, Dr. Shoop's Pain Relief, Dr. Shoop's Night Cure, Dr. Shoop's Cough Cure, Dr. Shoop's Croup Cure, Dr. Shoop's Hair Balm, Dr. Shoop's Tooth Ease, Dr. Shoop's Eye Remedy, Dr. Shoop's Coffee Substitute, Dr. Shoop's Health Coffee, Dr. Shoop's Health Chocolate, Dr. Shoop's Health Salve, Dr. Shoop's Liver Tablets, Dr. Shoop's Health Kidney Pills, Dr. Shoop's Health Tea, Dr. Shoop's Laxative Cough Syrup, Dr. Shoop's Health Soaps, Dr. Shoop's Health Shampoo, Dr. Shoop's Health Dyes, Dr. Shoop's Health Rubber Goods, Dr. Shoop's Health Specialties, Dr. Shoop's Health Books, Dr. Shoop's Health Remedies, Dr. Shoop's Health Products, Dr. Shoop's Health Medicines, Dr. Shoop's Health Treatments, Dr. Shoop's Health Advice, Dr. Shoop's Health Service, Dr. Shoop's Health Guarantee, Dr. Shoop's Health Promise, Dr. Shoop's Health Pledge, Dr. Shoop's Health Oath, Dr. Shoop's Health Vow, Dr. Shoop's Health Covenant, Dr. Shoop's Health Bond, Dr. Shoop's Health Seal, Dr. Shoop's Health Stamp, Dr. Shoop's Health Mark, Dr. Shoop's Health Sign, Dr. Shoop's Health Symbol, Dr. Shoop's Health Emblem, Dr. Shoop's Health Badge, Dr. Shoop's Health Ribbon, Dr. Shoop's Health Flag, Dr. Shoop's Health Banner, Dr. Shoop's Health Standard, Dr. Shoop's Health Colors, Dr. Shoop's Health Uniform, Dr. Shoop's Health Army, Dr. Shoop's Health Navy, Dr. Shoop's Health Marines, Dr. Shoop's Health Air Force, Dr. Shoop's Health Space Force, Dr. Shoop's Health Galactic Force, Dr. Shoop's Health Universal Force, Dr. Shoop's Health Infinite Force, Dr. Shoop's Health Eternal Force, Dr. Shoop's Health Absolute Force, Dr. Shoop's Health Perfect Force, Dr. Shoop's Health Ideal Force, Dr. Shoop's Health Utopian Force, Dr. Shoop's Health Paradise Force, Dr. Shoop's Health Heaven Force, Dr. Shoop's Health God Force.

WILL MAXIMUM TARIFF APPLY TO FREE LIST?

If Not, Canadian Exporters Affected by Imposities Will be Under $50,000,000.

Ottawa, March 17.—Advices received here quote Senator Aldrich as saying that it was never intended, that in the event of applying the maximum tariff against Canada, articles on the free list will also be affected. If this be correct Canadian exports to be affected by the imposition of the maximum tariff will be under fifty millions, over half of this amount being in lumber and wood products.

The tariff situation at the Ottawa end furnishes few new developments. The politicians are following very closely the report from Washington indicating as they do the probability of the application of the maximum, with its resultant hostilities. A tariff war is not invited and it is hoped strongly that it will be avoided but should it develop, the responsibility, it is pointed out, will be upon the States and the greater measure of injury will be done to the commerce of that country. Whatever may be the unrest in commercial circles throughout the country, no one here appears to be worrying particularly. If retaliation is considered expedient, Canada has vast potential powers in that direction, while the commerce shut out from the States will find a outlet in Imperial channels. As a matter of fact, now the United States admit only those commodities which it cannot supply itself. In other respects the tariff is practically prohibitive.

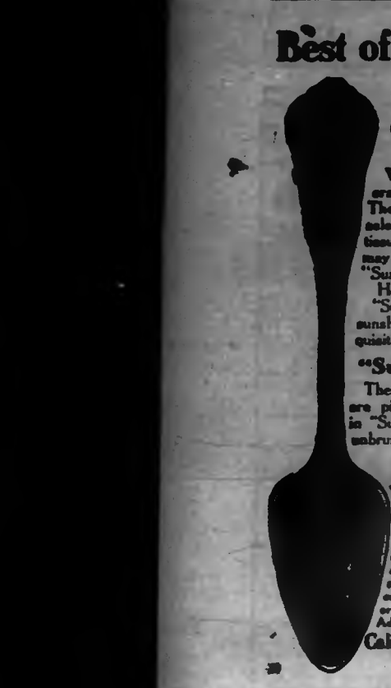
Best of All Our Oranges and Lemons Are "Sunkist"



We pick, pack and ship over 20,000 cars of California oranges and lemons each season from our 5,000 groves. These are of varying grades. From all this vast quantity we select the finest—the superior grades—which we wrap in tissue paper bearing the famous "Sunkist" label so that you may know them as the choicest fruit. So be sure to get "Sunkist" oranges and lemons at your dealer's.

He has a fresh supply today.

"Sunkist" oranges ripen on the tree. The warm California sunshine gives a tender, sweet pulp, matured and made exquisitely juicy by Nature.

"Sunkist" Navel Oranges Are Seedless

These oranges are distinct, full-flavor, thin-skinned. They are picked by gloved-hands; thoroughly cleansed; wrapped in "Sunkist" tissue paper; packed carefully to insure firm, unbruised fruit.

How to Tell "Sunkist"

Each "Sunkist" orange and lemon is wrapped in tissue paper upon which is printed the "Sunkist" label. Lemons or oranges without "Sunkist" wrappers are not "Sunkist" brand.

Free—Best Rogers' Orange Spoons—Send us 12 "Sunkist" orange or lemon wrappers and 6 two-cent stamps for postage, packing, etc., and we will send free, a Wm. Rogers & Son full standard, AA plate orange spoon. For each additional spoon send 6 two-cent stamps and 12 wrappers. You can easily have a full set. Get a dozen "Sunkist" oranges or lemons and send for your first spoon.

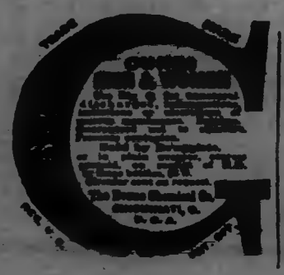
Choir Members Honored.

On Thursday evening two members of George street church, soon to leave the city were remembered in a tangible way. At the conclusion of choir practice presentations were made to Miss Carrie Reesor, who has been soloist for the past three years, and to Miss Ida Kirk, who has been a valued member of the choir. Miss Reesor, who is leaving for her home in Markham, was given a silver-mounted manicure set, and Miss Kirk, who is leaving for Winnipeg, was presented with a silver pudding dish. An address expressing the regret of the choir at the departure of Miss Reesor, was read by Miss Maizie Armstrong, and an address of a similar nature to Miss Kirk was read by Miss Allison.



The Morning Times
PETERBOROUGH, ONT

SATURDAY, MARCH 19, 1910.

NEWS OF THE CITY

Social Evening.

The Adult Bible Class of St. Andrew's church held a social evening last night when a delightful time was spent.

For a Barber Shop.

The premises occupied by Mr. Wm. Might as a real estate office in the Market Block, has been rented for a barber shop by a Greek.

Normal School Holidays.

The Normal students, with the exception of those writing on examinations, were dismissed yesterday afternoon for the Easter holidays. The school will reopen Tuesday morning, April 5th.

Are Working Overtime.

The Canadian General Electric Co. are obliged to keep their works running until ten o'clock every night. Orders are crowding upon them so thick and fast that this move is necessary.

Fortify now against the grip—for it comes every season sure! Preventics—the little Candy Cold Cure Tablets—offer in this respect a most certain and dependable safeguard. Prevention, at the "sneeze stage" will, as well, also surely head off all common colds. But promptness is all important. Keep Preventics in the pocket or purse, for instant use. Box of 48 for 25c. Sold by all dealers.

Members of the Peterborough Golf and Country Club will be held in the Bank of Montreal Chambers on Saturday evening, March 19th, 1910, immediately after the shareholders' meeting at eight o'clock. Prospective members are invited.

More Launches.

Two more gasoline launches have been purchased by local citizens who have summer cottages on Stony Lake. There will soon be quite a formidable fleet on the upper end of the lake. The latest purchasers are Messrs. T. E. Finlay and W. H. Brethren, and Miss Williams and Mr. John Huffman.

Have you a pain—of any kind, anywhere? Stop just a minute and think It matters not whether it be womanly pains, head pains, or any kind of a pain, one of Dr. Shoop's little Pink Pain Tablets will surely stop it in 20 minutes. Formula plainly printed on the 25c. box. Sold by all dealers.

Tomorrow (Sunday, March 20th,) is Woman's Missionary Society day. The ladies of the George street Methodist church, have been fortunate in securing the services of Mrs. (Rev.) J. R. Aikenhead, of Barrie, for both morning and evening services in the George street church. Mrs. Aikenhead is an eloquent and forceful speaker, and has had much experience in evangelistic and home work. She will interest and instruct all who may hear her. The members of other congregations are invited to at least one service.

PREPARE FOR LUMBAGO!

If You Have "Nerviline" Handy One Rubbing Will Cure the Pain.

Thousands Use "Nerviline."

The "strike" of lumbago is like a bolt of lightning—you never know when it is coming or where it is going to strike. Probably the one certain thing about Lumbago is the fact that it can be cured by Nerviline—the only liniment that penetrates deeply enough to reach the congested cords and muscles.

LETTER NO. 4675

"Years ago I strained my back and suffered considerably with weakness over the spine," writes Darius P. Millan, a well-known farmer, residing near Kingsville. "Then lumbago attacked the weak spot, for days at a time, I would have to lie up in bed bed, unable to move or turn. Liniments, poultices and hot applications failed to bring the desired relief, and I was in despair of ever getting really well again. I at last decided to test "Nerviline." I got five bottles from the drug store and had it rubbed on three times a day. The stiffness and pain left my back quickly, and by continuing Nerviline I was completely cured of Lumbago."

This is similar testimony to that of nearly five thousand Canadians who have written unstinted words of praise to the manufacturers of Nerviline. For the cure of lumbago, sciatica, neuralgia and rheumatism there is no liniment with one-fifth the pain-relieving power of Nerviline!

Refuse any substitute. Large 25c. bottles of Nerviline, or five for $1.00 at all dealers, or the Catarrhozone Co., Kingston, Ont.

Little Local Lines

The water in the river is rising.

Messrs. F. Clarke & Son recently sold a diamond for $500.

The country roads are gradually improving.

Work on the Otonabee Navigation Co.'s steamers will begin next week.

The high price of $9.50 per hundred was paid for hogs, liveweight, at the market yesterday morning.

The men on the "Indian list" in Peterborough, are becoming a source of revenue to the city.

The painters and paper hangers are booking many orders, and the season promises to be lively.

Lakefield News: The spectacle of a pupil of the Public school, attending school in a drunken condition, was witnessed on Tuesday morning.

Easter Bargains.

Do you wish to remember a friend at Easter? If so go to Times Bookstore. You will find a good assortment of souvenirs suitable for gifts; also children's notions in toys, games, dolls, all goods at bargain prices in order to reduce stock.

A MOTHER'S LETTER.

Mrs. Samuelle Vigneau graphically describes the illness and the recovery of her daughter.

All Mothers Should Read.

DAUGHTER OF MRS. SAMUELLE VIGNEAU.

MRS. SAMUELLE VIGNEAU, Amherst, Isle de La Magdaline, Can., writes:

"I write to tell you that I am perfectly well. I took only three bottles of your Peruna according to your advice and the directions in your book, and it restored my health.

"It also cured my daughter, who is 17 years old. She took one bottle according to directions. I assure you that no doctor is equal to your book and your advice. I have recommended your remedy to a number of persons."

A Woman's Remedy.

Mrs. A. E. Stouffer, Capioma, Kansas, writes:

"Peruna has given me health and strength; it is the best medicine that was ever made for women. My friends say they never saw such a change in a woman. I cannot say too much for Peruna."

HIGH CLASS LADIES' TAILORING.

Opening on March 24th, at 452 George street, strictly high class tailoring and dressmaking establishment, under management of high class designer, Mr. J. Goldberg, Parisian Ladies' Tailoring Co.

SOCIETY

The Times will be pleased to receive notices of Weddings, Social Events, Personal Announcements, which will be published in this columns free of charge.

Mr. Roland Johnston of Lakefield, was in the city yesterday.

Miss Lumsden of this city, is visiting Miss Ray, Lakefield.

Mr. R. C. Strickland of Lakefield, was in town yesterday.

Mr. F. H. Dobbin spent yesterday in Toronto.

The Misses Hill and Master Harold Hill entertained about fifty of their friends last evening at a dance.

Fenelon Falls Gazette: Mrs. T. Elliott of Peterborough, spent a couple of days visiting old friends in Fenelon Falls.

Lakefield News: Miss Myrtle White of Peterborough, was the guest of Miss Bertha White, for a few this week.

Miss M. Lytle has returned to her home at High Bluff, Manitoba, after visiting friends in the city.

Mr. Howard Searight, who has been attending the Peterborough Business College, for the past few months, has completed his course and has secured a position with a firm in Montreal.

London Free Press: H. L. Conway of Peterborough, inspector of branches for Grafton & Co., after making his initial visit to the branch here, leaves tomorrow for Brantford.

Lakefield News: Miss Lumsden, of Peterborough, is at present in the village, the guest of the Misses Ray, Miss Myrtle White of Peterborough, was the guest of Miss Bertha White a few days this week.

A Burglar's Outfit.

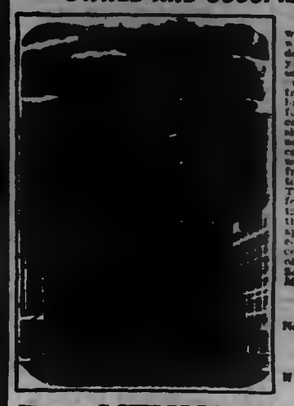
Chief Bennet of Norwood has in his possession part of a burglar's outfit, which was found by Thomas Parks of Belmont, near the distance semaphore, at the west end a couple of weeks ago. The outfit was wrapped in a woolen sock enclosed in an old mitt, and contained a two-ounce bottle of nitro-glycerine, two coils of blasting fuse, thirteen dynamite caps and an automatic revolver fully loaded. The outfit was found at the point, where Robert Henderson, the McPherson murderer, left the track to take to the swamp on the day he was captured.

Chamberlain's Cough Remedy never disappoints those who use it for obstinate coughs, colds and irritations of the throat and lungs. It stand unrivalled as a remedy for all throat and lung diseases. Sold by all dealers.

MEN—WE CAN CURE YOU

FINEST MEDICAL INSTITUTE IN AMERICA

OWNED AND OCCUPIED BY DRS. K. & K.



YOUNG OR MIDDLE-AGED MEN who need the services of expert specialists why waste your money in trusting with doctors you know nothing of, why waste your money with worthless electric belts or drug store nostrums, when you can get unlimited, reliable, successful treatment from these Master Specialists. Drs. K. & K. have treated patients throughout Canada for over 20 years and are responsible financially. They accept only curable cases, and should your case prove incurable it need not cost you a cent. If you are unable to call at our office for a personal examination we will send a Question List free post to fill up from which we can diagnose your case and tell you whether you are curable or not. Then we will prescribe specific remedies for your individual case which you can take at home. We have no cure-all remedy that we send to everybody alike as most specialists do, but we prescribe the remedies required for each individual case to complete a cure. That's one of the secrets of our wonderful success when others fail. Send for our Free Booklet on Diseases of Men (Illustrated.)

We have examined the Vouchers and audited the Books of the Nova Scotia Steel and Coal Company, Limited, for the year ended December 31, 1909, and certify that the correct statement of their affairs at that annexed balance sheet contains a true and correct statement of their affairs at that date.

J. HEYWOOD MACGREGOR,
F. E. OXLEY, F.C.A., Auditors.

DIRECTOR'S REPORT

Your Directors herewith submit their Ninth Annual Report, with statement of assets and liabilities, and abstract of profit and loss account, for the year ended December 31st, 1909.

The profits for the year amounted to $907,949.69, as compared with $726,761.89 for 1908. In view of the depressed condition of business during the greater part of the year, this result should be regarded with satisfaction by the shareholders.

The amount at the credit of profit and loss account on January 1, 1909, was $1,219,221.07, against which the stock dividend of $1,500,000.00, declared in December, 1909 was charged.

The various amounts transferred to the Reserve Fund and Fire Insurance Fund, and written off for improvements and betterments, are shown by the accounts.

A sum of $184,053.54 for Premium and Commission on redemption of old and issue of new bonds has been paid out of the profits for the year.

The balance carried forward to the credit of profit and loss account is $294,677.35.

The sum of $982,853.17 has been expended during the year on capital account in the development of the submarine iron ores at Wabana, and for improvements, plant, etc., elsewhere.

The volume of business transacted by the Company during the year shows a substantial increase, and is in excess of any previous year, and it is expected that there will be a still further increase in 1910.

The development of our submarine iron ore areas at Wabana was continued, the main slope being extended through these areas a further distance of 1,470 feet. The slope is now about 1,600 feet into our own areas from the northern boundary. The development work carried on has fully confirmed the estimates previously made as to the vast quantity of ore contained in, and the great value of these areas. The plant for the operation of these submarines mines is now being installed.

Considerable extensions and improvements have been made to the mills at New Glasgow, and further extensions and improvements will be made in 1910, with a view to increasing the output of finished steel.

The Treasurer reports that of the Issue of the Company, authorized by the shareholders, has been carried out. A new issue of $5,000,000 5 per cent. First Mortgage Bonds, and on issue of $1,500,000 6 per cent. Debenture Stocks, were made; $2,500,000 of the Bonds and $1,000,000.00 6 per cent. Debenture Stock were sold in Canada, and the two former issues of 6 per cent. Bonds were paid off and cancelled. The balance of $2,500,000.00 of the Bonds remain in the Treasury. No portion of the premium on the retirement of the old bonds nor the commission on the new issue has been charged to Property Account.

The regular dividend of 2 per cent. quarterly has been paid on the preferred shares, and on Jan. 15th a quarterly dividend of 1 per cent. was paid on the ordinary shares, and the Directors have declared further dividends of 1 per cent. on the ordinary shares, and 2 per cent. on the preferred shares, payable on April 15th to shareholders of record on March 31st, 1910.

All of which is respectfully submitted.

February 19th, 1910.

ROBERT E. HARRIS,
President.

VOL. XXXIII NO. 64 PETERBOROUGH, ONTARIO MONDAY MARCH 21 1910 PRICE TWO CENTS

Albany Brilliant With

Flags of Nations Side by Side

Colors Greets Delegates

Capital Empire State Welcomes Canadian Delegates with Full International Honors —President Taft Present

Albany, March 19.—The tariff deadlock between this country and Canada may be broken before midnight. President Taft has taken over the reins himself and has arranged for conference with W. S. Fielding, minister of finance of the Dominion of Canada, that country's tariff expert and Earl Grey, governor-general of the Dominion, who, with Counsellor Hoyt of the State Department and Charles M. Pepper, tariff expert of that department, are to attend a conference tonight.

Ottawa, March 19.—Hon W. S. Fielding left today for Albany, N.Y. to meet President Taft, with whom he will discuss the tariff situation. It is expected that the negotiations will be attended with happy results and that the suspense which has existed in commercial circles for the past fortnight will be relieved.

READY FOR DELEGATES.

Albany, N.Y., March 19.— News that President Taft had asked three prominent officers of the Canadian Government to meet him here today to discuss tariff troubles between Canada and the United States, caused a hasty re-arrangements of plans by entertainment committees, and much scurrying back and forth this morning before the city's distinguished guests arrived. If the Canadians reach Albany in time for tonight's dinner of the University Club, places will be made for them,and they will be asked to attend the informal luncheon that Governor Hughes will give for the president and the governor-general of Canada tomorrow.

STREETS DECORATED.

To welcome the chiefs of two countries the city broke out today into bunting and mingled the colors of Great Britain with the stars and stripes. The streets over which the president was to pass on his route from the railroad station to Governor Hughes' residence were lined with spectators some time before his arrival, and the crowd remained in place on part of the route to see the governor-general of Canada drive from the station to the Hotel Ten Eyck when he came two hours later.

Earl Grey, the president, and the governor will all speak tonight at the University Club dinner. The Canadian party will not meet the president and Governor Hughes until they greet each other here.

DETROIT INTERESTED.

Detroit, March 19.—In addition to the action of the board of commerce committee on trade relations, the board as a whole, has sent a strong communication to all Michigan members of the senate and house, calling upon them to exert their influence against a tariff war with Canada. In concluding, the communication says: "The exports from this (Detroit) custom district alone to the Dominion are two and one half times, and those from the Huron district, one and one-half times as large as from the whole of France, and this is almost entirely in articles which the French competition does not touch. Any small tariff concessions which Canada may make to France would not affect our trade as much in a year as the sundering of friendly relations with Canada would in a week."

PRESIDENT'S ARRIVAL

Albany, March 19.— President Taft reached Albany at 2.30 o'clock. He was greeted at the station by Governor Hughes and Governor McEwen of Albany, and proceeded at once to the executive mansion under military escort.

Shortly after four, President Taft, Governor Hughes and the party left the mansion in autos for Harmanus Bleecker Hall to attend the tuberculosis conference. At 5 o'clock the party left in automobiles for a visit to Watervliet arsenal.

The conference to follow tonight's banquet is expected to be merely the exchange of sentiments of friendship A later meeting will be arranged to take up the tariff question differences.

The president is said to be personally favorable to Canada. He did not spend so many summers at Murray Bay without getting to know the Canadian people and their country.

EARL GREY ARRIVES.

Earl Grey arrived late this afternoon. He was escorted to the Ten Eyck Hotel by a battalion of the Tenth Regiment. The governor-general will remain in Albany until tomorrow night.

President Taft and the Canadian dignitaries will meet a second time as guests of Governor Hughes at the executive mansion tomorrow afternoon at an informal luncheon to be given by the governor in honor of the president, who is to be his guest during his Albany visit. A number of others have been invited to this luncheon, including President Ernest Fox Nichols of Darmouth College, Mayor James D. McEwan of Albany, who was a college class mate of Taft, at Yale, ex-Governor David R. Francis of Missouri, and several prominent Albanians.

STOLE SOME BEER.

Havelock Boys Take Some Bottles From Cellar of a Resident.

County Crown Attorney Wood received a letter from Constable Bennett of Havelock, informing him that three Havelock boys about fifteen years of age are said to have stolen several bottles of beer from the cellar of a well known resident of the village, and taken it away to some secluded spot where they treated some of their friends and drank the balance themselves It is also alleged that they were bribed by a man who keeps a poolroom, by the promise of being allowed to play the game free of charge, to secure some more of the beer, whereupon it is said that they complied with the request.

It is understood that informations will be laid against the boys and the case will come up for hearing at Havelock.

NO MEETING TOOK PLACE.

Trouble Over Band Instruments Still On.

On Saturday one of the local evening papers stated that there was to be a meeting between a committee of the Band and officers of the 57th Regiment with a view to a settlement of the trouble over the ownership of the band instruments.

When spoken to over the phone yesterday Mr. Gliddon stated that the above was evidently a mistake, as the band had heard nothing of any meeting having been arranged.

ST. PATRICK'S SERMON.

Rev. Father Keeley of Lindsay, Preached.

Rev. Father Keeley, of Lindsay, preached a sermon in St. Peter's cathedral in this city yesterday, on St. Patrick, Ireland's patron saint. The address was eloquent and instructive, and was delivered in the presence of a large congregation. The members of the Ancient Order of Hibernians attended in a body, and presented a very creditable appearance as they paraded from their rooms to the church.

WOMAN'S MISSIONARY SUNDAY.

Large Congregations Greet Mrs. (Rev.) J. E. Aikenhead.

Yesterday George street Methodist church was filled both morning and evening, when Mrs. (Rev.) J. E. Aikenhead of Barrie preached.

The occasion was what is known as Woman's Missionary Society Day, and the address had to do with the work of missions. Mrs. Aikenhead is an eloquent and forceful speaker,and has had much experience in evangelistic work both at home and abroad The addresses were very instructive and were listened to with attention and interest by the large congregations. Special music was provided.

Mr. Theodore Roosevelt Knew the Story of a British Hero

Chicago, March 19.—Mr. Walter Wellman, in a cable despatch to the Chicago Record-Herald, from Khartoum, says:

Mr. Theodore Roosevelt is paying the penalty of fame. Instead of being given an opportunity to quietly visit with his family after a year of separation, he was compelled to pass the days sightseeing, the hero of a personally conducted party, which began its weary travels at an early hour this morning and continued them until dark tonight.

Mr. Roosevelt visited the spot where Gordon fell under the spears of the Deverishes twenty-five years ago after a defence so heroic that it is celebrated in story and song, and is one of the most sad and most precious epics of the Anglo-Saxon struggle to carry the white man's burden. Mr. Roosevelt's remarks indicated that he knew the story from first to last .Gordon had always been one of his heroes. He discussed the details of that remarkable tragedy almost as if he had taken part in it. so keen has been his interest and so sharp his memory.

He recalls in conversation with members of his party that it was in September twelve years ago this year that the present Lord Kitchener, had come over the desert, flung railways with his English and his Egyptians, the Bible in one hand and Lee-Metford in the other to avenge Gordon.

He recalled with feeling and with intimate recollection of details that surprised and pleased his hosts the funeral of Gordon, held on this spot, when the victorious troops of Kitchener bared their heads in homage to the fallen hero soldier, as the Sudanese band played Gordon's favorite hymn, "Abide with me."

Outside the palace Mr. Roosevelt pointed to the river bank, now a splendid esplanade, and said: "It was there the troops lined up, helmets in hand, banners waving, and sang "God Save the Queen."

The Englishmen were delighted with Mr. Roosevelt's sympathetic knowledge of the dramatic history of the Soudan capital!

One Hundred Indians Perish of Starvation

(Special to The Times.)

Victoria, B.C., March 19.—Advices from Dawson say that upwards of 100 Indians of the Dogrib nation have this winter perished of starvation at Great Slave Lake. Mushers just arrived bring heart breaking tales of the suffering in the native villages, the authenticity of which is all too fully confirmed.

ELECTION OF OFFICERS.

Third Dragoons Hold Semi-Annual Meeting.

At the semi-annual meeting of the officers of the 3rd Prince of Wales' Canadian Dragoons, which was held at regimental headquarters at the Armories, Peterborough, the following were in attendance:

"A" Squadron (Colborne)— Capt. Dudley and Capt. Campbell.
"B" Squadron (Millbrook) Major P. A. Davie, Capt. S. T. Medd, Lieut. McIlmoyle.
"C" Squadron (Peterborough) — Major Thomas Johnston, Lieut.Cleghorn, Lieut. Anderson.
"D" Squadron (Wellington) — Major Wm. McCullough.
Capt. E. A. Langfeldt, Chaplain.
Capt. E. S. Clarry, Paymaster.
Capt. Haywood, Adjutant.
Major W. T. Hall, Corps Reserve.
Major George Hall, R.O.
Major Charles Stapleton, R.O.
Lieut. J. J. Dufus, Signalling Officer.

IN MEMORIAM.

In loving memory of Miss Hannah Smith, who died February 27, 1910.

Death has taken from our midst
One that we so dearly loved,
Our Heavenly Father had needed her
In His gilded courts above.

Long and weary were her sufferings.
Yet no murmur was ever heard,
Always cheerful, ever patient,
Ever had a pleasant word.

Mother, father, sisters, loved ones
Do not always sadly weep
For your darling is not dead
She is just in quiet sleep.

And will wake in heaven's glories
With her Redeemer and at rest.
To meet loved ones gone before
In the land of the blest.

Dear bereaved ones have our love,
In the loss you have sustained,
But when weary life is o'er
You will meet them all again.

MABEL SHERWOOD.

BACK-WEARY MEN.

The Helping Hand of Dr. Hamilton's Pills Will Cure In a Few Weeks.

"Foundry work compels men to work in the winter in very cold shops," writes Tunis T. Bolter, a well-known mechanic in Hamilton. "I contracted a very severe cold a few months ago which settled in my back and kidneys. I suffered constant pain, and in bending over my work and in heavy lifting, the pain at time was excruciating. My digestion got all out of order, doubtless because the kidneys didn't work right. My wife had used Dr. Hamilton's Pills as a family medicine and I took her advice and started them also. To my great delight a few doses helped me so much it was proof I was using a true remedy. Natural action of the kidneys was brought about, burning and aching ceased, and the back-lameness gradually disappeared. I so longer fear my work. I feel strong and robust, and with such a remedy as Dr. Hamilton's Pills at hand I will probably never again be sick. I advise every working man to use Dr. Hamilton's Pills.

No other medicine will regulate the system and maintain health like Dr. Hamilton's Pills—beware of the dealer who tries to induce you to take something else on which he makes more profit. Sold in yellow boxes 25c. Prepared by The Catarrhozone Co., Kingston, Ontario.

Musical Competition

Great interest is being shown in the forthcoming Earl Grey musical and dramatic competition, to be held week of April 4th. The Globe of Saturday comments as follows:

"There are several individual competitors from the larger cities extending from Quebec to Winnipeg, smaller cities such as Peterborough and Waterloo, have shown a lot of ambition and courage by catering musical companies to compete with the best that Toronto can place in the field."

There are two enteries from the city of Peterborough, Mr. R. J. Dewey's musical play, which is to be given here on March 31st, April 1st, and Mr. R. Gliddon's Madrigal Club which will give a concert April 4th.

Woman From Gallery

Calls Upon Provincial Parliament

For Justice to Her Sex

Sensation in Legislature Disturbs Decorum of Prorogation Ceremonies—Will Keep Sharp Outlook for Militant Women

Toronto, March 19.—"There is one thing that I wish to draw your attention to, and that is that in the deliberations of this legislature the members have failed to pay sufficient attention to the cause of women. There is one thing you have forgotten. I protest against this parliament closing without doing justice to women. Women are as much entitled to votes as men. Ontario should be in the lead. I hope that in your future deliberations you will do justice to the cause of women. This is all I have to say at present. Thank you."

These words, spoken in a low, musical voice from the center of the speaker's gallery this afternoon, startled the usual Sabbath day somnolence which distinguishes the ceremony of prorogation of the legislature from the blaze of brilliance in which it opens.

It came as a bolt from the blue. The formality of assenting to the bills passed through the session had been gone through with; the lieutenant-governor had read his speech, while the clerk of the house stood with folded hands and reverend mein as if he had been assisting in an ordination of elders; the aide-de-camp had bowed himself backward down the steps of the throne, Hon. L. B. Lucas had declared the legislature prorogued: the representatives of the crown were already half way out of the chamber.

Then the lady arose and launched her protest.

One of the attendants motioned her out, and she left immediately, with two others who were evidently there as her bodyguard, before anyone had a chance to learn her name. She was dressed in a brown suit and wore a fur toque and fur ruff.

Sir James Whitney is alleged to have said, shortly after the occurrence. "The fool, I wish somebody had been there to throw a bucket of water on her."

Suffragette Who Invaded the Legislature

Toronto, March 19.—Miss Oliva Smith of London, England, a British suffragette, is the woman who invaded the legislative assembly Saturday forenoon, and called on the legislators from the speaker's gallery to give votes to women.

A newspaper reporter found her at 26 Alice street late on Saturday afternoon, where she launched into an account of her record as a militant suffragette, which included three imprisonments in England in Holloway jail, first for disturbing the House of Commons, second for interfering with the police, and the third time for chaining herself to the door post of Premier Asquith's residence.

Miss Smith arrived a few days ago from Cobalt, where as a trained nurse she cared for sick miners.

Miss Smith is about 30 years of age, has dark brown hair, slightly tinged with grey, and has an intelligent and pleasant face.

On her breast she wears the suffragette badge, which is of silver, and formed to represent prison bars, signifying that she had been in jail for the cause.

To the reporter Miss Smith said that her only regret was that the people of this country might consider her action vuglar, but the practice was so common in England that it came as second nature to her.

Chamberlain's Cough Remedy is not a common every-day cough mixture. It is a meritorious remedy for all the troublesome and dangerous complications resulting from cold in the head, throat, chest or lungs. Sold by all dealers.

Porcupine Gold Claims Fetch a Million Dollars

Porcupine, March 19.—The Wilson-Edwards syndicate have sold thirteen of their twenty-six claims, including the claim with the large dome of gold, to interests supposed to be representing the United States Steel Corporation for one million dollars.

We understand a cash payment of fifty thousand has been made.

Another deal of seven hundred and fifty thousand for the other thirteen claims is reported to be nearly complete.

Have you a pain—of any kind, any where? Stop just a minute and think It matters not whether it be womanly pains, head pains, or any kind of a pain, one of Dr. Shoop's little Pink Pain Tablets will surely stop it in 20 minutes. Formula plainly printed on the 25c. box. Sold by all dealers.

BOMB-TOSSING FAD ATTRACTS HINDOOS

VEGETARIANS BECOMING CARNIVOROUS AND BLOOD-THIRSTY.

Editors Analyze Cause and Deplore the Spread of Anarchy in the Province of India.

London, March 19.—The assassination of Arthur Mason Tippetts Jackson, chief magistrate of Nasik, in the Presidency of Bombay, India, on December 22, emphasizes the curious fact that this date was a day of assassination or violence in St. Peters burg, Seoul, and Bucharest as well as Bomaby. The times of revolutionary violence are evidently not yet passed away, and in the case of India the native editors and publicists are asking whether the vegetarian nirvanic Hindu, world famed for his scruples against taking life is actually degenerating into a vulgar bomb-thrower?

Speaking recently in England Mr. Surendra Nath Bannerji, who is called by his countrymen "The Father of India Unrest," and who takes great pride in this title, remarked.

"I re-echo the sentiments of the vast majority of my countrymen — that we deplore these anarchical incidents and have condemned them with the utmost emphasis. The mind the judgment and the conscience are arrayed against them I regard them as a passing phase of excitement which will disappear under the soothing effects of progressive and conciliatory measures."

One Hindu editor, Shyamali Krishnavarma, who has been accused by many well-informed Englishmen and East Indians of instigating Madan Lal Shingra to assassinate Lieut.-Col. Sir William Hatt Curzon-Wyllie on the night of July 1 last, does not treat the bomb movement in India with such lofty contempt. In his vitriolic sheet, the Indian Sociologist, published from Paris, he rejoicing writes:

"After surveying the situation we come to the conclusion that our enemies are exceedingly disconcerted on finding that our doctrines are effectively put into practice by the advanced Nationalist party in India and elsewhere."

HELPLESS POLICE OF STATE CITIES

WAVE OF MURDER AND CRIME IS COSTING MILLIONS PER DAY.

Law Flies Over Guilty and Many of Them Escape—Chicago Averages 118 Murders in a Year.

That 200 persons a week are being murdered in this country and crime is costing us $3,500,000 a day, while "the police stand practically helpless, is the striking declaration in the World Today (Chicago). He figures that 250,000 persons whom the law never touches "are engaged in the systematic pursuit of crime as a business." Meanwhile the police devote a large part of their time to gathering in "drunks." Out of 786,000 arrests in this country last year over 350,000 were for drunkenness. It is one of the arguments of the temperance reformer that if drunkenness were abolished, the police could give more attention to protecting life and property, and Mr. Weir seems, inferentially at least, to reach the same conclusion. At any rate, crime is rampant and unpunished—Mr. Weir begins with some disquieting remarks on murder:

"Ten thousand persons are murdered in this country every year— shot, strangled, poisoned, stabbed, or beaten with a club or sand-bag. Of the murderers, two in every 100 are punished. The remaining 98 escape—absolutely free. In many of our States the proportion of convictions is only half as great. In Georgia, for instance, only one murderer in ever 100 is punished. In a recent census of American crime, digesting the nation as a whole, the statement was made that in only 1.3 per cent. of our homicides do we secure a conviction."

Croup positively stopped in 20 minutes, with Dr. Shoop's Croup Remedy. One test alone will prove this truth. No vomiting, no distress. A safe and pleasing syrup—50c. Sold by all dealers.

A Big Fight in Chicago to Make City Prohibition

Chicago Voters will Cast Ballots on April 5th---White Ribbon Women in Thick of Fight

The people of Chicago spend $64,220,000 for drink each year, at the lowest possible estimate.

This money in silver dollars piled one on top of the other, would make a stack 101 miles high, 1358 times as high as the tallest skyscraper in the city.

It would take a train of 75 freight cars, or a procession of trucks 526 miles long to carry the silver.

It would pay for a wall of bread, 10 feet thick and 25 feet high, on three sides of the city, with enough bread left to build a line of forts on the lake side.

It would buy a mountain of flour, with a city block as its base, 1600 feet high.

It would build 64,000 cottages.

It would feed all the people in the city for 97 days, on army rations.

It is a fifth more than all the yearly taxes paid in the city.

Chicago, March 19.—"Shall this city become anti-saloon territory?"

For the first time in history a great world city must answer this question. The 411,000 voters of this city of 2,600,000 people will find it on their ballots at the councilmanic election April 5. Chicago is split in to two warring camps.

Nearly 4000 workers of the 74,000 voters who signed the 47-pound petition for this liquor referendum are perfecting an organization in the 35 wards and 322 precincts to get men to vote "dry." The United Societies, the "wets" organization is marshalling those interested in the liquor trade, the people who drink and don't want to stop, and the so-called liberty element.

Chicago which eats, drink and is merry, drops its glass in amazed wonder as it hears a hundred speakers assail the liquor traffic in its halls and theaters, "just as if Chicago were a little country town," they say.

The women, led by Mrs. Emily Hill, president of the county W.C.T.U., are very busy. Mr. Cityman, rushing to catch the elevated, finds the ladies of the white ribbon swarming the stations telling him not to forget to register. They buttonhole him next day, too, to ask him if he has done as he promised.

CALL FOR CARRIAGES.

The women, under their arms, walk in on neighbors, they didn't even nod to at other times, and break into the home of utter strangers to ask them to vote dry.

Mrs. Hill has asked sympathizers, especially women, to donate their carriages and automobiles to take voters to the polls. They're going to ask the school board to declare a holiday so that children can parade from polling place to polling place, bearing flags and banners reading "Vote for Me." The women are even talking of serving coffee at the polls "sociable-like."

All this in Chicago, where people don't look at each other in passing, and where neighbors are as far away as if they were in China.

The prohibition forces have combined in a joint local option committee. It has opened headquarters at Fifth avenue and Madison street, just a block from the wet headquarters. The drys expect to spend $100,000; the wets $250,000.

Meetings are held daily in the shops. Churches by the dozen form groups to hold anti-saloon meetings. Dry speakers have made speeches in the heart of the lodging house district where floaters livers.

The tours of all prominent dry speakers will lead to Chicago. Samuel Dickie, Billy Sunday and Eugene W. Chaffin will whoop it up for the drys.

Secretary Wm. A. Brubaker of the Prohibition party says that as the campaign grows hotter dry speakers will mount soap boxes on street corners, right in front of saloons. Tons of literature will be distributed.

CONSERVATIVES MEET

The Conservatives of the West riding of Peterborough met on Saturday afternoon and elected delegates to attend the Dominion convention at Ottawa.

Nothing in the way of a Cough is quite so annoying as a tickling, teasing, wheezing, bronchial Cough. The quickest relief comes perhaps from a prescription known to Druggists everywhere as Dr. Shoop's Cough Remedy. And besides, it is so thoroughly harmless that mothers give it with perfect safety even to the youngest babes. The tender leaves of a simple mountain shrub, give to Dr. Shoop's Cough Remedy its remarkable curative effect. A few days' test will tell. Sold by all dealers.

Bound Books at Reduced Prices.

For the balance of this month we will make the following reductions on price of all bound books; One dollar books for 75c.; 75c. books 50c.; 60c. books 35c.; 35c. books 25c.; 25c. books 20c. Times Bookstore.

WHAT'S THE USE

Sticking to a Habit When It Means Discomfort?

Old King Coffee knocks subjects out tolerably flat at times, and there is no possible doubt of what did it. A Mich. woman gives her experience:

"I used to have liver trouble nearly all of the time and took medicine which relieved me only for a little while. Then every once in a while I would be suddenly doubled up with an awful agony in my stomach. It seemed as though every time I took a breath I would die. No one could suffer any more and live.

"Finally I got down so sick with Catarrh of the stomach that I could not turn over in bed, and my stomach did not digest even milk. The doctor finally told me that if I did not give up drinking coffee I would surely die, but I felt I could not give it up.

"However, Husband brought home a package of Postum and it was made strictly according to directions It was the only thing that would stay on my stomach, and I soon got so I liked it very much.

"Gradually I began to get better and week by week gained in strength and health. Now I am in perfect condition, and I am convinced that the whole cause of my trouble was coffee drinking, and my getting better was due to leaving off coffee and taking Postum.

"A short time ago I tasted some coffee and found, to my astonishment that I did not care anything about it. I never have to take medicine any more. I hope you will use this letter for the benefit of those suffering from the poisonous effects of coffee."

Read the little book, "The Road to Wellville," in pkgs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true and full of human interest.

Prices are Firmer

Messrs. Heron & Co.'s Market Letter on Cobalt.

Messrs. Heron & Co., the Toronto specialists in Cobalt stocks in their weekly market letter say:

On the Toronto Stock Exchange prices ruled strong throughout the week with fairly active trading. The buying has been of excellent character and any number of shares of the leading speculative issues can be sold at prevailing quotations. It is the best opinion that the trend of values in this quarter will continue persistently upward.

Throughout the Cobalt camp a better feeling prevails than has been the case for a year past. The long promised electrical energy is gradually being introduced and with the disappearance of the snow surface work on a large scale will begin. Much more news of a bullish character in the way of new discoveries et cetera, may consequently be expected from now on.

In the meantime the process of discounting the improved conditions is going on in the market, where, however, the operations of professionals again accounted for the greater part of the activity. Prices during the week held fairly good and a larger public interest in the trading is looked for soon.

THE CANADIAN PACIFIC RAILWAY COMPANY.

Dividends for the half-year ended 31st December, 1909, have been declared as follows:

On the Preference Stock, two per cent.

On the Common Stock, three per cent.

A further sum equal to one-half of one per cent. on the Common Stock will be paid thereon at the same time out of interest on the proceeds of land sales.

Warrants for the Common Stock Dividend will be mailed on 31st of March next to Shareholders of record at the close of the books in Montreal, New York and London, respectively.

The Preference Stock Dividend will be paid on Friday, April 1st next, to Shareholders of record at the closing of the books at the Company's London Office, No. 62 Charing Cross, London, S. W.

The Common Stock Transfer Book will close in Montreal, New York and London, at 3 p.m. on Tuesday, March 1st. The Preference Stock Books will also close at 3 p.m. on Tuesday, March 1st.

All books will be reopened on Saturday, April 2nd next.

By order of the Board.

W. R. BARKER, Secretary.
Montreal, 14th February, 1910.

We offer 1000 shares for subscription at par, $10.00. The right of allotment is reserved.

The Canadian Poultry Farm Stock Co. Ltd.

(Charter Applied For).

CAPITAL $40,000.00

Divided into 4000 shares at $10.00 each, same being Common Stock.

Head Office and Farm—MONTREAL, QUE.

Incorporators: C. J. BELL, Manager. LOUIS P. RENE, A. W. SAGER

Room 53, Royal Trust Building.

The object of this Company is to operate a Poultry Stock Farm and to supply eggs, fowls, etc., etc., to the Montreal market. At the present time there is no such business being carried on in this part of the country, although in Western Canada and the United States many similar farms are being conducted with great success, and each and every one shows a handsome profit on the capital invested. By being the first to operate such a business in this part of Canada, where the output could be sold many times over, and with competent men to manage the farm, the success of the business is assured.

It is hoped to have the farm inoperation about the first of April, and we will gradually increase so as to meet the demand of the trade. The shareholders will have first option upon the output, which it is intended to deliver daily.

It is worthy of note that the freight charges paid to the different railway companies for transporting eggs, poultry, etc., into Montreal amount to thousands of dollars per year, said eggs, poultry, etc., being shipped from all parts of Ontario and Quebec, together with shipments from other provinces; all to be consumed in the City of Montreal, and in nearly every case these shipments are controlled by the Wholesale Produce Merchants, and re-sold to Retail Dealers, then sold by the latter to the consumers; therefore, it is easily perceived that in this way four profits must be divided from the price the farmer sells at to the price the consumer pays for the above-mentioned articles.

At the present moment fresh eggs are very scarce; so-called fresh eggs are being sold to the consumer at from 30 cents to 63 cents per dozen. We do not expect to be able to overcome this great problem, but we do expect to be in a position to furnish the Shareholders in this Company and other Retail Dealers with fresh eggs daily. Taking into consideration the number of eggs that are consumed in Montreal every day, the placing of the output is a foregone conclusion.

In P. E. I. the average profit per hen for eggs a year is $2.00; In York Co., Ont., $2.75; in New Jersey, $6.00. It is expected that the average profit in Montreal will be $3.00.

It is understood we are to start this business in the right way. In the first place, only first-class fowl, such as hens, turkeys, geese, ducks, etc., will be purchased, and by purchasing a farm within the suburbs we will in a few years save the entire price paid for same by the saving of the enormous freight charges on eggs, etc., from an outside point.

ESTIMATE OF EXPENDITURES.

Farm property	$10,000 00
Hens, Turkeys, Geese and Ducks, etc. including feed, and grain for same	5,000 00
Incubators and Implements, etc.	3,000 00
Building, Outhouses, etc.	5,000 00
Unforeseen expenses	2,000 00
Total expenditure	$25,000 00

EXPENSES FOR ONE YEAR.

Manager's salary	$2,000 00
Wages for labor	2,000 00
Sundries, etc.	1,000 00
	$ 5,000 00
Reserve	$10,000 00

ESTIMATED PROFITS FOR FIRST YEAR.

2000 hens to commence will yield in eggs an average of $3.00 each	$6,000 00
Adding to our flock of egg producers within six months 10,000 hens, which will average profit by April, 1911, $1.50 each	15,000 00
Poultry for the market; 2,000 dozen of eggs will raise by incubators 18,000 chickens, which can be ready for the market in from seven to twelve weeks; sale price will easily average $1.10 per pair (this can be repeated during the year)	9,900 00
Turkeys, rough estimate	2,100 00
Ducks	3,000 00
Geese, etc.	4,000 00
Representing dollar for dollar profits	$40,000 00
Our debt for the second year will be reduced some	$20,000 00
Our profit for the second year will increase considerably. Rough estimate	15,000 00

COMPLETE THE FOLLOWING AND RETURN.

All cheques to be made payable to The Canadian Poultry Farm Stock Company, C. J. Bell, Manager, in trust, and may be deposited in the Traders' Bank of Canada, Montreal.

Signed.....

To Subscribers:

The question has arisen that investors ask for assurances as to my ability and integrity. I beg to say I hold some of the highest recommendations in Canada as to my ability and character, among them in the Right Hon. Sir Wilfrid Laurier's best consideration. I can assure the subscribers of this Company that I will guarantee a dividend exceeding that of any other mercantile company in Canada. I will be satisfied with nothing but the best experienced help available.

Cosgrave's Beer

Words of praise have ever prevailed in advertising "copy." That a producer should ever enthuse over his own wares is but human. But it's the praise of the consumer that counts—and it is to a discriminating and critical public that "Cosgrave's" refers you.

It is safe to say that no product of any kind enjoys a more enviable reputation than does this famed Cosgrave Beer of Toronto in markets where it is offered.

Its self-evident longevity of purpose, purity, brilliancy, body, and every other attribute that goes to make a perfect beer are ever in evidence.

Cultivate the "Cosgrave Habit"—Watch for the name—ask for any of these brands—Half-and-Half, Pale Ale, XXX Porter.

MONDAY, MARCH 21, 1910.

THE FISCAL QUESTION.

The inequality of the international trade situation on this continent is easily indicated. The extent to which the United States has the best of it is shown by the fact that last year Canada spent $106,057,063 more in the United States than the United States spent in Canada. In ten years Canada has bought nearly $1,600,000,000 worth of goods from the Americans. In the decade they have taken only $617,000,000 worth from us. The trade balance in their favor is nearly $800,000,000.

This is not generous dealing. Every nation ought to be content to go very far in taking the products of another country in payment for its own. The United States refuses to do this, and the Payne tariff threatens us with practically prohibitive duties unless we make still further concessions without getting any in return. The Franco-Canadian treaty was a mistake on Mr. Fielding's part, but Washington should refrain from taking advantage of it to make the trade relations of two neighboring countries still more unequal than they already are.

To use an ancient phrase, the United States fiscal policy seeks to use Canadians as hewers of wood and drawers of water for American industries. It aims to keep American factories running upon Canadian timber, Canadian pulpwood and Canadian ores and other raw materials. It gives no countenance to Canadian manufacturers or Canadian farmers. The Republic is, therefore, in no position to demand favored nation treatment in this country. If Mr. Taft finds himself bound to enforce the maximum tariff against us, we shall be sorry, but we shall have to consider the situation that will then arise. For one thing we shall probably have to make such a rearrangement of our own custom schedules as will stimulate the manufacture of more goods here at home, and lead us to buy much more largely in Great Britain. There is time yet, however, for better counsels to prevail at Washington. The President may see the rights of the case more clearly when he comes back refreshed from his week's holiday.

A failing tiny nerve—no larger than the finest silken thread—takes from the Heart its impulse, its power, its regularity. The Stomach also has its hidden or inside nerve. It was Dr. Shoop who first told us it was wrong to drug a weak or failing Stomach, Heart or Kidneys. His prescription — Dr. Shoop's Restorative—is directed straight for the cause of these ailments—these weak and faltering inside nerves. This, no doubt clearly explains why the Restorative has of late grown so rapidly in popularity. Druggists say that those who test the Restorative even for a few days soon become convinced of its wonderful merit. Anyway don't drug the organ. Treating the cause of sickness is the only sensible and successful way. Sold by all dealers.

TO CONSIDER REQUESTS.

French-Canadian Deputation Wait on Sir Wilfrid.

Ottawa, March 18.— Sir Wilfrid Laurier was waited upon today by a deputation named by the recent French-Canadian Congress of Ontario. The deputation, which was introduced by Senator Belcourt, presented the resolutions adopted by the congress, which among other things called for representation of the French-Canadians of Ontario in the Senate and on the High Court bench.

Sir Wilfrid Laurier was asked to consider that although there are over 300,000 French-Canadians in Ontario there is no French-speaking judge on the high court bench, and only one French-Canadian senator. There should be at least one more French senator, and a representative of the bench, it was argued.

The premier said that there was much force in the arguments advanced and the figures submitted. The matter would receive the serious consideration of the government.

Proprietor.

HOTEL CARSLAKE, MONTREAL
European plan—opposite Grand Trunk, Geo. Carslake, Proprietor.

Synopsis of Canadian Northwest Land Regulations.

ANY PERSON WHO IS THE sole head of a family, or any male over 18 years old, may homestead land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother, or sister of an intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, solely owned and occupied by him, or his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price $3.00 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price $3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth $300.00.

R.M.S.S. LAURENTIC (new) 14,892 tons. Triple screw
R.M.S. MEGANTIC 14,878 tons. Twin screw

Largest and most modern steamers on the St. Lawrence route. Latest production of the ship-builders' art; passenger elevator serving four decks. Every detail of comfort and luxury of present day travel will be found on these steamers, including orchestra. They proved very attractive last St. Lawrence season, owing to their superb accommodation for First, Second and Third Class passengers.

MODERATE RATE SERVICE.

R.M.S. CANADA R.M.S. DOMINION

One Class Cabin Steamers (called Second Class.)

On these steamers passengers receive the best the steamer affords at a very moderate rate; they are very largely patronized by those making a trip to the Old Country, who wish to secure comfort at a moderate expenditure.

Intending travellers are requested to communicate with Local Agents regarding passage on the above-mentioned steamers, or to Company's Offices.

NOTICE TO CONTRACTORS.

Tenders For Machinery, Belting, Shafting, Cranes, Air Compressors, Etc.

SEALED TENDERS, addressed to the undersigned, and marked on the envelope "Tender for Machines and Tools," "Tender for Leather Belting," etc., etc., as the case may be, will be received at the office of the Commissioners of the Transcontinental Railway, at Ottawa, Ontario, until 12 o'clock noon of the 12th day of April, 1910, for:

(1) Machines and tools;
(2) Leather belting;
(3) Shafting, hangers, steel frame work, etc.;
(4) Miscellaneous equipment, industrial track and lockers;
(5) Motors;
(6) Furnaces and forges;
(7) Cranes;
(8) Air compressors;
(9) Grey iron foundry equipment and brass foundry equipment;

required for the equipment of the locomotive and other shops of the Commissioners of the Transcontinental Railway at Springfield, east of Winnipeg, Manitoba.

Tenders will be received and considered for any or all of the items indicated above and numbered from 1 to 9, both inclusive.

Plans and specifications may be seen in the office of the Chief Engineer of the Commissioners at Ottawa, Mr. Gordon Grant, and in the office of the District Engineer of the Commissioners at St. Boniface, Man. Mr. S. R. Poulin.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied by the Commissioners, which may be had on application to the Chief Engineer at Ottawa, or to the District Engineer at St. Boniface, Man.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada, payable to the order of the Commissioners of the Transcontinental Railway for a sum equal to ten per cent. (10 per cent.) of the amount of the tender.

Any person whose tender is accepted shall within ten days after the acceptance thereof sign the contract, specifications and other documents required to be signed, and in any case of refusal or failure on the part of the party whose tender is accepted to complete and execute the contract with the Commissioners, the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure, and all contract rights acquired by the acceptance of the tender shall be forfeited.

The cheques deposited by parties whose tenders are accepted will be deposited to the credit of the Receiver General of Canada as security for the due and faithful performance of the contract according to its terms.

The cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

The right is reserved to reject any or all tenders.

By order,
P. E. RYAN,
Secretary, The Commissioners of The Transcontinental Railway.
Ottawa, 2nd March, 1910.

Newspapers inserting this advertisement without authority from the Commissioners will not be paid for it.

LIQUOR LAWS.

Centralized Control of the Liquor Traffic Proposed.

Centralized control of the liquor traffic is proposed by Mr. Hanna. Under existing arrangements a board of license commissioners with subordinate inspectors is appointed for each constituency in the Province. The commissioners serve without pay. The inspectors are salaried officials named on the recommendation of the member. In too many cases they have been more or less active in politics. If they are earnest and vigilant in the discharge of their duties they are hampered by the fact that they are well known. Hotelkeepers who break the law follow the movements of the inspector carefully, and know when they may expect a visit. Too often, therefore, honest effort to prevent illegal selling fails utterly.

Occasionally the inspector does not risk his popularity by displaying too much enthusiasm in the discharge of his duties. He may be possessed by the false idea that his chief duty is to conserve the interests of his party When this same impression seizes the minds of the commissioners as well the liquor trade is in politics, a result always objectionable.

Under the best circumstances, therefore, the present system of regulation and inspection is inefficient; it is a nuisance. To mend this state of affairs is the hope of the Provincial secretary. He proposes a central board to deal with the issues of all licenses, and a corps of Provincial inspectors to compel the observance of the law. Already the system has been tried with satisfactory results in local option territory, Mr. Ayearst, the chief inspector, and his assistants have cultivated the Assyrian habit of coming down like a wolf on the fold. The man who sells liquor in a local option town does so with fear and trembling. He cannot keep an account of the movements of a Provincial inspector. Moreover, his influence or lack of influence with the party leaders in the constituency does not affect the action of an inspector who reports direct to the Provincial secretary's department.

It seems reasonable to conclude that similar results would follow if the centralized system of supervision were applied to licensed territory as well. Certainly the inspection would be generally more efficient and violation of the law less bold. Furthermore, it is not likely that any form of alliance between local political organizations and the trade could be effective under such conditions. The evils of such alliance under former administrations were all too plain. They have not developed to any grave extent under the Whitney government, but it is just as well to make their recurrence impossible. The superstition that a license law was made to be broken is dying out because of the activity of Mr. Hanna. Centralized inspection might kill it for ever.

IF SICK--WHY PAY

Unless Health First Returned.

Here is what should and can be done:

Have you trouble and will anybody else? Then why pay for it?

When why pay for it?

I positively pledge to the sick, suffering men and women of Peterboro and vicinity that "Dr. Shoop's Restorative will help them if it fails". Let others do the same or else pass their prescriptions by.

If you have no money, you pay me nothing. If you have money, you pay me back. Isn't that fair enough? Can the Bismarck. Heart, Stomach, Nerve, Kidney, Liver or Blood disease? Dr. Shoop's Restorative will help you here. I can prove it. The first bottle will tell you here I am certain of it. Why suffer longer? Why pay longer? Why not get well? Why not be happy? I am positive I can help you. That's why I am able to say:

This is why I say: "Make one dollar's trial of my medicine where neither dare nor have to pay unless it helps you. Just as I do by this remarkable offer.

So write me today for this order.

I have appointed honest and responsible druggists in nearly every community to place my medicine in the hands of the sick.

But write me first for the order.

All druggists do not handle my remedies, but all are not worthless and by getting the right druggist interest and demand, that one also will soon be your need.

A postal will do.

Besides, you are from us equally as safe as if you were dealing direct with me. Only be sure and write me today for the free order blank below and my complete and valuable book.

Perhaps a word or two from me will clear up some serious ailment. I have helped thousands upon thousands by my private counsel and personal advice given by letter, both of which cost you nothing. My book, called Dr. Shoop's Fourth Power simplest explained, by which many have learned to think to health, is sent free. Just write for it today. Address Dr. Shoop, Box 1 Racine, Wis.

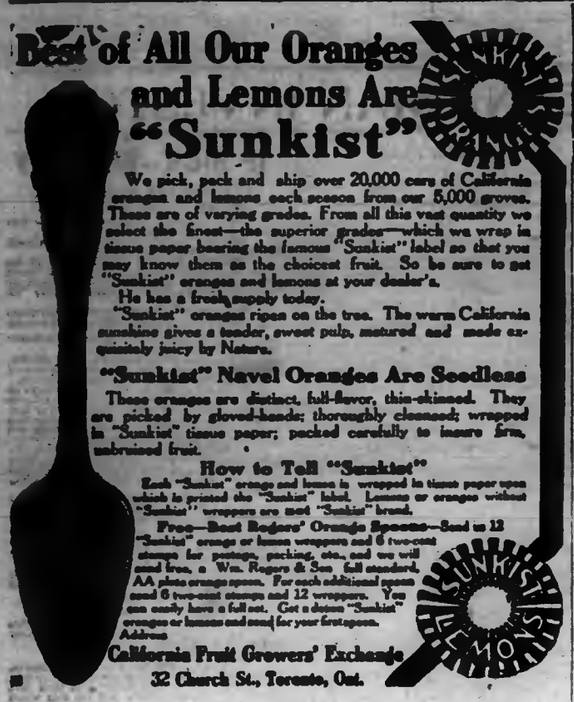
Best of All Our Oranges and Lemons Are "Sunkist"



We pick, pack and ship over 20,000 cars of California oranges and lemons each season from our 5,000 groves. These are of varying grades. From all this vast quantity we select the finest—the superior grades—which we wrap in tissue paper bearing the famous "Sunkist" label so that you may know them as the choicest fruit. So be sure to get "Sunkist" oranges and lemons at your dealer's.

He has a fresh supply today.

"Sunkist" oranges ripen on the tree. The warm California sunshine gives a tender, sweet pulp, matured and made exquisitely juicy by Nature.

"Sunkist" Navel Oranges Are Seedless

These oranges are distinct, full-flavor, thin-skinned. They are picked by gloved-hands; thoroughly cleansed; wrapped in "Sunkist" tissue paper; packed carefully to insure firm, unbruised fruit.

How to Tell "Sunkist"

Each "Sunkist" orange and lemon is wrapped in tissue paper upon which is printed the "Sunkist" label. Lemons or oranges without "Sunkist" wrappers are not "Sunkist" brand.

Free—Boost Rogers' Orange Spoons—Send us 12 "Sunkist" orange or lemon wrappers and 6 two-cent stamps for postage, packing, etc., and we will send free, a Wm. Rogers & Son full standard, AA plate orange spoon. For each additional spoon send 6 two-cent stamps and 12 wrappers. You can easily have a full set. Get a dozen "Sunkist" oranges or lemons and send for your first spoon. Address

Walter M. Roebuck
BELL PHONE 737
COR. WATER & SMITH STS.

The New Dam at Burleigh.

Work on the proposed new dam at Burleigh will be commenced in a few days. During the winter the material has been brought on the ground, and Mr. Davey the engineer, who will superintendent the work, will be on the ground next week and the work will be pushed forward with all speed in order to have it completed as soon as possible. Messrs. Buchanan and Bishop are the contractors, and the appropriation is between $60,000 and $70,000.

No Dogs By Rail.

The railways have received notice that they are to receive no dogs shipped from points west of the eastern boundary of York and Simcoe counties, and no dogs are to be received for shipment to points west of these districts. This precaution is taken, owing to the fact of rabies being prevalent in the western part of the Province, and it is hoped by this precaution to prevent its further spread.

Little Local Lines

The ice is fast disappearing from the lake and river.

The first maple syrup of the season was brought to market Saturday.

Farmers from Ennismore crossed Chemong Lake on the ice, which is still safe for travel.

A man was arrested Saturday afternoon by P. C. Adams, charged with having stolen flour from the Peterborough Cereal Co.

It is not probable that building operations this year will be very brisk, judging from the limited number of permits issued by the city engineer.

ADVERTISE IN THE TIMES.

The Morning Times
PETERBOROUGH, ONT.

MONDAY, MARCH 21, 1910.

NEWS OF THE CITY

Paving Lindsay Streets.

In Lindsay the required number of property owners on William street have signed a petition in favor of paving that street, and it is probable that it will be paved this summer from Elgin to Kent street.

Are After the Dogs.

A great many dogs were destroyed in Lindsay last week by their owners who preferred to thus get rid of their animals rather than tie them up, and who feared that the dog by-law was to be enforced at once.

St. Paul's Church.

Rev. Mr. Haddo, editor of the Canada Presbyterian, occupied the pulpit of St. Paul's church yesterday morning and evening in the absence of Revd Mr. Pogue, who had been invited to preach anniversary services in Hespeler. Eloquent and impressive sermons were delivered.

Fortify now against the grip—for it comes every season sure! Preventics—the little Candy Cold Cure Tablets—offer in this respect a most certain and dependable safeguard. Preventics, at the "sneeze stage" will, as well, also surely head off all common colds. But promptness is all important. Keep Preventics in the pocket or purse, for instant use. Box of 48 for 25c. Sold by all dealers.

HIGH CLASS LADIES' TAILORING.

Opening on March 24th, at 452 George street, strictly high class tailoring and dressmaking establishment, under management of high class designer, Mr. J. Goldberg, Parisian Ladies' Tailoring Co.

Card of Thanks.

Mrs Thomas Pasco desires to thank all those who were so kind and sympathetic to her in her late bereavement, and also to those who sent flowers and kind words, especially the collar department of B. F. Ackerman's, who sent a beautiful wreath.

Another Stony Lake Boat.

There will be an extra boat on the run between Lakefield and Stony Lake this season. Capt. Grey is enlarging the steamer Sovereign, and turning it into a passenger craft. The boat has been lengthened, broadened and otherwise improved.

Chamberlain's Cough Remedy is a very valuable medicine for throat lung troubles, quickly relieves and cures painful breathing and a dangerously sounding cough which indicates congested lungs. Sold by all dealers.

The Contract Let.

On Saturday Mr. Pinchin, general manager of the Otonabee Navigation Company, let the contract for a lighting plant to be installed on the company's steamer Manita. It provides for 30 colored lights and a 2000 candle power search light.

Wayward Girls.

The two young girls who a few months ago left Lindsay and went to Buffalo without permission, appeared Saturday before Magistrate Dumble on a charge of running away from home. The girls were on their way to join a theatrical troupe in Montreal. The magistrate ordered them to be sent home after giving them some wholesome advice.

A few minutes delay in treating some cases of croup, even the length of time it takes to go for a doctor, often proves dangerous. The safest way is to keep Chamberlain's Cough Remedy in the house, and at the first indication of croup give the child a dose. Pleasant to take and always cures. Sold by all dealers.

A Surprise Party.

On Friday evening Mr. and Mrs. Ed. Wand were visited by members of the choir and congregation of the Mark street church, and Mrs. Wand who, previous to her recent marriage filled the position of soloist in the church choir, was presented with a handsome china set, as a mark of esteem. A delightful evening was spent in games and music, during which dainty refreshments were served.

Will Give Lecture.

The Ladies' Art Association of Peterborough, have succeeded in securing Mr. E. Wyly Grier to give a lecture on "Ideas in Contemporary Arts." Mr. Grier is one of the foremost portrait painters in America, and his lecture is sure to be both interesting and instructive. The lecture will be given on April 6th.

PUBLISH MY LETTER THE WORLD OVER.

The Words of Harold P. Bushy, Who Was Permanently Cured of Chronic Lumbago by "Nerviline."

"Three years ago I discovered that a man subject to lumbago might just as well be dead as alive." These words open the sincere, straightforward letter of H. P. Bushy, a well-known man in the plumbing and tinsmithing business in Portland.

"One attack came after another, and lumbago got to be a chronic thing with me. I could scarcely get in a day's work before that killing, crue, pain would attack my back. I used a gallon of liniments; not one of them seemed penetrating enough to get at the core of the pain. I read in the Montreal Witness about Nerviline, and got five bottles. It is a wonderful medicine—I could feel its soothing pain-relieving action every time it was der control with Nerviline, I built up my strength and fortified my blood by taking Ferrozone at meals. This treatment cured me permanently, and I urge everyone to give up the thick, white, oily liniments they are using, and try an up-to-date, penetrating pain destroyer like Nerviline.

LETTER NO. 4311

"Please publish my letter the world over. I want all to hear of Nerviline."

Don't be cajoled into receiving anything from your dealer but "Nerviline." Large bottles 25c.; five for $1.00. Sold everywhere or the Catarzone Co., Kingston, Ont.

F. H. OXLEY, F.C.A., Auditors.

DIRECTOR'S REPORT

Your Directors herewith submit their Ninth Annual Report, with statement of assets and liabilities, and abstract of profit and loss account, for the year ended December 31st, 1909.

The profits for the year amounted to $927,949.00, as compared with $734,761.53 for 1908. In view of the depressed condition of business during the greater part of the year, this result should be regarded with satisfaction by the shareholders.

The amount at the credit of profit and loss account on January 1, 1907, was $1,210,221.07, against which the stock dividend of $1,000,000.00, declared in December, 1908, was charged.

The various amounts transferred to the Reserve Fund and Fire Insurance Fund, and written off for improvements and betterments, are shown by the accounts.

A sum of $194,653.54 for Premium and Commission on redemption of old and issue of new bonds has been paid out of the profits for the year.

The balance carried forward to the credit of profit and loss account is $334,997.78.

The sum of $52,173.17 has been expended during the year on capital account in the development of the submarine iron ore area at Wabana, and for improvements, plant, etc., charged to that account.

The volume of business transacted by the Company during the year shows a substantial increase, and is in excess of any previous year, and it is expected that there will be a still further increase in 1910.

The development of the submarine iron ore areas at Wabana was continued, the main slope being extended through these areas a further distance of 1,470 feet. The slope is now about 1,800 feet into our own areas from the southern boundary. The development work carried on has fully confirmed the estimates previously made as to the vast quantity of ore contained in, and the great value of these areas. The plant for the operation of these submarine mines is now being installed.

Extensive additions and improvements have been made to the mills at New Glasgow, and further extensions and improvements will be made in 1910, with a view to increasing the output of finished steel.

The reorganization of the finances of the Company, authorized by the shareholders, has been carried out. A new issue of $5,000,000 5 per cent. First Mortgage Bonds, and an issue of $2,500,000 5 per cent. Debenture Stock, were made; $2,500,000 of the Bonds and $1,633,000 6 per cent. Debenture Stock were sold in Canada, and the two former issues of 5 per cent. Bonds were paid off and cancelled. The balance of $2,500,000.00 of the Bonds remain in the Treasury. No portion of the premium on the redemption of the old bonds nor any commission on the issue have been charged to Profit and Loss Account.

The regular dividend of 2 per cent. quarterly has been paid on the preferred shares, and on Jan. 25th a quarterly dividend of 1 per cent. was paid on the ordinary shares, and the Directors have declared further dividends of 1 per cent. on the ordinary shares, and 2 per cent. on the preferred shares, payable on April 25th to shareholders of record on March 31st, 1910.

All of which is respectfully submitted.

February 19th, 1910.

ROBERT E. HARRIS,
President.

DUSTBANE!!

The Sanitary eweeping Compound

That makes sweeping easy. It disinfects the dirt, and prevents the dust from rising. It brightens the floor and thoroughly cleanses the carpet. Put up in tins for household use. It costs nothing to try. Call for a can and use it a week on trial. We know DUSTBANE will give satisfaction.

DUSTBANE is packed in bbls. and kegs for store, office and school use.

Peterboro Hardware Co.
Distributors, Peterborough, Ontario

The Redwood Oil Company

Operating in the San Juan Oil Fields of Utah, the Greatest Oil Field ever discovered. Struck their first Oil Sand at 40 feet, High Grade Paraffine Oil, and are now on top of fine Oil Sand, well saturated. Stock is being rapidly subscribed for all over the United States and Canada.

Make your reservation at once for stock at the **Present price of 10c per share.**

SOCIETY

The Times will be pleased to receive notices of Weddings, Social Events, Personal Announcements, which will be published in this column free of charge.

Mr. Jack Hopwood, spent Sunday at home with his parents.

Mr. Henry Burchmann, a brilliant pianist, has accepted a position at the Princess.

Miss Ruby Richardson, of Toronto, is visiting her sister, Mrs. H. Lee, Charlotte street.

Miss Mary Bibby, who has been pianist at the Princess since the opening of the theatorium, left for her home in Barrie, where her marriage is announced to take place shortly.

Dr. Cameron Wilson, son of Rev. J. P. Wilson, formerly of the George street church, who has been practicing in Lindsay, is leaving for Napanee, where he will reside hereafter.

Miss Lola Ostrom of West Toronto, is visiting relatives in this city. Miss Ostrom is a native of this city, having been born in Peterboro.

Mr. G. E. Broderick, inspector of Public Schools, Lindsay, was in the city on Saturday, and gave The Times a friendly call. He will return to-day and visit some of the schools in the district as the guest of Inspector Lees.

Mrs. F. Mason was the charming hostess to a company of equally charming lady friends on Saturday night. Although the affair was impromptu it was successful and delightfully pleasant.

Mr. and Mrs. H. P. Kennedy were "At Home" on Friday evening to the members of Mr. Kennedy's Bible class. Dainty refreshments were served after which the host and hostess were tendered the thanks of their guests, to which Mr. Kennedy briefly responded.

VOL. XXXIII NO. 65 PETERBOROUGH, ONTARIO TUESDAY MARCH 22 1910 PRICE TWO CENTS

Forty-Two are Dead in Rock Island Wreck

Twenty-Four were Injured—Bad Smash of Passenger Train---Scores of Doctors and Nurses Rushed to the Scene of the Wreck

Des Moines, Ia., March 21.—Latest reports from the scene of the Rock Island wreck say 42 are dead and nearly twice as many injured. Wrecking trains from Waterloo and Marshalltown are on the scene, and scores of doctors from the towns nearby have been rushed there in automobiles.

Both engines were wrecked, and three coached filled with people were piled upon them. The entire mass caught fire, and is still burning, despatches say.

The relief trains have been loaded ed with the injured, who will be taken to Marshalltown. Many houses have been thrown open to the injured.

A passenger telephoned this afternoon that 37 dead had been laid out along the tracks.

THE CHICAGO REPORT.

Chicago, March 21.—It was stated at the offices of the Rock Island Railroad at noon today that fourteen dead bodies had already been taken from the wreck of a Rock Island passenger train near Marshalltown, Iowa. Twenty-four injured have also been taken from the wreck, it is said.

According to Rock Island officials here, the wreck occurred between 8 and 9 a.m. today, nine miles from Marshalltown, Ia., and four miles from Gladbrook, Ia. The train was a consolidated one of two Minneapolis-St. Paul trains which left Chicago and St. Louis last night. It was a double-header and was running over the tracks of the Great Western Railroad on account of a wreck on the Rock Island. The front engine was derailed, the officials declare, and the second engine and three cars toppled over.

All three cars, one sleeper, and one passenger coach were destroyed. The meager reports received at the Rock Island today report Conductor Nauholz and Brakeman Carter are dead, and Engineer Robinson is probably fatally scalded. One engineer and one fireman are missing.

Navigation Companies Getting Ready for Coming Season

With the advent of spring, the boatmen at various points on the Kawartha Lakes are getting busy.

The Otonabee Navigation Company's fleet are to be put in first-class shape for the coming season.

The steamer Monarch, which winters at Gore's Landing, will no doubt be the first boat to start work of the larger crafts on the waters. She will begin as soon as the ice is out of Rice Lake, which is usually about April 10th to 15th.

The steamer Water Lily is in the canal below the Lift Lock, and will be floated to company's docks as soon as the water is turned on in the canal.

The steamer Manita is having an electric light plant installed with a powerful searchlight, as her run on the Lindsay river will require good light. She is pulled out of the water at the company's docks.

The steamer Medivale is also to undergo quite extensive repairs.

The Otonabee will probably require less overhauling than any of the rest of fleet. She spent the winter in the Little Lake, near her own dock.

The steamer Carmana will not be ready in time to go into commission this year, but will be got ready for next year. All the timber for the keel has been delivered at the company's yards. The boat will be steel frame and will have a carrying capacity of about 250. Her boiler and engine are very powerful, enabling her to travel, it is estimated, at from 15 to 18 miles per hour.

At Lakefield Capt. Gray is putting the steamer Sovereign in fine shape. The Sovereign is having 15 feet added to her, and her upper works are being entirely re-arranged. The work is being done by Mr. John Craig, shipbuilder of Port Hope. The boat will ply on the waters between Lakefield and Stony Lake.

The Stony Lake Navigation Company are also putting their boats in order. The steamer Majestic is being rebuilt. She will be greatly improved and will be under the command of Capt. P. Young. The steamers Stony Lake and Empress are also being trimmed up and painted.

A big season's traffic is looked for, as the magnificent water stretches are becoming annually more and more popular.

VARICOSE VEINS CURED
NO NAMES USED WITHOUT WRITTEN CONSENT.
Confined to His Home for Weeks.

"Heavy work, severe straining and evil habits in youth brought on Varicose Veins. When I worked hard the aching would become severe and I was often laid up for a week at a time. My family physician told me an operation was my only hope—but I dreaded it. I tried several specialists, but soon found what they wanted was my money. I commenced to look upon all doctors as little better than rogues. One day my best friend told me why I was off work so much and I told him my condition. Do not delay as he recommended Kennedy & Kennedy, as he had it done with treatment from them himself and knew they were square and skilful. I wrote them and got THE NEW METHOD TREATMENT. My progress was somewhat slow and during the first month's treatment I was somewhat discouraged. However, I continued treatment for three months longer and was rewarded with a complete cure. I could only earn $12 a week in a machine shop before treatment, now I am earning $21 and never loose a day. I wish all sufferers knew of your valuable treatment.
HENRY C. LOCUST.

HAS YOUR BLOOD BEEN DISEASED?

BLOOD POISONS are the most pervasive and most serious diseases. They sap the very life blood of the victim and unless entirely eradicated from the system will cause serious complications. Beware of Mercury. It may suppress the symptoms—our NEW METHOD cures all blood diseases.

YOUNG OR MIDDLE AGED MEN.—Imprudent acts or later excesses have broken down your system. Nervous symptoms stealing over you. Mentally, physically and vitally you are not the man you used to be or should be. Will you heed the danger signals?

READER Are you a victim? Have you lost hope? Are you intending to marry? Has your blood been diseased? Have you any weakness? Our NEW METHOD TREATMENT will cure you. What it has done for others it will do for you. Consultation Free. No matter who has treated you, write for an honest opinion Free of Charge. Books Free—"Boyhood, Manhood, Fatherhood." (Illustrated in Diseases of Men.

COMMITTED FOR TRIAL.

Larry Kelly Sent Up for Trial on a Charge of Stealing Jewellery.

Larry Kelly was charged at the police court last night with stealing jewellery, consisting mainly of lockets, from the sample room of the Oriental Hotel on April 2nd. The jewellery was the property of the Knox Company, whose traveller was here on a business trip.

The defendant's solicitor, Mr. G. N. Gordon, asked his worship for an enlargement for a day or two in order that he might make himself clear on some details connected with the case; but Mr. Dumble could see no reason for such a course. He gave prisoner the choice of either being dealt with summarily or going up for trial. Prisoner's counsel advised the latter, and consequently Kelley was committed for trial at the next court under the county's jurisdiction.

Y.M.C.A. BOWLING.

Splendid Tournament Arranged to Take Place.

A Y.M.C.A. bowling tournament has been arranged, the teams and schedule being as follows:

1—W. E. Conway, J. H. Connal, P. A. Kerr.
2—F. C. Cressman, J. W. Wood, R. M. Glover.
3—R. Perry, H. Moncrief, M. Turner.
4—F. G. Hassard, W. Downey, F. Turner.
5—W. A. Richardson, F. Gillespie, F. Rowan.
6—N. Mills, N. Geale, G. Martin.
7—W. Pratt, J. J. Cocks, H. Millard.
8—H. Foy, S. Laing, J. Downing.
9—A. Elliott, W. S. Hill, G. Armstrong.
10—W. D. Campbell, R. P. Best, P. Hetherington.
11—S. R. Hall, W. Cahill, A. M. Fitzgerald.

SCHEDULE.

Monday, March 21—7.00, 1 vs. 2; 8.30, 3 vs. 4.
Tuesday, March 22—7.00, 5 vs. 6; 8.30, 7 vs. 8.
Wednesday, March 23—7.00, 9 vs. 10 8.30, 1 vs. 2.
Thursday, March 24—7.00, 3 vs. 4; 8.30, 7 vs. 8.
Monday, March 28—7.00, 5 vs. 6; 8.30, 9 vs. 10.

Y.W.C.A. NOTES.

This evening Judge Huycke will lecture on the "Legend of the Holy Grail." There will be musical numbers. The public are invited. Silver collection.

Mr. A. Mowat's Browning Class, also Miss Nicholls' Class, will not meet this week or next.

Walter Fisher Secures Market Tolls for $855

The Property Committee of the City Council met last night, when there were present; Mayor Morrow, Chairman Ald. Duncan, Aldermen Morgan and Bradburn.

The following tenders for the market tolls were received:—
Walter Fisher $855
Daniel McMillan $650

On motion of Ald. Morgan, seconded by Ald. Bradburn, the tender of Walter Fisher, $855, was accepted.

Messrs. Harper and Mein appeared before the committee and asked that the 57th Regiment Band have the use of their old quarters in the city building on the same conditions as existing before removal to the armories, came up for consideration. This was acquiesced in, and, on motion, the City Trust Commissioners will be informed that the committee recommend that the bands' request be granted.

Chicago on Verge of a Big Strike

Chicago, March 21.—A strike of 27,000 on forty-seven railroads seems imminent.

When C. P. Neill, United States Commissioner of Labor, met the representatives of the Brotherhood of Railway Firemen and Engineers and the general managers of forty-seven railroads today, a peaceful settlement appeared as far away as ever. It was generally believed that today's would be the last of the conference.

Martin A. Knapp, chairman of the Inter-State Commerce Commission, returned to Washington Saturday night. It appears that he has given up the mediation conference as hopeless.

U. S. Citizens Buying Fruit Land in the Niagara District

Beamsville, March 21.— A fruit land boom that is unequaled in the Niagara peninsula has struck the vineland section in the vicinity of the new government experimental station. Real estate men and prospective growers are falling over each other in their efforts to grab the best sections. The soil is the genuine peach-growing kind, and the section is better adapted for growing this fruit than perhaps anywhere else in the peninsula. The advent of the Dunnville, Wellandport, and Beamsville electric railway to St. Catharines and the building of the new G. T.R. station there have completely taken speculators by storm. All the way from $300 to $1000 an acre is being paid for land that seven years ago would not bring over $300. One man near here, who comes from Philadelphia, is putting in forty acres of tobacco this spring. Small plots have been occasionally grown for experiment, but this acreage will be a record breaker, and should it prove successful a new industry of wide proportions will be opened up for men who are at present engaged in the fruit industry.

As an indication of the trend of things in this district, there are now seven real estate agencies open, three of them coming in from other places within the past couple of weeks.

Trails Husband 1,000 Miles.

Chicago, March 22.—A wife, who had trailed her husband 2,000 miles, gazed coldly at him and his alleged affinity, in whose arrest she was interested, when they were arraigned for trial in the Harrison street police court to-day. The husband is E. Lester Woolway, an electrical engineer, and the alleged affinity is Miss Inez Hunt. According to the police the Woolways were married in Mexico about six months ago. A short time later Woolway came to Chicago. Mrs. Woolway followed, learned of his alleged relations with Miss Hunt, and caused their arrest.

A House of Refuge for Protestant Poor

The city fathers met in Committee of the Whole last night when there were present: Mayor Morrow, Aldermen Duncan, Metheral Graham, Morgan, Buller, Turner, Hicks Duffus, Phelan and Gillespie.

His worship explained that he had been interviewed by the wardens of Victoria and Peterborough counties, and was given to understand that the Sherman matter would be taken to court, in which case the city of Peterborough would be made a party to the action. Mr. Sherman sustained the loss of one horse and injury to another by reason of the Pigeon Creek bridge having been partially carried away by a heavy storm the past winter. It is contended in some quarters that the city is responsible for a share of the maintenance of Pigeon Creek bridge. The city solicitor, however, asserts that this city is not liable in any way for the accident in question.

The wardens of both Peterborough and Victoria counties suggested that their municipalities and the city give $50 each toward a settlement of this claim.

The council were of the opinion that settling the foregoing claim would be establishing a precedent that would not be advantageous to this municipality, and on motion of Ald. Morgan, seconded by Ald. Graham, no action was taken.

HOUSE OF REFUGE.

Father McColl, Revs. Keith, J. C. Davidson, and J. B. McWilliams, met the committee in regard to providing a House of Refuge for this city. Mr. J. B. McWilliams offered that such a building capable of accommodating 50 or 60 inmates could be built and equipped at a cost of $18,000 or $20,000, subsequently the legislature would make a grant of 7c. a day for each inmate. The old women would be taken care of by the Protestant Home. He suggested that a bylaw to provide for a house of refuge be submitted to the ratepayers.

Father McColl said that in Toronto a large grant is given by the city in support of a house of refuge. The reverend father, however, pointed out that his church has spent considerable money in their House of Providence, and it would not be fair for Roman Catholics to be equally taxed with Protestants for the support of a house of refuge. Then it should be borne in mind that the religious aspect of the question must be taken into consideration. Protestants and Catholics alike would need the consolation of their own religion, which would hardly be obtained from a joing institute. His co-religionists would be perfectly satisfied with any solution of the problem that would throw the support of their own poor upon themselves, but he could not endorse any scheme for a house of refuge to be supported jointly by Roman Catholic and Protestant ratepayers.

Rev. Mr. Keith was insympathy with Father McColl and suggested two solutions of the problem. One, for the city to erect a home and let Protestants and Catholics share alike if need be. Two, for the Protestants to get together and build a home for their own poor.

Rev. Canon Davidson thought as the Protestant Home is capable of taking care of the old women it should not be difficult to secure a building for indigent men.

Ald. Hicks did not like the sound of a "house of refuge." It is a cold law name for old people. He thought it was up to the Protestants to follow the worthy example set by their Catholic fellow-citizens and build a home for their own poor, in which event the council might give them a substantial annual grant.

Ald. Buller suggested that the and Protestants only assessed for its home should be built for Protestants upkeep under special legislation. This would avoid confusion and friction in the future.

Ald. Bradburn remarked that personally he would be in favor of a poor house for all denominations, but as Father McColl had stated that the Roman Catholics would not go to such an institution, and as the Roman Catholic poor are already provided for, the only solution of the difficulty is to build a home exclusively for Protestants and thus draw the dividing line.

On motion of Ald. Morgan, Aldermen Bradburn, Hicks and Buller were named a committee to confer with the Protestant Home as to the care of our Protestant poor, and report to the council.—Carried.

Ald. Duncan here asked that as the solicitor needed a filing cabinet at once, it be purchased and paid for out of the general funds. This was acquiesced in.

Ald. Buller here offered that Mr. Best would accept $700 in settlement of a right of way through his property for the extension of Aylmer street south. He moved, seconded by Ald. Duncan, that this proposition of Mr. Best's be accepted.—Carried.

Ald. Buller was authorized to see Mr. Best and arrange for a settlement of this vexed question.

THE CANADIAN PACIFIC RAILWAY COMPANY.

Dividends for the half-year ended 31st December, 1909, have been declared as follows:

On the Preference Stock, two per cent.

On the Common Stock, three per cent.

A further sum equal to one-half of one per cent. on the Common Stock will be paid thereon at the same time out of interest on the proceeds of land sales.

Warrants for the Common Stock Dividend will be mailed on 31st of March next to Shareholders of record at the close of the books in Montreal, New York and London, respectively.

The Preference Stock Dividend will be paid on Friday, April 1st next, to Shareholders of record at the closing of the books at the Company's London Office, No. 62 Charing Cross, London, S. W.

The Common Stock Transfer Book will close in Montreal, New York and London, at 3 p.m. on Tuesday, March 1st. The Preference Stock Books will also close at 3 p.m. on Tuesday, March 1st.

All books will be reopened on Saturday, April 2nd next.

By order of the Board.

W. R. BARKER, Secretary.
Montreal, 14th February, 1910.

Desires Canada to Lower Duties on 30 Articles

President Taft's Proposal Affects Agricultural Implements and Iron and Steel, One Report Says

Washington, March 21.—Hopes are now entertained by members of the tariff board that the threatened commercial war between Canada and the U.S. may be averted.

When Prof. Emory, the head of the board, and Charles M. Pepper, special commissioner, came back from their recent trip to Ottawa all their propositions to the Canadian Government had been firmly but politely rejected.

Now that President Taft has personally taken the matter in hand with Minister of Finance Fielding, representing the Dominion Government, Prof. Emory said today that he was more hopeful.

One of the propositions which has been submitted to Canada, and the one which it is believes stands for the best chance of being accepted, is that the United States shall give to Canada the benefit of its minimum in return for concessions by Canada on about thirty articles of American export, including agricultural implements, iron anh steel, etc. It is understood here, that President Taft is urging the acceptance of this compromise, which also includes some special concessions by the United States.

If the existing negotiations should fail altogether, and it should become necessary to apply the maximum rates of the United States to Canadian products, with resultant retaliation by Canada, a condition would be created which it is thought would not long be tolerated by the people of either countries. Negotiations, it is believed, would be renewed for the purpose of securing a reciprocity arrangement which would enable President Taft to include Canada among the countries entitled to the lowest rates of the American tariff.

EARL AT PEACE DINNER

New Haven, Conn., March 21.—President Taft came directly to New Haven from Albany, stopping in New York to leave Governor-General Earl Grey of Canada, and Collector of the Port of New York, Loeb. The governor-general will attend the peace and arbitration dinner tomorrow night at which the president will also be a guest.

FIELDING'S LIPS SEALED

Ottawa, March 21.—When Hon. W. S. Fielding stepped off the New York train at noon today on his return from Albany, where he was in conference with President Taft, he greeting the waiting newspaper correspondents, with a pleasant "Good morning, gentlemen."

This Date in History

1622—The Indians massacred 349 of the Virginia colonists.
1765—The British Stamp Act became law.
1815—Napoleon joined by all the army after his return from Elba.
1838—Sir Francis Bond Head resigned office as Lieutenant-Governor of Upper Canada.
1863—Confederates under Clark captured Mt. Sterling, Ky.
1900—Canadian troops arrived at Cape Town to engage in war with the Boers.

The Strikers Reject Peace Proposals

Philadelphia, March 21.—By a vote of seven to twelve, the Executive Committee of the local Carmen's Union, after an all-night meeting, today rejected the proposition of the Philadelphia Rapid Transit Company looking to a settlement of the trolley strike.

Prospects for any further peace moves being made until either the company or strikers acknowledge defeat are not promising.

The rock on which the company and the Executive Committee of the carmen have split is the refusal of the company to hereafter exclusively recognize the Grievance Committee elected by a majority of the trolley men, or, in other words, the Executive Committee of the union. The men decline to entertain the proposal of the company that it shall permit any number of committees to present grievances or for the men to present themselves individually.

The committee of ten having the general strike in charge today issued a statement that the situation as far as it was concerned was unchanged, and that the battle was still on.

"The company also propose that we should concede to the recognition of as many committees as the company might desire to form and to recognize Keystone and any other kind of a labor organization.

"To accept these conditions would have been to surrender, not only the conditions that we have secured in the past, but to surrender even our union and its rights that it has been conceded.

"Under the conditions we were forced to refuse the propositions offered We did, however, through our committees offer to meet the company and make a settlement on a reasonable and liberal basis."

Opening Up 700,000 Acres in Alberta for Homesteading

Toronto, March 21.—Thirty townships, comprising 700,000 acres in Northern Alberta, will be thrown open for homesteading March 28th. It is the Grand Prairie district of the Peace River county. According to a report from the Alberta Immigration Office there is no better land in the West, the Grand Prairie counties being well supplied with water, coal and wood. The land will be opened for homesteads, but pre-emption will not be allowed. At the present time access to the country is not easy. The heart of the new territory is 400 miles north of Edmonton. The C.N.R. is expected to be laid as far as Athabasca Landing in the fall, and the rest of the journey can then be made by water. Interest is centered largely in the Eathwistle district at present.

Germany Hopes for Tariff War Between U. S. and Canada

London, March 18.—The tariff situation is being keenly watched by British firms.

In the event of a imposition of a surtax by Canada on U.S. goods, British manufacturers will reap considerable advantage.

Germany counts on profiting handsomely, says a Berlin despatch, by the impending Canadian-American tariff hostilities. America is regarded here as a more dangerous rival to German ambitions in the Dominion of Canada than England or France, and anything calculated to stem the American invasion of the Canadian market is therefore hailed as an ill wind which can only blow Germany good. The Vossische Zeitung, commenting on the possibilities of a fiscal war recently observed that Germany had every reason to sit back and enjoy the conflict silently smiling.

Nothing in the way of a Cough is quite so annoying as a tickling, teasing, wheezing, bronchial Cough. The quickest relief comes perhaps from a prescription known to Druggists everywhere as Dr. Shoop's Cough Remedy. And besides, it is so thoroughly harmless that mothers give it with perfect safety even to the youngest babes. The tender leaves of a simple mountain shrub, give to Dr. Shoop's Cough Remedy its remarkable curative effect. A few days' test will tell. Sold by all dealers.

THE WEATHER.

South-westerly winds and showery.

The "J. B. McColl."

The Government tug Empire is being rebuilt and improved. Her name is being changed to the "J. B. McColl," in honor of the popular member of the House of Commons for West Northumberland. The "Bessie Butler" is also having a new searchlight installed.

Miss Mary Bibby, who has been pianist at the Princess since the opening of the theatorium, left for her home in Barrie, where her marriage is announced to take place shortly.

ADVERTISE IN THE TIMES.

DON'T KNOW HOW

To Select Food to Rebuild On.

"To find that a lack of knowledge of how to properly feed oneself caused me to serve ten long years as a miserable dyspeptic, is rather humiliating. I was a sufferer for that length of time and had become a shadow of my natural self. I was taking medicine all the time and dieting the best I knew how.

"One day I heard of Grape-Nuts food, in which the starch was predigested by natural processes and that the food rebuilt the brain and nerve centers. I knew that if my nervous system could be made strong and perfect I could digest food all right, so I started in on Grape-Nuts, with very little confidence, for I had been disheartened for a long time.

"To my surprise and delight, I found I was improving, after living on Grape-Nuts a little while, and in three months I had gained 12 pounds and was feeling like a new person. For the past two years I have not had the slightest symptom of indigestion and am now perfectly well.

"I made a discovery that will be of importance to mothers. When my infant was two months old it was being fed on the bottle and was not doing well. I began to feed Grape-Nuts at first, only the water poured over later on the softened food. The child began to improve rapidly, and is now a year old, and very fat and healthy and has never been sick. Is unusually bright—has been saying words ever since it was six months old.

"I know from my experience that there is something in Grape-Nuts that brightens up any one, infant or adult, both physically and mentally."

"There's a Reason."

Read "The Road to Wellville," in pkgs.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

PREPARE FOR LUMBAGO!

If You Have "Nerviline" Handy One Rubbing Will Cure the Pain.

Thousands Use "Nerviline."

The "strike" of lumbago is like a bolt of lightning—you never know when it is coming or where it is going to strike. Probably the one certain thing about Lumbago is the fact that it can be cured by Nerviline—the only liniment that penetrates deeply enough to reach the congested cords and muscles.

LETTER NO. 4875

"Years ago I strained my back and suffered considerably with weakness over the spine," writes Darius P. Millan, a well-known farmer, residing near Kingsville. "Then lumbago attacked the weak spot, for days at a time, I would have to lie up in bed bed, unable to move or turn. Liniments, poultices and hot applications failed to bring the desired relief, and I was in despair of ever getting really well again. I at last decided to test "Nerviline." I got five bottles from the drug store and had it rubbed on three times a day. The stiffness and pain left my back quickly, and by continuing Nerviline I was completely cured of Lumbago."

This is similar testimony to that of nearly five thousand Canadians who have written unstinted words of praise to the manufacturers of Nerviline. For the cure of lumbago, sciatica, neuralgia and rheumatism there is no liniment with one-fifth the pain-relieving power of Nerviline!

Refuse any substitute. Large 25c. bottles of Nerviline, or five for $1.00 at all dealers. or the Catarrhozone Co., Kingston, Ont.

THE MORNING TIMES

The only morning daily newspaper published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $3 per year, strictly in advance.

Strangers visiting Peterborough are cordially invited to make their headquarters at the office of The Morning and Weekly Times, where they will be furnished with writing materials, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

TUESDAY, MARCH 22, 1910.

A RIGHTEOUS JUDGMENT.

Norris Comminsky has been acquitted by a Toronto jury upon a charge of breaking into a store and stealing furs. Judge Denton said that he did not agree with the verdict, unless it implied disapproval of the methods used by the Thiel detectives. The foreman answered: "We have come to the unanimous conclusion that we should condemn the methods used to catch this man. The judge said that the methods were "simply abominable." In his address to the jury the judge had made use of the language:

The work of the detective is an honorable one here, whatever it may be across the line. It would not be if they went often to such lengths as they have gone in this case.

I am afraid that when the ledger of life is made up it will appear against them that they encouraged and tricked another man into committing a crime. The law says that the man who encourages another to commit a crime is equally guilty of the offence.

We hope that the courts will continue to take the view that tempting a man to commit a crime is no part of the legitimate business of a detective. In ordinary cases the tempter is regarded as fully as a criminal as the person who is tempted. If that is true when the object of the tempter is to share the plunder it is equally true when the object is to put a fellow-creature in jail.

Even if the tempted person were a man of criminal tendencies, the temptation would be equally reprehensible. The policy of the law is to encourage the weak man to do right not to tempt him to do wrong. The Dominion Government employs a parole officer, whose duty it is to take the fallen man by the hand and lead him into an honest and useful life. It would be strange if the law gave any countenance to men who seek to lead men in the opposite direction, and to undo Major Archibald's work.

The man who comes out of jail—we are here speaking generally, not in reference to this particular case—has a hard road to travel. He is avoided, suspected, checked in his effort to obtain honest employment. He is liable to be tempted by criminals who know his weakness, and can put forward plausible arguments for a return to the path of crime. To help these criminals is surely no work for an officers of the law to do.

Have you a pain—of any kind, anywhere? Stop just a minute and think. It matters not whether it be womanly pains, head pains, or any kind of a pain, one of Dr. Shoop's little Pink Pain Tablets will surely stop it in 20 minutes. Formula plainly printed on the 25c. box. Sold by all dealers.

EDUCATION IN THE CAMPS.

Even ten hours of hard labor does not unfit for evening study the men of the lumbering, mining, fishing, and railway construction camps. All over Canada these camps are pushing into the new forests and the lands ahead of civilization, pioneering for the hosts who will ultimately follow. With them the Reading Camp Association is sending its representatives, men who work with their hands during the day, and thus win the confidence and esteem of those whom they seek to educate. A teacher unemployed during the men's hours of labor would be regarded as a hanger-on in camp. Hence the plan adopted by the association of having its instructors engaged in toil.

One dons sweater and overalls and takes his place with the trackliftors; then teaches the three R's at night. Another served his apprenticeship with the rock cutters, cement mixers and derrick men, and earned promotion to a sub-foremanship over forty men. A third worked as slab-cutter in a saw mill, besides operating a successful tent school.

The work that is being done by the association is known and appreciated in the camps, however little it may be known and appreciated in the cities. Its men, its magazines, and its books mean opportunities of education for lumbermen, fishermen, miners and railroad laborers, but they mean more than that. It is a substitute for the frontier saloon. They say "do," where the tendency has been to offer nothing better than "don't's." The camp schools gather in men of even three score years, some of them are learning to write at that age. The larger field, however is among the younger men and among the immigrants. In the great work of assimilation with which the Dominion is confronted, these schools are bound to play an important part.

The work is one which can hardly be too highly commended. It is maintained by a government grant and by private subscriptions, the superintendency being vested in Mr. Alfred Fitzpatrick of the Aberdeen Chambers, Toronto. The immense amount of railroad construction under way at the present time has multiplied the opportunities and widened the field of the association, which has a right to expect an increased financial support.

NOTICE

TAKE NOTICE that the Municipal Council of the Corporation of the City of Peterborough, intends after one month after the last publication of this notice, to undertake the construction of granolithic sidewalks on the following streets or parts of streets in the City of Peterborough, as local improvements, under Section 678 of the Consolidate Municipal Act, 1903, and the other provisions of the said Act, and the By-laws of the City relating to local improvements and applicable thereto:

Aylmer street, east side, from the Grand Trunk Railway to Smith street.

Concession street, west side, from Hunter street to St. Luke's avenue.

Caddy street, south side, from Concession street to Centre street.

Crescent street, south side, from Romaine street to Haggart street.

Douro street, south side, from Driscoll street to Rogers street.

Dublin street, north side, from Bethune street to Rubidge street.

Dublin street, south side, from Reid street half way to Dorrie at.

Edinburgh street, north side, from Stewart street to Bethune street.

Gilchrist street, west side, from McDonnell street to London street.

Hazlitt street, south side, from Concession street to Rogers street.

Lake street, south side, from the Grand Trunk Railway to Park street.

Louis street, west side, from Charlotte street to King street.

Lafayette street, east and west sides, from Albert street to Chamberlain street.

Mark street, east side, from Sophia street to Maria street.

Mark street, west side, from Maria street to the lake front.

Mark street, west side, from James street to 33 feet north of James street.

Maria street, north side, from Mark street to the Grand Trunk Railway right of way.

McDonnell street, south side, from George street to Water street.

McDonnell street, south side, from Park street to Cross street.

Manning avenue, north side, from Benson avenue to Aylmer street.

Park and Gilchrist streets, east side, from Brock street to the creek.

Park street, west side, from McDonnell street to Smith street.

Park street, east side, from Westcott street to Romaine street.

Rogers street, west side, from Hunter street to Douro street.

Rubidge street, east side, from London street, to Edinburgh street.

Romaine street, north side, from Park street to George street.

Smith street, north side, from Bethune street to Reid street.

Smith street, south side, from Harvey street to the River.

Smith street, north side, from George street to Benson street.

Stewart street, west side, from Edinburgh street to Reid street at Victoria avenue.

Stewart street, east and west sides from Perry street to Park street.

Park street, west side, from Parnell street to Lake street.

Dublin street, south side, from the eastern limit of lot 17 west of George street to Reid street.

And to assess the final cost thereof, less the cost of that part of the work which is incurred in respect of street inter-sections, and opposite exempted properties, and less forty per cent. of the remaining cost of the work, to be provided by the Municipality, under Section 678 of the Consolidated Municipal Act, 1903, upon the properties abutting thereon and to be benefitted thereby, and the number of annual special assessments therefor will be twenty.

Persons desiring to petition the said Council against undertaking any of the said proposed works must do so on or before the 29th day of April, 1910.

Dated the 12th day of March, 1910.

S. R. ARMSTRONG,
City Clerk.

National Mining and Tunnel Company

Owning, Leasing and Controlling

The Siwatch Group of Mines with perpetual Tunnel Rights.

This group comprises twelve Proven Mines, which have produced with shallow workings, averaging 150 feet, over $2,000,000 The Company also owns sixteen valuable Mining Claims, along the line of its tunnel, and is acquiring many others.

Capital Stock $2,500,000

Par value of Shares $1.00 each, fully paid up and non-assessable

FOREIGN IMMIGRATION.

The perils which may come to Canada from a great and unassimilated foreign immigration were forcibly portrayed by Rev. C. E. Manning in a splendid address before the Empire Club at Toronto.

The speaker pointed out the enormous increase in immigration from 44,000 in 1899 to 184,700 in 1908, and 384,281 in 1909. "If our country," he said, "were as thickly inhabited as Germany we would have a population of ten hundred millions, and I think that some day we will have as dense a population in all the habitable parts of Canada."

The enormous wealth of Canada, he argued, would atract peoples from Europe and Asia, and exclusion acts would be impossible. God had not placed these broad prairies and mineral wealth merely for seven millions of Canadians, while millions in Europe and Asia starved! he said. "If you were God would you allow starvation to go in Europe while seven millions of people in Canada held this great territory to themselves?" he asked. "The only part anyone has any right to is the part he can make use of."

If the flocking in of foreigners to the cities of Canada continued, he said, they would soon hold the balance of power, as they do in the United States. "Today we are making laws for them. The day will come when they will be making laws for us," he declared.

It would be useless to try to keep out Orientals, he declared, and reminded his audience that within twenty years China would be able to put in the field the largest army and place on the seas the greatest navy that the world had ever seen. China and Japan together could organize so great a force that they could "come over before breakfast some morning, sweep over our Provinces, and make us all hewers of wood and drawers of water."

Catarrh Cannot be Cured.

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in the country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly upon the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

HOTELS

Montreal's Popular Hotel!

Favorite Stopping Place for the Travelling Public

The Grand Union Hotel is situated at 340-356 Notre-Dame street, west, in the heart of the business section of the city. Electric cars pass the doors to all points of interest, and amusement. Five minutes' walk from C.P.R. and G.T.R. stations. The bus meets all trains to convey guests free, to and from the stations.

During the month of April, last year, this hotel underwent a thorough renovation, which has made it the best up-to-date commercial hotel in the city for home comfort. The hotel is under the personal supervision of Mr. Murray, who gives his special attention to his guests.

Nice clean, comfortable rooms, and elevator service. American plan. Rates $2.00 per day, and upwards.

F. J. MURRAY,
Proprietor.

HOTEL CARSLAKE, MONTREAL. European plan—opposite Grand Trunk, Geo. Carslake, Proprietor.

Synopsis of Canadian Northwest Land Regulations.

ANY PERSON WHO IS THE sole head of a family, or any male over 18 years old, may homestead land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother, or sister of an intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, solely owned and occupied by him, or his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price $3.00 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price $3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth $300.00.

W. W. CORY,
Deputy of Minister of the Interior.

(8) Air compressors;
(9) Grey iron foundry equipment and brass foundry equipment;

required for the equipment of the locomotive and other shops of the Commissioners of the Transcontinental Railway at Springfield, east of Winnipeg, Manitoba.

Tenders will be received and considered for any or all of the items indicated above and numbered from 1 to 9, both inclusive.

Plans and specifications may be seen in the office of the Chief Engineer of the Commissioners at Ottawa, Mr. Gordon Grant, and in the office of the District Engineer of the Commissioners at St. Boniface, Man. Mr. S. R. Poulin.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied by the Commissioners, which may be had on application to the Chief Engineer at Ottawa, or to the District Engineer at St. Boniface, Man.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada, payable to the order of the Commissioners of the Transcontinental Railway for a sum equal to ten per cent. (10 per cent.) of the amount of the tender.

Any person whose tender is accepted shall within ten days after the acceptance thereof sign the contract, specifications and other documents required to be signed, and in any case of refusal or failure on the part of the party whose tender is accepted to complete and execute the contract with the Commissioners, the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure, and all contract rights acquired by the acceptance of the tender shall be forfeited.

The cheques deposited by parties whose tenders are accepted will be deposited to the credit of the Receiver General of Canada as security for the due and faithful performance of the contract according to its terms.

The cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

The right is reserved to reject any or all tenders.

By order,
P. E. RYAN,
Secretary, The Commissioners of The Transcontinental Railway.
Ottawa, 2nd March, 1910.

Newspapers inserting this advertisement without authority from the Commissioners will not be paid for it.

Toronto's Millionaires

Toronto, March 19.—How many millionaires are there in Toronto, men who can clean up quick for a million or over?

Ask the ordinary individual this question and he will perhaps suggest that there are a few, at the most that they can be counted on the fingers. Millionaires hitherto, have been associated mainly with the United States; are rather a novelty among Canadians. Torontonians do not think they have a large number in their midst, many who are such as a fact are not generally recognized.

The growth in the Toronto millionaire class has come very quickly, numbers of individuals have entered this select body within the last decade. The accumulation of wealth has been due to the great extension in the value of real estate and other Canadian propositions; and the further extension of these is still exceedingly promising.

A prominent broker has made a hobby of this subject and he showed his list to a reporter a day or two ago. It is not possible that his list is a complete one, or altogether correct, but it is approximate.

An interesting feature of this list is the number of ladies who qualify. The broker has also a list of those who are about to break in the millionaire class. Below will be found the names of those who undoubtedly warrant the description, "worth a million or more."

John C. Eaton, Wm. Mackenzie, Senator Cox, D. D. Mann, J. W. Flavelle, W. R. Johnston, James Curry, Chester Massey, E. B. Osler, W. D. Matthews, George Gooderham, Elias Rogers, R. H. Smith, Samuel Nordheimer, Sir Henry Pellatt, Albert Gooderham, Ross Gooderham, J. G. Worts, John G. Palmer, R. J. Christie, Robert Davies, Eugene O'Keefe, Jos. Kilgour, Robert Kilgour, Cawthra Mulock, Sir Wm. Mulock, W. G. Trethewey, E. R. Wood, Wm. Davies, H. H. Fudger, S. J. Moore, Mrs. Massey-Treble, Mrs. John Cawthra, Mrs. Joseph Cawthra, Mrs. Henry Cawthra, Mrs. Walter Massey Mrs. H. D. Warren, Mrs. J. W. F. Ross.

If Sick

Don't risk even one single penny!

And I will tell you why I say this.

It is because every package of Dr. Shoop's medicine is sold absolutely *Free If It Fails.*

We can stand risk even one single penny.

And think what this means to the suffering sick!

[illegible] sickness, suffering, whatever may [illegible] health. Are patients, now in hell there, and without the risk of [illegible] penny, [illegible] either of my [illegible] Dr. Shoop's Restorative on the [illegible] Free If It Fails.

Then why take any chances whatever?

Why purchase any medicine whose maker dare not back it just as I do by this remarkable offer?

And besides, I can [illegible] Dr. Shoop's medicines have [illegible] thousands upon thousands all over America.

And I have [illegible] that honest and reasonable [illegible] will [illegible] every where [illegible] where in actual [illegible] Dr. Shoop's [illegible] with the [illegible] and to [illegible] risk it to [illegible].

But write me first for an order.

I have an agent in almost every community—but all druggists are not authorized to grant this 25 day test.

So drop me a line, please—and then save all disappointments and delays.

Remember, you are free to consult me by letter as you would your home physician. Do so freely and fully—if you desire. My advice and the book I know are yours—and without cost. Perhaps a word or two from me will chase up some mishap ailment. I have helped thousands upon thousands by my private prescription or personal advice plan.

Besides, the books will open up new and helpful ideas to you. They tell of my 25 years experience as the [illegible] Remedy and in Heart, Nerve, Kidney and Stomach [illegible] All about [illegible] and [illegible] and [illegible] Many times [illegible] sorts. They tell of [illegible] heard of, [illegible] no larger than [illegible] that grew up on the Heart its impulse. How the Stomach and Kidneys [illegible] have their troubles [illegible] nerves. How these organs [illegible] when these [illegible] or master nerves [illegible] fail. How Dr. Shoop's Restorative [illegible] to [illegible] failing nerves and [illegible] and [illegible] restores the [illegible] tone and power. [illegible] can also help you—if it is within the power of medicine to do so. My [illegible] effort is surely worth [illegible] simple request. So write now, while it is fresh in your mind, for tomorrow never comes. Dr. Shoop, Box 12, Racine, Wis.

WHOLESALE AND RETAIL WINE AND SPIRIT MERCHANT, 709 YONGE STREET, TORONTO

SLUGGISH LIVER RUINED BUSINESS MAN'S HEALTH.

Story of a Merchant Who Almost Lost His Business and His Health Through Neglecting Early Symptoms of Disease.

"My life for years has been of sedentary character," writes T. B. Tinsdale, head of a well-known firm in Buckingham. "Nine hours every day I spent at office work and took exercise only on Sunday. I disregarded the symptoms of ill health which were all too apparent to my family. I grew thin, then pale, and before long I was jaundiced—eyes, skin were yellow, my strength and nerve energy were lowered, and I was quite unfitted for business. In the morning a lightness in the head, particularly when I bent over, made me very worried about my health. Most of the laxative medicines I found weakening, and knowing that I had to be at my business every day I neglected myself rather than risk further weakness. Of course I grew worse, but by a happy chance I began to use Dr. Hamilton's Pills. I was forcibly struck by the fact that they neither caused griping nor nausea, and it seemed incredible that pills could tone, cleanse and regulate the system without causing any unpleasant after effects. Dr. Hamilton's Pills acted with me just as gently as nature—they gave new life to my liver, strengthened my stomach, and won me back to perfect good health. My skin is clear, dizziness has disappeared and my appetite, strength, spirits are perfect."

Refuse anything offered you instead of Dr. Hamilton's Pills which are sure to cure. Sold in 25c. boxes, all dealers, or The Catarrhozone Co., Kingston, Ontario.

The Morning Times
PETERBOROUGH, ONT.

TUESDAY, MARCH 22, 1910.

NEWS OF THE CITY

The Steamer Water Lily.

Capt. Copperwaite will have charge of the steamer Water Lily during the coming season instead of Capt. Frewer.

Champions to Be Banquetted.

The St. Andrew's hockey team, champions of the Church Hockey League, will be the guests of the Ladies' Aid Society at a complimentary banquet in the school hall this evening.

Indoor Baseball.

A spring indoor baseball league will be run off at the armories, and teams desiring to enter are requested to make their entries to Lieut. Higgins before Thursday night of this week.

Fortify now against the grip—for it comes every season sure! Preventics—the little Candy Cold Cure Tablets—offer in this respect a most certain and dependable safeguard. Preventics, at the "sneeze stage" will, as well, also surely head off all common colds. But promptness is all important. Keep Preventics in the pocket or purse, for instant use. Box of 48 for 25c. Sold by all dealers.

Barnardo Girls Arrived.

Yesterday morning a party of eighty-five English girls arrived here from England, and were taken to the Margaret Cox Home for girls. Two hundred and ninety-two boys were on the same train, but they went on through to Toronto.

Died at St. Joseph's.

After two weeks' illness in St. Joseph's Hospital, William Humphries, who resided three miles from Norwood, passed away. The deceased was 64 years of age, and is survived by his wife. The remains were taken to Norwood Sunday night, and the funeral will be held this afternoon.

Live Stock Burned.

During a severe electric storm which passed over Lakefield early Sunday morning lightning struck the stable of Councillor J. E. Richardson, who resides in the northern part of the village. The family were awakened by the bright reflection of the fire, and rushing out, found the stable enveloped in flames. It was too late to attempt to save anything, and four cows, a horse and a number of hens were burned to death. The loss is about $500, with insurance on the building amounting to $1000.

A failing tiny nerve—no larger than the finest silken thread—takes from the Heart its impulse, its power, its regularity. The Stomach also has its hidden or inside nerve. It was Dr. Shoop who first told us it was wrong to drug a weak or failing Stomach, Heart or Kidneys. His prescription — Dr. Shoop's Restorative—is directed straight for the cause of these ailments—these weak and faltering inside nerves. This, no doubt clearly explains why the Restorative has of late grown so rapidly in popularity. Druggists say that those who test the Restorative even for a few days soon become convinced of its wonderful merit. Anyway don't drug the organ. Treating the cause of sickness is the only sensible and successful way. Sold by all dealers.

House Cleaning Season Has Arrived

We have a full line of Sherwin William's Paints Varnishes, etc., and everything else you will need during the House Cleaning Season.

Walter M. Roebuck
BELL PHONE 737
COR. WATER & SMITH STS.

Died in the Hospital.

The Rev. J. A. G. Stirling, late minister of the Havelock Presbyterian church, passed away yesterday afternoon at Nicholls Hospital. The late Mr. Stirling had been ailing for some time from cancer. Recently he took a trip to Toronto to consult leading physicians, but returned to this city and entered the hospital here. He is survived by a sister, Mrs. Hopkins, of Amerley, Sask. Funeral announcement tomorrow.

A Growing Industry.

A portion of what is known as the Owen's Block, opposite the Bank of Montreal, on Water street, has been fitted up, and will in a short time be the home of the Novel-Ti Co. The premises will have an attractive plate glass front, and the offices and warerroom and shipping room will be on the ground floor, and the manufactory on the second floor. It is expected that the company will occupy its new building about the first of April.

SOCIETY

The Times will be pleased to receive notices of Weddings, Social Events, Personal Announcements, which will be published in this column free of charge.

Rev. E. A. Pearson was in Toronto yesterday.

Rev. J. R. Webb is confined to his house with an attack of la grippe.

Mrs. T. A. Kerr, 536 Downie St., will not receive this afternoon.

Capt. R. G. Johnston, of Morrow, was in the city on business yesterday.

Mrs. Jas. Long, 561 Reid street, will not receive this afternoon, on account of illness in the house.

Mr. Robt. J. Paterson, of New Westminster, B.C., who has been the guest of his uncle, Mr. A. Paterson, for the past two months, left for his home in the West yesterday.

Little Local Lines

The sap is now running fine, and sugar making is in full blast.

The Government fleet at Lakefield is being put in shape for the season.

The ice harvest is now over, the ice men having filled their ice houses.

Mr. Al. Parker leaves today for Saskatoon, in charge of a shipment of horses. He expects to be away two weeks.

Two drunks were each fined $5 at the police court yesterday morning. Both were arrested on Sunday night.

OBITUARY.

Frederick Guerin.

The death occurred yesterday at his residence in North Monaghan, just outside the city limits, of Frederick Guerin, aged 42 years. He was a native of Peterborough, and had also resided in Otonabee. Mr. Guerin is survived by his wife and six children. His mother, Mrs. Maerin, Perry street, and five brothers and one sister also survive him. The brothers are Louis, of Toronto; Nowell, Archie and Henry of Peterborough, and Villa, of Blairmore, Alberta. The sister is Mrs. Young of Fort William. Deceased was a member of St. Peter's Court, Catholic Order of Foresters, and the funeral will be under the auspices of the order. It will take place tomorrow morning at nine o'clock to the Church of the Sacred Heart and thence to the Roman Catholic cemetery.

Mrs. William Bates.

The death occurred Sunday at Fleetwood, of Mrs. Wm. Bates, in her 74th year. She is survived by her husband, four sons and five daughters. The sons are Messrs. Fred W., of this city; Walter, of Lakefield; Stanley, of Hamilton; and Thomas, of Spokane. The daughters are Mrs. Charles Stewart, of Toronto; Mrs. Harry Waldon, of Gore's Landing; Mrs. Wm. Graham, of Mimico; Mrs. Robt. Finlay, of Parry Sound, and Mrs. McWilliams of Fleetwood. The remains will be brought here this morning, and the funeral will take place from the residence of her son, Mr. Fred Bates, 654 Stewart street, on Wednesday afternoon to the Little Lake cemetery.

Sergt.-Major Randle.

The many friends of Sergt.-Major Randle, will regret to hear of his demise, which took place in Toronto on Sunday. The deceased was a resident of Peterborough for many years, but moved to Toronto in 1872. He was 72 years of age. He was an ex-soldier of the British army. The story of his life is told in his book, entitled "A Soldier's Life," which was published one year ago. After coming to Canada, he took part in the Trent affair and the Fenian Raids and following the close of the American Civil War, he was a member of the Red River Expedition. In 1887 he was appointed gymnasium and drill instructor of the loca Collegiate Institute and held this position for eleven years. He was also an active member of the Peterborough Rangers and held the position of sergt-major.

He is survived by two sons, of Toronto, and William, of this city. The funeral will be held in Toronto.

Mrs. D. D. Galletly.

Mr. Hammond Lee received a telegram yesterday from Banff, from his grandfather, Mr. D. D. Galletly, stating that his grandmother, Mrs. Galletly had passed away on Sunday.

Mr. and Mrs. Galletly were in Peterborough a few weeks ago and while here were the guests of their grandson, Mr. Hammond Lee. Leaving here for Banff, they arrived there on March 10th. Mrs. Galletly was in good health when she left Peterborough, and the news of her death came as a great shock to her many friends here. The remains will be interred at Banff.

Richard Roy Deyell.

Richard Roy Deyell, the youngest son of the late John Deyell, passed away on Sunday at the family residence, lot 28, in the 13th concession of Otonabee. The deceased was 23 years of age, and was very popular with all who knew him. The funeral will take place this afternoon from the late residence at three o'clock to the Little Lake cemetery.

Samuel Anglesey.

On Sunday the death occurred of Mr. Samuel Anglesey. He was 66 years of age, and for many years had conducted a bakery business. He is survived by three sons, Messrs. James, Boniface, and Thomas. The late Mr. Anglesey was a member of the C.M.B.A., and the funeral will be held under the auspices of that order this morning at nine o'clock to St. Peter's Cathedral. Interment will take place at St. Peter's cemetery.

ADVERTISE IN THE TIMES.

National Mining & Tunnel Company

WHERE OUR MINES ARE

Our mines are in the greatest camp in America, Leadville, Col. Leadville has been producing gold, silver and lead for forty-nine years. Cripple Creek, famous on two continents, has produced but $90,000,000. Leadville has produced $425,000,000. Our mines are located on the most productive part of Sugar Loaf. John W. McMahon, Clerk and Recorder of the county, in a personal letter, says: "This mountain is known to contain the richest mineral belt in this rich county."

WHAT WE HAVE

Our properties consist of the following: 12 proven mines, 140 acres; contiguous to these, valuable mining properties, 61 acres; timber claims containing timbers for many years, 39 acres; the copper-gold ledge on the crest of the mountain, 145 acres, total 400 acres. The mountain is four miles long, two miles wide and eighteen hundred feet high. It has produced to an average depth of but 150 feet, where the copper acid waters prevented further operations by shaft, $12,000,000.

CONDITIONS FAVORABLE TO SUCCESS

We are driving a big tunnel in from the foot of the mountain, at right angles to these veins, and will drain out the acid waters, and have the vast ore body above us of easy access. Our mines, which have produced over $2,000,000, occupy a central position among these mines, an evidence that we shall cut through the heart of the mountain's rich known ore system, and affording a strategical position relative to other properties. On the right and left are mines which have produced millions, whose ores must come out through our big tunnel, and which must pay us satisfactory royalties.

Operation of our tunnel and mines by electric power. We are driving our tunnel by 75 h.p. electric motor, equipped with an air compressor for driving drills, trolley for operating cars, etc. Within six months we should reach our first proven mines, and should cut through the second and third, and become a large producer before the year closes.

Transportation by *rail* to the largest custom smelter in the world, four miles away.

Low freight rate, 30c per ton.

An insatiable market for our ore, and settlement the first of every month.

Large ore value, and low cost of production. Ores run 50 to 150 per ton by the car load. The total cost of production is about $9.00. The majority of the stock is pooled for ten years, and cannot be sold. Capitalists cannot get hold of the stock, and freeze anybody out.

The Directors are men of high personal and financial standing. The business will be managed ably and honestly, and every one will share alike in proportion to his stock.

VOL. XXXIII NO. 66 PETERBOROUGH, ONTARIO WEDNESDAY MARCH 23 1910 PRICE TWO CENTS

The Greatest Railroad Strikes in History

Will be Small Compared to the One Now Impending in the United States ---150,000 Men Involved

(Special to The Times.)

Washington, D. C., March 23.—Should the threatened railroad strike in the West become a reality it would probably develop into the greatest railroad strike in America. According to the estimates of the railroad officials nearly 50 roads, with an aggregate mileage of 150,000 miles, would become involved. More than 150,000 men would be thrown out of employment and the cost oto the country would probably exceed $100,000,000.

A review of the great railroad strikes of history is not without interest at this time. The first great railroad strike in the United States began at Martinsburg, W. Va., on July 16, 1877, when the locomotive firemen went out on the Baltimore and Ohio road. Within a week the strike had spread to the Pennsylvania, Erie, Lake Shore, Pittsburg, Ft. St. Louis, Vandalia, Ohio and Mis-Wayne and Chicago, Cincinnati and ssissippi, C. C. C. and I., Erie and Pittsburg, Philadelphia and Erie, Chicago and Alton, Canada and Southern, and other minor lines. Numerous lives were lost in Martinsburg, Baltimore, Pittsburg, Philadelphia and other cities. The cost of the strike to the Pennsylvania Railroad alone was not less than $5,000,000.

The year 1886 saw the famous Goul strike on the Southwestern railroad system. In this strike the terrible conditions of 1677 were reenacted on a larger scale. The strike, which was directed by the Knights of Labor, lasted nearly two months. It resulted in a defeat for the men, who lost nearly $15,000,000 in wages.

The famous Reading strike, as it is called, began on the Philadelphia and Reading railroad on Dec. 26th, 1887, when 6,000 employees of the company were called away from their work by the Knights of Labor. More than 30,000 men became involved. The strikers failed to gain the issue for which they fought, namely, the recognition of the Knights of Labor. The cost of the struggle was estimated at $5,000,000.

Other railroad strikes of the next five years were those of the Brotherhood of Locomotive Engineers on the Burlington system, in 1888, the New York Central strike of 1890, and the strikes on the Little Toledo, Ann Arbor and North Michigan railroad, and the Lehigh Valley Railroad both of which occurred in 1893. It was in the Ann Arbor strike that Judge (now President) Taft gave his famous decision ordering Chief Arthur of the Brotherhood of Locomotive Engineers to promulgate an order that the by-laws of the Brotherhood requiring members to refuse to handle cars of a boycotted non-union line was not in force. The Taft decision on this occasion marked an era in the history of labor agitation.

The year 1894 brought the greatest railroad strike the country has ever known. The strike was begun by the employees of the Pullman car works on June 24. A few weeks later the American Railway Union ordered a sympathetic strike by the railroad employees throughout the West. The struggle caused much rioting in Chicago, in California and other places. Presibent Cleveland ordered out the United States troops to suppress the disorder. In the end the strikers were disastrously defeated. Three months after the strike was inaugurated the Pullman employees returned to work at their old wages. President Debs and other officials of the American Railway Union were imprisoned for contempt of court in failing to obey an injunction restraining them from interference with the running of mail trains. The total cost of the struggle was estimated at $100,000,000.

U. S. TIRED OF TAFT AND TAFFY

SO SAYS MAN, WHO CALLS HIM A HOT SUPPER ARTIST.

R. B. Andrews Offers to Bet $10,000 That Mayor Gaynor of New York Will Be the Next President of the United States.

Lee, Mass., March 22.— Dubbing President Taft a "hot supper artist," R. B. Andrews, a wealthy manufacturer of this town, is out today with an offer to bet $10,000 that Mayor Gaynor of New York, will be the next President of the United States, barring death.

"The country is tired of Taft and taffy," said Andrews. "Every one of the conservative Republicans are disappointed in Taft. What we hoped for was a man on the job, and not a president chasing around to act as a side show for a baseball game, a promoter of golf, a hot supper artist. The whole country is tired of it."

The Lords Knock Hereditary Principle

(Special to The Times.)

London, March 22.—The House of Lords this afternoon passed Lord Rosebery's resolution for the reform of the Lords.

The vote was a surprise, as it was believed the third part of the resolution, proposing that hereditaryor created peers should no longer be entitled to seats in the Upper Chamber, would provoke much opposition.

The resolution was passed by a vote of 175 to 17.

This Date in History

1790—Benjamin Franklin petitioned Congress to abolish slavery, this being his last public act.
1808—The French under Murat entered Madrid.
1832—Political riots in Toronto.
1849—Complete defeat of the Sardinians by the Austrians at Novaraf
1865—The British Parliament granted $250,000 for the defense of Canada.
1877—Execution of John D. Lee, Mormon bishop, convicted of being the main instigator of the Mountain Meadow massacre.
1909—Lieut. Shackleton, of the British navy, reached New Zealand after having penetrated to within 111 miles of the South Pole.

Build Warships on The Great Lakes

Secretary of the U. S. Navy Says the Big Fellows Can be Built There—Canal is a Drawback

Washington, D.C., March 22.—The Navy Department has reported to the House that it knows no reason why all types of vessels cannot be built on the Great Lakes.

The repore is in the nature of a reply to a resolution asking for the navy's view on that point, and Secretary's Meyer's opinion is based on the assumption that the only "obstacles"—a term used in the resolution—are physical ones, and that sufficiently deep waterway from the sea board can eventually be constructed.

Secretary Meyers says that if the "obstacles" refer to treaty obligations, the information indicates that more than a dozen shipyards on the Great Lakes have plants and organizations sufficient to enable them to build the hulls and machinery, and to launch naval vessels of the maximum size capable of being taken through the St. Lawrence canal systems.

The breadth of recent battleships is such as would prevent any but second-class vessels of limited draft from entering any of the dry docks listed on thae Great Lakes.

"The sizes and types of vessels that could be built complete and launched on the lakes," says Secretary Meyer, "would be limited only by the size of the building slips, the depth of water in harbors, and at such shipyards and by the needs of the naval service."

While it is often impossible to prevent an accident, it is never impossible to be prepared—it is not beyond any one's purse. Invest 25 cents in a bottle of Chamberlain's Liniment and you are prepared for sprains, bruises and like injuries. Sold by all dealers.

Canada Must Make Minor Concessions

At Once to Avert Tariff War—Free Entry of Canadian Farm and Forest Products is Suggested

President Taft finds Canada "unduly discriminates" against United States exports, and that some concessions must be made to give him a much desired excuse for not applying the maximum tariff against Canada on April 1st. He suggests his willingness to negotiate a reciprocal trade treaty with Canada by which both nations will lower their tariff walls, but as that would take months to conclude, he asks that Canada at once lower its duties on such articles as watch springs, cotton seed oil, cement, silks, and certain fruits, thereby averting an immediate tariff war, He holds out the hope that if this is done Canadian cattle and lumber and farm and dairy produce will be admitted free of duty by the later arrangement.

Ottawa, March 22.—Hon. W. S. Fielding's refusal to take parliament or the press into his confidence as to the present stage of the tariff negotiations between Canada and the United States makes it an extremely difficult matter to gauge with any degree of accuracy what is going on. Mr. Fielding is reticent for the double reason that he considers it in the best interests of all concerned that the veil should not be lifted for the present, and because an agreement was made at Albany, after the conference, that nothing should be announced, either by President Taft or Mr. Fielding, as to the progress of the negotiations.

To any one who has scanned the despatches from Albany and Washington during the past forty-eight hours it is quite apparent that if President Taft had been living up to the letter of his agreement with Canada's finance minister, some one "in the know," must be talking, for the despatches from both the national and State capital bear out the current rumors here, as to which it is not possible, however, to get confirmation in this capital.

RECIPROCAL TRADE.

That the situation is gradually changing from one of a possible war of tariffs to a probable reciprocal trade agreement in the near future on a more or less extensive scale would seem to be apparent. All the signs seem to point in that direction. There is no suggestion here that in any arrangement that is made will there be in the slightest degree any disposition on the part of Canada to abandon her position of independence in trade matters. Concessions will probably have to be met with concessions, and Canada will remain as free as she is today to make reciprocal trade agreements with Germany or with any other country with whom she thinks she can build up a trade to the advantage of the Canadian people.

WEST WOULD BE PLEASED.

Should the possibility outlined above be the ultimate result of the tariff negotiations, it is expected that it will be regarded as satisfactory by the Canadian people with the exception possibly of those who would like to see the tariff wall against the United States built higher. Such an outcome, it is said, would be particularly pleasing to Western Canada, where the possibility, in the event of a tariff war, of a 33 1-3 per cent. retaliatory surtax being imposed on agricultural implements does not excite any enthusiasm, and is regarded with disfavor by the representatives of the people in the House, irrespective of party affiliations. It can be safely assumed however, that in the fixing up of any reciprocal arrangement, all possible care will be exercised to promote better trade relations with the republic to the south, without doing [illegible] established Canadian industries [illegible] which will be admitted under the intermediate or reciprocal [illegible] would not injure any [illegible] industry [illegible] establishment [illegible] [illegible] and other natural products of the Dominion.

MONTHS NEEDED.

Of course a reciprocal arrangement along these lines cannot be brought into effect between now and March 31, and would probably only be agreed to after weeks or months of negotiations. The preliminary step, of course, would be a decision on the part of the United States authorities not to apply the maximum rates to the Dominion on March 31. If this cannot be done all prospect of better trade relations between the two countries will disappear until such time as the two countries tire of tariff struggle, hence the desirability that the maximum tariff should not be applied, and that Uncle Sam should find some way of escape from the dilemma in which he has been placed by the rigidity of his tariff legislation.

WOULD HURT NOBODY.

As intimated *before*, President Taft might find such an excuse if Canada were to allow the United States to have the same tariff rates on a few items in the French schedules, which would not injure Canada in any way. It is pointed out that there are more than half a dozen such items.

If, by allowing the United States to import from Canada such a harmless list, a tariff war could be averted, and the ground work laid for a reciprocal arrangement of mutual benefit to the two countries, it would doubtless be a fine thing, particularly as there is no reason to believe that it would involve in the slightest degree a sacrifice of Canadian rights or of national honor.

HUGE ROCK FELL KILLING THREE

A MASS OF STONE CRUSHED THE MEN TO DEATH.

Accident at Revelstoke — Tragedy Took Place at the City's New Hydro-Electric Plant.

Revelstoke, B.C., March 22.—Another shocking fatality occurred here yesterday afternoon, when three men employed in blasting rock for the monolith of the new power dam of the city's hydro-electric plant, lost their lives. The names of the dead are:

John Oscar, Icelander, who has a sister in Winnipeg.

M. J. MacKay.

Gus Laakso, Swede, who was foreman of the works.

Newman and Co., contractors of Winnipeg, have the contract for the plant.

The deceased were working on a platform under an overhanging ledge of rock when a slab eight feet by twelve fell from above, crushing them to death. Six other men were working below, and escaped injury.

INJURED REMOVING SLIDE.

Revelstoke, March 22.—The wife of P. Tucker, aged 40, dropped dead on the street yesterday afternoon from heart failure.

W. McCoy, a bridgeman employed with the rotary that is clearing the C.P.R. tracks of the fatal snowslide at Roger's Pass, had an arm broken today, and was brought here to the hospital.

A FINE REPORT.

Royal Bank Issues a Handsome Booklet.

The Times is in receipt of the annual report of the Royal Bank, which is very interesting as it shows the substantial progress made by this popular institution during the past year.

So far as the Peterborough branch is concerned, the business is rapidly growing, and under the intelligent management of Mr. Eastwood, it is sure to grow steadily. The bank will in due course, occupy the premises on the corner of George and Hunter streets.

City Board of Works in business Session

The City Board of Works met last night, when there were present, his Worship Mayor Morrow, Chairman Hicks and Aldermen Duncan, Morgan, Graham, Phelan, Gillespie and Duffus.

The Peterborough Light and Power Co. offered a 30 h.p. motor with which to run the stone crusher, at $12 per week if the city instal same, and at $15 should the motor be installed by the company. The board decided to accept the former proposition.

On the advice of the city solicitor no action was taken regarding Mrs. Cadigan's claim for damages caused by her well being contaminated by sewerage.

Mr. E. F. Mason petitioned for a short sewer on Antrim street, between George and Water. This work will be advertised in the usual way.

The mayor and Chairman Hicks were authorized to endeavor to settle the two claims for damages accruing from the blowing up of the London street sewer. Mr. Edwards, the owner of the property in question, claims $52 damages, and Miss Phelan, the tenant $150.

The Peterborough Hardware Company offered to supply the city with cement for concrete work at $1.65 a barrel, F.O.B. on cars here; storage and testing to be 6c extra. Last year's price was $1.25. The board laid this matter on the table for the present. They have not yet advertised for tenders.

The Cameron Septic Tank people offered to settle their claim against the city, for an infringement of their patent in constructing the seeptic tank in the East Ward for $150. It was decided to write Engineer Chipman of Toronto, as to whether he would advise a settlement on this basis.

Aldermen Morgan and Duncan asked that the water trough in Ashburnham be kept supplied with water all the year round.

Ald. Hicks read the city engineer's report re this matter, in which he advised that the present fountain could not be kept continually running summer and winter, and even were a new fountain installed, much trouble and expense would be experienced during the winter months in keeping the trough and surroundings free of ice.

Ald. Morgan thought there were enough city employes to attend to any winter contingencies in this regard. Anyway, were a proper fountain installed he, himself, would guarantee to keep the trough free from undue blockage rather than see Ashburnham deprived of so necessary a convenience as as an all-year water trough similar to that at the police station.

On motion of Ald. Duncan, seconded by Ald. Morgan, the city engineer will be instructed to look into this matter again and report on cost of equipment and so forth.

An exhaustive report by Engineer Chipman on ways and means for a satisfactory sewerage system for the south and south-west ends of the city, was read by the chairman. No definite action was taken on this matter.

Mr. Borden to Speak in Boston.

(Special to The Times.)

Boston, Mass., March 23.—Mr. R. L. Borden, leader of the Conservative party arrived in Boston today in acceptance of an invitation to deliver an address before the Canadian Club iof this city.

Deliberate Attempt to Blow Up Church

Brantford, March 22.—What would seem to be deliberate plans for blowing up Grace church, the leading Anglican structure in this city, were discovered this morning when the church was found to be filled with natural gas sufficient to wreck the entire building if only ignited. Yesterday afternoon caretaker Burnham found an unknown man hiding behind the furnace in the basement. He promptly ejected him. This morning, when the gas was discovered, a further search of the basement was made revealing that the gas main had been wrenched asunder at a point where it entered the cellar, thus allowing the entire flow to fill the building. A description of the marauder has been secured and the church officials today placed the case in the hands of the police who are conducting an investigation. Luckily, the church was not used last night, or else the explosion might have occurred. The natural gas, which is used here, is very dangerous.

C.P.R'S First Party of Railway-Aided Settlers Ready to Sail

London, March 22.—In the Commons, replying to Rowland Hunt, M.P., Col. Seeley stated that the Canadian Government was fully aware of the good offices of the British Government, and the ambassador at Washington being at their service on the tariff question. Mr. Hunt enquired if the free trade system prevented Britain doing anything to assist Canada.

Col. Seeley: "No, sir. I think the House will recognize in a matter of this difficulty and delicacy that it would be an improper thing for me to make any statement."

London, March 22.—The Canadian Associated Press understands with reference to the sale of 200,000 acres in Alberta by the Western Canada Land Company that the area is being purchased by two Canadians with the object of retailing it to settlers. The price paid equals that which the company purchased its 500,000 acres a few years back, paid for. [illegible]

London, March 22.—The first party for the Canadian Pacific ready-made farms are ready to sail. All are married, and include holders of a variety of occupations.

Hon. Pember Reeves, formerly high commissioner for New Zealand, discussing the second chambers of the Empire, said the colonies taught Britain the lesson to have nothing to do with second chambers on the life basis. Although the Upper House in Canada was appointed for life, it had not often been in conflict with the Lower House, because the Lower House was somewhat conservative, and had not introduced drastic social reforms.

An attack of the grip is often followed by a persistent cough, which to many proves a great annoyance. Chamberlain's Cough Remedy has been extensively used and with good success for the relief and cure of this cough. Many cases have been cured after all other remedies had failed. [illegible]

AN INTERESTING LECTURE

By Judge Huycke at the Y.W.C.A. Last Night.

Judge Huycke gave a very interesting and instructive lecture on the "Legend of the Holy Grail," at the Y.W.C.A. last night. The speaker handled his subject in a manner that showed considerable thought and study, and the lecture proved a rare treat to those who heard it. Judge Huycke is a very pleasing speaker, and his lectures are always an intellectual treat. He has consented to give another talk on the same subject in the near future.

Mr. F. Matthews acted as chairman of the meeting and the proceedings opened with a piano solo by Miss Kathleen Burnette, followed by a vocal solo by Miss Kathleen Martyn, which were very much appreciated. At the close of the lecture a hearty vote of thanks was tendered Judge Huycke for his very able lecture.

Chief Rousel's Condition.

The condition of Chief Rouzel is much the same as it was yesterday. He is conscious, but is unable to speak, his tongue being paralyzed.

DIED AT ST. JOSEPH'S.

Peter Frederick Boland Passed Away Monday.

On Monday afternoon Peter F. Boland passed away at St. Joseph's Hospital, aged 28 years. The deceased was greatly esteemed by all who knew him. He was the youngest son of the late John Boland of Asphodel, where he lived until six years ago when he came to this city to reside. He was employed as traveler by the Peter Hamilton Co. Deceased was married five years ago to Miss Laura Lynch, also of Asphodel, who with two little children are left to mourn the loss of a loving husband and kind father. He also leaves two sorrowing brothers and three sisters. The brothers are Messrs. James and John of Asphodel, and the sisters are Mrs. James McArthur, of Rochester, N.Y., Mrs. Michael Hew, Asphodel, and Mrs. John Dwyer, Aylmer street, city. The funeral will leave the family residence, 568 Charlotte street, this morning at nine o'clock, for St. Peter's Cathedral, where solemn requiem mass will be sung after which the remains will be interred in the family plot in St. Peter's cemetery.

Chicago Council Places Ban on Long Hat Pins

Chicago, March 22.—It is now a misdemeanor for any woman to wear a long hat pin in public places in Chicago. Any woman caught wearing one is liable to arrest and a fine of $50. After a month's discussion the city council by a vote of 68 to 2 last night passed an "anti-hat pin" ordinance. It was passed in spite of many hisses and "boos" from the gallery where a crowd of women had gathered to protest against the measure on the ground that the city had no right to attempt to regulate woman's wearing apparel and that long hat pins often at night formed a woman's only weapon of defence.

The ordinance decrees that "no person," while on the public streets or in any street or elevated car or public elevator or other public place shall "wear any hat pin the exposed point whereof shall protrude more than one half inch beyond the crown of the hat, upon, in or through which such pin is worn."

MINISTER AND ZAM-BUK.

Cured Him of a Bad Sore Which Defied All Other Remedies for Two Years.

Rev. Charles E. Stafford, of Bridgeburg, Ont., says: "I had been much troubled for over two years with a sore on my left cheek. I tried all kinds of salves and lotions, but nothing I procured seemed to have the least bit of effect towards healing the sore. Hearing of Zam-Buk, I decided to give it a trial, and see if it would bring about a cure, as so many other things had failed. I purchased a supply and commenced with the treatment. After several applications, to my great joy, Zam-Buk has effected what for two years I tried in vain to bring about—a complete cure."

Case after case could be quoted, in which, as in the above instance, Zam Buk has worked cures when everything else tried had failed. There is a reason for this. Away back in the days of Roman gladiators, secret balms were used for the healing of cuts and injuries sustained in the arena and in battle. Then came a period during which external balms were neglected, followed by a period in which all the salves and embrocations had as their base animal fats and oils. Zam Buk marks a new epoch. It is absolutely devoid of all animal fats, all mineral coloring matters, and is composed entirely of rich medicinal herbal extracts.

Skin diseases, such as eczema, ring-worm, salt rheum, and prairie itch, are speedily overcome by it. For piles it is fine—easing the pain and inflammation, and hastening a cure. It also cures burns, scalds, cuts, ulcers, children's sores and eruptions, blood poisoning, scratches, old wounds, varicose ulcers, etc. All druggists and stores sell at 50c a box, or post free for price, from Zam-Buk Co., Toronto.

Mr. Robt. J. Paterson, of New Westminster, B.C., who has been the guest of his uncle, Mr. A. Paterson, for the past two months, left for his home in the West yesterday.

THE WEATHER.

North-east winds; fine and cooler.

ONTARIO MAN AMONG THE DEAD

MANY OF THE INJURED WERE IMPALED BY RODS.

Cars Left on Track—Several of the Dead Almost Unrecognizable —Coroner Injured.

Marshalltown, Ia., March 22.—Forty-five persons were killed and 40 were injured, many of them fatally, in the wreck four and a half miles north of Green Mountain, Iowa, yesterday, of a Chicago, Rock Island and Pacific Passenger train.

The suffering among the injured was terrible. Arms and legs were cut off. The wreckage was almost crimson with blood. A few of the passengers were fa und stil, living, with a rod or a splinter impaling them in the wreck.

Among the dead is John Bainbridge, of Hartford, Norfolk County, Ontario.

The doubled train was going about 25 miles an hour when it reached a cut five miles from Green Mountain, at the top of a hill. At this cut the tender of the front locomotive jumped the track. This threw the head locomotive into the sides of the narrow cut. The sides were soft and the engines went into it and stopped almost instantly.

While the last ten cars remained on the track, the shock threw the passengers from their seats.

Junk Wanted

All kinds of junk wanted for which good prices will be paid.

Telephone No. 964 or drop a card and a rig will be sent to any part of the city.

D. FLORENCE & SON,
267 Simcoe St.,
Peterborough.

ARE YOU USING AN OILY LINIMENT?

Beware of Any Thick, Greasy Liniment. That Contains Acids, and Strong Ammonia.

No doctor would think of prescribing a greasy, thick, ammonia liniment—they can't penetrate and in consequence are unable to reach the source of pain. The best liniment for general household use is "Nerviline," which is sold under positive guarantees to cure pain.

Nerviline is sure to cure pain because it is immensely stronger than other liniments, because it is more penetrating, because it relieves the congested condition that excites pain, because it restores circulation of the part. Now you understand why one person in three throughout the Dominion of Canada uses Nerviline. Three in ten of Canada used Nerviline. These people have tested it. They know how good it is, because in the hundred and one minor ailments that afflict us at odd times they found Nerviline always cured. Nerviline is an absolute antidote to pain, powerful, soothing, and certain in its action.

Nerviline is inestimably the finest remedy for pain found in the world. Not any ache or pain anywhere that Nerviline does not cure.

Try Nerviline for neuralgia, headache, sciatica, lumbago, stiffness, rheumatism—wherever there is soreness or pain rub on Nerviline and you'll be cured. Refuse anything offered you instead of Nerviline, large 25c. bottles, five for $1. All dealers, or the Catarrhozone Company, Kingston, Ont.

THE MORNING TIMES

The only morning daily newspaper published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $3 per year, strictly in advance.

Strangers visiting Peterborough are cordially invited to make their headquarters at the office of The Morning and Weekly Times, where they will be furnished with writing materials, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

WEDNESDAY, MARCH 23, 1910.

THE HOUSE OF LORDS.

Much interest is being taken in the United Kingdom in the scheme that Lord Rosebery is to outline to-morrow for the reform of the House of Lords. Although Lord Rosebery has certainly disappointed the anticipations of his fellow-countrymen as to the part which he might be expected to take in the public life of the country, he still occupies a prominent place in the regard of the people. At the present juncture he may render real service to the country and aid in removing the difficulties that have arisen between the two Houses in the British Parliament. To outsiders it certainly seems to be the policy best calculated to serve both the general public interests and those of the peers themselves, that the proposals for the reform of the House of Lords should come from that body itself rather than from an outside source. Lord Lansdowne, the leader of the Unionists in the Upper House, does not agree with that view, but suggests that the peers should see what schemes are proposed by others before they take any action. But it seems that many members of the House of Lords do not agree with Lord Lansdowne. Much will depend on the details of Lord Rosebery's scheme. If the scheme should seem to be practical and likely to give the country a really efficient and capable second chamber, he may secure such support among the people as will compel Mr Asquith to give it consideration in connection with the legislation on the veto question.

JUSTICE FOR MAIL CLERKS.

With a unanimity that speaks volumes for the justice of the cause, the press of the country, representing all shades of public opinion, has urged the government to give a favorable consideration to the claims now being made by the railroad clerks for an increase of salary.

The great responsibilities pertaining to a railway mail clerk's duties, the dangerous nature of his avocation, and the absence of promotion for the deserving and meritorious are features of a mail clerk's life succinctly set forth in the report of the Civil Service Commission of 1907. Those records abundantly prove the short tenure of his official life, owing to "the ceaseless strain of the work," or injuries received in the discharge of his duties.

The government has provided no less strenuous employment for him when age or disability has unfitted him for the arduous work on the train. Neither has it provided any system of insurance for the protection of his family when injured or killed on duty. The insurance companies recognize his as one of their most dangerous risks, and class his as "extra hazardous." He is, as a rule, compelled to reside in large centers of population, where the cost of living is at a maximum. The inadequacy of his salary to meet the modern conditions of living is obvious to all.

In view of this unfortunate condition of affairs the duty of the government to grant promptly substantial relief to this deserving body of men is manifest. The Ottawa Free Press suggests that the mail clerks be transferred to the inside service. We have no doubt they would be fairly dealt with by the commissioners, but why should not the government take the matter in hand and make the increase at once? The country is rich enough to be able to do justice, and we are confident that it wants to do justice, and that the increase will be supported by an overwhelming body of public opinion.

EDITORIAL NOTES.

The Speaker's gallery has at last lived up to its name.

Judge Elliott has decided that a cotton-tail rabbit is not a hare; plainly a case of legal hair-splitting.

A Kansas City negro has been sentenced to 99 years in the penitentiary. It is not known what he plans to do after his sentence expires.

A suffragette in the Speaker's gallery having interrupted the prorogation of the assembly, it becomes the painful duty of Speaker Crawford to enquire whether that valiant suffragist Allan Studholme, had tickets to the gallery, and if so, in what quarter they were bestowed.

Nothing in the way of a Cough is quite so annoying as a tickling, teasing, wheezing, bronchial Cough. The quickest relief comes perhaps from a prescription known to Druggists everywhere as Dr. Shoop's Cough Remedy! And besides, it is so thoroughly harmless that mothers give it with perfect safety even to the youngest babes. The tender leaves of a simple mountain shrub, give to Dr. Shoop's Cough Remedy its remarkable curative effect. A few days' test will tell. Sold by all dealers.

The Original and Only Genuine

Beware of Imitations Sold on the Merits of Minard's Liniment

Catarrh Cannot be Cured.

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not, a quack medicine. It was prescribed by one of the best physicians in the country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly upon the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

PETERBOROUGH BRANCH — George St. G. C. WAINWRIGHT, Mgr.

SLOPEVILLE.

Mr. John Allen has purchased a new horse and has engaged Mr. P. Conroy to train him for the fall races.

Mr. Joseph Connors was the guest of his uncle, Michiel on Sunday.

Mr. Frank Connors was badly frightened by a lynx on Sunday evening.

Mr. Sylvester Sullivan and Emmet McCann, of the American Cereal, Peterborough, were home on Sunday.

Mr. Devoy was the guest of Michael Garvey on Sunday.

Mr. Daniel O'Brien says the fishing season is going to be good as he saw a number of blue-bottles already.

Master Willie Condon was the guest of Mr. Jerry Hays on Sunday.

Mr. E. G. Towns has his track nearly completed. Mr. Towns says with this summer's practice he will not be afraid to go up against Hogland.

Mr. William O'Brien, who has been agent for the Port Hope peanut factory, is home for a few days.

Mr. Frank Whibbs, who has been running a lumber camp is home for a few days.

INDIAN RIVER.

Mr. J. E. Devlin shipped a carload of hogs from here last week.

Mr. Fred Kidd says the roads are in a very bad condition just now as it is almost impossible to get out.

Miss E. A. Shannon was in the city on business on Saturday.

Mr. John Fawcett, who has lived in this neighborhood, has gone west and his many friends wish him success in his new home.

The suffragettes of this village are meeting with great success. Their last meeting was held in the cheese factory.

Mr. William Brackenbridge was the guest of Mr. B. Shearer on Sunday.

Mr. Maurice O'Leary has purchased a driver from Mr. P. Conroy. It will be remembered Mr. Conroy shipped a carload in here some time ago.

A number of our boys and girls attended the concert in Peterborough on the 17th.

Mr. William Shepherdson claims to have heard frogs last week. This is, he claims, a sure sign of spring.

Threw Ink-Wells

Budapest, March 21.—Stormy as have been sessions of the Hungarian chamber of deputies, the Magyars to day outdid themselves, and ink-wells, books and other handy missiles were hurled at the heads of the ministers until the latter took refuge in flight.

Both Premier Khuen von Hedevary and Count Serenyi, minister of agriculture, were struck by flying ink-wells and their heads cut open.

The trouble had been brewing for some time and the premier and ministry, unable to make any headway against the opposition factions, this morning dissolved the chamber by royal decree. This was the signal for a riotous outburst by the oppositionists, who claimed that the dissolution was unconstitutional.

They began by shouting down Hedevary and wound up by storming the tribune. For a time the ministers withstood the bombardment in which all the loose paraphernalia of of the chamber was used, but eventually they were forltd to beat a hasty retreat, their flight being covered by their supporters. The bleeding heads of the premier and minister of agriculture were patched up by surgeons.

Cosgrave's Beer

Words of praise have ever prevailed in advertising "copy." That a producer should wax enthusiastic over his own wares is but human. But it's the praise of the consumer that counts—and it is to a discriminating and critical public that "Cosgrave's" refers you.

It is safe to say that no product of any kind enjoys a more enviable reputation than does this same Cosgrave Beer of Toronto in markets where it is offered.

Its self-evident honesty of purpose, purity, healthfulness, and every other attribute that goes to make a perfect beer are ever in evidence.

Cultivate the "Cosgrave Habit"—Watch for the name—ask for any of these brands—Half-and-Half, Pale Ale, XXX Porter.

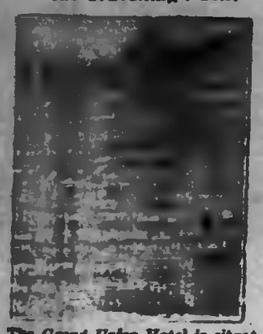
HOTELS

Montreal's Popular Hotel!

Favorite Stopping Place for the Travelling Public



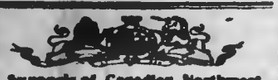
The Grand Union Hotel is situated at 360-366 Notre-Dame street, west, in the heart of the business section of the city. Electric cars pass the doors to all points of interest, and amusement. Five minutes' walk from C.P.R. and G.T.R. stations. The bus meets all trains to convey guests free, to and from the stations.

During the month of April, last year, this hotel underwent a thorough renovation, which has made it the best up-to-date commercial hotel in the city for home comfort. The hotel is under the personal supervision of Mr. Murray, who gives his special attention to his guests.

Nice clean, comfortable rooms, and elevator service. American plan. Rates $2.00 per day, and upwards.

F. J. MURRAY,
Proprietor.

HOTEL CARSLAKE, MONTREAL—European plan—opposite Grand Trunk, Geo. Carslake, Proprietor.



Synopsis of Canadian Northwest Land Regulations.

ANY PERSON WHO IS THE sole head of a family, or any male over 18 years old, may homestead land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother, or sister of an intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, solely owned and occupied by him, or his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price $3.00 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price $3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth $300.00.

W. W. CORY,
Deputy of Minister of the Interior.

NOTICE TO CONTRACTORS.

Tenders For Machinery, Belting, Shafting, Cranes, Air Compressors, Etc.

SEALED TENDERS, addressed to the undersigned, and marked on the envelope "Tender for Machines and Tools," "Tender for Leather Belting," etc., etc., as the case may be, will be received at the office of the Commissioners of the Transcontinental Railway, at Ottawa, Ontario, until 12 o'clock noon of the 12th day of April, 1910, for:

(1) Machines and tools;
(2) Leather belting;
(3) Shafting, hangers, steel frame work, etc.;
(4) Miscellaneous equipment, industrial track and lockers;
(5) Motors;
(6) Furnaces and forges;
(7) Cranes;
(8) Air compressors;
(9) Grey iron foundry equipment and brass foundry equipment;

required for the equipment of the locomotive and other shops of the Commissioners of the Transcontinental Railway at Springfield, east of Winnipeg, Manitoba.

Tenders will be received and considered for any or all of the items indicated above and numbered from 1 to 9, both inclusive.

Plans and specifications may be seen in the office of the Chief Engineer of the Commissioners at Ottawa, Mr. Gordon Grant, and in the office of the District Engineer of the Commissioners at St. Boniface, Man. Mr. S. R. Poulin.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied by the Commissioners, which may be had on application to the Chief Engineer at Ottawa, or to the District Engineer at St. Boniface, Man.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada, payable to the order of the Commissioners of the Transcontinental Railway for a sum equal to ten per cent. (10 per cent.) of the amount of the tender.

Any person whose tender is accepted shall within ten days after the acceptance thereof sign the contract, specifications and other documents required to be signed, and in any case of refusal or failure on the part of the party whose tender is accepted to complete and execute the contract with the Commissioners, the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure, and all contract rights acquired by the acceptance of the tender shall be forfeited.

The cheques deposited by parties whose tenders are accepted will be deposited to the credit of the Receiver General of Canada as security for the due faithful performance of the contract according to its terms.

The cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

The right is reserved to reject any or all tenders.

By order,
P. E. RYAN,
Secretary, The Commissioners of The Transcontinental Railway.
Ottawa, 2nd March, 1910.

Newspapers inserting this advertisement without authority from the Commissioners will not be paid for it.

Construction of the G.T.P. Railway

Since the turning of the first sod on the construction of the Grand Trunk Pacific Railway at Fort William, Ontario, September 11, by the premier, Sir Wilfrid Laurier, the construction work has proceeded steadily to the extent that at the present time, covering a period of four years and a half since the building of this transcontinental Railway was commenced, of the entire main line from Moncton to Prince Rupert, a distance of 3360 miles a total of 3000 miles has been placed under construction on which there has been laid 1795 miles of track, which in some cases is made up of disconnected sections and is therefore not at all continuous. That portion of the line, however, from Winnipeg to Edmonton, 793 miles, has been constructed and in partial operation by the Construction Department for the past 18 months and within the past 90 days the track has been completed continuously from Edmonton westerly to Wolf Creek, 121 miles, thus completing the track laying on that section of the line, designated as the Prairie Section, Winnipeg to Wolf Creek, 915 miles. The track laying was also recently completed from Winnipeg to Fort William, 445 miles, thus making a continuous line from Fort William, via Winnipeg and Edmonton, to Wolf Creek, 1360 miles, which however, cannot be completed for practical operation for some months as considerable work is required to be done on the easterly and westerly ends of the line, to put into a suitable condition for the movement of regular trains. The other portions of the main line on which the rails have been laid are situated at different points east and west of the city of Quebec. During the past year contracts have been let for the construction work from Wolf Creek, Alberta, westerly to Tete Jaune Cache in the Rocky Mountains, 179 miles, and there are at present engaged on this section of the line, 1000 teams and a large army of men. Similar forces are also engaged on the construction of the line from Prince Rupert, the terminus of the Pacific Coast, easterly to Aldermere, B.C. 240 miles.

In addition to the mileage referred to above the Provincial governments of Saskatchewan and Alberta passed acts at the sessions of their legislatures in 1909, authorizing guarantees for the construction of branch lines by the Grand Trunk Pacific Railway company in these provinces to the extent of 696 miles, comprising branch lines from the main line of the Grand Trunk Pacific Railway to Yorkton, Regina, Battleford, Calgary, Lethbridge, MacLeod and Coutts, the construction of which are at present under way. At the session of the Saskatchewan legislature in December, 1909, an Act was passed authorizing the guarantee of the construction of additional branch lines by the Grand Trunk Pacific Railway in that Province to the extent of 475 miles compromising lines from Regina south-easterly to the United States boundary line, from the main line of the Grand Trunk Pacific Railway to Prince Alberta and from Regina westerly to Moose Jaw, Calgary, etc., etc., the construction of which will be undertaken during the present year. From the foregoing it will be observed that out of a total mileage of main line and branches of approximately 7000 miles, there have been completed and under construction at the present time, approximately 4800 miles or sixty per centf of the entire mileage authorized in the company's charters.

WANT OFFICIAL RECOGNITION

Quebec, March 23.—The Quebec Legislature now in session is again to take up for consideration and action the question as to whether or not the Christian Scientists will be officially recognized by the Province and incorporated as a Church. At the last session the Legislative councillors summarily rejected the bill to incorporate "The First Church of Christ, Science," of Montreal, after the bill had been passed unanimously by the lower house. Another attempt tis to be made to pass the bill at the present session, and it is said that influential members of the Legislature are preparing to make a vigorous fight for it, on the ground that to reject it would not be in accordance with religious liberty.

Get Well First

Don't risk even a penny—until health first returns.

And I mean just exactly that.

I am the one physician who says to the sick: "Will you, out of my own pocket, pay for your medicine if it fails to bring you help?"

And for 20 years Dr. Shoop's medicines have been used and recommended in every city and hamlet in America. They are positively standard in every community—and everywhere. There why pay the cash, and as your risk, for other unwarranted and uncertain medicines? Thousands upon thousands have in the past gratefully used Dr. Shoop's Restorative. When the stomach nerves, or the heart or KIDney nerves fail, these sick ones know how quickly Dr. Shoop's Restorative will bring them back to health again. *But best of all, they positively take no money risk whatever.* They know that when health fails to return, Dr. Shoop will himself gladly pay for the drugs used for that. And a test such a fail in any treatment is fatally pondered. Just write me first for an order. This will save delay and disappointment. All druggists sell Dr. Shoop's Restorative and Dr. Shoop's Rheumatic Remedy, but all are not prepared as to give the 30 day test. So drop me a line personally if I have appointed an honest and responsible druggist near you. Then for every complaint, or ailment, for which any medicine in the world is claimed to help, you pay him, and he pays me. The kind of which book you want. The Restorative, or the Rheumatic Remedy, or both, will surely open up new and healthful days to those who are not well. Both are sold by druggists on a plan which gives you the benefit of their personal advice and the use of their shelves. My advice and the book below are free—and without cost.

Perhaps a word or two about your case would be best. Then I will advise you. For more serious ailments I have helped thousands upon thousands by my prescription or my personal advice and effort to satisfy them. My book of plain, honest talk will be sent you, postpaid. Address me personally, Dr. Shoop, Box 539, Racine, Wis.

"EVEN IN YOUTH NEVER STRONG"

Now the Rich, Happy Possessor of Good Health Which Was Restored By

Dr. Hamilton's Pills.

"Even when I was young I was not robust and healthy like other girls. I suffered from headaches and had sort of blue feelings that deprived me of the joyful spirits and pleasures other girls seemed to get. After I married I found I could not throw worries off like other women, and those dull feelings of despondency and weariness made me very unhappy. There was no cause to feel so, and my doctor said my liver was sluggish and this accounted for my poor color, my tiredness, languor and despair. The pills the doctor gave me were too purgative, made me weaker because they were too active for my constitution. Dozens of my friends recommended Dr. Hamilton's Pills, and they were so mild and healthful. Well I never used a pill that acted so quietly as Dr. Hamilton's. They were so comfortable to use I was afraid they might not help. But in a week I knew they had been actively engaged in cleaning up my system. They did the work of a tonic and blood medicine combined. I improved to a marvellous degree with Dr. Hamilton's Pills and I now maintain the most perfect kind of health by using them just once or twice a week."

It is Mrs. E. V. Erlanger, the wife of Capt. Erlanger, well known at Gloucester, who relates the above experience. She proved what you and all others, men and women, can prove—that Dr. Hamilton's Pills are best for restoring health and best for keeping the aeystem in perfect running order. Don't be misled into using anything but Dr. Hamilton's Pills, sold in yellow boxes. 25c. All dealers, or the Catarrhozone Company, Kingston, Ont.

The Morning Times
PETERBOROUGH, ONT.

WEDNESDAY, MARCH 23. 1910.

NEWS OF THE CITY

Street Cleaning Begun.

Spring street cleaning has begun. Street Inspector Evans having a gang at work yesterday on the streets in the business section.

Fortify now against the grip—for it comes every season sure! Preventics—the little Candy Cold Cure Tablets—offer in this respect a most certain and dependable safeguard. Preventics, at the "moose stage" will, as well, also surely head off all common colds. But promptness is all important. Keep Preventics in the pocket or purse, for instant use. Box of 48 for 25c. Sold by all dealers.

Acting Chief.

At a meeting of the Police Commissioners P. C. Adams was appointed to act as chief while Chief Roszel is unable to attend to his duties as the head of the force.

Mill To Start Soon.

Mr. John Thompson, superintendent of the Peterborough Lumber Company's mill at Burnham's Point is preparing to begin sawing in a few days. They will employ a large force of men during the summer.

Remove Your Hat.

The Times is requested to intimate to the ladies that they will be expected to remove their hats at the Booth lecture in St. Paul's church this evening.

Easter War Cry.

The War Cry has issued a special East number which is a credit to the Salvation Army both for its artistic makeup and press work. The Easter number contains a great deal of interesting reading matter.

Wild Ducks on River.

Several of our contemporaries are somewhat interested in the fact that wild ducks are seen on the waters in close proximity to human habitation. For the benefit of our brethren of the press this great family journal might explain that hundreds of ducks are to be seen on spots in the moors not covered by ice. It is the only way they can secure food, which consists almost entirely of fish. All winter long the water of the Otonabee between Peterborough and Lakefield, which is open in many places, is frequented by wild ducks.

The steady nerves of the influential, successful, well-liked individual, are the envy of the timid, cold-blooded person who lacks initiative—and red blood.

A nervous person is always at a disadvantage.

Coffee is a common cause of "cold hands and feet," nervous trepidity, etc.

What a delightful change it is to feel the power of warm blood and strong nerves! Stop drinking coffee for a week or ten days, and use Postum as the table beverage.

Make your Postum strong and rich—boil it fifteen minutes or longer—serve piping hot with good cream, and it is delicious and wholesome, too.

Postum contains no coffee or other drugs (trade[illegible]

Getting Logs Down.

The Peterborough Lumber Company are bringing down a drive of logs from the pond at the water works dam to their mill at Little Lake. There are about 65000 logs in the drive.

Geese Going North.

Yesterday a large flock of wild geese were seen in the river below No. 6 lock. They came from the south and seemed to be in search of food and rest. Our informant states that there were between 50 and 100 in the flock. In half an hour or so they rose and continued their course northward.

The Late Mrs. Bates.

The Times is requested to state that the funeral of the late Mrs. Wm. Bates will take place this afternoon, from the residence of her son, F. W. Bates, 654 Stewart street. The funeral service will be conducted at the house at two o'clock, by Rev. E. A. Pearson, and the funeral will be held at 2.30.

Taken Back to Campbellford.

On Monday P. C. Newhall arrested Samuel Fredericks on suspicion of being the man wanted by the authorities in Campbellford. Chief Lynn came up from Campbellford and identified the prisoner as the party wanted on several charges of theft, and he was taken back to Campbellford yesterday.

The Royal Theatre.

Complaints have reached The Times to the effect that the law is not being obeyed at this place, and that not only are the aisles often filled with people, but the approaches are as well. Inspector Cochrane is supposed to look after these places, and if he is not doing his duty complaints should be made to the attorney-general in Toronto.

Nothing in the way of a Cough is quite so annoying as a tickling, teasing, wheezing, bronchial Cough. The quickest relief comes perhaps from a prescription known to Druggists everywhere as Dr. Shoop's Cough Remedy! And besides, it is so thoroughly harmless that mothers give it with perfect safety even to the youngest babes. The tender leaves of a simple mountain shrub, give to Dr. Shoop's Cough Remedy its remarkable curative effect. A few days' test will tell. Sold by all dealers.

Royal Astronomical Society.

The meeting of the Royal Astronomical Society, which was to have taken place last night at the Collegiate auditorium, has been postponed for a week. The reason of the delay is because the officials are negotiating with Victoria Museum, Toronto, for the loan of one of the famous meteorites which they expect to have here for the next meeting, Tuesday, March 29th.

If troubled with indigestion, constipation, no appetite or feel bilious, give Chamberlain's Stomach and Liver Tablets a trial and you will be pleased with the result. These tablets invigorate the stomach and liver and strengthen the digestion. Sold by all dealers.

Notice.

The well-known conservative investment house of Amelius Jarvis & Company is advertising in another column of 6 per cent. first mortgage bond of an established industrial company which they recommend for both safety of principal and surety of income. They have issued a fully descriptive circular which will be sent to anyone interested on request.

A failing tiny nerve—no larger than the finest silken thread—takes from the Heart its impulse, its power, its regularity. The stomach also has its hidden, or inside nerve. It was Dr. Shoop who first told us it was wrong to drug a weak or failing Stomach, Heart or Kidneys. His prescription—Dr. Shoop's Restorative—is directed straight for the cause of these ailments—these weak and faltering inside nerves. This, no doubt clearly explains why the Restorative has of late grown so rapidly in popularity. Druggists say that those who test the Restorative even for a few days soon become convinced of its wonderful merit. Anyway don't drug the organ. Treating the cause of sickness is the only sensible and successful way Sold by all dealers.

The Membership Campaign.

The boys of the Y.M.C.A. are vigorously pushing their membership campaign, having brought in some thirty-five members up to Saturday night. This week the employed boys are working to equal the number secured by the school boys so as to be equally represented at the banquet on Easter Monday, at which the new members and those who introduce them will be the guests. A further big gain is expected this week.

Funeral of Rev. Mr. Stirling.

The funeral of the late Rev. James A. G. Stirling, Presbyterian minister at Havelock, will take place this morning from St. Andrew's church to Little Lake cemetery. The funeral will be in charge of the Presbytery of Peterborough, and service will start sharp at ten o'clock. Rev. D. A. McKenzie, B.A., of Centerville, will preside, and Rev. D. A. Thompson, clerk of the Presbytery, will be among the speakers. The Presbytery congregation of Havelock will be represented and a large number of the Presbytery will be present. The service at the church will be of an hour's duration.

Guests of Grand Trunk.

His Grace, the Archbishop of Westminster, head of the Roman Catholic Church in Great Britain and suite, have signified their intention of attending the Eucharistic Congress that will be held in Montreal next September. It is probable that his Grace will be accompanied by the Duke of Norfolk, the leading lay head of the Roman Catholic Church in England. While in Canada this distinguished party will visit Ottawa, Toronto, Hamilton, Niagara Falls and other important places. His Grace has accepted the invitation extended by [illegible] Hays for [illegible] to be the guests of the Grand Trunk [illegible] on their Canadian [illegible]

Little Local Lines

Lindsay is to have an automobile motor boat garage.

The town creek is behaving itself this year, and is not overflowing its banks.

A very enjoyable evening was spent at Knox church on Monday evening, when Mrs. H. J. Keith gave an interesting talk on Tennyson, under the auspices of the Young People's Guild.

Have you a pain—of any kind, anywhere? Stop just a minute and think. It matters not whether it be womanly pains, head pains, or any kind of a pain, one of Dr. Shoop's little Pink Pain Tablets will surely stop it in 20 minutes. Formula plainly printed on the 25c. box. Sold by all dealers.

SOCIETY

The Times will be pleased to receive notices of Weddings, Social Events, Personal Announcements, which will be published in this column free of charge.

Mr. J. G. Love, representing the Monarch Typewriter Company, is in town and reports business good.

Mr. and Mrs. C. H. Sawle leave this morning for Prince Rupert, where they will reside in future. Their many friends in Peterborough wish them good luck.

Mr. F. G. Hassard, who has resigned his position as secretary of the Y.M.C.A., has taken the position of advertising manager of the Farm and Dairy.

* * *

Mrs. J. C. Shook was the charming hostess at a delightful little affair on Monday evening, at her beautiful new home on Macdonald street.

C. L. T. FISHER, Pres. F. R. HARRIS, Vice-Pres W. L. GRISSOM, Sec.-Treas.

National Mining & Tunnel Company

WHERE OUR MINES ARE

Our mines are in the greatest camp in America, Leadville, Col. Leadville has been producing gold, silver and lead for forty-nine years. Cripple Creek, famous on two continents, has produced but $90,000,000. Leadville has produced 425,000,000. Our mines are located on the most productive part of Sugar Loaf. John W. McMahon, Clerk and Recorder of the county, in a personal letter, says: "This mountain is known to contain the richest mineral belt in this rich county."

WHAT WE HAVE

Our properties consist of the following: 12 proven mines, 140 acres; contiguous to these, valuable mining properties, 61 acres; timber claims containing timbers for many years, 30 acres; the copper-gold ledge on the crest of the mountain, 145 acres, total 400 acres. The mountain is four miles long, two miles wide and eighteen hundred feet high. It has produced to an average depth of but 150 feet, where the copper acid waters prevented further operations by shaft, $12,000,000.

CONDITIONS FAVORABLE TO SUCCESS

We are driving a big tunnel in from the foot of the mountain, at right angles to these veins, and will drain out the acid waters, and have the vast ore body above us of easy access. Our mines, which have produced over $2,000,000, occupy a central position among these mines, an evidence that we shall cut through the heart of the mountain's rich known ore system, and affording a strategical position relative to other properties. On the right and left are mines which have produced millions, whose ores must come out through our big tunnel, and which must pay us satisfactory royalties.

Operation of our tunnel and mines by electric power. We are driving our tunnel by 75 h.p. electric motor, equipped with an air compressor for driving drills, trolley for operating cars, etc. Within six months we should reach our first proven mines, and should cut through the second and third, and become a large producer before the year closes.

Transportation by rail to the largest custom smelter in the world, four miles away.

Low freight rate, 50c per ton.

An insatiable market for our ore, and settlement the first of every month.

Large ore value, and low cost of production. Ores run 50 to 150 per ton by the car load. The total cost of production is about $8.00. The majority of the stock is pooled for ten years, and cannot be sold. Capitalists cannot get hold of the stock, and freeze anybody out.

The Directors are men of high personal and financial standing. The business will be managed ably and honestly, and every one will share alike in proportion to his stock.

For further information, address

C. L. T. FISHER, Box 391, Lynchburg, Va.

WOMEN DRINKING MORE

Advocate, Says They Are.

London, March 23.—It is not the increase, drunkenness amongst women in England is certainly not the case, according to [illegible] Lady [illegible] other day at a meeting in Bridge-water House, the London residence of the Countess of Ellesmere, that instead of any diminution of drunkenness among women having taken place during all those years, she said that they were growing.

VOL. XXXIII NO. 67 PETERBOROUGH, ONTARIO THURSDAY MARCH 24 1910 PRICE TWO CENTS

Teeswater River Claimed Three Victims

NAMES OF DEAD.

Mrs. Joseph Semple, Teeswater, P. O.
Miss Cissie Semple, Teeswater, P. O.
Mrs. Elliott, Liverpool, Eng.

Teeswater, Ont., March 23.— Mrs. Jas. Semple, her daughter Chrissie, and Mrs. Jean Elliott, of Liverpool, England, a cousin of Mrs. Semple's, were drowned in the Teeswater river a few miles from here, about two o'clock yesterday afternoon.

Miss Elliott, a daughter of the Mrs. Elliott, who was drowned, narrowly escaped a similar fate.

The river passes through the Semple farm, not far from the house, and at present the water is very high and the current very strong. The two older ladies were going to call at Mr. Waugh's on a neighboring farm, over the river. Rather than go round by a bridge they decided to cross in a boat, the two young ladies to accompany them.

Miss Elliott's story gives a good idea of what followed. All four got into the boat, which stuck on the river bank. Miss Semple got out, pushed the boat off, and then jumped into it. This upset the boat, and all were thrown into the water. The three who were drowned succeeded in climbing on to the upturned boat and Miss Elliott hung on and was carried down stream with them.

Miss Kate Semple, who was at the house, saw what had happened, and called to her brother Hugh, who was at the barn. He ran to the river, and following along the bank, succeeded in rescuing Miss Elliott as the boat neared a jam of timber.

WAS SWEPT UNDER JAM.

At the moment when Miss Elliott was pulled to land, the boat with the other three ladies, caught by a strong current was swept under the jam.

The neighborhood was soon alarmed and a search for the bodies began. No trace of them was found until late in the night, when the search being continued by torchlight, the bodies of Mrs. Semple and Mrs. Elliott were found about a half mile below the scene of the accident.

Rapley's Body was Found in the River

Napanee, Ont., March 23.— The body of B. F. Rapley, the Montreal commercial traveler who disappeared so mysteriously from the Campbell House here last fall, was found in the Napanee river this forenoon, two and a half miles down stream.

The body has been fully identified by the initials on the ring on his finger and cuff buttons, and also by his card case and order book, which were in his pockets.

The face is very much decomposed.

MOTHER IS PROSTRATED.

Belleville, March 23.—Burton Rapley, whose body was found in the river two and a half miles south of Napanee and near the Bay of Quinte, was one of the best known dry goods travelers in Canada, though only about 26 years of age. The news of his death, which was not confirmed until today, was wired to his mother by Mr. Robertson, a dry goods man of Napanee, formerly of Belleville, who knew the family well. Mrs. Rapley, who has borne up under the terrible strain of anxiety, mingled with hope during the last five months, broke down when she learned the truth. She and her son had always been on the most affectionate terms, being more like lovers than mother and son.

It was on October 9th last that Rapley disappeared. He had an appointment with Mr. Robertson for 10 o'clock the following morning, but it was never kept. Today Mr. Robertson identified the body. Rapley traveled for Gault Bros., Montreal. He appeared rather depressed about the time of the tragedy, and it is believed that his mind was temporarily unbalanced. There is no suspicion of foul play.

After Rapley's disappearance foolish rumors were circulated to the effect that he was wandering around the bush in a demented state, living as a wild man. Other persons in various parts of Ontario vowed that they had seen him on the trains. Even the police believed him to be alive. Now such talk will be put in its right category.

NEGRO JOHNSON GOES TO TOMBS

PLEADED WITH JUDGE IN VAIN TO REDUCE BAIL.

Magistrate Was Angry—Prosecutor Didn't Turn Up, and He Ordered Pugilist Held Till He Does.

New York, March 23.—Jack Johnson, world's champion heavyweight pugilist, put up a losing fight in the General Sessions Court here today.

Appearing to answer the charge of a fellow-member of the African race, Norman Pinder, who accused Johnson of a serious assault, the big pugilist found himself the object of the court's displeasure because the complainant against him failed to appear.

Judge Mulqueen declared that the non-appearance of Pinder and the other witnesses in the case convinced him that the court was being trifled with, and forthwith raised Johnson's bail from $1,500 to $5000, committing him to the Tombs until he raised the larger amount.

Johnson, at first smilingly, then almost tearfully, personally pleaded his case with the court.

"Please don't make it that much, judge," anxiously pleaded the big heavyweight. "I have only $3,000 in my pocket."

Although he declared that he had not trifled with the court, and knew nothing about the disappearance of any witnesses in the case, Johnson could not move the judge, who ordered Johnson removed, causing bench warrants to be issued for Pinder and the other witnesses, and announced that as soon as they were found, the case would be put on.

Johnson's servers have been vainly seeking Mr. Pinder for the past 24 hours. It had been predicted that when the time was called today he would not materialize.

CHURCH AND STATE.

It is regrettable that the Church is again becoming so active in the politics of France. According to press despatches one of the most interesting phases of the approaching general election is the open campaign undertaken in the name of the Catholic Episcopate to secure the return of deputies to the next chamber, either pledged to vote for or in sympathy with the interests of the Church.

Unfortunately the anxiety of the Church to be a dominating factor in the affairs of state has caused trouble in several European countries in the past. It would seem that the Church should be learned that State and Church should be each left to its own work and activities. It makes no difference what Church, whether Catholic or Protestant, the politics of a country should be the concern of the laity only. France will not consider it the Church gets in its present attitude. The object of religion should be to maintain peace, not disturb it.

AN EASY TASK FOR OXFORD CREW

LIGHTER CAMBRIDGE EIGHT DEFEATED BY 3 1-2 LENGTHS.

Oxonians Out in Force—One of the Greatest Crowds That Ever Lined the Thames Witnessed the Contest Yesterday.

London, March 23.—Oxford rowed true to form today, and defeated Cambridge in the 67th struggle between them by three and one-half lengths. Time 20 mins. 14 seconds, 1 min. and 27 seconds behind the record. The race was rowed on the Thames from Putney to Mort Lake, a distance of 4¼ miles, and after the first mile there was never any question as to the result. At the first mile, the lighter Cambridge men were a quarter of a length ahead, but they had shot their bolt in this early spurt and began dropping behind.

The race was in many respects a repetition of last year's struggle. Oxford was a hot favorite.

One of the greatest crowds that ever lined the Thames witnessed the struggle. The dark blue of Oxford was largely in the ascendant, as the Oxonians, confident that the crew would win, poured out in larger numbers than the Cantab supporters. Cambridge won the toss and chose the Middlesex side of the river, getting what slight advantage there was from the wind. The Oxford boat had the Surrey side. The wind was not enough, however, to rough the water, which was another advantage to the Cantabs, as their lighter crew would have been at a disadvantage in rough water. The average weight of the crews were: Oxford 176½, Cambridge, 172¾.

TO HONOR ROOSEVELT.

Ex-President Will Get Big Reception in London.

London, March 24.—In view of the fact that considerable discussion has been aroused by the action of the corporation in deciding to confer the honorary freedom of the City of London on former President Roosevelt on the occasion of his approaching visit, the London press is taking pains to explain the proposed honor and its significance.

It seems that though a presentation of this kind is called the honorary freedom, foreigners of distinction on whom it is bestowed are naturally not expected to take the oath or make the declaration of allegiance to the British Crown, and they are consequently not presented, as Freemen in the Chamberlain's Court. But in every other respect the ancient ceremonial is carried out, and the distinguished visitor is handed a copy of the resolution of freedom in a gold box and the Chamberlain offers him the right hand of fellowship as a citizen of London. This was the procedure adopted in the cases of Garibaldi, General Grant, George Peabody, and Count Ferdinand de Lesseps.

THE WEATHER.

South-east winds, fair, with higher temperature.

MR. BOOTH'S LECTURE.

St. Paul's Church Filled With Well Pleased Audience.

Last night Mr. Herbert Booth delivered his bioscopic lecture entitled "The Entrancing Story of the Early Christians." The spacious edifice was filled with an appreciative audience, whose interest was deep and constant. The speaker portrayed the struggles and triumphs of the early followers of the faith. The splendid choir of St. Paul's added much to the enjoyment of the large audience with the superb music which they rendered.

The lecture was the first of a series which the Ladies' Aid Society of the church propose to give under their auspices in the near future, and was in aid of the building fund for the manse. The chair was taken by the Rev. Mr. Pogue, who introduced the speaker in a few appropriate remarks.

A CLEVER LAD.

Mr. Roy Powell Constructs Wireless Telegraphy.

Mr. Roy Fowell, son of Mr. George W. Powell, 590 George street, is receiving the congratulations of his friends on his success in constructing a wireless telegraph instrument, an achievement which shows him to be an inventor of a very high order, as he did the work without assistance.

The young man constructed a station at his own home, and also one at Mr. Clarence Miller's, on Harvey street, three blocks away, where messages are exchanged daily.

Mr. Powell has studied wireless for some years and says that his instrument will cover 25 miles between stations. The Times is pleased to know that we have in Peterborough so gifted a young man and predicts for him a great future.

HONOR POLAR EXPLORER.

Sir Ernest Shackleton Will Reach New York Tomorrow.

New York, March 24.—A notable welcome awaits Sir Ernest Shackleton, the English Antarctic explorer, who with Lady Shackleton and a party of friends, will arrive here tomorrow on the Lusitania. Sir Ernest is coming over to lecture in the United States and Canada, and also to receive some of the honors prepared for him on this side.

The public reception of the explorer in this city will not be held until early next week as immediately upon arrival here the party will proceed to Washington to spend several days as guests of the British Ambassador. The stay in the national capital will be made notable by the presentation of the National Geographic Society's gold medal to Sir Ernest Shackleton. The presentation will be made by President Taft in the presence of a great audience composed of statesmen, scientists, men of letters, educators and others.

The first of the week Sir Ernest and Lady Shackleton will return to this city and on Monday night the explorer will be presented with the gold medal of the American Geographical Society of this city. The following evening Sir Ernest will deliver a lecture in Carnegie Hall, under the auspices of the Civic Forum. On that occasion Commander Peary will introduce Sir Ernest, and it will be the first time that the discoverer of the North Pole and the man who penetrated farthest South, ever met on the same platform.

To honor roosevelt

Massachusetts Demands Fair Play for Canada

Election of Eugene N. Foss as Democrat Means Hostility to a Tariff War—Decent Treatment of Canada and Lower Food Prices Favored

Eugene N. Foss, victorious candidate: "It is a demand by the people that the Republican party fulfill its pledge for an honest reduction of the tariff.

"It is a demand for the immediate repeal of section two of the Payne-Aldrich Act, which substitutes retaliation for reciprocity and threatens commercial warefare with our best customers.

"It is a demand that Canada be treated decently."

W. R. Buchanan, defeated candidate: "I attribute my defeat to the high cost of living. In the election of Mr. Foss it is apparent that the voters of the 14th district lay the high rate schedule at the door of the Republican party. If the result of yesterday's voting will serve to convince the Republican leaders that something must be speedily accomplished in the way of lowering the cost of living, I shall feel that my defeat is not without value not only to the people at large but to the Republican party as well."

Boston, March 23.—Stunned over the realization of the complete defeat of their candidate, Republican leaders are today trying to figure out just what the result in the 14th congressional district means. The election of E. N. Foss, a Republican running as a Democrat, and the overturning of the strongest Republican district in Massachusetts, is a direct reflection of the feeling of the people towards the insurgent movement, according to Democrats and Republicans alike.

"There was general dissatisfaction with the Payne-Aldrich tariff bill, and a belief that the party in power was not paying enough attention to the high cost of living and how to reduce it," says the Republican leaders, explaining the defeat of Buchanan.

"The people are swinging to the Democracy as the only hope for a change in present conditions," say the Democratic chiefs.

A GREAT TURNOVER.

The late W. C. Lovering was elected less than two years ago on the Republican ticket by a plurality of 14,000. Foss, as a Democrat, carried the district by 5,040, and the inevitable result is to be a fight to a finish for the toga of Senator Lodge. Lodge will be a candidate for re-election when the next legislature assembles. To ensure his election the organization must nominate reactionary candidates for the legislature as Lodge is opposed by the progressive wing. The Democrats and the Progressives are likely to combine in many districts, and today there is a disposition to lodge a boom for Foss as Lodge's successor. This means the next campaign will be the hardest fought in the history of Massachusetts.

Following are expressions of the political leaders here:

Chairman Hatfield, of the Republican State Committee: "I have no comment to make."

Gov. Draper: "I am sorry Mr. Buchanan was defeated. I am sorry Mr. Foss was elected. That is all."

BROKE FAITH WITH PEOPLE.

Democratic State Chairman McLeod: "Mr. Foss' election was due primarily to the fact that the Republican party in the Payne-Aldrich Act, broke faith with the people by refusing to bring about any real or honest revision of the tariff."

"It shows also that the people believe in the justice of the income tax and have little patience with the attempts of Senator Lodge and the Republican State machine to discredit and defeat a measure that has been endorsed by the practical unanimous sentiment of the people without distinction of party."

Ex-President Roosevelt to Get Honors of Crowned Heads

Rome, March 23. — Ex-President Roosevelt will not be asked to address the American Methodist Church, when he comes to Rome, according to a statement today by Prof. Edward B. Spencer, of the Methodist College. Prof. Spencer says there have been no negotiations with Mr. Roosevelt regarding an address to the church since December, 1909, when the church authorities wrote him. He then replied that he would make no addresses in Rome, and the Methodists dropped the matter. Col. Roosevelt will have an audience with the pope on April 5. Roosevelt will be received by King Victor on April 4. A State dinner will be given in his honor. Queen Helena is also planning a social function in honor of Mrs. Roosevelt and Miss Ethel. This is an unusual honor.

A London despatch says that no crowned head, to say nothing of a private citizen, was ever shown such honors as it is apparent will be shown to ex-President Roosevelt in Europe.

Col. Roosevelt is the most interesting personality in the world today, according to the English viewpoint. Many Englishmen will be surprised if the political exigencies of America do not again sweep him into the presidential chair.

That "General Strike" was Distinct Failure

Philadelphia, March 23. — Although participants in the conference between strike leaders, transit company directors and politicians, which adjourned early today, stated that no agreement had been reached, and that a settlement of the street car strike was not yet in sight, it is believed that a step toward a settlement of the difficulty has been taken.

Everyone was reticent in discussing the meeting, although President W. D. Mahon, president of the Carmen's Union, and Senator McNichols) both stated that a settlement is not yet in sight. As the settlement of the street carmen's troubles continues to be delayed the leaders of the general sympathetic strike are finding it harder and harder to keep their followers in line. The textile workers in Kensington, who, together with the members of the allied building trades formed the backbone of the strike, resumed work today. The textile unions represent about 50,000 persons.

It is generally agreed among labor leaders and others that the general strike to aid the carmen will not be a successful movement. It took the effect, however, of uniting the business men to interfere in the interest of peace, but the Rapid Transit Company would not yield to the pressure

Famous Hymn Writer 90 Years.

Bridgeport, Conn., March 24 — Fanny Crosby, famous as the author of nearly 7,000 Gospel hymns, will receive many congratulations to-day on the occasion of her ninetieth birth day. She lives with a niece in this city, where her birthday anniversary will be fittingly recognized this afternoon by a gathering of the members of the Fanny Crosby Circle of King's Daughters.

Junk Wanted

All kinds of junk wanted for which good prices will be paid.

Telephone No. 944 or drop a card and a rig will be sent to any part of the city.

D. FLORENCE & SON,

Peterborough.

ERA OF GRAFT IN VICTORIA, B.C.

ALLEGED CHINESE AND UNDERWORLD PAY BRIBES.

Commission to Enquire—Faulty Construction of Reservoir —Crooked Gambling Joint at Vancouver.

Victoria, B.C., March 23.—Sensational developments in respect to matters affecting civic administration are causing much excitement. The government yesterday issued a warrant for a Royal Commission to probe the police commission methods in Victoria. This follows newspaper charges that a reign of graft has been in progress for months, denizens of the underworld and Chinatown being muleted in large sums weekly as tribute for protection.

Popular anticipation is that the revelations will be startling in the extreme and that some foremost citizens will be shown up in an unenviable light. Judge Lampman is named commissioner.

A petition is being circulated today by leading ratepayers praying for the appointment of another Royal Commission to enquire in to the faulty construction of Smithhill reservoir, a $600,000 job that took two years to build and now won't hold water. Examinations by the city engineer reveals, it is said, only half an inch of cement where there ought to be six inches.

In furtherance of the general clean-up in civic affairs, Mayor Morley announced at a meeting Monday night that he had engaged Griffith B. Hughes, expert actuary, to examine the books of the corporation at a salary of $5,000. The action was approved.

While it is often impossible to prevent an accident, it is never impossible to be prepared—it is not beyond any one's purse. Invest 25 cents in a bottle of Chamberlain's Liniment and you are prepared for sprains, bruises and like injuries. Sold by all dealers.

St. Catharines Man Looking for the Pipe Lighting Church-Goers

St. Catharines, March 23.—Every town has its specially peculiar citizens. St. Catharines has a man who at the present time is making a round of the city churches, one each Sunday evening, and his object, as he has publicly declared, is to take note of how many men, on coming out of church, light up pipes or cigars.

This man declares that he is not a believer in Christianity, and is merely gathering data with which to combat religion.

This Date in History

1764—A circular letter was issued by the Presbyterians of Philadelphia preparatory to the organization of a synod.
1800—Savoy and Nice ceded to France by the treaty of Turin.
1860—Great banquet given in Montreal in honor of Sir Alexander Tilloch Galt, the first Canadian High Commissioner in London.
1890—President Harrison declared the Bering Sea closed to unlicensed seal fishing.
1909—New Zealand offered a battleship to the British Imperial Navy.

Burned to Death Sitting in Buggy

Tilbury, March 13.—Herbert Jubinville, the two-year-old son of Mr. and Mrs. Alex. Jubinville, Tilbury East, was burnt to death in his baby buggy this morning. The child was in the carriage which was about four feet from the kitchen stove, and he had a ruler with a string attached, playing with it. It is supposed the string caught fire from the stove and then ignited the clothing and a quilt in the buggy. When the mother returned to the house, after an absence of a few minutes at the barn, the baby was dead, every stitch of clothing being burnt from the body.

"LOST 16 LBS. IN WEIGHT."

Was Kept Down By Bilious Indigestion, and When in Despair Dr. Hamilton's Pills Cured.

In the following interesting letter Mrs. H. R. Plunkett, well known in her home town of Hewtonville, tells how she conquered bilious indigestion. "I think it was drinking ice water on a very hot July day two years ago that caused an inflamed condition in my stomach, which gave me such repeated and weakening attacks of biliousness and stomach trouble. So severely did I suffer, that my strength was impaired, and I lost sixteen pounds in weight. My whole body was weakened, both kidneys and bowels failing to keep the system in natural condition. Food fermented, skin was dry and yellow. I had flushes of heat, and prickling sensations in various parts of the body. In the winter I had cold feet and clammy hands, and not until I commenced to take Dr. Hamilton's Pills did I obtain relief. In a short time Dr. Hamilton's Pills cured the bilious dyspepsia, and in a month I gained almost four pounds. The pain over the liver disappeared, the bowels acted regularly, and I kept on improving so rapidly that in three months I was vigorous and well. I recommend Dr. Hamilton's Pills to everyone in poor health."

To receive the same benefit as Mrs. Plunkett, commence Dr. Hamilton's Pills today, 25c per box. All dealers, or The Catarrhozone Co., Kingston, Ont.

Miss Ruby Richardson, of Toronto, is visiting her sister, Mrs. H. Lee, Charlotte street.

Canadians Must Support Their Government in This Crisis

Canada has reached a point in the tariff controversy with the United States where the highest type of loyalty and patriotism should be recorded to the government in charge of Canada's affairs. Years ago we set to make our own tariff to suit ourselves, independent of everybody, including the mother country for that matter, though we treat the mother country in a better way than we do outsiders. We have asserted our tariff and maintained its integrity as against the great German Empire. Because we gave a preference where we thought we had a right to give a preference Germany some years ago put its maximum tariff on Canadian goods and we retorted by a surtax on German goods coming into Canada. After a long and creditably conducted struggle on our part Germany surrendered to Canada and Germany now respects Canada more than ever, and is prepared to negotiate some kind of special trade treaty with us. Canadians generally stood by the Canadian government irrespective of politics in the struggle with Germany.

We must do the same thing, only much more so, in the present crisis which has arisen between Canada and the United States. The government to the very best of its knowledge and information must decide on what should be done, and once having made decision the entire country should line up behind the government.

If we think we are right in making a treaty with France, and we are committed to it now, we ought to say so firmly, and tell the United States that we have so chosen and are bound to keep faith with France and that we are prepared to take the consequences of that action, even if it may be the Enforcement of the maximum tariff of the United States as against Canada. If we get into a domestic wrangle over the subject, or if our politicians attempt to make capital out of the situation Canada will lose prestige and will lose all the standing she attained out of her struggle with Germany. Let every Canadian say in this issue he is behind his government in maintaining the dignity, maintaining the rights, and in vindicating our position of the right to make our own tariff to suit ourselves.

We can afford a loss in money, if there is to be a loss in money, better than we can afford a loss in national self-respect.

WILL INCLUDE MEN HIGHER UP

MORE REVELATIONS IN PITTSBURG AS TO BRIBERY.

Wasson's Confession—Sixty Councilmen of the Past and Present Administration Involved in Scandals.

Pittsburg, Pa., March 23.— The serial story of councilmanic graft which began with John E. Klein's ill-advised display of six $5,000 bills on a June afternoon two years ago, still holds its own despite competition with current exposures in other cities, and it promises another sensational chapter today—the presentation to the grand jury of Joseph C. Wasson's confession. Wasson is a former councilman, who began five days ago an 18-months' sentence for bribe-taking, and who enviously regarding the immunity baths which have been given to others, decided last night to follow the lead of Captain Klein and tell the district-attorney all he knew. While this was understood to be mainly in corroboration of Klein's exposure, it promised to include some men higher up.

The instalments of the graft story have been so spasmodic that a synopsis is here presented for those who missed the first chapters:

Klein's display of $30,000 bills on the street, June 26, 1908, excited the suspicion of Ernest Frey, a harness dealer. He reported the discovery to the city auditor, the latter told Mayor Guthrie, and he passed it on to the Voters' League, to whom the citizens of Pittsburg are indebted for the prosecution that was set in motion. A detective's bribery of councilmen in connection with a fictitious wood paving plan started the ball rolling. This led into the bank depository conspiracy and other forms of graft. The law ground slowly, and is still grinding, with the following result:—In penitentiary W. W. Ramsay, former president of the German National Bank; William Brand, former president of the common councils, Joseph S. Wasson, former councilman, and H. M. Bolder.

A FOUL MURDER.

Sensational Case Before American Courts.

(Special to The Times.)

Aberdeen, Wash., March 24.—What promises to develop into one of the most notable murder trials in the history of this section is scheduled to begin at Montesano to-morrow, when William Gohl is brought into court to answer to the charge of murdering Charles Hedberg. The victim was a sailor and is alleged to have been murdered for the purpose of robbery. For a number of years Gohl has been well known in the Puget Sound district as a sort of an agent in hiring ships' crews. During this time there have been reported several murders of sailors after they had been paid off. The body of Hedberg, bearing evidence of murder and robbery, was found washed ashore. The body of John Hoffman, who disappeared about the same time as Hedberg, has never been found. His remains and those of other victims as well are believed to have been buried by the murderer.

The arrest of Gohl resulted from tales he told while under the influence of liquor. He is alleged to have boasted of numerous murders and other crimes and to have displayed considerable sums of money, the source of which he was unable to explain satisfactorily to the authorities when arrested. One of the sensational stories told of Gohl since the charge of murder was made against him is that on one occasion two sailors who had just been paid off were robbed by him and left to die in a most heartless manner. According to the tale, the two men, after being plied with liquor and relieved of their money, were taken by Gohl in his boat and marooned on a sand bar, the alleged murderer rowing to shore and leaving the men to fall victims to the rising tide.

EMINENT TORONTO PHYSICIANS

Failed to Cure Rheumatism.

Miss Flora Chapman Vividly Describes Her Sufferings and Ultimate Cure With "Nerviline."

After being an enthusiastic user of Nerviline for years, I feel it my duty to tell you personally what your wonderful preparation has done for me.

I suffered torture from rheumatism and heart troubled, tried scores of socalled remedies, consulted for weeks and months with Toronto's most eminent physicians, but derived only slight benefit.

A friend insisted on my using Nerviline, and to my surprise a vigorous rubbing of this powerful liniment eased the pains and reduced the stiffness in my joints. I continued to use Nerviline and was permanently cured. I am now perfectly well, and for three years have had no rheumatism at all. I know many CURED families where no other medicine but Nerviline is kept—it is so useful in minor ailments like earYEARS ache, toothache, neuralgia, coughs, colds, lumbago and sciatica. I call Nerviline my "Life Guard," and urged all to try its merit."

Dec. 17th, 113 Palmerston Avenue, Toronto.

Refuse anything else offered instead of Nerviline, 25c. per bottle, five for $1.000. All dealers, or The Catarrhozone Co., Kingston, Ont.

THE MORNING TIMES

The only morning daily newspaper published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $3 per year, strictly in advance.

Strangers visiting Peterborough are cordially invited to make their headquarters at the office of The Morning and Weekly Times, where they will be furnished with writing materials, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

THURSDAY, MARCH 24, 1910.

IMMIGRATION INTO CANADA.

From all accounts the immigration into Canada during the present year seems likely to assume very large proportions. It seems that this will particularly be the case in regard to the influx from the Northwestern States. This immigration is entirely composed of well-to-do farmers, bringing with them considerable money, cattle, horses and other agricultural stock. During last week the horses and cattle imported into Canada at North Portal were greater in number than at any previous similar period in the past. The Census next year should show a wonderful growth both in the population and wealth of the Canadian Northwest. The fact must not be overlooked that this immigration will add very greatly to the productive capacity of that part of the Dominion, since nearly all these newcomers will engage in agricultural pursuits and add many thousands of acres to those now under cultivation.

Prices are Firmer

Messrs. Heron & Co.'s Market Letter on Cobalt.

Messrs. Heron & Co., the Toronto specialists in Cobalt stocks in their weekly market letter say:

On the Toronto Stock Exchange prices ruled strong throughout the week with fairly active trading. The buying has been of excellent character and any number of shares of the leading speculative issues can be sold at prevailing quotations. It is the best opinion that the trend of values in this quarter will continue persistently upward.

Throughout the Cobalt camp a better feeling prevails than has been the case for a year past. The long promised electrical energy is gradually being introduced and with the disappearance of the snow surface work on a large scale will begin. Much more news of a bullish character in the way of new discoveries et cetera, may consequently be expected from now on.

In the meantime the process of discounting the improved conditions is going on in the market, where, however, the operations of professionals again accounted for the greater part of the activity. Prices during the week held fairly good and a larger public interest in the trading is looked for soon.

Catarrh Cannot be Cured.

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in the country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly upon the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

Take Hall's Family Pills for Constipation.

Sold by Druggists, price 75c.

THE INSURGENTS.

When the Premier of the Province of Ontario rises in his might, pounds his fist on the desk and says in thunderous tones that such-and-such shall be and such-and-such shall not, the desk, atmosphere, and the premier's followers are all accustomed to tremble. For five long years they have been practicing self-effacement. It has become second nature for some of them to allow their opinions to evaporate as soon as the fires of their leader are lighted under them. If the prime minister declared that black was white, he has followers who would not only repeat it after him in the most parrot-like fashion, but who would actually believe and argue that it was true.

But Premier Whitney has now gone so far that now there is a nice little insurgent party in the House which still owns him king, but declines to subscribe to the theory that he is king by Divine right. It is made up of members—and the number is constantly increasing—upon whose political toes he has stepped as carelessly as though they were not entitled to that consideration which is surely due to toes which have been maliously used in kicking his enemies, he has gone so far as to question the rights of his followers to have any toes at all.

Just what the last straw was that broke the camel's back, it seems impossible to ascertain, but this session there are unmistakable murmurings. Several bills introduced by his followers have been squelched with scant respect. Retrots from the introducers have been followed by veiled hints in the Conservative press that it is time to cry a halt; and if these hints had seven veils at first, they are now, 8 alome like, being discarded one by one.

The Hamilton Spectator is among the Conservative papers which have been saying things, and it is especially indignant because Sir James not only sat down hard upon the land tax proposals, but delivered himself thus:

ing his family than going around the country searching for a nostrum to cure all the ills of humanity and bring about the welfare of the world

On this the Spectator comments as follows:

This gratuitous insult to gentlemen who with no other object that the public welfare in view, have been instrumental in raising an interest in this matter in nearly three hundred Ontario municipalities may be further evidence of the "ragged honesty" and bluntness of the premier, but it is certainly not the treatment one expects when gentlemen are dealing with gentlemen. Premier Whitney is entitled to his opinions, and his opinions are entitled to respectful consideration. The rest of us too, are entitled to our opinions and they, too, are entitled to respectful consideration.

EDITORIAL NOTES.

en if it may be the enforcement of be muzzled and deserved it more perhaps than the dogs of Ontario. The sullen spirit that moves some of the natives of India needs but little encouragement and the iron hand has not been applied too soon.

PETERBOROUGH BRANCH — George St. G. C. WAINWRIGHT, Mgr.

Construction of the G.T.P. Railway

Since the turning of the first sod on the construction of the Grand Trunk Pacific Railway at Fort William, Ontario, September 11, by the premier, Sir Wilfrid Laurier, the construction work has proceeded steadily to the extent that at the present time, covering a period of four years and a half since the building of this transcontinental Railway was commenced, of the entire main line from Moncton to Prince Rupert, a distance of 3550 miles a total of 3000 miles has been placed under construction on which there has been laid 1795 miles of track, which in some cases is made up of disconnected sections and is therefore not at all continuous. That portion of the line, however, from Winnipeg to Edmonton, 793 miles, has been constructed and in partial operation by the Construction Department for the past 18 months and within the past 90 days the track has been completed continuously from Edmonton westerly to Wolf Creek, 121 miles, thus completing the track laying on that section of the line, designated as the Prairie Section, Winnipeg to Wolf Creek, 915 miles. The track laying was also recently completed from Winnipeg to Fort William, 445 miles, thus making a continuous line from Fort William, via Winnipeg and Edmonton, to Wolf Creek, 1360 miles, which however, cannot be completed for practical operation for some months as considerable work is required to be done on the easterly and westerly ends of the line, to put into a suitable condition for the movement of regular trains. The other portions of the main line on which the rails have been laid are sistuated at different points east and west of the city of Quebec. During the past year contracts have been let for the construction work from Wolf Creek, Alberta, westerly to Tete Jaune Cache in the Rocky Mountains, 179 miles, and there are at present engaged on this section of the line, 1000 teams and a large army of men. Similar forces are also engaged on the construction of the line from Prince Rupert, the terminus of the Pacific Coast, easterly to Aldermere, B.C. 240 miles.

In addition to the mileage referred to above the Provincial governments of Saskatchewan and Alberta passed acts at the sessions of their legislatures in 1909, authorizing guarantees for the construction of branch lines by the Grand Trunk Pacific Railway company in these provinces to the extent of 686 miles, comprising branch lines from the main line of the Grand Trunk Pacific Railway to Yorkton, Regina, Battleford, Calgary, Lethbridge, MacLeod and Coutts, the construction of which are at present under way. At the session of the Saskatchewan legislature in December, 1909, an Act was passed authorizing the guarantee of the construction of additional branch lines by the Grand Trunk Pacific Railway in that Province to the extent of 475 miles compromising lines from Regina south-easterly to the United States boundary line, from the main line of the Grand Trunk Pacific Railway to Prince Alberta and from Regina westerly to Moose Jaw, Calgary, etc., etc., the construction of which will be undertaken during the present year. From the foregoing it will be observed that out of a total mileage of main line and branches of approximately 7000 miles, there have been completed and under construction at the present time, approximately 4600 miles or sixty per centf of the entire mileage authorized in the company's charters.

Nothing is the way of a Cough is quite so annoying as a tickling, teasing, wheezing, bronchial Cough. The quickest relief comes perhaps from a prescription known to Druggists everywhere as Dr. Shoop's Cough Remedy. And besides, it is so thoroughly harmless that mothers give it with perfect safety even to the youngest babes. The tender leaves of a simple mountain shrub, give to Dr. Shoop's Cough Remedy its remarkable curative effect. A few days' test will tell. Sold by all dealers.

Cosgrave's Beer

Words of praise have ever prevailed in advertising "copy." What a producer should wax enthusiastic over his own wares is best known. But it's the praise of the consumer that counts—and it is to a discriminating and critical public that "Cosgrave's" refers you.

It is safe to say that no product of any kind enjoys a more enviable reputation than does this famous Cosgrave Beer of Toronto in markets where it is offered.

Its self-evident honesty of purpose, purity, high flavor, body, and every other attribute that goes to make a perfect beer are ever in evidence.

Cultivate the "Cosgrave Habit"—Watch for the name—ask for any of these brands—Half-and-Half, Pale Ale, XXX Porter.

HOTELS

Montreal's Popular Hotel!

Favorite Stopping Place for the Travelling Public

The Grand Union Hotel is situated at 346-356 Notre-Dame street, west, in the heart of the business section of the city. Electric cars pass the doors to all points of interest, and amusement. Five minutes' walk from C.P.R. and G.T.R. stations. The bus meets all trains to convey guests from, to and from the stations.

During the month of April, last year, this hotel underwent a thorough renovation, which has made it the finest up-to-date commercial hotel in the city for home comfort. The hotel is under the personal supervision of Mr. Murray, who gives his special attention to his guests.

Nice clean, comfortable rooms, and elevator service. American plan. Rates $2.00 per day, and upwards.

F. J. MURRAY,
Proprietor.

HOTEL CARSLAKE, MONTREAL. European plan—opposite Grand Trunk, Geo. Carslake, Proprietor.

Synopsis of Canadian Northwest Land Regulations.

ANY PERSON WHO IS THE sole head of a family, or any male over 18 years old, may homestead land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother, or sister of an intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, solely owned and occupied by him, or his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price $3.00 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price $3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth $300.00.

W. W. CORY,
Deputy of Minister of the Interior.

NOTICE TO CONTRACTORS.

Tenders For Machinery, Belting, Shafting, Cranes, Air Compressors, Etc.

SEALED TENDERS, addressed to the undersigned, and marked on the envelope "Tender for Machines and Tools," "Tender for Leather Belting," etc., etc., as the case may be, will be received at the office of the Commissioners of the Transcontinental Railway, at Ottawa, Ontario, until 12 o'clock noon of the 12th day of April, 1910, for:

(1) Machines and tools;
(2) Leather belting;
(3) Shafting, hangers, steel frame work, etc.;
(4) Miscellaneous equipment, industrial track and lockers;
(5) Motors;
(6) Furnaces and forges;
(7) Cranes;
(8) Air compressors;
(9) Grey iron foundry equipment and brass foundry equipment;

required for the equipment of the locomotive and other shops of the Commissioners of the Transcontinental Railway at Springfield, east of Winnipeg, Manitoba.

Tenders will be received and considered for any or all of the items indicated above and numbered from 1 to 9, both inclusive.

Plans and specifications may be seen in the office of the Chief Engineer of the Commissioners at Ottawa, Mr. Gordon Grant, and in the office of the District Engineer of the Commissioners at St. Boniface, Man. Mr. S. R. Poulin.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied by the Commissioners, which may be had on application to the Chief Engineer at Ottawa, or to the District Engineer at St. Boniface, Man.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada, payable to the order of the Commissioners of the Transcontinental Railway for a sum equal to ten per cent. (10 per cent.) of the amount of the tender.

Any person whose tender is accepted shall within ten days after the acceptance thereof sign the contract, specifications and other documents required to be signed, and in case of refusal or failure on the part of the party whose tender is accepted to complete and execute the contract with the Commissioners, the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure, and all contract rights acquired by the acceptance of the tender shall be forfeited.

The cheques deposited by parties whose tenders are accepted will be deposited to the credit of the Receiver General of Canada as security for the due and faithful performance of the contract according to its terms.

The cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

The right is reserved to reject any or all tenders.

By order,
P. E. RYAN,
Secretary, The Commissioners of The Transcontinental Railway.

Ottawa, 2nd March, 1910.

Newspapers inserting this advertisement without authority from the Commissioners will not be paid for it.

AN INTERESTING LECTURE

By Judge Huycke at the Y.W.C.A. Last Night.

Judge Huycke gave a very interesting and instructive lecture on the "Legend of the Holy Grail," at the Y.W.C.A. last night. The speaker handled his subject in a manner that showed considerable thought and study, and the lecture proved a rare treat to those who heard it. Judge Huycke is a very pleasing speaker, and his lectures are always an intellectual treat. He has consented to give another talk on the same subject in the near future.

Mr. F. Matthews acted as chairman of the meeting and the proceedings opened with a piano solo by Miss Kathleen Burnette, followed by a vocal solo by Miss Kathleen Martyn, which were very much appreciated. At the close of the lecture a hearty vote of thanks was tendered Judge Huycke for his very able lecture.

WOMEN DRINKING MORE.

Lady Somerset, Veteran Temperance Advocate, Says They Are.

London, March 23.—If it is not on the increase, drunkenness amongst women in England is certainly not on the mend, according to Lady Henry Somerset.

Lady Somerset has been working for a quarter of a century for the cause of temperance, and she said the other day at a meeting in Bridgewater House, the London residence of the Countess of Ellesmere, that instead of any diminution of drunkenness among women having taken place during all those years, she said that they were growing.

Guests of Grand Trunk.

His Grace, the Archbishop of Westminster, head of the Roman Catholic Church in Great Britain and suite, have signified their intention of attending the Eucharistic Congres that will be held in Montreal next September. It is probable that his Grace will be accompanied by the Duke of Norfolk, the leading lay head of the Roman Catholic Church in England. While in Canada this distinguished party will visit Ottawa, Toronto, Hamilton, Niagara Falls and other important places. His Grace has accepted the invitation extended by President Chas. M. Hays for himself and suite to be the guests of the Grand Trunk railway on their Canadian tour.

CURZON DECLARES WE PREFER A FIRST CHAMBER.

London, March 17.—Lord Curzon, continuing the debate on the reform of the House of Lords, in the Upper Chamber yesterday, said he hoped the House would commit itself to a serious scheme of reform. The House had justified the hereditary principle. Hereditary peers were entitled to share in the future composition of the House.

"The colonies," he said, "have always looked upon this house as containing a truer perception of imperial and colonial feeling than the House of Commons, as the House

Do you wish to remember a friend at Easter? If so go to Times Bookstore. You will find a good assortment of souvenirs suitable for gifts; also children's notions in toys, games, dolls, all goods at bargain prices in order to reduce stock.

Tell Some Sick One

It Is Free If It Fails.

Will you do an act of Humanity?
Will you tell some sick friend of this, our remarkable offer?

Tell him or her, that you have learned of a medicine so certain that its maker dare say in the plainest English that if it fails to cure, it costs you nothing.

And you, no doubt, already know of Dr. Shoop's Restorative and its popularity.

For 20 years it has been the standard remedy for Stomach, Kidney and Heart ailments everywhere in America.

When the "nerve" or controlling nerves of these vital organs begin to fail, it is Dr. Shoop's Restorative you think quickly of, and rightly so, for it has quickly vitalized, and strengthened, and brought those nerves and organs back to health again.

I do not care what the Stomach, poor adviser the Heart or Kidneys—for that is all wrong.

Dr. Shoop's Restorative goes direct to the citadel of these ailments—the failing, disordered or controlling nerves. And herein lies the keynote to my success.

When those nerves are again made well and strong, then that is the certain end of all such ailments.

To me it is a great satisfaction that I am the only physician able to say to the sufferer this: Take my prescription for full 30 days, and if it fails to help you, the entire expense is mine—not yours.

Then why should the sick take any chance on any other medicine, when maker dare not back it just as I do by this remarkable offer?

I also have a Rheumatic Remedy—and that remedy is approved by the same identical "No help, no pay" proposition plan.

Send but, you are free to consult me free as you would your home physician. My advice and the book below are yours to read without cost.

Perhaps a word or two from me will clear up some serious ailment. I have helped thousands upon thousands by my private prescription or personal advice plan. My best effort is surely worth your simple request.

So let me send you an order at once. Take the message to some sick friend.

A postal will bring the opportunity.

I will have an honest and trustworthy druggist to whom you can conveniently go for the 30 day test.

But first, ask me for the order, for all druggists are not authorized to give the 30 day test. So write me now and save all delays. Be sure that honest, reliable druggist. Address Dr. Shoop, Box 12, Racine, Wis.

Which Book Shall I Send You?

No. 1 On Dyspepsia
No. 2 On the Heart
No. 3 On the Kidneys
No. 4 For Women
No. 5 For Men
No. 6 On Rheumatism

Fortify now against the grip—for it comes every season sure! Preventics—the little Candy Cold Cure Tablets—offer in this respect a most certain and dependable safeguard. Preventics, at the "sneeze stage" will, as well, also surely head off all common colds. But promptness is all important. Keep Preventics in the pocket or purse, for instant use. Box of 48 for 25c. Sold by all dealers.

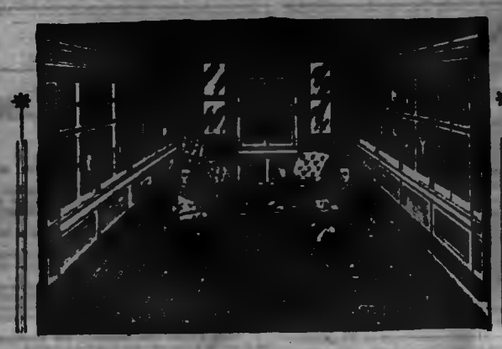
WE REPAIR WEAK MEN



OUR SECRET OF OUR SUCCESS. Every case submitted to us receives the personal attention of our Medical Staff, who consider the symptoms, complications and chronicity, and then decide as to the diagnosis and curability. Specific remedies are then prescribed for the case and are compounded by our own chemist in our own Laboratory. Such appropriate treatment cannot fail to cure, as specific medicines are selected to cure the ailments that trouble you. We have no cure-all medicine like most specialists use who send the same medicines to all patients alike and cure some. We have treated patients throughout Canada for every twenty years and can refer to any bank as to our responsibility.

We Guarantee Cures or No Pay. We Treat all Diseases of Men and Women.

CONSULTATION FREE

BORNE TO THE GRAVE.

The Funeral of the Late Rev. J. G. Stirling.

The services in connection with the burial of the late Rev. J. A. G. Stirling, for some time minister of the Presbyterian church in Havelock, were held in St. Andrew's church yesterday morning at ten o'clock, and were of a very impressive character.

The Presbytery was well represented. The Rev. D. A. McKenzie, B.A., Moderator of Presbytery, officiated, and the following clergy were present: Revs. Messrs. Brown, Thompson, Johnston, McDonald, Pogue, Keith, Marsh and Potter. The elders present were J. R. Graham, J. S. Ferguson, J. C. Shook, Wm. Madill, and J. W. Bennett. The chief mourners were the members of the congregation, a large number of them, both men and women having come up on the morning train. The Rev. Mr. Holdsworth, Anglican clergyman, and Rev. Mr. Balfour, Methodist clergyman, from Havelock, were both in attendance, and took part in the service. An interesting feature of the service was the expression of sympathy and sorrow by Rural Dean Rev. E. A. Langfeldt, Ph.D., on behalf of the clergy of the deanery.

Rev. D. A. Thompson, who was a college mate of the deceased minister, delivered an appropriate address.

The floral tributes marked the esteem of the congregation and Presbytery.

Rev. D. D. McDonald, of Keene, took charge of the service, leaving the church, and the organ pealed forth the strains of "The Dead March in Saul," as the corpse was carried alongs the aisle. The carriages were occupied by members of the Havelock congregation and the clergy of the Presbytery of Peterborough.

At a special meeting of the Presbytery held before the service the Rev. Jas. G. Potter was appointed interim moderator of the Havelock congregation and was requested to conduct memorial services there next Sunday and declare the pulpit vacant.

The congregation will proceed at once to call a successor and the Rev. Mr. Potter will go to Toronto today to make arrangements for carrying out the wish of the Presbytery.

Little Local Lines

We move a vote of confidence in the glorious month of March.

A drunk was taken in yesterday afternoon by P. C. McGinty.

Lindsay is considering the appointment of a trade commissioner.

Several boat owners are getting their launches ready.

To-morrow will be Good Friday. The Times will appear as usual, but will not be issued Saturday.

The Times is in receipt of a letter regarding the danger attending the crowded five cent shows. As no name is signed to it, the letter will not be published.

WANT GOVERNMENT AID.

In the Construction of the Bobraygeon Bridge.

A deputation from counties of Peterborough and Victoria visited Ottawa Tuesday to solicit government contribution to the cost of the new level bridge. The party accompanied by Hon. J. R. Stratton and Col. Sam Hughes, was composed of the warden of Victoria county, Mr. J. R. McNeilhe, clerk and treasurer; Mr. R. J. McLaughlin, county solicitor, and Mr. Frank Moher, warden of Peterborough county.

They were cordially received by the Hon. Mr. Graham, minister of Railways and Canals, who promised to consider the matter.

The grounds upon which the government is asked to contribute a portion of the cost are that the raising of the waters for canal navigation purposes, has increased the length and deepened the necessary fill and consequently increased the cost of the structure.

YOUNG PEOPLE'S BANQUET.

Given By Junior League of George Street Church.

On Tuesday evening the Junior League banquet of the George street Methodist church was held in the school room of the church.

About one hundred young people partook of a dainty supper, which was arranged for them by the Lady superintendents, Miss Bennett and Miss Bradley.

Rev. E. A. Pearson presided and the following program was rendered: Vocal Duet—Misses Deane and Morrow of the Junior League.

Recitation—Master Joe Zepp.

The toast list was as follows:

"Our King and Our City," proposed by L. Pearson and responded to by Maitland Wood.

"Our Church," proposed by Miss S. Sherwin and responded to by Mrs. E. Outram.

"Our League," proposed by W. Hamilton and responded to by M. Carlisle.

"The Ladies," proposed by B. Hamilton, and responded to by H. Hill.

An addtess was given by Mr. S. R. Armstrong, Sabbath school superintendent, and the entertainment was closed by the singing of the doxology.

We offer 1000 shares for subscription at par, $10.00. The right of allotment is reserved.

The Canadian Poultry Farm Stock Co. Ltd.

(Charter Applied For).

CAPITAL $40,000.00

Divided into 4000 shares at $10.00 each, same being Common Stock.

Head Office and Farm—MONTREAL, QUE.

Incorporators: C. J. BELL, Manager. LOUIS P. RENE, A. W. SAGER

Room 53, Royal Trust Building.

The object of this Company is to operate a Poultry Stock Farm and to supply eggs, fowls, etc., etc., to the Montreal market. At the present time there is no such business being carried on in this part of the country, although in Western Canada and the United States many similar farms are being conducted with great success, and each and every one shows a handsome profit on the capital invested. By being the first to operate such a business in this part of Canada, where the output could be sold many times over, and with competent men to manage the farm, the success of the business is assured.

It is hoped to have the farm inoperation about the first of April, and we will gradually increase so as to meet the demand of the trade. The shareholders will have first option upon the output, which it is intended to deliver daily.

It is worthy of note that the freight charges paid to the different railway companies for transporting eggs, poultry, etc., into Montreal amount to thousands of dollars per year, said eggs, poultry, etc., being shipped from all parts of Ontario and Quebec, together with shipments from other provinces, all to be consumed in the City of Montreal, and in nearly every case these shipments are controlled by the Wholesale Produce Merchants, and re-sold to Retail Dealers, then sold by the latter to the consumers; therefore, it is easily perceived that in this way four profits must be divided from the price the farmer sells at to the price the consumer pays for the above-mentioned articles.

At the present moment fresh eggs are very scarce; so-called fresh eggs are being sold to the consumer at from 30 cents to 63 cents per dozen. We do not expect to be able to overcome this great problem, but we do expect to be in a position to furnish the Shareholders in this Company and other Retail Dealers with fresh eggs daily. Taking into consideration the number of eggs that are consumed in Montreal every day, the placing of the output is a foregone conclusion.

In P. E. I. the average profit per hen for eggs a year is $2.00; in York Co., Ont., $2.75; in New Jersey, $6.00. It is expected that the average profit in Montreal will be $3.00.

It is understood we are to start this business in the right way. In the first place, only first-class fowl, such as hens, turkeys, geese, ducks, etc., will be purchased, and by purchasing a farm within the suburbs we will in a few years save the entire price paid for same by the saving of the enormous freight charges on eggs, etc., from an outside point.

ESTIMATE OF EXPENDITURES.

Farm property	$10,000 00
Hens, Turkeys, Geese and Ducks, etc. including feed, and grain for same	5,000 00
Incubators and Implements, etc.	3,000 00
Building, Outhouses, etc.	5,000 00
Unforeseen expenses	2,000 00
Total expenditure	$25,000 00

EXPENSES FOR ONE YEAR.

Manager's salary	$2,000 00
Wages for labor	2,000 00
Sundries, etc.	1,000 00
	$ 5,000 00
Reserve	$10,000 00

ESTIMATED PROFITS FOR FIRST YEAR.

2000 hens to commence will yield in eggs an average of $3.00 each	$6,000 00
Adding to our flock of egg producers within six months 10,000 hens, which will average profit by April, 1911, $1.50 each	15,000 00
Poultry for the market; 2,000 dozen of eggs will raise by incubators 18,000 chickens, which can be ready for the market in from seven to twelve weeks; sale price will easily average $1.10 per pair (this can be repeated during the year)	9,900 00
Turkeys, rough estimate	2,100 00
Ducks	3,000 00
Geese, etc.	4,000 00
Representing dollar for dollar profits	$40,000 00
Our debt for the second year will be reduced some	$20,000 00
Our profit for the second year will increase considerably.	
Rough estimate	15,000 00

COMPLETE THE FOLLOWING AND RETURN.

Montreal, Que. 1910

To Subscribers:

The question has arisen that investors ask for assurances as to my ability and integrity. I beg to say I hold some of the highest recommendations in Canada as to my ability and character, among them is the Right Hon. Sir Wilfrid Laurier's best consideration. I can assure the subscribers of this Company that I will guarantee a dividend exceeding that of any other mercantile company in Canada. I will be satisfied with nothing but the best experienced help available.

C. J. BELL.

C. L. T. FISHER, Pres. F. R. HARRIS, Vice-Pres W. L. GRISSOM, Sec.-Treas.

National Mining & Tunnel Company

WHERE OUR MINES ARE

Our mines are in the greatest camp in America, Leadville, Col. Leadville has been producing gold, silver and lead for forty-nine years. Cripple Creek, famous on two continents, has produced but $90,000,000. Leadville has produced $25,000,000. Our mines are located on the most productive part of Sugar Loaf. John W. McMahon, Clerk and Recorder of the county, in a personal letter, says: "This mountain is known to contain the richest mineral belt in this rich county."

WHAT WE HAVE

Our properties consist of the following: 12 proven mines, 140 acres; contiguous to these, valuable mining properties, 61 acres; timber claims containing timbers for many years, 80 acres; the copper-gold ledge on the crest of the mountain, 145 acres, total 400 acres. The mountain is four miles long, two miles wide and eighteen hundred feet high. It has produced to an average depth of but 150 feet, where the copper acid waters prevented further operations by shaft, $12,000,000.

CONDITIONS FAVORABLE TO SUCCESS

We are driving a big tunnel in from the foot of the mountain, at right angles to these veins, and will drain out the acid waters, and have the vast ore body above us of easy access. Our mines, which have produced over $2,000,000, occupy a central position among these mines, an evidence that we shall cut through the heart of the mountain's rich known ore system, and affording a strategical position relative to other properties. On the right and left are mines which have produced millions, whose ores must come out through our big tunnel, and which must pay us satisfactory royalties.

Operation of our tunnel and mines by electric power. We are driving our tunnel by 75 h.p. electric motor, equipped with an air compressor for driving drills, trolley for operating cars, etc. Within six months we should reach our first proven mines, and should cut through the second and third, and become a large producer before the year closes.

Transportation by rail to the largest custom smelter in the world, four miles away.

Low freight rate, 30c per ton.

An insatiable market for our ore, and settlement the first of every month.

Large ore values, and low cost of production. Ores run 50 to 150 per ton by the car load. The total cost of production is about $8.00. The majority of the stock is pooled for ten years, and cannot be sold. Capitalists cannot get hold of the stock, and freeze anybody out.

The Directors are men of high personal and financial standing. The business will be managed ably and honestly, and every one will share alike in proportion to his stock.

Easter at St. John's.

On Easter Sunday morning Holy Communion will be celebrated at 7 and 8 a.m., and at noon. Morning prayer will be held at 11 a.m., and a festival service at 7 p.m. This will be the 75th Easter celebrated in Peterborough's historic church.

Nothing in the way of a cough is quite so annoying as a tickling, teasing, wheezing, bronchial cough. The quickest relief comes perhaps from a prescription known to Druggists everywhere as Dr. Shoop's Cough Remedy. And besides it is so thoroughly harmless that mothers give it with perfect safety even to the youngest babes. The tender leaves of a simple mountain shrub give to Dr. Shoop's Cough Remedy its remarkable curative effect. A few days' test will tell. Sold by all dealers.

Map of Victoria County.

There is being issued by The Times a handsome wall map of the County of Victoria. Work on this map was begun three years ago, but was delayed for various causes. The map will probably be ready for delivery in the course of six or eight weeks. Mr. James Dickson, P.L.S., Fenelon Falls, is editing the map.

Good Friday Services.

Services will be held in all the Anglican and Roman Catholic churches tomorrow morning.

At St. John's, in addition to the morning service at 11, "The Crucifixion," will be rendered by the well-trained choir at eight o'clock in the evening.

SOCIETY

Mr. R. R. Hall left yesterday for New York.

Hon. J. R. and Mrs. Stratton are spending Easter in New York.

Mr. Geo. B. Hilliard, Lakefield, was in the city yesterday and paid The Times a friendly visit.

Miss Beriot, of Toronto, has accepted a position with Miss E. M. Allan, 372 George street.

Mr. R. H. Norman, M.P.P., and Mrs. Norman, of Picton, are staying at the Hotel National for a couple of weeks.

Miss Olive Gooding and Miss Jessie Spence returned from Bishop Bethune College, Oshawa, to spend Easter holidays at "Strathormond."

Dr. Buchanan left yesterday for Berlin to be married at the home of Dr. Housberger to Miss McGarvey. They will be absent in New York for two weeks.

Mr. Herbert Booth, who lectured in St. Paul's last night, is the guest of Mr. and Mrs. R. R. Hall, McDonnell street.

Port Hope Guide: Rev. G. W. Henderson, of Peterborough, had a chance to shake hands with a few friends in Port Hope on Saturday between trains.

The engagement is announced of Mr. Wilfrid James Skippen, of the Royal Canadian Horse Artillery, of Kingston, to Miss Maud Elliott Hall daughter of Mr. Thomas S. Hall, of Peterborough.

Some people, unknowingly
Use up more energy
Digesting heavy foods
Taken in excess, than they exert
In doing their regular work,
Why not economize energy?
It means the capacity
To accomplish more,
And that means more money.
Change off from a heavy
Meat and pan-cake breakfast to
Some Grape-Nuts and cream,
A soft-boiled egg or two.
Some nice, crisp toast,
A cup of well-made Postum.
See how you get through
The morning's work and have
A lot of energy left over—
Which is a pleasure of itself.
Grape-Nuts contains
All the food elements
From Wheat and barley
For "economizing" energy.
"The Road to Wellville," in pkgs
Is worth reading.

"THERE'S A REASON."

TENDERS FOR DREDGING.

SEALED TENDERS addressed to the undersigned and endorsed "Tender for Dredging" will be received until Tuesday, April 12th, 1910, at 5 p.m., for dredging required at the following places in the Province of Ontario:

Byng Inlet, Cobourg, Goderich, (Kincardine, Lion's Head and Port Elgin.) Owen Sound, Picnic Island, Port Burwell, (Port Hope and Whitby). Rainy River, River Thames, Rondeau, Sault Ste. Marie.

Tenders will not be considered unless made on the form supplied, and signed with the actual signatures of tenderers.

Combined specification and form of tender can be obtained on application to the secretary, Department of Public Works, Ottawa. Tenders must include the towing of the plant to and from the works. Only dredges can be employed which are registered in Canada at the time of the filing of tenders. Contractors must be ready to begin work within thirty days after the date they have been notified of the acceptance of their tender.

An accepted cheque on a chartered bank, payable to the order of the Honorable the Minister of Public Works, for six thousand dollars ($6,000.00) must accompany the tender. The cheque will be returned in case of non-acceptance of tender.

The Department does not bind itself to accept the lowest or any tender.

By order,

NAPOLEON TESSIER,
Secretary.

Department of Public Works,
Ottawa, March 21, 1910.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.

The midsummer promotions will be based on the combined results of the December, June and March examinations.

The results of the Easter examinations held in the Upper and Middle schools will be published early next term.

MANY CANADIANS WORK IN CHINA

SCORES OF MISSIONARIES ALLOTED TO STATIONS.

Rioter Now a Preacher—Man Who Helped to Destroy Mission Property Becomes Christian Evangelist.

Chintu, China, Feb. 5.—The annual council of the Canadian Methodist Mission in the Province of Sz-Chuan, West China, which stations the various missionaries, opened here this week.

The most important business to come before the council was the manning of the territory taken over from the London Missionary Society This society had assumed responsibility for evangelizing a section of the Province of Sz-Chuan with a population of six or seven million people. Owing to the urgent needs of other older mission fields occupied by the London Missionary Society, this particular section had been neglected, and realizing that their rather nominal occupation of this large territory might be but a hindrance to the spread of the gospel, they requested the Methodist Church in Canada to take over the field and man it with a *force of missionaries*, commensurate with its great need.

MEN ON NEW FIELD.

This was agreed to recently at the General Missior Board meeting at Ottawa, and the Mission Council on the field has now made the appointments to the new territory work at present being centered at Chungking.

SEVEN YEARS FOR THIS BIGAMIST

ENGLISHMAN DESERTED FIRST WIFE GETS HEAVY SENTENCE.

A Heartless Scoundrel—Magistrate Cut His Whining Short— Man Sobbed Like a Baby.

Hamilton, March 24.—William S. Nash, the bigamist arrested here last night by Provincial Detective Miller, received the limit of the law—seven years in Kingston Penitentiary—when he appeared before Magistrate Jelfs today. After admitting his guilt Nash began to whine excuses. "Your act was that of a heartless scoundrel," said the magistrate cutting him short. "You married a girl who was the playmate of your youth, and before she was delivered of her first-born child you deliberately deserted her, caring not what became of her. Then you came to this country and lured another poor girl on, probably ruining her life. I will give you the limit of the law—seven years in Kingston."

Nash sobbed liked a baby as he was led away. He married Martha Lindsay in London in 1902. In Montreal he met Clara Brown, another English girl, and brought her to Dundas, where he married her. Last November when she saw letters from the woman in England signed, "your affectionate wife," she wrote there for information which confirmed her suspicions, although Nash had told her the London woman was his sister, who was playing a joke on him. He formerly resided in Toronto.

There'll be No Tariff War with the U. S.

President Taft will Decide Not to Apply the Maximum—Will Give His Personal Pledge to Secure Tariff Reductions for Canada

Washington, D.C., March 24. — There will be no tariff war. Within the next few days President Taft will declare the minimum rates on Canadian goods crossing the boundary.

Your correspondent is able to make these statements with complete confidence. President Taft arrived at Washington yesterday from his Chicago-Rochester-Albany-New York trip At 6 o'clock in the afternoon it was given to understand, from reliable sources, that the president expected no further delay in the satisfactory arrangement of Canadian tariff relations. Late last night came a wire from Ottawa saying that Hon. Mr. Fielding, the minister of finance, would set out for Washington today, Thursday. These circumstances, combined with the fact that a delegation of American lumbermen, protesting against the application of the American maximum on Canadian goods, were rather peremptorily told not to bother, President Taft with their troubles, warrant your correspondent in making the above statements unhesitatingly.

TAFT'S OFFER APPROVED.

Hon. Mr. Fielding has advised our government of President Taft's attitude. Ottawa has probably looked upon it with a favorable eye. President Taft evidently received word of this today, together with the announcement that our minister of finance would come to Washington to conclude the details of the understanding. It is probable that the Great Seal of the American Republic will be glued upon the president's proclamation of the minimum tariff within a very few days.

Nothing more is known here as to the nature of the agreement which Taft and Fielding discussed at Albany, than was given in the despatch of last Monday. Canada is to probably cede the intermediate tariff on a list of articles which are not yet products of Canadian industry.

ONLY A PERSONAL PLEDGE?

These concessions will then be enough to allow President Taft to agree with Canada's contention that she makes no "undue discrimination" against the United States. In return for this President Taft will probably make some sort of personal pledge to promote a new arrangement of limited reciprocity between the two nations.

This "limited reciprocity" surmise is causing "talk" down here. Americans are sitting up and "figgering." We may come to a temporary arrangements, matters may be patched up, but Americans are going to look at anything approaching reciprocity with great care, not to say suspicion.

Chamberlain's Stomach and Liver Tablets invariably bring relief to women suffering from chronic constipation, headache, biliousness, dizziness, sallowness of the skin and dyspepsia. Sold by all dealers.

Ghastly Showing in Violent Crime

Wilmington, Del., March 24.—Never before yesterday have the crime annals of Wilmington made such a ghastly showing. Three murders, violent shooting assaults that may result in three more deaths, a halt dozen persons slightly wounded and two suicides comprise the record.

The most sensational occurrence was the tragedy on the Baltimore and Ohio express train, which starting when the train had just passed Newark, 12 miles below Wilmington, continued until its arrival at the Delaware avenue station in this city and culminated in the tragic death of J. H. Bethea, of Dillon, S.C., the double murderer, after he had held a crowd of more than a thousand persons and nearly all of the police force at bay for more than an hour.

It is not yet known to a certainty who fired the shot which ended the life of Bethea and probably never will be. He was riddled with shot and was punctured by a bullet which entered his body immediately under the left arm and passed close to the heart.

The only person, save Bethea, the murderer of Conductor O. E. Wellman and of Samuel Williams, porter of the train on which the tragedy started, to be wounded beyond a slight extent was Park Guard John L. Wiley of this city, who was struck twice by Bethea's quick fire, one bullet penetrating his left hand and the other striking him in the left groin. The latter wound may prove serious.

Do you know that croup can be prevented. Give Chamberlain's Cough Remedy as soon as the child becomes hoarse, or even after the croupy cough appears and it will prevent the attack. It is also a certain cure for croup and has never been known to fail. Sold by all dealers.

The Kashabowie Pair are behind the Bars

Toronto, March 24.—Josef Campeau and Marie Sweet have come to the end of their rope. The famous "Kashabowie pair" have been run to earth by J. A. Cooper, Provincial constable of Fort William, after a chase that will live long in the annals of the northland.

For a long time the man and woman kept a little log shanty well hidden in the heavy underbrush in the wild lands north of Lake Kashabowie. They made their money, a lot of it, from the sale of whiskey to the lumberjacks and mining men, to whom they were well known. Time after time Provincial officers swooped down on the pair, but always they saw them coming, or fled, destroying all evidence before they went.

Finally the order went forth to get them, and Cooper slid quietly into the woods. Camping in a neck of land which jutted out into the lake, he waited for days, watching the shanty. Then he made his rush. Marie Sweet was sick in bed, Campeau had fled, carrying with him his stock of liquor on a dog sled. Cooper left the shanty and set out, following the trail through the snow. Twice Campeau lightened his load, and day after day Cooper drew nearer. Tents and cooking utensils fell into the officer's hands; he was only a few hours behind when the trail was lost. He stayed in the neighborhood though, and finally ran into his man after days spent in the woods behind Fort William.

It is six weeks since Cooper got his orders from headquarters, and he has passed nearly every night in his sleeping bag in the open. The Kashabowie pair are behind the bars at last.

Are you frequently hoarse? Do you have that annoying tickling in your throat? Does your cough annoy you at night, and do you raise mucus in the morning? Do you want relief? If so, take Chamberlain's Cough Remedy and you will be pleased. Sold by all dealers.

Mr. Roland Johnston of Lakefield, was in the city yesterday.

Edison Predicts Good Outlook for Labor

WHAT EDISON PREDICTS.
Domination of labor.
Cheapening of commodities.
Laborers living as well as men who now have $200,000 income.

THINGS HE DEPRECATES.
The monorail.
Narrowness of railroad tracks.
Chemical food.
Makeup of society.
Whiskey.

PROBLEMS TO BE OVERCOME
Waste of fuel.
Friction.

Thomas A. Edison, looking into the future, thinks the prospect of the laboring man is a particularly bright one.

"In 200 years by the cheapening of commodities, the ordinary laborer will
will live as well as a man does now with $200,000 annual income. Automatic machinery and scientific agriculture will bring about this result." Mr. Edison says in the current issue of the Independent. "Not individualism but social labor will dominate the future; you can't have individual machines and every man working by himself. Industry will constantly become more social and interdependent. There will be no manual labor in the factories of the future. The men in them will be merely superintendents, watching the machinery to see that it works right.

EIGHT HOURS BRAIN WORK.

"The work day, I believe will be eight hours. Every man needs that much work to keep him out of mischief and to keep him happy. But it will be work with the brain, something that men will be interested in, and done in wholesome, pleasant surroundings. Less and less man will be used as an engine, or as a horse, and his brain will be employed to benefit himself and his fellows.

"The clothes of the future will be so cheap that every young woman will be able to follow the fashions promptly, and there will be plenty of fashions.

"Communication with other worlds has been suggested. I think we had better stick to this world and find out something about it before we call up our neighbors. They might make us ashamed of ourselves.

"The monorail does not appeal to me. It is a fundamental mistake that our railroads were built on a four-foot nine inch guage instead of a six-foot guage, which we will probably have to come to yet.

AEROPLANE OF THE FUTURE.

"The aeroplane of the future will, I think, have to be on the helicopter principle. A successful air machine must be able to defy the winds. If Wright's aeroplane had 1-20 of its surface, the wind would not affect it. The helicopter principle is the only way to rise above atmospheric conditions. By increasing the velocity of propeller revolutions the aim of the machine can be diminished and there by we vanquish the hostility of the wind. A helicopter could have foot-size planes distributed on 100 to 150 foot circle and controlled from the center by wires.

"Society will have to stop this whiskey business, which is like throwing sand in the bearings of a steam engine.

"Among the many problems which await solution in the future one of the most important is to get the full value out of fuel. The wastefulness of our present methods of combustion is tremendous.

"There is not as much power in a ton of 40 per cent. dynamite as there is in a ton of coal.

"Everything in nature would burn up. It were not for the fact that nearly everything except coal is already burned up. Iron would burn and make a good fuel—if in a fine powder—but it has already been consumed in nature's furnace.

"To get rid of friction in our machines is one of the future problems. The only machine without friction that we know is the world, and it moves in the resistless ether."

Have you a pain—of any kind, anywhere? Stop just a minute and think. It matters not whether it be womanly pains, head pains, or any kind of a pain, one of Dr. Shoop's Little Pink Pain Tablets will surely stop it in 20 minutes. Formula plainly printed on the 25c. box. Sold by all dealers.

CANADA WILLING TO COMPROMISE

SECRETARY KNOX'S ASSURANCE A HOPEFUL SIGN.

Still Great Pressure—Not Thought That Canada Will Jeopardize Trade Between Two Countries Unnecessarily.

Washington, March 24.—"The fact that Secretary Knox has said that there would be no tariff war between this country and Canada is the best ground for believing that negotiations, which are pending for settlement of the dispute will be successful," said Chairman Emery of the Tariff Board this morning. "The delegation of grain dealers and lumbermen, which called on Secretary Knox yesterday, are intensely interested in the subject and great pressure, I am sure, will be brought by President Taft and Mr. Knox to end the controversy satisfactorily."

Mr. Emory does not believe that Canadian officials will jeopardize trade between the two countries unnecessarily. Their willingness to compromise the matter is evident, he asserted. The tariff commission has not yet received a summons from President Taft to discuss the situation further, and for this reason the opinion prevails here that he is fully aware of the plans, which are to be perfected to bring about an amicable tariff arrangement between the two countries which will be satisfactory to Canada and the United States.

It is believed that when Ambassador Bryce called at the White House today to arrange for Sir Ernest Shackleton's presentation on Saturday to President Taft that he discussed at length with the president the tariff situation. He was with the president half an hour. When leaving he refused to say anything about the conference.

MEN WHO USE ZAM-BUK.

How It Saves Them Money.

Look at the financial side of Zam-Buk's use. A cut sustained in the workshop, a sore which is unattended, results say in festering or blood-poisoning. You have to lay off for a day or two. What does that mean when pay day comes round? Zam-Buk insures you against that loss! A little Zam-Buk applied to such an injury at the time, or as soon afterwards as possible, prevents all danger of blood-poisoning, takes out the smarting and starts up healing.

Heads of families know how costly doctoring is. Be wise and act on the preventive line. A box of Zam-Buk in the home is so all-round useful. The baby's rashes, the older children's cuts and bruises, the inevitable burn, cut, or scald—for all these, as well as for more serious ailments, such as piles, ulcers, eczema, ringworm, etc., Zam-Buk is without a rival.

Dangers of Shaving.—You get a cut at the barber's shop. A little Zam-Buk smeared on the wound prevents all danger. If any ailment has been contracted, Zam-Buk cures. Mr. Geo. Hobden, 108 Manitoba St., St. Thomas, Ontario, says: "I contracted barber's rash, and the whole of my left cheek broke out in one mass of red, watery pimples and sores. These spread to the other parts of my face, until face and neck were covered with running sores. How far the disease would have spread had it not been for Zam-Buk, I don't know. I applied this balm, and in a short time Zam-Buk effected a complete cure."

The Sportsman knows that Zam-Buk is used by all the "cracks" because it is the best liniment and embrocation. Men like Longboat, Sherring of Hamilton, Kelley, of the Toronto ball team, all the famous lacrosse teams and ball teams use Zam-Buk in this connection.

All druggists and stores sell at 50c box, or post free from Zam Buk Co., Toronto, for price. You are warned against harmful imitations.

THE WEATHER.

Northerly winds; warm day, turn to local showers.

Junk Wanted

All kinds of junk wanted for which good prices will be paid. Telephone No. 944 or drop a card and a rig will be sent to any part of the city.

D. FLORENCE & SON,
267 Simcoe St., Peterborough.

WESTERN CANADA OFFERS CHANCES

OTHER PARTS CAN HARDLY COMPETE SECURING SETTLERS.

Should Have Agent There— South Australian Government Advised to Station One in West.

London, March 24.—The Newfoundland Oilyelds has been formed with a capital of £200,000.

At a meeting of the Canada Company, the chairman, J. C. Weid, respecting immigration, said the governments of Ontario, Quebec, Nova Scotia and New Brunswick seemed lethargic compared with the Western Provinces. The company could not compete with the advantages offered further West, but hoped to get valuable considerations in regard to the outburste of natural gas which interfered with oil operations.

Kyffin Thomas, reporting to the South Australian Government on the fruit trade and other questions, advises the appointment of a trade representative in Western Canada, with the object of developing such trade. He was much impressed with the possibilities.

CHINESE MAY CROWD BRITISH

ASSERTING SUZERAINTY OVER NEPAL AND BHUTAN.

Clashes Not Unlikely—Armed Traders Turned Back By Natives — Matter Comes to an Issue.

Calcutta, March 24.—News today from the British Protectorates of Nepal and Bhutan, which adjoin Thibet, indicate that Chinese aggression there, following the Chinese occupancy of Thibet, is becoming so serious as to surely call for British interference unless checked.

Nepal and Bhutan are states which from their early show of friendliness to British rule in India, have been permitted to remain nominally independent, though under British suzerainty. Over Nepal, however, China has always claimed suzerainty. The Chinese never having had access to it in the past, the dispute seemed unimportant.

The Nepalese Government sent an embassy to Pekin at stated intervals and the Chinese pretended to consider this an acknowledgement of subserviency, while the Nepalese insisted on regarding it as merely a compliment to China.

Now that China is established in Thibet, notice has been received here demanding a more specific admission that the State is a Chinese dependency, and are arranging for the maintenance of a Chinese representative at the Nepalese court to see that Nepalese affairs are conducted according to Chinese wishes. Today's despatches indicate that clashes are imminent, in which event England would be forced to act decisively.

ADVERTISE IN THE TIMES.

Two Hundred Homes were Burned Down

Mount Hope, W. Va., March 24. — Two hundred families are deprived of homes and shelter today by a fire which swept practically the whole town. Over 300 homes and buildings were destroyed at a loss of $200,000, and practically everyone of the 1,500 residents of the village sustained a loss of some kind.

Of the 200 families who were rendered homeless practically everything that they owned in the world was destroyed. But four houses remain intact.

So destitute are these families that an appeal has been made to the government for aid, and a detail of the National Guard has been ordered here, together with tents, provisions, and supplies.

BLOOD DISEASES CURED

Drs. K. & K. Established 20 Years

NO NAMES USED WITHOUT WRITTEN CONSENT

He was surprised at how the sores healed—"I took your New Method Treatment for a serious blood disease from which I had been suffering for twelve years. I had consulted several physicians, taken all kinds of blood medicines, visited Hot Springs and other mineral water resorts, but only got temporary relief. They would help me for a time, but after discontinuing the medicines the symptoms would break out again—running sores, blotches, rheumatic pains, hollowness of the hair, swellings of the glands, pulses of the hands scaling, itchiness of the skin, dyspeptic stomach, etc. I had given up in despair when a friend advised me to consult you, as you had cured him of a similar disease 8 years ago. I had no hope, but took his advice. In three weeks' time the sores commenced to heal up and I became encouraged. I continued the New Method Treatment for four months and at the end of that time every symptom had disappeared. I was cured 7 years ago and no signs of any disease since. My boy, three years old, is sound and healthy. I cheerfully can recommend your treatment with all my heart. You can refer any person to me privately, but you can use this testimonial as you wish.
W. H. S.

We treat NERVOUS DEBILITY, VARICOSE VEINS, VITAL WEAKNESS, BLOOD, SKIN and SECRET Diseases, URINARY, BLADDER and KIDNEY complaints of Men and Women.

READER Are you a victim? Have you lost hope? Are you intending to marry? Has your blood been diseased? Have you any weakness? Our New Method Treatment will cure you. What it has done for others it will do for you. Consultation free. No matter who has tried in vain for an honest opinion Free of Charge. Charges reasonable. Books Free—(Illustrated) on diseases of Men.

NO NAMES USED WITHOUT WRITTEN CONSENT. Everything confidential. Question list and cost of Home Treatment FREE.

ROYAL BAKING POWDER
The only baking powder made from Royal Grape Cream of Tartar
No Alum—No Lime Phosphates

LAME BACK.

How the Sort of Thing That Proves to the World That the Best Liniment Ever Made is

NERVILINE.

When it comes to determining the real merit of a medicine, no weight of evidence is more convincing than the straightforward statement of some reliable and well-known person that has been cured. For this reason we print the verbatim statement of Juan Ef Powell, written from his home in Carleton. "I am a strong, powerful man, six feet tall, and weigh nearly two hundred. I have been accustomed all my LETTER life to lift great weight, but one day I overdid NO. it, and wrenched my back badly. Every tendon and 4709 muscle was sore. To stoop or bend was agony. I had a whole bottle of Nerviline rubbed on in one day, and by night I was well again. I know of no liniment possessing one-half the penetration and pain subduing properties of Nerviline. I urge its use strongly as an invaluable liniment and household cure for all minor ailments, such as strains, sprains, swellings, neuralgia, sciatica, lumbago, rheumatism, and muscular pain.

No better medicine for curing pain was ever put into a bottle than Nerviline—over one million bottles used every year—better try it yourself. 25c. of five for $1.00. At all dealers or The Catarrhozone Company, Kingston, Ont.

THE MORNING TIMES

The only morning daily newspaper published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $3 per year, strictly in advance.

CANADA'S FREEDOM.

Two conflicting reports have emanated from the Albany conference. One is to the effect that the United States tariff reductions upon about thirty articles, including iron, steel, coal, carriages and agricultural implements. The other statement is that the Dominion will lower its duties upon ten or twelve items, such as cotton seed oil, silks, watch springs, cement and semi-tropical fruits.

The two proposals are wide apart. The first-named suggestion threatens a number of important Canadian industries. The second mostly affects articles little produced in this country. The adoption of either would lighten the taxation of some classes of consumers, but there probably would result a corresponding decline in the national revenue.

But, after all, these are the mere details of a vital and far-reaching question. A great principal was at stake in the Albany conference. The issue lies in the hands of the Ottawa ministry. If Mr. Fielding and his colleagues look to the country's interests and their own political welfare they will enter into no compromising bargain with the United States. They will not bind the Dominion to the fiscal wheels of a foreign nation. Our trade relations may be capable of improvement, but on no account must the financial freedom of a sovereign people be sacrificed or any engagement entered into which would prevent the consummation of a complete system of inter-imperial preferences. We must remain absolutely unhampered our right to treat the other parts of the Empire more favorably than outsiders.

In any event Ottawa should make no concessions on the strength of mere promises that Congress may be prevailed upon to return the compliment. The United States Senate has often failed to implement the Washington Executive's agreements with other nations. It might follow a similar course in this instance, and then we should be in the unenviable position of having given something for nothing.

A Kansas City negro has been sentenced to 99 years in the penitentiary. It is not known what he plans to do after his sentence expires.

Construction of the G.T.P. Railway

Since the turning of the first sod on the construction of the Grand Trunk Pacific Railway at Fort William, Ontario, September 11, by the premier, Sir Wilfrid Laurier, the construction work has proceeded steadily to the extent that at the present time, covering a period of four years and a half since the building of this transcontinental Railway was commenced, of the entire main line from Moncton to Prince Rupert, a distance of 3556 miles a total of 3000 miles has been placed under construction on which there has been laid 1795 miles of track, which in some cases is made up of disconnected sections and is therefore not at all continuous. That portion of the line, however, from Winnipeg to Edmonton, 793 miles, has been constructed and is partial operation by the Construction Department for the past 18 months and within the past 90 days the track has been completed continuously from Edmonton westerly to Wolf Creek, 121 miles, thus completing the track laying on that section of the line, designated as the Prairie Section, Winnipeg to Wolf Creek, 915 miles. The track laying was also recently completed from Winnipeg to Fort William, 443 miles, thus making a continuous line from Fort William, via Winnipeg and Edmonton, to Wolf Creek, 1300 miles, which however, cannot be completed for practical operation for some months as considerable work is required to be done on the easterly and westerly ends of the line, to put into a suitable condition for the movement of regular trains. The other portions of the main line on which the rails have been laid are situated at different points east and west of the city of Quebec. During the past year contracts have been let for the construction work from Wolf Creek, Alberta, westerly to Tete Jaune Cache in the Rocky Mountains, 179 miles, and there are at present engaged on this section of the line, 1000 teams and a large army of men. Similar forces are also engaged on the construction of the line from Prince Rupert, the terminus of the Pacific Coast, easterly to Aldermere, B.C. 240 miles.

In addition to the mileage referred to above the Provincial governments of Saskatchewan and Alberta passed acts at the sessions of their legislatures in 1909, authorizing guarantees for the construction of branch lines by the Grand Trunk Pacific Railway company in these provinces to the extent of 686 miles, comprising branch lines from the main line of the Grand Trunk Pacific Railway to Yorkton, Regina, Battleford, Calgary, Lethbridge, MacLeod and Coutts, the construction of which are at present under way. At the session of the Saskatchewan legislature in December, 1909, an Act was passed authorizing the guarantee of the construction of additional branch lines by the Grand Trunk Pacific Railway in that Province to the extent of 475 miles compromising lines from Regina south-easterly to the United States boundary line, from the main line of the Grand Trunk Pacific Railway to Prince Alberta and from Regina westerly to Moose Jaw, Calgary, etc., etc., the construction of which will be undertaken during the present year. From the foregoing it will be observed that out of a total mileage of main line and branches of approximately 7000 miles, there have been completed and under construction at the present time, approximately 4800 miles or sixty per centf of the entire mileage authorized in the company's charters.

Nothing in the way of a Cough is quite so annoying as a tickling, teasing, wheezing, bronchial Cough. The quickest relief comes perhaps from a prescription known to Druggists everywhere as Dr. Shoop's Cough Remedy! And besides, it is so thoroughly harmless that mothers give it with perfect safety even to the youngest babes. The tender leaves of a simple mountain shrub, give to Dr. Shoop's Cough Remedy its remarkable curative effect. A few days' test will tell. Sold by all dealers.

THRILLING— STARTLING —DRAMATIC.

The biggest mystery story ever written from the pen of Louis Joseph Vance. It is entitled "The Brass Bowl," and it has had the attention of novel readers in Europe and America for the past year. So great has the fame of this book become that the New York Sunday World has secured it for its fiction corner. It will begin April 3 and be complete in five booklets of 20,000 words each. Get the first instalment. It is a hummer.

By-Law No.....

A By-law to provide for borrowing the sum of $70,000 to pay for the erection and equipment of a Power House at the Waterworks Dam.

Passed the.....day of .....
.....1910.

WHEREAS the Peterborough Water Commissioners have for the purpose of the Municipal Waterworks constructed a concrete dam across the River Otonabee and being advised that more power could be developed at said dam than is at present required for waterworks purposes, have provided additional sluice ways in the same which can be used for the generation and transmission of electric energy and it is desirable that said unused power shall be developed and used and for that purpose it will be necessary to construct a power house and equip the same with the necessary machinery, plant and appliances for the generation and transmission of electric energy and it is estimated that the cost thereof will amount to the sum of $70,000, which is the amount of the debt intended to be created by this by-law.

AND WHEREAS in order to raise the said sum of $70,000, it will be necessary to issue the debentures of the Corporation of the City of Peterborough for the said amount, such debentures to be a special charge on the said power house, machinery, plant and appliances, and the revenues arising therefrom and also charged on the whole rateable property of the municipality.

AND WHEREAS the amount of the whole rateable property of the Municipality according to the last revised Assessment Roll, being the roll prepared in the year 1909, for the year 1910, is the sum of $8,636,293, and the amount of the existing debenture debt of the municipality, exclusive of local improvement debts payable by local special rates, but including the debt of $432,000 incurred for the purchase and improvement of the waterworks, is the sum of $1,089,169.58 and there is no part of the principal or interest in arrear.

AND WHEREAS it will require the sum of $2,975.00 to be raised annually for a period of twenty years, the currency of the debentures, to be issued under and by virtue of this by-law to pay the interest of the said debt, and the sum of $2,350.73 to be raised annually during the said period for providing a sinking fund for the payment of the same at maturity thereof—such last mentioned sum being sufficient with the estimated interest on the investment thereof to discharge the said debt when the same becomes due, making in all the sum of $5,325.73 to be raised annually as aforesaid.

THE CORPORATION OF THE CITY OF PETERBOROUGH BY THE COUNCIL THEREOF ENACTS AS FOLLOWS :—

1. This By-law shall take effect on the final passing thereof.

2. It shall be lawful for the Council of the City of Peterborough to borrow the sum of $70,000 and to issue the debentures of the said Corporation for the said sum, such debentures to be sealed with the Corporate Seal of the City of Peterborough and to be signed by the Mayor and Treasurer and countersigned by the Secretary of the Peterborough City Trust, and to be made payable within twenty years after the issue thereof, and to bear interest at the rate of four and one-quarter per centum per annum payable half-yearly on the thirtieth day of June and the thirty-first day of December in each year, and to have coupons attached thereto for the payment of such interest; such debentures as to principal and interest to be payable at the office of the Secretary of the Peterborough City Trust in the City of Peterborough.

3. The said power house, machinery and appliances shall be specially charged with the repayment of the said sum hereby authorized to be borrowed and the debentures to be issued therefor and the holders of such debentures shall have a preferential charge on the said power house, machinery and appliances and the revenues arising therefrom, after providing for the payment of the expenses attendant upon the operation and maintenance of the said works for the generation and transmission of electric energy, for securing the payment of the said debentures, and the interest thereon, and the said debentures and interest shall also be a charge upon the whole rateable property of the municipality.

4. Subject to the provisions of subsection 2 of this section there shall be raised and levied during each year of the currency of the said debentures by a special rate upon all the rateable property of the Municipality, the sum of $2,975.00 for payment of the interest on the said debt and the sum of $2,350.73 as a sinking fund for the payment of the said debt at the maturity thereof making together the sum of $5,325.73 to be raised annually as aforesaid.

(2) Provided, however, that the revenues arising from the said generation and transmission of electric energy shall, after payment of the expenses of operating and maintaining the said works for the generation and transmission of electric energy, be applied towards payment of the annual interest and sinking fund on the debentures to be issued hereunder and the Council of the said City shall only be required to raise in each year during the currency of the debentures to be issued hereunder a sum sufficient with the moneys arising and available from such revenue to make up the said annual sum of $5,325.73 required for payment of the interest and sinking fund of the debentures to be issued hereunder.

5. The proceeds of the said debentures when sold shall be paid over to the Peterborough Water Commissioners, to be applied in payment of the amount expended in the construction of such power house and in equiping the same with the necessary machinery, plant and appliances for the generation and transmission of electric energy.

6. For the purpose of taking the votes of the duly qualified electors on this By-law the following adjoining Polling Sub-divisions shall be united, namely :—Polling Sub-divisions Numbers 1 and 2; Polling Sub-divisions Numbers 4, 5 and 6; Polling Sub-divisions Numbers 7 and 8; Polling Sub-divisions Numbers 10 and 11, and Polling Sub-divisions Numbers 13 and 14.

7. The votes of the electors of the City of Peterborough qualified to vote upon By-laws for creating debts shall be taken upon this By-law on the 19th day of April, 1910, commencing at the hour of nine o'clock in the forenoon and closing at the hour of five o'clock in the afternoon of the same day, at the following places and before the following Deputy Returning Officers, with the following Poll Clerks, that is to say :

Place—The former Village Hall.
Deputy Returning Officer — John Malane.
Poll Clerk—Robert Hamilton.

8. The 20th day of April, 1910, at the hour of twelve o'clock noon and the City Clerk's Office are hereby fixed as the time when and the place where the Clerk will sum up the number of votes given for and against the By-law.

9. The 19th day of April, 1910, at the hour of twelve o'clock noon and the office of the City Clerk are hereby fixed as the time and place for the appointment of persons to attend at the various polling places and at the final summing up of the votes by the Clerk respectively, on behalf of the persons interested in and promoting or opposing the passing of the By-law, respectively.

Mayor.
Clerk.

NOTICE.

Take notice that the foregoing is a true copy of a proposed By-law which has been taken into consideration and which will be finally passed by the Council of the City of Peterborough (in the event of the assent of the electors being obtained thereto) after one month from the first publication hereof in The Morning Times newspaper, the date of which first publication is the twenty-fifth day of March, 1910, and that at the hour, day and place therein fixed for taking the votes of the electors the polls will be held.

And further take notice that the name of any leaseholder, who does not at least ten days before the day in the said proposed By-law appointed for taking the vote thereon, file in my office a Statutory Declaration proving that he or his wife is the holder of a lease, which under the provisions of section 354 of the Consolidated Municipal Act, 1903, entitles him to vote for or against the said proposed By-law, shall not be placed on the Voters' List for such voting.

S. R. ARMSTRONG,
City Clerk.

Catarrh Cannot be Cured.

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in the country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly upon the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

Cosgrave's Beer

Words of praise have ever prevailed in advertising "copy." What a producer should want enthusiasm over his own wares is but human. But it's the praise of the consumer that counts—and it is to a discriminating and critical public that "Cosgrave's" refers you.

It is safe to say that no product of any kind enjoys a more enviable reputation than does this famed Cosgrave Beer of Toronto in markets where it is offered.

Its self-evident honesty of purpose, purity, brilliancy, body, and every other attribute that goes to make a perfect beer are ever in evidence.

Celebrate the "Cosgrave Habit"—Watch for the name—only, for any of these brands - Half-and-Half, Pale Ale, XXX Porter.

HOTELS

Montreal's Popular Hotel

Favorite Stopping Place for the Travelling Public

The Grand Union Hotel is situated at 346-356 Notre-Dame street, west, in the heart of the business section of the city. Electric cars pass the doors to all points of interest, and amusement. Five minutes' walk from C.P.R. and G.T.R. stations. The bus meets all trains to convey guests free, to and from the stations.

During the month of April, last year, this hotel underwent a thorough renovation, which has made it the best up-to-date commercial hotel in the city for home comfort. The hotel is under the personal supervision of Mr. Murray, who gives his special attention to his guests.

Nice clean, comfortable rooms, and elevator service. American plan. Rates $2.00 per day, and upwards.

F. J. MURRAY,
Proprietor.

HOTEL CARSLAKE, MONTREAL. European plan—opposite Grand Trunk, Gen. Carslake, Proprietor.

Synopsis of Canadian Northwest Land Regulations.

ANY PERSON WHO IS THE sole head of a family, or any male over 18 years old, may homestead land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother, or sister of an intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, solely owned and occupied by him, or his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price $3.00 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price $3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth $300.00.

W. W. CORY,
Deputy of Minister of the Interior.

GRAY HAIR

Dr. Tremain's Natural Hair Restorative will restore gray hair to its natural color. Two persons might use from the same bottles and the hair of one become black and the other blonde, just as they were in youth, so it is not a hair dye, will not injure the scalp, and is no trouble to apply. We guarantee satisfaction or money back. Price, one dollar. Postage Paid.

THE TREMAIN SUPPLY CO.,
15 Wood Street, Toronto.

NOTICE TO CONTRACTORS.

Tenders For Machinery, Belting, Shafting, Cranes, Air Compressors, Etc.

SEALED TENDERS, addressed to the undersigned, and marked on the envelope "Tender for Machines and Tools," "Tender for Leather Belting," etc., etc., as the case may be, will be received at the office of the Commissioners of the Transcontinental Railway, at Ottawa, Ontario, until 12 o'clock noon of the 12th day of April, 1910, for:

(1) Machines and tools;
(2) Leather belting;
(3) Shafting, hangers, steel frame work, etc.;
(4) Miscellaneous equipment, industrial track and lockers;
(5) Motors;
(6) Furnaces and forges;
(7) Cranes;
(8) Air compressors;
(9) Grey iron foundry equipment and brass foundry equipment;

required for the equipment of the locomotive and other shops of the Commissioners of the Transcontinental Railway at Springfield, east of Winnipeg, Manitoba.

Tenders will be received and considered for any or all of the items indicated above and numbered from 1 to 9, both inclusive.

Plans and specifications may be seen in the office of the Chief Engineer of the Commissioners at Ottawa, Mr. Gordon Grant, and in the office of the District Engineer of the Commissioners at St. Boniface, Man. Mr. S. R. Poulin.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied by the Commissioners, which may be had on application to the Chief Engineer at Ottawa, or to the District Engineer at St. Boniface, Man.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada, payable to the order of the Commissioners of the Transcontinental Railway for a sum equal to ten per cent. (10 per cent.) of the amount of the tender.

Any person whose tender is accepted shall within ten days after the acceptance thereof sign the contract, specifications and other documents required to be signed, and in any case of refusal or failure on the part of the party whose tender is accepted to complete and execute the contract with the Commissioners, the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure, and all contract rights acquired by the acceptance of the tender shall be forfeited.

The cheques deposited by parties whose tenders are accepted will be deposited to the credit of the Receiver General of Canada as security for the due and faithful performance of the contract according to its terms.

The cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

The right is reserved to reject any or all tenders.

By order,
P. E. RYAN,
Secretary, The Commissioners of The Transcontinental Railway.
Ottawa, 2nd March, 1910.

Newspapers inserting this advertisement without authority from the Commissioners will not be paid for it.

A FOUL MURDER.

Sensational Case Before American Courts.

(Special to The Times.)

Aberdeen, Wash., March 24.—What promises to develop into one of the most notable murder trials in the history of this section is scheduled to begin at Montesano to-morrow, when William Gohl is brought into court to answer to the charge of murdering Charles Hedberg. The victim was a sailor and is alleged to have been murdered for the purpose of robbery. For a number of years Gohl has been well known in the Puget Sound district as a sort of an agent in hiring ships' crews. During this time there have been reported several murders of sailors after they had been paid off. The body of Hedberg, bearing evidence of murder and robbery, was found washed ashore. The body of John Hoffman, who disappeared about the same time as Hedberg, has never been found. His remains and those of other victims as well are believed to have been buried by the murderer.

The arrest of Gohl resulted from tales he told while under the influence of liquor. He is alleged to have boasted of numerous murders and other crimes and to have displayed considerable sums of money, the source of which he was unable to explain satisfactorily to the authorities when arrested. One of the sensational stories told of Gohl since the charge of murder was made against him is that on one occasion two sailors who had just been paid off were robbed by him and left to die in a most heartless manner. According to the tale, the two men, after being plied with liquor and relieved of their money, were taken by Gohl in his boat and marooned on a sand bar, the alleged murderer rowing to shore and leaving the men to fall victims to the rising tide.

A failing tiny nerve—no larger than the finest silken thread—takes from the Heart its impulse, its power, its regularity. The Stomach also has its hidden, or inside nerve. It was Dr. Shoop who first told us it was wrong to drug a weak or failing Stomach, Heart or Kidneys. His prescription—Dr. Shoop's Restorative—is directed straight for the cause of these ailments—these weak and faltering inside nerves. This, no doubt clearly explains why the Restorative has of late grown so rapidly in popularity. Druggists say that those who test the Restorative even for a few days soon become convinced of its wonderful merit. Anyway don't drug the organ. Treating the cause of sickness is the only sensible and successful way Sold by all dealers.

Bound Books at Reduced Prices.

For the balance of this month we will make the following reductions in price of all bound books; One dollar books for 75c.; 75c. books 50c.; 40c. books 35c.; 35c. books 25c.; 25c. books 20c. Times Bookstore.

Penny in Slot Milk Machines.

(Special to The Times.)

London, March 24.—A penny-in-the-slot machine which delivers half-pints of milk has made its appearance in London. The machine is equipped with a small ice compartment to keep the milk cool and fresh in warm weather. It is expected to prove a great convenience to housewives who run short of milk after the closing hours of the shops and dairies.

WANT OFFICIAL RECOGNITION.

Quebec, March 23.—The Quebec Legislature now in session is again to take up for consideration and action the question as to whether or not the Christian Scientists will be officially recognized by the Province and incorporated as a Church. At the last session the Legislative councillors summarily rejected the bill to incorporate "The First Church of Christ, Science," of Montreal, after the bill had been passed unanimously by the lower house. Another attempt is to be made to pass the bill at the present session, and it is said that influential members of the Legislature are preparing to make a vigorous fight for religious liberty.

Fortify now against the grip—for it comes every season sure! Preventics—the little Candy Cold Cure Tablets—offer in this respect a most certain and dependable safeguard. Preventics, at the "sneeze stage" will, as well, also surely head off all common colds. But promptness is all important. Keep Preventics in the pocket or purse, for instant use. Box of 48 for 25c. Sold by all dealers.

NEWS OF THE CITY

Agents.

Everybody to wear and sell our famous Bokara Simulation Diamonds. Write for free sample offer and catalogue to Northwestern Jewelry Co., Northwestern Bldg., Chicago.

Put Up a Fight.

At the meeting of the Woodmen of the World in Toronto, Mr. J. J. Turner made a strong bid for the Grand Lodge to meet in Peterborough. Toronto members should like a change. The Electric City would show them great appreciation if they were given a chance.

Male Help.

$100 monthly and expenses to travel and distribute samples for big manufacturer, steady work. S. Scheffer, Treasurer H 78, Chicago.

Blacklister Fined $2.

At the police court yesterday a blacklister was fined $12, and was given ten days in which to pay the fine. He was found on the street on Saturday in a drunken condition.

No Paper Tomorrow.

Today being Good Friday there will be no issue of The Times tomorrow. Subscribers will kindly bear this in mind.

Signalling Instruction.

Kingston Standard: Sergeant-Major McGowan, W.O., left today for Peterborough to start a short course in signalling. During his absence Major Mundell will instruct the local signallers.

New Knox Church.

The corner stone of the new Knox Presbyterian church, will be laid on the 16th of April by his Honor Lieut.-Governor J. M. Gibson. Invitations will be sent out for the ceremony and civic officials will be asked to attend, some of whom will be called upon for short speeches.

Was in Kingston.

Kingston, March 24.—Part of the Porcupine claim which was sold the other day for a million dollars was a veteran land claim held by a man named McPartland, who parted with it for $1,500. Mr. McPartland was in the city a couple of weeks ago and told his friends that there would be big doings in the Porcupine claim.

Dr. Vogt Will Be Here.

Messrs. R. Gliddon, conductor of the Conservatory Madrigal Club, and Mr. R. J. Davey, director of the local production of "The Geisha," by local talent, both of whom will take part in the Earl Grey trophy, have been notified that Dr. Vogt will be in the city on Monday to attend the rehearsals of both organizations.

St. James' Church Anniversary.

Interesting services will be held at St. James' Methodist church on Sunday, when the first anniversary will be celebrated. Rev. Mr. Manning of Whitby, formerly pastor of the church, will occupy the pulpit both morning and evening. A special Easter service will be held in the Sunday school room in the afternoon. During his visit to the city, Rev. Mr. Manning will be the guest of Mr. and Mrs. Thomas Brown, McGill street.

SOCIETY

Mrs. Chas. Perkins of The Times' staff, is visiting friends in Lindsay.

Mrs. W. T. Holloway is visiting friends at Wingham and Exeter.

Miss Maymie Thompson, Stewart street, is spending the holiday in Bowmanville.

Mr. Frank Newman of Kingston, is the guest of Mrs. Donald Potter, 376 Stewart street.

Miss Rose Mulholland has returned home after a two months' visit with friends in Winnipeg.

Mr. Ernest A. Lawson of The Times staff, will spend the holidays in Toronto and Newmarket.

Mr. R. Pinchin, general manager of the Otonabee Navigation Company, is spending the holiday in Toronto.

Mrs. D. D. C. Dawe, Gilmour St., has gone to Napanee to spend Easter with her mother, Mrs. Burns.

Mr. and Mrs. B. Tapson of Bowmanville, are the guests of Mrs. Wm. R. Thompson, 378 Stewart street.

Fully nine out of every ten cases of rheumatism is simply rheumatism of the muscles, due to cold or damp, or chronic rheumatism, neither of which require any internal treatment. All that is needed to afford relief is the free application of Chamberlain's Liniment. Give it a trial. You are certain to be pleased with the quick relief which it affords. Sold by all dealers.

Capt. S. R. Pearson of the Otonabee Navigation Company, left last night to spend a few days with friends in Gravenhurst.

Mrs. J. H. McClellan and Master Herbert, her young son, are spending a few days in Toronto, the guests of Mrs. McCollum.

Croup positively stopped in 20 minutes, with Dr. Shoop's Croup Remedy. One test alone will prove this truth. No vomiting, no distress. A safe and pleasing syrup—50c. Sold by all dealers.

Mr. R. M. Denniston of Winnipeg, is spending a few days in the city renewing old friendships.

Mrs. F. Fox of Toronto, is spending a few days in the city, the guest of her daughter, Mrs. P. J. Kennedy, Water street.

Mrs. C. J. Buckley of Toronto, accompanied by her young daughter, Miss Dolly, are spending the holidays in town with her sister, Mrs. P. J. Kennedy, Water street.

Mrs. J. P. Archer, Campbellford; Mrs. T. W. Wood, Orillia; and Mrs. S. Touchburn of Cavan, are home on account of the serious illness of their father, Mr. W. S. Staunton, 20 Benson avenue.

* * *

The engagement is announced of Miss Margaret, daughter of Mr. and Mrs. Brooks, 190 Dalhousie street, to Mr. E. Lyman, solicitor, of Syracuse, N.Y. The marriage will take place next month.

Little Local Lines

The mail men will only make one delivery today.

Work on the Smith street bridge has been resumed.

The trains, both coming and going were all crowded last night.

A drunk was assessed $2 at the police court yesterday. The money was gathered in.

A man who is on the Indian list was up before Police Magistrate Dumble yesterday charged with being drunk. As it was a second offence he was fined $10 and remanded to jail until Saturday to sober up.

Mr. D. W. Dumble will be in his office on the nights of Tuesday and Saturday each week from eight to ten p.m., to meet applicants for purchase of lots.

A LITTLE THING.

Changes the Home Feeling.

Coffee blots out the sunshine from many a home by making the mother, or some other member of the household, dyspeptic, nervous and irritable. There are thousands of cases where the proof is absolutely undeniable. Here is one.

A Wis. mother writes:

"I was taught to drink coffee at an early age, and also at an early age became a victim to headaches, and as I grew to womanhood these headaches became a part of me, as I was scarcely ever free from them.

"About five years ago a friend urged me to try Postum. I made the trial and the result was so satisfactory that we have used it ever since.

"My husband and little daughter were subject to bilious attacks, but they have both been entirely free from them since we began using Postum instead of coffee. I no longer have headaches and my health is perfect."

If some of these nervous, tired, irritable women would only leave off coffee absolutely and try Postum they would find a wonderful change in their life. It would then be filled with sunshine and happiness rather than weariness and discontent. And think what an effect it would have on the family, for the mood of the mother is largely responsible for the temper of the children.

Read "The Road to Wellville," in pkgs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

WAS TAKEN SICK FROM CATCHING COLD PE-RU-NA RELIEVED.

MISS ERNESTINE BOUVARD, Duck Lake, Saskatchewan, Can., writes:

"At the close of 1908 I took sick as the result of catching cold. I became very weak and could not do anything.

"I consulted a doctor who had me take various kinds of medicine, but I did not find any relief from my suffering. At the advice of a friend, I wrote to you and you advised me.

"After I had taken two bottles of Peruna there was noticeable improvement. I combined the use of Peruna, Manalin and Lecupia and after taking several bottles of each I find myself entirely cured.

"I can certify that it was through your medicines that I recovered my health. I advise every one who is similarly afflicted to obtain Dr. Hartman's advice and be benefited."

Mrs. Wilda Moores, R. F. D. No. 1, Lents, Oregon, writes:

"For the past four years I was a wretched woman, suffering with severe backaches and other pains, leaving me so weak and weary that it was only with difficulty that I was able to attend to my household duties.

"I used different remedies, but found no relief until I had tried Peruna.

"Within two weeks there was a change for the better, and in less than three months I was a well and happy woman.

"All the praise is due to Peruna."

Peruna is not a local remedy, but an internal systemic remedy. It will relieve catarrh in its most obstinate form.

TENDERS FOR DREDGING.

SEALED TENDERS addressed to the undersigned and endorsed "Tender for Dredging" will be received until Tuesday, April 12th, 1910, at 5 p.m., for dredging required at the following places in the Province of Ontario:

Byng Inlet, Cobourg, Goderich, (Kincardine, Lion's Head and Port Elgin,) Owen Sound, Picnic Island, Port Burwell, (Port Hope and Whitby), Rainy River, River Thames, Rondeau, Sault Ste. Marie.

Tenders will not be considered unless made on the form supplied, and signed with the actual signatures of tenderers.

Combined specification and form of tender can be obtained on application to the secretary, Department of Public Works, Ottawa. Tenders must include the towing of the plant to and from the works. Only dredges can be employed which are registered in Canada at the time of the filing of tenders. Contractors must be ready to begin work within thirty days after the date they have been notified of the acceptance of their tender.

An accepted cheque on a chartered bank, payable to the order of the Honorable the Minister of Public Works, for six thousand dollars ($6,000.00) must accompany the tender. The cheque will be returned in case of non-acceptance of tender.

The Department does not bind itself to accept the lowest or any tender.

By order,
NAPOLEON TESSIER,
Secretary.
Department of Public Works,
Ottawa, March 21, 1910.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.

OBITUARY.

Elizabeth Lowry.

On Wednesday night the death occurred of Elizabeth Lowry, wife of Mr. J. A. Fairbairn, 464 Bonsecord street, and daughter of Mr. John Lowry of Warsaw. The late Mrs. Fairbairn was highly esteemed in Peterborough, and was in the employ of W. Loch & Sons for several years. She was a member of St. John's church and was for some time a teacher in the Sunday school.

There survives a husband and twin infants only a few days old, and also two sisters and four brothers. The sisters are Mrs. Geo. Clemens of Warsaw, and Mrs. Alex. Calder of Peterborough, and the brothers are: John and Samuel of Peterborough; Thomas, of Highland Grove, and Henry, of Montreal.

The funeral will be held from the family residence to Warsaw at 1.15 tomorrow afternoon, and interment will take place in the Warsaw cemetery.

Mrs. Edward Webb.

The death occurred yesterday of Elizabeth Jane Webb, wife of Mr. Edward Webb, 550 Chamberlain St. The late Mrs. Webb had lived for many years in this city.

The funeral will take place tomorrow afternoon at three o'clock to Little Lake cemetery. Service at the house will be conducted by Rev. H. J. Keith at 2.30 o'clock.

Your Fortune Told.

All matters of love, marriage, business, etc., carefully treated; send birth date and 6c in stamps. Alfred Thomas, Box 67, St. Laurent, Jacques-Cartier Co., P. Que.

ADVERTISE IN THE TIMES.

A MILITARY CAMP.

A Citizen Suggests That Peterborough Be Selected.

A prominent citizen suggested to The Times that a special effort should at once be made to have the annual militiry camp at Peterborough. He believed that if the proper energy was used that is available, we could have four or five regiments of infantry do their annual drill in Peterborough this year. There is fine grounds available for the purpose at Warsaw, on the river bank, on the east side. It is an ideal spot for the purpose. There should be four or five regiments, which would make a very fair-sized brigade.

We commend this matter to the attention of the officers of the 57th Regiment.

DOMESTIC SCIENCE CLASS.

Correspondent Asks What Becomes of Product.

(To the Editor of The Times.)

Sir,—As The Times is always foremost in giving ratepayers such information as they are entitled to from the press concerning the City Council and Board of Education, I venture to ask a question through its valuable columns.

What I desire to know is, what becomes of the food cooked by the science class in the Collegiate Institute? While on the subject I would like to know how much money is being spent for material, such as ice, milk, eggs, flour, lard and numerous other articles required to cook with. Will the chairman or some other member of the board kindly furnish this information and oblige.

VERITAS.

Easter War Cry.

The War Cry has issued a special East number which is a credit to the Salvation Army both for its artistic makeup and press work. The Easter number contains a great deal of interesting reading matter.

WOULD YOU MARRY IF SUITED?

Each issue of my matrimonial paper contains about forty columns advertisements of ladies and gentlemen from all sections of the United States, Canada, Mexico and Europe—rich, poor, young old, Protestants, Catholics, etc. Sample copy mailed sealed free. M. A. Gunnels, Toledo, Ohio.

National Mining & Tunnel Company

WHERE OUR MINES ARE

Our mines are in the greatest camp in America, Leadville, Col. Leadville has been producing gold, silver and lead for forty-nine years. Cripple Creek, famous on two continents, has produced but $90,000,000. Leadville has produced 425,000,000. Our mines are located on the most productive part of Sugar Loaf. John W. McMahon, Clerk and Recorder of the county, in a personal letter, says: "This mountain is known to contain the richest mineral belt in this rich county."

WHAT WE HAVE

Our properties consist of the following: 12 proven mines, 140 acres; contiguous to these, valuable mining properties, 61 acres; timber claims containing timbers for many years, 30 acres; the copper-gold ledge on the crest of the mountain, 145 acres, total 400 acres. The mountain is four miles long, two miles wide and eighteen hundred feet high. It has produced to an average depth of but 150 feet, where the copper acid waters prevented further operations by shaft, $12,000,000.

CONDITIONS FAVORABL SUCCESS

We are driving a big tunnel in from the foot of the mountain, at right angles to these veins, and will drain out the acid waters, and have the vast ore body above us of easy access. Our mines, which have produced over $2,000,000, occupy a central position among these mines, an evidence that we shall cut through the heart of the mountain's rich known ore system, and affording a strategical position relative to other properties. On the right and left are mines which have produced millions, whose ores must come out through our big tunnel, and which must pay us satisfactory royalties.

Operation of our tunnel and mines by electric power. We are driving our tunnel by 75 h.p. electric motor, equipped with an air compressor for driving drills, trolley for operating cars, etc. Within six months we should reach our first proven mines, and should cut through the second and third, and become a large producer before the year closes.

Transportation by rail to the largest custom smelter in the world, four miles away.

Low freight rate, 30c per ton.

An insatiable market for our ore, and settlement the first of every month.

Large ore value, and low cost of production. Ores run 50 to 150 per ton by the car load. The total cost of production is about $8.00. The majority of the stock is pooled for ten years, and cannot be sold. Capitalists cannot get hold of the stock, and freeze anybody out.

The Directors are men of high personal and financial standing. The business will be managed ably and honestly, and every one will share alike in proportion to his stock.

For further information, address

VOL. XXXIII NO. 69 PETERBOROUGH, ONTARIO MONDAY MARCH 28 1910 PRICE TWO CENTS

Retail Hardware and Stove Dealers' Next Convention to be Held Here

Aldermen Phelan and Duffus and Mr. Harry Morgan Successfully Represent Our Advantages as a Convention City

Aldermen Phelan and Duffus have returned from a successful mission to Toronto to secure for Peterborough the next convention of the Retail Hardware and Stove Dealers' Association. They were ably supported by Mr. Harry Morgan of the Peterborough Hardware Co., and met the association's executive in the Queen's Hotel on Friday last when the question of where their convention of 1911 would be held was slated for decision. The association will need accommodation for 500 or 600 delegates together with exhibition and convention halls, and Peterborough's representative succeeded in convincing the executive that this city could readily meet all their requirements. After carefully considering the advantages of other towns in competition for this event the executive voted in favor of Peterborough, consequently the Retail Hardware and Stove Dealers' Convention will be held here on Feb. 21, 22, 23 and 24th, 1911, and promises to be the big event of this nature in Peterborough's history. This convention will be a big thing for Peterborough. Apart from the money that will be left in town by 500 of 600 visitors during a period of four days, and the interest in exhibition of hardware and stoves offered the delegates will naturally be men representing various business and fraternal interests and their visit will undoubtedly prove a valuable advertising medium for the Electric City. Our civic Legal and Reception Committee is to be congratulated on securing this plum, and Aldermen Duffus and Phelan, together with Mr. Harry Morgan, have earned the thanks of the community for their skilful presentation of Peterborough's many advantages as a convention city.

Americans Make Bid to Handle Our Grain

New York, March 26.—Rates on ex-lake grain, all-rail from Buffalo and other lake ports to the seaboard have been adopted to take effect May 1, but only on that for export coming from Canada in bond. They are lower than last season, and designed to give grain men an opportunity to deal in the Canadian products.

The new rates are: wheat, 4 cents per bushel; rye, 3½ cents; oats 3 cents; barley 3 cents. There appears to be an impression that these reductions will apply to shipments of American grain, but this is a mistake. Such rates have not yet been fixed, and while some have been disposed to favor reductions, it is believed that ultimately they will be left unchanged.

The present rate on Canadian spring wheat from Buffalo to New York and Boston is 5½ cents per bushel, but the product has been going to Montreal, giving the Canadian roads a monopoly. What they will do now to meet the competition now invited has not developed.

Surgery to be Quite Painless---A Great New Discovery

Boston, March 26.— In the Boston Medical and Surgical Journal yesterday announcement is made of the discovery of Dr. John J. Harley of this city of a new method of producing conscious anaesthesia, both bloodless and painless, in human beings, which promises a world-wide revolution in surgery, especially that of the brain and head.

The most delicate operations may be performed, he claims, on the brain and any part of the head, the eyes, the ear, the nose and throat, with absolutely no discomfort to the patient, who during it all is conscious.

On no occasion, says Dr. Harley, was any interference nessary after starting the patient under his new anaesthesia, save giving the patient some strong black coffee to sip or a cigar to smoke if the patient wished it for distraction.

He claims that the new method will be of the greatest use in cases of patients suffering from diseases that prohibit the use of either or chloroform, such as consumption, acute lung affections, diabetes and nephritis.

Another thing which he described as most important, and radically different from the old way, is that the patient can be given a full meal just before and immediately after the operation.

The doctor's discovery has been demonstrated and accepted at the Massachusetts Eye and Ear Infirmary. The patient was a woman 40 years of age, who was admitted to the hospital for the removal of the ossicles of the ear, a particularly trying and delicate operation. The operation was absolutely painless and bloodless, say the doctors.

HORSE DROWNED.

Bobcaygeon's Baker Loses Valuable Animal Through the Ice.

Bobcaygeon, March 24.—Mr. E. J. Broad, baker and confectioner, lost his valuable horse this morning. It appears that Matthew and Alfred Nichols were preparing for their spring trapping and were taking their supplies across Pigeon Lake, and Mr. Broad very kindly lent them his horse. They had made the trip across with the supplies, and Alfred was returning when between Big Island and the mainland, probably getting too close to the channel of the river, the horse went through and was drowned. Mr. Nicholls made every effort to save the animal, getting in twice himself, but to no avail. The horse was young and very valuable and will be hard to replace.

PHILOMATHEAN SOCIETY.

Will Present the Comedy, "Mr. Bob" in Collegiate Auditorium on April 11th.

The Philomathean Society of the Collegiate Institute are preparing a comedy, "Mr. Bob," in two acts, to be presented in the auditorium of the school, on Monday, April 11. Those taking part and the roles they are playing, are as follows:

Aunt Becky—Miss G. Veany.
Katharine—Miss Mira White.
Patty—Marjorie Mann.
Mrs. Bryant—Miss Maisie Armstrong.
Philip Reyson—Mr. Roy Dixon.
Mr. Brown, a lawyer—Mr. John Harstone.
Jenkins, a butler—Mr. A. Primeau.

This is a very amusing comedy and the young people are putting forth every effort to make it a great success.

THE WEATHER.

Showers.

MAKES A FAILURE OF LIFE.

Not Because He Lacks Brains or Ability, But Because His Liver is Slow.

An inactive lazy liver makes plenty of men and women seem intellectually dull. They really have the "go," but are weighed down, pulled down by a sluggish condition of the system. In consequence lots of good chances are lost, enjoyment missed and pleasures refused—all because of a poor working stomach and disordered liver.

Men and women, wake up your livers, give relief to sluggish kidneys—they are working hard, but can't keep on forever doing duty for both the kidneys and livers.

Let Dr. Hamilton's Pills help you—let them drive those poisons from the blood that depress your mind and brain.

Let Dr. Hamilton's Pills give you such inward wholesomeness that body and spirit will tingle and glow with health and ambition.

You can depend on this—that Dr. Hamilton's Pills clear the skin, brighten the eyes, purify the blood, send energy, vim and good spirits circulating to every part of the body.

No other medicine makes people so healthy or keeps you always at your best like Dr. Hamilton's Pills. They are mild, curative and safe, 25c. per box, at all dealers, or The Catarrhozone Co., Kingston, Canada.

O'Toole's Stock Sold.

Mr. J. H. Gardiner, the well known auctioneer, sold the farm stock and implements of Mr. O'Toole, who lost his life a short time ago, during a heavy snow storm on his way home at night. The sale was not a large one.

Mrs. C. J. Buckley of Toronto, accompanied by her young daughter, Miss Dolly, are spending the holidays in town with her sister, Mrs. P. J. Kennedy, Water street.

GREAT PREPARATIONS.

San Francisco, March 26.— The Chinese residents of San Francisco are making elaborate preparations for the welcoming and entertaining of his imperial highness Prince Tsuio Tsao, brother of the Prince Regent of China, who is scheduled to arrive in this city the latter part of April. The distinguished visitor, who comes to the United States to study the American military system, will be accompanied by a large retinue of attaches and servants, but will remain in the country but a short time.

Mrs. F. Fox of Toronto, is spending a few days in this city, the guest of her daughter, Mrs. P. J. Kennedy, Water street.

Shooting Accident Sunday

A serious shooting accident occurred yesterday afternoon in Mr. Andy Dobbin's woods. It is alleged that three local men were out shooting squirrels, when in some manner one of the party, a Mr. Gilbert, who resides on Albert street, received a charge of shot in his side. Help was at once sent for, and Mr. Steven's automobile was secured and the unfortunate young man was conveyed to Dr. Young's residence. Upon examination it was discovered that the wounds were of a very serious nature and he was at once conveyed to Nicholls Hospital where he received attention.

Larry Kelly Got One Year

Larry Kelly, charged with stealing a number of lockets and watches from the sample room of the Oriental Hotel, the property of Knox Co., Toronto, was up for trial on Saturday afternoon, and found guilty. He was sentenced to one year in the Central.

Bruno, the Italian, who stabbed a young man at the Butcher house on Bethune street a short time ago, was sentenced to six months in the Central Prison.

With 50 Pounds More Food Shackleton Could Have Reached Pole

New York, March 26.—Lieut. Sir Ernest H. Shackleton, the Antarctic explorer is here. Lady Shackleton also.

The explorer declared he firmly believed that he would have discovered the south pole last year if he had carried 50 pounds more food. He said also that he believed Captain Scott, who is soon to start with an expedition, will have little difficulty in finding the south pole. At any rate, Sir Ernest said, he would himself make no effort in that direction while Capt. Scott was in the Antarctic. This resolution will not keep him from making a trip to the Antartic regions for scientific research.

HIS ANNIVERSARY.

Sir Ernest commented on the fact that he arrived here on the anniversary of his reaching New Zealand last year on his return from the trip to within two degrees of the south pole. He comes here to lecture on the Antarctic region and his experiences there. This tour will take him to cities in the east of the United States, and to cities in Canada, including Ottawa, Montreal and Toronto.

"Do you believe you could discover the south pole?" he was asked.

"Yes, given plenty of money for a proper equipment, and good fortune getting up the glacier to the tableland, the rest, I think, would be easy. Of course there is always the possibility of not getting out of the south pole region, although there is a continent there, too. But you see one can reach semi-civilization from the north through Greenland."

A Husband and Wife on Trial for Their Lives

Watseka, Ill., March 26.—"There was only a platonic affection between Dr. Miller and myself. It is a wicked lie to say that such a friendship between man and woman is impossible. Dr. Miller, as the friend of my husband, took me out riding, hunting and fishing. My husband often urged me to go and frequently went with me, as did Dr. Miller's wife, sometimes," sobs Banker Sayler's widow on her dismal cell in the Watseka jail.

"My friendship for Peter Wenstrom of Peoria was the same as that for Dr. Miller. He took me to Europe and we stayed there several months. Part of the time was spent at the Paris exposition. My husband did not object."

Platonic friendship! Lax domestic relations! A husband in the back ground? Innocent or not, it all reads into the first chapter of a shuddering home tragedy—a tragedy that is also a lesson to human men and women everywhere.

In Crescent City, this county, are two homes broken forever, a husband done to death. A wife and husband on trial for their lives. An innocent girl who must listen to the details regarding her mother which a gruelling prosecution for murder will bring forth.

Crescent City is not a large place, but it has its "best society." In it moved the banker of the town, Byron L. Sayler and his wife. Dr. Wm. R. Miller was the most prominent physician of Crescent City, tall and handsome—and married. He was a social lion.

One starry night last July there was a terrible commotion at the banker's beautiful home. There were loud voices, curses, shots, and when morning came Dr. Miller was in the city jail charged with the murder of Byron Sayler, while Mrs. Sayler occupied another cell, accused of being his accomplice.

Now they are both on trial for first degree murder. There was a hard fight for a jury, because if the verdict of "guilty as charged" is returned, Dr. Miller and Mrs. Sayler will be hanged. Here is what the prosecuting attorney is trying to prove:

That Mrs. Sayler had ceased to love her husband; that the affection she once had for him had been transferred to Dr. Miller, the man whom the husband had often entertained as a guest and had treated as a friend. Neighbors began talking about the intimacy between the banker's beautiful wife and the popular doctor, and the husband grew morose and jealous.

Having forbidden Dr. Miller's coming to his home, "By" Sayler, as he was popularly called, was surprised to find him there when he unexpectedly crossed his own threshold that July night. He became livid with anger and crazed for revenge. There were loud arguments, and harsh words; the banker threatened the man whom he claimed had ruined his home—and he was shot. "Shot four times by Dr. Miller," says the state's attorney.

Miller claims self-defence— that Sayler was rushing at him with a hatchet.

Mrs. Sayler and her 74-year-old father are charged with having aided and abetted the murder. The state will prove that while her husband lay dead for hours upon the floor, his widow was busy caring for the trifling wound inflicted upon his slayer, and for him prepared a cup of coffee, unmindful of the fact that the father of her young daughter lay murdered in the next room.

She admits it, but added: "My love was dead. I could not help him."

A year ago Lucy Sayler was a beautiful, care-free, pleasure-seeking young matron. Today she appears a jail-worn, wrinkled and broken woman. Then a petted social leader, "Queen of Bohemia," in the exclusive circles of Peoria and Watseka, whose she frequently visited, now humiliated, heart-broken, hissed by her former friends as she enters the court room.

"I can't believe they think of hanging me," says Mrs. Saylor in her cell. "I am not guilty. But those hisses. Why, those people, many of whom I have helped when they were in distress and want; acquaintances who have dined at my table; friends whom I have always welcomed to my home with open arms, and now Oh! they turn and snarl at me as would a cowardly pack of starving wolves."

Medicines that aid nature are always most successful. Chamberlain's Cough Remedy acts on this plan. It loosens the cough, relieves the lungs, opens the secretions and aids nature in restoring the system to a healthful condition. Sold by all dealers.

EASTER AT ST. JOHN'S.

Splendid Festival Music— All Services Largely Attended.

Holy communion was celebrated at St. John's church yesterday at 7 and 8 a.m., and at 12.15 noon. Morning prayer was held at 11 a.m. and festival service at 7 p.m. All the services were largely attended, morning hours and Archdeacon Warner, formerly of Lakefield and now of Toronto, was very acceptably assisted by Ven. The archdeacon is always a welcome visitor to St. John's and his eloquent and thoughtful sermons yesterday morning and evening were much appreciated. As customary on the great festival of Easter the musical portion of the services were of a specially joyous nature, and the choir's efforts under Mr. R. J. Devey's capable direction were highly creditable. In the afternoon a special children's service was held in the church when the children contributed $28 towards the mission fund.

ADVERTISE IN THE TIMES.

Washington Conference Reaches Peace Basis

Secretary of State Knox Announces That Negotiations Begun at Albany Have Concluded by Reaching Modus Vivendi

(Special to The Times.)

Washington, March 26.—At 3 p.m. the following statement was issued by Secretary Knox.

"Negotiations between the president and the Canadian representatives, which were begun at Albany some days ago, were resumed at Washington today, and were concluded. They have taken a form which gives assurances that a friendly understanding will be come to immediately. It is expected that the official announcement will be made simultaneously at Washington and Ottawa on Wednesday, the 30th inst."

Washington Says 'Tis a Canadian Victory

Washington, March 26.—It would seem that at last a new era in the United States is about to dawn, and relationship between Canada and the that an end is being rapidly put to the commercial distruct which has resulted from the failure of the last attempt to bring about reciprocity between the two countries.

It has been a case of bluff on the part of the United States and diplomacy on the part of Canada, and the latter has won.

A MODUS VIVENDI.

For the purpose of meeting President Taft and the secretary of state, Mr. Knox, and attempting to adjust the minor differences now existing between the two countries on the tariff question, W. S. Fielding, Canadian minister of finance, and George P. Graham, Canadian minister of railways, two of the ablest men in the cabinet of Sir Wilfrid Laurier, are in Washington, and as a result of the several conference it may now be stated on good authority that a modus vivendi has practically been established, with a view to subsequent legislation that will substantially lower the existing tariff wall between friendly peoples whose mutual prosperity would be promoted by leaving trade as untrammelled across the border as it is between New York and Pennsylvania.

The Fiery Flood is Sweeping Onward

Catania, Sicily, March 26.— The eruptions from the side craters of Mount Etna continued today and the fiery river formed at the foot of Mount Castellazza moved slowly toward Borrello and Belpasso, consuming everything in its path.

The lavatic stream winding in and out over the uneven surface at the mountain base has covered probably 25 miles, though it head is not more than 10 miles from the sources in an air line. Throughout the night the summit of Mount Etna appeared to be ablaze, but today a cloud of black smoke envolved the peak. Prolonged rumblings from the central crater and frequent explosions from the side fissures served as effectually as the flood itself to hold in terror the populace for miles around.

An early morning visit into the threatened region afforded a spectacle magnificent beyond description, which could be thoroughly enjoyed by the hundreds of sightseers flocking there but for the other side of the picture.

The terror and real distress of the peasants in the vicinity is depressing. A panic has seized them, and though they clung to their little homes until the flood was almost upon them. They have now abandoned all but their portable possessions. Driving before them their donkeys and pigs, the former loaded with household goods they are wandering, about with the single aim of preserving what little has been left to them.

On the hill tops little groups of men, women and children could be seen looking back sadly to the sites of their former homes now covered with lava to a height of perhaps 15 feet. Others whose homes had not been overtaken, clasped their crucifixes, images of the Madonna and the saints, and with the characteristic cries and prayers implored that their little huts be spared. Meantime the molten mass crawled irresistibly forward as though determined that nothing should escape it.

The deafening detonations accompanied by earthquake shocks give the impression of an angry monster struggling to loose its bonds. At times a storm of cinders obscured the volcano, and then suddenly a shift of the wind lolled back the cloud and the sun, burating through, smiled down upon the most fertile country in the world.

ADDRESS AND PRESENTATION.

On the Eve of His Departure for the West.

On the eve of Mr. R. Goodenough's departure for the West, the employees of the Matthews Company, presented him with a case of pipes. The presentation was made by M. A. Watson, while Mr. G. Dryland read the following address:

Peterborough, March 22, 1910.

Mr. R. G. Goodenough,

Dear Friend,—It is with a feeling of deepest regret that we learn that you are about to sever your connections with the firm you have so many years faithfully served, and are taking up residence in the West. Our relations have always been of the most cordial nature, and although in charge of an important department you always had the time and inclination to lend a deserving fellow workman a helping hand. Your never failing courtesy and kindness to all with whom your duties brought you into contact shall always be remembered, and in wishing you every success in your new home, we beg you to accept as a souvenir of the years we have spent together, this case of pipes, with the hope that in your "pipe dreams" your old comrades on the Otonabee, and the good times spent together will form the subject occasionally of your contemplations.

Again wishing you every success, we remain on behalf of the employees

R. Murduff,
F. McWilliams,
George Dryland,
A. Webber.

Mr. Goodenough made a suitable reply and assured his fellow workmen that he would never allow them to pass from his mind.

He left on Wednesday morning for Balgonie, Saskatchewan, where he will follow the occupation of farming.

Mrs. J. H. McClellan and Master Herbert, her younger son, are spending a few days in Toronto, the guests of Mrs. McCollum.

"SICK MAN'S FRIEND."

That's the Name Given by Thousands to the Old Family Standby, "Nerviline."

No better known or more popular family remedy has ever been compounded than "Nerviline." During the past half century its success has been phenomenal—due to the fact that it always cures.

"No one could get me to go to bed at night unless I was sure we had Nerviline in the house," writes Mrs. E. R. Weightman, of Bolton P.O. "Six years ago my husband was taken badly with rheumatism, which affected his right arm and shoulder. It was so sore and stiff as to be almost helpless for four years. I read of the cure of James E. Everett, and felt sure that when Nerviline cured a case like his, it would cure my husband. I got a dollar's worth of Nerviline, five bottles, in Buffalo, and am pleased to write you that the fourth bottle cured. We have since used Nerviline for Lumbago, Neuralgia, Colds, Chest Tightness and other minor ailments in the family, and found 'Nerviline' to be the 'Sick Man's Friend.'

CURED 4 YEARS RHEUMATISM

No other remedy is so useful in the home, so universally employed to alleviate pain and curing the sick. Refuse anything offered you instead of Nerviline, which is sold: Large 25c. bottles or five for $1.00. By all dealers, or the Catarrhozone Company, Kingston, Ont.

THE MORNING TIMES

The only morning daily newspaper published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $3 per year, strictly in advance.

Strangers visiting Peterborough are cordially invited to make their headquarters at the office of The Morning and Weekly Times, where they will be furnished with writing materials, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

LESSON FROM JAPAN.

The rapidity with which the civilization of Japan has gone ahead in sixty years points to a lesson—that a young country should choose the best from other lands in its education and government. While our Canadian educational system is one of the most advanced and perfected that can be devised it is sometimes objected that it costs too much for students without means to go through a four-year course at our universities. Baron Kikuchi, president of the Imperial University of Kyoto when speaking at Toronto the other night stated that a pupil pays only $17 per year for everything while attending the institution with which the baron is connected. The cost in this country is several times this amount if the fees paid for degrees are included.

If Japan has any lesson to offer us in the way of getting an education at a low cost it would be well for us to learn it.

ENGLISHMAN DESERTED FIRST WIFE GETS HEAVY SENTENCE.

A Heartless Scoundrel—Magistrate Cut His Whining Short— Man Sobbed Like a Baby.

Hamilton, March 24.—William S. Nash, the bigamist arrested here last night by Provincial Detective Miller, received the limit of the law—seven years in Kingston Penitentiary—when he appeared before Magistrate Jelfs today. After admitting his guilt Nash began to whine excuses. "Your act was that of a heartless scoundrel," said the magistrate cutting him short. "You married a girl who was the playmate of your youth, and before she was delivered of her first-born child you deliberately deserted her, caring not what became of her. Then you came to this country and lured another poor girl on, probably ruining her life. I will give you the limit of the law—seven years in Kingston."

Nash sobbed like a baby as he was led away. He married Martha Lindsay in London in 1902. In Montreal he met Clara Brown, another English girl, and brought her to Dundas, where he married her. Last November when she saw letters from the woman in England signed, "your affectionate wife," she wrote there for information which confirmed her suspicions, although Nash had told her the London woman was his sister, who was playing a joke on him. He formerly resided in Toronto.

Construction of the G.T.P. Railway

Since the turning of the first sod on the construction of the Grand Trunk Pacific Railway at Fort William, Ontario, September 11, by the premier, Sir Wilfrid Laurier, the construction work has proceeded steadily to the extent that at the present time, covering a period of four years and a half since the building of this transcontinental Railway was commenced, of the entire main line from Moncton to Prince Rupert, a distance of 3560 miles a total of 3000 miles has been placed under construction on which there has been laid 1795 miles of track, which in some cases is made up of disconnected sections and is therefore not at all continuous. That portion of the line, however, from Winnipeg to Edmonton, 793 miles, has been constructed and in partial operation by the Construction Department for the past 18 months and within the past 90 days the track has been completed continuously from Edmonton westerly to Wolf Creek, 121 miles, thus completing the track laying on that section of the line, designated as the Prairie Section, Winnipeg to Wolf Creek, 915 miles. The track laying was also recently completed from Winnipeg to Fort William, 445 miles, thus making a cantinuous line from Fort William, via Winnipeg and Edmonton, to Wolf Creek, 1360 miles, which however, cannot be completed for practical operation for some months as considerable work is required to be done on the easterly and westerly ends of the line, to put into a suitable condition for the movement of regular trains. The other portions of the main line on which the rails have been laid are sistuated at different points east and west of the city of Quebec. During the past year contracts have been let for the construction work from Wolf Creek, Alberta, westerly to Tete Jaune Cache in the Rocky Mountains, 179 miles, and there are at present engaged on this section of the line, 1000 teams and a large army of men. Similar forces are also engaged on the construction of the line from Prince Rupert, the terminus of the Pacific Coast, easterly to Aldermere, B.C. 240 miles.

In addition to the mileage referred to above the Provincial governments of Saskatchewan and Alberta passed acts at the sessions of their legislatures in 1909, authorizing guarantees for the construction of branch lines by the Grand Trunk Pacific Railway company in these provinces to the extent of 686 miles, comprising branch lines from the main line of the Grand Trunk Pacific Railway to Yorkton, Regina, Battleford, Calgary, Lethbridge, MacLeod and Coutts, the construction of which are at present under way. At the session of the Saskatchewan legislature in December, 1909, an Act was passed authorizing the guarantee of the construction of additional branch lines by the Grand Trunk Pacific Railway in that Province to the extent of 475 miles compromising lines from Regina south-easterly to the United States boundary line, from the main line of the Grand Trunk Pacific Railway to Prince Alberta and from Regina westerly to Moose Jaw, Calgary, etc., etc., the construction of which will be undertaken during the present year. From the foregoing it will be observed that out of a total mileage of main line and branches of approximately 7900 miles, there have been completed and under construction at the present time, approximately 4800 miles or sixty per centf of the entire mileage authorized in the company's charters.

Nothing in the way of a Cough is quite so annoying as a tickling, teasing, wheezing, bronchial Cough. The quickest relief comes perhaps from a prescription known to Druggists everywhere as Dr. Shoop's Cough Remedy. And besides, it is so thoroughly harmless that mothers give it with perfect safety even to the youngest babes. The tender leaves of a simple mountain shrub, give to Dr. Shoop's Cough Remedy its remarkable curative effect. A few days' test will tell. Sold by all dealers.

THRILLING— STARTLING —DRAMATIC.

The biggest mystery story ever written from the pen of Jodis Joseph Vance. It is entitled "The Brass Bowl," and it has had the attention of novel readers in Europe and America for the past year. So great has the fame of this book become that the New York Sunday World has secured it for its fiction series. It will begin April 3 and be complete in five booklets of 20,000 words each. Get the first instalment. It is a hummer.

By-Law No.....

A By-law to provide for borrowing the sum of $70,000 to pay for the erection and equipment of a Power House at the Waterworks Dam.

Passed the.....day of ....., 1910.

WHEREAS the Peterborough Water Commissioners have for the purpose of the Municipal Waterworks constructed a concrete dam across the River Otonabee and being advised that more power could be developed at said dam than is at present required for waterworks purposes, have provided additional sluice ways in the same which can be used for the generation and transmission of electric energy and it is desirable that said unused power shall be developed and used and for that purpose it will be necessary to construct a power house and equip the same with the necessary machinery, plant and appliances for the generation and transmission of electric energy and it is estimated that the cost thereof will amount to the sum of $70,000. which is the amount of the debt intended to be created by this by-law.

AND WHEREAS in order to raise the said sum of $70,000, it will be necessary to issue the debentures of the Corporation of the City of Peterborough for the said amount, such debentures to be a special charge on the said power house, machinery, plant and appliances, and the revenues arising therefrom and also charged on the whole rateable property of the municipality.

AND WHEREAS the amount of the whole rateable property of the Municipality according to the last revised Assessment Roll, being the roll prepared in the year 1909, for the year 1910, is the sum of $8,636,393, and the amount of the existing debenture debt of the municipality, exclusive of local improvement debts payable by local special rates, but including the debt of $432,000 incurred for the purchase and improvement of the waterworks, is the sum of $1,069,169.58 and there is no part of the principal or interest in arrear.

AND WHEREAS it will require the sum of $2,975.00 to be raised annually for a period of twenty years, the currency of the debentures, to be issued under and by virtue of this by-law to pay the interest of the said debt, and the sum of $2,350.73 to be raised annually during the said period for providing a sinking fund for the payment of the same at maturity thereof—such last mentioned sum being sufficient with the estimated interest on the investment thereof to discharge the said debt when the same becomes due, making in all the sum of $5,325.73 to be raised annually as aforesaid.

THE CORPORATION OF THE CITY OF PETERBOROUGH BY THE COUNCIL THEREOF ENACTS AS FOLLOWS :—

1. This By-law shall take effect on the final passing thereof.

2. It shall be lawful for the Council of the City of Peterborough to borrow the sum of $70,000 and to issue the debentures of the said Corporation for the said sum, such debentures to be sealed with the Corporate Seal of the City of Peterborough and to be signed by the Mayor and Treasurer and countersigned by the Secretary of the Peterborough City Trust, and to be made payable within twenty years after the issue thereof, and to bear interest at the rate of four and one-quarter per centum per annum payable half-yearly on the thirtieth day of June and the thirty-first day of December in each year, and to have coupons attached thereto for the payment of such interest; such debentures as to principal and interest to be payable at the office of the Secretary of the Peterborough City Trust in the City of Peterborough.

3. The said power house, machinery and appliances shall be specially charged with the repayment of the said sum hereby authorized to be borrowed and the debentures to be issued therefor and the holders of such debentures shall have a preferential charge on the said power house, machinery and appliances and the revenues arising therefrom, after providing for the payment of the expenses attendant upon the operation and maintenance of the said works for the generation and transmission of electric energy, for securing the payment of the said debentures, and the interest thereon, and the said debentures and interest shall also be a charge upon the whole rateable property of the municipality.

4. Subject to the provisions of subsection 2 of this section there shall be raised and levied during each year of the currency of the said debentures by a special rate upon all the rateable property of the Municipality, the sum of $2,975.00 for payment of the interest on the said debt and the sum of $2,350.73 as a sinking fund for the payment of the said debt at the maturity thereof making together the sum of $5,325.73 to be raised annually as aforesaid.

(2) Provided, however, that the revenues arising from the said generation and transmission of electric energy shall, after payment of the expenses of operating and maintaining the said works for the generation and transmission of electric energy, be applied towards payment of the annual interest and sinking fund on the debentures to be issued hereunder and the Council of the said City shall only be required to raise in each year during the currency of the debentures to be issued hereunder a sum sufficient with the moneys arising and available from such revenue to make up the said annual sum of $5,325.75 required for payment of the interest and sinking fund of the debentures to be issued hereunder.

5. The proceeds of the said debentures when sold shall be paid over to the Peterborough Water Commissioners, to be applied in payment of the amount expended in the construction of such power house and in equiping the same with the necessary machinery, plant and appliances for the generation and transmission of electric energy.

6. For the purpose of taking the votes of the duly qualified electors on this By-law the following adjoining Polling Sub-divisions shall be united, namely :—Polling Sub-divisions Numbers 1 and 2 : Polling Sub-divisions Numbers 4, 5 and 6 : Polling Sub-divisions Numbers 7 and 8 : Polling Sub-divisions Numbers 10 and 11, and Polling Sub-divisions Numbers 13 and 14.

7. The votes of the electors of the City of Peterborough qualified to vote upon By-laws for creating debts shall be taken upon this By-law on the 19th day of April, 1910, commencing at the hour of nine o'clock in the forenoon and closing at the hour of five o'clock in the afternoon of the same day, at the following places and before the following Deputy Returning Officers, with the following Poll Clerks, that is to say :

Poll Clerk—Robert Hamilton.

8. The 20th day of April, 1910, at the hour of twelve o'clock noon and the City Clerk's Office are hereby fixed as the time when and the place where, the Clerk will sum up the number of votes given for and against the By-law.

9. The 18th day of April, 1910, at the hour of twelve o'clock noon and the office of the City Clerk are hereby fixed as the time and place for the appointment of persons to attend at the various polling places and at the final summing up of the votes by the Clerk respectively, on behalf of the persons interested in and promoting or opposing the passing of the By-law, respectively.

Mayor.
Clerk.

NOTICE.

Take notice that the foregoing is a true copy of a proposed By-law which has been taken into consideration and which will be finally passed by the Council of the City of Peterborough (in the event of the assent of the electors being obtained thereto) after one month from the first publication hereof in The Morning Times newspaper, the date of which first publication is the twenty-fifth day of March, 1910, and that at the hour, day and place therein fixed for taking the votes of the electors the polls will be held.

And further take notice that the name of any leaseholder, who does not at least ten days before the day in the said proposed By-law appointed for taking the vote thereon, file in my office a Statutory Declaration proving that he or his wife is the holder of a lease, which under the provisions of section 354 of the Consolidated Municipal Act, 1903, entitles him to vote for or against the said proposed By-law, shall not be placed on the Voters' List for such voting.

S. R. ARMSTRONG,
City Clerk.

Catarrh Cannot be Cured.

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in the country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly upon the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

Cosgrave's Beer

Words of praise have ever prevailed in advertising "copy." That a producer should wax enthusiastic over his own wares is but human. But it's the praise of the consumer that counts—and it is to a discriminating and critical public that "Cosgrave's" refers you.

It is safe to say that no product of any kind enjoys a more enviable reputation than does this same Cosgrave Beer of Toronto in markets where it is offered.

Its self-evident honesty of purpose, purity, brilliancy, body, and every other attribute that goes to make a perfect beer are ever in evidence.

Cultivate the "Cosgrave Habit"—Watch for the name—ask for any of these brands - Half-and-Half, Pale Ale, XXX Porter.

HOTELS

Montreal's Popular Hotel

Favorite Stopping Place for the Travelling Public

The Grand Union Hotel is situated at 360-368 Notre-Dame street, west, in the heart of the business section of the city. Electric cars pass the doors to all points of interest, and amusement. Five minutes' walk from C.P.R. and G.T.R. stations. The bus meets all trains to convey guests free, to and from the stations.

During the month of April, last year, this hotel underwent a thorough renovation, which has made it the best up-to-date commercial hotel in the city for home comfort. The hotel is under the personal supervision of Mr. Murray, who gives his special attention to his guests.

Nice clean, comfortable rooms, and elevator service. American plan. Rates $2.00 per day, and upwards.

F. J. MURRAY,
Proprietor.

HOTEL CARSLAKE, MONTREAL. European plan—opposite Grand Trunk, Geo. Carslake, Proprietor.

Synopsis of Canadian Northwest Land Regulations.

ANY PERSON WHO IS THE sole head of a family, or any male over 16 years old, may homestead land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother, or sister of an intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, solely owned and occupied by him, or his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price $3.00 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price $3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth $300.00.

W. W. CORY,
Deputy of Minister of the Interior.

To Western Canada, March 15, 22, 29, April 5 and 12, via Grand Trunk Railway System, from stations in Ontario, Kingston and west, to certain points in Saskatchewan and Alberta. Particular attention is called to the fact that low rates apply to points on Grand Trunk Pacific Railway, a new territory full of "Golden Opportunities." Secure tickets and further information from Grand Trunk Agent or address J. D. McDonald, D.P.A., G. T. Ry., Toronto.

Canadian Pacific.

Parlor Car Notice: Commencing on Monday, March 7th, parlor car will be attached to local trains leaving Peterborough at 7.55 a.m., and Toronto at 5 p.m. Seats in this splendid car only 25 cents extra. Seats reserved at city office.

GRAY HAIR

Dr. Tremain's Natural Hair Restorative will restore gray hair to its natural color. Two persons might use from the same bottles and the hair of one become black and the other blonde, just as they were in youth, so it is not a hair dye, will not injure the scalp, and is no trouble to apply. We guarantee satisfaction or money back. Price, one dollar. Postage Paid.

THE TREMAIN SUPPLY CO.,
15 Wood Street, Toronto.

NOTICE TO CONTRACTORS.

Tenders For Machinery, Belting, Shafting, Cranes, Air Compressors, Etc.

SEALED TENDERS, addressed to the undersigned, and marked on the envelope "Tender for Machines and Tools," "Tender for Leather Belting" etc., etc., as the case may be, will be received at the office of the Commissioners of the Transcontinental Railway, at Ottawa, Ontario, until 12 o'clock noon of the 19th day of April, 1910, for:

(1) Machines and tools;
(2) Leather belting;
(3) Shafting, hangers, steel frame work, etc.;
(4) Miscellaneous equipment, industrial track and lockers;
(5) Motors;
(6) Furnaces and forges;
(7) Cranes;
(8) Air compressors;
(9) Grey iron foundry equipment and brass foundry equipment;

required for the equipment of the locomotive and other shops of the Commissioners of the Transcontinental Railway at Springfield, east of Winnipeg, Manitoba.

Tenders will be received and considered for any or all of the items indicated above and numbered from 1 to 9, both inclusive.

Plans and specifications may be seen in the office of the Chief Engineer of the Commissioners at Ottawa, Mr. Gordon Grant, and in the office of the District Engineer of the Commissioners at St. Boniface, Man. Mr. S. R. Poulin.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied by the Commissioners, which may be had on application to the Chief Engineer at Ottawa, or to the District Engineer at St. Boniface, Man.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada, payable to the order of the Commissioners of the Transcontinental Railway for a sum equal to ten per cent. (10 per cent.) of the amount of the tender.

Any person whose tender is accepted shall within ten days after the acceptance thereof sign the contract, specifications and other documents required to be signed, and in any case of refusal or failure on the part of the party whose tender is accepted to complete and execute the contract with the Commissioners, the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure, and all contract rights acquired by the acceptance of the tender shall be forfeited.

The cheques deposited by parties whose tenders are accepted will be deposited to the credit of the Receiver General of Canada as security for the due and faithful performance of the contract according to its terms.

The cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

The right is reserved to reject any or all tenders.

By order,
P. E. RYAN,
Secretary, The Commissioners of The Transcontinental Railway.
Ottawa, 2nd March, 1910.

Newspapers inserting this advertisement without authority from the Commissioners will not be paid for it.

A VAST TASK

Of Ruling Empire—R. L. Borden Gives Americans Some Idea of Britain's Job.

Boston, Mass., March 24.—"The task which confronted George Washington and Alexander Hamilton, in the construction days following 1784 was not unlike that which confronts the statesmen of the British Empire at the present time," was the declaration made in an interesting address delivered before the Boston Canadian Club last night by R. L. Borden, leader of the Conservative party of Canada. He said, in part:

"The task of the British Empire today is one of surpassing greatness You have great problems, but consider for a moment, those of the Empire.

"Double the area of your vast territory, divide it into a hundred fragments, great and small, and distribute them along the continents, and throughout all the seas.

"Concentrate three-fourths of your white population into an area of 250,000 square miles, and make it dependent on your overseas dominion for its food supply.

"Undertake the government of a distant alien population of 300,000,000 endowed—mayhap encumbered—with very old complicated civilizations, embracing 50 jarring and jealous nationalities, a hundred religions, a thousand different castes, and still unpermeated by any real capacity for the task of self-government.

"Add to your responsibilities some 50 colonies and protectorates, scattered throughout the world, and governed by such diverse administrative methods as are best adapted to the requirements of their several peoples.

"Complicate this situation by the growth of great neighboring naval powers, tending to deprive you of that secure and open path across the seas, which would be absolutely essential to the integrity and cohesion of your Empire.

"And commit the control of so vast an empire to a parliament that is called upon to settle not only great imperial questions, but a thousand matters all purely domestic concern, which in the United States air Canada is largely left to State or Provincial Legislatures or to municipal authorities.

A failing tiny nerve—no larger than the finest silken thread—takes from the Heart its impulse, its power, its regularity. The Stomach also has its hidden, or inside nerve. It was Dr. Shoop who first told us it was wrong to drug a weak or failing Stomach, Heart or Kidneys. His prescription—Dr. Shoop's Restorative—is directed straight for the cause of these ailments—these weak and faltering inside nerves. This, no doubt clearly explains why the Restorative has of late grown so rapidly in popularity. Druggists say that those who test the Restorative even for a few days soon become convinced of its wonderful merit. Anyway don't drug the organ. Treating the cause of sickness is the only sensible and successful way Sold by all dealers.

IF SICK--WHY PAY

Unless Health First Returns.

Here is what should and can be done!

Now you would not willingly pay for that which you had not received?

Then why pay for a medicine until it has proved its merit?

Positively, knowing full well, as I do, that my medicine has in it the power to make health, I am willing to furnish it to any sick person who is afflicted with a stomach and kidney trouble to pay—

Simply when it has proved its claim to do so. Simply when "Dr. Shoop's Restorative is acknowledged by Free Of It Self."

Let others do the asserting of what their powerlessness is.

If you need more strength, more vitality, more vigor or more vim, one day's use of Dr. Shoop's Restorative will show you how I can make you well.

When the stomach, Heart, or Kidneys, or all three, fail to do their work, then Dr. Shoop's Restorative is what you need. Not a stimulant, but a restorative. That is the way. I make no false claims. I only say what I am able to say. This is from my heart to yours. Is that fair?

This is why I say—Take no chances on a medicine with no maker there and back of it. But I do by this remarkable offer.

So write me today for the order.

I have appointed honest and responsible druggists in nearly every community to whom you can go to the sick.

But write me first for the order.

All druggists sell Dr. Shoop's Restorative, but all are not authorized to give the 25 day test. So drop me a line for my offer. Don't accept substitutes and don't, but see if the full name is on the package you need.

A postal will do.

Besides, you are free to consult me on all points concerning your health. My advice and the book I send you are yours—and without cost.

Perhaps a word or two from me will clear up some unusual symptoms. I have helped thousands upon thousands by my private prescription and personal advice plan. My best efforts are at your service. If sick or ailing in any way, write me and tell me how you are having ill health to contend with. Address Dr. Shoop, Box 12, Racine, Wis.

OTHER PARTS CAN HARDLY COMPETE SECURING SETTLERS.

Should Have Agent There—South Australian Government Advised to Station One in West.

London, March 24.—The Newfoundland Oilyelds has been formed with a capital of £200,000.

At a meeting of the Canada Company, the chairman, J. C. Weld, respecting immigration, said the governments of Ontario, Quebec, Nova Scotia and New Brunswick seemed lethargic compared with the Western Provinces. The company could not compete with the advantages offered further West, but hoped to get valuable considerations in regard to the outbursts of natural gas which interfered with oil operations.

Kyffin Thomas, reporting to the South Australian Government on the fruit trade and other questions, advises the appointment of a trade representative in Western Canada, with the object of developing such trade. He was much impressed with the possibilities.

Fortify now against the grip—for it comes every season sure! Preventics—the little Candy Cold Cure Tablets—offer in this respect a most certain and dependable safeguard. Preventics, at the "sneeze stage" will, as well, also surely head off all common colds. But promptness is all important. Keep Preventics in the pocket or purse, for instant use. Box of 48 for 25c. Sold by all dealers.

Croup positively stopped in 20 minutes, with Dr. Shoop's Croup Remedy. One test alone will prove this truth. No vomiting, no distress. A safe and pleasing syrup—50c. Sold by all dealers.

Little Local Lines

The five-cents showed did a rattling business Good Friday.

People are wondering what our tax rate will be when we get a few other things we need, such as paved streets, new city hall; etc.

Mr. D. W. Dumble will be in his office on the nights of Tuesday and Saturday each week from eight to ten p.m., to meet applicants for purchase of lots.

The railways are reaping a splendid Easter harvest this year, as business at this season never was better.

Messrs. Walter Crowe and Thos. Hull of Dummer, had an exciting time on Friday of last week, at the head of Stoney Lake, when they unearthed two bear's dens. Six bears were secured, the pelts being in good condition.

THE LATE WILLIAM STAUNTON.

Demise of Old and Respected Citizen on Friday.

A particularly sad death occurred Good Friday morning at 11.20 o'clock, when Mr. William Anthony Staunton passed away after three days' illness, of pneumonia, at his late residence, 20 Benson avenue. Mr. Staunton has been a respected resident of Peterborough for 21 years, coming here from Orillia in 1889. He was born in Clifden, County of Galway, Ireland, 72 years ago, and received his education in Trinity University, Dublin. In 1861 he was married to Margaret Hussey of Lindsay, who predeceased him two years ago.

Mr. Staunton was a devoted member of St. John's church, and a staunch Conservative in politics. He leaves to mourn his loss nine children: Capt. W. R., of Port Arthur; Mrs. T. W. Wood, Orillia; Mrs. S. F. M. Touchbourne, "Pinehurst,"

Ida; Mrs. James Pavitt Archer, Campbellford; Wilfrid J., Spokane, Wash.; Miss Maude, Ernest, Clarence and Harvie of this city.

General sympathy is extended to the family as it is only two weeks since the death of the eldest brother.

A SPLENDID REPORT.

Toronto General Trusts Issue Handsome Booklet.

The Times is in receipt of a very neat and tasty booklet from the Toronto General Trusts Corporation containing the annual report of that prosperous institution. Although the full report has already appeared in these columns it will not be out of place to state $3,615,005.93 of new business has been undertaken by the corporation during the year. The net profits of the year, after payment of all expenses at the head office and branches, and after making provision for every ascertained loss, amount to $162,353.78, as compared with $131,181.68 for 1908. To these net profits have to be added $22,417.16 brought forward from 1908, thus leaving $184,770.94 at the credit of profit and loss, as against $153,350.66 in 1908.

The above speaks for itself, and shows that Mr. J. W. Langmuir, the popular managing director, and his associates, are to be congratulated on the very great success which they have achieved.

SPRING ASSIZES OPEN TODAY.

Robert Henderson Will Stand Trial on Charge of Murder.

Robert Henderson will stand trial on a charge of murdering Margaret McPherson near Norwood at the Spring Assizes which open before Mr. Justice Riddell today at one o'clock. There are two criminal cases and two civil cases.

A great deal of interest has been aroused in the McPherson trial throughout the country and the proceedings will be followed closely.

Nothing in the way of a cough is quite so annoying as a tickling, teasing, wheezing, bronchial cough. The quickest relief comes perhaps from a prescription known to Druggists everywhere as Dr. Shoop's Cough Remedy. And besides it is so thoroughly harmless that mothers give it with perfect safety even to the youngest babes. The tender leaves of a simple mountain shrub give to Dr. Shoop's Cough Remedy its remarkable curative effect. A few days' test will tell. Sold by all dealers.

BASEBALL.

The annual meeting of the T.A.S. Athletic Club will be held on Wednesday night next. All members are expected to be present. In addition to the election of officers and reception of reports other important business will be taken up.

ANNUAL MEETING.

Peterborough Lawn Bowling Club Will Organize on Friday Next.

The annual meeting of the Peterborough Lawn Bowling and Tennis Club will be held Friday, April 1, at 8 p.m., in Dominion Bank Chambers. Members are particularly requested to be present as election of officers for the year will take place and any persons who intend playing with the club are also asked to be present. The greens have wintered well and it is expected will be in the best shape they have yet been.—Dr. Marshall, Sec.-Treas.

Fully nine out of every ten cases of rheumatism is simply rheumatism of the muscles, due to cold or damp, or chronic rheumatism, neither of which require any internal treatment. All that is needed to afford relief is the free application of Chamberlain's Liniment. Give it a trial. You are certain to be pleased with the quick relief which it affords. Sold by all

Junk Wanted

All kinds of junk wanted for which good prices will be paid.

Telephone No. 964 or drop a card and a rig will be sent to any part of the city.

267 Simcoe St.,
Peterborough.

TENDERS FOR DREDGING.

SEALED TENDERS addressed to the undersigned and endorsed "Tender for Dredging" will be received until Tuesday, April 12th, 1910, at 5 p.m., for dredging required at the following places in the Province of Ontario:

Byng Inlet, Cobourg, Goderich, (Kincardine, Lion's Head and Port Elgin,) Owen Sound, Picnic Island, Port Burwell, (Port Hope and Whitby), Rainy River, River Thames, Rondeau, Sault Ste. Marie.

Tenders will not be considered unless made on the form supplied, and signed with the actual signatures of tenderers.

Combined specification and form of tender can be obtained on application to the secretary, Department of Public Works, Ottawa. Tenders must include the towing of the plant to and from the works. Only dredges can be employed which are registered in Canada at the time of the filing of tenders. Contractors must be ready to begin work within thirty days after the date they have been notified of the acceptance of their tender.

An accepted cheque on a chartered bank, payable to the order of the Honorable the Minister of Public Works, for six thousand dollars ($6,000.00) must accompany the tender. The cheque will be returned in case of non-acceptance of tender.

The Department does not bind itself to accept the lowest or any tender.

By order,
NAPOLEON TESSIER,
Secretary.
Department of Public Works,
Ottawa, March 21, 1910.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.

WAS TAKEN SICK FROM CATCHING COLD PE-RU-NA RELIEVED.

MISS ERNESTINE BOUVARD, Duck Lake, Saskatchewan, Can., writes:

"At the close of 1908 I took sick as the result of catching cold. I became very weak and could not do anything.

"I consulted a doctor who had me take various kinds of medicine, but I did not find any relief from my sufferings. At the advice of a friend, I wrote to you and you advised me.

"After I had taken two bottles of Peruna there was noticeable improvement. I combined the use of Peruna, Manalin and Lacupia and after taking several bottles of each I find myself entirely cured.

"I can certify that it was through your medicines that I recovered my health. I advise every one who is similarly afflicted to obtain Dr. Hartman's advice and be benefited.

Mrs. Wilda Moores, R. F. D. No. 1, Lents, Oregon, writes:

"For the past four years I was a wretched woman, suffering with severe backaches and other pains, leaving me so weak and weary that it was only with difficulty that I was able to attend to my household duties.

"I used different remedies, but found no relief until I had tried Peruna.

"Within two weeks there was a change for the better, and in less than three months I was a well and happy woman.

"All the praise is due to Peruna."

Peruna is not a local remedy, but an internal systemic remedy. It will relieve catarrh in its most obstinate form.

National Mining & Tunnel Company

WHERE OUR MINES ARE

Our mines are in the greatest camp in America, Leadville, Col. Leadville has been producing gold, silver and lead for forty-nine years. Cripple Creek, famous on two continents, has produced but $90,000,000. Leadville has produced 425,000,000. Our mines are located on the most productive part of Sugar Loaf. John W. McMahon, Clerk and Recorder of the county, in a personal letter, says: "This mountain is known to contain the richest mineral belt in this rich county."

WHAT WE HAVE

Our properties consist of the following: 12 proven mines, 140 acres; contiguous to these, valuable mining properties, 61 acres; timber claims containing timbers for many years, 20 acres; the copper-gold ledge on the crest of the mountain, 145 acres, total 400 acres. The mountain is four miles long, two miles wide and eighteen hundred feet high. It has produced to an average depth of but 150 feet, where the copper acid waters prevented further operations by shaft, $12,000,000.

CONDITIONS FAVORABL SUCCESS

We are driving a big tunnel in from the foot of the mountain, at right angles to these veins, and will drain out the acid waters, and have the vast ore body above us of easy access. Our mines, which have produced over $2,000,000, occupy a central position among these mines, an evidence that we shall cut through the heart of the mountain's rich known ore systems, and affording a strategical position relative to other properties. On the right and left are mines which have produced millions, whose ores must come out through our big tunnel, and which must pay us satisfactory royalties.

Operation of our tunnel and mines by electric power. We are driving our tunnel by 75 h.p. electric motor, equipped with an air compressor for driving drills, trolley for operating cars, etc. Within six months we should reach our first proven mines, and should cut through the second and third, and become a large producer before the year closes.

Transportation by rail to the largest custom smelter in the world, four miles away.

Low freight rate, 30c per ton.

An insatiable market for our ore, and settlement the first of every month.

Large ore value, and low cost of production. Ores run 50 to 150 per ton by the car load. The total cost of production is about $8.00. The majority of the stock is pooled for ten years, and cannot be sold. Capitalists cannot get hold of the stock, and freeze anybody out.

The Directors are men of high personal and financial standing. The business will be managed ably and honestly, and every one will share alike in proportion to his stock.

VOL. XXXIII NO. 70 PETERBOROUGH, ONTARIO TUESDAY MARCH 29 1910 PRICE TWO CENTS

250 Were Killed at Ball Held in a Hotel

A Woman's Dress was Seen Ablaze, and Instantly the Fire Spread to Other Dresses—A Panic Followed, and Many were Trodden to Death

Mate-Szalka, Hungary, March 28.—Two hundred and fifty people were killed and many others injured in the village of Oekoerite, when fire broke out in a hotel where a ball was being held. A coach house connected with the hotel had been fitted up as a ball room, and last night was crowded with several hundred guests when the fire started. It was first noticed when a woman's dress was seen to be ablaze, and a moment later the gowns of several other women were in flames. A panic followed and a mad rush to the exits, where many people fell, and were trodden to death by others. To make matters worse, the roof fell in before the hall could be cleared, and many injured ones and, those who, because of the crush at the doors had been prevented from making their escape, were buried with the dead in the ruins.

YOUNG GIRL WAS LURED TO DEATH

DECOYED BY OFFER OF A STENOGRAPHER'S JOB, WAS FOULLY MURDERED.

One Man Under Arrest—Girl Had Been Strangled and Attempt Made to Burn the Body.

New York, March 28.—The body of Ruth Wheeler, the little girl graduate who was lured from her widowed mother last Thursday by a decoy offer of employment, was found late Saturday afternoon huddled in a gunny sack, on a fire escape outside the apartment of Albert Wolter, the man charged with her abduction. She had been strangled with a short end of rope, hacked with a knife, burned beyond recognition, and thrust carelessly out of doors like so much rubbish.

Identification was possible only by shreds of clothing and fragments of jewelry, but there was abundant evidence of how the murder had been done. Around the neck were the charred fibres of manilla rope burnt into the flesh. The apartment reeked with kerosene. There were oil stains in front of the newly painted fire board that hid an open grate.

The girl's clothing and hair had been saturated with kerosene, the fireboard had been removed and the body thrust up the chimney, standing. When the match was touched to her, she burned like a torch. Probably the murderer had hoped for an opportunity to remove the body under cover of night, but when the girl's disappearance raised such an uproar and he began to suspect he was shadowed he packed up and fled.

A WELL BRED GIRL.

Ruth Wheeler was 15 years of age, the youngest of three sisters bred by their mother, a dressmaker, to self-support. Both the elder sisters are stenographers, and Ruth had just been graduated from a business college.

The girl had been carefully brought up. She was never on the streets at night and her failure to come home for 24 hours without explanation meant more than a caprice. The next morning her sisters, Pearl and Adelaide, in serious concern, went to the college and learnt that the following post card had been turned over to her:

"Dear Madam: Please call in reference to position of stenographer at residence of the secretary. (Signed) A. Wolter, 122 East 105th street."

Investigation at the address given soon showed that Wolter, whom his landlady described as a sickly, white faced youth of about twenty, with flashy clothes, and elaborately curled hair, had left the apartments where he lived with his wife, earlier in the same day. He received many calls from young girls, said the landlady, and she had particularly noticed that the last one who called was fresher of face and better dressed than the ordinary run of them.

BETRAYED BY WIFE.

When Wolter fled, the detectives waited for his wife. When she appeared they trailed her to a corner, where she met a man answering Wolter's description. He was immediately arrested, taken back to the room he had vacated, and searched. At first he denied writing postal cards to the schools, but when detectives turned up answers from business schools, addressed to him at various house numbers, he admitted the correspondence, but could not explain it.

Before a magistrate he had nothing to say, but to others he admitted that the woman with whom he was living is not his wife. He met her shortly after coming to this country from Germany two years ago, he said; they fell in love and set up housekeeping. Last summer he and she had worked at Irvington-on-the-Hudson at a boarding house. They came to this city last month and since then the woman has supported him by working in a laundry.

MEN—YOU NEED NERVE

EARLY INDISCRETIONS AND EXCESSES HAVE UNDERMINED YOUR SYSTEM

The nerves control all actions of the body so that anything that exhausts them will weaken all organs of the system. Early indiscretions and excesses have ruined thousands of promising young men. Unnatural drains sap their vitality and they never develop to a proper condition of manhood. They remain weak mentally, physically and sexually. Have you lost? Are you nervous and weak, despondent and gloomy, with forebodings of evil, dark circles under them, [illegible] irritable, palpitation of the heart, [illegible] dizzy dreams, aching at the crown, pimples on the face, eyes sunken, hollow cheeks, careworn expression, poor memory, lifeless, distrustful, lack energy and strength, tired mornings, restless nights, changeable moods, pessimistic, bone pains, hair loose, etc.

This is the condition our New Method Treatment is GUARANTEED TO CURE

We have treated thousands of men for almost a Million Dollars and do not have to experiment. Consult us FREE OF CHARGE and we will tell you whether you can cure or not.

We guarantee curable cases of NERVOUS DEBILITY, VARICOSE VEINS, BLOOD AND SKIN DISEASES, GLEET, BLADDER URINARY AND KIDNEY COMPLAINTS

Free Booklet on Diseases of Men. If unable to call write for QUESTION LIST FOR HOME TREATMENT

If you desire to see us personally call at our Medical Institute in Detroit as we are and treat as professed in our Windsor offices which are for Correspondence and Laboratory for Chemical business only. Address all letters as follows: DRS. KENNEDY & KENNEDY, Windsor, Ont.

Girls Arrested for Offensive Talk

Philadelphia, March 28.— The sympathetic strike in aid of the trolleymen having been officially declared off yesterday by the Central Labor Union, there was a general resumption of work today.

All men who went out on sympathetic strike did not find employment when they reported, however, their places having been filled in instances by non-union workmen.

About 50 girls employed in a shirt factory today were taken into custody for disorderly conduct. They are accused of making offensive remarks to motormen and conductors. They will be given a hearing later in the day. Many factories employ wagons to haul their employes to work as the later refuse to ride on cars while the strike continues. The girls had been under police surveillance for some days and it was finally decided to use drastic measures to stop their insults to men at work on the cars.

A GOOD CITIZEN GONE.

Demise of Mr. James Stenson, One of Peterborough's Oldest and Most Esteemed Business Men.

It is with extreme sorrow that we are forced to record the death of Mr. James T. Stenson, one of Peterborough's oldest business men, and most esteemed citizens. The sad event occurring yesterday morning, death coming with terrible suddenness, at the family residence, 349 Reid street.

It appears that Mr. Stenson arose about seven o'clock, as was his custom, and went out to the woodshed, where he was seized with sudden illness, and passed away without any one seeing him. Half an hour after he was missed, and Mrs. Stenson started a search, and was shocked to find her husband lying dead. Medical assistance was quickly summoned, but he had passed beyond human aid Although not of robust health, Mr. Stenson was able to be down to business occasionally, and was at his store on Saturday last, and also at St. Paul's church Sunday.

Mr. Stenson was 73 years of age, and was born in Ireland. He came to this country when only five years old, and has resided in Peterborough ever since. His father embarked in the boot and shoe business, and when the deceased grew into manhood, he was admitted as a partner under the firm name of Robert Stenson & Son. On the death of his father, Mr. Stenson continued the business, and made a record for honesty and uprightness that any man should envy. Of a kindly disposition he was ever ready to help the weak or brother, and during his long and useful life, he always lived up to the Bible injunction, "Do unto others as ye would that they should do unto you."

Mr. Stenson served in the town council and took an interest in every thing that went to advance the best interests of the place. He was a Liberal in politics, and a consistent member of St. Paul's church. He is survived by a wife, one daughter, Miss Stenson, living at home, and seven sons. The sons are, Robert, of Kaslo, B.C.; William, of Toronto; Harry, of Nome, Alaska; Charles, of Lynn, Mass.; George, of New York, and Fred and Herbert of Peterborough, associated with their late father in the business. Mr. Stenson was a member of Peterborough Lodge A.F. & A.M.

Fights Scheduled for This Date.

Jim Berry vs. Jack Burns, 20 rounds, at San Francisco.

Owen Moran vs. Abe Attell, 10 rounds, at New York.

DIED AT LOS ANGELES.

Mrs. W. E. Sherwood Passed Away Friday.

Word was received here of the death at Los Angeles on Friday, March 25th, of Mrs. Charlotte E. Sherwood, relit of the late W. E. Sherwood of Peterborough.

The late Mrs. Sherwood went to Los Angeles in October to reside with her daughter, Mrs. E. L. Howe. She had been ill for about four months. She was a consistent member of St. John's church.

Surviving are a family of three sons, four daughters. The sons are W. J., of Peterborough; Ernest of the State of Ohio, and Frank of San Francisco. The daughters are Mrs. T. Q. Quartermaine, Peterborough; Mrs. R. Stevenson of Brazil, Ind., and Mrs. W. C. Poussette, and Mrs. E. L. Howe, both of Los Angeles. Mrs. Sherwood was a sister of the late John Carnegie.

The remains will be brought to Peterborough for interment.

THE LATE MARY PARKS.

An Old and Esteemed Resident Passes Away.

After a lengthy illness, the death occurred yesterday morning, of Mrs. Mary Parks, relict of the late Nelson T. Parks, at the advanced age of 82 years. The deceased lady was born in the township of Seymour, and had lived in this city for the past thirty years. She is survived by two sons and two daughters, who are Mrs. C. Parks, of Detroit; Mrs. Robt. Tamblin, and Mr. R. S. Parks of this city, and Mrs. E. Webb of Orillia.

The funeral will take place from the residence of Mr. Robert Tamblin, 59 Victoria avenue, this morning at 10.30 o'clock to Little Lake cemetery. Service will be conducted at the house by Rev. R. Fee at ten o'clock.

BAD KICK FROM A HORSE.

Mr. T. S. Kelly, of Markerville, Alberta, says: "We have proved Zam Buk of great value on the farm. I was kicked by a horse and sustained a nasty wound, which finally turned to an open sore. This caused me considerable pain, but as soon as Zam-Buk was applied, I got relief. In a short time Zam-Buk completely healed the wound.

"My father sustained a bad burn on this leg, which for a long time would not heal. Zam-Buk healed it, and brought on a covering of new, healthy skin all over the wound in a few days.

Zam-Buk is also a sure cure for eczema, ulcers, bad leg, piles, abscesses, cold cracks, cuts, scratches, burns, children's rashes, and all skin diseases. Obtainable, druggists and stores, everywhere, 50c box, or post free from Zam-Buk Co., Toronto, for price.

18,000 Sailed for Canada During March

London, March 28.—In consequence of the emigration boom, more companies are running extra boats. The Canadian Pacific Railway has engaged the Montrose, carrying over a thousand third-class passengers. During April, fifteen liners will sail, every second and third cabin is booked. Nearly 18,000 emigrants sailed during March. This rate, at least will be maintained until June. A much better class of people is emigrating, a larger percentage being farmers and agricultural laborers. The Canadian Pacific is inaugurating a scheme of ready-made poultry farms for women. The Northumberland miners' union has issued a warning against going to Nova Scotia.

This Date in History

1797—The Mohawks relinquished all their claims to land in the State of New York.
1814—Ex-Empress Josephine died at Malmaison. Born in 1763.
1867—Act passed for the union of Canada, Nova Scotia and New Brunswick under the name of the Dominion of Canada.
1873—The Northwest Mounted Police force organized.
1897—The Hon. A. E. B. Davie became premier of British Columbia.
1892—The Bering Sea arbitration treaty ratified by the United States Senate.

A SEANCE AND ITS RESULTS

TOLD HIS COUSINS HAD POISONED CALVES AND BELIEVED IT.

Guilty of Intimidation—He Now Confesses He Tried to Bully Them Into Giving Him Money.

Dunnville, Ont., March 28.—A new stunt was pulled off in the Dunnville police court before P.M. Brown, when James Pollick of Canboro, laid information against Richard Higgins and Wm. Warren of Thorold, for intimidation. They pleaded guilty.

In 1908 Warren had a couple of calves, which got sore feet, and he came to the conclusion they had been poisoned. Just here is where Warren took up entirely new course. Instead of employing a detective, he went to Buffalo and consulted a medium. The seance had two results. Warren was relieved of some surplus coin, and was advised that Warren's two cousins, one living at Niagara Falls and the other in Canboro had done the poisoning. After writing letters demanding $93 and $9 interest, to the two men without result. Warren got Bailiff Higgins and they started to personally interview them. The Niagara Falls man threatened to throw them both in the river, so they hiked for Canboro, and after producing handcuffs made threats in order to induce Pollick to disgorge. Finally they left, when Pollick came to Dunnville and secured a warrant. Higgins, who is 76 years old, was let off on suspended sentence, and Warren sent to Cayuga for sentence by the county judge.

DR. VOGT HERE.

Dr. Vogt of Toronto, was in the city last night and attended the rehearsal of the "Geisha." Dr. Vogt thoroughly enjoyed the rehearsal and said that he would strongly recommend the company to be heard in Toronto in connection with the Earl Grey competition.

NAVAL QUESTION IN QUEBEC HOUSE

SAY THE FRENCH-CANADIANS ARE OPPOSED TO NAVY.

Driving the French Out—Emigration From Province Alarms Some—Ontario Held Up as an Example.

Quebec, March 28.—The declaration made by Hon. Mr. Taschereau, minister of public works, in the Quebec Cabinet, in regard to the attitude of the Province on the question of an Imperial navy, was probably the chief theme of the opposition in their attack on the government during the debate on the speech from the throne in the legislature which was brought to an end just before the Easter adjournment.

"I defy the honorable minister to prove by a vote of this House that his utterances on the Imperial naval question represented the attitude of the Province of Quebec," declared Mr. Sauve, one of the leading French-Canadian members of the opposition, and this sentiment was echoed by all the other speakers.

That the French-Canadians of the Province were opposed both to a financial contribution and to the establishment of a navy—in fact, that Mr. Taschereau was wrong in declaring that the French-Canadians of the Province of Quebec were willing and anxious to play their part in whatever plan might be agreed upon—was the contention of the speakers.

The minister was under fire for a considerable portion of the debate, but he made no defence of his attitude, nor did any of the French-Canadian speakers on the government side, offer any opinion on the subject.

Mr. Prevost, who is in one way the most eloquent of the opposition speakers, was particularly bitter in his condemnation of Mr. Taschereau for taking upon himself the task of publicly declaring the attitude of the Province without warrant from the legislature, and, as he declared, against the wishes of the great French-speaking majority.

Belleville Lady Caught in a Burning House

Belleville, March 28.—At one o'clock yesterday morning, fire broke out in the residence of ex-Chief of Police George Snider of Trenton, and before extinguished, the building and all the contents were completely destroyed. Mrs. Snider, who was alone in the house, discovered the fire, but it gained such headway she was unable to get out. By firing several shots from a revolver, she alarmed the neighbors, who arrived just in time to rescue the woman from the roof of the verandah. She was clad only in her night clothes. Two children were spending the night at a neighbor's house. The building was owned by Geo. Crowe, and was partially covered by insurance. The contents were also insured. The origin of the fire is a mystery. Ex-Chief of Police Snyder was the man sentenced by Judge Fralick on Saturday to two months in jail here for obtaining money under false pretenses.

Roosevelt Made Egyptians Wince

Cairo, Egypt, March 28.—Disregarding all warnings against any further rufflling of the Nationalists, Col. Roosevelt today in his address at the University of Egypt, took a "four square" stand for law inforcement, and denounced the recent assassination of Boutros Pasha, the premier, in such vigorous fashion as to surprise even those who knew of the colonel's fearlessness.

The Nationalists are charged with the responsibility for Boutros' assassination, and many of his hearers' winced under the colonel's denunciation of the crime.

Referring to the assassination, he said:

"Men of every nation of respect and worth were inexpressibly shocked at the recent assassination of Boutros Pasha. This was a greater calamity to Egypt than the wrong of the victim of the assassination, who was himself the type of man that such a spirit turns out.

"The assassin is a type possessing all the qualities most alien to good citizenship. The type produces poor soldiers in time of war, and worse citizens in time of peace. Such a man stands at the very pinnacle of evil and infamy. Those who apologize for the assassination, or who by word or deed, directly or indirectly encourage such an act in advance and defend it afterwards, stand on the same bad eminence.

"It is of no consequence whether the act was committed in political or industrial warfare, whether the rich hired it done and the poor executed it, whether it was committed under the pretence of preserving order or obtaining liberty, it is equally abhorent in the eyes of all decent men, and in the long run, equally damaging."

Easter Vestry Meetings

ST. JOHN'S.

The vestry meeting in St. John's church last night was merely an informal gathering of seven members to keep within church law. The adjourned meeting will be held two weeks hence when wardens will be appointed, the financial statement presented, lay delegates, sidesmen and ushers appointed, and reports of several church societies received and acted upon.

ST. LUKE'S.

At St. Luke's vestry meeting Mr. J. J. Turner, Jr., was appointed people's warden, and the rector reappointed Mr. U. T. Hayes as his warden. The lay delegates appointed are: Messrs. Wm. Manience, J. J. Turner, jr., and G. S. Ward. The wardens' statement showed the finances of the church to be in a satisfactory condition.

ALL SAINTS.

At All Saints' vestry meeting Mr. James Edgar was reappointed people's warden, and Mr. W. G. Howden, rector's warden.

Last year's receipts were $275 in excess of expenditures, while the Easter offertory for the new church amounted to $950. The lay delegates appointed are: Messrs. E. L. Davis, W. G. Howden and John Edgar.

Settlement Made on Canada's Own Terms

Tariff War Averted but U. S. Gets Mighty A Little---All the Lower Duties Granted Her will be Given to the Whole World

Washington, March 28.—It is stated here, but with what degree of authority it is hard to say, that Canada's concessions are not exclusive to the United States, but that the same low rates are granted to the whole world.

The settlement of the tariff controversy is declared to have been upon practically the very terms originally proposed by Mr. Fielding at Ottawa.

In temporarily settling the Canadian tariff dispute President Taft has also determined to close up the whole situation in substantially the following terms:

1. Complete extension of our full minimum rates to Canada on the same basis as at present, with the possible reservation that this is done pending the settlement of some trade problems that are to be further worked out.

2. Grant by Canada to the United States of intermediate rates on substantially the same basis with France and other countries upon thirteen items of American production.

IS THIS THE TRUTH?

3. Assurance that the Dominion as a whole will not prohibit the exportation of pulpwood or wood pulp.

4. Mutual assurances of good treatment in the use of canals and waterways.

5. An understanding of a comparatively vague sort that both sides will see what can be done toward the working out and presentation of more inclusive trade arrangements for the future.

These points may be changed in some particulars before the final announcement is made on Wednesday next, but they are understood to represent the substantial outlines of the situation as now developed.

HONORS FOR SHACKLETON.

Antarctic Hero Being Feted in New York City.

New York, March 28.—The first of a series of notable functions arranged in honor of Sir Ernest Shackleton, C.V.O., the noted Antarctic explorer, took place today when a luncheon in his honor was given by the Pilgrims of the United States. The affair was held at the Lawyers' Club, and was attended by many men of distinction. Tomorrow night Sir Ernest will deliver his first public lecture in the United States at Carnegie Hall. Joseph H. Choate will preside and Commander Peary will make the address of welcome.

Chief Hessel Dying.

His condition is pronounced hopeless by Dr. Scott, the physician in attendance.

SAYS NO GOOD CAN COME OF TRADE WAR

Hon. J. R. Stratton Pleased at Prospect of an Amicable Adjustment.

Hon. J. R. Stratton and Mrs. Stratton are in New York spending the Easter holiday. From the New York Herald of Friday we clip the following relating to the trade question:

Mr. J. R. Stratton, of Peterborough, member of the Canadian Parliament, vice-president of the Traders' Bank of Canada, and once Provincial Secretary of Ontario, who is registered at the Waldorf-Astoria, expressed pleasure when seen by a reporter for The Herald yesterday, that the threatened trade war between Canada and the United States promised to be averted. Much is to be lost and nothing gained for either nation by a tariff controversy. Mr. Stratton thinks, and he considers it a matter for congratulation that the representatives of both countries have approached the subject in a high-minded way.

"Canada has not discriminated against the United States," he said. "Our treaty with France was made long before the Payne-Aldrich tariff, Canada made similar concessions, as provided in the French treaty, to several other countries that came within the favored nation arrangements of Great Britain. If the United States had been in that class it would have come in with the others.

"Canada feels that she is not responsible for the present situation. The United States has created it, and it would be absurd generosity, if not humiliation, for Canada to make concessions to escape the penalty the United States has placed itself in a position to impose by a rigid interpretation of what discrimination means.

"The general Canadian feeling, is, I am sure, that if our nearest neighbor, our most natural market, does not want to do business with us in a pleasant and profitable way we must pursue our own way and do the best we can. I do not speak for the Government, but I am sure that the popular feeling will be behind it in maintaining its present situation.

"Then, I omitted to say that another point of self-protection that Canada, if forced to do so, can resort to is available. To compensate the trade if the maximum tariff were placed the preference for Great Britain would be increase and no doubt an increased preference would result in as great an increase of trade as did the original preference.

"However, all parties are to be congratulated upon the prospect of an amicable settlement that will be in the trade interests of both countries. Canadians feel that President Taft has acted in a big way, as he comes a big man in every sense, in inviting negotiations. Of course the parties to this conference have nothing to say, but there is every reason to believe that a friendly understanding will be arrived at that would be in the interests of both countries."

A USEFUL LIFE.

Obituary Notice of the Late Mrs. James Coyle Brown.

Obituary notice of the late Mrs. J. Coyle Brown, who died at 162 Smith street, Peterborough, on Monday, March 14th, 1910.

Mrs. Brown's maiden name was Mary Eleanor Embury. She was born in the village of Stirling, Ontario. She was descended from a brother of Philip Embury, who introduced Methodism into North America. Her grandfather was a native of Ireland, who lived for some time in the United States, but came to Canada as a United Empire Loyalist. Her father, the late Thomas Embury, was a native of Canada. In 1871 she was married to Dr. William Patterson, living first at Frankford and afterward at Norwood for a period of ten years, at the end of which the doctor died, leaving her with the care of two children. In 1886 she was married to J. Coyle Brown, who had six children. To bring up eight children, the oldest of whom was only fifteen years old, was a great undertaking.

Outside of her family she took much interest in the Young Men's Christian Association, and for a number of years was a painstaking and efficient treasurer of the Women's Auxiliary of that association. Towards the end of her life she felt keenly her inability to attend St. Paul's Presbyterian church, of which she was a member for twenty-two years.

Her feeble health began in August, 1909, but she struggled on most heroically with the fell disease of which she died. The death of her daughter, Annie, Mrs. G. H. Williamson, in August last, was a great blow. She felt it keenly.

She left to mourn her loss her husband, J. Coyle Brown, seven children, and a grandchild. The children are: C. Roscoe Brown, Gladstone, Manitoba; Blanche Brown, Edmonton, Alberta; Mrs. Duncan, Cobourg, Ontario; Thos. Reginald Brown, Saskatoon, Saskatchewan; William J. Patterson, M.D., Provost, Alberta; Mrs. Craig, Gowganda, Ont., and Harold S. Brown, Toronto, Ontario. The grandchild is Andrew Embury Williamson, Fort William, Ont. Her sisters are Mrs. Clark, Frankford, Ont.; Mrs. Empey, Sioux City, Iowa; Mrs. Moudley, Topeka, Kansas, and Mrs. Goolitz, Las Vegas, New Mexico. She had no brothers.

CHANGE THE VIBRATION.

It Makes for Health.

A man tried leaving off meat, potatoes, coffee, and etc., and adopted a breakfast of fruit, Grape Nuts with cream, some crisp toast, and a cup of Postum.

His health began to improve at once for the reason that a meat eater will reach a place once in a while where his system seems to become clogged and the machinery doesn't work smoothly.

A change of this kind puts aside food of low nutritive value and takes up food and drink of the highest value, already partly digested and capable of being quickly changed into good, rich blood and strong tissue.

A most valuable feature of Grape-Nuts is the natural phosphate of potash grown in the grains from which it is made. This is the element which transforms albumen in the body into the soft gray substance which fills the brain and nerve centres.

A few days' use of Grape-Nuts will give one a degree of nervous strength well worth the trial.

Look in pkgs. for the little book, "The Road to Wellville." "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

Dying of Cholera

Local Physician Says Thousands Dying in Europe Can Be Saved With Proper Medicine.

A WOMAN'S FRIEND.

Inspiring Testimony That Tells How a Sick Woman Can Quickly Regain Health and Strength.

"For years I was thin and delicate. I lost color and was easily tired; a yellow pallor, pimples and blotches on my face were not only mortifying to my feelings, but because I thought my skin would never look nice again I grew despondent Then my appetite failed. I grew very weak. Various remedies, pills, tonics and tablets I tried without permanent benefit. A visit to my sister put into my hands a box of Dr. Hamilton's Pills. She placed reliance upon them and now that they have made me a well woman I would not be without them whatever they cost. I found Dr. Hamilton's Pills by their mild yet searching action very suitable to the delicate character of a woman's nature. They never once grieved me, yet they established regularity. My appetite grew keen — my blood red and pure—heavy rings under my eyes disappeared and today my skin is as clear and unwrinkled as when I was a girl. Dr. Hamilton's Pills did it all."

The above straightforward letter from Mrs. J. Y. Todd, wife of a well-known miller in Rogersville, is proof sufficient that Dr. Hamilton's Pills are a wonderful women's medicine. Use no other pill but Dr. Hamilton's. 25c. per box. All dealers or The Catarrhozone Co., Kingston.

THE MORNING TIMES

The only morning daily newspaper published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $3 per year, strictly in advance.

Strangers visiting Peterborough are cordially invited to make their headquarters at the office of The Morning and Weekly Times, where they will be furnished with writing materials, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

TUESDAY, MARCH 29, 1910.

PRESIDENT TAFT'S SPLENDID WORDS FOR ARBITRATION.

Platonic advocacy of peace and arbitration is now fashionable even in quarters that have no intention of taking a real step forward in the direction of armament limitation and reduction of the staggering war or defense burdens. But President Taft made some declarations before the American Peace and Arbitration League that are significant and progressive—that should, and doubtless will, have great moral effect. They will, at any rate, inspire and gratify all the active peace workers of the world.

It is no small matter to secure submission to arbitration of questions involving construction of treaties and differences over individual claims or minor property rights. It would be a much greater victory for reason, good will and humanity to secure the submission of questions involving "national honor" or "vital interest." The ordinary arbitration speech or article expressly disclaims the idea of including such questions, but Mr. Taft tells the world that personally he sees no moral or practical objection to the arbitration of matters of honor and vital interest. He is prepared to go beyond most men, and all the rules or men so far heard from on the subject, in favoring arbitration before and by proper tribunals of all international disputes without exception or limitation.

Kings, presidents, premiers and foreign ministers will recognize the importance of this "personal" opinion of the head of the United States. It cannot fail to stimulate the work of the true friends of peace—and of the discussion of limitation of armaments by agreement as the next duty and task of the enlightened nations.

DECREASE IN CRIME.

That New York is relatively freer from crime to-day than at any time within twenty years, that there are fewer burglaries and less safe-breaking in particular and less pocket-picking, is a noticeable evidence of the police work done in that city for the last two decades. As a great metropolis New York is the gate through which thousands of people from all parts of Europe and Asia pass. Naturally there are hundreds who get into the port and never care to go out, believing a large city presents a better opportunity for theft, burglary, murder and other crimes than does the small city and open country. It is to the credit of the United States' metropolis, however, that despite the increase in immigration there has been a decrease in the number of cases under detective and police charge.

WHAT WE PURCHASE FROM UNCLE SAM.

As an illustration of the fact that Canadians purchase altogether too many articles from the United States that might just as well be made in Canada the following figures are convincing and interesting:

Automobiles	474,757
Ore crushers	144,563
Portable engines	791,911

In many tests of plows, harvesting implements, etc., in European and other countries, Canadian implements have beaten out the American and there is no earthly reason in many instances why good Canadian money should go to the States instead of extending that patronage to home industries, to the benefit of Canadian labor.

A DISCOVERY.

A tariff club is an excellent weapon to apply to another nation when you do not care so much whether that nation does business with you as the other nation cares to get your business.

For the year ending March 31 last, Canada brought from the United States $192,601,360 of goods.

During the same year the United States took $92,604,356 of goods from us.

By each Canadian—man, woman and child—an average of $26 per head was sent to the United States for goods.

Each soul in the United States favored Canada with an average patronage of a little over a dollar.

Obviously, if a row is to occur which must seriously interfere with the mutual business, the amount of money going into the United States from Canada is likely to be lessened by a far greater sum than the amount getting into Canada from the United States.

Have you a pain—of any kind, any where? Stop just a minute and think It matters not whether it be womanly pains, head pains, or any kind of a pain, one of Dr. Shoop's little Pink Pain Tablets will surely stop it in 20 minutes. Formula plainly printed on the 25c. box. Sold by all dealers.

A POOR TEST.

St. Catharines has a man who at the present time is making a round of the city churches, one each Sunday evening, and his object, as he has publicly declared, is to take note of how many men, coming out of church, light up pipes or cigars.

This man declares that he he is not a believer in Christianity, and is merely gathering data with which to combat religion.

Tolstoi says that men smoke to deaden their consciences. Taking this hint one might suppose that the St. Catharines preachers are live men who make their hearers so uneasy that they fly to their pipes for comfort.

Otherwise we do not see how the smoking of a pipe on Sunday bears the truth of religion or the efficacy thereof. A much better test would be the conduct of the attendants of these churches in regard to human relations; whether they are good husbands, fathers and friends, fair and square in their business dealings The smoking of a pipe is a mere matter of external behavior affording no indication of the state of the heart.

The man who smokes his pipe may be thinking very deeply over the sermon, while a non-smoker may be indulging in the most frivolous and worldly reflections, possibly wondering whether he should buy or sell certain stocks. Or the case may be reversed. The pipe as a guide to the state of the inward man is unreliable.

GOLD AND SILVER MONEY.

How Uncle Sam Converts Bullion into Beautiful Coin.

In a vault in the mint at Philadelphia are piles of bullion made of solid gold. Each brick is only as large as a cake of kitchen soap, but it weighs about forty pounds. In another vault the silver bullion is kept. These bricks are much larger and much heavier. Both of these metals are to be made into money for the United States. When the gold coins are to be made the precious metal is alloyed with copper and other metals to make it hard. Pure gold is so soft that it can be scratched with the finger nail, so is never used even for jewelry. After the gold has been hardened by adding the other metals to it it is made into ingots, which look like long gold sardines. They are about a foot long, as wide as a twenty dollar gold piece and two inches thick.

When the silver comes from the melting room it, too, is poured into strips or bars. The ingots of both metals are treated in the same way in the matting of coins. One might think that our gold pieces and silver coins are made in molds, but a visit to the mint would show that to be untrue. The precious metals are rolled out into thin bands until they are of a certain width and thickness. These strips of gold or silver are then run under steel punches, which cut the round into coins.

Much pluck is then weighed by very expert scales, for each coin must contain so much gold or silver. After the weighing those blanks are observed that have more of gold, so that all the dirt may be taken off of them. When dry the blanks are put into long tubes, through which they pass one by one between two dies. The upper die stamps the face of the coin, while the lower stamps the back. The great pressure of the two dies coming together has just force enough to make the impressions on the coins clear and distinct.

GRAY SQUIRREL'S LUCK.

How It Came About That He Secured a Handful of Nuts.

Gray Squirrel had a nest up in a maple tree near the kitchen door, from which he could peep down to see when Mrs. Reed, who lived in the house, put out a crisp crust of bread or a couple of nuts for his breakfast. Every morning he would watch, and when Mrs. Reed never forgot to throw out something nice for him.

That morning, when Gray Squirrel peeped down at the house, there on the porch stood the grocery boy with a small basket of corn. The bag appeared at the door, but no one received, so he finally placed the basket on the sill and went away.

Now, Gray Squirrel knew that never before had Mrs. Reed put so many nuts on the porch for him, but who else could she be buying nuts for? And, besides, that was where the nuts were always put. No sooner did the boy leave the yard than down the tree scampered Gray Squirrel in a hurry. He sat right there and ate one nut, holding it between his front paws, as squirrels always do. Then, taking them one at a time in his mouth, he carried them up to the nest till his nest was filled.

There were only a few nuts left in the basket when Mrs. Reed came out to see if it were there, and how surprised she was to see that they were almost all gone! She glanced up at the tree where Gray Squirrel sat chattering his thanks and said: "Gray Squirrel, you've been a little pickaroon. Those nuts were not all for you."

But Gray Squirrel only chattered faster and looked straight at her with his bright eyes, as much as to say, "I thank you for leaving so many nice nuts for me."

A Coin and Card Trick.

Place on the forefinger of your left hand, held upright, a card; on the card place a fifty cent piece. You can remove this card without disturbing the

coin. To do this you must flip the card forcibly with the middle finger of the left hand. The pasteboard will be propelled across the room, and the coin will remain upon the finger.

A Trick With Money.

Place, for example, on a table three pieces of money in this manner:

O O O

and propose to any one to take away the middle one without touching it.

How to do it: Take the right hand piece and place it upon the left; consequently the middle one has become the right hand one and is no longer in the middle.

Questions and Answers.

What is born at the same time as the world, destined to live as long as the world and yet never five weeks old? The moon.

Why are clouds like a courtesan? Because they hold the rains (reins).

Why should a hen be called Macduff? Because we wish her to lay on.

Why is the letter G like the sun? Because it is the center of light.

THRILLING— STARTLING —DRAMATIC.

The biggest mystery story ever written from the pen of Louis Joseph Vance. It is entitled "The Brass Bowl," and it has had the attention of novel readers in Europe and America for the past year. So great has the fame of this book become that the New York Sunday World has secured it for its fiction series. It will begin April 3 and be complete in five booklets of 20,000 words each. Get the first instalment. It is a humdinger.

Construction of the G.T.P. Railway

Since the turning of the first sod on the construction of the Grand Trunk Pacific Railway at Fort William, Ontario, September 11, by the premier, Sir Wilfrid Laurier, the construction work has proceeded steadily to the extent that at the present time, covering a period of four years and a half since the building of this transcontinental Railway was commenced, of the entire main line from Moncton to Prince Rupert, a distance of 3550 miles a total of 3000 miles has been placed under construction on which there has been laid 1795 miles of track, which in some cases is made up of disconnected sections and is therefore not at all continuous. That portion of the line, however, from Winnipeg to Edmonton, 799 miles, has been constructed and in partial operation by the Construction Department for the past 18 months and within the past 90 days the track has been completed continuously from Edmonton westerly to Wolf Creek, 121 miles, thus completing the track laying on that section of the line, designated as the Prairie Section, Winnipeg to Wolf Creek, 915 miles. The track laying was also recently completed from Winnipeg to Fort William, 445 miles, thus making a continuous line from Fort William, via Winnipeg and Edmonton, to Wolf Creek, 1300 miles, which however, cannot be completed for practical operation for some months as considerable work is required to be done on the easterly and westerly ends of the line, to put into a suitable condition for the movement of regular trains. The other portions of the main line on which the rails have been laid are situated at different points east and west of the city of Quebec. During the past year contracts have been let for the construction work from Wolf Creek, Alberta, westerly to Tete Jaune Cache in the Rocky Mountains, 179 miles, and there are at present engaged on this section of the line, 1000 teams and a large army of men. Similar forces are also engaged on the construction of the line from Prince Rupert, the terminus of the Pacific Coast, easterly to Aldermere, B.C. 240 miles.

In addition to the mileage referred to above the Provincial governments of Saskatchewan and Alberta passed acts at the sessions of their legislatures in 1909, authorizing guarantees for the construction of branch lines by the Grand Trunk Pacific Railway company in these provinces to the extent of 666 miles, comprising branch lines from the main line of the Grand Trunk Pacific Railway to Yorkton, Regina, Battleford, Calgary, Lethbridge, MacLeod and Coutts, the construction of which are at present under way. At the session of the Saskatchewan legislature in December, 1909, an Act was passed authorizing the guarantee of the construction of additional branch lines by the Grand Trunk Pacific Railway in that Province to the extent of 475 miles compromising lines from Regina south-easterly to the United States boundary line, from the main line of the Grand Trunk Pacific Railway to Prince Albert and from Regina westerly to Moose Jaw, Calgary, etc., etc., the construction of which will be undertaken during the present year. From the foregoing it will be observed that out of a total mileage of main line and branches of approximately 7000 miles, there have been completed and under construction at the present time, approximately 4800 miles or sixty per cent of the entire mileage authorized in the company's charters.

PERSONAL MENTION.

The New York Pharmacal Association, Chemists, Yonkers, N.Y., U.S.A., have discovered a remedy for Bright's disease, diabetes, backache, kidney and bladder troubles, rheumatism, and all uric acid troubles, which they call Bilo Tablets. Bilo Tablets are a positive cure for all forms of kidney trouble, no matter how chronic or severe. Bilo Tablets are a specific for rheumatism, because they neutralize the uric acid which causes the disease. Bilo Tablets are a specific for backache, because backache is caused by kidney trouble. Bilo Tablets are a specific for diabetes, because they act directly upon the kidneys, and cause them to filter the sugar from the blood. Bilo Tablets are a specific for bladder troubles, because they heal the inflamed membranes which cause pain in passing water. Bilo Tablets are a specific for dropsy, because they remove the cause of dropsy. Bilo Tablets are a specific for Bright's disease, because they are the only remedy that has ever been discovered that will filter the albumen from the blood. Bilo Tablets are sold by druggists at 50 cents per box, or six boxes for $2.50, or will be sent direct on receipt of price by The New York Pharmacal Association, Yonkers, N.Y., U.S.A. Sold in Peterborough by Geo. A. Chamberlain, druggist.

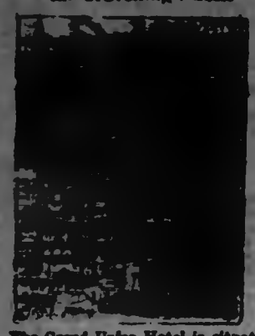
HOTELS

Montreal's Popular Hotel!

Favorite Stopping Place for the Travelling Public



The Grand Union Hotel is situated at 249-253 Notre-Dame street, west, in the heart of the business section of the city. Electric cars pass the doors to all points of interest, and convenient. Five minutes' walk from C.P.R. and G.T.R. stations. The best meets all trains to convey guests from, to and from the stations.

During the month of April, last year, this hotel underwent a thorough renovation, which has made it the best up-to-date commercial hotel in the city for home comfort. The hotel is under the personal supervision of Mr. Murray, who gives his special attention to his guests.

Nice clean, comfortable rooms, and elevator service. American plan. Rates $2.00 per day, and upwards.

F. J. MURRAY,
Proprietor.

HOTEL CARSLAKE, MONTREAL. European plan—opposite Grand Trunk, Geo. Carslake, Proprietor.

Synopsis of Canadian Northwest Land Regulations.

ANY PERSON WHO IS THE sole head of a family, or any male over 18 years old, may homestead land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother, or sister of an intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, solely owned and occupied by him, or his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price $3.00 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price $3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth $300.00.

W. W. CORY,
Deputy of Minister of the Interior.

Heron & Co's Market Letter

Toronto, March 24.—Though denied from official sources, the rumor that a merger of the leading Cobalt companies is pending, will not down. Nipissing Mines has declared regular quarterly dividend of 5 per cent. and 2½ per cent. extra payable on the 20th April to holders of record March 31st inst. (Books close March 31st and reopen April 16th.) The company's statement for the quarter ending December 31st last shows surplus earnings, including ore awaiting shipment and at smelters, of $1,294,076; approximately $60,000 in excess of the previous quarter. LaRose Consolidated declared 2 per cent. for the quarter, payable April 20th, to holders of record March 31st. (Books close March 31st and reopen April 18th.)

The accumulation of "Cobalt Lake" by insiders still goes on. Critics of the company's plan to reduce the capital by buying its own stock, profess inability to see anything but disaster ahead. Since the movement started two months ago over 2,500,000 shares have changed hands on the Toronto markets.

It would seem that those behind "Little Nipissing" are still casting about for means to carry on the manipulation of the stock till such time as it is hoped the mine will be able of itself to maintain the price of the shares.

"Hargraves" has been neglected but is likely soon to become a leader in activity.

If you are interested in the Cobalt market and wish unbiased advice as to prospective price movements communicate with us, 16 King street west, Toronto.

NOTICE TO CONTRACTORS.

Tenders For Machinery, Belting, Shafting, Cranes, Air Compressors, Etc.

SEALED TENDERS, addressed to the undersigned, and marked on the envelope "Tender for Machines and Tools," "Tender for Leather Belting," etc., etc., as the case may be, will be received at the office of the Commissioners of the Transcontinental Railway, at Ottawa, Ontario, until 12 o'clock noon of the 12th day of April, 1910, for:

(1) Machines and tools;
(2) Leather belting;
(3) Shafting, hangers, steel frame work, etc.;
(4) Miscellaneous equipment, industrial track and lockers;
(5) Motors;
(6) Furnaces and forges;
(7) Cranes;
(8) Air compressors;
(9) Grey iron foundry equipment and brass foundry equipment;

required for the equipment of the locomotive and other shops of the Commissioners of the Transcontinental Railway at Springfield, east of Winnipeg, Manitoba.

Tenders will be received and considered for any or all of the items indicated above and numbered from 1 to 9, both inclusive.

Plans and specifications may be seen in the office of the Chief Engineer of the Commissioners at Ottawa, Mr. Gordon Grant, and in the office of the District Engineer of the Commissioners at St. Boniface, Man. Mr. S. R. Poulin.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied by the Commissioners, which may be had on application to the Chief Engineer at Ottawa, or to the District Engineer at St. Boniface, Man.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada, payable to the order of the Commissioners of the Transcontinental Railway for a sum equal to ten per cent. (10 per cent.) of the amount of the tender.

Any person whose tender is accepted shall within ten days after the acceptance thereof sign the contract, specifications and other documents required to be signed, and in any case of refusal or failure on the part of the party whose tender is accepted to complete and execute the contract with the Commissioners, the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure, and all contract rights acquired by the acceptance of the tender shall be forfeited.

The cheques deposited by parties whose tenders are accepted will be deposited to the credit of the Receiver General of Canada as security for the due and faithful performance of the contract according to its terms.

The cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

The right is reserved to reject any or all tenders.

By order,
P. E. RYAN,
Secretary, The Commissioners of The Transcontinental Railway.
Ottawa, 2nd March, 1910.

Newspapers inserting this advertisement without authority from the Commissioners will not be paid for it.

A SPLENDID REPORT.

Toronto General Trusts Issue Handsome Booklet. ...

The Times is in receipt of a very neat and tasty booklet from the Toronto General Trusts Corporation containing the annual report of that prosperous institution. Although the full report has already appeared in these columns it will not be out of place to state $3,615,005.93 of new business has been undertaken by the corporation during the year. The net profits of the year, after payment of all expenses at the head office and branches, and after making provision for every ascertained loss, amount to $162,353.78, as compared with $131,161.98 for 1908. To these net profits have to be added $22,417.16 brought forward from 1908, thus leaving $184,770.94 at the credit of profit and loss, as against $153,350.-66 in 1908.

The above speaks for itself, and shows that Mr. J. W. Langmuir, the popular managing director, and his associates, are to be congratulated on the very great success which they have achieved.

A failing tiny nerve—no larger than the finest silken thread—takes from the Heart its impulse, its power, its regularity. The Stomach also has its hidden, or inside nerve. It was Dr. Shoop who first told us it was wrong to drug a weak or failing Stomach, Heart or Kidneys. His prescription—Dr. Shoop's Restorative—is directed straight for the cause of these ailments—these weak and faltering inside nerves. This, no doubt clearly explains why the Restorative has of late grown so rapidly in popularity. Druggists say that those who test the Restorative even for a few days soon become convinced of its wonderful merit. Anyway don't drug the organs. Treating the cause of sickness is the only sensible and successful way Sold by all dealers.

GRAY HAIR

Dr. Tremain's Natural Hair Restorative will restore gray hair to its natural color. Two persons might use from the same bottles and the hair of one become black and the other blonde, just as they were in youth, so it is not a hair dye, will not injure the scalp, and is no trouble to apply. We guarantee satisfaction or money back. Price, one dollar. Postage Paid.

THE TREMAIN SUPPLY CO.,
15 Wood Street, Toronto.

If Sick

Don't risk even one single penny!
And I will tell you why I say this.
My present every penny if I fail.
We can send you free some health proof.
And with what this means to the sufferer.

Why purchase any remedy without another dose and trust it just as I do by this remarkable offer?

I have a remedy I am perfectly willing to send you entirely free. I have so much confidence in it that I will gladly send a full-sized package entirely free to every sick reader of this paper who writes me for it. I have had it for years in my private practice and have used it in my own family with the most gratifying results. I have found it to be a most wonderful remedy for all stomach troubles, and for all diseases of the liver, kidneys, blood, nerves and bowels. It has been used in thousands of cases with the most surprising results. I have had it put up in tablet form, and have named it Mi-o-na Stomach Tablets. Mi-o-na Stomach Tablets will cause any stomach trouble to disappear as if by magic. Indigestion, dyspepsia, biliousness, sick headache, sour stomach, heartburn, bad breath, nervousness, lack of appetite, and all troubles arising from a disordered stomach, vanish like mist before the sun when Mi-o-na Stomach Tablets are used. They cause the food you eat to digest properly, so that the blood is supplied with the nourishment it requires to make pure, rich blood. Mi-o-na Stomach Tablets are a positive cure for all forms of stomach trouble, and I am willing to prove it to you at my own risk. Don't send me any money, but write me to-day and tell me you want a free package of Mi-o-na Stomach Tablets, and I will send you one by return mail entirely free. Be sure and mention this paper when you write me, as I only make this remarkable offer to readers of this paper. Address me personally: Harold F. Ritchie, Ritchie Building, Toronto, Ont.

Write them down: No. 1 for Women, No. 2 for Men, No. 3 for the Liver, No. 4 for the Kidneys.

TENDERS FOR DREDGING.

SEALED TENDERS addressed to the undersigned and endorsed "Tender for Dredging" will be received until Tuesday, April 12th, 1910, at 5 p.m., for dredging required at the following places in the Province of Ontario:

Byng Inlet, Cobourg, Goderich, (Kincardine, Lion's Head and Port Elgin,) Owen Sound, Picnic Island, Port Burwell, (Port Hope and Whitby), Rainy River, River Thames, Rondeau, Sault Ste. Marie.

Tenders will not be considered unless made on the form supplied, and signed with the actual signatures of tenderers.

Combined specification and form of tender can be obtained on application to the secretary, Department of Public Works, Ottawa. Tenders must include the towing of the plant to and from the works. Only dredges can be employed which are registered in Canada at the time of the filing of tenders. Contractors must be ready to begin work within thirty days after the date they have been notified of the acceptance of their tender.

An accepted cheque on a chartered bank, payable to the order of the Honorable the Minister of Public Works, for six thousand dollars ($6,000.00) must accompany the tender. The cheque will be returned in case of non-acceptance of tender.

The Department does not bind itself to accept the lowest or any tender.

By order,
NAPOLEON TESSIER,
Secretary.
Department of Public Works,
Ottawa, March 21, 1910.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.

50 YEARS' EXPERIENCE

Scientific American

MINISTER AND ZAM-BUK.

Cured Him of a Bad Sore Which Defied All Other Remedies for Two Years.

Rev. Charles E. , Stafford, of Bridgeburg, Ont., says: "I had been much troubled for over two years with a sore on my left cheek. I tried all kinds of salves and lotions, but nothing I procured seemed to have the least bit of effect towards healing the sore. Hearing of Zam-Buk, I decided to give it a trial, and see if it would bring about a cure, as so many other things had failed. I purchased a supply, and commenced with the treatment. After several applications, to my great joy, Zam-Buk has effected what for two years I tried in vain to bring about—a complete cure."

Case after case could be quoted, in which, as in the above instance, Zam Buk has worked cures when everything else tried had failed. There is a reason for this. Away back in the days of Roman gladiators, secret balms were used, for the healing of cuts and injuries sustained in the arena and in battle. Then came a period during which external balms were neglected, followed by a period in which all the salves and embrocations had as their base animal fats and oils. Zam-Buk marks a new epoch. It is absolutely devoid of all animal fats, all mineral coloring matters, and is composed entirely of rich medicinal herbal extracts.

Skin diseases, such as eczema, ring worm, salt rheum, and prairie itch are speedily overcome by it. For piles it is fine,—easing the pain and inflammation, and hastening a cure. It also cures burns, scalds, cuts, ulcers, children's sores and eruptions, blood - poisoning, scratches, old wounds, varicose ulcers, etc. All druggists and stores sell at 50c a box, or post free, for price, from Zam-Buk Co., Toronto.

Junk Wanted

All kinds of junk wanted for which good prices will be paid. Telephone No. 964 or drop a card and a rig will be sent to any part of the city.

TUESDAY, MARCH 29, 1910.

NEWS OF THE CITY

Whips Were Stolen.

A number of whips were stolen from rigs in the sheds of the various churches on Sunday night. The police are trying to locate the offenders.

Saw Log Jam.

There is a jam of logs at the new water works dam. The Peterborough Lumber Company are bringing down a drive from Nassau, and the logs obstructed the channel at the above point. Last night the jam was being released, and it is expected that it will be entirely removed by today.

Croup positively stopped in 20 minutes, with Dr. Shoop's Croup Remedy. One test alone will prove this truth. No vomiting, no distress. A safe and pleasing syrup—50c. Sold by all dealers.

WANTED.

An Industrial Commissioner for Peterborough. Must be a man well qualified for the position. State salary expected. Apply, with references, to Daniel O'Connell, Chairman of the Board of Trade Committee, Peterborough.

Settlers' One-Way Excursions.

To Western Canada, April 5 and 12, via Grand Trunk Railway System, from stations in Ontario, Kingston and west to principal points in Saskatchewan and Alberta. Particular attention is called to the fact that low rates apply to certain points on Grand Trunk Pacific Railway, a new territory full of "Golden Opportunities." Secure tickets and further information from Grand Trunk agents, or address J. D. McDonald, D.P.A., G. T. Ry., Toronto, Ont.

Fair Grounds' Fence Burned.

At 9.52 yesterday morning the fire brigade received a call to the Exhibition Grounds. The fence had been set on fire from a grass blaze, which had its origin in children playing with matches. About twenty-five feet of the fence was burned, chemicals being used to put out the blaze.

The Late Elizabeth Smith.

Brantford Expositor.—The death occurred in this city yesterday of Elizabeth Smith, the wife of W. W. Smith, Peterborough, after a lingering illness. The sad event occurred at the residence of the daughter, Mrs. Joseph Swift, 292 Park avenue. The deceased was formerly a well-known resident of this city. Besides a husband she leaves one daughter, Mrs. Swift, and one son, W. H. Smith, to mourn her loss. The funeral will take place tomorrow to Greenwood cemetery.

SOCIETY

Miss Mabel Curtis returned to Toronto yesterday.

Miss Madge Lees is home from Queen's University for the holidays.

Mrs. Janet Huyoke spent Easter with her nephew, Mr. Taylor Huyoke.

Miss Vera Stratton is the guest of Miss Alma Knapman, London St.

Miss Cecile Jupp of Orillia, is the guest of Mrs. A. Gilbert, 270 Sherbrooke street.

Mr. Percy Gilbert of Port Hope, spent Easter with his parents, Mr. and Mrs. A. Gilbert, Sherbrooke St.

Mr. E. Will Pratt who spent Easter at Ottawa, returned home yesterday morning.

Miss Katie Leary of the Margaret Eaton School of Expression, Toronto, is home for the holidays.

Mr. and Mrs. Elliott of Cobourg, are guests of Mrs. Elliott's brother, Mr. R. G. Elliott, "Eagleburn," Burnham street.

Mr. Arthur Sawers of the local office of the Dominion Bank, left yesterday for the Toronto branch of the bank to which he has been transferred.

Mr. and Mrs. J. G. Tovey, 296 Boswell avenue, left on Sunday for Buffalo, where they were called by the death of the former's father and mother, Mr. and Mrs. James Tovey, who passed away very suddenly from pneumonia.

Nothing in the way of a cough is quite so annoying as a tickling, tearing, whooping, bronchial cough. The quickest relief comes perhaps from a prescription known to Druggists everywhere as Dr. Shoop's Cough Remedy. And besides it is so thoroughly harmless that mothers give it with perfect safety even to the youngest babes. The tender leaves of a simple mountain shrub give to Dr. Shoop's Cough Remedy its remarkable curative effect. A few days' test will tell. Sold by all dealers.

Little Local Lines

The trains yesterday were crowded

Mr. D. W. Dumble will be in his office on the nights of Tuesday and Saturday each week from eight to ten p.m., to meet applicants for purchase of lots.

The water in the river now is very high and has not yet reached the top notch.

An accident occurred on the G.T.R. siding at the Carbon Works at about 11 o'clock Saturday morning, when four cars of grain for the Quaker Oats Company backed into the siding at too rapid a rate, damaging three other cars standing on the siding and putting two more off the track.

The Young men's Bible class of the Gilmour Memorial church, Smith, were the guests of their teacher, Mr. A. H. Campbell, at a delightful banquet on Thursday evening last. An interesting toast list was run off, Mr. W. G. Scott, the president of the class, making a most acceptable toast master. Twenty-three were in attendance at the function, which was thoroughly enjoyable and successful.

Fortify now against the grip—for it comes every season sure! Prevention—the little Candy Cold Cure Tablets—offer in this respect a most certain and dependable safeguard. Prevention, at the "sneeze stage" will, as well, also surely head off all common colds. But promptness is all important. Keep Prevention in the pocket or purse, for instant use. Box of 48 for 25c. Sold by all dealers.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for restoration of, and additional story to Military Stores Building, Ottawa, Ont.," will be received at this office until 5.00 P.M., on Friday, April 15th, 1910, for the work mentioned.

Plans, specifications and form of contract can be seen and forms of tender obtained at this Department.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, with their occupations and places of residence. In the case of firms, the actual signatures, the nature of the occupation and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honorable the Minister of Public Works, equal to ten per cent. (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so. If the tender be not accepted the cheque will be returned.

The department does not bind itself to accept the lowest or any tender.

By order,
NAPOLEON TESSIER,
Secretary.

Department of Public Works,
Ottawa, March 24, 1910.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.

National Mining & Tunnel Company

WHERE OUR MINES ARE

Our mines are in the greatest camp in America, Leadville, Col. Leadville has been producing gold, silver and lead for forty-nine years. Cripple Creek, famous on two continents, has produced but $300,000,000. Leadville has produced $25,000,000. Our mines are located on the most productive part of Sugar Loaf. John W. McMahon, Clerk and Recorder of the county, in a personal letter, says: "This mountain is known to contain the richest mineral belt in this rich county."

WHAT WE HAVE

Our properties consist of the following: 12 proven mines, 140 acres; contiguous to these, valuable mining properties, 61 acres; timber claims containing timbers for many years, 30 acres; the copper-gold ledge on the crest of the mountain, 165 acres, total 400 acres. The mountain is four miles long, two miles wide and eighteen hundred feet high. It has produced to an average depth of but 150 feet, where the copper acid waters prevented further operations by shaft, $12,000,000.

CONDITIONS FAVORABLE SUCCESS

We are driving a big tunnel in from the foot of the mountain, at right angles to these veins, and will drain out the acid waters, and have the vast ore body above us of easy access. Our mines, which have produced over $2,000,000, occupy a central position among these mines, an evidence that we shall cut through the heart of the mountain's rich known ore system, and affording a strategical position relative to other properties. On the right and left are mines which have produced millions, whose ores must come out through our big tunnel, and which must pay us satisfactory royalties.

Operation of our tunnel and mines by electric power. We are driving our tunnel by 75 h.p. electric motor, equipped with an air compressor for driving drills, trolley for operating cars, etc. Within six months we should reach our first proven mines, and should cut through the second and third, and become a large producer before the year closes.

Transportation by rail to the largest custom smelter in the world, four miles away.

Low freight rate, 30c per ton.

An insatiable market for our ore, and settlement the first of every month.

Large ore value, and low cost of production. Ores run 50 to 150 per ton by the car load. The total cost of production is about $9.00. The majority of the stock is pooled for ten years, and cannot be sold. Capitalists cannot get hold of the stock, and freeze anybody out.

The Directors are men of high personal and financial standing. The business will be managed ably and honestly, and every one will share alike in proportion to his stock.

For further information, address

C.L.T. FISHER, Box 391, Lynchburg, Va.

T.A.S. Athletic Club.—All those interested in athletics in connection with St. Peter's T.A.S. are requested to attend the annual meeting of the T.A.S. Athletic Club at the T.A.S. rooms tomorrow evening at eight o'clock. The election of officers will take place and other business in connection with the yearly assembly will be transacted.

VOL. XXXIII NO. 71 PETERBOROUGH, ONTARIO WEDNESDAY MARCH 30 1910 PRICE TWO CENTS

Murder Trial Today At Spring Assizes

E. A. Du Vernet, K. C., is Crown Prosecutor and F. D. Kerr will Represent the Prisoner---Only One Criminal and Two Civil Cases

The spring sittings of the Court of Assize opened yesterday afternoon before Mr. Justice Riddell. The following are the Grand Jury:—H. Phelan, foreman; C. A. Alexander, W. H. Bradburn, Wm. T. G. Busk, Felix Brownscombe, John Butcher, Geo. W. Fitzgerald, Robert Garbutt, John McIntosh, Thomas R. Mann, Z. M. Tucker, Chas. Grove and J. M. Collins.

The duties of the grand jury were outlined by the judge.

The only criminal charge was the one against Robert Henderson, accused of the murder of Margaret McPherson, the old woman who, on his own confession after his arrest at Havelock, he brutally assaulted, together with her sister also an old and infirm woman. Margaret McPher son died as a result, it is alleged of the injuries. The particulars of the distressing affair and of subsequent proceedings against Henderson are generally known to the public.

His judge explained that in the bringing in of a true bill on the charge of murder all the jury had to consider was to find if the person accused had killed anybody. If he had it was their duty to find a true bill of murder. If, in the case before the court the young man had struck the old lady with the axe, and by so doing had caused her death within one year and one day, or had given her injury that had accelerated her death, it was the duty of the jury to bring in a true bill against the prisoner on the charge of murder. This charge might be reduced by the petit jury, but that was no concern of the grand jury.

CIVIL CASES.

The action of Foley vs. West and Fred Cook vs. David and Bert David son, two civil cases, are the only other cases on the docket. The latter was proceeded with after the judge's address to the grand jury, the following jury being sworn in on the case. Jos. Hunter, Harry Ballford, Archie Campbell, Herbert Allin Joseph Ball, Israel Church, Thomas Bloin, Douglas Baptie, R. J. Cameron, Thomas Bryan, Samuel Olcott, Thomas Donaldson and William J. Clark.

Mr. E. A. DuVernet, K.C., of Toronto, is Crown prosecutor, and Mr. F. D. Kerr is representing Henderson. Other members of the bar present were; G. A. Payne and A. B. Colwill, Campbellford; S. T. Medd, F. D. Kerr, J. W. Bennett, George N. Gordon and J. H. Burnham.

Sarah McPherson, the younger of the two women, and who was also dangerously wounded with the axe, was in court yesterday, and seems to be fully recovered.

Make 75,000 People Evacuate Homes

Naples, March 29.—The authorities today, owing to the resumption of activity of Mount Etna, issued ironclad orders for the evacuation of the entire southern slope of the mountain. This means that 75,000 people will be rendered temporarily homeless.

The reopening of Mount Etna's craters prevented a serious earthquake in the opinion of many scientists. During the few hours that the vents were closed the rumblings of the mountain increased in severity, decreasing the moment the eruption was renewed.

Just as Vesuvius displayed activity when the eruption at Mount Etna ceased, it subsided when the Mount Etna eruption started again, indicating that both volcanoes are affected by the same subterranean power.

ADMINISTRATION OF PROVINCES

COMPANY INCORPORATION DISCUSSED AT INTERPROVINCIAL CONFERENCE.

A Conflict of Opinion as to Relative Rights of Federal and Provincial Governments — Granting Charters to be Settled.

Ottawa, March 29.—Relations between the Dominion and the Provinces, with more especial reference to the incorporation of companies, are being discussed at a conference here today between representatives of the Federal and Provincial Governments. The conference met this morning in the Railway Committee room of the Senate, where the last inter-provincial gathering was held. The Dominion Government was represented by Sir Wilfrid Laurier, who presided; Hon. A. B. Aylesworth, Hon. Rodolphe Lemieux, Hon. Chas. Murphy, and Thos. Mulvey, K. C., under secretary of state; Ontario by Hon. W. J. Hanna, Provincial secretary; C. H. Ritchie, K.C., and and E. Bailey of the Attorney-General's Department; Quebec by Hon. L. A. Taschereau, Hon. P. S. G. Mackenzie and Charles Lanctot, deputy attorney-general; New Brunswick by Premier Hazen and Hon. H. F. MacLeod, and Manitoba by Hon. Colin Campbell and Hon. J. H. Howden; Saskatchewan by Hon. M. F. Turgeon; Nova Scotia, P. E. Island, Alberta and British Columbia were not represented.

The conference is dealing with many matters incidental to the incorporation of companies and in respect to which there have been doubts and to some extent conflict of opinion as to the relative powers of the Federal and Provincial authorities.

The fundamental issue is whether a company, which is incorporated by a province, acquires by reason of such incorporation the right to do business in other provinces. This point it will be recalled arose in the case of the C.P.R. vs. the Ottawa Fire Insurance Company, in the argument of which all the provinces were represented. The contention of the provinces is that such incorporation carries with it the right to do an extra provincial business.

The Dominion Government took the opposite stand. The court was almost equally divided, but the majority favored the contention of the provinces. The case was to have gone to the Privy Council, but the idea of a conference was suggested on the points at issue and this is now taking place.

INTRICATE PROBLEMS.

While this is one, there are many other points, the whole question of company organization involves many intricate problems. An important issue is whether a concern ordinarily coming within the jurisdiction of the Provincial Companies' Act, and whose operations are essentially local or provincial, can go past the provinces and secure federal incorporation even when the provinces refuses. Such was the development in respect to the Metropolitan Racing Association at Toronto.

The conference appointed Thomas Mulvey as secretary of the Federal, and Charles Lanctot of the Provincial section.

The meeting was held privately and after the Dominion ministers had made a statement of their views on the question at issue, they withdrew. The Provincial representatives afterwards conferred till one o'clock. It was then announced that when the joint meeting resumes at no conclusion had been reached, but when the joint meeting resumes at four o'clock it is expected that such decision will be arrived at. The cabinet ministers entertained the visitors at luncheon at the Rideau Club.

WHY ROAD IS DELAYED.

Reason Why C.P.R. is Not Pushing Line From Victoria Harbor.

The Orillia Packet says: A gentleman who is in a position to know something of the plans of the railways, tells the Packet that the true reason for the delay in construction of the C.P.R. line from Victoria Harbor to Peterborough lies in the uncertainty as to when the dredging at the harbor will be completed. There is a lot of dredging to be done yet, and it is a question if it can be completed before the fall of 1911. If the C.P.R. can get some assurance that the Government will have the harbor ready for the fall of next year, they will go on with the construction of their line during the coming summer. But there is no object to be gained in having it completed before the harbor is sufficiently dredged to let the big grain vessels get up to the elevators.

A BIG TIE-UP ON THE RAILWAYS

SHORTAGE OF CARS AND LOCOMOTIVES TO RESULT IN CONGESTION.

J. J. Hill Predicts Too Much Work for Lines—Railways by Next Fall Will Be Utterly Unable to Carry the Country's Business.

Chicago, March 29.—James J. Hill believes the railroads will experience next fall and winter the greatest traffic congestion in their history, and he sees no way of preventing it. He passed through Chicago yesterday on his way from St. Paul to New York.

"The tonnage which is being offered the railroads for transportation is constantly on the increase," he said, "and there is little doubt that the railroads will be called upon this year to furnish more transportation units than they have ever been asked to furnish.

"From all indications it seems certain that by next fall or early winter, the railroads will be totally unable to furnish anything like the amount of transportation facilities which will be demanded by the country.

"I do not think that the railways are to be blamed for this situation, for it is next to impossible for them to raise the money needed to provide the additional facilities.

"The railroads of the county really ought to have about $1,000,000,000 annually to spend for the next few years in order to catch up with the growing demands made upon them, but it is a well known fact that they cannot get this money under present conditions.

"Until railroad credits shall have been restored, and until the American public shall have gained confidence in railroad securities the public will have to continue to suffer for the lack of railroad facilities."

ESTIMATED 350 LIVES WERE LOST

IN THE AWFUL STRUGGLE TO GET OUT OF THE BURNING DANCE HALL.

Big Door Was Nailed Up When the Fire Broke Out—Youth and Life of a Village Is Crushed Out.

Mateszalka, Austria, March 29. — Three hundred and fifty lives were needlessly sacrificed in the fire in the dance hall at Oekoerito, a village of 1,200, according to the report today of authorities who investigated Sunday night's tragedy.

Had a panic not seized upon the 500 merrymakers that crowded the large coach house that had temporarily been turned into a dance hall, all could have escaped. There was one huge door at the end of the hall through which all might have passed safely had not the frightened rush toward the door created a fatal jam.

The authorities found that the door was nailed up after the dance began, but light nails were used, and those who did finally break open the door declared that it yielded readily.

KNIVES WERE USED.

The condition of the bodies of the victims shows what a frightful fight took place before the roof of the building fell in and completed the flames' havoc.

Many of the bodies bore knife thrusts. On the faces of scores were the marks of the boot heels of those who trampled them down, while the bodies of some of the children were literally dismembered.

The exact death roll has not yet been determined, the latest estimate being 350. There were 500 people in the hall, and not more than 150 escaped, many of these being frightfully burned. It will be impossible to count the dead from the number of bodies found, as the ruins have revealed piles of charred fragments that do not indicate accurately the number of dead.

QUALITY OF COAL OIL TO BE INVESTIGATED.

Various Deaths From Lamp Explosions Result in an Enquiry Being Made by the Coroner.

Ottawa, March 29.— Deaths in Western Ontario points, due to lamp explosions, and the one of Miss Hartnett here, due to being burned to death after a lamp had upset or exploded, is causing Coroner Baptie to conduct an inquest to establish what quality of coal oil was used. He is investigating today.

FOLLOWING TRENT CANAL.

Americans Want Canal on Missouri River.

Pierre, S. D., March 30.—One of the most notable gatherings yet held in the interest of the movement for the improvement of the Missouri river and its navigable tributaries, will assemble in this city today in response to a call recently issued by the Pierre Board of Trade. Delegates from several States are in attendance, together with several prominent speakers from St. Louis, Kansas City, Omaha and other points. The improvement of the Missouri for purposes of navigation, the power possibilities of the waterway and its use in the transportation of coal and other commodities are among the matters to be discussed during the two days' session.

Archbishop's Anniversary.

Winnipeg, Man., March 30.—Representatives of the Roman Catholic Church throughout Manitoba, Alberta and Saskatchewan joined in an elaborate celebration to-day of the fifteenth anniversary of the consecration of the Most Reverend Louis P. A. Langevin as Archbishop of St. Boniface. His Grace was the celebrant of high mass in the cathedral this morning and during the day he received numerous congratulations.

Archbishop Langevin is a native of Quebec and was educated at Montreal College and at the Sulpician Grand Seminary in Montreal. In 1893 he came to Manitoba as Superior of the Oblates in the archdiocese of St. Boniface and rector of St. Mary's Church in this city. Two years later he was elevated to the archbishopric.

Premier Asquith Introduces His Motion to Abolish Veto

London, March 29.—In the House of Commons today Premier Asquith moved that the House go into Committee of the Whole to consider a resolution abolishing the veto power of the House of Lords.

The adoption of the resolution, it is conceded, may precipitate another political and parliamentary crisis. The rejection of the resolution by the Lords which is just as certain as its acceptance by the Commons, is likely to force the cabinet to offer its resignation.

Under ordinary condition this would not be so serious, as the King could form an opposition cabinet, which, in this case would be headed by former Premier Balfour.

No Conservative could, however, accept ministerial responsibility under present conditions, for, with the Liberals, Laborites, and Irish Nationalists against him, he would be voted out of office on the first ballot.

Neither can the King very well adopt the other alaternative of dissolving parliament and calling for another election, for the Liberals recently passed a resolution making financial apportionments for a period of six weeks. This perios is nearly up, and as it takes at least six weeks to hold an election in England, the government would be practically penniless if parliament were suspended and another election called.

The only recourse left to the King is likely to be an appeal to the Liberals to continue in office, in which event the Liberal program of demanding that the King create enough Liberal Peers to ensure the passage of the veto abolition resolution is likely to be made a condition precedent to granting the King's request. It is difficult to see how, in the face of such an emergency, the King could refuse the Liberals' demand.

Sun Shot Out Fire and Gas Distance of 250,000 Miles

Chicago, March 29.—Strange eruptions have appeared on the sun according to a statement by Professor Edwin B. Frost, director of the Yerkes Observatory at Williams Bay, Wis.

"The eruptions shoot from the surface of the sun like skyrockets," said Prof. Frost. "They are easily visible at the edge of the disc. One of them shot out a length of 150,000 miles as near as we could estimate. It then detached itself from the main body and sped through space, a mass of luminous gas not dissimilar to a comet. Before it had disappeared it had reached a distance from the sun of about 250,000 miles.

"The eruptions are probably caused by the release of pressure on some particular spot of the sun."

Professor Frost said the disturbances probably accounted for the brilliant auroral displays which had been seen recently.

W. W. CHAIRMAN RESIGNS.

Kingston Having Trouble With Its Water Works Department.

Kingston, March 29.—As a protest against the council's act in taking $9,000, a surplus in the water works department, and devoting it to general uses, Ald. W. G. Craig, chairman of the Water Works Committee, has tendered his resignation to the council. The water works department was putting money by for contingencies that might arise and for extension and equipment of service. Last year the council also took $10,000 from the water department to save an additional mill on the dollar being imposed. The same thing is to be done this year, and Ald. Craig is not at all pleased with the seizure by his colleagues.

ENGLISH PAPERS NOT UNIT RE ROOSEVELT.

Radical Papers Criticise Him and Tory Papers Commend Him for His Egyptian Speech.

London, March 29.—Former President Roosevelt's speech before the students at the University of Egypt yesterday has attracted considerable comment here, where there is a difference of opinion as to the good or evil effects of his plain talking.

In denouncing the assassination of the late Premier Boutros Pasha Ghali, Col. Roosevelt did not mince his words with a view to avoiding offence to the Nationalists, a great part of whom had openly sympathized with the assassination. The Radical press today takes exception to the American's remarks, and even the moderate Westminster Gazette says editorially:

"Disquisitions upon the readiness or the reverse of Egypt for self-government, while permitted to men without great position, are perhaps better hushed in the breasts of ex-presidents."

REHEARSAL TONIGHT.

A full rehearsal of the Madrigal Club will be held tonight at the Conservatory Music Hall.

ANNOUNCED TODAY.

Washington, March 29.—It was officially stated today that the announcement of the tariff agreement with Canada would be made tomorrow at noon in Ottawa and at the State department here simultaneously.

The terms of the agreement will be withheld until that time.

THE WEATHER.

Monk Demands Resignation of Leader Borden

The Member for Jacques Cartier Has Been Restless and Dissatisfied Since the Conservative Leader was Appointed—A Drag on the Party

Ottawa, March 29. — Despatches have gone out to different parts of the country dealing with the internal affairs of the Conservative party There is something behind all these statements, but perhaps the exact facts are not generally understood. It is true that Mr. Monk and his followers have demanded the removal of Mr. Borden from the leadership of the Conservative party. Ever since Mr. Borden was appointed to the leadership Mr. Monk has been restless and dissatisfied. There are those who say he has never been loyal. In Quebec his leadership was hardly taken seriously. Even most Conservatives regard him as an academic dreamer, capable of making a well sounding speech on occasion, but with no gifts of leadership, no personal magnetism and no serious standing as a politician. He has been the plaything of Sir Wilfrid Laurier and the joke of Quebec Liberals who know how to organize a party and how to fight a battle.

MR. MONK'S AMBITIONS.

The present situation arises particularly out of the determination of the goverament to organize a navy. Mr. Monk thought that by seizing the coat tails of Mr. Bourassa he might build up something like a Monk party in Quebec. Besides he would enjoy the rare pleasure of appealing to the prejudices rather than to the patriotism of his compatriots He, therefore, demanded that the Conservative party should absolutely oppose expenditures for naval defence. So certain was he that he could drive Mr. Borden and the Conservatives of the English-speaking Provinces that he went to Lachine and made a speech which he expected he could force on the opposition at Ottawa. But, contrary to his expectation, the Conservative party, led by Mr. Borden, adopted an advanced naval policy, while the whole Liberal press of Quebec, instead of patting Mr. Monk on the back and encouraging Mr. Bourassa, turned in loyally to support the naval program of the government.

A DRAG ON THE PARTY.

This left Mr. Monk in a more hopeless situation than ever in his own Province and cut off more completely than ever from the Conservatives of the other Provinces. Under these circumstances he and his friends undertook to demand the resignation of Mr. Borden and to force a reorganization of the Conservative party Whatever may happen it is generally admitted that there is no one in sight as capable as Mr. Borden to fill the office of leader, and certainly it is impossible for Conservatives anywhere to accept the dictation of Mr. Monk. Failing to have his own terms considered, Mr. Monk no doubt will withdraw from the party, temporarily drift more closely to the side of Mr. Bourassa or fall in behind Sir Wilfrid Laurier. He has been a drag upon the Conservative party ever since 1896, hopelessly incompetent both as an organizer and fighter, and loyal chiefly to his own prejudices and ambitions.

Sensations Promised in Investigation of the Alberta Railway

Edmonton, March 29.—Today the Royal Commission investigating the deal between the Alberta and Great Waterways Railway and the Provincial Government, which precipitated one of the most serious political crises ever experiences by any legislature, began its work. The members of the commission are: Mr. Justice Scott, chairman; Mr. Justice Beick, and Mr. Justice Harvey, all of Edmonton.

The investigation is expected to reveal all or nothing in connection with the charges which have been made regarding the sale of bonds of the company, in which several officials of the company were alleged to have received a "rake-off."

The insurgents state that their counsel will produce sensational evidence. The officials and the government say they are delighted to have the investigation, and there is nothing sensational to reveal.

INQUIRY WILL BE COMPLETE.

The investigation will be the most complete possible. After the stiffest fight ever experienced on the floor of the legislature, the insurgents secured concessions which should make it possible for the commission to probe every nook and corner of the deal, from the organization of the company down to the present time. It will be possible for the commission to force the production of, all letters, documents, telegrams and other correspondence in connection with the deal, and it will be possible for them to demand an explanation if any documents demanded are not in existence.

The official counsel of the commission are Messrs. W. L. Walsh, K.C., of Calgary, formerly of the Yukon and Orangeville, one of the prominent lawyers of the Province, and L. L. Johnston, of Lethbridge, another prominent member of the Provincial bar. In addition to these, R. B. Bennett, of Calgary, general solicitor for the C.P.R., the member of the legislature, whose speech in attack upon the Waterway deal will go down in history as one of the clevrest addresses of its kind ever made will represent the interests of the insurgents, and he will be assisted by H. H. Parlee, a member of the firm of Boyle and Parlee, of Edmonton.

P. J. Nolan of Calgary, one of the best lawyers in the West, will represent the interests of the government, assisted by O. M. Biggar of Edmonton, a member of the attorney-general's law firm and a nephew of Sir Oliver Mowatt.

Witnesses have been summoned from all over the Province. Any individual who has been in any way prominent in connection with the deal will be called to the stand. The officials of the Railway Co., the heads of the government departments the superintendents of local telegraph companies will be among the earliest to appear and give evidence. Deputy Attorney-General Woods will be the first to go into the box, and he will testify in connection with the first negotiations which were carried out between the government and the company. He may be followed by Mr. Minty, the general solicitor for the Great Waterways. It was between these two that the greater part of the negotiations were carried on. Several hundred messages passed between the officials and the government which were in cipher, and these will be asked for. Some messages received or sent earlier in the negotiations have been destroyed in accordance with the rules requiring telegraph companies to destroy telegrams every six months.

INDIAN RIVER NEWS.

Mr. Thomas Whibbs, who has been firing on the G.T.R., is home for a few days.

Mr. J. E. Devlin trapped a pet coon on the premises of Mr. Landerigan.

Mr. A. Andrews of St. Thomas, was home last week.

Mr. William Walker, who has been in the laundry business in Toronto, is home at present.

Chamberlain's Cough Remedy never disappoints those who use it for obstinate coughs, colds and irrations of the throat and lungs. It stands unrivalled as a remedy for all throat and lung diseases. Sold by all dealers.

Cold on the Chest

Had Suffered for Weeks—Used Fourteen Different Remedies Without Relief.

CURED QUICKLY BY NERVILINE.

CURED CONSTIPATION QUICKLY.

Tells of a Remedy That is Safe for Young and Old, for All Stomach and Bowel Troubles.

Writing from his home in Barcelona, Mr. Frederick G. Mayor states: "I think no one ever suffered as severely from constipation as I did for nearly six months. So many serious symptoms were developing as a consequence of this evil condition of the system, that I realized I must find a remedy. The strong pills of various kinds I tried seemed after their first effects were over to make me far worse and I did not know which way to turn for relief. I saw Dr. Hamilton's Pills advertised, and the first box used satisfied me I found a true remedy. Instead of griping by undue activity, Dr. Hamilton's Pills acted as naturally as if physic had not been taken. I never had to increase the dose, and, indeed, within a month I reduced it and when the system finally acted of its own accord as a result of Dr. Hamilton's Pills, I took a dose twice a week only, just to make sure the old condition would not come back.

No other remedy cures constipation and biliousness so easily or safely as Dr. Hamilton's Pills; they are an ideal family remedy for all diseases of the stomach, liver and bowels. Sold in 25c. boxes, all dealers, or The Catarrhozone Co., Kingston, Ont.

THE MORNING TIMES

The only morning daily newspaper published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $3 per year, strictly in advance.

Strangers visiting Peterborough are cordially invited to make their headquarters at the office of The Morning and Weekly Times, where they will be furnished with writing materials, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

WEDNESDAY, MARCH 30, 1910.

COST OF LIVING.

The increased cost of living is becoming a serious problem, not only in Canada, but throughout the United States. The newspapers have tried to find reasons and to offer solutions, but still the cost keeps up. It is significant, therefore, that the New York World comments as follows with respect to the cost in that city of great wealth and extreme poverty:—

"Even patrons of the most expensive restaurants are to be made to feel the pinch of higher prices for food. All along the line up Broadway and Fifth avenue, hotels, chophouses and dining places have decided to increase their charges. An extra dime here and an extra dime there is to be added on all meat orders.

The actual cost of provisions, vegetables, meats, groceries and so on has little to do with the prices in these high-class restaurants. It may make considerable difference to cheap eating places and quick lunch counters when Chicago packers move quotations up and down, but a cent or two, more or less, for choice cuts of beef cannot enter largely into the figures on menu cards of the fashionable resorts. Their charges are based on other considerations than the elegance of service and luxury of surroundings, besides all the little necessories that flatter his vanity, are the things the diner pays high prices for.

"In the last twenty years the cost of living at the best hotels in New York has almost quadrupled. Not that the prices of mere necessities have risen in proportion, but habits of extravagance have become general. Extravagance on the part of their guests has been shrewdly cultivated as their best source of profits by the hotel and restaurant people, and the public has eagerly fallen in with the plan. There never was any idea of customers getting anything near the exact worth of their money, but merely something they were willing to pay a big price for. As James J. Hill said, it is not the high cost of living but the cost of high living that counts most in the way of expenses."

TRADE WITH GERMANY.

A despatch from Berlin which we print in our telegraphic columns today, shows the German merchants and manufacturers intend to reap the fullest possible benefit from the situation opened by the settlement of the tariff controversy between Canada and Germany. All the organizing skill, all the attention to details, and all the methods for attracting and securing business, which are characteristic of German commercial enterprise, are to be brought to bear in the commercial invasion of the Dominion by the manufacturers of the Fatherland.

While, of course, the people of Canada expect to reap some benefit from the opportunities which the new fiscal arrangements will give German traders in the Dominion, they will cherish a hope that this proof of German enterprise and energy will stimulate the latter's rivals in the United Kingdom to emulate these efforts. Canadians have not weakened in their determination to give their British kinsmen a fiscal advantage in the markets of the Dominion over the foreigner. But the benefit that they will derive from this preferential treatment must depend in no small degree on the energy shown by British merchants, and their adoption of the most up-to-date methods in the production of their goods and in the manner in which they cater for Canadian business.

The busiest and mightiest little thing that ever was made is Chamberlain's Stomach and Liver Tablets They do the work whenever you require their aid. These tablets change weakness into strength, listlessness into energy, gloominess into joyousness. Their action is so gentle one don't realize they have taken a purgative. Sold by all dealers.

"Pay Dirt" in the Yellowhead.

Half a dozen young men, ex-army officers from France, it is said, are entitled to the credit of first unearthing the vast coal beds near the Yellowhead on the Grand Trunk Pacific. This coal is equal in point of quality to the coal of the Crow's Nest, of Vancouver Island, of Sydney, Nova Scotia, and the bituminous coal of Pennsylvania. The great find is at the head waters of the McLeod, Pembina and Embarras rivers. Not only is the quality of this coal good, but it is there in abundance. Experts estimate that there are eight hundred million tons in sight. The principal vein, as tested and analized, is 26 feet thick, with two or three other veins or stratas below and underlying the main vein. If the builders of the Grand Trunk Pacific could have ordered the placing of these coal deposits they would in all probability have placed them just where they are, near the summit of the Rockies, and on the eastern slope. From the mines it will be generally down hill to Winnipeg and all the prairie cities, although as a matter of fact there are no hill grades on the National Transcontinental Line. In the year 1908 a million tons of Pennsylvania coal went into the Canadian West With the completion of the Grand Trunk Pacific the West will have, not only an abundance of coal, but have a quality of coal that can be stored in the early summer before the crop begins to move. Also it will supply the much desired return load for the cars that will carry what from the Prairie Provinces to Prince Rupert.

The line will be completed and in operation to the Pass by the end of the year, and as a spur line of only twenty miles will take them to the mines, the West should be getting this coal in a year from now.

This discovery is important to the whole country. It will enable the manufacturers to establish in the West, and will help the economical operation of the railways.

Catarrh Cannot be Cured.

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in the country for years, and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly upon the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

PROVINCIAL RIGHTS.

Dominion and Provincial Governments Confer in Ottawa.

Ottawa, Ont., March 29.—For the purpose of discussing the important question of the relative jurisdiction of the Dominion and the Provinces in respect to company incorporation and other matters an important conference will be begun in the capital to-day between representatives of the Dominion and Provincial Governments. A large and representative attendance will give evidence of the importance attached to the subject under consideration. In recent years Provincial rights has been a constantly recurring source of difficulty. No understanding on the matter has ever been reached, but at the present conference the whole question is to be exhaustively discussed, and an endeavor made to reach a conclusion defining lines of jurisdiction which the parties interested will agree not to invade.

SPECIALISTS

In Chronic Diseases of Men, Blood and Nerves, and Diseases of the Skin. One visit to Toronto and 72 hours may cure you. Send this slip, or call if you can, and get our free book. Hours, 9 to 1, 2 to 5, Saturdays, 9 to 1. 33 Richmond street west, Toronto, Ontario.

THE PRINCESS SLIP.

One Piece Undergarments Still Novel, but Very Useful.

One piece combinative undergarments may not be novel, but they are of especial value at the present moment, when the slender effect in the gown after which every woman is striving, lay any extra material beneath the carefully fitted gown is likely to spoil the otherwise perfect effect. Many women have been inclined to regard the princess slip or foundation dress as somewhat of a needless extravagance, but the originality of prevailing fashion have made them readjust their views on this subject.

A PRINCESS SLIP

The woman, therefore, who wishes to obtain the best results in her dressing will find this garment of no small importance and a matter of such convenience that once worn, she will not be able to do without it. The chiffon seam of this princess slip is to dress the fullness and gathers which occur at the waist when a separate skirt and underwaist are worn and to outline the hips without any unnecessary emphasis. The bottom of the skirt may be full, but the top must be gored and fit the garment the perfectly.

The model pictured here is carefully shaped to the figure by seams each back and front, and the opening, which comes at the back, must be fastened with snaps, hooks or buttons. If the latter method is adopted, be careful to have small buttons and buttonholes. It is unnecessary to have large buttons, which only make the garment look clumsy.

The combination slip may be developed in one of the lightweight silks or taffetas, lace edging serving as trimming on the waist. The skirt is constructed so that the fullness is detachable, a point which increases the utility of the garment, as a change of flounces is easily possible.

If the flounce is made of the foundation material, seven and three-quarter yards of twenty-seven inch width will be needed. If silk is not desired, lawn or nainsook will give very dainty results.

HEALTH AND BEAUTY.

If you want white hands do not depend too much on creams and lotions. Redness of the hands, like redness of the nose, is often caused by poor circulation.

Delicate women who fear catching cold from having the hair shampooed in winter should buy a good tonic, which dissolves the dust and dandruff that are bound to accumulate without great care. Ask your hairdresser for a cleansing lotion for the scalp that can be rubbed in every few nights and will keep the head free from dust and dandruff and the hair soft and brilliant.

Women who are compelled to do a good deal of housework and whose fingers are constantly in water should try the plan of washing their hands in the ordinary way with soap and water and while wet of rubbing dry salt well over the cuticle. This will remove all grime and stains and will keep the hands smooth and white. A slice of lemon is invaluable for preserving the fine texture of the skin and should be rubbed over the hands while washing.

Light hair is apt to grow darker with age, and anything that would entirely prevent this would be so drying as to be injurious. There is a shampoo mixture, however, that will do no harm and may aid you. It is made of raw egg, a teaspoonful of powdered borax, half a teaspoonful of violet ammonia and a quarter of a teaspoonful of carbonate of potash. Beat well together and then stir into a quart of warm water. Wet the scalp and hair thoroughly, massaging at the same time. Use no soap.

Dyeing Tan Shoes.

Every one does not know that tan shoes can be dyed black. The cost is small, and the result is that the shoe will serve through the winter.

Nothing in the way of a cough is quite so annoying as a tickling, teasing, wheezing, bronchial cough. The quickest relief comes perhaps from a prescription known to Druggists everywhere as Dr. Shoop's Cough Remedy. And besides it is so thoroughly harmless that mothers give it with perfect safety even to the youngest babes. The tender leaves of a mint bush, shrub give to Dr. Shoop's Cough Remedy its remarkable curative effect. A few days' test will tell. Sold by all druggists.

ADVERTISED IN THE TIMES.

Construction of the G.T.P. Railway

Since the turning of the first sod on the construction of the Grand Trunk Pacific Railway at Fort William, Ontario, September 11, by the premier, Sir Wilfrid Laurier, the construction work has proceeded steadily to the extent that at the present time, covering a period of four years and a half since the building of this transcontinental Railway was commenced, of the entire main line from Moncton to Prince Rupert, a distance of 3560 miles a total of 3060 miles has been placed under construction on which there has been laid 1795 miles of track, which in some cases is made up of disconnected sections and is therefore not at all continuous. That portion of the line, however, from Winnipeg to Edmonton, 793 miles, has been constructed and in partial operation by the Construction Department for the past 18 months and within the past 90 days the track has been completed continuously from Edmonton westerly to Wolf Creek, 121 miles, thus completing the track laying on that section of the line, designated as the Prairie Section, Winnipeg to Wolf Creek, 915 miles. The track laying was also recently completed from Winnipeg to Fort William, 445 miles, thus making a continuous line from Fort William, via Winnipeg and Edmonton, to Wolf Creek, 1360 miles, which however, cannot be completed for practical operation for some months as considerable work is required to be done on the easterly and westerly ends of the line, to put into a suitable condition for the movement of regular trains. The other portions of the main line on which the rails have been laid are situated at different points east and west of the city of Quebec. During the past year contracts have been let for the construction work from Wolf Creek, Alberta, westerly to Tete Jaune Cache in the Rocky Mountains, 179 miles, and there are at present engaged on this section of the line, 1000 teams and a large army of men. Similar forces are also engaged on the construction of the line from Prince Rupert, the terminus of the Pacific Coast, easterly to Aldermere, B.C. 240 miles.

In addition to the mileage referred to above the Provincial governments of Saskatchewan and Alberta passed acts at the sessions of their legislatures in 1909, authorizing guarantees for the construction of branch lines by the Grand Trunk Pacific Railway company in these provinces to the extent of 686 miles, comprising branch lines from the main line of the Grand Trunk Pacific Railway to Yorkton, Regina, Battleford, Calgary, Lethbridge, MacLeod and Coutts, the construction of which are at present under way. At the session of the Saskatchewan legislature in December, 1909, an Act was passed authorizing the guarantee of the construction of additional branch lines by the Grand Trunk Pacific Railway in that Province to the extent of 475 miles compromising lines from Regina south-easterly to the United States boundary line, from the main line of the Grand Trunk Pacific Railway to Prince Alberta and from Regina westerly to Moose Jaw, Calgary, etc., etc., the construction of which will be undertaken during the present year. From the foregoing it will be observed that out of a total mileage of main line and branches of approximately 7000 miles, there have been completed and under construction at the present time, approximately 4900 miles or sixty per cent of the entire mileage authorized in the company's charter.

Cosgrave's Beer

Words of praise have ever prevailed in advertising "copy." That a producer should wax enthusiastic over his own wares is but human. But it's the praise of the consumer that counts—and it is to a discriminating and critical public that "Cosgrave's" refers you.

It is safe to say that no product of any kind enjoys a more enviable reputation than does this famed Cosgrave Beer of Toronto in markets where it is offered.

Its self-evident honesty of purpose, purity, brilliancy, body, and every other attribute that goes to make a perfect beer are ever in evidence.

Celebrate the "Cosgrave Habit"—Watch for the name—ask for any of these brands - Half-and-Half, Pale Ale, XXX Porter.

Proprietor.

HOTEL CARSLAKE, MONTREAL. European plan—opposite Grand Trunk, Geo. Carslake, Proprietor.

Synopsis of Canadian Northwest Land Regulations.

ANY PERSON WHO IS THE sole head of a family, or any male over 18 years old, may homestead land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother, or sister of an intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, solely owned and occupied by him, or his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price $3.00 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price $3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth $300.00.

W. W. CORY,
Deputy of Minister of the Interior.

WOMAN DRAGGED UNDER A TRAIN

MRS. JAMES MACDONALD OF COLLINGWOOD INJURED.

One of Her Legs Cut Off—C. W. Graham Saved Her Life by Prompt Amateur, But Effective Surgery.

Toronto, March 28.—The Cobalt train running through the station at Davenport this morning ran over a woman and cut off one of her legs a few inches below the left knee. It was Mrs. James MacDonald of Collingwood, who had been visiting her half-brother, W. H. Gibson, 28 Evelyn avenue, West Toronto, and was going back today.

"I thought I could get through all right," she said as she lay on the platform, after the accident. One of the bystanders gave the story to a reporter.

"She was walking past a truck lying on the platform near the track. She walked on the outside of the truck, and just then the Cobalt train came past. Something on the baggage car caught her skirt, and she was pulled under. When the train pulled up one of her legs was just about gone.

"They couldn't find a doctor on the train, and a young man who gave his name as C. W. Graham of Toronto, got off. He borrowed a small yellow strap from a little girl from her school bag and started in to fix up the wound. He bound the strap a little above the knee and started to pull. He managed after a while to get the blood to stop. When a doctor came he said this had practically saved her from bleeding to death.

"Her face and head were pretty badly cut up too, and she complained of a pain in her back. She talked all the time that she was being fixed up, and kept repeating that she thought she was going to get through all right. An ambulance was sent for, and she was taken to an hospital.

Have you a weak throat? If so, you cannot be too careful. You cannot begin treatment too early. Each cold makes you more liable to another, and the last is always the harder to cure. If you will take Chamberlain's Cough Remedy at the outset you will be saved much trouble. Sold by all dealers.

NOTICE TO CONTRACTORS.

Tenders For Machinery, Belting, Shafting, Cranes, Air Compressors, Etc.

SEALED TENDERS, addressed to the undersigned, and marked on the envelope "Tender for Machines and Tools," "Tender for Leather Belting," etc., etc., as the case may be, will be received at the office of the Commissioners of the Transcontinental Railway, at Ottawa, Ontario, until 12 o'clock noon of the 12th day of April, 1910, for:

(1) Machines and tools;
(2) Leather belting;
(3) Shafting, hangers, steel frame work, etc.;
(4) Miscellaneous equipment, industrial track and lockers;
(5) Motors;
(6) Furnaces and forges;
(7) Cranes;
(8) Air compressors;
(9) Grey iron foundry equipment and brass foundry equipment;

required for the equipment of the locomotive and other shops of the Commissioners of the Transcontinental Railway at Springfield, east of Winnipeg, Manitoba.

Tenders will be received and considered for any or all of the items indicated above and numbered from 1 to 9, both inclusive.

Plans and specifications may be seen in the office of the Chief Engineer of the Commissioners at Ottawa, Mr. Gordon Grant, and in the office of the District Engineer of the Commissioners at St. Boniface, Man. Mr. S. R. Poulin.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied by the Commissioners, which may be had on application to the Chief Engineer at Ottawa, or to the District Engineer at St. Boniface, Man.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada, payable to the order of the Commissioners of the Transcontinental Railway for a sum equal to ten per cent. (10 per cent.) of the amount of the tender.

Any person whose tender is accepted shall within ten days after the acceptance thereof sign the contract, specifications and other documents required to be signed, and in any case of refusal or failure on the part of the party whose tender is accepted to complete and execute the contract with the Commissioners, the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure, and all contract rights acquired by the acceptance of the tender shall be forfeited.

The cheques deposited by parties whose tenders are accepted will be deposited to the credit of the Receiver General of Canada as security for the due and faithful performance of the contract according to its terms.

The cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

The right is reserved to reject any or all tenders.

By order,
P. E. RYAN,
Secretary, The Commissioners of The Transcontinental Railway.
Ottawa, 2nd March, 1910.

Newspapers inserting this advertisement without authority from the Commissioners will not be paid for it.

ADDS MILLIONS TO CAPITAL.

Parent Bell Telephone Co., of U.S., Increases Its Capital.

New York, March 28.—At a special meeting today, preceding the regular annual meeting the stockholders of the American Telegraph and Telephone Company sanctioned the proposal of the directors to increase the capital stock of the company from $300,000,000 to $500,000,000. The increase, it is stated, is to be used in the acquisition of new properties and to extend the business of the company in new fields.

The corporation represents control of the Bell Telephone companies all over the country, and it recently acquired the Western Union Telegraph Company, which in turn has just taken over the control of the American District Telegraph Company. The company which is now to be capitalized at $500,000,000 originally had a capital of $450,000 when it began business in 1877.

A failing tiny nerve—no larger than the finest silken thread—takes from the Heart its impulse, its power, its regularity. The Stomach also has its hidden, or inside nerve. It was Dr. Shoop who first told us it was wrong to drug a weak or failing Stomach, Heart or Kidneys. His prescription—Dr. Shoop's Restorative—is directed straight for the cause of these ailments—these weak and faltering inside nerves. This, no doubt clearly explains why the Restorative has of late grown so rapidly in popularity. Druggists say that those who test the Restorative even for a few days soon become convinced of its wonderful merit. Anyway don't drug the organ. Treating the cause of sickness is the only sensible and successful way Sold by all dealers.

TENDERS FOR DREDGING.

SEALED TENDERS addressed to the undersigned and endorsed "Tender for Dredging" will be received until Tuesday, April 12th, 1910, at 5 p.m., for dredging required at the following places in the Province of Ontario:

Byng Inlet, Cobourg, Goderich, (Kincardine, Lion's Head and Port Elgin,) Owen Sound, Picnic Island, Port Burwell, (Port Hope and Whitby), Rainy River, River Thames, Rondeau, Sault Ste. Marie.

Tenders will not be considered unless made on the form supplied, and signed with the actual signatures of tenderers.

Combined specification and form of tender can be obtained on application to the secretary, Department of Public Works, Ottawa. Tenders must include the towing of the plant to and from the works. Only dredges can be employed which are registered in Canada at the time of the filing of tenders. Contractors must be ready to begin work within thirty days after the date they have been notified of the acceptance of their tender.

An accepted cheque on a chartered bank, payable to the order of the Honorable the Minister of Public Works, for six thousand dollars ($6,000.00) must accompany the tender. The cheque will be returned in case of non-acceptance of tender.

The Department does not bind itself to accept the lowest or any tender.

By order,
NAPOLEON TESSIER,
Secretary.
Department of Public Works,
Ottawa, March 21, 1910.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.

INWARD CLEANING

Assures Outward Beauty.

No greater mistake than to imagine that regularity is a sign of good health—it is an advantage, but if your skin is murky and your spirits dull, it is the surest sign that nature is lagging a little. Now by lagging is meant that the liver is a little lazy—the kidneys weak—the stomach failing just a little in its work. It may be a little of all three.

Just one remedy—inward cleansing with Dr. Hamilton's Pills. This removes, so to speak, a cobweb here and there, a visible sign of careless inward house cleaning.

Dr. Hamilton's Pills insure beauty give a dainty complexion, act upon the skin, upon your spirits. Some will ask, How so Dr. Hamilton's Pills act? Why mildly of course, but very effectively upon that great trio of health, the stomach, liver and kidneys.

To get that robust, hearty health, to have the sparkle of vigor, to look and feel always at your best, tone and regulate your system with Dr. Hamilton's Pills. Thousands find this advice good—so will you—refuse a substitute for Dr. Hamilton's Pills of Mandrake and Butternut, 25c per box, all dealers, or The Catarrhozone Co., Kingston, Ont.

Junk Wanted

NEWS OF THE CITY

Final Tax Notice.

All persons whose 1909 taxes are not paid by the 1st day of April, 1910, distress warrants will be issued without further delay. By order W. J. Green, tax collector.

Croup positively stopped in 20 minutes, with Dr. Shoop's Croup Remedy. One test alone will prove this truth. No vomiting, no distress. A safe and pleasing syrup—50c. Sold by all dealers.

A Presentation.

Mr. Fred Miles, who has retired from the leadership of the Bugle Band, was presented by the members of the band with a silver card case and an address. The presentation was made by Mr. Walter Fitzgerald. Mr. Miles replied in suitable terms.

WANTED.

An Industrial Commissioner for Peterborough. Must be a man well qualified for the position. State salary expected. Apply, with references, to Daniel O'Connell, Chairman of the Board of Trade Committee, Peterborough.

Drunks Fare Badly.

At the police court yesterday two drunks were fined $5.75 and $2 respectively. The first did not possess the amount and he was sent to the cells. A friend subsequently put up the spondulicks. The $2 fellow took a ten days' course on the hill.

Fortify now against the grip—for it comes every season sure! Preventics—the little Candy Cold Cure Tablets—offer in this respect a most certain and dependable safeguard. Preventics, at the "sneeze stage" will, as well, also surely head off all common colds. But promptness is all important. Keep Preventics in the pocket or purse, for instant use. Box of 48 for 25c. Sold by all dealers.

Government Buys Boat.

The Peterborough Canoe Company has received an order from the Dominion Government for a small steamboat to be used in exploration work on the Mackenzie River. It will be thirty-five feet in length and will be built at the factory of the company on Water street. The boat will be delivered in May.

Regimental Drill.

The 57th Regiment will start drill on Monday evening next at the armories at eight o'clock, and continue each Monday evening until further notice.

Dawson Property Sold.

The property belonging to Mr. A. Dawson of 1½ acres, with two-storey dwelling, which adjoins Nicholls Oval, has been sold by the real estate firm of A. Brown & Co., to Mr. Wm. Cresswell, of Gilmour street. The purchase price was in the neighborhood of $6,000. Mr. Cresswell will take up his residence on his newly acquired property.

SOCIETY

Mrs. C. B. McAllister is the guest of Mrs. James Kendry.

Mr. Garnet Greer of Queen's Medical school, is home for the holidays.

Mr. F. J. Lillierap of Lakefield, was in the city yesterday on business.

Misses Emma and Mary Carroll, who have been visiting Miss Gertrude McFadden, Elm street, returned to Toronto yesterday.

After spending Good Friday, Saturday and Sunday at his home in Peterborough, Mr. Chas. Elliott, C. P.R. conductor, left Monday night on a trip to Vancouver, B.C., and Seattle, Wash. He intends to stop over at Regina, Moosejaw and Edmonton, to visit his brothers and sisters.

* * *

A quiet wedding was solemnized at Kingston on Monday, at the residence of the bride's parents, when Miss Emma Mae, eldest daughter of Mr. and Mrs. Alex. Potter, was united in marriage to Mr. H. R. Goldey, formerly of Peterborough, now of Toronto, son of the late Mr. Thos. H. Goldey.

* * *

A pretty house wedding was celebrated at the family residence, 59 Aylmer street, on Monday afternoon, when Miss Mildred May, daughter of Mr. John O. Moss, was united in marriage to Mr. Alfred C. Laslett Rev. J. G. Brown of St. James' church, officiated, assisted by Rev. H. M. Manning of Whitby. The bride was given away by her father, and was assisted by Miss Lena Drake, while Mr. J. G. Moss supported the groom. After the ceremony supper was served to the guests present. The young couple will reside in Peterborough.

Little Local Lines

The grass in the parks is already assuming a green tinge.

Ploughing is reported by farmers near Cobourg and Port Hope.

Real estate men complain that trade is not as active as it should be.

Mr. Nesbitt, the jailor of the county jail wishes to thank Lt.-Col. Stevenson for his contribution of fifty volumes to the prisoners' library.

The condition of Ernest Gilbert, who was accidentally shot last Sunday, and who is receiving treatment at the Nicholls Hospital, was satisfactory last night.

Mr. Walter Stocker, the enterprising bill poster, has erected a new bill board on George street, north of the opera house. It will be 165 feet long.

Muskrat trappers report the rats as being scarce this year and blame this state of affairs upon those who trap out of season. If illegal trapping is indulged in much longer the rat will become extinct on the Otonabee river.

Mr. D. W. Rumble will be in his office on the nights of Tuesday and Saturday each week from eight to ten p.m., to meet applicants for purchase of lots.

Mr. W. H. Moore, of the Water Commissioners, says that there will be no danger in future of any saw log jam at the new dam, as there will be several openings in the new dam through which the logs will pass.

Several towns and cities are following the advice of The Canadian Laundryman, and are "regulating" the Chinese laundries. The lower of these places in a community the better.

Have you a pain—of any kind, any where? Stop just a minute and think. It matters not whether it be womanly pains, head pains, or any kind of a pain, one of Dr. Shoop's little Pink Pain Tablets will surely stop it in 20 minutes. Formula plainly printed on the 25c. box. Sold by all dealers.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for restoration of, and additional story to Military Stores Building, Ottawa, Ont.," will be received at this office until 5.00 P.M., on Friday, April 15th, 1910, for the work mentioned.

Plans, specifications and form of contract can be seen and forms of tender obtained at this Department.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, with their occupations and places of residence. In the case of firms, the actual signatures, the nature of the occupation and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honorable the Minister of Public Works, equal to ten per cent. (10 p. c.) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so. If the tender be not accepted the cheque will be returned.

The department does not bind itself to accept the lowest or any tender.

By order,
NAPOLEON TESSIER,
Secretary.

Department of Public Works,
Ottawa, March 24, 1910.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.

The finest "first aid" is Zam-Buk for many reasons. It is antiseptic—kills the poison in any wound. It cleanses any wound, or skin injury, or disease against poison-germs in the air which are always ready to enter a sore place and set up poisoning and putrefactive change. Immediately they enter Zam-Buk they are instantly killed.

While certain ingredients in Zam-Buk see that poisoning you against outward dangers, the rich healing herbal essences in the balm penetrate the tissue, stimulate the cells, and bring about perfect healing. Nothing like it! Watch it work!

PROOF FROM THE HOMES.

Mrs. Hallday, of Worcester, Ont., says:—"I have found Zam-Buk a most reliable household remedy. I have used it for cuts, scalds, and various skin diseases, and have found it to effect a cure in every case. I would not be without a box of Zam-Buk in the house for many times its cost. I recommend all mothers to use it."

Mrs. H. L. Levy, of Hesketh's Cove, N.S., says:—"Eczema got very badly developed on baby's ears, and we tried many remedies, but could get no relief. I was advised to try Zam-Buk. It proved effective from the first, and in a very short time it cured the eczema completely. I honestly feel for all skin injuries and diseases, sores, etc., Zam-Buk is the one and only thing to use."

All druggists and stores everywhere sell Zam-Buk, 50 cents a box.

C. L. T. FISHER, Pres. F. R. HARRIS, Vice-Pres. W. L. GRISSOM, Sec.-Treas.

National Mining & Tunnel Company

WHERE OUR MINES ARE

Our mines are in the greatest camp in America, Leadville, Col. Leadville has been producing gold, silver and lead for forty-nine years. Cripple Creek, famous on two continents, has produced but $90,000,000. Leadville has produced 425,000,000. Our mines are located on the most productive part of Sugar Loaf. John W. McMahon, Clerk and Recorder of the county, in a personal letter, says: "This mountain is known to contain the richest mineral belt in this rich county."

WHAT WE HAVE

Our properties consist of the following: 12 proven mines, 140 acres; contiguous to these, valuable mining properties, 61 acres; timber claims containing timbers for many years, 180 acres; the copper-gold ledge on the crest of the mountain, 145 acres, total 400 acres. The mountain is four miles long, two miles wide and eighteen hundred feet high. It has produced to an average depth of but 150 feet, where the copper acid waters prevented further operations by shaft, $12,000,000.

CONDITIONS FAVORABLE TO SUCCESS

We are driving a big tunnel in from the foot of the mountain, at right angles to these veins, and will drain out the acid waters, and have the vast ore body above us of easy access. Our mines, which have produced over $2,000,000, occupy a central position among these mines, an evidence that we shall cut through the heart of the mountain's rich known ore system, and affording a strategical position relative to other properties. On the right and left are mines which have produced millions, whose ores must come out through our big tunnel, and which must pay us satisfactory royalties.

Operation of our tunnel and mines by electric power. We are driving our tunnel by 75 h.p. electric motor, equipped with an air compressor for driving drills, trolley for operating cars, etc. Within six months we should reach our first proven mines, and should cut through the second and third, and become a large producer before the year closes.

Transportation by rail to the largest custom smelter in the world, four miles away.

Low freight rate, 30c per ton.

An insatiable market for our ore, and settlement the first of every month.

Large ore value, and low cost of production. Ores run 50 to 150 per ton by the car load. The total cost of production is about $2.00. The majority of the stock is pooled for ten years, and cannot be sold. Capitalists cannot get hold of the stock, and freeze anybody out.

The Directors are men of high personal and financial standing. The business will be managed ably and honestly, and every one will share alike in proportion to his stock.

For further information, address

C.L.T. FISHER, **Box 391, Lynchburg, Va.**

The Victoria Meteorite Here.

On Tuesday evening next Mr. H. B. Collier will deliver a lecture on "Meteorites" in the Collegiate Institute, under the auspices of the Astronomical Society, when what is known as the Victoria Meteorite will be on exhibition. This specimen weighs 253 pounds, and came from the North-west, where it was secured by the Rev. John McDougal, who presented it to the Toronto University. It is valued at $3,000. The lecture should be largely attended.

VOL. XXXIII NO. 72 PETERBOROUGH, ONTARIO THURSDAY MARCH 31 1910 PRICE TWO CENTS

Robert Henderson is Guilty of Murder

The Jury Returned with a Verdict of Wilful Murder After Being Out About One Hour—Sentenced to Hang on June 23rd

The trial of Robert Henderson, charged with murder, occupied the greater part of yesterday, the jury retiring about 5 o'clock. Mr. E. A. DuVernet, K.C., was the Crown prosecutor, and Mr. F. D. Kerr defended the prisoner. Henderson was brought into court wearing the same indifferent expression that has characterized him throughout the proceedings. His counsel, on his behalf, pleaded not guilty. Several witnesses were called, both for the Crown and defence. Miss Susan McPherson told her story of the affair. In defence Dr. Clark of the Toronto Asylum, and Dr. Bruce Smith testified as to their examination of the alleged murderer. They termed him a high-grade imbecile, but not what they called insane. To his lordship, Dr. Clark said that he had no disease of the mind. His mind was capable of appreciating the law against such a crime.

The jury was as follows: Thos.Blo,s Jos. Ball, H. Allin, Harry Balfour, H. J. Crowe, Robert Collins, C. E. Coleman, Robert Patterson, Ormy Calendar, Robt. Cottrill, Archie Campbell, Bert Sanderson.

The evidence was practically the same as was given before the coroner, and has already appeared in these columns, with the exception of the medical testimony, which we give below.

Dr. Clark, superintendent of the hospital for the insane, at Toronto, said that with Dr. Bruce Smith, he had examined the prisoner. He was, in their mind, a high-grade imbecile. He was void of all moral sense. He had a high-arched palate, which is common among imbeciles. Intellectually, he had a remarkable memory for dates. His whole story showed that he was ambitious for money, and apparently thought the house he entered was a place where misers lived. He learned that his environment was very good. The young man told him that he had been sent to church regularly. His weakness for money was shown in that he had several times collected for clubs and charities. Dr. Clark said in regard to the history, given by the prisoner's mother, it was not sufficient to come to a conclusion. However, a great deal of importance was placed on hereditary in determining insanity.

Dr. Bruce Smith called, stated that he agreed with Dr. Clark, as to the young man being a moral imbecile. There was a want of moral sense, without any deficiency intellectually. This young man would not consider himself bound by any moral precepts. He was incapable of apprehending anything morally. It was an original defect, for which he was not responsible. He will always be a man too society. His environment should always be of a custodian nature. From May until January he gathered $372, a very small amount of which was honestly earned. He had collected it under the pretence that it was for charities. He had no remorse whatever for his actions. A hereditary tendency could be in the system and might show itself at any time. Moral imbeciles have great mental capacity. The prisoner was exceedingly quick at figures.

The judge's charge was unfavorable to the prisoner.

The jury retired about 5 p.m., and about 6.15 returned with a verdict of "Guilty."

The judge then addressed the prisoner, and pronounced sentence as follows:

Robert Henderson, the sentence of the court is that you be taken hence to the place from which you came, and kept in confinement until the 23rd day of June next, and you be then taken to the place of execution and there hung by the neck until you are dead, and may the Lord have mercy upon your soul.

The prisoner was then removed to his cell, where a death watch was put on duty.

DOURO RESIDENT DEAD.

Demise of Mrs. John Kennedy on Thursday.

On Thursday last Douro township lost one of its oldest and most respected residents, in the person of Mrs. John Kennedy. Mrs. Kennedy had not been in good health for some time, and became so poorly that she entered St. Joseph's hospital for treatment. Notwithstanding the efforts of her physicians she gradually sank until the end came on Thursday last.

The deceased lady, whose maiden name was Margaret Crough, was born in County Tipperary, Ireland, in 1845. She came to Canada in 1866 and in 1871 was married to her now bereaved husband. By this union they were blessed with seven children, four sons and three daughters, two of the daughters, Maggie and Mary died seventeen years ago. The remaining children are Michael, of Douro; Timothy and Wm. John on the homestead and Dan. of Peterborough, and Mrs. John H. Leahy, of Douro. The funeral was held on Saturday afternoon to St. Joseph's church, and was one of the largest ever seen in the township. Interment took place in St. Joseph's cemetery. The pall bearers were the four sons, her son-in-law, John H. Leahy, and her nephew, Timothy Crough, of Fenimmore. The sympathy of the entire community will be extended to the bereaved family.

TWO THOUSAND WATCHES GONE.

Waltham Loss Heavily in a Big Steal From New York Pier.

Boston, March 29.—The biggest theft of watches reported in many years has just become known in this city by the Waltham Watch Company's announcement that 2,000 of its watches valued at $20,000, were stolen from a pier in New York last Wednesday while waiting shipment to London on the steamer Campania. The news of the loss has been kept secret by the insurance people in the hope of capturing the thieves. With the watches disappeared at the same time a horse and wagon belonging to the National Express Co. Vice-President Fitts said as the watches were numbered the robbers will have hard work to dispose of them.

CHIEF WINS A HAT.

Fire Brigade Give Proof of Efficiency A Quick Turn-out.

On Wednesday afternoon the aldermen gave the fire department a fine test. The aldermen were on their annual round of inspection and on reaching fire alarm box 35, an alarm was sent in. The brigade reached the spot, at the corner of Hunter and Park streets, in 3½ minutes. The fire teams were two blocks away exercising when the alarm sounded, and the time made was certainly most creditable to Chief Howard and his men. Ald. Metheral, who is an old fireman, lost a silk hat to the chief on a wager that the brigade could not get outside the fire station within 40 seconds after the alarm sounded. It is, however, understood that the hat is not to be worn to fires, except they take place on a Sunday.

IS ABSOLUTELY UNTRUE.

Charges Against Messrs. Clarry and Dickson.

The charges made in the House of Commons by Mr. Lennox, M.P., against Messrs. L. F. Clarry of Hastings, and James Dickson, P.L.S., Fenelon Falls, are without foundation and utterly untrue. A commissioner from Ottawa has been investigating the charges in Peterborough and Hastings during the past few days, and he has found in favor of the defendants.

It is due to both gentlemen that the newspapers which published the charges should as prominently make it known that there is no truth in them.

SOUR RISINGS FROM STOMACH.

These Who Experience Fulness and Pain After Meals, Stomach Disorders and Indigestion, Should Read Below.

"When I was working around the farm last winter I had an attack of inflammation," writes Mr. E. P. Dawkins of Port Richmond. "I was weak for a long time, but well enough to work until spring. But something went wrong with my bowels, for I had to use salts or physic all the time. My stomach kept sour, and always after eating there was pain and fulness, and all the symptoms of intestinal indigestion. Nothing helped me until I used Dr. Hamilton's Pills. Instead of hurting like other pills, they acted very mildly, and seemed to heal the bowels. I did not require larger doses to get results with Dr. Hamilton's Pills, and feel so glad that I have found a mild yet certain remedy. Today I am well—no pain, no sour stomach, a good appetite, able to digest anything. This is a whole lot of good for one medicine to do, and I can say Dr. Hamilton's Pills are the best pills, and my letter, I am sure, proves it."

Dr. Hamilton's Pills of Mandrake and Butternut, a substitute for Dr. Hamilton's, sold in yellow boxes, 25c. All dealers, or the Catarrhozone Company, Kingston, Ont.

A SPLENDID REPORT!

Annual Statement of the Bank of British North America.

The management of the Bank of British North America is to be congratulated upon the very excellent report presented at the 74th annual meeting of the shareholderns, which took place at the head office, London, England, on March 1st.

The address of Mr. E. A. Hoare, the chairman, is of more than ordinary interest, reviewing as it does most comprehensively the present situation. Emphasis was not only given what was encouraging and promising, but occasion was taken to point out where danger might be encountered. Reference was made to what some Canadians might not have apprehended, namely: that the large recent increase in Canadian bank deposits is due largely to the investments of British capitalists in this country's securities, dominion, provincial and municipal, as well as transportation and industrial. These investments in the year 1909, he estimated, amounted to over $136,000,000, or considerably more than the recorded increase for the year in bank deposits. This is evidence of the favorable light in which British capitalists regard Canada as a field for investment; and it may be added that wherever Mr. Hoare's address is circulated this opinion will be strengthened, because while dwelling on what is satisfactory in the general situation it also shows where and why caution is necessary. The statement of the bank itself with which Mr. Hoare had to deal and the explanations he gave were satisfactory in their character. The Bank of British North America has a reputation for conservatism in management that has gained for it the public confidence. Its capital is $4,-866,666, and its reserve fund $2,530,-666. It controls assets of $51,505,-000, has deposits of $40,400,000, and loans of $31,570,000. It holds a large proportion of cash and immediately available securities of the highest class, and is kept ready for any demands that a time of stress might cause. It has been extending its business in Canada, the number of its branches being now sixty-eight, or forty-four more than seven years ago. Last year its new branches were established mostly in the prairie provinces, the call of the West appealing to it as to other financial institutions. The net profits of the year reported were $684,765, a good increase over the figure of 1908. They, with the balance from the preceding year, were appropriated, $240,666 in dividends to the shareholders, $97,-333 to the reserve fund, and $73,000 to reduce the bank premises item in the assets statement. The officers' pension funds were remembered, and a liberal bonus was voted to the staff. The record all through was a creditable one.

THE WEATHER.

A few local showers.

ADVERTISE IN THE TIMES.

Rice Lake Open First Boat Saturday

Word was received here yesterday that Rice Lake was open, the ice having disappeared through the previous day and night, and that the Otonabee Navigation Company's steamer Monarch would make her first trip to Peterborough on Saturday. This will be welcome news to many living in the vicinity of Rice Lake as well as to the business men of the city, who do a large business with people who come to town during the period of navigation. The Monarch will be unable to get to the Wolfe street wharf, on account of the swing bridges not being opened until about May 1st. Passengers and freight will be landed and taken on board at the street railway wharf.

The Grand Jury Made Presentment

The Grand Jury of the High Court made their presentment to his lordship, Mr. Justice Riddell, yesterday afternoon. The foreman, Ald. H. Phelans read it as follows:

To His Lordship, Mr. Justice Riddell:—

May it please your lordship,—The Grand Jury for the County of Peterborough at this sittings of the High Court beg to present as follows:

We are pleased that we can join with you in congratulating this country on its prosperous condition. This country has undoubtedly shared in the general prosperity, and the conditions of business and manufacturing in the city show that it is participating in the progress and advancement of the Dominion. Canada is to be congratulated as well on the character of the people and institutions, and the high standing, impartiality and integrity of its courts of justice are among the most potent influences that it possesses for building up a country on a sure foundation. The people can rely upon our judges, and we are pleased to say that your lordship having frequently attended this court in Peterborough and being known to us, we know that you occupy a conspicuous place among our learned and able justices.

As directed by you, we visited a number of the public institutions. At the jail we found fifteen prisoners in confinement, among them five who seemed to have been committed there on account of poverty. We understand that the City of Peterborough is taking steps to provide more accommodations for its poor and we would recommend that such provision be made as soon as possible. We are pleased to say that the jail and everything about it was in good condition and the prisoners well cared for. During our inspection we noticed that the railings on the verandahs at the entrance to the county judge's chambers and to the jailor's residence were out of repair and we recommend that the attention of the proper authorities be called to this. We would compliment the county on the manner in which the judges' chambers have been decorated and fitted up, and also on the fact that preparations are being made for heating the court house building with steam.

At St. Joseph's Hospital there were thirty patients at the time of our visit. This hospital is well equipped and gave evidence of being carefully managed and looked after, as did also the adjacent House of Providence, in which fifty-one persons found a comfortable home.

The Protestant Home had thirteen inmates, and here again we found everything well kept. We have been informed that the government inspector is not satisfied with the building used for this home and has notified the management that the government grant will be withdrawn in consequence, but the old people there are very comfortable and well cared for and we would respectfully suggest that this decision be reconsidered.

The St. Vincent Orphanage is a new home established by the Roman Catholic Church for children. It is a handsome building with spacious grounds, has seperate apartments for the boys and girls, and is admirably adapted for its purposes. There were in it fifteen boys and fourteen girls at the time of our inspection.

The Children Shelter, given to the Children's Aid Society by the city, contained twelve children. It is a comfortable home and was clean and everything about it was in good order.

The Nicholls Hospital also showed evidence of careful management and close supervision, and in this spacious and well-equipped institution forty-eight patients were treated.

Lack of time prevented us from visiting the County House of Refuge which we regret, but it is not long since a grand jury made a very favorable report upon this benevolent institution.

We would recommend that some action be taken by the county to overcome the noise caused by the public entering and leaving the court room during the session, and also the court constables be provided with proper uniforms.

Respectfully submitted,
HARRY PHELAN,
Foreman.

A Very Enjoyable Shredded Wheat Banquet at S. A. Barracks

The Shredded Wheat Banquet given under the auspices of the Salvation Army last night was a very enjoyable event. The attendance was by no means as large as the occasion demanded, for both menu and program were of an exceedingly acceptable nature, and should have been patronized largely by the general public. The several delicious cereal courses were admirably served by Salvation Army lassies, whose work in this respect left nothing to be desired.

The banquet was followed by a splendid vocal and instrumental program in the big Temple and the numbers given fully exemplified the fact that this organization is replete with musical talent of considerable merit. The Temple, in its renovated condition, presents a bright and cheerful aspect, being pleasingly decorated in a bright blue above a dark wainscotting, and is large and spacious, and is a credit to Peterborough in every way.

THE PROGRAM.

Opening Hymn—
Prayer by Sergt.-Major Braund.
March—Chalk Farm, by the band.
Address—The Vital Question, by Mr. J. Hewitt.
Vocal Solo—There is a Better Wor
Vocal Solo— There is a Better World They Say, by Bandsman Gandy.
Selection—The Maine, by the band.
Song—Forth to the Rescue, by the Songster Brigade.
Trombone solo, by Bandsman Moyes.
Selection, by the band.
Song—Tenderly Lead Me, by the Songster Brigade.
Cornet solo, by the bandmaster.
Selection—Bible pictures depicting Christ stilling the storm on the Sea of Galilee, by the band.
March, by the band.
God Save the King.

Mr. Hewitt's address on "The Vital Question, was very entertaining, and in support of the contention that, apart from salvation, diet should be the main question with man in order to engender the highest perfection of health and to prolong life.

The main trouble with the present generation is that they eat too much meat and not sufficient cereals and vegetables, which are, he claimed, nature's food. The future of Canada rests he said, not upon its mineral and lumber resources, but in the development and higher ideal of physical, moral and religious characteristics in Canada's young men and young women. Mr. Hewitt is the capable representative of the Canadian Shredded Wheat Company, who provided last night's banquet.

The band showed marked talent and good training. Their numbers were excellently rendered and of a very acceptable nature. The cornet and trombone solos were specially creditable to both the performers and the Army. The Songsters Brigade is a well trained choir of male and female voices that blend in very pleasing harmony.

Bandsman Gandy possesses a fine tenor voice which was heard to good advantage in "There is a better world they say."

To say the least, the Salvation Army banquet and program last night was of a very entertaining nature, and should have had a crowded house. Staff-Capt. Walton officiated as chairman of the proceedings in his customary happy manner.

DYNAMITE BLEW IT SKY HIGH

MAN SAW EXPLOSIVE BURNING AND RAN AND WARNED HIS FELLOWS.

Sherbrooke, Que., March 30.—The boiler room and its contents at Johnson's asbestos pits, Black Lake, were destroyed yesterday, when fifty pounds of dynamite exploded.

The dynamite had been placed in a corner of the boiler to thaw, and shortly afterwards the fireman noticed it was ablaze. He immediately ran out and warned his fellow employes to run for their lives. This action saved many lives.

The fireman returned to try and extinguish the fire, but when he was near the boiler room the explosion took place, completely destroying the building. The fireman was found in an unconscious condition, and slight hopes are entertained for his recovery.

The shock was felt for miles, and timber and bricks were thrown into the air three hundred feet.

About 200 pounds of dynamite was stored in boxes about fifteen feet from the boiler room, but did not explode, owing to it being frozen.

What Canada Pays to Get Tariff Peace

Lower Duties Conceded on Thirteen Items---Value of Imports of Same Given ---The Reciprocity Offer

Washington, March 30.—The terms of the new tariff agreement between Canada and the United States were made public here today. The concessions provided by the agreement will cover less than three per cent. of all the import business from the United States into Canada in a year.

They will cover business amounting to about $5,000,000 against imports to Canada from the United States amounting to more than $180,000,000 in the Canadian fiscal year of 1909. They include about forty staple commodities. One of the most important concessions made by Canada is that of the omnibus clause in the Canadian tariff. Heretofore all articles under that clause imported from the United States have been subject to the general tariff of twenty per cent. ad valorem. Hereafter these articles will pay seventeen and a half per cent. ad valorem.

Cotton seed oil, one of the most important exports covered by that clause exceeds $500,000 annually. Vegetable oils, mineral waters and manufactures of celluloid are among the other articles of larger importation. Drugs and dyes exceed $300,-000. Other leading articles covered by the conceded clause are lime, sausage casings, sponges, manufactures of straw and wax, glycerine and camphor gums, magnesia, carbonate of soda, and miscellaneous breadstuffs.

THE LARGEST GROUP.

The largest single group of staple commodities included in the agreement comprises dates, figs, raisins, prunes, currants, almonds and other nuts. Exports of these commodities in the last fiscal years were more than $1,140,000. The competition in them from France and Spain reached $600,000. Watch actions and movements in which there is competition from Switzerland amounted to $500,-000. Dressed leather in various forms was about the same.

Tableware of porcelain and china is also included in the list. In all those articles there is either active or prospective competition between the products of France and the other countries entitled to the favored nation treatment.

As an illustration of the fact that Canadians purchase altogether too many articles from the United States that might just as well be made in Canada the following figures are convincing and interesting:

Automobiles	$ 474,757
Ore crushers	144,553
Portable engines	791,911
Steam shovels	152,927
Threshing machines	239,118
Printing presses	146,556
Machinery not otherwise provided for	4,923,071
Structural iron and steel	1,113,002
Scales	151,189
Tubing	677,534
Guns, rifles, etc.	232,136
Iron and steel manufactures not otherwise provided for	2,833,174
Jewelry	689,006
Glove leather	422,835
Boots and shoes	1,140,538
Lighting fixtures	294,629
Manufactures of wood not otherwise provided for	759,674
Ready made clothing not otherwise provided for	453,161
Furniture	592,932
Raisins	371,386
Prunes and plums	320,856
Glass bottles	178,094
Cut glass	162,254
Gloves	106,934
Plated ware	167,058
Rubber tires	96,795
Hats and caps	362,980
Electric apparatus	1,549,671
Straw grass, etc.	323,729
Electric apparatus	1,549,671
Clothing	419,806
Cotton shirts	119,332
White cotton fabrics	148,165
Corsets	218,923
Cocoa and chocolate	106,479
Railway cars	456,960
Cereal foods	209,806

In many tests of plows, harvesting implements, etc., in European and other countries, Canadian implements have beateood out the American and there is no earthly reason in many instances why good Canadian money should go to the States instead of extending that patronage to home industries, to the benefit of Canadian labor.

SPRING SKIN TROUBLES.

Pimples, Eruptions and "Spotty Complexions."

At this season scores of people—girls and young women especially—find their faces disfigured by pimples, dark spots, eruptions, etc. The skin needs attention—needs renovating after the trying time it has passed through during the winter.

Just think what it has gone through! You have been out in rain and sleet and snow. You have been at one moment perspiring from skating, or some other exertion. Then you have stood to "cool off." You have spent hours of the day indoors at a temperature equal to summer heat. Then you have covered up your skin—except your face—and gone out into a temperature away below zero! No wonder that, with all these changes, the skin of the face and neck shows signs of needing attention.

Don't forget that the skin has to do work just as any other organ in the body, and if you overwork it, it gives out. Zam-Buk is the remedy. Smear it lightly over the spots, the eruptions, the sallow patches, at night, and notice how quickly your appearance improves. As the rich, refined, herbal essences sink deep into the tissue, the hard, scurfy-like patches are removed. Better color results. The cells of the skin become transparent. The blood beneath is able to impart its proper coloring to the tissue, and the delicate bloom of health replaces the sallowness and pallor of skin.

Zam-Buk is also of great use for skin injuries and diseases. Eczema, ulcers, chaps, ringworm, itch, yield to its use. For cuts, burns, bruises, children's rashes, etc., it is unequalled, and it is a sure cure for piles. All druggists and stores at 50c. box, or Zam-Buk Co., Toronto, for price. Refuse harmful substitutes and imitations.

If troubled with indigestion, constipation, no appetite, or feel bilious give Chamberlain's Stomach and Liver Tablets a trial and you will be pleased with the result. These tablets invigorate the stomach and liver and strengthen the digestion. Sold by all dealers.

TELEGRAMS NOT ON THE FILES

BUT SYD. WOODS THE FORMER DEPUTY ATTORNEY-GENERAL CAN'T GIVE REASON.

One Document He Took—It Was a Personal One From a Friend — Objection to Mr. Bennett Acting.

Edmonton, March 30.—At the afternoon session of the Great Waterways investigation ex-Deputy Attorney-General Syd. Woods gave his explanation of the stripped condition of the files of the department over which he had charge. He could give no reason why certain telegrams were missing. He did not know where they were. He stated that the only document that he had deliberately taken from the file was a confidential letter from Meaty to himself, friend to a friend, and not relating to matters in connection with the Great Waterways, which letter he had not intended putting on the file, and which he considered his own personal property. Otherwise the files were intact to the best of his knowledge.

The "fugitive document," the copy of the contract between Clark and Morgan on the sale of the bonds, was not on the files. Mr. Woods said he knew of no official of the government that had a copy of this contract. He had seen a copy of it in the Alberta Hotel in Edmonton last September, and he believed he was the only member of the government who had seen it. He saw nothing in the document which related to the amount which Morgan was to pay to Clark for the bonds, and of this he had taken a copy.

The examination of witness and the production of documents will be concluded today, and an adjournment will probably be taken for a week or ten days until the counsel have had an opportunity of looking over the documents. Clarke and Godard, of the Railway Company, are still to be examined, but will not be here for several days.

Liveryman Killed by Drunken Man

Windsor, March 30.—Chester Perkins, proprietor of a livery barn at 12 Ferry street, near Sandwich St., was struck down by Joseph Thompson, a plaster by trade, who recently came here from Strathroy and London, but was once a native of Glasgow, Scotland, to work on the Postum Cereal Company's buildings.

Thompson was drunk at the time, and assaulted Perkins while the latter was sitting in front of his livery office. One of Perkin's men picked him up, and he was taken to Hotel Dieu, where he died two hours later. "Scotty," as Thompson was familiarly called, was arrested this morning while at work, and was apparently unconscious of the harm he had done last night. He turned a deep pallor when informed that Perkins was dead. It is said that he attacked Perkins because the latter refused to rent him a rig to go for a drive.

Sciatica

EXPECTED DEATH ANY DAY.

Another Case Where Life Was Saved and Health Restored By Nerviline.

We have all read and heard of the agonies of Sciatica, but only those who have been tortured by this dread malady can fully appreciate what it must mean to be cured after years of suffering.

It is because he feels it his solemn duty to tell to the world his faith in Nerviline that Victor P. Hires makes the following declaration: "For three years I was in the Royal Mail service and in all kinds of weather had to meet the night trains. Dampness, cold and exposure brought on sciatica that affected my left side. Sometimes an attack would come on that made me powerless to work. I was so nearly a cripple that I had to give up my job. I was in despair, completely cast down because the money I spent on trying to get well was completely wasted. I was speaking to my chemist one day, and he recommended Nerviline. I had this good liniment rubbed on several times a day and got relief. In order to build up my general CURED health and improve my blood I used Ferrozone, SIX one tablet with each meal. I continued this treat- YEARS. ment four months and was cured. I have used all kinds of liniments, and can truthfully say that Nerviline is far stronger, more penetrating, and infinitely better than anything else for relieving pain. I urge everyone with lumbago, neuralgia, rheumatism or sciatica to use Nerviline. I know it will cure them."

There isn't a more highly esteemed citizen in Westchester than Mr. Hires. What he says can be relied upon. For six years since being cured he hasn't had a single relapse. Don't accept anything from your dealer but "Nerviline." 25 cents per bottle or five for $1. Sold everywhere or the Catarrhozone Co., Kingston, Ont.

THE MORNING TIMES

The only morning daily newspaper published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $3 per year, strictly in advance.

Strangers visiting Peterborough are cordially invited to make their headquarters at the office of The Morning and Weekly Times, where they will be furnished with writing materials, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

THURSDAY, MARCH 31, 1910.

A POOR TEST.

St. Catharines has a man who at the present time is making a round of the city churches, one each Sunday evening, and his object, as he has publicly declared, is to take note of how many men, coming out of church, light up pipes or cigars.

This man declares that he is not a believer in Christianity, and is merely gathering data with which to combat religion.

Tolstoi says that men smoke to deaden their consciences. Taking this hint one might suppose that the St. Catharines preachers are live men who make their hearers so uneasy that they fly to their pipes for comfort.

Otherwise we do not see how the smoking of a pipe on Sunday bears the truth of religion or the efficacy thereof. A much better test would be the conduct of the attendants of these churches in regard to human relations; whether they are good husbands, fathers and friends, fair and square in their business dealings. The smoking of a pipe is a mere matter of external behavior affording no indication of the state of the heart.

The man who smokes his pipe may be thinking very deeply over the sermon, while a non-smoker may be indulging in the most frivolous and worldly reflections, possibly wondering whether he should buy or sell certain stocks. Or the cases may be reversed. The pipe as a guide to the state of the inward man is unreliable.

WHERE IS THE THIEF.

Report of the Directors OF THE Bank of British North America

Presented to the Proprietors at their Seventy-Fourth Yearly General Meeting Tuesday, March 1st, 1910.

The ordinary general meeting of the proprietors of the Bank of British North America was held on Tuesday, March 1, at the office of the corporation, No. 5 Gracechurch st., London, E.C., Eng., Mr. E. A. Hoare presiding.

The Secretary (Mr. A. G. Wallis) having read the notice convening the meeting and the report of the auditors.

The Chairman said: I will not wait to read the report, which you have all seen, but I will proceed to refer to some of the principal items in the balance-sheet, comparing them with the figures of December, 1908. The addition of $97,333.33 to the reserve fund I shall refer to later on. Deposits and current accounts show the satisfactory increase of $4,256,-620.26. Notes in circulation show an increase of $488,194.80, bills payable show an increase of $1,181,-232.46. Liability under guarantee.—The two separate items of $200,000 and $300,000 are, as you are aware, in respect of the Ontario Bank and the Sovereign Bank. In anticipation of this meeting, I have made a special inquiry from our general manager respecting the prospects of these liquidations, and in reply he informs me that no loss is anticipated. Cash and specie show an increase of $351,-519.33. The cash held is equivalent to 34.8 of our immediate liabilities to the public. Cash at call and short notice are $2,569,061.33 higher.

As regards investments, you have no doubt observed that we have sold $681,333.33 of our Consols. We are weary, and so, no doubt, are you, of the frequent necessity of making provision from our profits for the depreciation in this security, and, therefore, we decided to make an exchange into Exchequer bonds, which are not so liable to fluctuations in price. We hope to complete the exchange as soon as a favorable opportunity offers. The War Loan probably appears for the last time, as it matures for payment on April 5 next. The Exchequer bonds I have already referred to. The Dominion of Canada bonds are unaltered in amount, but you no doubt observed that in the June balance-sheet we had written them down from 95 to 93, so as to bring them into line with the official quotation. Other investments show a decrease of $97,366.86. Bills receivable show an increase of $3,-230,624.73. Premises account shows an increase of $34,066.86 after placing to the credit of the account from the profits of the half year $73,000. There are still some contracts not yet completed, and upon which further payments will become due, and we therefore felt that it was imperative to make this appropriation, especially as last year the profits did not permit of making any provision for this account. The question of bank premises is one of urgency. We cannot possibly allow it to hinder us from extending the bank's operations and influence, but at the same time we are reluctant to see the account so continually increasing. I may add to this explanation that the building programme already authorised for the current year, and which does not yet include the inevitable claims of the three Central Provinces, already exceeds the moderate sum which we have thus been able to set aside for this purpose.

I refer to the reserve fund here so that it may follow consecutively upon what I have said respecting the premises account. If the claims of the premises account are urgent, the claims of the reserve fund are, perhaps, even more so, for, as our liabilities to the public increase, so is it imperative that our reserve fund should increase also. The profits of the year did not permit of providing for both accounts, but, as you have already seen from the report, we have been able to place $97,333.33 to the reserve fund from another source. It was found that we had in the past provided more than was necessary for certain doubtful accounts, and from the sums thus released we have with the approval of your auditors, made this addition to the reserve fund. It is a great satisfaction to us thus to be able to do something, though not all that we could wish, for both of these hungry accounts, but I must make it quite clear to you that this is a windfall, and must not be expected another time.

The net profits for the year amount to $494,705.22, compared with $417,609.21—an increase of $77,-036.06—a result which we consider satisfactory when we remember that for nine months of the year the rates of interest current both in New York and in London were exceptionally low, as I shall point out more exactly later on. Out of these profits we have already distributed $146,000 as an interim dividend, and we now propose to pay a final dividend of a like amount, together with a bonus of 1 per cent., or $48,666.66, making a total distribution for the year of $340,666.66. We carry forward $99,-996.71, compared with $74,262.47—an increase of $25,724.24. I have to ask you once more to sanction the usual appropriations for the benefit of the staff, and this year we hope that you will approve of a bonus of 5 per cent on their salaries. At our meeting last year the chairman expressed our great regret that the profits did not permit of giving this bonus to the staff, and also the hope that we might soon be able to resume it, and it is a great pleasure to us to feel justified this year in making this recommendation. It would be impossible for me to speak too highly of the excellent work which has been done by the staff throughout the year, and it will be a great satisfaction to us if we are able to inform them that this recognition of their work and loyalty to the bank has met with your approval.

The year 1909 opened still under the influence of the crisis of 1907 and 1908, and for some months the conditions of business were not favorable for banking profits. This you will have observed from the report and balance-sheet to June 30th. The profits for the first six months were disappointing, but in the second half of the year the results were more satisfactory, and particularly from September, onwards, when better rates prevailed both in New York and in London. Even after three months of higher rates we find that the average rate at which we employed our call money in New York for the year did not exceed 2.65 per cent., while in London the average rate was below 1½ per cent. At the same time, money in Canada, throughout the year has been abundant, and strong borrowers have been able to obtain a reduction in interest rates from the banks; so that in every department of our loan business there has been a tendency to diminished profits, arising from circumstances over which we have no control.

The abundance of money is illustrated by the fact that the total deposits in all the Canadian banks during 1909 showed the remarkable increase of $186,000,000. This increase is due in great measure to the large amount of capital remitted by the United Kingdom to Canada for Dominion Government loans, Provincial and Municipal loans, railways and industrials. The total, which does not include the last issue by the Canadian Pacific Railway, amounting to $35,266,333.33, because, although the issue was made in 1909, payments did not commence until 1910, is approximately $136,266,666.66. These figures refer to public issues only, but, in addition, large sums have been sent to Canada privately for investment in various ways, but particularly in real estate and mortgages. That so large a sum should have been readily subscribed marks the confidence felt by investors here, not only in the progress of Canada, but in the discernment and integrity of those who have submitted these varied investments for their approval. It means a great responsibility.

I may now briefly refer to some of the principal industries which are contributing to the present prosperity of the Dominion. The lumber trade, after a period of depression, which lasted well into the year, began to improve, and since August firm prices have prevailed, contracts have been made at prices, ranging from 5 to 10 per cent. higher than those current at the close of 1908, and the outlook is favorable. Dairying experts are diminishing every year. The total value of the export in 1909 shows an important decline from the figures of five years ago—a decline amounting to not less than $7,000,000—represented almost entirely by the decreased export of butter. This is due not to any decline in the industry, but to the growth in population. The home demand for consumption is overtaking the production. The iron and steel industries have been active, but it must not be forgotten that the revision of the bounties is close at hand. (Here I may mention that since I wrote that it has been announced from Ottawa that it is not the present intention of the Government to renew these bounties).

Agriculture must claim the first place in this review. The Department of Agriculture at Ottawa estimates the value of last year's field crops at $532,000,000, or £106,000,-000 for the whole of Canada. The crops in Ontario were excellent, and that province still leads, with a total production in field crops of $200,-000,000. But it is to the three Central Provinces that the attention of the world has been chiefly directed, for the importance of the crops grown in these provinces is increasing every year. The spring was late, but fine, growing weather followed the seeding of spring wheat, oats and barley. The rainfall was ample to the end of June, and, although seeding operations were delayed, the crops were reported to be nearly as well advanced as in any previous year, and the final result showed that the sanguine anticipations of the Western farmer had been fully realized. Early estimates of the total wheat crop were about 115,000,000 bushels, but final reports state that the total reached 123,000,000 bushels, in addition to which there was a crop of 160,000,000 bushels of oats and 30,000,000 bushels of barley, the total value exceeding $169,000,000.-00. Not only was the quantity large but the quality was excellent, and the grade throughout was higher than that of the 1908 crop. Nor was the good fortune of the farmer exhausted by these favorable conditions, but, in addition to a large crop of high grade wheat, he realized for such part of it as he chose to sell a comparatively high price, a price which varied in different districts, but which I gather from the reports of our managers was not below 86c per bushel on the average. This was a good price, but it has not sufficed to tempt the farmer, to part with his whole crop, and a considerable amount is still reserved for sale in the spring. The conditions in the fall were favorable for agricultural operations, and consequently, the farmer postponed the realization of his wheat in order that he might prepare for next year's crop, and at the same time, no doubt, the expectation of a still higher price appears to be not unreasonable.

Immigration into the Central Provinces, especially from the United States, has been on a large scale, and certainly not less than 75,000 persons—probably more—have crossed the border, with the intention of taking up land in the Central Provinces. They come to the country well equipped with implements, stock, general outfit and sufficient capital, and also with that experience which is, perhaps, the most valuable asset of all. In this statement I have confined myself to ascertained facts and figures, but it would be easy to construct a forecast of the future of these Provinces, which would read like a romance. The time at my disposal does not permit of that. I will confine myself to one statement, referring to agriculture only. It is estimated that the acreage under cultivation to-day in Central Canada does not exceed 7 per cent. of the total available area. Assuming this estimate to be even approximately correct, it is impossible for us to realize the vast potentialities of the future. We can, however, realise the duty which this prospect imposes upon us to-day, not only for ourselves, but for those who are to come after us—the duty of constantly pressing forward and extending our sphere of influence. During the year 1909 we opened six branches in the three Central Provinces, and since January 1 we have added four more. Such extensions mean a constant strain upon the staff and the premises account, and you must further understand that a new branch is seldom immediately profitable. Nevertheless we feel such confidence in the future that we respond to the recommendations of our superintendent whenever possible, although the difficulty of supplying an efficient staff is immense.

Railway construction is proceeding rapidly, and during 1909 the roads added 10 per cent. to their total mileage. 24,000 miles of road are now in operation in Canada, about 1,000 miles more than the entire railway system of Great Britain and Ireland.

It is, perhaps, owing to the absorbing interest in agriculture that the progress of the mining industry is little noticed here, but I may draw your attention to the fact that the mineral production of Canada since the year 1886, when complete reports were first prepared, has shown a remarkable increase. In a paper recently published in the "Engineering and Mining Journal," of New York, a review is given of the progress of this industry, from which I take the following figures: In 1886 the total mineral production was $10,000,000, and in 1908 $97,000,-000, and the tabular statement shows that the increase has been steady and continuous. The total figures for 1909 are not yet available, but we know that the minerals of British Columbia yielded $24,040,000, about the same as in 1908, and that the Dawson camp gave $3,058,392 of gold, approximately $500,000 more than last year, but still far below the output of the years preceding 1906. The great ditch of the Yukon Gold Company, 62 miles in length, was in operation last season, and it is expected that the output of the camp will henceforth show a steady recovery. The silver mines of Cobalt, are but little known on this side, but it is interesting to note that through their increasing production Canada now holds the third place in the silver-producing countries of the world, (Mexico stands first, the United States second, but Australasia now has to take the fourth place). In 1909 Cobalt produced $12,000,000 worth of silver, and, as the output is steadily increasing, it would appear probable that Canada will year by year take a more important place as a silver-producing country.

We are now watching with interest the growth of a new industry in British Columbia—that of fruit culture. There is no longer any doubt that both the soil and climate are well suited for the growth of fruit and the industry appears to be established. Efforts are being made to introduce scientific methods of cultivation, and these will no doubt produce good results hereafter. The difficulty appears to be that of labor, and, consequently, it is noticed that the land is being parcelled out in small holdings, such as the owner and those residing with him may be able to cultivate without hired assistance. Improved railway communications throughout the Province will give greater facilities for bringing the fruit to market, and as increasing business may consequently be expected. The salmon canners, especially on the Fraser River, were disappointed. 1909, the fourth year from 1905, should have been the big year, but the run of fish was late, and consequently the catch, especially on the Fraser River, was considerably below expectations.

Before I conclude, you will, no doubt, expect me to say a few words about business prospects for 1910, and I feel that I cannot do better than quote a paragraph from the official report of the Department of Trade and Commerce for the fiscal year ending March 31st, 1909, on Canadian trade. In submitting his report the Deputy Minister says that while it would appear that for a time there was a halt in the great expansion of the Canadian trade during the fiscal year 1909, from the latest figures obtainable, conclusive evidence has shown that the current fiscal year—that is, to March 31st, 1910—will compare favorably with the best years in the history of Canada, and, in support of this statement, he points out that as regards the imports and exports for the six months ended September, 1909, the figures show a large increase over the corresponding period of the previous year, clearly indicating that the figures for the full year will compare favorably with the best in the history of the Dominion. These words, which may be regarded as a statement of fact rather than as an expression of opinion, carry us on to the month of April, and by that time, we shall begin to hear something respecting the acreage planted, the conditions of seeding and the general outlook for the harvest. As I have so often said before, the harvest is the keynote of the position, and the progress of the country—of the Central Provinces especially—depends entirely upon it. Should we be again favored with such a harvest as we have seen in 1909, there can be no doubt that the present year will again mark a great advance in all our industries.

During the year Mr. J. H. Brodie visited Canada, devoting his time and attention chiefly to the Pacific Coast. He went as far as Prince Rupert, the terminus of the Grand Trunk Pacific Railway, so that we now have the advantage of direct information respecting that point. Mr. Mayne Campbell also visited several of the branches in Ontario, and we are greatly indebted to both our colleagues for their valuable services. I now beg to move that the report and accounts be adopted. (Applause)

Mr. R. H. Glyan seconded the resolution.

Mr. M. Powell: I am sorry to see so small an attendance to-day to hear so interesting a report, but, although there are so few here, there are large numbers in the country who take a great interest in it, and I would ask that the report of the meeting be circulated at greater length than has been usual in the sheet sent. If it was sent in book form, as done by other banks and companies, it would be more easily read, and more conducive to the comfort of the readers. If the directors would do this, I am sure the shareholders would be extremely grateful. I do not know whether the whole report is published in the sheet which is sent round afterwards.

The Chairman: In recent years it has always been a verbatim report.

Mr. Powell: Then let the verbatim report be in a more convenient form for readers; the cost would not be very great. There is one point I wish to put. We hear about the prospects of the farmers; I take it that they are new farmers, going into new land, which gives large crops, and I would like to know whether they simply use up the virgin soil, without any form of manuring, because the danger is that they will leave the land like the waste tobacco lands of Virginia and other States which were formerly used up and left though that is not done with. Of course, there is any amount of virgin soil, which, by just scratching the ground, yields crops for some years, but that cannot go on, and might come to an end in about 10 years, leaving waste land, which would not be worth manuring. Let us have some assurance as to that, and know whether there is some definite agricultural working and knowledge amongst the farmers, so that they will not work the land for some years and then sell it to some unfortunate man who would not be able to make anything out of it. I have asked this question with regard to South Australia and received a quite satisfactory reply. You can easily make inquiries, and find out whether real, sound farming is being done in Canada. But the most important thing I want to ask is with regard to the charter, which expires in a year—whether any steps have been taken, or are being taken, for renewing the charter. In these uncertain times of Government one hardly knows whether anything will be done satisfactorily with regard to capital. The charter is an English one, and I would like to know whether steps are being taken, or are contemplated, with regard to the renewal of the charter, because this is more important even than big dividends. If the charter was not renewed, it would mean that the trustees would have to sell their shares, because they cannot take any risk, however small. There is one thing which I have mentioned before, with regard to the reserve. You have some of it in the National War Loan due to be paid off in a few weeks, and it stands at 90. I think the date is April 1st. With these observations I wish to congratulate you on the success of the past year's management. I thank the directors for the care they have taken in our affairs, and for giving us such a satisfactory dividend. I will not say a large dividend, because we have had a larger one before. I have been a shareholder now for 45 years.

Mr. Clark—I want to support what my friend said as to the report. I happen to be the only Canadian proprietor present, and I should like to say that the report is an exceedingly able and accurate one. Anyone in Ottawa or Toronto could not obtain a more accurate estimate of conditions in Canada than has been given by the chairman, and it seems to me it would be a great pity if the information given was not published in a form so that every proprietor would have the full advantage of this information, which must have taken a great deal of trouble and pains to collect. With regard to the charter, I understood Mr. Powell to refer to the Canadian act, which is before the Canadian Parliament, and as to which there will be no conditions hampering any of the banks; but I am told he referred to the company's charter, which is a royal charter here, though still subject to Canadian law. With reference to Mr. Powell's inquiry as to the methods of agriculture, I may say that the Government of Canada have taken most elaborate pains with regard to it. They have experimental farms in the Northwest, and most accurate scientific information is being furnished to farmers. You may rely upon it that the farmers there, who are about as intelligent as any in the world, are not going to kill the goose that lays the golden egg.

The Chairman: In the first place, let me thank both the gentlemen who have spoken for their kind words of appreciation. We shall endeavor to arrange the report in a form which will, perhaps, be more acceptable. It has always been a verbatim report, but I think it might be improved upon, as regards the shape in which we send it out. As regards the second question—the method of farming—I am very glad that Mr. Clark replied to that question, because farming is not my trade. When I have been myself on the prairies I have constantly spoken to the farmers on the subject Mr. Powell introduced to our notice, and, so far as I have been able to collate evidence, I should say that the farmers are fully alive to the importance of not exhausting the soil, recognizing that the virgin soil is extremely fertile, it is, I should say, their prime object to keep it so, and I believe it would be correct to say that they look largely to the introduction of mixed farming for this purpose. Mixed farming is on the increase in Central Canada—considerably on the increase—and I think it is to mixed farming that they look. With regard to the war loan, to which Mr. Powell has drawn my attention on a previous occasion, the result will be that it will be paid off, we presume, on the due date. It stands at 90, and, therefore, there will be a surplus to come to the credit of the investment account at a later date. As regards the charter, we are fully alive to the extreme importance of the renewal of the charter, but it would not be expedient for us to take any steps towards that end until the Bank Act is settled in Canada. Mr. Clark has informed the meeting that the Bank Act, which is now up for revision and renewal in Canada, will be passed without any material change. When that is done will be the time for us to approach the Treasury for a renewal of the charter, but it would not be expedient in our opinion to do so before that, but, Mr. Powell, you may rest assured we fully appreciate the importance of it, and that it is constantly before us.

The resolution was carried unanimously.

The Chairman: The directors who retire by rotation are Mr. J. H. Brodie, whose re-election has been proposed by Mr. J. H. Mayne-Campbell, but as Mr. Mayne-Campbell is, unfortunately, absent, I will propose him in his place; Mr. Glyn, I have pleasure in proposing myself, and Mr. F. Lubbock is proposed by Mr. Kendall.

These names were submitted individually to the meeting, and approved.

The Chairman—The next business is the election of the auditors.

Mr. D. Hankey: I will propose their re-election. This is the first meeting of the company which I have attended, but I cannot quite agree with my friend there who regretted that there were not more members present, because I think it shows the absolute confidence of the proprietors in the board. When I attend they seem rather astonished to know I am a shareholder at all. We appear to have arrived at a prosperous state and I hope it will so continue.

Mr. Powell: As no names have been mentioned I will second the appointment of Mr. George Sneath and Mr. Nicholas F. Waterhouse as auditors. I always insist that we shall have real persons appointed as auditors, and not a firm. We have no hold on a firm; we want to know who the men are, and these two gentlemen I know very well.

The resolution was carried unanimously.

The Chairman: That concludes the business.

Mr. Powell: Before we separate, may I move a word of thanks to the directors and I believe the officers of the company are usually associated, in one resolution. We have to thank the staff, both here and in Canada, for their successful efforts in the past year in the interests of the Bank, and, therefore, in our interests.

Mr. Clarke: I would like to have the privilege of seconding that motion. We have the results of their work here. I know a good many of the officials in Canada, and I may say they have the highest reputation. The interests of the proprietors are well looked after by the staff throughout Canada.

The resolution was carried unanimously.

The Chairman: We are very much obliged to you for your kind appreciation of the work that has been done.

The proceedings then terminated.

THE BANK OF BRITISH NORTH AMERICA

BALANCE SHEET, 31st DECEMBER, 1909

Dr.		Cr.	
To Capital	£ 1,824,666.64	By Cash and Specie at Bankers and in hand	$6,363,233.63
36,000 Shares of £50 each fully paid.		By Cash at Call and Short Notice	10,774,048.26
To Reserve Fund	2,530,666.66		$16,136,281.89
To Deposits and Current Accounts	39,469,944.31	By Investments—	
To notes in Circulation	3,374,979.16	Canada £149,000 at 83	$688,141.33
To Bills payable and other Liabilities, including Provision for Contingencies	9,979,994.65	National War Loan, £50,000 at 90	219,999.99
To Rebate Account	140,269.76	Exchequer Bonds, £135,000, at par	659,666.66
To Liabilities on Endorsements	2,998,171.56		£ 1,457,977.99
To Liability under guarantee in respect of which no Claim is anticipated	$ 200,000	Dominion of Canada Bonds, £156,000, at 92	692,679.99
To Do. Do	$ 300,000	Other investments	280,322.16
To Profit and Loss Account—			2,930,986.15
Balance brought forward from 30th June, 1909	226,264.25	By Bills Receivable, Loans on Security, and other Accounts	$1,579,696.49
Dividend paid October, 1909	146,000.00	By Bank Premises, etc., in London, and at the Branches	917,226.69
Net profit for the half-year ending this date after deducting all current charges, and providing for bad and doubtful debts...	221,494.46	By Deposit with Dominion Government, required by Act of Parliament for Security of General Bank Note Circulation	183,191.25
	$ 611,258.96		
Deduct—			
Transferred to Bank Premises Account	$73,000.00		
Transferred to Officers' Life Insurance Fund	1,966.66		
Transferred to Officers' Widows' and Orphans' Fund	3,167.62		
Transferred to Officers' Pension Fund	9,992.98		
Staff Bonus	30,000.00		
	$117,176.26		
Balance available for April Dividend and Bonus	294,082.70		
	$611,258.96		$31,835,454.71

NOTE—The latest monthly Return received from Dawson is that of the 30th November, 1909, and the figures of that Return are introduced into this Account. The balance of the transactions for December with that Branch has been carried to a suspense Account, pending the receipt of the December Accounts.

We have examined the above Balance Sheet with the Books in London, and the Certified Returns from the Branches, and find it to present a true statement of the Bank's affairs as shown by the Books and Returns.

HOTELS

Montreal's Popular Hotel!

Favorite Stopping Place for the Travelling Public

The Grand Union Hotel is situated at 246-266 Notre-Dame street, west, in the heart of the business section of the city. Electric cars pass the doors to all points of interest, and ferry-wharf. Five minutes' walk from C.P.R. and G.T.R. stations. The bus meets all trains to convey guests free, to and from the stations.

During the month of April, last year, this hotel underwent a thorough renovation, which has made it the best up-to-date commercial hotel in the city by home comfort. The hotel is under the personal supervision of Mr. Murray, who gives his special attention to his guests.

Nice clean, comfortable rooms, and elevator service. American plan. Rates $2.00 per day, and upwards.

P. J. MURRAY,
Proprietor.

HOTEL CARSLAKE, MONTREAL. European plan—opposite Grand Trunk, Geo. Carslake, Proprietor.

Synopsis of Canadian Northwest Land Regulations.

ANY PERSON WHO IS THE sole head of a family, or any male over 18 years old, may homestead land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother, or sister of an intending homesteader.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, solely owned and occupied by him, or his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing, may pre-empt a quarter-section alongside his homestead. Price $3.00 per acre. Duties—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price $3.00 per acre. Duties—Must reside six months in each of three years, cultivate fifty acres and erect a house worth $300.00.

W. W. CORY,
Deputy of Minister of the Interior.

COMPANY INCORPORATION DISCUSSED AT INTERPROVINCIAL CONFERENCE.

A Conflict of Opinion as to Relative Rights of Federal and Provincial Governments — Granting Charters to be Settled.

Ottawa, March 29.—Relations between the Dominion and the Provinces, with more especial reference to the incorporation of companies, are being discussed at a conference here today between representatives of the Federal and Provincial Governments. The conference met this morning in the Railway Committee room of the Senate, where the last inter-provincial gathering was held. The Dominion Government was represented by Sir Wilfrid Laurier, who presided; Hon. A. B. Aylesworth, Hon. Rodolphe Lemieux, Hon. Chas. Murphy, and Thos. Mulvey, K. C., under secretary of state; Ontario by Hon. W. J. Hanna, Provincial secretary; C. H. Ritchie, K.C., and and E. Bailey of the Attorney-General's Department; Quebec by Hon. L. A. Taschereau, Hon. P. S. G. Mackenzie and Charles Lanctot, deputy attorney-general; New Brunswick by Premier Hazen and Hon. H. F. MacLeod, and Manitoba by Hon. Colin Campbell and Hon. J. H. Howden; Saskatchewan by Hon. M. P. Turgeon; Nova Scotia, P. E. Island, Alberta and British Columbia were not represented.

The conference is dealing with many matters incidental to the incorporation of companies and in respect to which there have been doubts and to some extent conflict of opinion as to the relative powers of the Federal and Provincial authorities.

The fundamental issue is whether a company, which is incorporated by a province, acquires by reason of such incorporation the right to do business in other provinces. This point it will be recalled arose in the case of the C.P.R. vs. the Ottawa Fire Insurance Company, in the argument of which all the provinces were represented. The contention of the provinces is that such incorporation carries with it the right to do an extra provincial business.

The Dominion Government took the opposite stand. The court was almost equally divided, but the majority favored the contention of the provinces. The case was to have gone to the Privy Council, but the idea of a conference was suggested on the points at issue and this is now taking place.

INTRICATE PROBLEMS.

While this is one, there are many other points, the whole question of company organization involves many intricate problems. An important issue is whether a concern ordinarily coming within the jurisdiction of the Provincial Companies' Act, and whose operations are essentially local or provincial, can go past the provinces and secure federal incorporation even when the provinces refuses. Such was the development in respect to the Metropolitan Racing Association at Toronto.

The conference appointed Thomas Mulvey as secretary of the Federal, and Charles Lanctot of the Provincial section.

The meeting was held privately and after the Dominion ministers had made a statement of their views on the question at issue, they withdrew. The Provincial representatives afterwards conferred till one o'clock. It was then announced that when the joint meeting resumes at *no conclusion* had been reached, but when the joint meeting resumes at four o'clock it is expected that such *decision will* be arrived at. The cabinet ministers entertained the visitors at luncheon at the Rideau Club.

NOTICE TO CONTRACTORS.

Tenders For Machinery, Belting, Shafting, Cranes, Air Compressors, Etc.

SEALED TENDERS, addressed to the undersigned, and marked on the envelope "Tender for Machines and Tools," "Tender for Leather Belting," etc., etc., as the case may be, will be received at the office of the Commissioners of the Transcontinental Railway, at Ottawa, Ontario, until 12 o'clock noon of the 19th day of April, 1910, for:

(1) Machines and tools;
(2) Leather belting;
(3) Shafting, hangers, steel frame work, etc.;
(4) Miscellaneous equipment, industrial track and lookers;
(5) Motors;
(6) Furnaces and forges;
(7) Cranes;
(8) Air compressors;
(9) Grey iron foundry equipment and brass foundry equipment;

required for the equipment of the locomotive and other shops of the Commissioners of the Transcontinental Railway at Springfield, east of Winnipeg, Manitoba.

Tenders will be received and considered for any or all of the items indicated above and numbered from 1 to 9, both inclusive.

Plans and specifications may be seen in the office of the Chief Engineer of the Commissioners at Ottawa, Mr. Gordon Grant, and in the office of the District Engineer of the Commissioners at St. Boniface, Man. Mr. S. R. Poulin.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied by the Commissioners, which may be had on application to the Chief Engineer at Ottawa, or to the District Engineer at St. Boniface, Man.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada, payable to the order of the Commissioners of the Transcontinental Railway for a sum equal to ten per cent. (10 per cent.) of the amount of the tender.

Any person whose tender is accepted shall within ten days after the acceptance thereof sign the contract, specifications and other documents required to be signed, and in any case of refusal or failure on the part of the party whose tender is accepted to complete and execute the contract with the Commissioners, the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure, and all contract rights acquired by the acceptance of the tender shall be forfeited.

The cheques deposited by parties whose tenders are accepted will be deposited to the credit of the Receiver General of Canada as security for the due and faithful performance of the contract according to its terms.

The cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

The right is reserved to reject any or all tenders.

By order,
P. E. RYAN,
Secretary, The Commissioners of The Transcontinental Railway.
Ottawa, 2nd March, 1910.

Newspapers inserting this advertisement without authority from the Commissioners will not be paid for it.

A failing tiny nerve—no larger than the finest silken thread—takes from the Heart its impulse, its power, its regularity. The Stomach also has its hidden, or inside nerve. It was Dr. Shoop who first told us it was wrong to drug a weak or failing Stomach, Heart or Kidneys. His prescription—Dr. Shoop's Restorative—is directed straight for the cause of these ailments—these weak and faltering inside nerves. This, no doubt clearly explains why the Restorative has of late grown so rapidly in popularity. Druggists say that those who test the Restorative even for a few days soon become convinced of its wonderful merit. Anyway don't drug the organ. Treating the cause of sickness is the only sensible and successful way Sold by all dealers.

Tell Some Sick One

How to Prove If It Pulls.

Will you do an act of Humanity?
Will you tell some sick friend of this, our remarkable offer?

Tell him or her, that you have learned why medicine as we customarily think of it, can never cure the sick. It is absolutely and unconditionally true if it fails.

And you, yourself, already know of Dr. Shoop's Restorative and its popularity.

For 20 years it has been the middle of rough by the thousands, in every and almost every home in America.

When the "inside" or controlling nerves of those vital organs begin to fail, it is Dr. Shoop's Restorative that has quickly vitalized, and strengthened, and brought those nerves and organs back to health again.

I do not dose the stomach, nor stimulate the Heart or Kidneys—for that is all wrong.

Dr. Shoop's Restorative goes direct to the cause of these ailments—the failing, faltering inside or controlling nerves. And herein lies the secret to my success.

When those nerves are again made well and strong, then that is the certain end of all such ailments.

To me it is a great satisfaction, also, I am the only physician able to say as to the results that "Take my prescription for but 30 days, and if it fails to help you, the entire expense is mine—not yours."

Then why should the sick take any chance on any other medicine, when another does not back it just as I do by this remarkable offer?

Take but one Restorative Remedy—and that especially as opposed by the name identical the kids, no pay" protective plan.

Besides, you are free to consult me just as you would your home physician. My services and the book below are yours—and without cost.

Perhaps a word or two from me will change as even arrive all about. I have helped thousands upon thousands by my private prescription or personal advice plan. My best effort to make worth your simple request.

For but one trial from you on order on mine. Take the first step to some sick friend.

A postal will bring the opportunity.

I will have an honest and trustworthy druggist to whom you can conveniently go for the 30 day test.

The first, not me for the order, for all druggists are not authorized to give the 30 day test.

So write me now and save $10 dollars. Remember that tomorrow never comes. Address Dr. Shoop, Box 12, Racine, Wis.

TENDERS FOR DREDGING.

SEALED TENDERS addressed to the undersigned and endorsed "Tender for Dredging" will be received until Tuesday, April 12th, 1910, at 6 p.m., for dredging required at the following places in the Province of Ontario:

Byng Inlet, Cobourg, Goderich, (Kincardine, Lion's Head and Port Elgin,) Owen Sound, Picnic Island, Port Burwell, (Port Hope and Whitby), Rainy River, River Thames, Rondeau, Sault Ste. Marie.

Tenders will not be considered unless made on the form supplied, and signed with the actual signatures of tenderers.

Combined specification and form of tender can be obtained on application to the secretary, Department of Public Works, Ottawa. Tenders must include the towing of the plant to and from the works. Only dredges can be employed which are registered in Canada at the time of the filing of tenders. Contractors must be ready to begin work within thirty days after the date they have been notified of the acceptance of their tender.

An accepted cheque on a chartered bank, payable to the order of the Honorable the Minister of Public Works, for six thousand dollars ($6,000.00) must accompany the tender. The cheque will be returned in case of non-acceptance of tender.

The Department does not bind itself to accept the lowest or any tender.

By order,
NAPOLEON TESSIER,
Secretary.

Cosgrave's Beer

Words of praise have ever prevailed in advertising "copy." That a producer should wax enthusiastic over his own wares is but human. But it's the praise of the consumer that counts—and is to be a discriminating and critical public that "Cosgrave's" relies upon.

It is safe to say that no product of any kind enjoys a more enviable reputation than does this same Cosgrave Beer of Toronto in quarters where it is obtained.

Its self-evident honesty of purpose, purity, brilliancy, body, and every other attribute that goes to make a perfect beer are ever in evidence.

Cultivate the "Cosgrave Habit"—Watch for the name—ask for any of these brands - Half-and-Half, Pale Ale, XXX Porter.

Cosgrave's Brewery Co

OF TORONTO LIMITED

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for restoration of, and additional story to Military Stores Building, Ottawa, Ont.," will be received at this office until 5.00 P.M., on Friday, April 15th, 1910, for the work mentioned.

Plans, specifications and form of contract can be seen and forms of tender obtained at this Department.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, with their occupations and places of residence. In the case of firms, the actual signatures, the nature of the occupation and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honorable the Minister of Public Works, equal to ten per cent. (10 p. c.) of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so. If the tender be not accepted the cheque will be returned.

The department does not bind itself to accept the lowest or any tender.

By order,
NAPOLEON TESSIER,
Secretary.

NEWS OF THE CITY

Contract Let.

The contract for the planting of the flower beds in Victoria and Central parks, has been awarded to A. Blade and Son, by the Peterborough Horticultural Society.

WANTED.

An Industrial Commissioner for Peterborough. Must be a man well qualified for the position. State salary expected. Apply, with references, to Daniel O'Connell, Chairman of the Board of Trade Committee, Peterborough.

Have you a weak throat? If so, you cannot be too careful. You cannot begin treatment too early. Each cold makes you more liable to another, and the last is always the harder to cure. If you will take Chamberlain's Cough Remedy at the outset you will be saved much trouble. Sold by all dealers.

Ladies' Literary Society.

Tomorrow evening the Ladies' Literary of St. Peter's T.A.S. will hold their usual fortnightly literary meeting at which an interesting debate on the suffragette question will given. There will also be a musical program.

Knox Church Anniversary.

The anniversary services at Knox church will be held on Sunday, April 10th, when the Rev. Logan Geggie, of Parkdale Presbyterian church, Toronto, will be the special preacher. On the following Monday evening he will give an address in the church.

Fortify now against the grip—for it comes every season sure! Prevention—the little Candy Cold Cure Tablets—offer in this respect a most certain and dependable safeguard. Prevention, at the "sneeze stage" will, as well, also surely head off all common colds. But promptness is all important. Keep Preventics in the pocket or purse, for instant use. Box of 48 for 25c. Sold by all dealers.

Ordered to Leave.

At the police court yesterday Magistrate Dumble gave three tramps one hour to leave town. They were, William White, John Cassidy and George Garrett. They took their departure within the hour, and are now supposed to be "hitting the trail" to Lindsay.

Dr. Gowan Honored.

Dr. Gowan has been chosen to write a section of the new book on dental surgery to be published in London, England. Dr. Norman G. Bennett, hon. sec. British Dental Association, member of staff of the Royal Dental Hospital and senior dental surgeon, to St. George's Hospital, London, editor of the work, has thought well to choose as contributors two members of the Dental Association of Canada.

SOCIETY

Mr. Parker Davis, Bobcaygeon, was in town yesterday, and paid his respects to The Times.

Miss Gertie Leary of Lindsay, spent the Easter holidays with Miss Maidie Ryan, 94 Gladstone Ave.

Mr. R. Becker returned to Toronto after spending the holidays at Miss Robson's home, Dublin St.

Mr. Paul Costello, Jr., of Toronto, who has been visiting his parents in Emsmore, has returned to resume his studies in St. Michaels College.

Little Local Lines

The steamer Monarch will make her first trip from Rice Lake on Saturday.

Regular meeting of Mark Street Ladies' Aid will be held at the home of Mrs. A. Fowler, Concession St., this afternoon, at 3 o'clock.

Mr. D. W. Dumble will be in his office on the nights of Tuesday and Saturday each week from eight to ten p.m., to meet applicants for purchase of lots.

Defendants Won Suit.

At the High Court yesterday judgment was given in favor of the defendants in the case of Fred Cook who was suing David and Bert Davidson, of Seymour township, for $2,000 for the loss of a hand. The case was heard on Tuesday, a verdict not being rendered by the jury until midnight. A large number of witnesses were heard on both sides. Arthur Colville of Campbellford, for the plaintiff, and Donnistoun, Peck and Kerr, for defendants.

ADVERTISEMENT IN THIS PAPER.

DAMES AND DAUGHTERS.

The only former mistresses of the White House living are Mrs. Grover Cleveland and Mrs. Theodore Roosevelt.

Mrs. Matthew T. Scott, president general of the Daughters of the American Revolution, has opened elaborate headquarters in the Arlington hotel in Washington.

Victoria Daniels, a nineteen-year-old Chicago girl, is the champion holly wreath maker of that city. She made 72 holly wreaths in one day of ten hours, exceeding by sixteen the record of 336 made by Emma Vogel a year ago.

Miss Helen Taft, daughter of the president, is a pretty girl, with blue eyes and fair hair. She is a fearless horsewoman, a tireless rider and the winner of a scholarship which, she is said to think, would enable her to continue her studies if she were to be thrown upon her own resources.

Miss Alice Paul, the American girl who was sentenced to an English prison for taking part in the recent suffragette outbreaks, comes of an old Quaker family of Moorestown, N. J. She took honors at Swarthmore college, later had a postgraduate course at the University of Pennsylvania and then went to England, where she was studying when she became interested in the equal franchise question.

Things Theatrical.

Vera Michelena is to appear in "The Flirting Princess."

Frederick Lewis is to rejoin the Sothern-Marlowe company.

Nance O'Neil has made a big personal success in "The Lily."

Frank Daniels is playing an indefinite engagement at Daly's in New York in "The Belle of Brittany."

Dick Lee, to prove his versatility, undertook lately to play a different character in each of the four acts of "A Little Brother of the Rich" in New York.

Miss Mary Moore, the leading lady of Sir Charles Wyndham, who is accompanying him on his American tour, is also a partner with him in his London theater.

The place of George Arliss in "Septimus" has been taken by Claus Bogel, he was the star's understudy. Mr. Bogel played the role of the French soldier in the story.

Recent Inventions.

To a Philadelphian has been granted a patent on a machine to pass tobacco leaves in bundles under X rays to kill the small insects which infest them.

A patent has been granted on an electric rat trap which resembles a rather flat ball. When a rat climbs up on it to reach the bait it completes a fatal circuit.

A piano stool that will accommodate but one person under ordinary circumstances, but which contains leaves which can be opened to hold two to play duets, has been invented by a Michigan.

By inventing a hairpin the prongs of which normally are close together, but which may be sprung open to insert, a Pennsylvania woman has designed a device more secure than pins of the usual form.

Sporting Notes.

Syracuse ice racing light harness mile will suits.

The Boston Americans are after new grounds for 1912.

Cornell has won eastern cross country runs ten times in eleven years.

Alfred Shrubb has won ninety-five out of 101 races since coming to this country nearly three years ago.

James A. Murphy of New York has bought his old love, Star Pointer, 1:59¼, and the first two minute pacer is certain of a good home as long as he lives.

Dan Patch, 1:55¼, has covered more than 70,000 miles since going into the exhibition business. What has been announced as his final appearance in public took place last Thanksgiving day at Los Angeles, where he scored over Minor Heir in 2:15¼.

Three Kings.

The German emperor is very popular with officers of the imperial army. His nickname among the German soldiers is Herr Lehmann.

King Edward was recently awarded four first prizes for his exhibits at the Smithfield cattle show. His majesty is a tenant farmer, not a landlord, and pays a large sum every year in rent and taxes for his holdings.

King Gustave of Sweden tried to find out the facts concerning the recent great strike in his country, but without complete success. Now he disguises himself and works among artisans of various sorts unknown that he may have knowledge of actual conditions at first hand. Recently he carried sacks of coal as a stevedore for several hours.

Short Stories.

There are over 7,000 beekeepers in this country, and product of their hives last year was enough to fill a train of cars over 400 miles long.

According to the Indian Spectator, a curious marriage is reported from Kathiawar, India, where a man of seventy has married a girl of nine.

Italy will commemorate this year the fiftieth anniversary of the proclamation of the kingdom by an international exposition at Turin from April till October.

Nothing in the way of a cough is quite so annoying as a tickling, teasing, wheezing, bronchial cough. The quickest relief comes perhaps from a prescription known to Druggists everywhere as Dr. Shoop's Cough Remedy. And besides it is so thoroughly harmless that mothers give it with perfect safety even to the youngest babe. The tender leaves of a simple mountain shrub give to Dr. Shoop's Cough Remedy its remarkable curative effect. A few days' test will tell. Sold by all druggists.

On Tuesday evening next Mr. H. B. Collier will deliver a lecture on "Meteorites" in the Collegiate Institute, under the auspices of the Astronomical Society.

National Mining & Tunnel Company

WHERE OUR MINES ARE

Our mines are in the greatest camp in America, Leadville, Col. Leadville has been producing gold, silver and lead for forty-nine years. Cripple Creek, famous on two continents, has produced but $90,000,000. Leadville has produced $425,000,000. Our mines are located on the most productive part of Sugar Loaf. John W. McMahon, Clerk and Recorder of the county, in a personal letter, says: "This mountain is known to contain the richest mineral belt in this rich county."

WHAT WE HAVE

Our properties consist of the following: 12 proven mines, 160 acres; contiguous to these, valuable mining properties, 61 acres; timber claims containing timbers for many years, 30 acres; the copper-gold ledge on the crest of the mountain, 165 acres, total 400 acres. The mountain is four miles long, two miles wide and eighteen hundred feet high. It has produced to an average depth of but 150 feet, where the copper acid waters prevented further operations by shaft, $12,000,000.

CONDITIONS FAVORABLE TO SUCCESS

We are driving a big tunnel in from the foot of the mountain, at right angles to these veins, and will drain out the acid waters, and have the vast ore body above us of easy access. Our mines, which have produced over $2,000,000, occupy a central position among these mines, an evidence that we shall cut through the heart of the mountain's rich known ore systems, and affording a strategical position relative to other properties. On the right and left are mines which have produced millions, whose ores must come out through our big tunnel, and which must pay us satisfactory royalties.

Operation of our tunnel and mines by electric power. We are driving our tunnel by 75 h.p. electric motor, equipped with an air compressor for driving drills, trolley for operating cars, etc. Within six months we should reach our first proven mines, and should cut through the second and third, and become a large producer before the year closes.

Transportation by rail to the largest custom smelter in the world, four miles away.

Low freight rate, $6a per ton.

An insatiable market for our ore, and settlement the first of every month.

Large ore value, and low cost of production. Ores run 50 to 150 per ton by the car load. The total cost of production is about $8.00. The majority of the stock is pooled for ten years, and cannot be sold. Capitalists cannot get hold of the stock, and freeze anybody out.

The Directors are men of high personal and financial standing. The business will be managed ably and honestly, and every one will share alike in proportion to his stock.

VOL. XXXIII NO. 75 PETERBOROUGH, ONTARIO FRIDAY APRIL 1 1910 PRICE TWO CENTS

City Property Com. In Session Last Night

Dr. McPherson will be Recommended as the Medical Health Officer and City Physician at a Salary of $600

The City Property Committee met night, when there were present: His Worship Mayor Morrow, Chairman Ald. Duncan, and Aldermen Batten, Graham and Bradburn.

T. Williams' offer to rent the city a lot for refuse purposes at $33.16 per month for eleven months was not accepted. On motion of his worchairman was instructed to try and ship, seconded by Ald. Batten, the chair an was instructed to try and arrange with Mr. Williams on the same terms as last year, and failing to do so to procure a lot for that purpose. The cash terms submitted by Mr. Williams were the same as for 1909, but he withdrew the privilege of sewer and factory refuse being dumped on the lot, and asked that all dead carcases of horses be dumped there with their hides on.

A bylaw appointing Dr. McPherson medical health officer and city physician at a salary of $600 for this year, and to date from April first, was read in the presence of Dr. McPherson and approved of.

The doctor will have to attend to all charity patients, take charge of the isolation hospital, attend any firemen injured at their duties, be responsible for all sanitary measures and also to inspect all premises from whence milk is peddled around town, and systematically test the milk.

Ald. Bradburn moved, seconded by Ald. Graham,—That the chairman be authorized to purchase a vault door for the Public Library. It is estimated that a 26-inch combination door will cost $65.

Architect Blackwell submitted his plan for the new isolation hospital, which was referred to Chairman Ald. Duncan to consider with the architect certain proposed amendments.

A VERY SATISFACTORY REPORT.

The Canadian Railway Accident Insurance Company's Meeting.

We congratulate the management of the Canadian Railway Accident Insurance Company, on the splendid statement presented at the annual meeting of the shareholders. Ottawa has just reason to be proud of the success which has been achieved by the company during its life of fifteen years. In this connection we cannot do better than reproduce the remarks of the Ottawa Journal, which no doubt will be read with interest by many in this locality.

Established in Ottawa fifteen years ago, the expansion of the business of the Canadian Railway Accident Insurance Company has been little short of marvellous. As the report indicates, the premium income of the first year's operations amounted to $9,136.00, while for 1909 the premium income reached the magnificent total of $433,563.00. This is only one feature of the phenomenal success of this organization, the revenue of which today exceeds $365,150.00 per annum. By a wide margin it is declared to be the leading personal accident insurance company in Canada, having for several years written the largest volume of accident and sickness insurance.

That the progress during the year recently closed has been even more gratifying than in any corresponding period in the past is evidenced from an examination of the statement. In connection with the latter it is important to note that the Canadian Railway Accident Insurance Company endorses the policy, preferred by the Insurance Department, of giving to the public a statement in detail of the exact condition of its affairs. The statement of Revenue and Expenditure and Assets and Liabilities is itemized to the fullest degree, with the result that any reader can gain an intelligent idea of the company's affairs.

It is shown that during the year claims amounting to $156,500.00 were paid, which amount added to the claims paid in previous years aggregates the amount of $1,117,800.23 paid out by the company in claims since its inception. There is indicated a balance at the credit of profit and loss account of $63,673.00. There was transferred to the permanent reserve over $22,300.00, There was transferred to the permanent reserve over $22,300.00, the reserve fund at the end of the year amounting to $162,342.00, with a reserve fund (contingency) of $48,000.00. The increase in the reserve is thus worthy of special consideration, as the amounts returned together with the reserve of $10,927.00, provided to pay possible commission on outstanding premiums brings the total reserve fund up to $170,269.86, an increase of over $34,389.00 over the preceding year. The amount of insurance written during the year was of course the largest on record, the number of policies written being 30,094 as compared with 28,344 in 1908. The gross amount of insurance in force in 1909 was $38,826,893.00, an increase of over $1,323,634.00.

It is of interest to note that all the directors were re-elected, Mr. Denis Murphy again occupying the President's office. To those in Ottawa who have watched the Canadian Railway Accident Insurance Company from year to year it is probably unnecessary to emphasize the outstanding factor which has contributed to its success—the untiring efforts of the General Manager, Mr. John Emo. All will agree that the company's progress has been due in a very large measure to his capacity for organization, his complete and thoroughly practical knowledge of the accident business, and his tremendous energy. Competitors often refer to the Canadian Railway Accident Insurance Company as "Emo's Company," and in view of his prominent association with its every evidence, of success the designation is not misapplied. Mr. Emo has the good fortune likewise to have surrounded himself with an army of loyal and enthusiastic agents, now numbering over 325, located in every part of Canada, who have done splendid service in promoting the company's best interests and without whose continuous and enthusiastic co-operation the present results could not have been achieved.

The Secretary-Treasurer of the company is Mr. H. W. Pearson, to whose efficiency is attributed full credit in the congratulations bestowed on the company and its officers on the past year's operations.

Was Heavily Fined.

Frank Marino, a local fruit dealer, was yesterday fined $23.40 by Police Magistrate Dumble for selling cigarettes to minors. The boys who purchased the cigarettes were only about ten years of age, and they with their mothers appeared in the police court, but no evidence was taken. Marino having pleaded guilty to the two charges.

HUNDREDS OF DRUG STORES.

Great Drug Monopoly to be Challenged.

Chicago, April 1.—To prevent a combination said to be backed by Standard Oil capital from securing control of the retail drug trade by the establishment of a "chain" of drug stores throughout the country, Chicago retail druggists to the number of nearly 500, to-day pledged themselves to enter into a syndicate enterprise to fight the "chain" system. The so-called retail drug trust is already in control of several hundred stores in New York City, Boston and throughout New England. With a firm grasp on the control of the retail trade in that section of the country the syndicate is said to be planning for an invasion of the Western territory. The Chicago retail druggists propose to fight the syndicate by forming a counter organization on co-operative principles. Among those pledged to support the movement are heads of the largest drug stores in the city.

SUCCESSFUL LOCAL AMATEURS.

"The Geisha" and the Madrigal Club Both to be Heard in Toronto.

Yesterday Col. Denison, secretary of the Earl Grey trophy competition Toronto, informed Mr. R. J. Dovey that "The Geisha" musical play will appear at the Royal Alexandria Theater, Toronto, on Thursday evening next.

The Times extends its hearty congratulations to Mr. Dovey and Mr. Rupert Gliddon, as well as their well-trained and clever organizations who have succeeded in entering this competition in the face of cities of many times their population. This means an additional expense of nearly $200. It is now up to the citizens of this city to see that these two companies are financially equipped to face this outlay.

"The Geisha" was given last night and again tonight in the Grand Opera House, and the Madrigal Club in the Conservatory Hall on Monday next.

ELECTION OF OFFICERS.

T.A.S. Athletic Section Held Annual Meeting.

The annual meeting of the T. A. S. Athletic section was held in their Assembly Hall, with Joseph Picard in the chair.

The following officers were elected:
Hon.-President—Rev. W. J. McColl.
Hon. Vice President—P. Milloy.
President—James Hickey.
First Vice-Pres.—Geo. Ahern.
Sec.-Treas.—James Doris.

The members on the Executive, which is to control all sports, are—W. Grady, F. Derocher and F. Flaherty.

The following patrons and patronesses were elected—Rev. Dr. O'Brien, Mr. and Mrs. J. R. Stratton, Mr. and Mrs. H. LeBrun, Mr. and Mrs. J. Duffus, Mr. and Mrs. M. Ahern, Mr. and Mrs. A. Grant, and Mr. and Mrs. D. O'Connell.

Rev. Father McColl presented the society with a cheque. Robert Begley repeated his act and gave the baseball section a half dozen hats.

The meeting then adjourned till next Monday night at 8 o'clock.

All interested in baseball are requested to attended.

ERNEST GILBERT DEAD.

Victim of Shooting Accident Succombed to Injuries.

Ernest Gilbert, the victim of the shooting accident on Sunday last, died yesterday morning at Nicholls Hospital.

The deceased was 21 years of age, and had been employed at the Canadian General Electric Company. He resided with his brother, Charles Gilbert at Layfayette avenue. The funeral will be held on Saturday at 1.30 o'clock with service at the house at one o'clock. Interment will take place at Little Lake cemetery.

Peterborough Lady Bereaved.

Mr. Frederick B. Hope, of Toronto, father of Mrs. Rose, of this city, passed away at the family residence in that city on Wednesday last. Deceased was only 42 years of age, and for the past ten years he resided in Toronto, where he conducted a very successful hardware business. He is survived by his mother, of Toronto, his sister, Mrs. Rose, of this city and a family of four children, Marjorie, Gerald, Donald and Glenn, all of Toronto. The funeral will take place in Toronto this afternoon.

Died at the Hospital.

Mrs. Catherine Ross, an old and respected resident of the city, passed away at Nicholls Hospital yesterday morning, after a prolonged illness. She was 74 years of age, and lived in Peterborough over 40 years, coming originally from Scotland. Her husband, Alexander Ross, died suddenly in 1873. The deceased is survived by one son and two daughters, Alexander Ross, 479 Bonacord St., Mrs. George Brand, 472 Cedar St., and Mrs. Jos. Batten, 359 McDonnel street. The funeral will take place on Saturday afternoon at three o'clock from the family residence, 479 Bonacord street, to Little Lake cemetery. Service at 2.30 o'clock.

Complimented the Lawyers.

At the conclusion of the case of Cook vs. Davidson, at the High Court on Wednesday, his Lordship Justice Riddell, complimented the counsel on both sides, on the very skilful manner in which they had conducted the case. He hoped he would often have the pleasure of seeing them before him on future occasions. Judgment was given in favor of the defendants. Mr. F. D. Karr of the firm of Dennistoun, Peck and Kerr, was counsel for the defendants and Mr. A. B. Colville, of Campbellford, had charge of the case for the plaintiff, although Mr. Cavanagh of Toronto, conducted the examination.

Mr. and Mrs. Elliott of Cobourg, are guests of Mrs. Elliott's brother, Mr. R. G. Elliott, "Englebarn," Burnham street.

ADVERTISE IN THE TIMES.

SHOOTING FATALITY

CORONER GRAY WILL HOLD INVESTIGATION.

The Death of Ernest Gilbert to be Probed—Coroner's Jury Empanelled.

The shooting fatality of last Sunday of which Ernest Gilbert is the victim, is to be enquired into. The young man passed away in Nicholls Hospital yesterday, and Coroner Grey was notified and after investigation decided that an inquest was necessary. Accordingly at 5 o'clock yesterday evening a jury was empannelled and sworn in, after which the body was viewed at Bellegham's undertaking establishment. The following are the names of the jury. men: H. Meredith, Roland Deane, Thos. Hooper, W. Taylor, R. J. Munro, Joseph Picard, Jr., A. Campbell, J. A. C. Snyder, L. Hall, Wm. Gray. —Armstrong, H. Hanwell and Jas. Fitzsimmons.

The inquest will be resumed on Tuesday morning at ten o'clock at the Council Chambers, when evidence will be taken.

IRISH IRELAND IS YANKEEIZED

O'DONNELL'S ARTICLES HAVE STIRRED UP A VIGOROUS FEELING IN OLD ERIN.

A Machine-Made Party—T. P. O'Connor Answers O'Donnell With a Don't-You-Worry Article.

London, March 31.—Factionalism in Ireland today is more pronounced than for several years, as a result of the discussion stirred up by the book of F. Hugh O'Donnell, just published in which the author says that American money has demoralized and denationalized "Irish Ireland." O'Donnell formerly represented Galway and Dungarven in parliament, and is considered a worthy opponent of the brightest leaders amongst the Nationalists.

O'Donnell says the present Irish party is "machine made. America parochially paid," and Healy and O'Brien are the best friends of Ireland in public life. "If the existing influences," he adds, "clerical and pecuniary, were at any time to be turned against the official parliamentarians, they would suffer as swiftly and as surely as did the stalwarts of Parnell in the election rout of 1902."

TAY PAY'S COMMENT.

John Redmond, the Nationalist leader, declined today to discuss the O'Donnell criticism, but T. P. O'Connor was less reticient. "Stripped of its rhetoric," he said, "all that is useful in elections. We will admit that. We will admit that Irish-Americans contributed liberally toward our campaign expenses last election. So did the Irish in Australia. Their contributions simply proved that, however removed from their native heath they may be, their hearts are still in Ireland.

"As for the much talked-of American domination of Ireland, any one who knows the Irish-American knows that he is too busy with his own politics and his own business to take more than a sentimental interest in Irish politics."

ARE YOU IN DANGER?

You May Be Neglecting a Small Ailment and Thereby Inviting Serious Danger.

That little maladies grow into serious diseases we all know. Upon the stomach, liver and kidneys, rest mainly the work of maintaining health. Most of your little sickness come from derangement of these organs. Experience proves they are very frequently out of order, not badly perhaps, but even if only slightly out of order, it acts upon the strength and regularity of the the mind and the spirits and upon system.

It won't pay you to neglect your health; at the first sign of headache or langor take Dr. Hamilton's Pills and note how bright you feel next morning. You'll have a grand appetite, enjoy your breakfast and feel full of energy to go to work upon.

Your food soon tastes so good that you can eat more than ever before and, of course, you grow strong er, ruddy, vivacious, just sparkling with energy and good health.

Soon your friends will notice the improvement, and by continuing to tone up your system with Dr. Hamilton's Pills you lay the sound foundation of permanent good health.

There is no medicine better for men, women or children, nothing for family use half so beneficial as Dr. Hamilton's Pills of Mandrake and Butternut. To look well, keep well, and feel well, use Dr. Hamilton's Pills, 25c per box, at all dealers, or The Catarrhozone Co., Kingston, Ont.

Buzzz Blzzz Whizzz!

This is the way Louis Joseph Vance's thrilling detective story, "The Brass Bowl," impresses the reader. It starts off like an 80 horse-power racing auto, and keeps up the pace....It is the most exciting detective story since the days of Poe and Gaboriau. Gee! Whiz! how he keeps it going! There are things doing all the time. And running all through this sparkling book is the prettiest love story you ever read. The New York Sunday World is going to give this story free in 20,000 word instalments during the next five weeks. It begins next Sunday, April 3. Get in line. Edition limited. Tell your newsdealer to-day that you want next Sunday's World.

Westerly winds; fa

C. G. E. WANTS POWER HOUSE AT THE WATERWORKS DAM

Would Pay City $2,000 a Year for the Privilege---If Their Proposition is Accepted will Spend $250,000 in Extension

The city fathers met in special session yesterday afternoon to consider a proposition made by the Canadian General Electric Company, whereby they agree to build, equip, operate and maintain a power house at the water works dam for their own use for a period of twenty years. The company propose to pay the city $2,000 a year for the privilege of securing the right of this dam at which to generate the 1000 electrical horse power necessary to operate the proposed enlargement of their Peterborough factory. Should they secure this privilege they will guarantee to spend $250,000 in improvements and extension; but should they fail to enter into an agreement with the city on the foregoing or similar lines, the inference is, according to the proposition offered, that they will consider it incumbent upon them to give Toronto the advantage of an extension of their oprrations, there being, they claim, no other additional power available but that at the water works dam.

This proposition did not arise until after the city had decided to install a municipal power station at the water works dam, providing of course that such decision is endorsed by the ratepayers. A bylaw providing for borrowing $70,000 with which to build and equip the city's new power house is now before the people. It is now a question for our city fathers to decide which will be in the best interests of the city. To enter into the power business on speculation of securing enough takers of electric power at a rate sufficiently inducive to assure cheap power being a keen weapon with which to arm the industrial commissioner in his campaign for new industries, or to accept the bird in the hand offered by the C.G.E. While new industries are always desirable, our manufacturing committees of late years have not been very successful in their efforts to secure them, and no fault can be found in fostering the live concerns we have already with us. The C.G.E. is a mammoth industry of no uncertain quality and every effort should be put forth to come to an agreement with them on this matter. They have practically been largely instrumental in building up South City, and the proposed large increase in their operations here would add considerably to our population, a result that would be much appreciated by every ratepayer. While, as usual in all deals of any magnitude, the C.G.E.'s proposition may be amended in some respects, it seems to be conceded by most of the aldermen that a satisfactory agreement will be arrived at on Monday evening next, when council meets in regular session.

As important phase of the situation is that the C.G.E.'s proposition be turned down, a municipal power house is not yet certain. The ure this month. They may refuse to sanction the borrowing of $70,000 at say 4½ per cent., for a municipal venture in power. One can't prophesy how the ratepayers will vote. On the other hand the C.G.E. have always made good; their plant and premises have already been enlarged once; they now proffer immediate further extension to the amount of $250,000, and "progress" is characteristic of the firm.

THE MEETING.

The city fathers convened to the hurried call of the mayor at three o'clock. Besides the aldermen there were present: Water Commissioners W. H. Moore and W. H. Hill, M Frederick Nicholls vice-president and general manager of the C.G.E. Co., and Mr. E. G. Patterson, manager of the local branch of the C.G.E. institution.

Mayor Morrow explained that his several conferences with the C.G.E. people on the question of their securing the water works dam privileges had resulted in the following proposition from the company:—

"To the Mayor,
"Peterborough, Ont.

"Dear Sir,—

"I beg to submit herewith a brief memorandum of the result of my conference with yourself and the members of the Water Commission. We propose to extend our works either at Peterborough or Toronto, but have met with a difficulty at Peterborough that we have no additional power available.

"Understanding that you have surplus power at the water works dam, we beg to make you the following proposition: We will build and equip a power house, operate and maintain same, and pay the sum of $2,000 per year for twenty years, on the understanding that not less than 1000 horse power be available. Should the city's requirements at any time render less than 1000 horse power available, a fair and equitable allowance to be made to us for such amount as may be deducted from the 1000 horse power by the city of Peterborough; and, in the event of disagreement as to what a fair and equitable allowance should be, the matter to be referred to arbitration.

At the expiration of the term of twenty years the power house and equipment shall be appraised, and the city of Peterborough to pay to the company one-half of such appraised value.

"Should an agreement be entered into between the city of Peterborough and the company, the company agree to spend not less than $250,000 in improvements and extensions.

"The Canadian General Electric Company.

"FREDERICK NICHOLLS.
"Vice-President and General manager."

His worship explained that he was of the opinion that $2,000 a year for the first ten years, and $5,000 a year for the remainder of the term would be a fair basis upon which to arrive at an agreement with the company.

The question was here generally discussed, the majority of the aldermen being in favor of the C.G.E.'s proposition, while Water Commissioners Moore and Hill were, if anything, antagonistic to the project.

Subsequently, Mr. Nicholls agreed that at the end of 20 years, the city by paying half of the power house's appraised value, should own the property.

The matter was left over until next Monday evening, when the council will take definite action.

From what The Times could glean last night it is generally expected in municipal circles that an agreement will be arrived at with the C. G.E. Company.

TRADES SCHOOLS ARE COMING SURE

CHIEF PROBLEM IS TO SECURE INSTRUCTORS — MUST BE PRACTICED MEN.

With Ability to Teach—Three Types of High Schools—Address by Prof Baillet, of New York.

Toronto, March 31. — Discussing manual training schools before the Educational Association today, Prof Baillet of New York, said the training must be absolutely up-to-date.

"Instruction in trades can only be given by teachers who have practiced that trade," he continued. "When you come to trade instruction the pupils will not respect a person who has not practiced. This is a great problem, as so few are qualified to teach.

"You will find that in some communities organized labor opposes the trade schools, but the intelligent members of labor unions see far enough ahead that trade schools are coming, and they do not oppose them."

The speaker pointed out that the trade school satisfies the manufacturers, because it developes a workman and the unions, because in doing so, it does not tend to reduce wages.

"A system of trade schools must be built up in this country—not with in the present schools, but in a department that is wholly separated," said Prof- Baillet.

"If you treat the whole institution as one a pupil may be promoted to a high school, or manual training, and after getting there may ask for a transfer to some other department I believe that the manual training should be a part of the public school system.

"There should be three types of high schools—the literary, commercial and technical. I believe they should be put in different schools, and a person specialized in each branch at the head of each.

"An evening school has three functions—the training of children who have to go to work at fourteen, the giving opportunity to the foreigners to learn the language, and the giving of vocational training."

"The Geisha"

The "Geisha" produced at the Grand Opera House last night by the Peterborough Amateur Operatic Company which will be repeated tonight, was greeted with a large crowd and the production was certainly worthy of a capacity house. The "Geisha," as played by the local amateurs last night under the sole direction of Mr. R. J. Devey, reflects great credit upon those in the cast, as well as their leader. The talent displayed by those taking part last night was admirably commented upon by those fortunate to be present, and Mr. Devey and his company are sure to make an exceedingly good impression when they go to Toronto next Thursday to compete in the Earl Grey competition.

CANOE ROUTE.

The Finest Canoe Route on The Continent.

"Nearly half a century ago the Canadian Government spent close on three million dollars in locating, improving and maintaining the finest canoe route on the continent." This is the inviting introduction to an article by Mr. Rex. Crossdell of Toronto, in "The World Today." The article refers to the old Dawson route, intended to furnish continuous water communication from Lake Superior to Fort Garry, in the days when a railway was only a dream of the most audacious.

Mr. Crossdel traveled over the old route, and besides laying up great stores of health and enjoyment, obtained the material for a most interesting article, an article which fills the reader with longings to drop work and follow the trail and smell the smoke of camp fires. The country visited is a vast playground, abounding in fish and game, as well as in charm for the lover of country that has not been spoiled by the march of civilization.

ADVERTISE IN THE TIMES.

DELUSIONS OF INSANE ARE DREAMS

WHICH THEY ARE UNABLE TO SEPARATE FROM THEIR WAKING MOMENTS.

Says Dr. Daniel Phelan, the Well-Known Alienist and Criminologist of Kingston, Ont.

Ottawa, March 31.—"Many of the delusions of the insane are really dreams with which they have not been able to seperate from their waking experiences." The statement, interesting as it is, was only one of many made by Dr. Daniel Phelan, the well-known Kingston alienist and criminologist, in the course of a lecture in the Science Hall of Ottawa University. There was a large attendance, but not any larger than the address deserved. Mr. Phelan, who is surgeon in the Kingston Penitentiary, and one of the most eminent members of his profession in the country, made a decidedly good impression, speaking forcefully and entirely eliminating technicalities.

HUNDREDS OF EMIGRANTS AFFECTED BY THE NEW REGULATION.

Debate on the Veto Bill Continued in the British House of Commons —Canada and the Empire.

London, March 31.—In the Commons veto debate was resumed by F. E. Smith, who delivered a speech characterized by biting humor. He chaffed the members of the Cabinet, and hurled some barbed shafts at the Labor party for having "come to heel" at the Liberal party. He thought the government ill-advised to commit themselves to a policy which would involve two more elections this year.

J. A. Simon replied to Mr. Smith He showed that the Lords had proved wrong on each occasion of great controversy. The Lords would never have confirmed the granting of self-government to the Transvaal if it had been necessary to ask them. Not a single measure of the Conservative Government had been rejected by the Lords in 40 years, while the list of rejected and mutilated Liberal measures continually increased. If the government pushed forward vigorously they would find a coalition and a united determination to address the balance between the two houses.

Hugh Cecil declared that there was no greater hypocrisy than to represent the Commons as a free deliberate assembly. He quoted the case of Harold Cox as an example.

Rumors are revived that Carrington is to be the next governor-general, but they are authoritatively denied as Carrington cannot be spared from the Board of Agriculture. Emigrants for Canada in January and February were 7,205; for Australasia 5,233; for South Africa 3,683.

OUR NEW STORY.

Splendid Serial to Start in The Times.

In a few days The Times will begin the publication of a new and thrilling serial story, entitled "Satan Sanderson," by Hallie Erminie Rives, author of "Hearts Courageous," etc. Watch for the opening chapters.

PREPARE FOR LUMBAGO!

If You Have "Nerviline" Handy One Rubbing Will Cure the Pain.

Thousands Use "Nerviline."

The "strike" of lumbago is like a bolt of lightning—you never know when it is coming or where it is going to strike. Probably the one certain thing about lumbago is the fact that it can be cured by Nerviline—the only liniment that penetrates deeply enough to reach the congested cords and muscles.

LETTER

"Years ago I strained my back and suffered considerably with weakness across the spine," writes Mr. Eulme E. Millet, a well-known farmer, residing near Kingsville. "Then lumbago attacked the weak spot, for days at a time, I would have to lie up in bed bed, unable to move or turn. Liniments, poultices and hot applications failed to bring the desired relief, and I was in despair of ever getting really well again. I at last decided to test "Nerviline." I got five bottles from the drug store and had it rubbed on three times a day. The stiffness and pain left my back quickly, and by continuing Nerviline I was completely cured of Lumbago."

This is similar testimony to that of nearly five thousand Canadians who have written unstinted words of praise to the manufacturers of Nerviline. For the cure of lumbago, sciatica, neuralgia and rheumatism there is no liniment with one-fifth the pain-relieving power of Nerviline!

Refuse any substitute. Large 25c. bottles of Nerviline, or five for $1.00 at all dealers, or the Catarrhozone Co., Kingston, Ont.

THE MORNING TIMES

The only morning daily newspaper published between Toronto and Ottawa, and is largely read throughout Eastern Ontario.

The Times will be sent to subscribers in the district at 25 cents per month, and to outside points at $3 per year, strictly in advance.

Strangers visiting Peterborough are cordially invited to make their headquarters at the office of The Morning and Weekly Times, where they will be furnished with writing materials, if needed.

The Times is a member of the Associated Press, and receives telegraphic news each morning up to four o'clock.

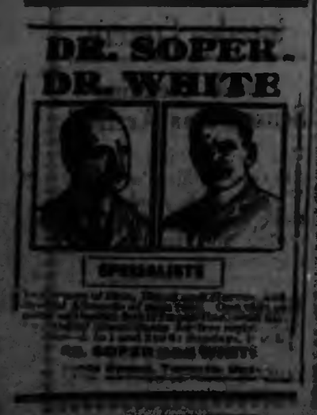
THE NORMAL CHILD.

Some attention has been attracted to the career of William Sidis, who, at the age of eleven, successfully pursues a university course at Harvard. A surprising feature of the case is that his father, Dr. Boris Sidis, does not regard him as an infant prodigy in the accepted sense of the term. His mental growth, we are told, is the result "not of heredity, not of exceptional native talent, but of a special education he has received, an education having as its chief purpose the training of the child to make facile, habitual and profitable use of his hidden energies." Dr. Sidis is an eminent psychologist, who believes that we all have stores of latent physical and mental energy that only require to be aroused. He claims to have experimented successfully with his son, and he declares that any normal child would make as good a showing if he were given the same training. From the outset he stimulated the boy's interest in various lines of thought by resort to the principle of suggestion. From the first the furnishings of the child's room and his very games and amusements were arranged with a view to stimulating the young mind to active thought, and accurate, observant thinking. For mathematics at first the lad evinced a positive distaste, and yet at eleven years of age he lectures the faculty of Harvard upon that subject. Should Dr. Sidis' views ever be adopted widely, eight or ten working years would be added to the forefront of the brain worker's life, and an impetus might be lent to human accomplishment in various fields. On the other hand Dr. Goldwin Smith repeatedly has attributed the prolonged utility of a never-robust constitution to the fact that, as a child, he was sent to a very idle school.



ATTENTION IS THIS PAPER.

Report of the Directors OF THE Bank of British North America

Presented to the Proprietors at their Seventy-Fourth Yearly General Meeting Tuesday, March 1st, 1910.

The ordinary general meeting of the proprietors of the Bank of British North America was held on Tuesday, March 1, at the office of the corporation, No. 5 Gracechurch St., London, E.C., Eng., Mr. E. A. Hoare presiding.

The Secretary (Mr. A. G. Wallis) having read the notice convening the meeting and the report of the auditors.

The Chairman said: I will not wait to read the report, which you have all seen, but I will proceed to refer to some of the principal items in the balance-sheet, comparing them with the figures of December, 1908. The addition of $97,333.33 to the reserve fund I shall refer to later on. Deposits and current accounts show the satisfactory increase of $4,256,-620.26. Notes in circulation show an increase of $488,194.80, bills payable show an increase of $1,161,-232.46. Liability under guarantee.—The two separate items of $200,000 and $300,000 are, as you are aware, in respect of the Ontario Bank and the Sovereign Bank. In anticipation of this meeting, I have made a special inquiry from our general manager respecting the prospects of these liquidations, and in reply he informs me that no loss is anticipated. Cash and specie show an increase of $351,-519.33. The cash held is equivalent to 34.8 of our immediate liabilities to the public. Cash at call and short notice are $2,540,661.33 higher.

As regards investments, you have no doubt observed that we have sold $661,333.33 of our Consols. We are weary, and so, no doubt, are you, of the frequent necessity of making provision from our profits for the depreciation in this security, and, therefore, we decided to make an exchange into Exchequer bonds, which are not so liable to fluctuations in price. We hope to complete the exchange as soon as a favorable opportunity offers. The War Loan probably appears for the last time, as it matures for payment on April 5 next. The Exchequer bonds I have already referred to. The Dominion of Canada bonds are unaltered in amount, but you no doubt observed that in the June balance-sheet we had written them down from 95 to 93, so as to bring them into line with the official quotation. Other investments show a decrease of $97,366.66. Bills receivable show an increase of $3,-230,624.73. Premises account shows an increase of $34,000.66 after placing to the credit of the account from the profits of the half year $73,000. There are still some contracts not yet completed, and upon which further payments will become due, and we therefore felt that it was imperative to make this appropriation, especially as last year the profits did not permit of making any provision for this account. The question of bank premises is one of urgency. We cannot possibly allow it to hinder us from extending the bank's operations and influence, but at the same time we are reluctant to see the account so continually increasing. I may add to this explanation that the building programme already authorized for the current year, and which does not yet include the inevitable claims of the three Central Provinces, already exceeds the moderate sum which we have thus been able to set aside for this purpose.

I refer to the reserve fund here so that it may follow consecutively upon what I have said respecting the premises account. If the claims of the premises account are urgent, the claims of the reserve fund are, perhaps, even more so, for, as our liabilities to the public increase, so is it imperative that our reserve fund should increase also. The profits of the year did not permit of providing for both accounts, but, as you have already seen from the report, we have been able to place $97,333.33 to the reserve fund from another source. It was found that we had in the past provided more than was necessary for certain doubtful accounts, and from the sums thus released we have with the approval of your auditors, made this addition to the reserve fund. It is a great satisfaction to us thus to be able to do something, though not all that we could wish, for both of these hungry accounts, but I must make it quite clear to you that this is a windfall, and must not be expected another time.

The net profits for the year amount to $494,705.22, compared with $417,609.21—an increase of $77,-636.01—a result which we consider satisfactory when we remember that for nine months of the year the rates for interest current both in New York and in London were exceptionally low, as I shall point out more exactly later on. Out of these profits we have already distributed $146,000 as interim dividend, and we now propose to pay a final dividend of a like amount, together with a bonus of 1 per cent., or $46,666.66, making a total distribution for the year of $340,666.66. We carry forward $90,-038.71, compared with $74,202.47—an increase of $25,724.24. I have to ask you once more to sanction the usual appropriations for the benefit of the staff, and this year we hope that you will approve of a bonus of 5 per cent on their salaries. At our meeting last year the chairman expressed our great regret that the profits did not permit of giving this bonus to the staff, and also the hope that we might soon be able to resume it, and it is a great pleasure to us to feel justified this year in making this recommendation. It would be impossible for me to speak too highly of the excellent work which has been done by the staff throughout the year, and it will be a great satisfaction to us if we are able to inform them that this recognition of their work and loyalty to the bank has met with your approval.

The year 1909 opened still under the influence of the crisis of 1907 and 1908, and for some months the conditions of business were not favorable for banking profits. This you will have observed from the report and balance-sheet to June 30th. The profits for the first six months were disappointing, but in the second half of the year the results were more satisfactory, and particularly from September, onwards, when better rates prevailed both in New York and in London. Even after three months of higher rates we find that the average rate at which we employed our call money in New York for the year did not exceed 2.05 per cent., while in London the average rate was below 1% per cent. At the same time money in Canada, throughout the year has been abundant, and strong borrowers have been able to obtain a reduction in interest rates from the banks, so that in every department of our loan business there has been a tendency to diminished profits arising from circumstances over which we have no control.

The abundance of money is illustrated by the fact that the total deposits in all the Canadian banks during 1909 showed the remarkable increase of $189,000,000. This increase is due in great measure to the large amount of capital remitted by the United Kingdom to Canada for Dominion Government loans, Provincial and Municipal loans, railways and industrials. The total, which does not include the last issue by the Canadian Pacific Railway, amounting to $30,000,000.33, because, although the issue was made in 1909, payments did not commence until 1910, is approximately $136,000,000.00. These figures refer to public issues only, but, in addition, large sums have been sent to Canada privately for investment in various ways, but particularly in real estate and mortgages. That so large a sum should have been readily subscribed marks the confidence felt by investors here, not only in the progress of Canada, but in the government and integrity of those who have submitted these varied investments for their approval. It means a great responsibility.

I may now briefly refer to some of the principal industries which are contributing to the present prosperity of the Dominion. The lumber trade, after a period of depression, which lasted well into the year, began to improve, and since August firm prices have prevailed, contracts have been made at prices, ranging from 5 to 10 per cent. higher than those current at the close of 1908, and the outlook is favorable. Dairying exports are diminishing every year. The total value of the export in 1909 shows an important decline from the figure, of five years ago—a decline amounting to not less than $7,000,000—represented almost entirely by the decreased export of butter. This is due not to any decline in the industry, but to the growth in population. The home demand for consumption is overtaking the production. The iron and steel industries have been active, but it must not be forgotten that the revision of the bounties is close at hand. (Here I may mention that since I wrote that it has been announced from Ottawa that it is not the present intention of the Government to renew these bounties).

Agriculture must claim the first place in the list of the Dominion's productive industries. The Department of Agriculture, Ottawa, estimates the value of last year's field crops at $532,000,000, or £100,000,000 sterling, for the whole of Canada. The crops in Ontario were excellent, and that province still leads, with a total production in field crops of $200,-000,000. But it is to the three Central Provinces that the attention of the world has been chiefly directed, for the importance of the crops grown in these provinces is increasing every year. The spring was late, but fine growing weather followed the seeding of spring wheat, oats and barley. The rainfall was ample to the end of June, and, although seeding operations were delayed, the crops were reported to be nearly as well advanced as in any previous year, and the final result showed that the sanguine anticipations of the Western farmer had been fully realized. Early estimates of the total wheat crop were about 115,000,000 bushels, but final reports state that the total reached 123,000,000 bushels, in addition to which there was a crop of 100,000,000 bushels of oats and 30,000,000 bushels of barley, the total value exceeding $160,000,000.-00. Not only was the quantity large but the quality was excellent, and the grade throughout was higher than that of the 1908 crop. Nor was the good fortune of the farmer exhausted by these favorable conditions, but, in addition to a large crop of high grade wheat, he realized for such part of it as he chose to sell a comparatively high price, a price which varied in different districts, but which I gather from the reports of our managers was not below 80c per bushel on the average. This was a good price, but it has not sufficed to tempt the farmer to part with his whole crop, and a considerable amount is still reserved for sale in the spring. The conditions in the fall were favorable for agricultural operations, and consequently the farmer postponed the realization of his wheat in order that he might prepare for next year's crop, and at the same time, no doubt, the expectation of a still higher price appears to be not unreasonable.

Immigration into the Central Provinces, especially from the United States, has been on a large scale, and certainly not less than 75,000 persons—probably more—have crossed the border, with the intention of taking up land in the Central Provinces. They come to their country well equipped with implements, stock general outfit and sufficient capital, and also with that experience which is, perhaps, the most valuable asset of all. In this statement I have confined myself to ascertained facts and figures, but it would be easy to construct a forecast of the future of these Provinces, which would read like a romance. The time at my disposal does not permit of that. I will confine myself to one statement, referring to agriculture only. It is estimated that the acreage under cultivation to-day in Central Canada does not exceed 7 per cent. of the total available area. Assuming this estimate to be even approximately correct, it is impossible for us to realize the vast potentialities of the future. We can, however, realize the duty which this prospect imposes upon us to-day, not only for ourselves, but for those who are to come after us—the duty of constantly pressing forward and extending our sphere of influence. During the year 1909 we opened six branches in the three Central Provinces, and since January 1 we have added four more. Such extensions mean a constant strain on the staff and the premises account, and you must further understand that a new branch is seldom immediately profitable. Nevertheless we feel such confidence in the future that we respond to the recommendations of our superintendent wherever possible, although the difficulty of supplying an efficient staff is immense.

Railway construction is proceeding rapidly, and during 1909 the roads added 10 per cent. to their total mileage. 30,000 miles of road are now in operation in Canada, about 1,000 miles more than the entire railway system of Great Britain and Ireland.

It is, perhaps, owing to the absorbing interest in agriculture that the progress of the mining industry is little noticed here, but I may draw your attention to the fact that the mineral production of Canada since the year 1886, when complete reports were first prepared, has shown a remarkable increase. In a paper recently published in the "Engineering and Mining Journal," of New York, a review is given of the progress of this industry, from which I take the following figures: In 1886 the total mineral production was $10,000,000, and in 1908 $87,000,-000, and the tabular statement shows that the increase has been steady and continuous. The total figures for 1909 are not yet available, but we know that the minerals of British Columbia yielded $24,040,000, about the same as in 1908, and that the Dawson camp gave $8,053,926 of gold, approximately $500,000 more than last year, but still far below the output of the years preceding which I have mentioned before, with regard to the reserve. You have some of it in the National War Loan due to be paid off in a few weeks, and it stands at 90. I think the date is April 1st. With these observations I wish to congratulate you on the success of the past year's management. I thank the directors for the care they have taken in our affairs, and for giving us such a satisfactory dividend. I will not say a large dividend, because we have had a larger one before. I have been a shareholder now for 45 years.

Mr. Clark—I want to support what my friend said as to the report. I happen to be the only Canadian proprietor present, and I should like to say that the report is an exceedingly able and accurate one. Anyone in Ottawa or Toronto could not obtain a more accurate estimate of conditions in Canada than has been given by the chairman, and it seems to me it would be a great pity if the information given was not published in a form so that every proprietor would have the full advantage of this information, which must have taken a great deal of trouble and pains to collect. With regard to the charter, I understood Mr. Powell to refer to the Canadian act, which is before the Canadian Parliament, and as to which there will be no conditions hampering any of the banks; but I am told he referred to the company's charter, which is a royal charter here, though still subject to Canadian law. With reference to Mr. Powell's inquiry as to the methods of agriculture, I may say that the Government of Canada have taken most elaborate pains with regard to it. They have experimental farms in the Northwest, and most accurate scientific information is being furnished to farmers. You may rely upon it that the farmers there, who are about as intelligent as any in the world, are not going to kill the goose that lays the golden egg.
